Fierce Fighting Raging Near Ethiopian Capital

Late Composer Winner Of Wanamaker Award in 1930

Kansas City, Mo., Oct. 11—(Special)—Major N. Clark Smith, band director, composer and one of America's most colorful characters, lost his fight against death here on Tuesday morning, when he passed away at the home of his wife, Mrs. Laura Smith, of 2313 Tracy avenue. He had been ill several months. Major Smith's reputation as a musician and composer was nationwide. He was an accomplished musician himself and had won many honors as a composer and song writer. His composition of the West Indian stevedores won the Wanamaker prize award in 1930. Major Smith was perhaps best known for his work at Tuskegee Institute, where he was band director for many years. It was he who led the band on its famous tour of the country with the late Booker T. Washington. In 1899 Major Smith also made a tour of the Hawaiian Islands, Australia and New Zealand with the N. B. Curtis Minstrels. Born in Leavenworth, Kans., Major Smith was about 61 years of age. He was educated in the public schools of Leavenworth. Later he attended music schools in Kansas City and Chicago and was a graduate of the Chicago Music college.

New Campaign on Inequalities in Md.

BALTIMORE COUNTY CITIZENS ASK FOR HIGH SCHOOLS
Baltimore, Oct. 11—In a second assault upon unequal school facilities in Maryland, colored citizens of Baltimore county are carrying forward a campaign to secure high school facilities for the hundreds of colored children in the county who are now forced to go to the city of Baltimore for high school work. Baltimore county has five white high schools, but not a single Negro high school. In the fight for high schools a much larger section of the population is directly affected. Negroes have for years petitioned the authorities of Baltimore county for a Negro high school, but their petitions have been ignored as impractical. Instead the county pays the tuition for a selected few Negro students in the Baltimore city high school. However, there is never enough tuition money to provide for all the Negro children graduating from the county graded schools. In fact the usual practice in the county of Negroes only a certain number of Negroes to pass the examination to go to Baltimore to school. As a preliminary move to force open the whole question of high school inequality, two colored children made application to one of the white high schools in the county and were denied admission by the principal. The good Marshall, an attorney acting for the N. A. A. C. P. in Maryland, has announced that unless high schools in Baltimore county he will file a suit to compel the Maryland county board of education to receive colored pupils into the white high school.

NEGRO SEATED ON GRAND JURY IN MISSISSIPPI

Clarkdale, Miss.—For the first time in the memory of its oldest citizens a Negro was seated on a Mississippi county grand jury here Saturday. He was H. C. Armstrong, elderly school teacher, and one of twenty residents of Coahoma county selected to consider for the second time the case of two St. Louis Negroes, Roosevelt Moon and Pedro Pearson, charged with the robbery and slaying of James C. Parker, a merchant.

Brown Bomber is Real Race Man

LOUIS REEUSES TO PLAY CRAPS
Detroit, Oct. 11—Proof that Joe Louis has no flair for the commonplace and is averse to cheap notoriety was strikingly exemplified last Wednesday afternoon when he gave an emphatic "no" to the invitation of Al Schacht, baseball clown, and George Raft, movie star, to participate with them in a fake crap game in a stunt around the pitcher's mound before the initial game of the world's series at Navin field here. Henry Ford, automobile magnate, who sponsored the broadcast of the series, was seated in a box near Mr. and Mrs. Louis. Though the manufacturer is worth millions and draws a crowd everywhere he goes, no one thought of proposing that he indulge in such a public exhibition. By his refusal to engage in the game, Louis definitely established a fact heretofore much mooted that the Brown Bomber is able to do his own thinking. Neither Blackburn nor Roxborough was near at the time to advise Joe.

MONARCHS MINSTRELS MONDAY, NOV. 4

The Monarchs club annual minstrel show will be given at the Jewish Community Center on Monday, November 4th. Old jokes in new dress and some modern gags are in line for this annual affair. A cast of fifty singers, dancers and entertainers will be featured. Curt Morton is director, assisted by Marie Knowling, and the Congo Rhythm band will play.

Alabama is Pushing New Plans To Re-indict All Nine of Youths

SCOTTSBORO ORDERS JURY BOXES REFILLED

Birmingham, Ala.—The first formal move on the part of the Alabama officials to rush the nine Scottsboro boys through a new trial has been made with an order by Judge A. E. Hawkins of Jackson county (Scottsboro) to the jury commission to meet and refill the county jury boxes. Judge Hawkins presided at the first Scottsboro trials in 1931. The refilling of the jury boxes will be followed at once by selection of a new grand jury and a request from Lieutenant Governor Thomas E. Knight, special prosecutor of the Scottsboro boys, for a special grand jury session, according to statements made by Knight in Montgomery. Knight will ask the grand jury to re-indict all nine boys on new warrants sworn out by Victoria Price, claiming that the boys had raped her on a freight train in March, 1931. Re-filing of the jury boxes was made necessary by decision of the U. S. Supreme Court reversing the death sentences against Haywood Patterson and Clarence Norris, the two oldest boys. The Supreme Court held that the indictments were illegal because Negroes had been systematically excluded from jury service in Jackson County.

Rehearing Motion To U.S. Tribunal

HERNDON CASE BRIEF FILED BY N. A. A. C. P.

New York, Oct. 11—A brief as amici curiae (friends of the court) interested in the cause) in the Angelo Herndon case has been filed by the N. A. A. C. P. and others in the United States supreme court. The brief is in support of a motion for a rehearing by the highest court which has been made by Herndon's attorneys of record. Last May the supreme court declined to review the Herndon appeal, holding that his lawyers had not raised the federal question properly. His lawyers have appealed from this technical ruling and asked the court to reconsider the case. The motion for rehearing is expected to be heard within the next six weeks. Herndon, meanwhile, was granted a stay from beginning service

Southern Farmer's Death Called Murder, by I.L.D.

LEADER OF CROPPERS UNION DIES ON ALABAMA PRISON FARM

New York—A death which, officials of the International Labor Defense charge, has all the earmarks of the deliberate murder of a Negro share-cropper imprisoned for union activity, has come to light here with the receipt, by the I. L. D., of a letter announcing the death of Alf White at Atmore Prison Farm, Alabama. White was one of the five Negroes sentenced to long prison terms for defending themselves at Reeltown in tusk by deputies. The four other

15 Negro Women Attends National Meet Held Here

BASKET DINNER TO HONOR MISSIONARY DELEGATES

The National Women's Home Missionary society convention of the Methodist Episcopal church began a week's session at the First Methodist church, Tenth and Pleasant streets, Wednesday. All sections of the country are represented. Mrs. Maude M. Brewton, president of the Kansas City district Central West Conference, and Mrs. Carrie N. Reeler, conference spiritual leader, both of the Union Memorial church of Mason City, Iowa, among the 15 Negro women attending the convention. They are house guests of Mr. and Mrs. James Mitchell, 1324 Day street.

Mrs. Blanche E. Lee of Burns M. E. church is delegate for the Central West annual conference. In honor of these visitors a public basket will be given at Burns church, 811 Crocker street, Sunday, beginning at noon.

Neil Wins Verdict Postal Bonds Case

WOODSON ESTATE POSSESSION FOUGHT IN DISTRICT COURT

W. R. Neil, executor of the estate of the late Mary M. Woodson, was awarded the verdict in the suit filed by Mary Stanton for the possession of seven postal savings bonds valued at \$500.00 each, Thursday in Judge John C. Halloran's court. Isadore Robinson, was attorney for the defendant. The plaintiff was represented by G. E. Brammer of the law firm of Brammer, Brody, Charleton and Parker. Mrs. Woodson, widow of Attorney George Woodson, died in August of 1934. She was the cousin of Mrs. Stanton, who claimed that the bonds were given to her prior to Mrs. Woodson's death. The trial lasted for a week and the jury deliberated more than twelve hours.

Charles Smith, 39 War Veteran, Dies

Charles (Smitty) Smith, 1627 East University ave., well-known boxing and wrestling trainer, died at U. S. Veterans hospital early Thursday after an illness of two weeks. He had lately been employed in the relief work survey and CWA projects. He was a world war veteran serving with the 163 Depot Brigade in France in 1918. His wife and one son survive. Smith was formerly promoter and trainer for several prominent athletes. George Bourland, one time state heavy weight champion, Lloyd Dysart, Emil Morrow, Kid Lawson, Pep Webster and several white boxers were started by "Smitty." He was well known in the athletic circles of the middlewest. Smith was employed as furrier with the Sefren, and Adler and Glickman Fur Stores for many years. Several years ago, he served as sports writer for the Iowa Bystander. Funeral services will be held Saturday at 1:00 o'clock. L. Fowler and Son, funeral directors, have charge of the body.

FATHER BUNN HERE SUNDAY

The Rev. Roger E. Bunn will conduct the regular services at St. Simons Episcopal church Sunday. The public is cordially invited to attend all the services.

Aduwa Reported Retaken By African Troops in Big Surprise Midnite Attack

NO DISSENTING VOTES CAST AS ITALY IS GRANTED "AGGRESSOR NATION"

Geneva—Having placed complete blame for the conflict now raging in East Africa on Italy as the "aggressor nation," the League of Nations moved this week to place into effect financial and economic sanctions which constitute the automatic penalties in such cases. Meanwhile from Paris it was reported that the French government had sent a favorable reply to the British request for military co-operation in the Mediterranean "under a condition of reciprocity." The request was made by Great Britain originally in the event that they were attacked in the Mediterranean while carrying out orders of the League.

SELASSIE'S SOLDIERS INVADE ITALIAN AREA

Addis Ababa, Oct. 11—Attacking with incredible speed from three sectors, Haile Selassie's forces pounced upon the Italians and recaptured Aduwa on Tuesday in a fierce battle during which 6,000 Italians were massacred. Two hundred and twenty-five thousand men, under the command of Ras Kassa, commander-in-chief of the Ethiopian northern front, contested by Italian machine guns and short range field pieces, fought their way in a hail of bullets to Aduwa, the Verdun of Ethiopia. This military coup is in keeping with the plans of the Ethiopian board of strategy, which elicited with mathematical precision as Il Duce's men were lured into the trap.

Addis Ababa, Oct. 11—(Special)—Ethiopia's brilliant tactician, Ras Seyoum, penetrated into Italian territory in Eritrea. This superb maneuver conceived by him and perfected by executed by Dedejematch Haile Selassie Huga, son-in-law of Emperor Haile Selassie, struck a crushing blow to the Italian army, which was preparing a mass attack. Nine thousand crack Askaris, who formed the backbone of the Italian army, have deserted en masse to the Ethiopians, taking with them 75 machine guns, 80 mule loads of ammunition and cannon.

Fred J. Cumbess Opens Modern Grocery Store

FRED CUMBESS OPENS GROCERY STORE By Everett Wadsworth Staff Writer

"F. J. Cumbess Grocery Store" was just an idle dream years ago in Arkansas. The boyhood dream of an industrious southern youngster has turned into reality as Fred J. Cumbess opened his new business venture—Cumbess Grocery Store—at East Fifteenth and University avenue, opposite Amos Hiatt junior high school, Monday. The deal was closed early this week with Frank Mazzotti, former owner. A spacious white building and attractive display windows, with a neon sign, greets the purchasers at the entrance. Operating on a strictly cash basis, Mr. Cumbess will have a modern, up-to-date establishment, catering to the needs of the community with staple and fancy foods. "You will find our prices as reasonable and in line with those of any downtown cut rate markets," he said. Quick delivery service of orders, large or small, by a fleet of Ford V-8 trucks to all parts of the city are among his present plans. Modern refrigeration for the choice high grade meats, clean sanitary shelves of fresh standard brand supplies, new fixtures, quick, ready and courteous service are some of the major improvements. Former North High student, Cumbess came to Des Moines from Virginia ten years ago. He operated a gas filling station at Twelfth and Keo-Way for several months before going into light delivery business and selling coal and wood. His next enterprise was a beer cafe at Fourteenth and Keo-Way, which met with fair success. However, his next effort, maintaining clean-up and delivery service, brought his financial returns upwards and has enabled him to try his desired ambition.

Talent Week Stars Score Great Hit

CREWSE KIDS, SLIM DAVIS DANCE AT HOTEL SAVERY FOR CHAMBER OF COMMERCE

By the Staff Writer
The three Crewse kids, Marzella, Evelyn and Harold, sensational little tap dancers, Slim Davis, streamlined stepper and the Five Shades of Brown, consisting of "Step" Black, personality man, Jack Carrington, pianist, Charles Wade, banjoist, and Vincent Wilson, tenor, were featured at the Junior Chamber of Commerce membership luncheon Thursday noon at the Hotel Savery. Staging their hot rhythmic rapid fire acts, they were enthusiastically received and were obliged to do several encores. These local stars have been much in demand since the opening of the fall entertainment season and are kept busy constantly at outstanding events. These prize winning performers all appeared in the recent Bystander Talent week show which "sweet the town." The Wee Sisters trio sang at the Valley Junction high school Friday afternoon and have been swamped with requests to appear for several other engagements.

Themes and Variations By Gamewell Valentine

ATLANTA, Georgia— "Flash! Flash!" (Apologies to Walter Winchell). The ticket sale of the All Star Concert Series has spread at Davison-Paxon department store. A season ticket can be purchased for \$5, and may be paid in installments: one-third before the first concert, another third at the third concert, and the balance at the fourth. This is a break for music lovers whose pocket books are slim. It is a break for the man in a tuxedo. With these occasional taking place in the city's new municipal auditorium, (the new building which housed the Fox theatre) a record breaking attendance should fill up every seat.

Don't think that I am paid in any way for this free advertising. Neither is Themes and Variations giving the Concert Series. My interest is purely for the cause of Atlanta's music students and lovers of the tonal art. Last year during a discussion with Marvin McDonald, manager of the concert, I asked him why he didn't solicit colored Atlantans by exposing pianists and other publicity in our communities where people would be interested. And believe me, Mr. McDonald told me a plenty. He gave the history of Atlanta as concerns the Negro and grand opera and other high class musical events which came to the city auditorium; how Negro patronage was solicited; how large reservations were made and were seemingly ignored; how at times the house was sold out for whites and others were compelled to buy standing room while the section for the colored audience was almost empty. It seems that the following year no reservations were made for colored folk, because it was evident that Negroes did not care to attend; no agitators became wise of the "shut-out" and

O boy, he told the other Negroes who were master bowlers about Negro exclusion, the papers got it. (The Atlanta Independent, I'm thinking) and according to form, the fire spread which brought the management in disfavor. Mr. McDonald told the tale quite amusingly and most convincingly. He confessed that seats are now provided just to "stay within the law." And he became serious and said in correct and plain English that he "didn't care if Negroes came or not." Now what could I say?

Now I wouldn't give a (Just one guess at the omitted word) whether Negroes attended or not, and I wouldn't attend either if there were other opportunities for colored Atlantans to become educated and learn how to appreciate real music. But who does anything? A large way for the advancement of music according to high standards? Orchids to Kemper Harrell who in past years devoted lots of his time and money to the cause. (I can give any number of names who may wish it.) And Atlanta was more interested in music at that time than now. There are thousands of children in our city who are talented, want to learn to play and like to be the best, but so few musicians who seem willing to help. Everyone wants to follow thefad, to be popular or humbug the public for a big monetary sum.

All respectable Negroes resent the sitting in a balcony under the proviso that they must not sit anywhere else. I certainly do; but the majority of the big shots fill the balconies of the Capitol and other white theatres. Many of these same people are the first to cry that they will not attend an affair if a special section is reserved for them. I will say that if you wish to hear good music, or if you are a student of music and wish to develop and become the equal of the finest musicians, and if you live in Atlanta and are not able to go to New York City or some other city above the Mason-Dixon line during the concert season, then if you want your training to mean something, you must attend all of the concerts, which are too few that come to Atlanta. You will have to stoop to conquer, at least in this instance.

Fritz Kreisler will open the series on Tuesday evening, October 22. To miss Kreisler is to miss all. Kreisler's playing is most impressive and beautiful, and his accompanist, Carl Lamson, is with him. Kreisler (using a description of Willis James of Spelman's music department) played a program like a ladpole, beginning with heavy works and graduating to popularly known things like "Humoresque" (Dvorak), "Londerry Air" (his own arrangement), "Moment Musical" (Schubert), and I heard him play right here in Atlanta, Clarence Cameo on White's arrangement of the spiritual "Nobody Knows the Trouble I See" from the "Buddiana Sketches." By all means, hear Kreisler. He is an inspiration to the pianist as he is to the violinist. Kreisler must like Mr. White's "Nobody Knows the Trouble I See," because he made a Victor record of the number several years ago.

And parents and teachers of children should go out of the way to give the children opportunity of hearing 10-year-old Ruth Slezewski, miracle child wonder of the keyboard. In her playing of difficult music, including concertos, she has astounded huge audiences in the foremost centers of the world. Of course, she is a Russian. Russia has always and still gives first consideration to the development of music in the interest of all Russia, giving talent every concession.

Things You Ought To Know:

A STORY OF THE HISTORY OF TUBERCULOSIS

By M. A. THOMAS, M. D.
Medicine probably had its origin at least two thousand years before the birth of Christ. The oldest historic phase of medicine known to us is that of ancient Egypt. Although the Egyptians never carried surgery to the extent of operating upon the body, there are hieroglyphs indicating patients undergoing some great pain. For medicine they looked somewhat to nature, and made a remedy for the eye by extracting the leaves of the sunflower, which looked to them like an eye.

Another favorite concoction was a prescription made of equal parts of hippopotamus fat, lion fat, crocodile fat and serpent fat. It was used as an inunction for baldness. Another consisted of equal parts writing and ink and spinal fluid. The name of the earliest physician was Imhotep. (He who cometh in peace). He made contributions to Egyptian hygiene. The word chemistry is derived from the early name of Egypt, which was called "chemi" or "Black Land."

The True Church Relief Rolls Are Doomed After November 1

ATLANTIC CITY, N. J.— The most humble laborer employed on a Works Progress Administration project enjoys the same liberal treatment with respect to holidays as the highest paid Federal, said George H. Swenton, director of the Ninth District, Work Progress Administration, in this city, commenting upon recent orders received from State headquarters of the Administration.

These orders, said Swenton, direct attention to the fact that workers on all projects will be accorded time off with full pay for all legal holidays.

"This means that the common laborer is given the same privileges as those in executive places within the Government service," said the director. "It is a demonstration of the excellence of what President Roosevelt has designated as the security." Not only are the workers on projects his. Not many years ago they felt the powerful hand of God through the St. Galveston, Texas, felt his mighty hand, forty thousand died in twenty-four hours. Miami recently felt his hands. Atlantic City still violates his laws and commandments, move on under the mercy of our loving God, but bye and bye, farewell Atlantic City.

themselves. If municipal officials fail to take advantage of the opportunity offered through the Works Progress Administration, they will have to consider other ways and means of taking care of their dependants when Federal aid in that direction ceases.

"They will find it easier and by far more economical to start projects with Federal assistance than to raise money through additional levies upon already overburdened taxpayers for taking care of their poor."

Baltimore, Oct. 4.—There was no excitement either among white students or officials of the law school of the University of Maryland on Tuesday, September 24, when Donald Gaines Murray, 22 year old colored student, registered for the school term. Murray's appearance received little or no notice from other students, and Dean D. Roger Howell declined to make any comment on Murray's enrollment other than to say that pending the decision of the higher court in the state he would be on an equal footing with other students.

He said Murray would receive the same consideration from the teachers when classes started September 25 as any white student. Contrary to predictions made by the white officials of the university, that the enrollment of a Negro student would cause heavy cancellations on the part of white students, it was announced that enrollment in the law school this year is ten per cent above last year, and that there is also an increase in the student body of the university at College Park, Maryland.

The Maryland court of appeals is to consider in October the appeal of the university from the decision of the law school. Murray, a graduate of Amherst college, applied to study law last spring, and was denied admittance to the law school. He sought a writ of mandamus, charging that the state did not provide equal but separate educational facilities because it did not provide professional and graduate training for colored students. His attorneys were Thursday Marshall of this city and Charles H. Houston of Washington, acting for the N. A. A. C. P.

OLD PEOPLE find way to keep breath wholesome
Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance.

But now Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces.

This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. Halts fermentation and putrefaction, a major cause of odors, and then counteracts the odors themselves.

Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo.

WATERLOO, IOWA

Rev. H. J. Parker is leaving for a few weeks to help his father, Rev. F. J. Parker, in the fall revival meeting in Mobile, Alabama. Rev. Parker, Sr., is in ill health. The church is planning to remodel the church for the 1933 annual conference. Mrs. Parker, evangelist, will take care of the services while Rev. Parker is away. The colored Ministerial Union met at the home of Pearey Berk for election of officers, as follows: Rev. C. W. Turner, president; Rev. McDonald, vice president; Pearey Berk, secretary; Rev. E. M. Taylor, treasurer; Rev. William Bell, chairman of program committee. Great things are expected in Waterloo this year.

CEDAR RAPIDS, IOWA

The funeral services of Harry Regline were held at Bethel A. M. E. church Thursday, conducted by Rev. J. J. Caulder, assisted by Rev. J. J. Evans, pastor. He was a world war veteran and a member of the American Legion, who gave their services. The funeral of Mrs. Ray Jackson was held Saturday at Bethel A. M. E. church, conducted by the Rev. J. J. Evans, assisted by Rev. S. J. Caulder. Her husband an eight children survive. Mrs. A. M. Smith, wife of the Rev. A. M. Smith of Mount Zion Baptist, is ill. Bethel church services, Rev. J. J. Evans, pastor. Sunday school at 9:30 a. m. Morning worship at 11. Evening worship at 8:00.

WASHINGTON, IOWA

Cecil Ballem is at home now, recuperating from a recent operation at the University hospital in Iowa City. Miss Loretta Ballem is home from Chicago. Rev. W. F. Ogelman was present for his first Sunday's services, starting another conference year. He will hold services in Washington every first and third Sunday in the month. Sunday school services will be held every Sunday as usual. Last Sunday there was quite an increase in the pupils for Sunday school. John and Randolph Duff of Minneapolis were visitors last Sunday at services. They also were guests at Mrs. H. R. Crayton's home Sunday. N. L. Black, Walter Williams and Dr. H. A. Martin of Dubuque drove back east on business. Fred Turner, who received a fall a short time ago, is able to be up and about again.

ORALABOR, IOWA

By T. M. Burrell, Ankeny, Iowa The King family visited in the home of Mr. and Mrs. Manuel, 1431 Fremont street, in Des Moines, on Sunday afternoon. Those invited were: Corrine Cain, Maxine Cooley, Marion Burrell, Stevanipa Brown, Dorothy and Deloris Johnson, Mr. and Mrs. Wesley Burrell, Jr., H. Huntley and Miss Vera Burrell. Mrs. Anna Cappel was a visitor at the home of Mr. Burrell on Sunday evening. Mrs. Charles Cavil is recovering nicely from a sprained ankle she received last week. Sunday school begins every Sunday morning at its regular time, 9:40. A. Morris is the superintendent. There is a large enrollment of colored children at Oralabor school this year. Three girls attending Ankeny high.

MASON CITY, IOWA, NEWS

The officers of Union Memorial church Monday evening to report on the Queen rally, in which Mrs. Nanette Smith, Mrs. P. Scott and Mrs. Mary Johnson were the queens. Mrs. Scott, who brought in the largest amount of money, was crowned queen. Mrs. Mary Johnson sponsored a social in Manly on Tuesday evening for the benefit of Union Memorial church. Those who motored to Manly were Rev. C. G. Glaspie and family, Mrs. Brewster, Mrs. Reeler, Mr. and Mrs. John Taylor, Mr. and Mrs. Roy McAllen, Mr. Felix and Percy Parker, Mrs. Mary Davis and Mr. Sam McCorkle. Mrs. C. G. Glaspie was host Wednesday afternoon to the Ladies' Aid society at her home. Rev. C. G. Glaspie and family. Mr. and Mrs. P. L. Scott and Mr. Duncan visited at the Grotto on Monday. On their return home they stopped in Garner at the home of Mr. and Mrs. J. A. Ashford. Mrs. Carrie N. Reeler gave a social Friday evening at the home of Mrs. Brewster for the presiding elder's claim. Friday Rev. Glaspie and family, Mr. and Mrs. P. Scott, Mrs. Duncan, Mrs. Walter Davis motored to Britt, Iowa, and spent the day with Rev. and Mrs. P. T. Stranzl. The Mary Gray Scott circle of Kings Daughters motored to Hampton on Tuesday evening, where they held their regular meeting with the president, Mrs. Maude P. Bayles. Mr. and Mrs. Harry Smith had as their dinner guests last Sunday, Mrs. Banks and children, Mr. and Mrs. Scott, Mrs. Duncan, Mrs. Mary Davis returned home Friday from Kirksville, Mo., after several weeks' visit. Union services were held Sunday afternoon at the church of God in Christ. Rev. Solomon, pastor of New Bethel church of Manly delivered the sermon. Refreshments were served after Epworth League meeting Sunday. Mrs. Leona McNeil entertained a number of her friends Wednesday afternoon at her home in honor of her birthday. She was the recipient of many presents. The Phyllis Wheatley association met at the P. W. A. rooms on Thursday and the following officers were elected: Mrs. Paul Scott, president; Mrs. E. A. McNeil, vice president; Miss Corrine Webster, secretary; Mrs. Wm. Spivak, assistant secretary; Mrs. J. O. Brooks, treasurer; Mrs. E. Hicks, chaplain; Mother Parker and Mrs. John Taylor, directors. The P. W. A. was organized by Mrs. P. L. Scott one year ago and this organization is doing great work among the sick and unemployed of our group.

THE FIRST CONGRESS

The first national congress convened on March 4, 1789. The day was ushered in by the firing of cannon and the ringing of bells in New York, and this ceremony was repeated at noon and at sunset, but in Federal hall only eight senators and thirteen representatives made their appearance—not enough to form a quorum of either house. A whole week passed, and no more senators arrived. Those present sent a circular letter to their colleagues urging them to hasten their coming. A second circular letter followed, a week later, but nearly a month had elapsed before either house could muster a quorum. The house was able to organize on March 30, but the senate not until April 4.

They Had a Word for It

In ancient Greece an asylum was a place of refuge to which any and all might flee for protection. At one time all Greek temples and altars were inviolable, that is to say, it was a religious crime to remove anyone from them by force. But the temple asylum became limited in number because of abuse of privileges. In modern times this name has come to mean a home (or refuge) for the afflicted, more particularly the insane.—Pathfinder Magazine.

Snowy Owl Great Hunter

Unlike most other owls, the snowy owl hunts both day and night. It is keen of sight and unusually wary. Living as it does, in an open country, it is wary of approach. It is usually seen perched on a bunstock, fence post, haystack or even deserted building, and cannot be confused with any other bird. When it comes in great numbers it is likely to take a heavy toll of both song and game birds, as well as fish.

England's Oldest

The Gullhall, Exeter, with its overhanging facade, is said to be the oldest municipal building in Great Britain. Here the wealthy merchants of the city transacted their business in the time of Queen Elizabeth, when Exeter was noted for its manufacture of woollen goods. It was also during Elizabeth's reign that the Exeter ship canal was built, the first canal in England, to permit sea-going vessels to reach an inland port.

Water Flows Uphill

Owing to marked variations in atmospheric pressure, the surface of Lake Geneva, Switzerland, is not infrequently 5 or 6 feet higher on one side of the lake than on the other. The phenomenon is known as "the seiche," and it causes the lake to swing back and forth for periods upwards of an hour.

Big Waterfall Found

Boundary commissioners who discovered the great waterfall on the eastern shore of British Guiana and Brazil do not say as to whether the waterfall falls at Niagara.

Oleomargarine Known as Margarine and Butterine

Oleomargarine is known also as margarine and butterine. It is an artificial substitute for butter, first manufactured in 1870, in France, by its inventor Mege-Mouries. It is made from oil obtained from beef fat, neutral lard, and cottonseed oil, with a little butter, cream, or milk added during the churning. In preparing the oil, the fat cut from beef cattle at the time of slaughter is washed, chilled, and steamed to purify it and separate the membrane. The stearine is allowed to crystallize and the oil is separated from it by pressing. Several grades of oil are made, depending on the source of the fat, and the treatment. Neutral lard, or neutral, as it is called, is made from the leaf and back fat of pigs. In the production of oleomargarine, the Indianapolis News, the oil and neutral are melted and mixed in definite proportions, the cottonseed oil being added to the mixture, the poorer grades containing larger amounts of milk or buttermilk (rarely melted butter or cream) is added to the mixture, which is then churned, salted, and worked. Stringent laws in the United States forbid the addition of coloring matter unless a heavy tax is paid on the product, but means have been found of evading the law by adding a fat which imparts the desired color. When properly made, oleomargarine is a wholesome and nutritious product.

South Pole Once Warmer;

Various Places Now Cold There is evidence that while the gigantic dinosaurs of 150,000,000 years ago were wallowing in swamps where the South pole was humid and subtropical, the South pole has been subjected to a great Antarctic ice cap which has frozen the bones of giant reptiles which once grazed the land vegetation then growing where there is now nothing but ice, observes a fossiliferous plant and bones found near the South pole and in other sections of the world indicate that the earth during her long life has been subjected to a change from a hot to a cold climate, and the tropics of today may have at some time been covered with polar ice sheets. Scientists are much interested in what future discoveries may reveal about the Antarctic continent.

Teams Prepare For Action Along All Important Fronts

PURPLE FACE ACID TEST SATURDAY

Tuskegee To Present Impenetrable Rush Line At Poncey HARDEST GAME

ATLANTA, Ga.—Big guns roar on the football front next Saturday afternoon when Morris Brown College of Atlanta, Southern champions meets the powerful Tuskegee team from the school that Booker T. Washington made famous. Poncey de Leon park will be the scene of action.

Notwithstanding the fact that Morehouse College meets Benedict here on Friday of the same week, the Tuskegee-Morris Brown game is expected to hold the interest of local fans as well as the eyes of the entire football frontier. Both schools with great teams have met each other for the past two years with each game ending in a scoreless deadlock. This will be the first and only appearance of the Golden Tigers in Atlanta this fall and one of the largest crowds to attend an opening game is expected. Both institutions have a hard schedule in front of them and strong speculation centers around the facts that they will give all they have to remain undefeated for the season.

NICKS

Morris Brown with a green forward wall will enter the game underdogs as Tuskegee's line is of the veteran variety and the team all around is well-balanced. It is admitted that the Atlantans hold quite an edge in backfield material and the "Black Angel" that thrilled thousands last year with his make-hips carrying will be the shining star for the Wolverines along with Dyehe Smith, All-American quarterback, "Mat" Harmon and Sad Sam Jones. In front of them will be the untied line that so much discussion has been going on about. Earl Houseworth flankman in '34 and Bebe Meade, will be in the flanks. The guards will be Bussy and Marion. The tackles will be Blackmon and "Pur" Jackson and the pivots will be manned by "Fatie" Johnson, providing his injury heals sufficiently for him to start. Tuskegee will rely on her ace men, Moberly at quarterback. They are planning a hard running attack to test the strength of the newly built Wolverines line. Coaches Nicks, Lochart, Tiny Smith and Honey Smith, Morris Brown all-star coaching staff are priming a forward wall which they believe will stand the test. They are seeking to strengthen their tackle with two likely recruits. A new offensive weapon will be sprung on the Tigers, it is said in a desperate effort to score early. Coach Nicks, realizes that his hopes depend on carrying fight all the way and Atlantans are in for thrills galore when bitter rivals meet next Saturday.

Manassas High Grid Notes

By W. T. BREWSTER MEMPHIS, Tenn.—The Manassas Tigers won their second game of the season at the expense of the Webb H.I. eleven of McKenzie, Tenn., by a score of 12-0. The Tigers performed brilliantly both offensively and defensively. During the first quarter the Webb H.I. eleven brought the ball often within inches of touchdowns, but the Tigers' steady and alert front well seemed to have turned to stone as the Webb H.I. gridders led by King Kong Hayes bucked the line as they seemed to have made it a habit not to gain much yardage. The first score came in the second quarter when Broadway raked a pass to Davis who intercepted it and raced 25 yards for the first touchdown of the game.

To Face Benedict

CHARLES BOSWELL, Morehouse College fullback, one of the 18 letter men who are back in school this fall, making a sensational kick during the season's preliminary practice. Boswell came to Morehouse from Haines Institute, Augusta, Georgia, and is a senior. His home is in Augusta, Georgia. Boswell weighs 184 pounds.

Plans Go Forward for New York Fair in 1939

Plans are rapidly taking shape for the projected world's fair to be held in New York in 1939. Incorporation papers are being drawn up by a score of civic leaders sponsoring the fair which will be financed by popular subscription and sale of shares secured by a lien on the gate receipts. Preliminary plans estimate that \$40,000,000 will be spent to build the fair, to be located on a 1,000-acre tract in Queens, Manhattan borough. A payroll of 75,000 persons is expected to administer it. The fair will commemorate the 150th anniversary of the presidential inauguration of George Washington in New York. The success of the Chicago Century of Progress last year and the attendance at the current San Diego exposition in California encouraged New York sponsors of the event.

Lincoln Will Have Year Of Grid Features

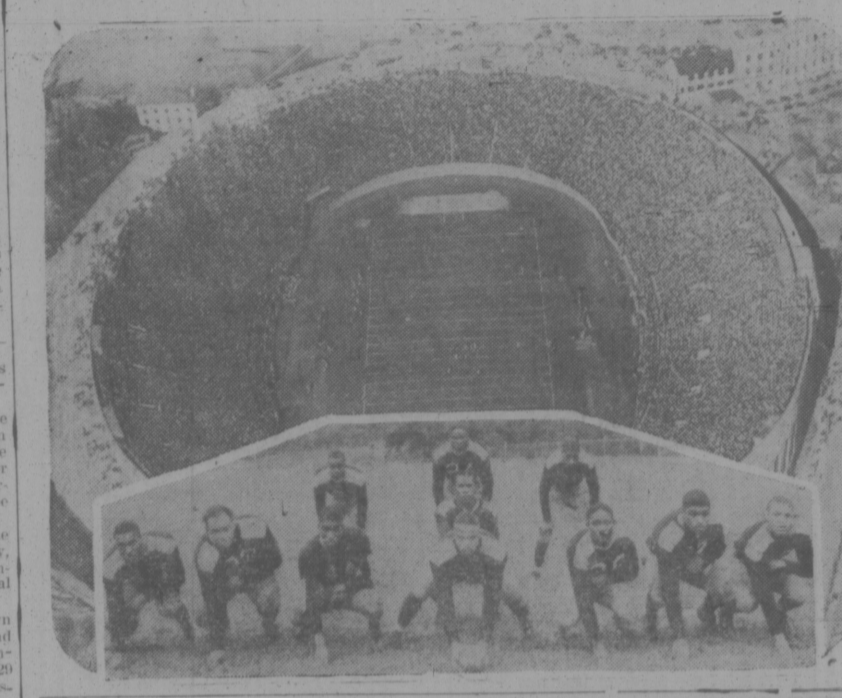

JEFFERSON CITY, Mo.—Several thousand grid fans, alumni and social lights of the Missouri Valley will journey to Jefferson City, October 19th to witness the Home-Coming at the state college. The annual classic will bring together Lincoln and West Virginia state college in a spectacular battle which promises to be one of the biggest inter-sectional games of the season. The Home-Coming committee of faculty and student body is working hard to make this year's Home-Coming exceed those of past years. The general alumni association of Lincoln University will hold a meeting the morning of October 19th in Page Auditorium at ten o'clock. President N. P. Backdale of the Alumni says he expects this meeting to be the best in the history of the school. Close to a thousand dance-lovers are expected to attend this event.

Three times the game warriors from the corporation State repulsed the Trojans' onslaught. Once the Trojans were on the visitors' three yard line first down and goal to gain; but when the heavier team had completed four furious thrusts at Delaware's forward wall, they were still three yards short of a touchdown. The Major portion of the game was played in Delaware territory, but Ed Jackson's boys almost invariably stiffened when their goal line was threatened.

Virginia State's line touchdown came in the middle of the second quarter and culminated a sustained drive from the Delaware 20 yard line, where they got possession after Link had punted from behind his own goal line. Lynwood Graves, Trojan's veteran fullback, and Joseph Hall, Trojan freshman halfback of Philadelphia alternated in smashing the Delaware line for substantial gains until the one yard line was reached. From here Graves plunged over on a deceptive weak side play for the score. Hall's attempted kick from placement for the conversion went wild. The Trojans seemed destined for another touchdown before the half ended, as they advanced to the visitors 12 yard marker on the wings of a forward pass from Hall to Gardner. Three smashing line plays took the ball to the Delaware 4 yard marker, but the half ended the march. Delaware received the kick off to begin the second half and immediately opened up a threatening aerial attack, with Link doing some accurate tossing and Graves on the receiving end. The Trojans staved off this aerial attack, however, and again advanced to the shadow of their

That Lincoln Of Missouri Team

This is the Lincoln of Missouri football team which plans to write important grid history this season. The inter-sectional affair with West Virginia State College promises to be a stellar "Home-coming" Classic.

Knoxville Ready For Clark Team Saturday

KNOXVILLE, Tenn.—No orders for light drills were given to the Knoxville Bulldogs as they prepare to meet Clark University of Atlanta for the opening game here October 12. Coach Hawkins is facing a dilemma common enough among football coaches. A team must be built with four letter men from last year's squad in school. On the other side of the ledger we have a coaching staff of three, a dozen second stringers from last year, and more than a score of determined freshmen.

Hawkins plenty of grief, are the center and ends. As a matter of fact there is probably only one position on the team which is cinctured, Matthew Jeter, captain-elect, varsity tackle for the past two years will no doubt take a regular tackle job. Jeter will make a straggler bid for all southern position this season.

Two positions which are causing Coach Hawkins plenty of grief, are the center and ends. As a matter of fact there is probably only one position on the team which is cinctured, Matthew Jeter, captain-elect, varsity tackle for the past two years will no doubt take a regular tackle job. Jeter will make a straggler bid for all southern position this season. Scott, a Cincinnati boy, though late reporting to the squad is making the most serious bid for the other tackle berth. Russell of Toledo, is giving him plenty of competition. Bruton and Claytor, for the present, are handling the guard positions. Epps, local product, and Dabney from Gary, Indiana, are developing rapidly and will probably see action in the opening games. Jones of last year's squad, is making the best bid for the vacancy at center. Horton of Chicago and Hines of the local Austin-High school, are fighting to supplant him. Chomble, a new man, also a graduate of Austin High, will more than likely be named as left end on the first string. Rangy "Slim" McCrary, because of his experience will have an edge on the other men for the right end of the line, but he will be hard pressed by Broom, C. Wilson and Powell of Gary.

FAST HOWARD U. BISON WIN, 12-0

Blue Team Compelled To Play Uphill In First Skirmish

ST. PAUL NEXT

WASHINGTON, D. C.—In spite of the loss of several of its star players by an eligibility ruling, Coach Charlie West's Howard University gridiron warriors opened the season in a blaze of glory Saturday defeating Cheyney Teachers College and Miners Teachers College in a double-header attraction before nearly 3,000 fans in the University stadium.

The Bisons, playing uphill football all the way scored a 12-0 victory over the future Teachers from Cheyney, Pa. and then rolled in the last quarter of the Miner clash to down Harold Martin's charges under a 6-0 count. A sensational 25-yard pass, LaVerte Armstrong to Francis Fenwick, freshman end, in the waning minutes of the night game with the Miner Teachers was the feature of the evening.

Playing with their backs to the wall from the outset of the game when a Bison fumble was recovered by Buck Covington on the Howard 4-yard stripe, the West charges rode to victory in the first quarter, played in semi-darkness, on the crest of a forward passing attack. For three quarters, the Bisons checked every effort of the Marlinton to score, and then, with less than eight minutes to play remaining, unleashed a passing rally which terminated as Fenwick, a hefty freshman who starred at Dunbar High School last year, snared Armstrong's aerial in the end zone. Another drive for the extra point failed.

Three times, twice in the opening period when fumbles and bad punting gave the local rivals the advantage, and again in the third period, when the sensational running of Jimmy Wiggins triple threat of the Mineries, put them in scoring positions, the Bison forward wall held 'em down. In the Cheyney game, a prolonged drive from midfield culminated with Armstrong's punt and Fenwick's touch down late in the second quarter. The try for the extra-point failed. The second six-pointer was registered in the third period. Fenwick and Fred Hinesy blocked Hinesy's punt and George Jarrett, brother to James Jarrett, former Howard star, recovered on Cheyney's 26 yard line. On the next play, Odell Fryer, another freshman, skirted right end for the 24 yards and a touchdown. An end run for the extra point was blocked. The Bisons will play their initial C. I. A. A. clash, Saturday, October 12th, in the University stadium, with St. Paul, of Lawrenceville, Virginia furnishing the opposition.

Washington High Bulldogs Work For Spencer

By SAM McRIBBEN
The Washington High Bulldogs have drawn their toughest assignment of the year this week-end. The Spencer High tilt has been set up a day in order that they play Tuskegee on Saturday. Thursday will find them lining up against the national prep champions in Columbus in what is certain to be a thriller and the coaching staff is on the alert polishing up the dirt spots on a powerful offensive unit and stressing fundamentals for defensive use. There are no injuries and the general spirit is one to be admired. The line-men making the trip are as follows: Thornton, Nunnally, Walton, Butts, Wolfe, Goodlock, Telford, Plain, Hayes, Lee, Maddox and Woods. Minor, Warham, Thomas, Hardaway, Johnson, Cooper, Pugh, Smith and Holmes. The above players form a well-balanced team that should be able to give an unusually good account of themselves against Spencer and probably average a setback at the hands of the Tuskegee High eleven. A final scrimmage period will be observed this afternoon and the following day will be spent in a limbering up session and probably a light-signal drill. With a heavy schedule in front of them the Bulldogs will have to move quickly and according to head coach L. J. Eise and assistant Powell, the boys will get down to brass tacks and stay down until the last game has become history.

Former President Hoover made a great speech in California last week—a masterpiece in the estimation of the fellow who is willing to think it over carefully. But the average person won't do that. He still thinks of Mr. Hoover of 1932 and it is the best reason why the Republican party cannot afford to nominate him next year.

Iowa boasted of the large number of persons dropped from the relief rolls a few months ago but now are complaining bitterly because they find that small relief rolls make small appropriations of government funds, all of which goes to show that the fellow who asks for little gets less.

The law forbids the Liquor Control Commission to use paid advertising in newspapers and yet the commission sends the newspapers bundles of material to be run in their columns as news for which it pays nothing. But it is advertising when they tell the price of liquor; news when they tell the amount of liquor being sold.

TYPICAL OF REFORMER

The International club of Penn College at Oskaloosa has been making a study of the Ethiopian-Italian crisis and has come to some definite conclusions as to the justification of this situation and wars generally. These young college students concluded that wars of no kind are justifiable but excused Italy in this instance because the country was overcrowded and needed room for expansion.

Penn College is a Quaker school. Quakers have been looked upon as a fair-minded group and it is rather disappointing that such a conclusion should have been reached in an institution whose traditions have been the best; among people who have been looked upon as pretty conscientious about their religious scruples—about their obedience to the ten commandments, these people have excepted from these their ideas of fairness.

But the trouble here is that their ideas of fairness are Christian consideration of the Ethiopians. However this leads to the further statement that they are in line with those Christians who sing their holiness from the housetop, embrace all the commandments and teachings found in the holy bible and at the same time lynch, burn, segregate, disfranchise and otherwise degrade other Christians even of the same denomination simply because they happen to possess a different colored skin.

It is just such things as these that undermine the influence of the church—a group which of all might have been of untold influence in preventing this present conflict had it the courage to do so.

OUR RESPONSIBILITY

To the extent that the masses of Negroes patronize their business institutions will they succeed. White friends do give a great deal of aid; many of our institutions could not exist were they to do otherwise. But the responsibility is squarely up to us.

HYPERPIESIS (High Blood Pressure)

The cause of high blood pressure is, as yet, unknown, and none of the explanations so far offered are satisfactory. Individuals subject to this condition usually first show symptoms in late middle life. The condition is, however, of ten discovered accidentally in the course of a part individuals subject to this disorder are stout and usually indulge freely in the pleasures of the table. Women usually are affected more than men at or about the change of life. Patients subject to this disorder seek medical advice complaining more or less of persistent headache, shortness of breath on exertion, palpitation of the heart, attacks of dizziness, sleeplessness, undue fatigue and sometimes visual disturbances.

Patients who suffer with this condition should make frequent visits to their physician for advice and treatment. Cerebral apoplexy (stroke) is usually the outcome of untreated high blood pressure.

FIGURE BUT FRACTION OF MOBBINGS SAYS ILL

New York, N. Y., Oct. 4.—Sixteen lynchings, fifteen of them Negro citizens, came to light during the first nine months of 1935, according to a compilation made public last week by the national office of the International Labor Defense, all of which goes to show that the fellow who asks for little gets less.

The law forbids the Liquor Control Commission to use paid advertising in newspapers and yet the commission sends the newspapers bundles of material to be run in their columns as news for which it pays nothing. But it is advertising when they tell the price of liquor; news when they tell the amount of liquor being sold.

NEW BOOK ON JOE LOUIS

In another column in this paper there is advertised a new book telling some facts about that great fighter, Joe Louis, of Detroit, which has never before been published. C. A. Magon Advertising Agency is in charge of the distribution.

This is a brand new sian on Joe Louis' life, which is not only of interest to every sportsman but is a worthwhile edition to the library of every home. It tells why Joe Louis' life is a pattern for young folks to follow, elevating truly a noble inspiration. This new book is worth five times its cost from that angle alone.

comes from white business concerns. It should for the Negro spends most of his income with them. But the great bulk of our subscriptions must come from our own group.

Occasionally our circulation manager finds some who complain that they are too poor to take the paper and yet investigations show that they have money for every other purpose—many even not quite so worthy. Some of these people are holding public jobs which The Bystander helped create and maintain; some are holding jobs with reasonable incomes with very little responsibility and yet are not willing to carry their fair share of worthwhile projects. These, same people are generally those who take no interest in community affairs, do nothing for anyone else but themselves and at the same time think they are living a useful life. Of course everybody has a right to spend his money to his own liking but he owes a duty to himself and the community to support the worthwhile things about him.

COMMUNITY 'CHEST' DRIV IN NOVEMBER

An attempt is being made this year to correlate local and national programs to promote community chest campaigns, according to Milton S. Denmon, chairman of the Des Moines committee. The Des Moines drive is scheduled for November 16-23, inclusive.

President and Mrs. Roosevelt were members of the general program of the Mobilization-for-Human-Needs conference held the fore part of this week in Washington, D. C.

Joe Louis beat Max Baer's face at the chicken stadium. In a letter received this week by her sister, Mrs. Dr. Miss Johnson, 1249 Stewart St., here, Miss Bell gives a graphic account of the revelry and tumultuous celebration in New York's Negro section.

Joe Louis' photos, any size, sold like hot cakes for \$1.00 each, she writes. "All traffic was stopped, taxi cabs and street cars taken from their drivers as each one was questioned 'What do you think of the fight?'"

E. G.—My husband and I are thinking of making a change of location and I would like your advice about it.

Ans.: Since your husband has secured a job at the "D" High school, it would be better for you to move to town rather than FARM next year. With this position he won't have time to look after a farm.

J. H. F.—What happened to the man I am interested in and is he planning on returning any time soon?

Ans.: Your boy friend is still in DETROIT, MICHIGAN and seems to be doing fairly well—because of business reasons, he isn't contemplating returning any time soon.

M. J.—Why is it that my brother won't answer my letters?

Ans.: It is my impression that the estate your father left hasn't yet been answered your letters concerning this affair. Your brother had rather not share of this estate.

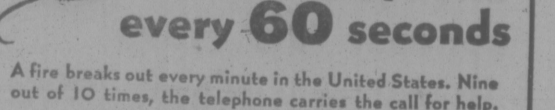

V. E. H.—If I continue on with this boy what will be the outcome of this affair?

Ans.: I'm afraid you'll turn out to be the loser—This man you are going with appears to be living with a woman that he is NOT MARRIED TO. There isn't much use for you to continue on with him for if he wasn't very much in love with this woman, he would gladly give her up for you.

R. W.—Will you please tell me why my husband's brother acted the way he did? Why don't men take to me?

Ans.: Your husband's brother is too high a type man to play around with married women, and he has too much respect for your husband than to let him catch you two together—Men would take to you and would have more respect for you if you

Sports

By Allan Abby

The boys had a fairly successful week-end in this glorious game of tag and take. Locally there was a real dash. Greek met Greek when Valley Junction with Booker King met Perry with Gail Davis.

Both boys were well matched and the honors were about even, although Perry won the game 6 to 0. Our boys at North and East got snowed under; Captain Jack Smith of Ames High led his gang to a onesided triumph 31-0 over North with Chet Simms, Ozzie Lewis and company.

With the clubs crippled as much as it is, Lewis and Jefferson will probably see more action than they want for a couple of weeks. East High suffered a fate similar to that of North's when Davenport rode Al Thomas and young Sharpe into the turf under a barrage of touchdowns.

Some of the boys around however, Flowers of Waterloo, Baker and Franklin of Clarinda, Jones from Ft. Dodge and another Black from Ottumwa were among those who had great days. We intend to watch that list of all stars each week and see if at the end of the season we can pick an all-state Negro eleven.

BIG TEN
Up at Iowa City last week, Ozzie Simmons came into his own and flashed his regular form against South Dakota. As long as they keep that boy running wide, he'll make trouble for even Minnesota. Very few star open field men go into tackle often. It costs too much to get there unless one knows what he is about. Homer Harris stamped himself as a potential great end and Don Simmons caught a touchdown pass.

Reduces COLDS 66% and relieves SORE THROAT

Now, science has studied ordinary people leading normal lives and has proved that those gargling with Listerine twice a day had 66% fewer colds than those who did not use it. This is because full-strength Listerine kills the common cold germs—almost instantly! And consequently, when germs have made your throat sore, you can kill the germs and relieve your throat by gargling Listerine. Lambert Pharmacal Co., St. Louis, Mo.
