TIRE BLOWOUT CAUSES CAR TO OVERTURN

New York, N. Y., April 29—Stepin Fetchit, star lazy man of the movies, who soared to unknown heights of cinema popularity through the art of doing nothing, was critically injured here at 9:45 o'clock Sunday morning in an auto crash near the intersection of Eighth avenue and West 135th street.

The droll comedian, who has become an international figure in the motion picture industry, suffered a fractured skull when his car struck an "L" pillar on Eighth avenue just fifty feet from the place where a notorious gangster was killed in an accident one year ago.

Witness stated that a blown out left tire caused the machine to swerve, then skid thirty feet or more because of the wet pavement completely out of control of Stepin Fetchit, who was driving alone. The car was an old 1931 Lincoln club coupe, which the famed comic star had held in his possession as a lucky charm.

NO "OFFICIAL" CORONATION COLOR BAR IN HOTELS

London, April 29—(ANP)—Several London hotels are putting on a "color bar" for the coronation. Unlike America, when the English start their jim-crow act, they have to begin with the Indians and go down the line of colonials to the Africans. Or, as you choose, there does not seem to be half the emphasis on "race" here as there is on "color."

Two Real Dangers Seen Facing Gavagan Measue

UTMOST PRESSURE ON SENATE URGED FOR ANTI-LYNCHING BILL New York, April 29—While the forces which were victorious in driving the Gavagan anti-lynching bill through the house are jubilant over their success and are tackling the senate undaunted, they point out that there are two very real dangers facing the bill in the upper house. One is the prolonged and bitter fight over the president's supreme court plan. The other is the direct filibustering on the anti-lynching bill itself.

MACK ROBINSON SAYS HITLER TREATED NEGROES O. K. By Everett Wadsworth Staff Writer

It is refreshing, indeed, to find Negro college students who are choosing other careers instead of seeking to further overcrowd the fields of doctors, lawyers and ministers or just studying "liberal arts." Mack Robinson of Pasadena (California) junior college, 200 meter flash and member of U. S. Olympic squad; Edward Burke of Marquette, co-holder of the world high jump record; Mel Walker of Ohio State, another record high jumper, and Seward Mounday of Compton (Los Angeles, California) junior college, have definitely decided on their life's work.

Lincoln Battalion Wins New Honors

CHICAGO NEGRO HERO OF JARAMA FRONT IN SPANISH WAR Madrid, April 29—(CNA)—Among the members of the Lincoln battalion on the Jarama front, Oliver Law, Chicago Negro worker, stands out for his leadership, his coolness and his gallantry, demonstrated at least three times in going over the top under fire. The battalion is composed of American anti-fascists who are aiding the Spanish popular front government forces against the rebel fascist General Franco and his allies, Mussolini and Hitler.

Law was one of a group of Chicago Negroes who enlisted with the Lincoln battalion to help defend Spanish democracy. Most of the group have been killed in battle. The Lincoln battalion is part of the International Brigade, made up of anti-fascists from all parts of the world, which has helped the Spanish people's militia in repelling the fascist attacks on Madrid and in assuming the offensive on all fronts in recent months.

to establish a different school district from that including the more heavily enrolled colored school, the 360 pupils of the all-white Nuroad public school returned to their classes Wednesday.

A board of arbitration named by County Superintendent of Schools R. G. Russell ruled against the white parents who caused their children to strike in an effort to separate the districts. This board ruled that the white school should remain in the Kinloch school district, which operates a school for colored at South Kinloch park. Strikers contended this colored school got most of the funds for education and wanted their own district, which would permit their taxes to be used "for white education exclusively."

Five Year Fight Ends in Victory

COMMUNIST ORGANIZER ARRESTED IN 1932 WASHINGTON, D. C.—A five year fight ended in victory when Angelo Herndon, 23, Atlanta, Ga., communist organizer, and former Cincinnati worker, Monday was freed by the U. S. Supreme Court by the 5 to 4 vote from an 18 to 20 year jail sentence to the Georgia chain gang. The legal battle was in charge of the civil Liberties Union and the International Labor Defense. The sentence has been imposed on Herndon after conviction on charges of violating a Georgia reconstruction days statute forbidding the advocacy of forceful resistance to the state.

Oratorical Contest Friday at St. Paul

He was prosecuted on the theory that membership in the Communist party indicated revolutionary opposition to the state and that organizing work on behalf of the party amounted to advocacy of forceful revolution. The case was before the court some time ago but the high tribunal refused to act on an appeal from conviction because of the failure of the defense lawyers to raise matters involving his rights.

Rev. G. W. Robinson

The court at that time ruled that it had no jurisdiction. The Negro Communist party member then swore out a writ of habeas corpus which served to bring his present case to the court. No Proof The majority opinion said that Herndon had "a constitutional right to address meetings and organized parties unless in so doing he violated some prohibition of a valid statute. IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute of Chicago, Western Newspaper Union.

Lesson for May 2

ABRAHAM A MAN OF FAITH
LESSON TEXT—Genesis 12:1-9; 13:14-18. GOLDEN TEXT—By faith, Abraham, when he was called to go out into a place which he should after receive for an inheritance, obeyed. Hebrews 11:8. PRIMARY TOPIC—A Friend of God. JUNIOR TOPIC—A Hebrew Pioneer. INTERMEDIATE AND SENIOR TOPIC—Adventurous Faith. YOUNG PEOPLE AND ADULT TOPIC—Creative Faith.

One of the greatest characters in all human history comes before us today in the person of Abraham. He is venerated by Christian, Jew, and Mohammedan alike. His personal history is replete with interest and instruction. But his claim to an outstanding place in history is broader than any of these things, for he was the one by whom God called out a nation for himself and began his dealings in sovereign grace which continue to our day. In choosing Abraham God began the history of the Jewish people, his chosen nation. They were called by him to be not only a national witness to the one true God, but also to be the repository for his truth (the Holy Scriptures) in the earth, and, above all, to be the channel for the coming of the Redeemer to the earth.

Our lesson, however, centers on the faith of Abraham. As the Golden Text (Heb. 11:8) indicates, it was by faith that Abraham responded to the call of God. That call came to him in his father's house in Mesopotamia (Acts 7:2, 3). His partial obedience brought delay at Haran (Gen. 11:31), and wasted years, but in Genesis 12 we find his complete obedience and resultant blessing.

The study of faith is always fascinating. Faith is the thing in man that pleases God. He is quick to honor our trust in Him. Unbelievers shut the door not only to blessing, but also to usefulness.

I. Faith Calls for Separation, Obedience, and Worship.
1. Separation (Gen. 12:1). "Get thee out" was God's command to Abraham. It is his command to his followers today. "Come out from among them and be ye separate, saith the Lord" (II Cor. 6:17). This is the crying need of the church in our day. Instead of the church's being in the world seeking to win it for Christ, the world has come into the church and destroyed much of its vital testimony.

2. Obedience (Gen. 12:4, 5). "So Abram departed, as the Lord had spoken." Faith obeys God, without question, without hesitation, and without reservation. We need a revival of obedience in the home, in society, and in our relation to God.
3. Worship (Gen. 12:7, 13-18). "There builded he an altar unto the Lord." Faith in God is far more than the psychologist's preachment of self-confidence. It results in fellowship with God, reliance upon him, not on one's own strength of personality. Faith worships God.

II. Faith Results in Blessing, Protection, and Liberty.
1. Blessing (12:2, 3). "I will bless," said God. "The Lord's commands are rarely accompanied with reasons, but they are always accompanied with promises, either expressed or understood."

In the case of Abraham the promise was not only to him, and to the nation of which he was the father, but to "all families of the earth." That promise was fulfilled in the coming of Christ to earth to be our Redeemer (Matt. 1:1).
2. Protection (12:3). "I will . . . curse him that curseth thee." That promise to the seed of Abraham is still true. The nations have forgotten it in their hatred of the Jew, but God has not forgotten. The promise is equally true in the case of those who follow Christ, "the son of Abraham." His protecting hand is over us even in the dark hour when it looks as though the hosts of Satan had conquered.

3. Liberty (13:14-17). "All the land . . . will I give." After many varied experiences in which Abraham proves God's grace and power, he comes out into a place of unlimited liberty.
The man who boasts of his "personal liberty" who feels that he is free from the "bondage of religion," is in fact a slave to the enemy of his soul. And the man who becomes "the bonds-lavie of Jesus Christ," he alone is free. None is more fettered than he who shouts "I am the master of my soul." And none is so free as he who can say, "Christ is the Captain of my fate, the Master of my soul."

Drake Relays Marred

first or second. The eight men were so close it was hard to pick anyone, and a mistake of this sort was easy to have been made.

Mile Relay

Mack later got some measure of revenge when he took the baton in the college mile relay. He was about eight yards behind Cagle of Oklahoma Baptist, who was a member of America's 1,600 meter relay in the Olympics. Mack picked up the Dixie flyer coming out of the last curve and went by him to win by two yards. They say his time for the quarter was 48 seconds. Mack also grabbed the broad jump Friday, with Kermit King, last year's champ, second. The Olympic star's 26 feet, 5 inches was the second best jump in Drake Relay history.

When Eddie Burke, Marquette's world record holding high jumper, missed his last jump, failing to place, we had dark visions of another setback in this event. But Mel Walker of Ohio State, a record holder also, cleared the bar at six feet four; a good jump for a cold, wet day and a takeoff as slippery as a greased eel. Negro competitors in the university relay section were scarce as hen's teeth, which means there just weren't any.

College Section

In the college section for teams allowing freshmen to compete, the Pittsburg, Kansas, Teachers taught running as Brown and Don Dunn helped their team win the sprint medley relay. Pasadena Junior college, with Mack Robinson showing why he ran second to Jesse Owens in the 220, finished second, and Compton Junior college, with Seward Munday, a likeable, playful youngster, running anchor, was third.

Randolph Carter carried the mail home for Whittier college in the half mile relay for colleges observing the freshman rule, and a powerfully built lad named Williams helped Miami of Ohio to run second. In the Iowa conference section Langston Parks and Maynard Black helped Parsons finish second in both the half mile and mile relays.

In the college two mile relay Pittsburg Teachers continued their teaching of foot racing as Allen helped Brown pack the bacon in. Nelson of Iowa helped his team get third.

Junior High

The opening gun saw Washington Irving High, with Lawrence Carter, Delbert Morris and George Maupin, scamper home with the quarter mile relay title for this school. Amos Hiatt, with a couple of dusky boys two, was fourth. The grade school about their downfall in the mile shuttle race also found Negroes on both winning teams.

In the class B high schools Valley Junction, with Charlie Swink as their hero, corralled the quarter mile relay. Mose Floyd and Booker King helped Swink in this event. Charles anchored Valley home in the mile relay in both class A and B sections. There were several of our boys on the other relay teams also. Thompson of Okaloosa helped his team get second in the half mile and mile relays.

East High Boys

East High's dusky trio, Al Thomas, Stan Beverly and George Wells, won the city high school half mile relay. Vass A half mile relay and finished

all treated alike." They were royally feted and were welcomed much more than if they were in the United States; and his European tour was free from race prejudice, he said.

"When I went window shopping, people would crowd around to look at me and seek autographs; there are no Negroes in Germany, you know," the California lad told us. In describing the Olympics, Mack gave a graphic picture of the military precision with which other countries marched while U. S. boys just stumbled along.

"Heil, Heil!"
"When Old Glory alone failed to dip its colors, there was a tenseness in the air that was felt by all," he asserted. When the Nazi ruler entered that mighty stadium 100,000 voices yelled, "Heil, Heil!" with genuine loyalty.

In telling of his early days in school, Mack said that he was forbidden by physicians to run because of a weak heart. His mother took the responsibility and allowed him to compete. "Newspapers ran stories about me 'funning' on 'borrowed time,'" laughed the Pasadena boy.

The delegation from Iowa City all had a wonderful time, according to the reports received from all present. We have all returned to the old steady grind of work, much to our disappointment. After all we are down here to get an education and that's what we are doing. You know all good things can't last. I am again extending an invitation to you all to attend the Iowa university spring party. You'd better keep it in mind only two more weeks, the date is May 15.

It is said that there were more out of town guests present at the relays than ever before. Among them were many famous college students.

Sunday, May 9th, is Mother's Day. All of us who are fortunate to have a mother who is alive ought to be sure to remember them on this Sunday along with all every other time. With these few thoughts I think I'd better sign off.

INDIANAPOLIS BALL TEAM TO FACE DEMONS SUNDAY

Rained out of their engagement with St. Louis, the Des Moines Demons will tackle the strong Indianapolis ball club Sunday afternoon at 2:30 at the Western League ball park.

The "A's," owned by Jesse Thornton of Chicago and Joseph Johnson of Indianapolis, will open the Negro League with the St. Louis Stars. The lineup includes such stars as Floyd and Kouals, pitchers, and Childs, secondbase; Strong, thirdbase, as leading sluggers.

Charles Knight, Des Moines, club secretary, is bringing the nation's strongest baseball aggregations, white and colored, for the benefit of local fans who like to see "big timers" in action. The Western League season opens Tuesday.

Looking Over the Hawkeyes

By J. Braddie Morris

Well, the relays were a grand success in spite of the trick that the weather played on all the spectators. What do you think of snow in the last of April? It seemed more like mid-winter than spring. Our boys didn't do as well as expected, although Mack Robinson won the broad jump and Mel Walker copped the honors in the high jump.

The parties both went over with a bang. The Drake College Keys really had a nice place for the affair and I'm positive that all present had a lovely evening. There were also a good number of athletes present. Omega chapter of Kappa Alpha Psi really came through with flying colors in their party. The evening was pleasantly spent dancing to the music of Original Walkabout band, under the leadership of Jerry Hayes.

London, April 22—(ANP)—Almost as many women as men have died wherever the Italians have gone in Ethiopia, with most of the women killed because they would not submit to sexual intimacies with the invaders, according to a report received by Emperor Haile Selassie at the Imperial Ethiopian legation in London.

Bayonets and bullets are as a rule used to end their lives after Italians have given them the choice of submission or death. In Addis Ababa a woman whose husband has gone on a journey or has died cannot be left in peace in her house, and it is difficult for a girl who goes to market to return home safely.

If a woman is reported living alone or has gone somewhere by herself, she is at once taken for a prostitute and carried to an area for convenience of the Italian soldiers.

Armstrong's Radio Broadcasting is Criticized

PHILADELPHIA, April 22—By Franklyn Satchelmouth. On Friday night, the Reverend Satchelmouth, after moving into their new quarters at 7:30 p.m., went to the meeting. Broadcasting Company blue jacketed the most part, the Speculating clericalism rejoiced at this meeting, and one of the most famous of Swing.

Brother Will Marion, leading deacon in the music since the 1890's, Brother is something of a stubborn and has no patience with the Holy Rollers of entertainment. So he wired telegrams to the yeast company and the company a boycott of Massa Fielem for "the disgraceful Louis Armstrong program."

Brother Cook is one of the few still left of the pioneers of African music. He helped break away around 1896 from blackface minstrelsy and "coon-sung," was a father of syncopation, formed the first genuine colored orchestra which was named the "Columbia Students," and gave the first concert of symphonic music which was almost 10 years ahead of Whiteman and Whiteman's "Rhapsody."

Explains one of the reasons why there had never been commercial variety program of this year, being experiment of the radio bosses that Americans will not ask in their start be broadcast work, the race adds in virtually no congratulatory or else says down a criticism similar to that of Brother Cook.

Coffeyville, Miss., April 22—(ANP)—John Ward, local resident, won a hero's acclaim this week for his bravery in saving the life of Mrs. James Coleman, white, invalid inmate of the Yaobusha county paupers' home, destroyed in a fierce fire Saturday night.

The goal for new insurance to be written among Negroes during the seven day celebration has been set at ten million dollars. The National Underwriters association has set aside the same period as "life insurance week."

Waldo Goes Round & Round

BY WALDO

As Walter Winchell would write it:
PASSING OF THE MOMENT:

Drake Relays big success—more than usual number of visitors present—Everyone drenched by cold, piercing rain—no broken records—Drake Keys affair at fieldhouse; Kappas swung with their guests at Billiken Ballroom.

THIS ACTUALLY HAPPENED: June B. thought there was no better place for a reunion with that famous broadjumper, Kermit King, than the Relays. Mr. King remarked that she was most refreshing. Umm, Bob H. What's happened to the old mangle?

If Pasadena's star, Mack Robinson, had remained here a few days more a certain barber around town would be singing, "Out In The Cold Again" . . . Edythe Gray just couldn't resist the temptation of stretching out on the Billiken chairs along about Milkman's Time Sunday morn . . . Seward Mounday of Compton Jr. College was enough like (in actions) Walt Johnson to cause one to remember Bob so vividly . . . Two certain kessels members of the "great triumvirate" really looked duggers thru their b. c.'s Sunday morn . . .

TYPE TOUGH PORTRAITS OF ATHLETES AND VISITORS: Mel Walker of Ohio: One of the most dignified and polished athletes I have ever seen—Sophisticated Gentleman; Mack Robinson a celeb not a celeb . . . just a good pal—Gee but Your's Swell Copper Colored Gal. Ed Burke of Marquette: an overgrown youngster or tot . . . like Joe Louis, so lovable.

Never In a Million Years (will there be another you); Theodore Howard of K. S. T. C. at Pittsburgh: a swell guy with a big future . . . with a voice and personality like his. He should outclass Darrow. Dedicated To You (opportunity); Don Dunn also K. S. T. C. a brilliant and likeable chap who looks grand in glasses—Your's just Too Marvelous.

VISITORS: The Minnesota U. lass visiting at the Morris domicile; delighted and delovely . . . Miss Renfro of Grinnell; vim, vigor, and vitality . . . Leo Kerford, Iowa U., forthcoming barrister: my idea of a swell guy . . . Homer Harris, Iowa U.: big mamsie still young . . . S. Smith another State U. stud, delightfully blond; most exotic . . . Julia N. Shipp, Iowa State: Sweet Is The Word For You . . . Lewis Brothers of Centerville: The town must specialize in good looks . . . OLD PEOPLE find way to keep breath wholesome

Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbance, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance.

But new Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces.

This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and contact surfaces. Halts fermentation and putrefaction, a major cause of odors, and thus counteracts the odors themselves.

Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo.

HINDU GIRL STUDENT DENIED ADMISSION TO UNITED STATES

Baltimore, Md., April 29—Jyotirmoyee Sarma, who came all the way from Calcutta to become a student at the University of Chicago, has been excluded from this country by the decision of a board of immigration officials here because she does not celebrate her 15th birthday until next September, whereas the visa on her passport calls for a person 15 years of age.

DARROW SCORES LYCHING ON 80TH BIRTHDAY

Chicago, April 29—In a statement issued April 18th, the eve of his 80th birthday, Clarence Darrow, famed lawyer, decried lynching as "the rankest vengeance." The great lawyer was greeted on his anniversary with a telegram from the N. A. A. C. P., on whose national legal committee he served and under whose auspices he defended and acquitted Dr. O. H. Sweet and family in the famous residential segregation case in 1925-26.

THE SOUTH SPEAKS

The most unusual speech heard in the house of representatives during debate on the Gavan anti-lynching bill was made by Representative Maury Maverick of Texas. We quote it in part from the Congressional Record:

"Mr. Maverick: Mr. Chairman, I am from the South, and I never knew that a Republican was white until I was 21 years old. (Laughter) When I think of Republicans I can always remember such words as 'Black Republicans' that I learned as a child all of my people were Confederates. The men in my family ranked from pirates, corporals, and sergeants up to generals in the Confederate Army.

"I am in favor of an anti-lynching bill. I am not in favor of any other Federal bill that takes over local law enforcement. But I am in favor of a bill which guarantees constitutional rights of all American citizens within the United States of America. (Applause.)

"As far as I am concerned, I would like to see the South be willing to give a Federal bond that this lynching be stopped for all time. That is because it is not only a disgrace to the South, but it is a disgrace to the whole United States of America.

"Several have made reference to the fact that the northern Democrats are proposing this legislation for 'political purposes.' Whereas this may be true, it also may be true of southern Democrats that they are opposing it for 'political purposes.' You can vote for or against this bill and still be honest.

"But, as I have said, insofar as I am concerned, I am a southerner and live in a southern district. In my district the colored people do not vote, and if they did they would probably vote against me. I am therefore not for the lynching bill to get colored votes. I am doing it because I think it is right, and because it will take a stigma from the escutcheon of the United States of America.

"Every American, no matter where he lives, should have his constitutional rights protected and guaranteed. And down in the south, according to the Gallup poll, more than 65 per cent of the people are in favor of a Federal anti-lynching law. The people there are as much opposed to lynching as the people anywhere in the United States of America (IV, Attitude of the South.) A very small minority—an infinitesimal portion of the population—have occasionally disgraced the various states.

"But the stigma has been put on the whole South. Yet, as I said in the first place, it covers the whole Nation, so I am in favor of blocking it out by guaranteeing the constitutional rights of all American citizens and punishing such officials as do not conscientiously do their duty. For my part, I am willing to see it enacted, and I doubt if there will ever rise a necessity of prosecution. At least, if it becomes necessary it will not be over one or two times; thereafter black criminals as well as white criminals will suffer the extreme penalty through due process of law for violating the peace and dignity of our States."

Representative Maverick favored the bill on the ground that lynching is a disgrace to the nation and should be stopped even though it takes the Federal government to do it. This is high ground upon which he based his convictions. It was a courageous stand to take.

The country would be far better off if it had more men in public life with profound convictions and which they dared stand by even though unpopular in the states from which they come.

A SIGNAL VICTORY

The United Supreme Court decided by a five-to-four decision that Georgia's antiquated statute invoked to send Angelo Herndon to prison for teaching Communistic doctrine is unconstitutional. The court said the statute violated free speech and was so vague and inclusive that it attempted to make crimes of acts in violation of the Constitution.

In this decision the court has again demonstrated that a poor man whose rights are being denied can get redress from the highest tribunal of the land.

Further the decision demonstrates the absolute necessity of an independent Supreme Court which stands as a check upon fanatical legislators who in their fits of passion and prejudice pass laws that not only violate the Constitution but appear ridiculous to the people once they give sober thought to their object and meaning.

THE RULE WORKS BOTH WAYS

The sit-down strike of laundry workers continues in Des Moines. A representative of the U. S. Department of Labor has been here for several days offering any assistance he might give toward an effort of settlement. The employers have not been interested.

Speaking before the city council last week, J. C. Lewis, president of the Iowa Federation of Labor branded the refusal of the employers to meet the Department of Labor mediator as an insult to the United States government. Of course Mr. Lewis was taking in too much territory because this man's efforts are only of a voluntary nature. But be that as it may The Bystander is glad to hear Mr. Lewis say he favors respect for constituted authority. We hope it works both ways for the employer and employee because there has been too much flouting of the law by labor leaders recently.

In the meantime while laundry workers are sitting down hundreds of housewives are calling back their old laundresses; many customers of the laundries are installing small plants all of which will make going a bit hard for the strikers once the trouble is settled.

the charges that he attempted to incite insurrection by violence.

No Law Violation

"His membership in the Communist party and his solicitation of a few members fully fails to establish an attempt to incite others to insurrection," the decision said.

It added that he had violated no law by the mere fact of having communist literature in his possession.

The Herndon case was remanded to the Georgia courts for the proper technical action to free Herndon of the charges. Herndon has been at liberty under bond awaiting the outcome of the supreme court appeal.

Free to Live

Herndon said Monday night he is going back down south to see that his people get a new deal.

"I'm free to live," he said "but I am anxious to get back down south and begin my struggle again to bring equal rights to my race. I am ready even if it means my death."

leadership in getting the Gavan anti-lynching bill through the house are pouring in upon Congressman Joseph A. Gavan of New York. The letters are from white and colored people in the south, as well as in other sections of the country. Many of them are from organizations and groups which have fought anti-lynching legislation for years.

Among the letters from the south was one from a student at the University of South Carolina congratulating Congressman Gavan and stating that it was his belief that most of the younger white southerners were glad the bill passed. Letters of appreciation for Mr. Gavan's work may be addressed to him at the new house office building, Washington, D. C. Letters of thanks also should be sent to the other congressmen from the various states who voted for the bill.

THE KIDNEYS

Few people realize that the kidneys have more than one function to perform. They help to maintain the normal composition of blood by separating the constituents of urine from the blood. The kidneys also extract almost all the protein waste, the greater part of salts not needed by the blood, and about half of the excess water, and the amount of water varies and is dependent upon the action of the sweat glands. The kidneys also extract poisonous substances from the blood, whether formed in the body or outside, probably one of its most important functions.

In various forms of acute illness the kidneys work overtime throwing off the poisonous substances and if given necessary amount of water will usually make a good job of it. Failure of the kidney to perform these duties properly seldom causes pain in the back as is most often thought by the layman. The vicious and dangerous habit of using kidney pills for every pain in the back is always to be discouraged and branded as dangerous.

Cleveland, April 22—(ANP)—The school committee of the Cleveland branch N. A. A. C. P. has presented a report on its conference with the Cleveland board of education, when a resolution was delivered demanding the discontinuance of Longwood and Outwaite special activity schools in the Negro district.

The committee asked the discontinuance of these schools on the ground that in other sections of the city problem children are dealt with in special classes of regular junior high schools and that schools are maintained by the city to give vocational and trades instruction, making the maintenance of Longwood and Outwaite a trend towards discrimination.

R. A. C.—Please tell me what vocation I should choose and which one am I best suited for?

Ans.—You have sufficient talent and personality to attain success in most any clerical position. Your love for home and children is so great that I believe marriage will interrupt your business career. This is several years off.

R. B. C.—Will the doctor that is doctoring on my eye remove the tumor?

Ans.—If you co-operate with the doctor in every way he will be able to successfully remove the tumor. It will take quite some time to become entirely well, but you have nothing to fear in regards to this condition.

E. G. L.—I am always worried and I know I am a good wife. Tell me what makes my husband slip out at night and do the things he does?

Ans.—It would be a better world, indeed, if some one could suggest a remedy to cause husbands to appreciate a loving wife and a home, and not want to 'tip out.' Unfortunately there doesn't seem to be anything that can be done and I would suggest that you reconcile yourself to his actions.

S. T.—Will my boy friend come back to me any time soon? Does he really love me?

Ans.—You don't have to worry one bit about your friend returning, for he could not force himself to remain away from you very long if he wanted to. There is no question about his affection for you. He can not even see anyone else.

M. G. F.—Should I try to make plans to get away since I found this suspicious package in my husband's car and who did it belong to?

They also said Ethiopian natives are living in terror of the Italian colonial rule, in constant fear of frequent raids on farms and numerous executions. Thousands in all parts of the country were murdered by the Fascist invaders after Viceroy Rodolfo Graziani was wounded in February during an attempt on his own life.
