Women Club Head Heard in Address

DR. MARY F. WARING IS MAGAZINE EDITOR

A physician, journalist, politician and club woman adequately describes versatile Dr. Mary F. Waring of Chicago. Her subject was "Co-operative Measures For Readjustment of Social Conditions."

Ex-Congressman Located in S. C.

THOMAS EZEKIEL MILLER

SERVED IN HOUSE OF REP.

REPRESENTATIVES 1890 TO 1891

Charleston, S. C., July 31—Ex-Congressman Thomas Ezekiel Miller, who served in the house of representatives from September 24, 1890, to March 3, 1891, has been found by an investigator for the American Guide, the works progress administration's forthcoming six volume publication, to be totally blind. At the age of 87, the former solon spends his time with one of his daughters, writing about his experiences and the things that made him a success.

Born in Ferrebville, Bauft county, S. C., June 17, 1849; Miller attended public schools in Charleston and Hudson, N. Y. He was graduated from Lincoln university, Chester county, Pa., in 1872, and was appointed school commissioner of Beauport county, S. C. He was shortly elected to the state house of representatives, serving until 1879. In this period he studied law at the South Carolina college and was admitted to the bar in 1875. From 1878 to 1880 he was a member of the state executive committee and served next in the state senate.

of National Association of Colored Girls, spoke for the young people. Mrs. S. Joe Brown, national parliamentarian, was mistress of ceremonies. The reception was in charge of Mrs. Sophia M. Nichols.

Following a picnic lunch Monday by Phi chapter of the Delta Sigma Theta sorority, of which the distinguished visitor is a member, at the La Marguerita hotel rock garden, with Mrs. Adah Hyde Johnson as hostess, Dr. Waring left for Sioux City, where she addressed the three federated clubs there Tuesday evening. While in Des Moines she was the house guest of Atty. and Mrs. S. Joe Brown.

Editor of the Women's National Magazine, a monthly publication, Dr. Waring is a firm advocate of her slogan, "Believe and your ship will come in." She was appointed by President Roosevelt as a member of the advisory committee on Negro affairs under Secretary of Commerce Roper in 1920. Twenty-five years ago she graduated from the National Medical college in Louisville, Kentucky, and Chicago Medical college in Chicago and is a life member of the International Council of Women.

Good's Pool Unsafe, Says Doctor

'I Believe in Fair Deal to All' Kansan Tells GOP Followers

Topeka, Kans., July 24—(Special)—Governor Alfred M. Landon in accepting the Republican nomination for president of the United States of America gave his stand in uncompromising terms with regard to his attitude towards the Negro.

Perhaps the most significant passage of his nomination speech and the one which should be remembered by all Americans is the following: "I intend to approach the issues fairly, as I see them, without rancor or passion. If we are to go forward permanently, it must be with a united nation—not with a people torn by appeals to prejudice and divided by class feeling."

"I believe in a square deal for all the people of this country irrespective of race, creed or religion, that all should be given an opportunity to enjoy the benefits that flow from this government."

"The Republican party proposes to restore and maintain a free competitive system—a system under which there can be independence, equality of opportunity and work for all."

Ethiopian Troop; March on Capital

RAIN AND MUD CHECK ITALIAN ARMY

Cairo, Egypt, July 31—Two big Ethiopian armies are converging on Addis Ababa, former Ethiopian capital now occupied by the Italian troops. This news is contained in a telegram from the Egyptian consulate at Addis Ababa to the Egyptian minister of foreign affairs. The first Ethiopian army of 250,000 men, commanded by the intrepid Ras Kassa, is advancing from the south, while the foxy Ras Seyoum of Tigre province is closing in on the Italians from the north with a force estimated at 150,000 warriors.

Earl Hines Misses Death in Smashup

BAND NARROWLY ESCAPES SERIOUS AUTO ACCIDENT

Chicago—Earl Hines' band enjoyed one of those miracle escapes last Friday morning when their bus ran into a ditch, was torn to bits and not one member of the orchestra was seriously injured. Earl himself was shaken up a bit, but after a few hours in bed was able to be up and at the piano in all engagements.

According to the story, the bus driver was blinded by the lights of another motorist just as he was about to make a sharp turn. It was said that he had a choice of running into a viaduct or going over an embankment into a river.

Last year Hines and his band figured in a crash in which the star saxophonist, Cecil Irwin, was killed and William (Billy) Franklin, trombonist, was badly. The accident happened at Nevada, Iowa, in May of 1935. Hines' orchestra has been touring the east since completing an engagement at the Grand Terrace. It was reported that he would replace Fletcher Henderson at the South Side cafe this fall.

Chicago, Ill., July 24—(CNS)—Recently at Kewanee, Illinois, a colored WPA worker, Ben Williams, on a street paving job laid 27,000 bricks in one day to set a new record by his great feat. It is stated that although the day was "sweltering hot" he kept a dozen toilers busy laying bricks helterskelter at his feet, and put them in place with lightning speed.

Trigger Man Hints Several More Slain

TELLS OF SECOND RACE VICTIM OF LEGION

Detroit, July 31—The volatile Dayton Dean, stocky, moronic trigger-man for the Black Legion, unraveled the story of another assault upon a Negro this week, and indicated that there were more.

The second victim of Black Legion brutality was James Armour of Ecorse, who was shot in the back as he entered his home February 16, 1935. He survived after spending several months in the hospital and will be taken before the Black Legionnaires to identify them some time this week.

Dean, who is being held with other members of the secret order for the slaying of Charles Poole, a white WPA worker who had been reported to them as a "wife beater," last week released the most gruesome chapter in Black Legion history so far disclosed.

Negro Students Seek Education

1,932 GRADUATES FROM COLLEGES, ACCORDING TO THE CRISIS

New York, July 31—One thousand nine hundred thirty-two colored students were graduated from Negro and mixed institutions in the 1936 spring commencements, according to the results of a survey published in the August Crisis, the twenty-fifth annual-education number. One hundred and forty-one Negro students were graduated from mixed colleges in the north and west. Hunter college in New York City graduated 23; the University of Kansas at Lawrence, 21; Ohio State university at Columbus, 19; and the University of Illinois at Champaign-Urbana, 14.

Some of the largest mixed institutions, such as the University of Chicago, Columbia university, and the University of California, keep no record of their students by color, so that they could not furnish any figures on Negro graduates.

From the Negro colleges 1,791 were graduated. Howard conferred 139 degrees of A. B. and B. S.; Tennessee A. & I., 95; Orangeburg A. & M. college, 92; West Virginia State, 88; Virginia State, 83; Tuskegee, 80; and Prairie View, 73. Ten students, all men, received the degree of doctor of philosophy. One hundred thirty-nine received the degree of master of arts of science. A total of sixty-nine received the doctor of medicine degree.

Major Baseball Classic Carded

THE ANNUAL ALL-STARS TILT AUGUST 23

Chicago—The annual all-star baseball game, played here since 1933, will be played again at White Sox ball park Sunday, August 23, according to an announcement from H. G. Hall, owner of the American Giants, and Gus Greenlee of the Pittsburgh Crawfords.

The attraction this year will differ from those of previous years in that from four clubs will comprise the voting eligible. The Pittsburgh Crawfords, winners of last year's flag race, and the Washington Elites, first half winners of this year, will comprise the eastern division. The players in the west will be chosen from the Kansas City Monarchs and the Chicago American Giants.

Jefferson Cites Unsanitary Condition of Impure Water

Dr. J. Alvin Jefferson met with the Iowa State Board of Health in a conference Thursday morning.

Dr. J. Alvin Jefferson, physician tells of the poor sanitation methods of the new Goods park pool in the following statement: "From a viewpoint of sanitation, I wish to state to the public that the bathing pool in Good park is not safe. The bacterial count of the water is higher than that of any pool in the city. To prevent water contamination in that pool is a difficult task. The reason is because the pool is not complete and ready for use."

The pool should either be closed until it is ready for occupancy or the number of persons bathing in it should be limited. My advice to the bathing public is to stay out of it until conditions are more sanitary, or at least approach the sanitation of the other city swimming pools.

Signed, J. A. JEFFERSON, M. D." The doctor said that Wednesday was the first time the pool had been drained or water changed in two weeks.

"Owing to the fact that the bacterial count of the water is very high, it becomes somewhat dangerous, for children particularly, to bath in the pool at Goods park," Dr. Jefferson stated. "The chlorination of the pool which is not satisfactory cause inflammation of the eyes and tends to act as an irritant to the skin. "We do not mean to criticize unjustly those who operate the pool, but the fact remains that the pool is not in a condition to be partitioned and until conditions are remedied they should be very careful about entering the pool in large numbers, the doctor concluded. He said that the large number of complaints he has received caused him to make this move."

Demens No Match For Satchel Paige

ALL-STARS ON WAY TO DENVER FOR ANNUAL POST TOURNAMENT

By Everett Wadsworth Staff Writer

Displaying a brand of major league baseball that you read about, but is seldom seen in these parts, the Negro National League All-Stars, an aggregation of sepi diamond greats of 1935-36, stopped off long enough to smother the Des Moines Demons, 17 to 0, at the Western League ball park Tuesday night, while on their way to participate in the annual Denver Post baseball tournament at Denver, Colorado, next week. Gus Greenlee, owner, is expected to attend the western classic.

Satchel Paige, the world's greatest hurler since John Donaldson of the past decade, served up some brilliant mound work, with eight strikeouts in the three innings. Robert Griffiths, starting pitcher, fanned five, while Buck Brown, who finished the contest, accounted for three. Among the seventeen hits of the colored batsmen were three home runs by Josh Gibson, hefty catcher; Chester Williams and Marshall. "Slingshot" Jensen started for the locals and was relieved by Corpe. Both received poor support. Fifteen hundred people watched and applauded the colored boys' brilliant playing.

S. H. Posey of Pittsburgh, booking manager and part owner, with his brother, Cum, of the Homestead Grays, gave many interesting sidelights to the writer while in the press box. The All-Stars are made up of fast players from New York, Washington and Pittsburgh and assembled in Chicago, he said. The Homestead train in Atlanta, Georgia, and play winter baseball in Porto Rico. "We have met and defeated many major league teams. Yes, they are very good fellows to play with," Posey answered in response to the question of mixed ball games. They defeated the Cincinnati Reds in a five games series early this spring and are three times winners of the Coast winter league championship in Los Angeles while playing as the Elite Giants. "Cool Papa" Bell, centerfielder, is the "fastest man in baseball," Posey observed proudly, in commenting on some of his men. See editorial on page 4

N. Y. Judge Makes A Mob Suggestion

N. Y. CITY OFFICIALS ARE SILENT ON LYNCHING REMARK

New York, July 31—Neither Mayor F. H. La Guardia or the chief city magistrate has acted upon the protest of the N. A. A. C. P. against the mention of lynching by Magistrate James A. Blanchfield of Brooklyn in his court on July 15th. Magistrate Blanchfield, with two 19 year old colored boys before him on a charge of annoying two white girls, is reported in the New York daily papers as saying: "What would happen to you in Georgia for doing such a thing?" The boys are reported to have replied that they would be lynched in Georgia, whereupon the magistrate said he would have told them, "Well, you won't be lynched here, but I am giving you two days in jail to think it over."

SPORTS

Boxing

The frequent appearance of Negro boxers on the Riverview fight cards prompts us to wonder what future is there here for a pretty good Negro boxer. Our guess is none. The fellows who run the park shows have never meant Negro boxers any good and we don't think they have changed much.

Our boys are still being used as punching bags for each other or flattered into matches in which they have no chance to show white boys so he can gain a reputation.

Baseball
At the Western League park we watched the Negro National League All-Stars give the Des Moines Demons a lesson in baseball Monday. Three Negro twirlers holding the three boys to one hit, a double off Satchel Paige. Paige, who struck out eight batters in the three innings he worked, gave a demonstration of control seldom seen here. Gibson, the catcher, protecting an injured right hand, merely held up his big glove as a target with his right hand behind his back six times out of seven tries as the pitch so perfectly placed that Gibson didn't move his glove, and the one time he did it was only a few inches. It was a real treat for fans who like good pitching and first class baseball.

In all the years we have watched boxing here we have seen just two local Negroes who took their game seriously. George Bourland was a fine example of a clean living, hard training youth, and he probably made more money than any local Negro boxer we know of; under proper handling George might have gone places as a light heavyweight. The other was Kid Lawson. If Lawson didn't think he was ready, wild horses couldn't pull him into a ring. He was a little better judge of his ability than most people are and never permitted himself to be talked into a match where he was the trial horse. Incidentally, he was his own manager, and had not he met with an accident might have become a big money maker. Today the Kid is a fine example of right living even though he is a retired veteran and, in his thirties, he is as spry and fast as most boys who are trying to box now. In fact, a lot of them would be greatly embarrassed if they got in the ring with him. That is the dope, boys. If you want to box, be a good one by paying the price or stop now and keep unscrambled the brains you have so you can earn a living at something else.

GOLF

The Howards are at it again. Jack and Charley (no relation) are in the city public links golf meet now in progress. Jack is in the second flight and Charley is in the top flight. When you read this, they might be out, but

here's hoping they are not. Go after 'em boys.

DELEGATES ATTEND STATE CONVENTION

Henry Meese, Mrs. Gertrude North and Atty. J. Lawrence Oliver comprised the delegates attending the State Democratic convention held at Shrine Temple last Thursday to nominate a U. S. senator to succeed the late Louis Murphy.

Other Negro delegates present were Frank Walker and Mr. Smith of Cedar Rapids, and Peter Russell of Ft. Dodge. The delegates were entertained at a dinner following the convention after which a meeting was held at the Blue Triangle Y. W. C. A.

The P. D. Q. Club is having a moonlight ramble Friday evening. The landing zone will be at 10th and Center streets. They are also having a breakfast at Goods park for the club members.

Columbus, Ohio, July 24—The move to save the Paul Laurence Dunbar home in Dayton from being sold under the sheriff's hammer stepped up a notch last week when the Ohio state legislature passed a bill authorizing the "Dunbar Memorial."

Efforts to make the home of the noted poet a national shrine was begun some time ago, but a lack of funds checked the progress. Foreclosure proceedings threatened to put the property on the auction block.

With the recent passing of the bill, all that remains for a complete solution of the situation is the signature of Gov. Martin L. Davey. Citizens of Ohio and of other states interested in the memorial for the perpetuation of the memory of Paul Laurence Dunbar already have begun to flood the state house here with telegrams and letters, urging the governor to sign the bill.

Robert Taylor, will be at the Des Moines theatre in "His Brother's Wife" with Barbara Stanwyk Thursday.

75 Boys Signed For Y.M. Camp

HENRY HASBROCK WILL BE PHYSICAL DIRECTOR AGAIN

Approximately seventy-five boys have already signed up along with fourteen leaders for the eighteenth Crocker Y Camp period, August 17 to 24. Indications point to a record period. One hundred and twenty-five boys planned to go to camp last Friday evening at the Crocker Y.M.C.A. A program of movies, information and refreshments was presented. Fifty-one boys have already taken advantage of the new scheme to defray their camp expenses by taking over six hundred tickets to sell for the Benefit Boxing Show to be held at the Crocker Y each Wednesday evening.

The camp will be well staffed with Quentin Mease, executive secretary, serving again as director of the period. Henry Hasbrouck has not forgotten his boys since his new appointment and will be on hand as usual as physical director.

This camp is considered one of the finest athletic camps in the country, has for years been a magnet for high school and college athletes as a conditioner for the coming school year. A large number of out of town fellows are registering for this period to make use of the extensive athletic equipment of this camp.

Meetings Held At the Pavilion

Meetings are still in progress at the Bible and Health Pavilion, corner of East University and McKinley, with the following subjects: Sunday evening, The Course of American History as Foretold in Bible Prophecy. It is fast approaching its end; Tuesday, The Beast, The Mark of the Beast and The Image of the Beast; Wednesday, God's Last Message of Grace is Now Being Given to the World.

Thursday, The Seven Seals and the Four Horses of the Book of Revelation. Their Prophetic Interpretation made Plain; Friday evening, The Seal of God. The One Great Test and Saving Religious experience; Sunday evening, Satan—Where did he originate? What is his work? Is he a real being?

"Rhythm on the Range" with Bob Burns and Martha Raye, is now playing at the Des Moines and Roosevelt theatres.

Robert Taylor, will be at the Des Moines theatre in "His Brother's Wife" with Barbara Stanwyk Thursday.

Strand theatre presents "Desert Gold" with Larry Crabbe and Marsha Hunt. The companion picture is "Paroled."

Our boys are still being used as punching bags for each other or flattered into matches in which they have no chance to show white boys so he can gain a reputation.

Baseball
At the Western League park we watched the Negro National League All-Stars give the Des Moines Demons a lesson in baseball Monday.

In all the years we have watched boxing here we have seen just two local Negroes who took their game seriously. George Bourland was a fine example of a clean living, hard training youth, and he probably made more money than any local Negro boxer we know of; under proper handling George might have gone places as a light heavyweight. The other was Kid Lawson. If Lawson didn't think he was ready, wild horses couldn't pull him into a ring. He was a little better judge of his ability than most people are and never permitted himself to be talked into a match where he was the trial horse.

Incidentally, he was his own manager, and had not he met with an accident might have become a big money maker. Today the Kid is a fine example of right living even though he is a retired veteran and, in his thirties, he is as spry and fast as most boys who are trying to box now. In fact, a lot of them would be greatly embarrassed if they got in the ring with him. That is the dope, boys. If you want to box, be a good one by paying the price or stop now and keep unscrambled the brains you have so you can earn a living at something else.

Street Car Gossip—The street car motorman's biggest worry now-a-days (besides the heat) is the after party crowd heading east after attending parties on the West Side—The following is the typical conversation across town: "Say, Queenie, (Gaynell Harris) heard you told Smiles, (H. Gray) that he couldn't paddle two canoes at once." "What's he done about it?" "Well, Wimpy (O. Tolbert) had the time clock put on him tonight (Monday)." "His kessel showed him that 'Mama Don't Low.'" "Did you note Chief (Jim Wade) cutting his stride? And minus the girl friend too." "J. D. Doyle looks just too ready in his red accessories." My, my, my.

Well E. Gray is still wondering what happened to B. Dixon at the party Monday evening. That is just one of those things, my friend—it also happens to be one of those things when "D" Wade gets his name mentioned in church—But unusual things do occur every now and then—

Things that have been noted that are just too ready—Leonard Loomis' swimming trunks—George Edmunds in a bathing suit—Evelyn Chapman—Kathleen Hubbard's complexion—Christine Wade's clothes—June Bradshaw's braids—Harold Robinson's white suit—The Raider's baseball playing—Don Redman and his "orch"—Arnold Wiley's swimming—Bobby Parker's line of jive—Curtis Tillman's unusual ability to say foolish things—and Y. Camp.

The hardest thing to hit nowadays is the water at the pool, when some of these expert divers display their feats and which end up in belly-flops—The newest thing around town is the instructor who is teaching some of our fair young things the art of adagio dancing—

Things that we are wondering about—What will F. O. M., Jr. do now that his chick is in Benton Harbor, Mich.—

Incidentally F. A. blames his not being able to retain a ball to the fact that his opponents waxed his glove—G. "Chop" Robinson is co-backer of Book Johnson—May the best gal win.

Looking over the next generation and wondering what the future may bring—we find that Donna Mae Burrell is destined to become one of the worst heartbreakers ever—with Billy Wilkinson of the Hal and N. Wilkinson family a close competitor, little Toby Robinson promises to hold all the girls in sway and the son and daughter of Step and G. Black will stop clocks while Janie Wadsworth will hold her own in any situation.

Well now that Thomas Avant doesn't have to worry about his English for summer school (G. Edmund does it) I'll inform you that yours truly will not be on the job next week.

In the process of making a newspaper, several stages are employed. News writing, editing, typesetting, proofreading, makeup and composition are done at The Bystander office. The press work, actual printing of the paper, is done by an outside firm, which has a larger press. The operator is responsible for the appearance of a page and it is his duty to see that mistakes, as such occurred last week, are corrected.

GOV. LANDON'S SPEECH

Anyone who heard Gov. Landon's acceptance Thursday night must have been thoroughly impressed with his simple straight forward address.

Among other things he said he was in favor of collective bargaining for labor and the right of labor to join the organization of their choosing unimpeded by anyone and that anyone means the employer, the government or the employee. He further said that the employer has the same right to organize as the employee.

John Lewis of the U. M. W. and President Green of the A. F. L. immediately began to froth at the mouth claiming that this doctrine was favorable to capital rather than to labor. It is strange that heretofore labor was fighting for this very thing. And after all to any reasonable man it's sound. But Lewis and Green have been spoiled. They want the privilege of making men jump through the hoop at their bidding at the same time refusing the other fellow the privilege to do likewise. The principle is wrong and should not be tolerated.

Another thing Gov. Landon opposed was the policy of the government whereby it joined sides in disputes rather than remain neutral where it could properly arbitrate differences. This labor department has not done. He is absolutely right on this score.

Gov. Landon's speech did not suit the big guns of labor because they are pledged to President Roosevelt in advance but The Bystander does not believe the bulk of the working men will want to go any further than the right to join where they please, a right to work even though some labor leader does not like their organizations and a government standing in a position where it can enforce fair play by either party.

A FINE DEMONSTRATION

A group of Negro ball players on their way to Denver stopped in Des Moines long enough Tuesday to give the Demons a good beating. The exhibition was great and the crowd large and enthusiastic.

As one watched the game he must have concluded that after all the sporting world likes a good game and is willing to turn out to see it whether played by white or black men; that there is absolutely no sane reason why men with the ability of these players should be left out of the big leagues, that after all white people are much more charitable toward the Negro than many think.

It was a fine opportunity to show the people of Des Moines what Negroes can do and how well they can do things when an opportunity is afforded.

See story on page 1

Getting Started

At national and state headquarters, departments in the campaign are being perfected. Eventually they will get to the Negro voters.

The Bystander hopes that in each instance men and women of merit will be selected to head the work and that the campaign will be conducted on a high plane. Negroes have much to gain in this election and the results of their labor will depend upon the ability of the leaders to see that the Negro voter is considered in the proper light by the heads of their parties.

THE N. A. A. C. P. REPORT

The National Association for the Advancement of Colored People has just issued its twenty-sixth annual report. It contains a financial statement of the organization and a review of the activities of the various departments and branches.

Anyone reading it and unacquainted with the Negro problem in America must marvel at the difficult continuous fight it is necessary to wage in order for the Negro to secure the elementary rights declared under our constitution. Not only is discrimination shown to exist in our already established institutions, but in every new department established under the New Deal where Negroes are employed grave injustices are pointed out. Of course all of these injustices are not chargeable to the Roosevelt administration some having been established by others.

The report indicates large expenditures in many of the association's activities and indicates very clearly that it takes ample funds to carry on its work. Few people realize that large sums are needed for such work. Their knowledge teaches that all this great work is done on air. On the contrary the association is required to cope with those who know how to do things and have much with which to operate.

It would be a fine thing if every member could read this report. They would learn just what is happening to their dollars, the great necessity for an organization of this character and that the officers are getting results.

Notice to Subscribers

Beginning August 7, The Bystander will be delivered to delinquent subscribers by carrier boys. Paid up subscribers will receive their paper through the mail as usual.

On and after this date, anyone paying less than a full year's subscription at once will be credited on the basis of \$2 per year. These rules have been made necessary by the difficulty of keeping subscribers paid in advance under the old method and the large expense involved.

CEREBRAL APOPLEXY

Permanent elevation of the blood pressure without known cause is a disease of high incidence and a great seriousness eventually causing a plexy (stroke). Apoplexy is caused by the rupture of a blood vessel in the brain, causing a sudden paralysis of one or more of the parts, sometimes coma.

Some of the symptoms that usually appear prior to a stroke are headache, dizziness, stupor, ringing in the ear, spots before the eyes, and sometimes vomiting that is severe. After apoplexy has occurred there is loss of use of one or more limbs, loss of impaired speech, loss of pain sense to affected parts, sometimes coma.

In severe cases death occurs in three to four days. In less fatal cases there is partial emergence from coma followed by stupor or mild delirium and sometimes partial recovery. Favorable cases constitute the largest majority, usually the patient comes out of coma from one to twelve hours. The muscles soon regain some of their tone and the reflexes reappear. If the apoplexy becomes chronic the improvement is slow taking several months to one or two years usually however repetition of attacks occur before this time.

Patients suffering with high blood pressure should be constantly under the care of a physician.

Treatment is directed toward preventing apoplexy by preventing and unusual high blood pressure. So far no known cure has been found. Operations are being done which may some day prove that high blood pressure can be cured and the danger of apoplexy reduced to a minimum.

Service of this notice is made pursuant to the provisions of Chapter 527 of the 1924 Code of Iowa; and unless within the said thirty (30) days you perform all of the obligations on your part now delinquent under said contract and make all payments of principal, interest and other sums due, and pay costs of service hereof, and perform all conditions broken, fully as in said contract provided, said contract will become null and void, and you will be barred and forever estopped from having, asserting or claiming any right, title or interest in or to the premises aforesaid or any part thereof.

T. F.—Will I get everything I expect and will I ever be satisfied as I want to be?

Ans.—You will get your divorce, okay, but a few disappointments will come with it. When you do get your freedom, don't make the mistake of marrying too soon.

E. L. H.—Please tell me if the boy I left in the town I visited meant anything to me? Should I try to go back to this town to find work?

Ans.—Don't waste your time. There is no work for you there, and no love either. This boy was only teasing you. He doesn't want to marry you.

H. W.—Will I be successful in the course I am seeking?

Ans.—You will profit considerably from any time and effort put forth in the study of hair culture. You are well adapted to work of this sort and if you try real hard you will some day own a beauty parlor all your own. Make this your goal in life.

R. A. J.—I am so lonesome and blue I don't know what to do. I have been in Denver, Colo., ten months

and I don't have any company at all or no one to take me out. When will I ever get a friend?

Ans.—You have one right now and don't know it. This man that you met at the cafe who is so fond of your young son is also fond of you. A little encouragement on your part and the result would be a very beautiful companionship.

C. M. B.—Will I be successful in getting me a job after school is out? I am attending summer school.

Ans.—You bet. You might contact the "circulation manager" of this paper and see if he can't give you a job building up a route and you can begin while taking your summer school work. Mention to him that I told you to apply to him for work.

M. N.—Would I do better by moving this fall? Do I need a special reading or I may say a full reading?

Ans.—Move if you like, but take your "roomers" with you. You are not able financially to give up this extra income, so don't take any chances of losing your present board-
