#### Mrs. Clara Johnson Will Again Instruct Women in Kitchen Art

The Iowa Bystander announces its fourth Free Cooking School and Homemaker's Institute, Wednesday, Thursday and Friday, March 17, 18 and 19 at the Bilkien hall. Housewives of Des Moines look forward to this event with much pleasure and anticipation. For the third time they will be instructed by Mrs. Clara Johnson, domestic science expert, and demonstrator of household equipment and kitchen aids, who will manage and conduct the school.

The latest in culinary art, delicious meals, prepared and served at an economy of price, energy and time, proper dieting, clothing and beauty aids will be exhibited and discussed. Short cut methods of the art of "skillets, pots and pans" will be demonstrated and explained. Through the courtesy of national and local manufacturers and firms a model up-to-date kitchen will be installed on the stage.

Capacity crowds attended each session last year to witness the style show, health talks, table setting contests, award of prizes and other worthwhile ideas and suggestions for better home planning.

Local and national advertisers are taking advantage of the opportunity to display and exhibit their products and merchandise before the ever growing Negro market.

#### WHITE HUSBAND SEEKS DIVORCE FROM FATHER DIVINE FOLLOWER

Los Angeles, Calif., Jan. 21—(ANP)—Father Divine, Harlem cultist and spiritual leader, became the central figure in a divorce case here this week, when a cross complaint to his wife's suit was filed by John B. Lowe, motion picture studio employe. Lowe charges that his wife, Mrs. Ethel Lowe, joined Father Divine's flock in 1934, and that he has been the object of ridicule by his friends as a result of her action.

He also says that she took \$30 from their joint funds and spent it for a trip to the New York headquarters of the Divine group. The charges were denied by his wife. The couple have four married daughters, who, it is said, may be called later as witnesses for the father.

Chicago, Jan. 21—(ANP)—Charged only with disorderly conduct since the victim of his attempted attack, Miss Essie Smith, refused to prosecute the case, Dr. Gilbert Wynkoop, white, 56 year old brother-in-law of Dr. Alice Wynkoop, who was central figure in a sensational murder trial a few years ago, was Thursday committed to the state hospital at Elgin by Judge James M. Corcoran, sitting in county court at the psychopathic hospital.

Threat of Rain Fails To Dampen Spirit of Guests

Washington, D. C., Jan. 22—Under a cloudy sky, whose threats of rain and snow Wednesday failed to chill ardor of the throng of 300,000, Franklin Delano Roosevelt, beaming with happiness, took the oath of office as president of the United States. The oath was administered by Chief Justice Charles Evans Hughes of the supreme court.

People poured in on the capital of the nation from everywhere. They came by train, by auto and by plane. Washington hummed with merriment, social activities and political fetes-a-tetes. Two hundred Pullmans, full of Democratic faithfuls, came from the Chicago district alone. Ninety Pullmans brought in Pennsylvania's Democrats from the Philadelphia area.

### WOMEN MENACE CONFESSED HAMMER SLAYER IN NEW YORK

New York, Jan. 21—(ANP)—A crowd of screaming women menaced Major Greene, colored porter and the confessed hammer slayer of Mary Case, as police Thursday night were leading him from the Long Island City court house after he had been swiftly indicted and arraigned and his trial set for February 1st.

The Queens county grand jury had indicted him on a charge of first degree murder, following his confession that he had beaten and strangled the young housewife in her apartment and left her body in the bathtub. Conviction of the charge carries a mandatory sentence of death in the electric chair.

#### Fight Race Hysteria

Reports Calvin News Service—New York leaders are battling a wave of racial hysteria which has followed the murder and which it is claimed has resulted in the dismissal of many colored people from their jobs (mainly porters and domestics) and replacing them with whites.

So serious is this angle that the leading New York dailies, including the Times and the Herald Tribune, carried stories on the first page Sunday of the efforts of George E. Wilson, state leader of the Republican forces for London in the recent campaign, to do something to aid Major Greene, the 33 year old accused porter, to keep him from being broaded to the electric chair, but at the same time to let the public know Negroes do not condone a brutal murder, even if one of their own group is guilty.

#### "Money Crazy"

Colonel McIntyre, Green's employer, said evidently the porter had gone "money crazy," as tenants around the building where he worked had given him about sixty suits during the year, and that he earned \$14.50 a week.

#### Green Gets Counsel

An evidence of fairness was shown on Friday when Judge Golden set a hearing on Friday when Judge Golden set a lawyer, H. C. Liscomb, as a member of Green's legal defense staff. It could not be recalled that a colored lawyer had ever been appointed by the court of the county to defend one of his own group in a murder case.

### Race Propaganda Taken from Dailies

New York, Jan. 21—In response to a protest from the N. A. A. C. P., William Randolph Hearst this week ordered his editors to refrain from using the word "Negro" in bold headlines. The word will be used only as a means of identification in smaller headlines or in the body of news stories.

The N. A. A. C. P. protest grew out of the Jackson Heights secret Case in the Jackson Heights section of New York City on January 11. The Hearst papers appearing Tuesday morning, January 12, carried a headline, "Hunt Negro in Murder of Bride." Walter White, N. A. A. C. P. secretary, telegraphed Mr. Hearst:

Titterton Murder  
"Negro citizens deeply resent racial labels in crime stories, especially since no racial designation is made of other criminals or suspects."

#### PRESENT FRANKIE AND JOHNNIE MURAL AT MISSOURI CAPITOL

Jefferson City, Mo., Jan. 21—(ANP)—Protests from Negroes in all parts of the state have come to state executive offices over Thomas Benton's "Frankie and Johnnie" mural at the state capitol. Benton, considered by many critics to be the foremost artist yet produced in America, makes a specialty of Negro subjects, generally chosen from the lower class.

In his mural supposed to depict contributions of different groups to Missouri history, the only Negro figures are Frankie and Johnnie, a man and woman who are principals in the famous ballad of that name. Colored Missourians are asking that these characters be removed and their places taken by pictures of any number of noted men and women of the race who have made distinct contributions to state history either cul-

### Punish Kidnapers, But What About Lynchers?

In response to the stirring declaration from President Roosevelt that the murders and kidnapers of Charles Mattson of Tacoma must be captured and punished, J. G. Robinson of Philadelphia, D. D. L. D., editor of the A. M. E. Church Review, mailed the following letter to the chief executive, suggesting that he take a stand against lynching:

235 N. Farnon St., Philadelphia, Pa., Jan. 14, 1937.  
His Excellency, the President, White House, Washington, D. C.  
Dear Mr. President:—Your order directing all forces of the law in the nation to track down, capture and punish the kidnaper of young Charles Mattson of Tacoma, Washington, is an act that should bring congratulations to you from all parts of the country, and from every nation throughout the world. By Everett Wadsworth  
Staff Writer  
Iowa still upholds its pernicious Jim Crow practice in public places, disregarding the rights of Negro citizenry. After an hour and a half of deliberations Thursday the district court denied \$2,500 damages and returned a verdict for the defense in the suit of Mrs. Gladys White, colored, against the Avon theatre at Burlington, Iowa.

For refusing to be segregated and to change from a seat of her own choosing to another "reserved for Negroes," she was forcibly ejected from a performance by a police officer. The defense, in denying that force was used, claims that a "refund of her ticket purchase price had been offered."

#### Last Year

Last year a similar incident occurred, but the parties concerned did not press the suit. Nathaniel Kinard, Negro, filed information against the manager of the Palace theatre there for violation of the civil rights law, but withdrew the charges.

The editor of the Burlington Post (daily) published an editorial, in which he stated: "Had the plaintiff won that suit, it would have set a dangerous precedent. . . . In further comment he said that the Negro should know his place." Referring him to chapter 13251 of the 1935 code of Iowa, Atty. James B. Morris, Bystander editor, answered with a hot reply.

#### Des Moines Houses

The common practice of some Des Moines show houses is for the ticket seller to tell the colored purchaser that "all of the main floor tickets are sold out, but the last four rows in the balcony are left," whether it is a week ahead or the same day.

Should he secure a main floor ticket through a friend the usher is likely to take the stub to the box office and return with one to the gallery or the final rows in the balcony, saying: "Your ticket is for the wrong night." The second run theaters have an established rule of "a few back rows" for their sepa patrons and have had various difficulties in the civil courts from time to time.

### Oliver is Chosen Head Postmaster At Statehouse

Atty. W. Lawrence Oliver, of 1047 Thirteenth street has recently been appointed by the executive council as postmaster at the state house to succeed James W. Mitchell. Atty. Oliver, who has worked at the state house for two years as mail carrier, was a member of the law class of 1934 of the University of Iowa, where he spent six years and also passed the Iowa state bar in the same year.

Oliver, active in the Democratic party, a member of the Roosevelt Democratic club and regional chairman of the Iowa Negro Democratic League, is the first Negro in Des Moines to be a member of the Polk county central committee. "I am a life long Democrat and have worked in several campaigns," Oliver stated recently. He is also a member of several social organizations, including the Kappa Alpha Psi fraternity, El Domingo and Just-A-Few clubs.

Mrs. Hazel E. Oliver, his wife, is also active in the Democratic party. They are the parents of twin children.

LOUIS CLAY  
Supreme Court Affirms Second Conviction

SUPREME COURT UPHOLDS JOHNSON COUNTY VERDICT

Louis Clay, 31, lost his final chance for freedom when the Iowa supreme court Tuesday affirmed the thirty years' verdict rendered by a district court jury in the retrial April 15, 1936, at Iowa City for the slaying of George Folsom, 77 year old recluse of Iowa City suburbs, who died during a robbery on Christmas eve of 1933.

Clay was found guilty in the second trial last year of assault with intent to commit murder. Atty. W. F. Murphy represented the defense. Johnson County Attorney E. A. Baldwin asked for the death penalty. Clay was sentenced on April 30, 1936.

The December term, 1935, of the Iowa supreme court reversed the conviction of life sentence of the first trial on grounds that the testimony of Mabel Davis, 24, white girl, his former wife, was "highly prejudicial." Folsom was determined to have died of heart failure, but a year later the possibility of murder was investigated. Mabel Davis told Johnson county officials of the choking of Folsom during a robbery. On the witness stand of her courtship, marriage and divorce to the defendant.

### THREE MORE ANTI-LYNCHING BILLS INTRODUCED

Washington, Jan. 21—Three more anti-lynching bills bring the total thus far to eight that have been introduced in congress. The bills are the following: H. R. 2247 by Rep. Louis Ludlow (Ind.); H. R. 2251 by Rep. Arthur Mitchell (Ill.), and H. R. 2278 by Rep. J. Burwood Daly (Pa.).

The anti-lynching bill to be backed by the N. A. A. C. P. has been re-drafted and is now being considered by several constitutional experts before being introduced in the house and the senate.

GETS MENTAL TESTS. Jackson Miss., Jan. 21—(ANP)—William C. Mitchell, 54 year old white man under sentence of death for the murder of Lewis Bryant and his son, Cott Bryant, colored, was taken this week to the state insane hospital for "observation and examination," after being granted his second thirty day reprieve by Gov. Hugh White.

The present reprieve expires on February 11th and the governor has asked Dr. C. D. Mitchell, superintendent of the hospital, for a report on the prisoner's mental condition. The man's lawyers contend he is "unbalanced." If he is hanged, it will be the second time in the history of the south that a white man has been legally put to death for the murder of a Negro. The case has attracted nationwide attention.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute, Western Newspaper Union.

Lesson for January 24 TWO MIRACLES OF MERCY

LESSON TEXT—John 5:2-9; 6:8-15. GOLDEN TEXT—The same works that I do, bear witness of me, that the Father hath sent me, John 5:36. PRIMARY TOPIC—Jesus Feeding His People.

The world is looking for supermen, those who can work "miracles," and thus afford an easy solution for the problems of the home and of the nation. Men are ready to marvel at and follow in almost abject submission those who promise riches without labor, food without toil, short cuts to comfort and satisfaction.

It is suggested that in the study of our plan somewhat and present seven seed thoughts found in the two portions assigned. It is also urged that the context in both chapters be read with care.

II. Despair Spells Defeat (v. 7). Long familiarity with his weakness had bred in the man with the infirmity a sense of despair. Such an attitude invites defeat. It is unbecoming to a Christian. Let us not forget in the darkest hour to "keep looking up."

III. God Answers the Weakest Faith (v. 8). Jesus evidently saw in the man's despairing reply a spark of faith. He who believes honors the name of God. We may need to cry "I believe, help thou mine unbelief," but if we believe God will gloriously meet even our faltering faith.

IV. God's Command Empowers (vv. 8, 9). Jesus told the man to "Rise—and walk"—the very thing he could not do for his thirty-eight years of life. But when the Son of God speaks to us he gives the power to respond to his command.

V. Works Follow Faith (v. 9). The man arose, took up his bed, and walked. Man's faith in God and God's response to faith lead to man's action on God's command. Too many are they in the church today who have never stood up and walked for God.

VI. Look to God, Not at Your Resources (John 6:9). Humanlike, the disciples counted their money and found it was not enough to supply food for a multitude. And then there was a boy, but he had only five barley crackers and two little fish. It almost sounds like a church-board deciding to close the cross-roads church and let the Devil have the boys and girls, because it costs too much to keep up the work. God help us to trust in God for him. "Little is much when God is in it."

VII. Followers for Bread Not Tasted (v. 15). Jesus said: "I follow Christ because of the advantage and social position I have nothing of what it means to be a Christian. He is not a bread-eating king; he is the bread of life."

Discourtesy Discourtesy occasions not merely suffering, but sin; and Christian courtesy is a "means of grace" to all who have the happiness to receive it.—R. W. Dale. The Day's Work Let us make haste to live. For every day is a new life to a wise man.—Seneca. Grieving for Wasted Time He who knows most, grieves most for wasted time.—Dante.

SPORTS

BY ALLEN ASHBY

Basketball

In the Y. leagues last week fireworks were the general order. The Aces won a thriller from the Imperials in the intermediate league last Wednesday, 25 to 24. The Junior leaguers threatened to gang the scribe unless they were given some publicity, so here goes. The clubs knocked off the Buffaloes, 16-15, in an exciting game as was played in any league last week. Joe Howard popped in most of his team's baskets and Jimmy Bowman played it swell floor game. Hi Jimmy. The other junior game was a 35-11 win for the Hawkeyes over the Bombers.

In the senior league the Y. Stars furnished the business of the evening. Keyed up as 'only kids can key themselves, they caught the Raiders' cheery and over-confident. The Raiders tried to put on the pressure, but there wasn't any pressure there. Bobby Parker, Chauncey Bailey and Bob Hyde led the 13 to 11 triumph St. Paul found the Top Hatters, led by Louie Fulton, waging a determined battle, but managed to win, 25 to 16, without too much trouble. The Corinthians Beapole team simply had too many six footers for the Rocketa, who couldn't get the ball enough to keep the score from being 33-15. Last Wednesday the Erl Kings de-

feated the Riteway team. Bunny Wilson and Archie Greenlee helped us win, 27 to 18. We used nine players in all Thursday when we went to Conrad. At the first half we trailed, 29 to 6, but the second half we came to life and outscored the locals, but lost, 12-27. Jamo Allen was sick, so we used Bus Brown, Bunny Wilson, Archie Greenlee, Virgil Mann and Bobby Parker. The Raiders trimmed Norwalk last Wednesday, 27 to 11, and the Y. Stars conked the Y. Leaders on the same night.

The "experts" are giving Joe Louis a chance to lose to Bob Pastor next week. Benny Leonard says Pastor can outbox Louis. Leonard forgets that Pastor has probably never been hit as hard as he will be on January 29th.

The Pennsylvania boxing commission reversed the decision in the J. H. Lewis and Al Ettore bout and our Negro press is happy. A great state. You fight and wait a month to see if you won or lost. The best way is to knock 'em stiff or stay out of that state.

Arkansas State basketball club has a habit of splitting a series with teams. They split with Wiley at Marshall, Texas, and last week split with Bishop at Pine luff. Dropped the first game, 30-16, and won the last, 40-34. State plans to do big things as host to the Southwest conference basketball tournament March 12 and 13. They finished second in this meet at Dallas, Texas, last year. Langston was the winner then.

Waldie Goes Round & Round

By Waldie

Two weeks rest from work certainly does wonders for a person but you're always more than glad to get back—as was in my case—Before going further, thanks to everyone who so thoughtfully remembered me during my recent confinement—Words can't express—and you know the rest.

Well in keeping abreast with the times—I see: That the mighty Raiders met their Waterloo in the form of the Y Stars, younger (in age) basketball team—Were their faces red!!! Or were they? That Mr. Roberts just utterly refuses to let the fair young things by at basketball—Even the nicest smiles can't turn the trick. Do you suppose he made New Year's resolutions? ... that Gen Morrow has been seriously ill, but is improving ... that the forums held for young people at the Central Y each Wednesday are tops—in both educational and social ways as the young people are entertained at a social after the forum—That's glory ... that I saw Charles Austin for the first time since last year—no I'm not mentioning anything else Maxine H. but get, how I'm thinking ... that the Y. M. assistant sec. lost about ten years of further growth Sunday—Sorry can't divulge the details—but there're plenty amusing, eh, George? ...

Speaking of things and more things—Have you noticed how the younger set have been telling it before the Justices of Peaces, the latest being Oralee Jones and Jim Wade (I expected it all the time)—then there was Harriet Weathers, James Gator, and some other have had the knots tied "until death do them part"—I hope it hasn't been changed in these modern days—But what worries and exasperates me most is that none of the "lost and doomed" get their sentences solemnized by a minister, y' know with bridesmaids, ushers and all the other accessories—including of course the rice—Incidentally I would like to be someone's maid of honor or something er-a other—Not only Virgil Mann but just too many of our other gents around town read the Pittsburgh Courier and wonder what it would be like to see some really pretty

girls—And is that a blow to our vanity—Archie Greenlee seems to be a valuable recruit to the basketball games this season—Is or isn't Daniel White still in town? Speaking of organizations organizing—the Cavaliers have done their part—verbal orchids—but gee those Jr. NAACPers—And nothing can be done about them—Seems as if Gods is the ideal place for sleighing these days—Wonder why more of 'usis' don't go in for skating—they're just too popular with our fairer friends.

Solid Charmers and Mellow maidens about three years from now—are Edythe (Pi) Doyle and Ruby Vandevtr—they'll be solid glory!!!!

If you haven't heard it before, you have missed something—meaning the Good Times Society on Monday even, 9 P. M. and KSO is the station—with Chick Webb and Ella Fitzgerald—The Swingopators are off because of less muzzalo—well here's closing with—"Wouldn't it be just grand if Joe, oh yeah the mighty Louis, made a personal ap. here!!!!

S. S. INSTITUTE TO GIVE COURSE IN RACE RELATIONS

Another evidence of the increasing interest in the subject of race relations in Des Moines is the fact that for the first time in its history of twenty-six years the Des Moines Sunday School Institute, which is said to be the oldest interdenominational religious training institute in America, is to have a course in "Race Relations" in its winter period, which will open at the Central Christian church, Ninth and Pleasant streets, Tuesday, February 9th, continuing for six consecutive Tuesday evenings.

The text used will be, "A Preface To Racial Understanding" written by Dr. Chas. S. Johnson, Negro, head of the department of social science of Fisk university, and will be taught by Atty. S. Joe Brown, a pioneer in the field of religious education having headed that department in St. Paul A. M. E. church of this city for the past thirty-two years.

### HOW ABOUT IT DEMOCRATIC FRIENDS

The Iowa Social Security department is now in process of organization. Scores of new employees will be added to the payroll. These jobs will be permanent and although political should include a number of Negroes.

During the past four years a large number of employees have been added at the liquor store and the board of assessment and review—all white collar jobs—and yet no Negro included in the group.

When one considers the closeness in the vote for some state office and the active part Negroes took in the past campaign on the Democratic side it is ridiculous that none have been considered in the distribution of patronage. It seems to The Bystander that Gov. Kraschel, who won by less than two thousand votes, should feel this responsibility and make good on some of the promises made in the election. It will help demonstrate as much as anything else whether there is any difference between the attitude of the Democratic party in Mississippi and in Iowa.

### AN UNFAIR BURDEN

White men kill white and Negro people every day but if anybody suffers it is the fellow who commits the crime; if a Negro kills a white person too often it is a different story. The whole race suffers in many instances.

A very striking example is that of a Negro porter who killed a white woman in New York City. Threats of mob violence were heard when the accused was taken to court, and many Negro domestics have been discharged from their jobs. This is most unfortunate for in this instance the innocent have been forced to suffer because of that with which they have no connection.

Sensible white people ought not be stumped into this unfair attitude; on the other hand Negroes must be careful not to allow situations of this kind arise. Problems must be dealt with as we find them and while we can help to correct sentiment in the future little can be done for those that have passed.

### THE REASON WHY

On December 28, the census department released a comparative statement based on the 1930 census showing the expectation of life for Negro and white males and females. The paragraphs quoted below tell the whole story:

"Out of 100,000 Negro male babies born alive 91,268 as compared with 92,768 white male babies will complete the first year of life and enter on the second; 89,755 will begin the third year as compared with 92,837 white babies; 82,903 Negro, and 88,921 white will reach the age of 21; and 14,419 Negro males and 29,471 white males will attain the age of 75."

"Out of 100,000 Negro males born alive 8,732 as compared with 6,232 white males die in the first year of life; 1,513 Negro and 931 white in the second year; 718 Negro and 283 white in the 21st year; and 1,387 Negro males as compared with 2,515 white males die in the 75th year."

Anyone reading these statements

without reflection would conclude that the Negro is more susceptible to disease than white people. Of course this is not true but most people don't know it.

It will be interesting to watch the figures on infantile paralysis deaths and see what the comparison is. By all the rules of the game the white deaths should be lower for in addition to the advantages local communities offer, the Warm Springs, Georgia sanitarium for sufferers with infantile paralysis and sponsored by President Roosevelt Charity balls, doesn't admit Negroes to its facilities. Negroes being less prosperous really need the advantages of such a place more than whites.

Here is an instance where racial discrimination coupled with the economic status is bound to have a bearing on the ratio of deaths between the white and Negro people. Multiply this by the same situation in other diseases and it is easy to explain this appalling death rate.

However the fact that this situation exists is an indictment on the American people. Heroic work should be done to equalize this handicap which must include more economic security and a higher standard of living.

## Chapman Products

line to include the following all season products: Lotion for the hands and face; facial creams; toilet waters; perfumes; after shaving lotions, astringents, deodorants, etc. All the above will bear the new trade name of "Fon Membré," with a color scheme of black on gold.

Most of the insecticides, furniture polishes, liniment, water softener and cleanser, hair grower and dressing, extracts, etc., will bear the original trade name of "Unedcor." These products, representing years of exhaustive labor and expense, are prepared to meet keen competition in the open market in quality, price and appearance," Chapman declared.

Success in the fumigation, de-mothing and extermination field has warranted expansion, he declared. He has succeeded on many large extermination jobs where some of the larger companies have failed. He has to his credit many well satisfied restaurant proprietors of the loop. Chapman is now making extensive preparations for spring and summer business.

Repeat sales and high praise from clients, he says, have been most encouraging. The Good Housekeeping Magazine has promised to O. K. Unedcor products just as soon as their distribution reaches the required sales volume. All merchandise is made strictly to conform to all governmental regulations. Much of the retail selling will continue through local and national representatives and drug stores.

Most of the goods will be on display at Community Pharmacy, Twelfth and Center streets, and Hammit's Drug, East Sixteenth and Walkers, during the week of January 23-30. The public is invited to see the display and to inspect the ultra modern packaging of the items. Free samples of "Fon Membré" perfume will be given as long as they last.

### HEARST ORDERS "NEGRO" OUT OF CRIME HEADLINES

(Continued from page 1)

White: "You are perfectly right and I am so instructing editors." Hearst papers this week have not used the word in any major headline. Practically all the New York dailies observed the same rule referring to the colored prisoner in the murder case as "porter" or "suspect" or "tub killer."

Several months ago the N. A. A. C. P. sent a letter to leading daily papers over the country asking that racial labels in crime stories be eliminated, and approximately fifty papers replied that they were following this rule.

### VARIOLA (Smallpox)

Smallpox has existed since the earliest times in China, India, Africa and along the Mediterranean sea. The disease is now held in check by vaccination throughout the civilized world but still holds ravaging sway in the less enlightened countries. The disease is caused by an unidentified germ and is contagious by contact.

The period of developing the disease after contact is usually 10-14 days though it is sometimes longer.

In most cases the onset is sudden with a chill or chilliness, headache and severe backache, generalized body pains, nausea or vomiting, with a rapid rise in temperature. About three days later a scarlatiniform rash will appear on the face and wrist first, which soon becomes popular and rapidly spreads over the trunk and limbs, the papules are quite hard and in a few days develop an umbilicated vesicle (filled with a clear fluid) and surrounded by a red base, two or three days later the vesicles turn white and become pustular; they gradually shrivel and about the twelfth day have dried up.

The depth of the pustular ulcerations is usually sufficient to leave definite pitting. Itching is very severe at times.

Treatment is symptomatic after the disease has developed, i. e., the patient is treated for any symptom that might arise. Compulsory vaccination of children during their first year and repeated every five to ten years. Since the incubation period is from ten to fourteen days all contacts should be vaccinated immediately as the vaccination will take within twelve days.

### The Life Story of Negroes of Note

PAUL LAWRENCE DUNBAR

Never a robust person, the state of his health began to cause alarm. At Colorado and stayed several weeks. There was not much to be done for him so he returned home to Dayton.

For a time those who knew him best engaged in quite a verbal battle. Some contended that he literally drank himself to death. Others claimed that he drank to excess in an effort to urge himself on to things that seemed beyond his strength. Whichever way it went, the fact was known that he was a drunkard.

To the end of his brief span of life, just thirty-six years, he was a poet. Always seeing beauty where most people saw only the commonplace. One of his loveliest poems was inspired by a cold November rain beating on the window pane.

Many Negro institutions, schools, clubs and at least one bank, are named to honor his memory. He was not the first Negro to write poetry. No one can predict the heights to which future Negro poets may soar. We may reasonably believe that some day Dunbar's work will be surpassed but the fact is and must remain—Paul Lawrence Dunbar blazed the trail for the Negro poet in the field of American literature.

W. B. X.—I recently went on a trip. When I returned I found things in my home quite different. What step should I take to overcome this changed atmosphere?

Ans.—Move out of the apartment building that you are living in at present and your worries will be over. You are quite right in suspecting the young woman in the apartment next to yours as trying to attract your husband's attention and to keep down a fuss just now.

M. M. C.—I want to send away and get some books and yet I don't know whether it would pay me or not. Would it help me to do so?

Ans.—Yes. Since you cannot arrange to take this course in a night or day school, then it would be money and time well spent to send for this correspondence course. Anyone as determined to better themselves as you appear to be will have no difficulty with the course.

P. L.—Will I get the money that I am expecting to get and when may I expect it?

Ans.—You won't get the money. Your brother cannot afford to help you out again. You must remember that he too has a family to support and on several occasions you have borrowed and promised to pay back and never did.

K. N. M.—Mother is insisting that I return to college and I do not want to. What should I do in a case like this. I feel that I cannot do my work well.

Ans.—Go back to school. You will get over the little romance within three weeks after you reach school. If you remained at home this time it young man you care for, as he is not

## How long should a man's legs be?

Lincoln had a good answer. "Long enough," he darwled "to reach from his body to the ground."

That seems like a good rule to apply to a business. It ought to be big enough to do the job it is intended to do.

Have you ever thought about the size of a company, what makes it big or small?

It isn't the directors and it isn't the stockholders—but the public. No business grows—and keeps on growing—unless it meets the people's needs and provides a worth while service at a fair price.

The Bell System has grown as the nation has grown. It has to be big to provide efficient, adequate service to 127,000,000 people.
