More than five hundred representative women from forty-two states were present. They laid plans for the furtherance of their national headquarters at Washington, D. Park Board Votes New Swim Pool

Good Park Chosen Site As Plans Are Presented

Rev. C. B. Wheeler Pastorate Honored

At last Des Moines Negro citizens may realize their ambition for summer pleasure, as drawings of a proposed swimming pool and recreation center to be constructed at Good park with the aid of federal funds were presented to the park board Wednesday night. This site is in a thickly populated area of west side Negroes. Whether the pool will be public or restricted solely to the colored people, it was not learned. The pool and building would be erected on sloping ground near the intersection of Seventeenth street and University avenue at a cost of about \$100,000. The two story recreation center would be 41 by 104 feet and the adjoining swimming pool, 75 by 150 feet.

Included in the first floor plan are locker rooms to accommodate 416 men and an equal number of women. The second floor plan includes a recreation room, 28 by 53 feet, with a fireplace, kitchen, stage and playground superintendent's office. A report was received from the city health department that the water in Arrowhead lake, S. E. Twenty-fourth and Scott streets, dubbed "hog wallow," "mud hop," etc., has become unfit for swimming. The board decided to place signs at the lake warning persons that they would there at their own risk.

For the past three years this has been the only pool open to Negroes, all municipal and private beaches placed the bar against them. It has been said that colored people swim at Ashworth in Greenwood park. However, upon investigation, it was found that the pool was rented on one or two occasions to private parties of Negro groups after hours.

In 1924 a community beach was opened near Franklin street for colored people only, but objections, boycott and dissension soon closed the project.

Joe Louis in Fine Shape for Battle

LEVINSKY GOOD FOR EIGHT ROUNDS By Allen Ashby, Sports Editor The time has come, dear reader, for a fight prediction. Will Joe Louis stop King Levinsky next Wednesday night? Almost any Negro you collar says four or five rounds at the most. We hope they are right. But the boys overlook several important factors, chief of which is that Hebe has trained hard for this bout and will be in his best physical condition. Then he will likely come into the ring with the sole idea of lasting and that will make even a hard hand to hurt also he is just punch goofy enough to believe he can whip the Detroit mauler who also makes a man tough.

Hebe has trained hard for this bout and will be in his best physical condition. Then he will likely come into the ring with the sole idea of lasting and that will make even a hard hand to hurt also he is just punch goofy enough to believe he can whip the Detroit mauler who also makes a man tough. If he should gey the limit, you birds who bet your coffee and doughnut money on Louis because he is a Negro. Please keep these factors in mind and don't yell you were sold out. Of course Joe Louis knows your fifteen cents was up so he double-crossed you! So, we are rushing out around the corner to a Jewish fish market to bet our breakfast money on a knockout within eight rounds and there is our prediction. Louis within eight.

D.M. Girl Elected National Historian

In the second biennial session of the National Association of Colored Girls, which convened at the Phyllis Wheatley home in Cleveland, Ohio, from July 22 to July 26, Miss Doris Bailey of Des Moines, Iowa, was elected national historian. She appeared on the Wednesday program, reading a paper, "Inferiority Complex a Menace To Successful Development, Its Causes, Its Remedy."

REDEEN SPEAKS OF LYNCHING EVIL

Sioux Falls, S. D., (special to the Bystander).—In a speech delivered to the teachers of Augustana college, Sioux Falls, S. D., F. W. Redeen told them of the importance of the passage of the bill to prevent lynching in the United States. "In my opinion all of our colored papers just scratch the surface of legislation of vital importance to our race," he said. After adding, "In other words they (colored newspapers) are too lazy to get out the essential facts and present them to our people so they can discuss them intelligently," he discussed the testimonies of the bill some what in full. He then quoted such men as Senator Wagner, Costigan, Walter White, Attorney Allen A. Colcord, and many other prominent all who are in favor of the bill.

Harvey Sounds Challenge To Youth of Des Moines

NATIONAL YOUNG PEOPLE'S LEADERS HONORED HERE New York Man Addresses Four Meetings By Everett Wadsworth Staff Writer "Despite the shortcomings of the church of today, which are many, the youth of the new era can do no better than to enlist in the Christian work and fight for its noble cause," was the final challenge issued by Martin L. Harvey, Negro, of Hempstead, N. Y., who addressed an all-city youth mass meeting at Corinthian Baptist church Sunday evening. Mr. Harvey is president of the Christian Youth Council of North America, which represents ten million young people of the Christian Endeavor, Epworth and Luther Leagues, and B. Y. P. U. of all denominations and races in the U. S. and Canada.

He was brought to the state as guest lecturer at the Iowa Baptist Young People's institute, which met in Cedar Falls, and his appearance in Des Moines was sponsored by a committee of leaders of Negro Christian Youth, headed by the Rev. S. M. Riley, Jr., of Burns M. E. church, the Rev. G. W. Robinson of Corinthian Baptist church and Attorney S. Joe Brown.

Honored with a breakfast Sunday by the Polk County Young People's Federation, Harvey also addressed meetings at Kyles A. M. E. Zion and Burns M. E. churches. The Rev. Riley was in charge of the meeting Sunday evening and Corinthian Junior choir gave selections. Miss Arel Jett gave the welcome address and the speaker was introduced by Attorney Brown.

Five Points With the mercury hitting the 100 mark with breath taking frequency, a large crowd heard and applauded the interesting lecture of the New York man. "Are We Players or Mere Spectators" was Mr. Harvey's subject, in which he enumerated five

POINTS TO SUCCESS IN LIFE: KNOW THYSELF; GETTING ALONG WITH PEOPLE; CAUSE CENTERED; CO-OPERATING WITH OTHER GROUP; THINK DISCRIMINATELY.

In speaking of Negroes' co-operation with one another, he stated: "If Negro business and enterprises are inferior it is because you made them so. They can be no better than the support you give," as deafening applause greeted these remarks. In politics, vote with reason and clear thinking, was another point stressed by the speaker.

Young people in Iowa and other midwestern states are just as progressive as those in the east," Mr. Harvey told the writer in an interview Monday at the office of Iowa Baptist convention. Relating his varied experiences in his two years' work in the Y. M. C. A., and problems in the interdenominational service throughout the nation, Harvey told of the "valuable contacts made with association and co-operation with the other group."

"I find it a hard problem to get Negroes to work in the programs offered by the white people on account of fear, over-sensitiveness and the inferiority complex," explained the young leader regretfully. His itinerary includes all of the major cities in the state which will keep him in Iowa until August 13.

FLORIDIANS FLAIL OUR CRACKERS, 3 TO 1

Wiley Wildcats Have Five Night Games Scheduled

Babe Davis Is Star As Crax Tumble, 3-1

ATLANTA, Ga.—The Wiley jittery Black Crackers flopped again yesterday with a crash that echoed from Ponce de Leon to Tim. The Jacksonville Red Caps worsted them again by a score of 3 to 1 before one of the biggest Sabbath Day games of the season. A tincture of that celebrated colport was on hand as the two teams did their damdest in a ball game that was pre-arranged on a 60-40 basis with the winner.

Although dented for four hits in four times up by the illustrious Babe Davis, "Fluke" Mitchell hurled a seven-hitter or thereabouts and grabbed the big end of the cash receipts for his club. His ability to set dangerous Mr. Donald Reeves down with runners on the sacks is directly responsible for his sweet afternoon of conquest. The erstwhile terrific cracker slugger failed to get one out of the infield despite the fact that he came to bat with a chance to advance runners no less than three straight times.

On the other hand "Fluke" Mitchell "Skindown" Robinson came through with a staggering triple off Mr. Cross in a tough spot and sent a runner home to break a 1-1 tie in the fatal fifth.

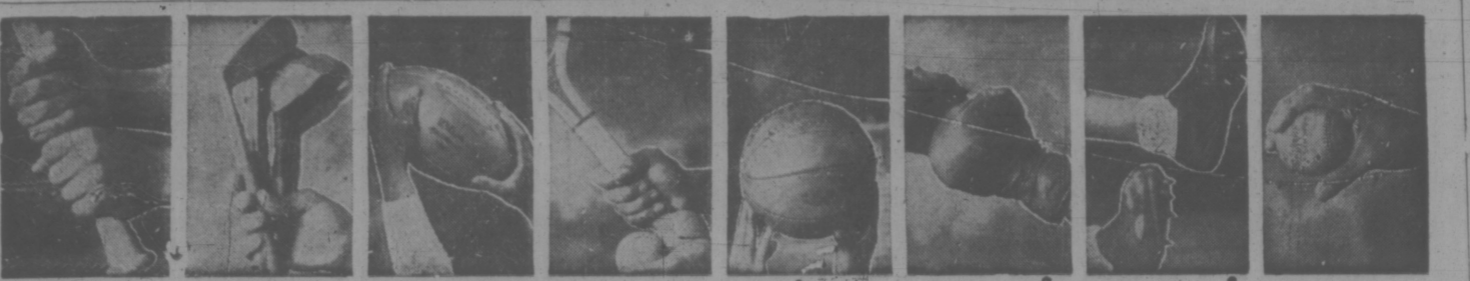

Babe Davis was the batting star of the afternoon. He slammed out two resonant doubles and a pair of singles in four times up and handled three chances without a slip. His base hits occurred with nobody on the sacks.

Jacksonville scored in the second inning when "Fluke" Mitchell smacked a sizzler through the box to score Turner who had previously singled. Atlanta came right back and scored in bere half of this same chucker. Barnhead was safe on a close at first and was advanced to second by Robinson's neat hit. He scored on second baseman Smith's Texas League.

That, my pals, ended the Atlanta music for the afternoon. "Fluke" Mitchell bore down all the way and whitewashed our boys for seven innings running. He was in trouble several times but always had the cunning or assistance from his buddies to turn the Atlanta threats back.

The hapless Cross matched Mitchell and pitched surprising ball in the pinches. He gave up twelve so-called snappers but managed to scatter them artistically except in the fifth when a "Skindown" Robinson sledged a sizzling three-base poke along the first base foul line to score Frazier. Frazier hit a field day himself with three hits in five official trips plateward.

The Floridians brought the best team to Poncey that local fans have seen and even these hard-boiled Atlanta rooters had to yell and applaud them as they went through their paces in sensational fashion. The teams play the final game today and the pitchers will be "Spee" Ellis for the Red Caps and Brooks for Atlanta. Score: JACKSONVILLE 3 ATLANTA 1

THE IOWA BYSTANDER, DES MOINES, IOWA FRIDAY, AUGUST 2, 1935

WILEY IN FIVE BIG CONTESTS AT NIGHT

By ALBERT MASON
MARSHALL, Tex., Aug. 1—The Wiley Wildcats will go in for five football in a big way this fall. Five of their ten games scheduled on the 1935 card will be played at night. Four of the home contests including at Quinn, Bishop, Southern and Texas College will be after supper sets, while Prairie View will be met under the flood lights of the Texas Centennial Stadium in Dallas.

According to statements issued by Coach Fred Long, it is expected that attendance at the night games will far exceed the cash customers present in the afternoon. Another reason for the change to night is the hot September and October sun in Texas that makes football far from enjoyable under baseball conditions in the afternoon.

The Wildest grid squad should go further this year than in 1934 when they won four, lost four and tied one. Five stars were lost through graduation in the persons of ex-Captains Smith, Patterson, quarter, Adams, halfback, Davis, guard and Gay, center. Coaches Fred and Harry Long are counting upon captain-elect Hibbler, the powerful guard from Gary as the nucleus of a strong forward wall, and plan to build a backfield around Newell Robinson, last year's freshman sensation from Tulsa.

The 1935 schedule is as follows:
Sept. 27—Paul Quinn at Marshall.
Oct. 4—Bishop at Marshall.
Oct. 12—Arkansas State at Pine Bluff.
Oct. 21—Prairie View at Dallas.
Oct. 28—Southern at Marshall, N.C.—Open.
Nov. 9—Langston at Langston.
Nov. 16—Sam Houston at Austin.
Nov. 23—Dillard at New Orleans.
Nov. 28—Texas College at Marshall.
Dec. 7—Tuskegee at Marshall (HOME COMING).
Night Games.

Nassau Recalls Invitation Bid For 'Nationals'

NEW YORK, July 28—From the office of Dr. D. Ivson Hoag, President of the American Tennis Association, comes the news that the bid for the Nassau Bahama Tennis Club for the 1936 Nationals has been withdrawn.

The Nassau Club tendered its invitation at the 1934 meeting at Lincoln University, Pa. Mr. T. Augustus Toole, the President of the club in his letter advised the extenuating circumstances caused his club action. This news will probably cause disappointment to many of the tennis followers, as extensive plans had been tentatively made for the trip, which included the charter of a steamship. The place for the 1936 play will now be undecided.

New Deal Claimed In Changes At Lincoln

By J. W. SMITH
ATLANTA, Ga.—Lincoln Country Club was virtually assured a "New Deal" last Tuesday night, when the largest number of members ever to attend a meeting, assembled in the clubhouse for election and elevated Fred A. Toomer, a director of the Atlanta Life Insurance Company, to the presidency.

Mr. Toomer, who is at present auditor of the Atlanta Life Insurance Company, a position which he has held with merit for 16 years, is a graduate of Atlanta University, and has done graduate work both at his alma mater and at the International School, Chicago.

The president-elect has only been a member of the club for a year, but in that short time he has won the confidence of the members, thus accounting for the large number of members out to cast their votes for him. A. L. Miller, the retiring president no doubt sensing a huge "steam-roller" headed in his direction declined renomination, consequently the new president was elected without much opposition.

The other newly-elected officers to form the "New Deal" set up include: Dr. H. M. Holmes, vice president; T. R. Grimes, recording and financial secretary; J. W. Smith, corresponding secretary; S. J. Grinnick, treasurer; Dr. X. L. Neal, member of the Board of Directors at large.

President-Elect Toomer Has Goodwill of Entire Membership
With their vote of confidence the entire club membership has already assured President-elect Toomer that they are with him 100%, which automatically means that during his administration the Lincoln Club will enjoy a phenomenal success. The writer is reasonably certain that the new president has many sweeping changes in mind which of course will be made at the proper time.

The writer is likewise certain that many of the inactive members, who have been staying away from the club because of a breach with the past administration will be among the first to rejoin and fall in line behind the new program.

With this new type of leadership the club membership will certainly go up, and the writer predicts that next summer will find the membership the largest in the history of the club.

Many Improvements Will Be Made on Course and Club-house
After the new administration has built up the membership it will turn to the many improvements necessary to hold the interest and support of the in-

have to be chosen at the A.T.A. meeting during the week of the Nationals at Institute W. Va. next month.

From the number of requests for additional entry blanks, Gerald F. Norman, Executive Secretary, feels that this year's Nationals will surpass those of the past several years. Persons desiring of entry blanks and information should communicate with Mr. Norman at 137-02 Juniper Ave., Flushing, N. Y.

Tennis and Education was similar to the mixing of oil and water to Reginald Weir, three men's singles champion, as he was forced to stop playing tennis so as to complete his education. The ex-champion made such progress in his "mater media" etc. that he was able to perfect a concoction known as Matrimony from Education Romance and Tennis. It was via the tennis route, at Tuskegee in 1932 that romance started, and continued while he was still in school, and the final round was late this spring when Miss Althea Campbell of Tuskegee, Alabama became Mrs. Reginald Weir. Miss Campbell is a member of a widely known tennis family and will be missed at the Nationals in August.

Arthur Miller Has Done Plenty To Keep Lincoln Club To Front Of Grid Days

By J. C. CHUNN
ATLANTA, Ga.—Arthur Lee Miller, outstanding golfer who is revival of the ancient Scottish game in Atlanta. At present, Mr. Miller, is president and chairman of the board of directors of the Lincoln Country Club, who recently sponsored the Southern Open and Amateur championship which was considered by critics the most successful in the club's history. Much of the credit goes to its energetic president, who also took an active part in the tournament.

Mr. Miller, with several of his fellow members will form a team that will play in the National Amateur and Open championship to be held in New York City, in August.

The Southeastern Golf Association which is already taking form, with territory reaching from Florida to Virginia is created by his leadership. He has been working on this project for several months. They will be directed under the national body when properly organized.

It is forecast that his re-election will be unanimous to his present executive officers of the Lincoln Country Club. Miller holds several other business connections in Atlanta and was for three years, a member of the faculty at Morris Brown University, where he won an enviable reputation as an instructor in one of its many vocational departments.

Several graduates of the A.M.E. institution owe their education to the generosity of Mr. Miller. Recently he banqueted the football team that won its first Southern Inter-collegiate championship and is an active alumnus in securing talent for the team whenever the opportunity presents itself.

The Atlanta delegation to the national golf meet this year will make a determined bid for the 1936 national championship tournament for Atlanta and if successfully it will be played over the Lincoln golf course, which should meet all qualifications by that time next summer.

His Work Praised
Since taking over the reins of the Country Club, Mr. Miller has increased its membership from 19 members to 157. He is now fighting to make the club exclusive to the letter of the word. So far Atlantans have been admitted on the course for green fees as a matter of introducing its advantages to the public, but in the coming election Mr. Miller states will eliminate, he believed, this practice and nothing

'Frog' Hendon Back In Town Of Grid Days

ATLANTA, Ga.—"Frog" Hendon, ex-Clark University backfield luminary, is in town with the Jacksonville Red Caps. Hendon was in his senior year when the famous Sam Taylor came to that location back ten years ago this fall. He had a great season that year and closed his career in Jacksonville, where he lives. He was the bellwether of the Clark offense that day which surrounded the Edward Waters College defense to a 38 to 0 tune.

He grabbed a load of knowledge under Sam Taylor and has become one of the best football coaches in the south. His Bethune-Cookman football team was a smart combination last fall and overcame the strong Georgia State team at Savannah in a thrilling game. Georgia State was not set up if you recall the fact that it whipped Clifton who in turn whipped South Carolina who whipped Tuskegee who whipped Wiley. This sort of reasoning puts Hendon and his team high up in the ratings.

Always a big man of 190 or more pounds, Frog has reached 245 now. He used to cavort at third with grace and ability and could set a "high-bird one" a mile. Old Clark studes and fans will be glad to know that the Frog is still going strong.

Re-Election Assured
That making the club exclusive will not only bring many golf enthusiasts back into the fold but will draw considerable interest to those desiring to learn the game. He cited at length in a conversation to the writer how unfair the practice of green fees have been. Many go out and play golf once or twice every other month and then lay away for two or three months before coming out again. Regular members who pay \$1.00 a month are thereby "improved" by many who crowd the course by paying green fees. His contentions are sound and worthwhile and deserve the endorsement of the fall membership, which we believe will get.

This doesn't mean Mr. Miller further added that golfers who have been playing for green fees will be barred from membership in the club, but simply mean that they will have to join and keep up their dues of \$1.00 a month the same as others, whether they play or not.

Extensive campaigning will get underway inasmuch as the lighting of the club and its sanitation is concerned. Mr. Miller, is mopping up projects immediately or as soon as he can get the sanction of the board of directors and membership body. This improvement is very much needed and I believe will win the applause of all interested in the golf club.

Other interesting facts will be known next week after the important meeting of Tuesday is held. Tuesday night's meeting will be largely attended and the president is urging every financial member of the club to be on hand.

Unfairness Cited
Realizing the desperate effort the club has made in the last two years to maintain the only golf course for the race this side of Jacksonville, Mr. Miller believes

JOE LOUIS
By ROBERT COLLINS
Have you heard of Joe Louis, he's the ninth wonder of the world. Louis is an awful hitter, hands quicker than a squirrel. Joe takes a chance on nothing—he would nail a blindman. He's greater than Jack Johnson, his name will forever ring. Fight fans call him pouter face, frozen face for he hardly ever smiles. He stands up straight, poker face, frozen face, pounding all the while. Some call him the Brown Bomber, the panther man of the prize ring. Joe is only twenty-one—his is the best heavyweight in the game.

Western Scribe Is Taken by The Reaper

Los Angeles (VPE)—The local newspaper circles are in mourning this week for the loss of one of its most brilliant members. Chauncey Townsend, brilliant newspaperman with experience on the Coast and in the middle west died last week at the General Hospital when a blood clot formed after what had been thought to be a successful operation.

At the time of his death he was employed on the California News as City Editor, which position he had held since that paper was taken over by James Rodney Smith, formerly connected with the Amsterdam News. Prior to that time he had been employed on various publications on the Pacific Coast and had been interested in the publication of various magazines and church bulletins.

Townsend was called to the middle west about seven years ago to take an official position on the Gary American. He worked with that publication at the same time Frank Marshall Davis, former editor of the Atlanta Daily World and other Scott Syndicate newspapers, was there. The local journalist had gone to the middle west from Phoenix, Arizona where he had worked creditably for the Arizona Gleaner.

Funeral services were held for him Monday at the Angelus Funeral Home in this city at which time Rev. S. M. Banks, Rev. T. L. Griffith, Rev. W. A. Coach Davis Thinks Teams Will Clash Next Year

MEMPHIS, Tenn.—LeMoyné may play the Tennessee State College football team in 1936. That's the opinion of Coach Walter S. Davis, the mentor who guided Tennessee to a victory over the touted Wilberforce gridders last fall.

Coach Davis was in Memphis Saturday, the guest of Julian Bell, former Tennessee State footballer and now popular athletic director at Booker T. Washington High school. Bell underwent an operation while visiting in Nashville.

Tennessee State, member of the Mid-Western conference, is making a big for fans and is warning LeMoyné that she must kick up lots of dust next fall if the national grid worms are to keep their eyes pointing their way.

The Southern Conference of which LeMoyné is a member, has prohibited any of its teams from meeting State in the last two or three years because several years ago Tennessee State was dropped from the conference.

Chauncey Townsend was the son of Dr. and Mrs. G. R. Townsend of Fort Worth, Texas. He was born on September 2, 1894 and came to Los Angeles in 1922 where he entered the U. of Southern California. He is survived by Mrs. L. L. Townsend, his mother, and Victoria Townsend and Mrs. Vera Porter, two sisters. His remains were to be shipped to Fort Worth for interment.

RENAMÉ SYSTEM PLAYED BY N. C. CAMP OFFICIALS

Deny Prisoner's Statements At Charlotte Trial

Charlotte, N. C., July 26—Two former prison guards already absolved, Henry C. Little, former prison camp official, and R. C. Rape, a former guard, were freed Monday of charges resulting from the permanent maiming of two short-term prisoners, Robert Barnes and Woodrow Wilson-Shropshire, last winter.

The two white men were charged with assault and battery with deadly weapons with intent to kill and with neglect of duty after the stories of inhumane treatment came to light when the feet of both prisoners were amputated as the result of punishment inflicted at the camp of which Little is boss.

The depeditation was deemed necessary by physicians in order to save their lives. Strong sentiment against the type of punishment used at the camps in this state resulted and the officials and guards of the Mecklenburg camp were dismissed and arrested. The camp physician was discharged.

RACIAL CONFLICT SEEN AS RESULT OF MARCH ON ETHIOPIAN EMPIRE

Addis Ababa, Ethiopia, July 26—(Special)—Harassed by the enforced return here of Italian soldiers stricken by heat and African diseases in Somalia and Eritrea on the average of forty a day, Premier Benito Mussolini now finds his plans for subjugation of Ethiopia further menaced by a distinctly hostile attitude by Japan.

These reports reaching here were almost coincident with the visit of two Japanese merchant-journalists to the palace, where they paid respects to Emperor Haile Selassie, who celebrated his 44th birthday July 23. At the same time Count Luigi Vinci, the Italian minister to Ethiopia, was busy insulting the emperor by refusing to join other foreign representatives in attending the birthday reception.

Press dispatches from Rome state that the Italians are aghast at the new attitude of the Japanese, which amounts almost to an open declaration of hostility in that it was in direct contradiction of the official Japanese communique issued a week ago. At that time the Japanese government, through Yotaro Sugimura, ambassador to Rome, declared that the far easterners intended to remain neutral in the Italo-Ethiopian dispute and that Japan had no political interest in Ethiopia.

But Foreign Minister Koki Hirota at Tokyo has directed a new light on the situation. Sugimura was only carrying out orders which his government gave him last winter. The Japanese government, through new developments in Africa and in world

OLD PEOPLE find way to keep breath wholesome
Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant
Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance.
But now Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces.
This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. It kills fermentation and putrefaction, a major cause of odors, and then counteracts the odors themselves.
Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmacal Co., St. Louis, Mo.

● Miracle Whip is different—delicious! The time-honored ingredients of mayonnaise and old-fashioned boiled dressing are combined in a new, skillful way. Given the long, thorough beating that French chefs recommend for ideal flavor and smoothness—in the Miracle Whip beater that's exclusive with Kraft.

Society's favorite dessert
● Just unwrap a snowy-white square of "Philadelphia" Brand Cream Cheese—2 1/2 lb. dessert with jam, crackers and coffee! "Philadelphia," made from sweet cream, is delicately flavored and pure. Highly nutritious, it is splendid for children. Serve it often!

CONDEMNED SLAYER IS SEEKING UNIQUE ALIBI

Clergymen to Give Day of Prayer For Ethiopia's Cause

NEW YORK, (Special)—More than 1,000 clergymen in the United States have agreed to set aside August 15th as a Sunday of Prayer and Protest against war and any acts of aggression against Ethiopia and distribute Peace Petitions it was announced Sunday July 21 by the Committee for Ethiopia, with offices at 228 East 45th Street, New York. The Committee also stated that the Rev. A. Clayton Powell, pastor of the Abyssinian Baptist Church, largest religious body in America, had accepted the Vice-Chairmanship of the organization, and that a branch office had been opened at 2143 Seventh Avenue, New York to coordinate the work of the vast group of Ethiopian sympathizers which have appeared following the mobilizing of Italian troops in East Africa on the borders of Ethiopia.

DOOMED MAN WAS THEN IN JAIL?

Proof of Alibi Now Being Sought From N. C. Governor

FINGER PRINTED?

BIRMINGHAM, Ala.—John Thomas, sentenced to the electric chair by a Circuit Court jury here in June for the slaying of another Negro, Arthur Harris, on October 15, 1933, following an alleged quarrel over a dime, has written the governor of North Carolina seeking proof of the alibi claim that he was serving a prison term in that state at the time of the killing.

The man, known in Birmingham as Charles Thomas, was tried in North Carolina records show a John Thomas served an 18-month term in that camp through April 3, 1932, but the finger prints do not tally.

Gov. Ehringhaus has called upon the public for any information that might bear out or disprove the man's claim.

DIRECTS CHORUS

HAROLD WHITE McCOO BIRMINGHAM, Ala.—

Interesting things are happening these Tuesday nights at six-thirty at Legion Field where the play "ROLL SWEET CHARLOT" is being rehearsed. Director McCoo raises his arms and a chorus of two thousand voices fill the air with "Swing Low Sweet Chariot", "Steal Away to Jesus," and a dozen or more well known and loved hymns of the colored race.

An entire village is being constructed including a boarding house, barber shop, and several dwellings.

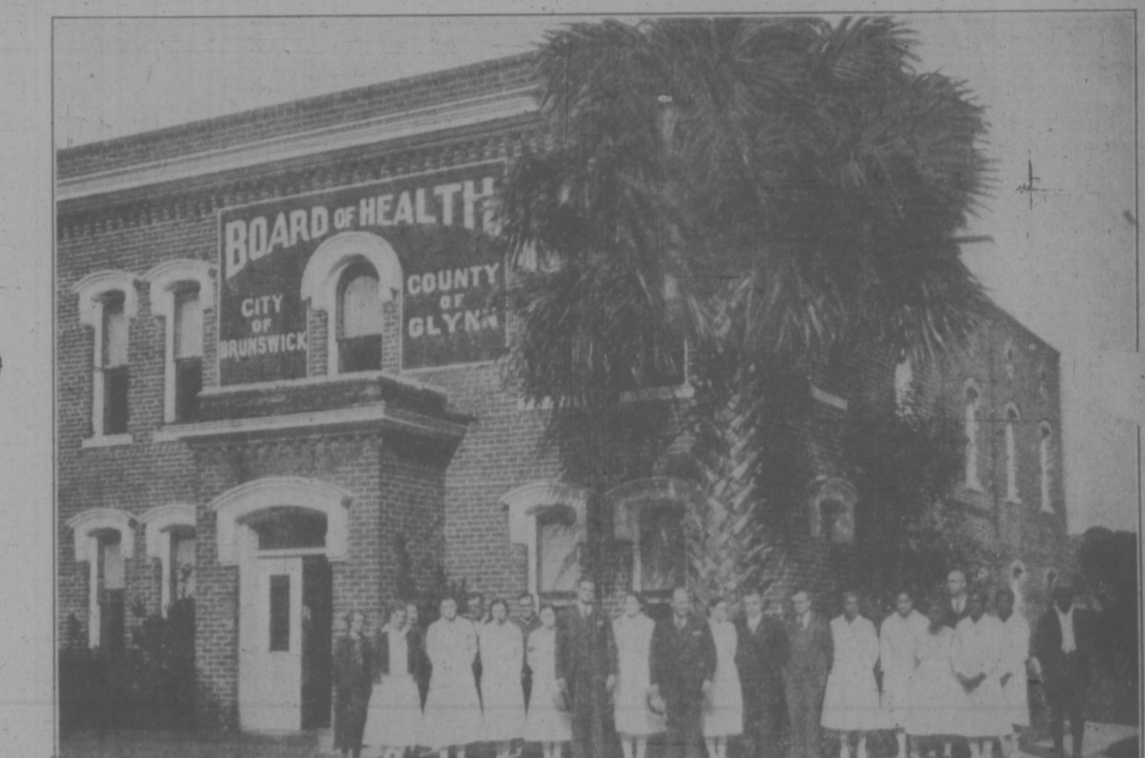

This stage set is more than two hundred feet in length and five microphones through the ceiling of radio station WAPI make it possible for every word of the play and the musical numbers to be heard four blocks around the huge stadium.

The chorus is made up of singers from every colored choir in the Birmingham district and school and any other persons who enjoy singing are invited and urged to attend these rehearsals.

The story behind this outstanding play was inspired by the southern people and for the first time is to be enacted by them in a southern setting with juba, harps, banjos and watermelon cutting to make the production entirely realistic.

Night descends upon Potters Field bringing with it laughter from drab places, squeals of delight, cries of pain, with an occasional shot from a pistol or the flash of silver light from an open razor or jack-knife.

WHERE THE HEALTH OF BOTH RACES IS THOROUGHLY SAFEGUARDED

PERSONNEL GLYNN COUNTY BOARD OF HEALTH, 1934 (Dr. Jackson may be seen standing behind the group of nurses at the right of the picture).

Glynn County, Georgia, Has Thorough Going Program For the Betterment Of the Health of All Citizens

Down in Glynn county, Georgia, the center of which is Brunswick, the city by the sea for which the famous stevedocks much credit, one of the most interesting programs for the betterment of the health of both racial groups is going on.

There, an elaborate program has set up for the welfare of both white and colored citizens with Dr. M. E. Winchester acting as commissioner of health assisted by a well trained group of white and colored workers.

As may be seen in the accompanying picture, the Board of Health of Glynn County building which serves both the city of Brunswick proper as well as the colored and white states. Similar programs are carried out for both groups with the exception that a rigid check is made of all white patients to ascertain their ability to pay a regular physician.

In addition to the usual immunization against typhoid fever, diphtheria, small pox, and other diseases, oral and mental hygiene are now included as routine procedures with maternal and child hygiene claiming a large portion of the time and efforts of the force. Contagious diseases such as tuberculosis, pellagra, rickets, malaria and hookworm disease.

Dr. R. N. Jackson, a Meharry graduate, is in general charge of the Negro baby clinic, an organization that has done much to help better health conditions among the negroes, including Mrs. Rosa Boisfeuillet, R. N., Margaret Davis, R. N., and Margaret Johnson, R. N.

Other race employees include an oiling crew, a group that devotes its energies toward the elimination of mosquitoes and other nuisances bearing insect with its own foreman, Alphonso Trivett, and a janitor, Edna Green.

Of prime importance is the prenatal clinic. Both white and colored nurses conduct their major work.

At the present time, midwives are regarded as a necessity. With only 52 percent of the population white, nearly 75 percent of the deliveries in the county are made by colored midwives. As a rule, the expectant mother calls a doctor in New York City with a colored cast of two thousand, Friday, August the ninth at eight o'clock at Legion Field. The play is directed by John McGee, dramatist, with musical direction by Harold White McCoo and a lavish setting designed by Clyde Limbaugh.

Automobile Shoved On Porch; Man Hurt

MEMPHIS, Tenn.—K. F. Morrow was sitting on a porch reading Wednesday when an automobile being shoved by several men rolled into him. The 19-year-old boy was at 159 Jackson when the accident occurred.

Morrow was carried to General Hospital where he was treated for bruises about the head and body. When police arrived, the car and occupants were gone. Witnesses said the automobile was from Arkansas.

for or visits the health clinic only when she is feeling unusually bad.

According to health officials, the training of the midwives, which was established many years ago by the Georgia State Board of Health and later continued by the county, has greatly aided in lowering the death rate among expectant mothers.

The midwives, some of whom have been practicing their profession for half a century, have a club. This group meets once a month at the Board of Health building at which time instructional talks are made. Not only are these midwives proud of their profession but quite jealous of their reputation and are willing to report any woman attending delivery cases not a member of the club and holding a certificate to practice from the board of health.

The midwives are carefully schooled and, as a result, they are doing much to abolish the old customs such as the tying of roots around babies' necks to make them teethe, and other practices not tending to help them become better babies.

After the birth of the child, the work of the clinic just starts. A constant check is kept on the youngsters, each liver oil being given free to children on the regular rolls while medicines are provided for those unable to buy it.

A check reveals that many cases of undernourishment have been aided and many children restored to perfect health through the work of Dr. Jackson and his assistants.

This work of children continues from the prenatal state until the sixth year, thereby insuring the child of an even chance to start school on par with his brothers and sisters.

A health program is also being carried out in the public schools. In this work, four other physicians are working with Dr. Jackson, making examinations while the nurses do the follow up work.

COURT CASES REVEAL OLD PRACTICE

DETROIT, Mich.—On Friday evening, July 19, police raided the notorious gambling emporium of Rooster Hammond and his partner, James Roan, located at 3716 Hastings street, and called a sixty-two players, including James Roan, but the elusive "Rooster" Hammond was not caught; as seems customary. He flew the coop.

All hands were hauled into Judge Brennan's court on Saturday morning and all were found guilty of frequenting a gambling house. As is customary two of the non-descript flunkies pleaded guilty to operating and maintaining a gambling house while the very suave operator, James Roan, with the Rooster, stood in the rear of the court room, accompanied by their white lawyers and watched the clumps take the fall.

If E. H. H. has always been the custom to rob the poor and unsuspecting Negroes but when the Big Boy has any money to spend he just must get him an okay lawyer to get him out of jail.

It has been very reliably reported to this paper that their daily take figured weekly amounts to \$30,000; this is enormous and strikingly so when we think of the hundreds, yes, the thousands of poor Negroes who are living in welfare and taking their pennies and nickels which they sadly need for food and clothing to maintain "Rooster" Hammond and James Roan in magnificent luxury and furnish high powered cars to transport them about the city.

It is very strange that the police have never raided their magnificent main office, maintained at 449 Perry street, east, where they bragged their main business with the aid of about twenty-five clerks. This place is situated just next door to Fairview hospital and in a decent neighborhood. A number of trading citizens have come to the office of this paper and a committee has been formed to call on the mayor and council to ascertain just who protects such nefarious enterprises and gets such bad example for our young people.

This episode is straggling the Negro. Watch this paper in the next issue for more because of the gambling outcome. The reporter for this paper will get all facts and publish a full list of names and addresses so there will be no excuse on anyone's part.

His Private Office The "Rooster" and James Roan maintain a private office in the rear of the Arcade Barber Shop where they meet the class of writers and pick-up men whom they do not want seen, at their main of-

MEDICAL LEADER

DR. R. N. JACKSON

Who is doing an extraordinary bit of work in the far south-eastern part of the country.

For the past six years, Dr. Jackson, a graduate of Meharry Medical college, has been a member of the staff of the Glynn County Board of Health and is now in charge of the Negro Baby Clinic.

In spite of his heavy duties, in which his work has been so efficient that he has been rewarded with promotion, Dr. Jackson maintains the largest private practice in the city, having offices located at 1506 Albany St., in the heart of the business section.

His daughter, Miss Irma Jackson, is in charge of the United States Public Health Work for colored by that section while her mother is noted as an outstanding social and civic leader. Only recently, Miss Jackson returned from Montreal, Canada, where she attended the National Conference of Social Workers.

NIGHT PRAYER IS SUCCESS

MEMPHIS, Tenn.—The all night mass prayer for Ethiopia at Mt. Olive CME church Friday night was attended by a capacity audience. Worshipers of various denominations began wending their way down the aisles of the church as early as 7 p.m.

Practically every seat had been taken at 10:30 p.m., and very few departed when the hands of the clock touched off midnight.

At 2 o'clock Saturday morning, approximately 150 persons were still at prayer.

The prayer service was conducted by Dr. W. Y. Bell, of Mt. Olive church.

Five because they look too bad or are too poor. They are seemingly abandoned for the poor people to see the luxury in which they live and maintain themselves. The police evidently do not know about these things when the masses of good and righteous hold forth for the benefit of such gamblers as the "Rooster" and his partner, "Little James Roan."
