NEW DEAL GIVES HALL HIGH CENSUS OFFICE

Second Woman Honored With NAACP Annual Prize

SPECIALIST IN NEGRO STATISTICS

Washington, D. C.—Charles E. Hall, clerk in the census office since 1890, has been promoted to the position of "Specialist in Negro Statistics." Mr. Hall was born in Batavia, Ill., and was educated in the public schools and Wellesley university. He has usually rated as a Republican in politics, but in the last election voted for the Democratic senators and for Roosevelt and Garner on the national ticket. Mr. Hall is an enthusiastic supporter of Roosevelt and "The New Deal."

"Specialist in Negro Statistics" is a new position which Mr. Hall has created by efficient and long effort in this field. He has had various experiences as assistant secretary of the Illinois League Republican club, managing editor of the Illinois Record of Springfield, Ill., before he was appointed through civil service to a clerkship in the census office in 1890, using the forty-five years of his clerkship he has maintained a high record of efficiency and has often been assigned to special tasks in connection with Negro statistics. He compiled the statistics and wrote the bulletin on the clay products of the United States in 1906. This was the first report on a commercial subject ever compiled by a Negro and published by the federal government.

He arranged the tables for Bulletin 129, "Negroes in the United States 1790-1915." He has often been assigned to special tasks in various parts of the country in connection with Negro statistics and until his recent promotion served as a section chief. Mr. Hall has been compiling data for a new volume, the title of which is "Negroes in the United States 1920-1932." This volume is now in the printing office and will shortly be available for distribution. It covers twenty chapters and is supplementary to the volume on the same subject which covered the field from 1790 to 1915. These two volumes cover a period of one hundred and forty-four years and contain all the most important statistical data related to the Negro race since the first census was taken in 1790. Taken together these two volumes contain a storehouse of information which for comprehensiveness, thoroughness and reliability cannot be duplicated anywhere in the world.

In recognition of his long sustained efficient service Mr. Hall was recently promoted to the rank of "Specialist in Negro Statistics." This new position which Mr. Hall has created will be a permanent part of the census office and in all probability will be filled by colored men of special training, experience and fitness in this important branch of inquiry.

Joe Louis-Carnera Fight in Spotlight

COTTON CLUB OPENS DOORS TO COLORED

New York City, June 7—(Special)—With the coming of the Joe Louis-Primo Carnera fight at the Yankee Stadium slated for June 25, the nite club impresarios are planning to entertain the out of towners in a gala fashion. The Cotton Club, "the Aristocrat of Harlem," who heretofore have more or less catered to the Nordics, has finally extended an open invitation to the Sepjans.

Joe Louis started training at Pompton Lake, N. J., on May 30, and the sparring partners, news photographers, sport scribes and whatnots are getting all set for the rushing activity which is sure to take place on Dr. Joseph Bier's thirteen acre estate in New Jersey. Joe Louis and his troupe, including three managers, four bodyguards and two press agents, will have exclusive use of

Twenty-three Negro Students Graduate From Two Des Moines High Schools

DOROTHY WHEELS OF EAST AND EDITH WOODWARD OF NORTH SELECTED TO NATIONAL HONOR SOCIETY

The Bystander Staff Congratulates the Members of the June Graduating Class of 1935

By Everett Wadsworth Staff Writer

Nine hundred and fifty-one seniors graduated from the four Des Moines high schools at the commencement exercises held this week. Twenty-three colored students, the largest in history, closed their scholastic careers. East, with 302, had eleven, and North, with 280, had twelve. Roosevelt and Lincoln had no Negro graduates.

This group participated in the various curricular activities and were awarded with honors in the field of music, athletics, journalism, dramatics, club work and other lines of school service. A prominent athlete who starred in two sports, two national honor society members and several popular members of the music division were included among the Negro graduates this year.

HERNDON TO BE AIDED

BY SOCIALISTS

New York, June 7—Norman Thomas, member of the National Executive Committee of the Socialist party, and most widely known Socialist in the United States, this week stated: "I am ready to move heaven and earth to save Angelo Herndon from the fate of the Georgia chain gang." Thomas made this declaration after an interview with the young Communist recently. On May 20 the United States supreme court refused to reverse a sentence of eighteen to twenty years imposed by Atlanta, Ga., courts on Herndon.

The latter is now awaiting the outcome of the petition for rehearing which the attorneys for the international Labor Defense will file with the U. S. supreme court.

Boyd Baptists Meet in Houston

THIRTIETH ANNUAL MEETING

DRAWNS HUGE CROWDS

Houston, Texas, June 7—From Maine to California and from the Great Lakes to the gulf they are here—six thousand men, women and children—to attend the thirtieth annual session of the National Baptist Sunday School convention, founded by the late R. H. Boyd, and is being continued through the active efforts of hisson, Dr. Henry Allen Boyd.

Twenty-six states were represented at the opening session Wednesday morning in municipal auditorium and by Sunday at least 2,000 more are expected here for the mammoth street parade which will climax this five day confab.

Meeting simultaneously with the Congress are the following groups: The national executive board of the National Baptist Convention of America, Rev. G. L. Prince, D. D., presiding; Rev. C. P. Madison, D. D., secretary; the Woman's Auxiliary Convention Board, Mrs. M. A. B. Ful-

Spencer Elliston Goes On National Advertising Tour

To Visit Leading Agencies Throughout the Country

Spencer Elliston, advertising manager of the Iowa Bystander, left Friday for an extensive tour of eastern cities for a nationwide survey of leading advertising agencies. He will be gone about a month. His itinerary will include Chicago, Toledo, Cleveland, Buffalo, Toronto and Montreal, Canada.

Mr. Elliston will attend the International Social Service conference, which meets June 9 at Montreal. He is the Des Moines representative for the U. S. Department of Labor, War Veterans employment bureau, FERA, Polk County Red Cross chapter, and en route will make a study of recreational facilities and child delinquency in Y. M. C. A. work. His

headquarters of the American Legion in Indianapolis.

Returning from the Montreal conference, Mr. Elliston will inspect and interview officials of national advertising companies in the interest of the Iowa Negro press. During his stay in the New England states he will make contacts with key men in the field of journalistic display. Boston, New York, Philadelphia, Baltimore and Washington and other leading cities in the east are included in the extensive survey.

The offices of W. B. Ziff company, Bystander's national advertising representative, are located at 608 S. Dearborn street, Chicago; 210 Walter Bldg., Atlanta, Ga.; 551 Fifth avenue, New York, N. Y.

Negro Star Elected Ohio Track Captain

COLUMBUS, OHIO.—Jesse Owens, All-American track sensation, was unanimously elected captain of the Buckeye track squad of 1936 here Thursday. This is the first time a Negro athlete has been elected head of a major sport in Ohio State.

OWENS TO QUIT HURDLES

Columbus, Ohio, June 7—The feeling that track fans have had all along that Jesse Owens should concentrate on two events and see how fast he can run and how far he can jump has reached the little athlete himself.

Jesse says he is planning to withdraw, temporarily at least, from running the low hurdles, one of the three events in which he shattered world records Saturday at Ann Arbor, Mich.

Before leaving his home in Cleveland to return to classes at Ohio State university, the 21 year old track star outlined some of his future plans. He said:

"I don't think I am going to run the low hurdles any more this year. Four events make it a pretty hard day and, besides, I would like to concentrate, now on breaking the 100 yard record."

Owens, who faces a hard schedule in the next month, said he intended to do little practicing for the next two weeks except in the 100 yard dash. He is anxious to break the world record in the 100 yard event before the end of the season.

Prep Stars Win '35 Monograms

NEGRO ATHLETES AWARDED LETTERS

At the final assemblies this week at East and North high schools, letters for basketball, track, baseball, tennis, golf and swimming were awarded. Fifa colored boys received monograms for track and one for golf.

At North, Archie Lucas, track captain and football star; Osborn Lewis, quarter miler, and Jack Howard, golf team captain were rewarded for service. Stanley Beverly, quarter miler; Herman Wadsworth, high jumper, and Alfred Thomas, dashman, were honored from East High.

Lucas. Sympathy and sorrow was expressed concerning Mrs. Benj. H. Lucas, who was absent due to injuries sustained in an accident two weeks ago.

Negro G.O.P. Will Attend Convention

Praised For Work Among Youth of Race in Heart of Southland

New York, June 7—Mrs. Mary McLeod-Bethune will be awarded the twenty-first Spingarn medal at the twenty-sixth annual conference of the N. A. A. C. P. at St. Louis on June 28, it was announced here this week by Oswald Garrison Villard, chairman of the Spingarn Medal Award committee of the above organization. Founder and president of Bethune-Cookman college at Daytona Beach, Fla., Mrs. Bethune is the second woman to win the coveted award since it was instituted in 1914, the late Mrs. Mary B. Talbert, former president of the National Association of Colored Women, winning the medal in 1922.

Purpose

The purpose of the award is twofold: First, to call the attention of the American people to the existence of distinguished merit and achievement among Negro Americans, and secondly, to serve as a reward for such achievement and as a stimulus to the ambition of our youth.

Bethune-Cookman

In its selection of Mrs. Bethune as twenty-first winner of the Spingarn award, the committee stated: "In the face of almost insuperable difficulties she has, almost single-handedly, established and built up Bethune-Cookman college, which is recognized by the Association of Colleges and Secondary School of the Southern States as a standard junior college."

"In doing this she has not simply created another educational institution. Both the institution and Mrs. Bethune's influence have been nationwide. That influence has always been on a high plane, directed by a superb courage. Mrs. Bethune has always spoken out against injustice in the south as well as in the north, without compromise or fear."

Brilliant Career

Mrs. Bethune was born of slave parents in a humble cabin on a rice farm near Mayesville, S. C. Graduated from Scotia Seminary, she won a scholarship which enabled her to attend Moody Bible Institute in Chicago. Returning south, she became a teacher at Haines Institute in Augusta, Ga. She started her school at Daytona in 1904 with \$1.00.

Among her other achievements she has served as president of the National Association of Colored Women's Clubs, twice; president of the National Association of Teachers in Colored Schools and many other great organizations, and in September, 1930, she was named as one of a group of fifty women regarded by Miss Ida M. Tarbell, distinguished writer, as having done the most for the welfare of the United States.

NEW YORK'S GIFT TO US ALL
It have to happen some day, and behold! there in bold type was the news that a little Negro boy was chosen out of thousands of contestants as being the most healthy child in New York City. Quite a moral for the editors and others to chew on for a while. The story runs like this: The Chicago Daily Times of May 19, prints an article directly below the pictures of the

adjusted two healthy children in New York. On the left is little Frank Dixon, 15, Negro, and Frances Bologna, 13, white. The Child Aid Society sponsored the city-wide contest. Now that's that. Just relax and think it over: send for that Sunday edition and read it. It's just another one of those things that is good for what ails us. Frank is such a roguish looking chap.

I distinctly remember that Booker T. once said—"The Negro in America is the only dark race who has looked the white man in the face and survived." The ontologist and anthropologist have some interesting views on this subject. But let them quibble in scientific terms; we want just plain facts. Study the face of this little dark American. Happy-smiling eyes, rosyish of course, but the windows of the soul peering out happily—joyous to be alive. Sensitive to the lasting beauty in nature and "things"—a true son of the earth from whence all had sprung. That's what I saw in the eyes of that child—and more.

But that was not all. In the remote depths of this little Negro's eyes there is inscribed on the tablet of memory, the history of a race's physical fitness. Turn to the history of Egypt, see the sturdy Ethiopian laboring amid the mighty blocks of solid granite that went into the building of Cheop's great pyramids of Giseh. Black artisans, trained in the higher arts of masonry and geometrical calculations, piling high

Pythagoras, in all wisdom did say: "A healthy body is a good place for the soul to reside." We inherited both. Yes! even in face of medical statistics compiled to state that tuberculosis has taken heavy toll among us—the savages. Why? Did living amid the smoky railroad tracks and congested "Negro districts" do this? Perhaps so, but who takes the blame for that?

Before the coming of "child welfare stations" in Negro districts, the scourge of malnutrition and rickets among Negro children was widely spread. This was not confined to our group alone, but that is another story. This reminds us of what terrible conditions existed in Baltimore and East St. Louis regarding living away back some year ago. It was found that such things as germs could be spread throughout an entire city. Negro washwomen sometimes acting as the carriers—folks got busy and cleaned things up.

So, despite the stumbling blocks of racial misunderstanding, the progress of greater hygiene among humans goes on. You can't erase the history a race has made in its tussle with mother nature. Just give it a chance, moisten it with a little kindness and its indelible record will stand out before you. By the way, take a trip down to the Y.M.C.A. and look 'em over for yourself. Rev. Avant Flays Five O'Clock Talk

Rev. Carter in Missive

BIRMINGHAM, Ala.—I have watched your paper closely for the past month with regret. I have read some very unpleasant articles appearing therein; and yet some very good ones.

I took note of the article by the trustees of the Thomas Chapel A. M. E. Zion church who are grieved at losing their temple after a long struggle. Then I took note of the Rev. B. J. Carter, who bought the church out from under them, and the attack he made upon my bishop. On turning to the next page I found that Dr. [unclear] was present and knew of the whole matter, and knuckled all Rev. Carter said to the skies down to the bottom of the sea.

I regret to read such an article coming from my brother in the ministry. If we are undermen, mud-slingers and use unchristian language, what can we hope from the members who we lead and to whom we preach?

The world is looking to us for pure, straight, honest and honest leadership. If we fail in this, they will soon leave us alone. Bishop Shaw is my leader. Therefore I have respect for him. Slung your mud in another direction. We have disgraced ourselves in one church. We should not try to disgrace ourselves by playing to the gallery. If a man smites one bishop, he will smite this edifice of stone that will last through all eternity. Wisdom and brawn was theirs in that distant day. Then read on, and know who did survive under the scorching rays of a southern sun to build what is now the south.

So, despite the stumbling blocks of racial misunderstanding, the progress of greater hygiene among humans goes on. You can't erase the history a race has made in its tussle with mother nature. Just give it a chance, moisten it with a little kindness and its indelible record will stand out before you. By the way, take a trip down to the Y.M.C.A. and look 'em over for yourself. of his fellowman also, and not circumcision. . . . When the Emancipation Proclamation was signed, the slaves were set free. Some of them still remained under the shadow of bondage for the sake of protection. Going out into a new world to them with no support at all, they did not feel at liberty to leave. And perhaps in servitude for two hundred and fifty years, felt they could not live unless they were in the clutches of slavery. Little by little they ventured farther and farther away until they found that they really were free.

LEADERS OF TOMORROW.....

BUILD FOR THE FUTURE INVEST NOW FOR THE "OLD MAN"

The easiest, surest route to a comfortable old age is open to you now. You owe it to yourself to decide immediately on the method by which you will attain it. Each year you delay it becomes more difficult to attain.

The safe and easy way to guaranteed security in your future is by investing now in Life Insurance. It constitutes an Installment Plan of Investment. You invest small sums now for the delivery of a large sum later.

Let us assume you are going to adopt one of two methods of saving money, either by making deposits in a Bank, or by investing in Life Insurance. The bank takes your savings and pays you interest. The Insurance Company takes your interest (1% to 3%) and turns it into capital which is available to you when you need it most.

In the event of your death, the bank pays only what you have saved—Life Insurance pays what you meant to have saved—Your first premium payment guarantees the whole amount for which you contract.

Adopt this plan of Self-Pensioning now. If death intervenes, you have provided an Estate for your family. If you live, and you have every reason to expect to live, the Insurance Investment you make now will provide ease and comfort for the "Old Man" you will be some day.

It's easy. You simply pay installments on money for future delivery. Let one of our Counsellors explain the ideal by which you will realize your objective. It costs you nothing to investigate.

CARDS OF THANKS

We thank the friends for the kindness during the illness and at the death of our loved one, Mrs. Grace A. Thompkins, beautiful flowers, also the Springfield, Mo., friends for their kindness shown by the beautiful flowers, donation of cars, Rev. Talbert, Rev. Astance Simmons, Rev. Douglas of Springfield, Mo., for their consoling remarks, and L. Fowler and Son and the mortician for their efficient services. Mr. Thomas Thompkins, husband; Mrs. Nanna Herndon, sister of Des Moines, Iowa; Alpha and Irene Adams, sisters; Mr. and Mrs. William Adams, of Springfield, Mo., parents.

We wish to thank the friends for the beautiful flowers and the donation of cars, and L. Fowler and Son and the mortician of New London, Mo., for their efficient service. Henry Berkley, husband; Cephus Berkley, son; Mrs. Charles Lewis, sister.

We thank the friends for the kindness during the death of our brother, John W. Derrick. We wish to thank them for their floral display and cars, also Rev. A. Rose Brent and Rev. J. W. Lull for their inspiring remarks and L. Fowler and Son for their efficient service. Mr. and Mrs. Harold Higgins, sister and brother; Miss Lavonne Derrick, sister.

Someone ought to tell the boys on the Pacific Coast that it isn't customary for white boys to win sprint races in which Negroes are entered. George Anderson of Southern California, ran our Ben Johnson of Columbia, so hard in the 100 yard dash of the I. C. 4-A meet that Johnson pulled a tendon and had to quit a few yards from victory. Orvil Fleming of Pittsburgh, got fifth, James LaValle of the University of California at Los Angeles, after missing a year won the quarter mile title for the second time in three years and the boys were right after him.

Here at home, however, Wilson Briggs of Iowa won the 220 and placed fourth in the century in our state college meet. He also ran on the winning mile relay team along with Eugene Skinner.

This is a great year for pulled muscles and tendons. The unusually cold damp spring and the terrific strain of fierce competition makes it hard on legs. This is no year for comebacks such as our old school friend Morgan Taylor made in 1932. He was 30, father of two children and had been out of competition four years, yet he placed third in the hardest of all races, The Olympic 400 meter hurdles. How many of our local athletes at 30 can hold their own even in their own neighborhood?

The new organization Capitol City Monarchs are leading the city open league with their games won and none lost. The boys play on Tuesday and Thursday of each week and really should have the support of local fans, as we understand it, most of the games at the Fair grounds.

The Y softball teams are ready and waiting for old J. Pluvius to cease his activities long enough for the ground to dry so they can make the fur fly.

The parks department is making along needed improvement at Goods Park. They are putting in three or four tennis courts to replace the old dirt covered creations formerly called courts. If they prove alright, we may not have to hold our annual tournament in back alleys and side streets, but can have it where we can have a gallery open more. We used to have some nice crowds at our matches but the courts at the park and West High became unsuitable for tournament play. Maybe people can get a chance to really see who is who in this tennis business of ours. We hope so.

Mrs. Harriet Wilson and daughters, DeLores and Joan, are visiting relatives in Galesburg, Ill. Funeral services for the late Charles Davis, whose death occurred in Detroit at the home of his niece, Mrs. Laura Rice, were held Wednesday from Cunningham's funeral home, with the Rev. R. E. Burns officiating. Mrs. Laura Rice accompanied the body here. James Dawson of Belfast and Emmett Ravson of Croton were callers here Saturday. Vernon Bailey, who has been quite ill, is much improved. Mrs. Louise Dayde of Fort Madison is spending the week-end with Mrs. Ida Holder and family. Mr. and Mrs. L. Brooks and family of Fort Madison spent the week-end at the home of Mrs. Betty Wilberson. Miss Consuela Bland, who took first place in the elimination contest held at Bethel church Sunday, will represent the Sunday school at the district convention next month. Mrs. Charlotte Owens and James Dixon tied for second place in the contest.

CEDAR RAPIDS, IOWA
The stewardesses of Bethel A. M. E. church met at the home of the president, Mrs. Birdie Perkins. Rev. W. H. Ogleton, presiding elder of the St. Paul district, preached. The trustees and stewards met and planned a weight rally, which is to be held June 28. The Men's 50-50 club and the Prosperity club held a joint meeting and planned a barbecue to be held July 4 in Riverside park. The prayer meeting attendance showed an increase Wednesday. Andy Gray received a telegram stating that Mrs. Lucas had both legs and an arm broken. The Reverend was unhurt in an automobile accident. Rev. Lucas is the former pastor of Bethel A. M. E. church. The second annual spring club at Union ballroom was a success.

Painted Desert an Area of Plateaus and Mesas
The painted desert is an area of plateaus and low mesas in north central Arizona. It extends from the top of the Marble canyon of the Colorado river southward along the east side of the valley of the Little Colorado for about 100 miles, varying in width from 15 to 20 miles. At the south, it ends near the Santa Fe railway, which crosses it between Holbrook and Winslow. The desert lies at an altitude of about 5,000 feet and has an exceedingly arid climate. In consequence, vegetation is so scant that areas of rocks are bare or very nearly so. These rocks, mostly Triassic shales and sandstones, exhibit a great variety of colors, including red, pink, purple, chocolate, lavender, pale green and gray, whence the name "painted."
Situating on the margin of this desert, about 60 miles north of Winslow, are the seven villages of the Hopi Indians, the best known of which are Walpi and Oraibi. The pueblos are picturesquely built on cliffs which project from a high plateau of sandstone.

Gave New Zealand Name
Just about the time when Vikings may have been exploring Labrador, Nova Scotia and the coast of Maine, there lived in Ra'lates, an island of what is now the Friendly Group, a Polynesian navigator called Kupe. He was known for his intrepidity in a community where the virtue was common. Kupe paid a visit to Rarotonga, 500 miles from his home, and there decided to see what lay to the south. There are no details of that voyage of discovery. All that is known is that on a November morning Kupe's wife saw the clouds over the land to the north of Auckland, and from that came the Maori name for New Zealand—Aotearoa (the long, white cloud).

Air Cells Make Soap Float
Any soap can be made to float by manufacturing it by a process that presses air ducts into the bar. These ducts also speed up curing, permitting the soap to dry out from the outside. So small are the ducts that they retain air, preventing water from entering. This results in floating. The old method was to beat air into the soap before it was shaped into bars. This made the soap porous, since it was filled with minute air cells.—Popular Mechanics Magazine.

Kept French Revolution Alive
The French revolution so affected France that for years its memory was kept alive in many tangible ways. Women's dresses were trimmed with miniature chains, pinioning braces and leg irons. They shingled their hair as the executioners had cut the hair of their women victims so it would not impede the blade. And even the children had little puffed-out collars which they beheaded the toy figures of aristocrats.—Collier's Weekly.

Grant's Tomb
The corner stone of Grant's tomb on Riverside drive in New York, was laid by President Harrison on April 27, 1892. The seventieth anniversary of Grant's birth. It was dedicated on the seventy-fifth anniversary. The cost was about \$600,000, which was subscribed by 90,000 persons—none of it being paid by either the government or the city.

Hides Furnace, Saves Space
It is a simple matter to segregate the coal furnace in such a way that, while it still functions as capably as ever, it is hidden from sight, and the remaining part of the basement is ready to be cleaned and painted for recreation purposes. A room can be built around it. In this way it will keep its dust to itself.

Tuskegee Institute, Ala., May 23.—Shortly after daybreak today the largest crowd that has assembled at the institute since the fiftieth anniversary started pouring into the campus to attend the fifty-fourth commencement exercises of Tuskegee Institute and the last at which the degrees and diplomas would be awarded by Dr. Robert R. Moton, retiring president. The influx of visitors, graduates and friends of the school began arriving as early as Sunday morning at the baccalaureate address, which was delivered by Dr. Lavens H. Thomas II, professor of religious education at Emory university, Atlanta, Ga., and by Thursday the campus had taken on a real festive appearance.
In the academic procession for the afternoon exercises, which began at 2 o'clock, were President Robert R. Moton, the Reverend Richard H. Bowling, speaker of the day; Dr. F. D. Patterson, president-elect; Dr. Nathaniel O. Calloway, alumni speaker, representing the class of 1925, celebrating its tenth anniversary reunion, four members of the class of 1885, who returned for their fiftieth anniversary reunion, members of the faculty, visiting alumni and friends.

Bachelor of science degrees were awarded by Dr. Moton to ninety candidates representing school of education, home economics, agriculture, mechanic arts and business. College trade certificates were awarded to three candidates; diplomas in nurse training to six; high school diplomas to forty-seven and trade certificates to eleven.
Dr. Moton, after expressing his deep love for Tuskegee Institute, its high ideals, its students; its faculty and its friends, assured all that although he was giving up active duties, Tuskegee would continue to have not only his interest, but his presence, as well as his loyal and faithful support. He then said that although the inauguration of Dr. Patterson would not take place until the coming October, he felt that Tuskegee's new president should be presented at this time.

4,716 FANS SAW BLACK CRACKERS SUNDAY DEBUT

Fans Respond Nobly To Gestures Of Civic Pride In Cracker Club

By RIC ROBERTS

ATLANTA, Ga.—PONCE DE LEON PARK—It's stuff like this that causes revolution. Here were the Birmingham Black Barons near the top of the Southern League; sitting lordly above our Black Crackers with three wins and only two losses for the season. There were our Black Crackers striving to make a hit with 3,500 colored fans and 1,000 white fans.... there were our Crackers trying to get back into the race before the biggest crowd of 1935. But did Birmingham's Barons show our struggling boys any charity, any mercy? They did like hell. In the first game of a doubleheader, the Alabama visitors administered the most ridiculous flogging they have handed any team this year. The second game was stopped after three and one-half innings with Atlanta leading, 5 to 1....but the game that counted was the one Birmingham took, 5 to 4.

Big Pitcher "Rider" Brown hurled a masterpiece. He personally fanned thirteen Barons and gave only five hits but his other eight buddies could not get the other fourteen men out without making five awful errors, and here, kind mates, lies the story of the ball game. Smith, Atlanta first sacker, was both hero and clown but toward the last his weakness afield made the clown portion more and more distasteful to the more than 4,000 paying guests. With Brown pitching his head off....it was a shame to count those three unearned runs which gave Birmingham the ball game.

Green, c

Thompson, 2b

The first Birmingham run was earned but the second run came when Smith fielded the foul ball and Howard pitched on third base Smith made the catch alright but the pitcher failed to cover the home plate and when Green rushed back and muffed Smith's underhanded heave, Howard had slid safely in.

Two More Unearned... Humphrey walked in the first Atlanta inning and Green slashed a terrific drive atop the left field stands for a home run and two were across for the home 1935. The score remained at a 2-2 deadlock until Atlanta scored in the fourth to take a 3-2 lead. Birmingham came back and scored 2 runs to take the lead in the fifth when first baseman Smith dropped Glenn's throw with two down and threw low to Green at home to let Ellis count. Smith atoned for this error immediately. The first hitter in the Atlanta fifth, he slugged one of Posey's hooks into the left field grandstand for a home run and the fans went wild. From that point onward Posey put the handcuffs on the locals and shut them out. He was given sparkling support by his mates.

The winning run was registered in the seventh when Smith could not field Robinson's throw and the runner circled the sacks. Smith and Evans could retrieve the ball. Thus Birmingham was presented the victory despite the sensational pitching of Brown who hurled well enough to win two games.

Second Baseman Thompson was the batting star for the day and bagged three hits in four times up. Bennett rapped out two hits in three times up and Green was good for 2 hits in 3 tries the rest of the Atlanta mates found it beyond them to connect. Smith homer being the solitary hit. Birmingham has now beaten the locals four games in six played. The Atlanta six o'clock law for Sunday ball halted the last contest.

BIRMINGHAM, Ala.—

Well, we are asking all managers and league officials of the city industrial leagues to get all their results of games played weekly and official standings into the writer of this column. Remember the deadline for Tuesday's issue is 6 p. m. Saturday. For Friday's issue, 6 p. m. Wednesday. We hope that baseball teams will cooperate with the writer of this column so that we can give readers of The World one of the best sport pages in the South. Your supporters want to know what you are doing so don't let them down.

Well now that all the schools are out you can walk down the avenue any day and see many old has-beens from all the colleges of the Southland, and the boys are anxious to tell us what the old alma mammy is going to do in the way of putting out the best football team in the schools' history. The soda counter philosophers and seers are busy making predictions that many will eat up ere Dec. rolls around.

A LEFT-HANDED MOMENT IN MC LARNIN-ROSS MELEE

Barney Ross (left) and Jimmy McLarnin in a lively exchange of long lefts in mid-round during their 15-round bout in the Polo Grounds, N. Y. It was their third meeting, and Barney won it via the decision route, and also the welterweight title that Jimmy had won from Barney in their last previous meeting.

AS ROSS WON WELTER TITLE

Barney Ross bid successfully for the welterweight title when he defeated Jimmy Mc Larnin (left) in a 15-round battle at the Polo Grounds, N. Y. The picture records a bad moment in the fight for Jimmy. He rushed in with both hands swinging, but was pulled up short with a solid smash to the body, and went into a crouching crouch, as shown. Jimmy and Barney now has it for the second time.

Red Sox Split With Cincy In Two Games

Our Red Sox split two games with the Cincinnati club Tuesday and Wednesday in the city of Cincy, taking the first 4 to 3, and dropping the second by the same count after Bill Howard tied the mound 10 innings. The two teams were slated to meet a night tilt Thursday night. Ligon, lanky left-hander, reaped ed credit for the initial victory, and Eppy Hampton handled his hot throws. Howard turned in a brilliant hurling battle in the second melee even though the Sox were nose out of a second win. Smith received for Howard.

Harry Taylor To Assist Baker!

ATLANTA, Ga.—By "MELANCHOLY" JONES
Never before in the history of baseball in Atlanta have members of the white organization done so much concrete work in an effort to help boost Negro baseball than this season. Messrs Earl Mann vice president of the Atlanta Baseball Corporation, and Harry Taylor, injured first base wizard of the club, are typical examples.

Saturday afternoon, at the invitation of Earl Mann, the entire squad of the Atlanta Black Crackers journeyed out to the game between the Chattanooga Lookouts and the regular Atlanta Crackers and saw the locals win, 4-1. During the game yesterday afternoon, Harry Taylor and W. B. Baker, business manager of the Atlanta Black Crackers, talked at length and Mr. Taylor, due to be out of the lineup for at least five more weeks, expressed willingness to help Mr. Baker in trying to put the Black Crackers back on their competitive feet. He has consented to travel with the club from now until July, giving helpful suggestions as to various ways in which the club might be given a more presentable style at bat and afield.

Popular already with the colored fans—civillized such old Cracker favorites as Joe Guyon, Ben Paschal, and Frankie Zoeller in genuine favor with the bleachers—Harry Taylor should find himself overnight the real idol of the colored patrons as a result of his broadness and willing spirit. Harry Taylor will be with the Black Crackers throughout today's game with the Black Barons at Ponce de Leon Park. Let's give the big coach a grand hand of appreciation this afternoon.

Mussolini May Apply Heat To Colored Folk

By WILLIAM PICKENS (For ANP)

Too bad! Now Mussolini has a new insult to avenge: the eight champion boxers which he sent from Italy to the United States, were licked this week by the eight "Golden Gloves" champions of America, five to three, and four of the five Americans who licked the five Italians, are black Americans! Ye gods! Will Italian troops be shipped to Harlem and Detroit, the communities from which these little black devils have come? More than forty years ago, when Mussolini was a little boy, the generals of old Menelik of Abyssinia tricked and destroyed an invading Italian army. Right now Mussolini is busy trying to wipe out that old "disgrace," when on top of all that comes this new attack from Harlem and Detroit. Four of the American fighters were black boys, who had won four of the American championships in the Golden Gloves contests in March, and it is a bit impressive, per haps even to Mussolini, that of the five victories scored against his eight Italian boys, four should be scored by the blacks.

Next day after this italo-American battle in Chicago we read in the news that Mussolini had decided to submit the Italo-Abyssinian dispute to arbitration. We wonder whether this means that cables about these black fists in Chicago had impressed him with more respect for black Ethiopia, or whether he is drawing in his fangs from Africa and getting ready to attack Harlem.

It was interesting to hear the radio announcers praising the fine physique of the Italian, before the fight. One of the Fascist boys was described as a fair young Hercules, with his mighty limbs and muscles. You would have thought that the black boy whom the radio announcer said was to do battle with this Son of Caesar, was going to fall quicker than Rome fell after Julius crossed the Rubicon. What was the result, The American Negro boy and the Roman circled each other a bit, taking in each other's measure, passed a few sam-

CLOSES YEAR

COACH A. W. ELLIS

—Who has just closed an unusually active sports year at Morehouse College where, this year, he served as Athletic Director, head track coach, freshman coach, and assistant coach of football. Coach Ellis also directed all Physical Education classes, having taken his bachelor's degree from Morehouse in '28 and, two years later, gained his Master of Arts degree in Physical Education. "Art" is a native of Birmingham, Ala. The ambitious young man was a star football player at Morehouse in '25, '26, '27, and '28, receiving All Southern honors in 1925.

Tubby Johnson Sees Big Season for Fisk

NASHVILLE, Tenn.—The team of the last season most likely composed of Freshmen and Sophomores is expected to be a much better team in the year 1935. The last of five seniors will leave a hole in the line-up. These men are varsity men.

Captain Beasley, who has played football in the city of Nashville for a number of years will graduate. He was captain at Pearl High 3 years, going to Tennessee State was elected captain one year and re-elected for the second. He changed schools and came to Fisk where he was also elected captain. Nashville will miss the colorful captain Beasley in the Dell.

All-American Ernest Alexander, a tackle, will also be missing from the lineup. If there ever was a true athlete worthy of All-American honor, here is your example. The versatile young man, an all round athlete "Nails" Ransom, a good football player, a very good basketball player, will march on June 12 in full regalia. Ransom was a good sport and received honorable mention as All-American half back. Fisk will miss Ransom. Jim Swanson, the pride of Kentucky, and a very studious person, will also graduate. Lawson was also an all round athlete. Bob Glasse, "Big Chief" Sweet in the eyes" will be missing from the end berth. For two years Bob has been a varsity man and I am sure

ple blows, the black boy looked satisfied, hove his white teeth in a Jack Johnson grin, swung his black fist at the lovely Fascist chin, and out went the Son of Caesar, in the very first round through the ropes. That particular fight was over almost before it had started. But hold your legions yet a little while, Mussolini: there is to be another Negro-Italian battle in June. Joe Louis, known as "The Black Bomber of Detroit," is going to fight your heaviest heavy, Primo Carnera, in New York in June. We wonder what diplomatic complications that will bring on. For Louis is terrible, 21 years old, with the reaction time of an explosive, hard as iron, and with the kick of an Alabama mule in his right arm. Joe Louis is just an ordinary black boy from the south, who found opportunities in the north, which he would have been denied in Alabama. The way they would prove that he could not out-box them in Alabama would be by not letting him try. It would be proof enough (to morons) that he could not lick a nordic if they never let him fight one. Well, this June battle will net some good for us either way. If Carnera should win, it may save Harlem from attack by an expeditionary force from Rome.

And cannot you hear that radio announcer outlining the fine points of Carnera when he enters that ring against the Black Bomber in June? Listen: "Primo Carnera, the Man Mountain, Primo meaning first and Carnera meaning flesh-eater, Giant of Italy, like Enceladus of old, or like Polyphemus of Vergil's Aeneid. (Only Polyphemus had but one eye, while Carnera has two, at least until he fights Joe) Hail Primo Carnera, 7 foot son of Nero, with trees for legs and for feet St. Bernard's 'dogs'!"

We suggest that if Mussolini must have a little with Abyssinia or Harlem, he play the game fairly; letting each side select the same number of champions, allowing no contestant to have a gun in his pocket or any lead in his gloves. Then the Fascist Dictator and the Lion of Judah, and other interested parties, can sit in the grand stand and see the outcome. That ought to be much less expensive, and more civilized and satisfactory all round. War costs so much that even the victor loses in an all round contest like that in the squared circle at Chicago, at least one side may win.

he will be missed. Arthur Jackson, the "Fast Fat Man" also varsity guard will be expected to go places next year and to make All-American. Jackson is an all round athlete, clean sport and plays every minute. Jackson is a Junior. The Chicago flash, Joe Howard, will be missing from end as well as on the hardwood.

MISSISSE DETER SENTENCE AFTER 30 YEARS
LANSING, Kans.—(ANP)—Thirty years ago, William Quinn, now 51 years old, was convicted of murder and sentenced to die in the gallows. It was stipulated that he should work a year at hard labor before execution. However, when the execution date arrived, then the governor neglected to sign the ment. Quinn continued to work through the years at hard labor and finally won a place in the prison band. Recently, the legislature re-established the death penalty, but it will not affect Quinn because the new law is not retroactive.

Spencer Elliston, Advertising Mgr. Foreign Advertising Representative W. B. ZIEFF COMPANY

RED SCARE Representative Mitchell of the First Illinois congressional district has introduced a resolution in Congress seeking to probe alleged "red" activities at Howard University.

At first thought the statement would excite those who are looking for the red scare; then too, Howard University could not operate without government support as it does not have an endowment nor any other subsidy to insure its upkeep.

On the other hand, everybody knows that subsidized schools teach those things only which are agreeable to their sponsors.

This is one of the great handicaps of most Negro schools. Howard University, recognized as the leading Negro school of the country, ought to be free to teach reasonably progressive doctrines in the light of present times.

Some of these doctrines may be some of the things advocated by the Communist group and political rights for the Negro.

And the Bystander emphasizes here in this "red" doctrine then it is red and every decent self-respecting Negro and fair-minded white man should be also.

On the other hand Howard University nor any other Negro institution can afford to advocate the overthrow of our government, seeking the rich simply because they have money or doctrines of like nature.

The Bystander ventures that should the probe be made no such teachings will be discovered; if so, they should not be tolerated.

The Bystander does not believe in any such doctrine.

BALLYHOO GOES ON General Hugh Johnson and a few excited supporters of the fallen N.R.A. would have us believe that the whole structure underlying fair competition and working conditions in industry has been knocked out when the Supreme Court killed his baby.

That unlimited child labor, sweat shop employment and unreasonably long hours will cause untold bloodshed.

Fortunately the country has become accustomed to the general's ballyhoo and will not become excited over these charges.

Some industries will do some of these things; some continued them while the N. R. A. lived, otherwise more than a half thousand cases would not have been in courts charging violation of some of the codes at the time the codes were knocked out.

The point is we are going to move on just about as well if not better without the codes.

General Johnson and the N. R. A. to the contrary notwithstanding.

Dental Health Education Hints

By Dr. Millard K. Dean CHEWING THE TEETH WHILE ASLEEP

Some people have the habit of grinding their teeth in their sleep.

present in the room while the other one sleeps and it is harmful to the teeth.

The constant chewing of the teeth at night will in time wear down the surfaces to a flat-sulcing in loud grating sounds.

This noise is apparent to anyone and also produce a loosening and pyrrhetic condition of the teeth and gums.

Those having this habit are generally unaware of it unless someone tells them.

The cause for such a grinding are generally attributed to a nervous mental state.

The nervousness may be evident at other times by the person biting the fingernails or incessant scratching or picking at possible sores or calloused areas.

Sometimes the grinding is due to small, irritating cavities in and around the teeth or places of infection only detected by means of the x-ray.

In any circumstance one should try will-power in hopes of stopping such a practice.

However, the Dentist can make various appliances to be used in the mouth at night that might aid in remedying such a condition.

QUESTIONS AND COMMENTS Dear Dr. Dean: Different dentists have told me to use a mouth wash after pulling out my teeth and some other dentists have said just the opposite.

I don't know what to do. I wish that you would tell me your method as their must be some definite rule.

Des Moines, Iowa. Answer: The condition of the tooth to be extracted would determine whether or not it is advisable to rinse the mouth following the removal of the tooth.

As a general rule however, it is best not to use a mouth wash before the following day especially if there is no pus present around the tooth.

The mouth wash might wash out the blood clot and result in a dry socket where the tooth was very long time to fill up and heal over if the blood isn't allowed to remain in the socket.

NEARS 27 FEET IN BROAD JUMP AS JUDGES GASP Ann Arbor, Mich., May 31.—Claxton's amazing world record performance on the cinder path of Ferry Field at the Big Ten meet Saturday, Jesse Owens, the "Buckeye Bullet," set three new world records in the 220-yard hurdles, 220-yard dash and broad jump, as well as trying the world record in the 100 yard dash.

Although Owens' time in the 100-yard dash was .09.4, tying the record set by Frank Wykoff of Southern California in 1930, all the watches showed him doing it 2-100 less than .09.4, but it will be placed in the record books only as a tie.

Many track experts believe Owens has not reached his peak and are offering to wager any amount he will run the distance in .09.3 and carry on to still greater world record breaking on the track and field.

In equaling this record, Owens technically ran the distance faster than any human ever has. The Big Ten record of .09.6 was set by Eddie Toian of Michigan in 1926.

In the 220-yard dash, Owens was clocked in .30.3, bettering the old record of .30.6, held by R. A. Locke of Iowa, since 1926.

He then shattered the world record for the 220-yard hurdles in .22.6. The former record of .23 flat was held jointly by Norman Paul of Los Angeles and C. R. Brooks of the 1924 Olympic team.

Lastly, Jesse performed his most amazing feat by jumping farther than any other human ever has leaped on the surface when he covered 26 feet, 8 1/2 inches in the broad jump, thus erasing the miracle jump of 26 feet, 2 1/2 inches by Chubel Namba of Japan in 1931.

Owens made only one jump to qualify in the preliminaries and that was all he needed in the final, the event that gave him his third world record for the day.

Willis Ward, Michigan's great all-around man, who pulled a muscle in the trials, came through nicely in spite of his injury.

Ward, ending his career in the Big Ten meet, tied with Reigel of Illinois for first place in the high jump and turned in the greatest leap of his life, 25 feet, 1 1/2 inches, to place second to Owens in

Health Talks

Dr. H. H. London MYOSITIS

Myositis is an ailment due to the traveling of a tooth, sinus, tonsil, neck glands, thoracic glands, thymic glands, popliteal glands or those in the foot.

It is not always easy to say where the beginning focus started but the place of lodging makes itself very troublesome by the swelling, tenderness, inflammation and difficulty in locomotion.

Some lodge in leg muscles of the thigh, others in the muscles of the chest. The condition is one of the most painful in the body and carries this material to some of the most important muscles of the body.

In order to eradicate it these foci must be eliminated or drained allowing a clean surface for the absorption of undesirable material.

The teeth must be taken care of and any carious ones or abscessed ones removed as soon as is practicable.

Says Students Are Being Taught 'Subversive' Information

Washington, D. C., May 31.—The critical guns of the super-Americans which have been directed against alleged subversive teachings and influences on the campuses of several institutions of higher learning in the country were trained on Howard University this week by Congressman Arthur W. Mitchell.

The representative from the first congressional district of Illinois announced Saturday that he would demand an investigation into charges that communism was being taught openly at the federally supported institution.

The unexpected action was inspired, the congressman said, by a meeting May 18 at the institution, at which Dr. Mordcaiv W. Johnson, president, presided and according to Rep. Mitchell, openly asserted that he preferred "academic freedom to government support."

First in Negro School The impending investigation will be the first of its kind in a Negro school, though similar charges have been brought against several white institutions of the country, including the University of Wisconsin, University of Chicago, Columbia and others.

The first Negro Democratic congressman further stated that he would put into the Congressional Record the open letter to Dr. Johnson written by Prof. Kelly Miller, educator and columnist, in which he took issue with the teachings of Dr. Johnson.

Committee Recently a congressional subcommittee on interior department appropriations, headed by Congressman Edward T. Taylor, visited the university, observing its classes and facilities.

The committee was composed of Congressman Taylor of Colorado, chairman; Congressman Jed Johnson, Oklahoma; Marion A. Zioncheck, Washington; James G. Scruggs, Nevada; and William P. Lambertson, Kansas.

The conference at which Dr. Johnson is alleged to have made remarks held dangerously un-American was one on the economic condition of the Negro, jointly sponsored by the social science department of the university and the joint committee on national recovery.

Liberals of all shades were on the program, including socialists and communists—especially James W. Ford, former vice presidential candidate on the communist ticket, and Norman Thomas, socialist leader.
