Mrs. Abbie Porter, 85, Pioneer, Buried

WAS ONE OF FOUNDERS OF PRESENT BURNS M. E. CHURCH

Mrs. Abbie Porter, 85, who was buried in the family lot at Woodland cemetery Monday, October 11th, and funeral services held at Lilly's Funeral Home, was the daughter of the late Sally DeBerry, one of Des Moines' pioneer Negro residents.

With the Wilburns, Whites, and Hangers and other early settlers, the DeBerrys held church services in an old store building near East Second and Court avenue.

"Times were hard, winters were severe and money was scarce in those days," she recalled, as the story of Mrs. Porter's life in the church and self-acquired musical education was revealed.

Continue Efforts to Bar Negroes from Restricted Area

WOODLAWN PROPERTY OWNERS ASSOCIATION AND UNIVERSITY OF CHICAGO WANT DISTRICT KEPT WHITE

Chicago, Oct. 14—(ANP)—The insidious campaign started more than twenty years ago by the Woodlawn Property Owners association and the University of Chicago to prevent Negroes from buying or renting property in the "white" Woodlawn district flared again recently when a colored real estate operator, William J. Sexton, was called before the state department of registration and education to answer charges of fraud perpetrated by a white representative of the property owners.

Demanding the revocation of Realtor Sexton's license, Richard J. Deane, acting for the Woodlawn Property Owners' association, bases his action on an advertisement inserted in a local colored weekly newspaper by Sexton and offering

THIRTY-FIVE AT DINNER FOR FRIENDS AND EXECUTIVES

The Crocker Y. M. C. A. was host to more than thirty-five friends and executives at a pep and rally dinner at the St. Paul A. M. E. church on Tuesday evening. This affair was planned to stimulate interest in the forthcoming 1937 annual finance campaign.

Opening the program, W. C. Buice, chairman of committee of management, outlined the purposes of this year's drive. A P. Trotter member of the board, announced the goal of \$350. The captains from Crocker Y. will be F. O. Morrow, Sr., F. O. Morrow, Jr., and G. B. Tucker, he said.

A building fund, started with \$5.00 contribution by Spencer Elliston, Big Brother chairman, is being created this year, according to Quentin R. Mease, executive secretary. In his talk, the work of the late Harrison Gould was lauded and recalled. A letter from Atty. S. Joe Brown, board member, expressing regret at being unable to attend, as he is a faculty member of the Sunday School Institute, on Tuesday evenings, was read by George W. Robinson, Jr., boys work secretary.

David Callister, junior high student, told of the ideals of the Y. and its development. The Rev. R. H. Hackley and visitors, Virgil Morrow of Los Angeles, California, and John M. Estes, funeral director, gave remarks. Selections were sung by the Des Moines four quartet. Dinner was served by the Monogram Circle

Hyde Park, N. Y., Oct. 14—The federal anti-lynching bill, which in the closing days of the last congress in August was put on the senate calendar as the second item of business for the next session, will come up in the special session of congress, which may be called about the middle of November, it was learned here this week.

In his conference with the press at Hyde Park on October 6th, immediately upon his return from his western trip, President Roosevelt indicated that a special session probably would be called November 9th or November 15th. Among the items which the reporters gathered from the interview would surely be taken up are crop control, wages and hours, anti-lynching, judiciary reform, and the reorganization of bureaus of the federal government.

On the senate calendar, the anti-lynching bill is definitely set down for the second item of business, the first being an agriculture bill. Observers in Washington agree that the anti-lynching bill may bring up a filibuster in the senate by southern democrats, but practically every one including leading southern senators like Pat Harrison of Mississippi, concedes that the anti-lynching bill is practically certain to pass, filibuster or no filibuster.

The "kickoff" dinner will be held at the Central Y. M. C. A. Friday evening at 6:30. All reports will be made every noon of the following week beginning Monday.

Labor Union Head Replies to NAACP

GREEN SAYS A. F. OF L. SEEKS TO WIPE OUT JIM CROW

Denver, Colo., Oct. 14—In response to a telegram from the N. A. A. C. P., calling upon the American Federation of Labor in its 57th annual convention at Denver, Colo., to wipe out the color line in the A. F. of L. and to fight the proposed revision of the wages and hours bill to make it more acceptable to the south, William Green, president of the A. F. of L., has wired the N. A. A. C. P. that the federation seeks to bring about "the elimination of discrimination against any class of workers because of race, creed or color."

The N. A. A. C. P. had urged the A. F. of L. to suspend affiliated unions which refuse to abolish the color line, but on this point Mr. Green's telegram was silent. However, A. Philip Randolph, president of the Brotherhood of Sleeping Car Porters, raised the question of discrimination by unions at the session October 7th. The reply was that the federation had no control over the constitutions of affiliated unions and could only request them not to bar Negroes.

Union Insists Whites Must Operate Printing Presses

"IT WILL SIT THERE FOREVER UNLESS NEGROES RUN IT," SAYS DUNJEE

Oklahoma City, Oct. 14—(ANP)—No white men will operate the new sixteen page Goss press recently installed by the Oklahoma Black Dispatch and scheduled to make its maiden run this Thursday, said Roscoe Dunjee, editor, last week. His statement, which included the assertion that "the new press will sit there forever unless Negroes run it," was made after L. T. Johnson, white secretary of Pressmen's union, No. 149, from which Negroes are barred, told Mr. Dunjee that his union decided three white men and a helper would be necessary to start the press. The editor immediately vetoed this idea.

"I intend to run the Black Dispatch plant with Negro employes and I see this incident as an attempt to thwart my intentions," said Editor Dunjee. That press will sit there forever if Negro employes do not run it. I think that every fair and liberal minded white person will feel that in this matter I am right. Negroes are not allowed membership in white printers locals in the south and I have a right to develop my own race, without interference of this character."

CAMPAIGN TO OUST EMPLOYEES FROM SERVICE

Montgomery, Ala., Oct. 7.—A charge that postmasters in the south have deliberately set out to embarrass and drive out Negro employees from the postal service was charged here this week by the N. A. A. C. P. in a letter to W. W. Howes, first assistant postmaster general, in Washington. The letter also charged that southern postmasters are refusing Negro postal employees the appointments and promotions they are due according to merit and their ranking under the civil service and that the postoffice department in Washington "has no special solicitude to see that the Negro employees are given equal protection with other citizens."
The letter to Mr. Howes was occasioned by the dismissal of Ezra H. Nix, a carrier in the Montgomery, Ala., postoffice. Mr. Nix is supposed to have accumulated so many demerits that he was deemed to be an inefficient employee, but the N. A. A. C. P. pointed out that Mr. Nix had an efficiency rating of 97 per cent or better for the four years 1929-1932, and that in these four years he accumulated only thirty-three demerits, eleven in 1929 and twenty-two in 1930, with none in 1931 and 1932.
However, with the change of administration in 1933, Mr. Nix suddenly began to accumulate a huge number of demerits. He was given 135 demerits in 1934 and 434 in 1935.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By REV. HAROLD L. LUNDQUIST, Dean of the Moody Bible Institute Chicago, Western Newspaper Union.

Lesson for October 17

CHRISTIAN SPEECH AND CONDUCT

LESSON TEXT—James, Chapter 3. GOLDEN TEXT—Let no corrupt communication proceed out of your mouth. Ephesians 4:29. PRIMARY TOPIC—The Words I Say. JUNIOR TOPIC—In the Tongue. INTERMEDIATE AND SENIOR TOPIC—Christian Speech. YOUNG PEOPLE AND ADULT TOPIC—Christian Words and Works.

Christian speech and conduct may well be studied in the book of James, for he stresses the importance of words as demonstrating faith. There are two common errors—one is to attempt to be justified by good works apart from faith in the Lord Jesus Christ—the other is to talk about believing in him and then fail to live in accordance with one's profession. Some have assumed that James fell into the former error, urging works as a substitute for faith, but an intelligent reading of his epistle clearly indicates that he is in no sense contradicting the Scripture doctrine of justification by faith, but is showing that professed faith which does not result in Christian living is in reality a dead and useless thing.

I. Christian Talk (vv. 1-12).
As he enters upon his searching and convicting discussion of the tongue and its misuse the writer distinguishes between
a. Two kinds of talkers (vv. 1, 2).
1. "Teachers" (v. 1) who have a peculiar responsibility because they stand as the representatives of God at the sacred desk. It is not a place to be sought after, and the man who fills it at God's call needs divine grace and direction that he may speak the truth.
b. "We all" (v. 2). The speech of every one of us counts either for or against God, even though we may not fill the teacher's chair or stand in the pulpit.
2. A single danger (vv. 3-12). All of us have the one danger—lack of "tongue-control." Developing that thought the text first points out that
a. Powerful things need control (vv. 3-5). The horse is a wild and unmanageable animal without the directing and restraining bit. A ship without a rudder will be lost. A tongue needs direction and control, for while a little thing, it is tremendously powerful.
b. An uncontrolled tongue is dangerous (vv. 6-8). How vivid is the imagery of the words before us. A fire spreading and destroying, an untamed animal running wild in all its fury, a deadly poison eating away the life—such is the uncontrolled tongue.

We recognize the truth of these things. We see how vile and careless speech debases man, how words chosen for their power to destroy pour forth from the press, over the footlights, from man to man and literally in death. A son, daughter and other relatives survive. Funeral services were held at the Estes Funeral Home Saturday, October 9 with Rev. J. Garrett officiating. Interment at Glendale Cemetery.

**But the tongue—ah, that is another matter! How sadly do we confess our failure, for here do we "offend all" (v. 2). We bless God, and defile and destroy man with the same lips. "These things ought not so to be" (v. 10).
II. Christian Walk (vv. 13-18).
The word "conversation" in v. 13 is an English word which now means "talk" but which formerly meant "manner of living."
1. Words and works must agree (vv. 13, 14). It is only right that those who speak of following Christ should prove it in their manner of living. Talk may be smooth and broad in its claims, but the demonstration of its reality and honesty is in the daily walk. This calls for wisdom which is divine—earthly wisdom will not suffice.
2. Earthly wisdom is false (vv. 15, 16). There is a wisdom apart from God. Men of the world are brilliant and able, but scrutinize their wisdom and you will find that it is "sensual"—that is, of the senses—or natural as distinguished from spiritual. All too often it is downright "devilish" (v. 16).
3. True wisdom is from above (vv. 17, 18). Ungodly, unselfish, uncompromising, but not quarrelsome or stubborn, impartial and sincere—and "full of mercy and good fruits"—such is God's wisdom for the Christian's life.**

Strength Unto Strength
The strength of a man consists in finding out the way in which God is going, and going in that way too.—Henry Ward Beecher.

Physical and Spiritual Growth

TUSKEGEE-WILBERFORCE GAME IN CHICAGO, SATURDAY CALLED OFF

Chicago, Oct. 14—(ANP)—Chicago's annual grid "dassir" between the Tuskegee and Wilberforce football teams, scheduled to be held Saturday, October 14th, at Soldier's field, was called off Friday, after a conference between I. S. Lane of the Ohio school and Capt. R. S. Darnaby of Tuskegee.

BY ALLEN ASHBY

The gridiron season rolls merrily along as teams supposed to be good find the going too tough and fall by the wayside. Here is our own home, Washburn College brought along a Negro, Ike Brady who was just about the whole show against Drake last Friday night. Drake won the game 25 to 0, but Brady got a great hand for his fine playing when he left the game. He only kicked, passed, tackled, blocked and juggled the leather.

Another young man, Horace Johnson out ran the Iowa State Teachers tacklers twice as North Dakota dusted them 21 to 0.

Captain Homer Harris and his mates didn't work too hard to down Bradley Tech 14 to 7, keeping much of Iowa's fireworks under cover.

Northwestern needed Jefferson, Hinton and everyone else to dust a stubborn Michigan club 7 to 0 and Minnesota had to call on all her power plus Lady Luck including Horace Bell and Dwight Reed to turn back a fighting Indiana team. Brud Holland continued his mad race for All-American honors as Cornell scored a win while New York U. uncovered Ed Williams who caused his opponents plenty of trouble. Out on the coast, Kenny Washington and Woodrow Strode ran into trouble as U. C. L. A. had her ears pinned back by Stanford. Washington U. with Jimmie Russell who is not Dan Thompson also went under as Oregon rolled over them. Doc Keker is much in things at Western Reserve also.

NEGRO SCHOOLS
Looks like the team to watch is Xavier's Golden Rush. They rushed over Wiley 13 to 3 last week. Morris Brown tied another knot in the tail of the Tuskegee Tiger 7 to 0 and Wilberforce met another Kentucky State team this time Kentucky State T. C. and bit the dirt 19 to 0. Virginia State swamped Hampton 39 to 0 and Shaw sailed over Howard 20 to 0. Southern must have something because the Louisiana school trimmed Bishop 19 to 0. Is this Bishop's year to take a lot of lickings?

Morristown got trouble and took it on the chin from Swift Memorial. Lincoln U. knocked off West Virginia State while Fisk and Montgomery Teachers battled to a scoreless draw. Al Thomas former East High gridder helped lead Lincoln U. of Jeff City to their win over West Va. Al scored one marker. Arkansas State fanned Prairie View 7 to 0 and Knoxville lost one to LeMoine 19 to 2. Florida kicked Alabama State 7-0.

High Schools
Ike Miller continues to improve his blocking technique as North dumped an undefeated Centerville eleven last Saturday 27 to 7. Ike also scored the point after a touchdown for North. Joe Danforth got into this game while at right end. Joe didn't have too much of a chance to shine, but looked like he might be a pretty good boy. Centerville had two Negroes but your scribbler forgot their names.

East sunk Oskaloosa behind Eddie Maupins blocking and fine defensive play along with the help of Harry Saunders at half and Valley and Charles Swink did all right in trimming Dowling 13 to 6. Clifford Lovelady substitute end, came into the game and saved it at the last minute and is being hailed as a passing discovery.

The Comets blocked for Bob Vandever in great style Sunday and he went to town righteously. Ran 81 yards for one marker and tossed a pass for the other besides footing the extra point. The Comet squad was out last week and we think Walt Thompson failed to survive the ax as the local squad dusted St. Paul 14 to 0.

BULLDOGS TREK TO OMAHA TO PLAY CREIGHTON FRIDAY
this week to meet Creighton's Blue-Drake's Bulldogs trek to Omaha for an important Missouri Valley conference contest. Coach Green's Blue and White gridgers trounced the Ichabods from Washburn on Friday night by a 25-0 margin while Marchie Schwartz's stalwarts were whipping a Grinnell eleven, 6-0.

The next home game of the Bulldogs is homecoming, October 23, against Iowa State, and the following week-end they meet Grinnell here. Coe closes the season on November 20th. Admission to all games except the Coe tilt is \$1.10, while the price for the Coe game is 75c.

WPA STADIUM AT MORGAN COLLEGE TO BE DEDICATED

Baltimore, Md.—WPA workmen are busily engaged in putting the finishing touches on the new stadium and athletic field at Morgan college, which will be dedicated October 16th, prior to a football game between Morgan and Lincoln University.

The stadium is now nearly completed. Workers are erecting a wire fence around it, building ticket booths and rest rooms, and enlarging a parking space nearby to accommodate 2,000 cars.

When finished, the bowl will accommodate over 7,000 spectators. Besides a regulation gridiron and baseball diamond, it will have a quarter mile running track with two straight-aways of ten lanes each. The long arcs and relatively short tangents of the track are expected to assist runners in making fast time.

Looking Over the Hawkeyes

By J. Braddie Morris

GREETINGS READERS
Well here we are again. Iowa is about the same as it was the last time we wrote to you. The Hawkeye gridiron warriors have a victory under their belts. They overcame a fighting Bradley Tech eleven Saturday to the tune of 14-7. These Bradley Indians really had a strong defense. It was a beautiful run on which they scored. Molner intercepted an Iowa pass and scampered 70 yards for a touchdown. Iowa was pretty much under cover to hide their good plays from the abundance of enemy scouts who witnessed the first home appearance of the 1937 edition of Coach Irl Tubbs' Hawks.

Last week I promised you the names of some of the Negro students on hand for the first semester. Some of the students from St. Louis are: Elaine Johnson, Olivia Merriweather,

Earl Smith, Rubin Fraser, Charles Madison, and many others whose names I haven't learned as yet. I'll try to have some more next week.

There are two Negro candidates for the freshman football team. They are Archie Greenlee, a 175 lb. end from Valley Junction and Garfield Hillory a 170 lb. halfback who hails from Maywood, Ill. There are also two out for the freshman track squad. They are Victor Moore, a hurdler from Waukegan, Illinois and Beverly Walker, a sprinter who hails from Little Rock, Arkansas.

We'll sign off for this week but will look for you all in next week's edition.

letter addressed Thursday to the president judge of Philadelphia courts, a leader in Pennsylvania democratic ranks, Raymond Pace Alexander, noted lawyer and for many years a leader of the republican party, announced he had changed his party allegiance and in the future would support the principles and leadership of the democrats.

This defection, the attorney announced, is caused by failure of the republicans to give adequate recognition to its many Negro supporters, particularly in the matter of judge-ships. "The political party that has prospered in Philadelphia for a half century with the constant support of the large mass of Negro people within its borders, now numbering 250,000—with more than 120,000 registered voters—has failed us outrageously," he said.

LOVE YOUR NEIGHBOR

In business, do you love your neighbor? Do you seek to manage your affairs so that you will reap double value—the value from a just and valid service rendered, and an accruing good-will, which comes only if your motives are right? The second value is based on the first—costs less, but is worth far more. On the accumulation of the second value depends your chance to grow and expand.

Negro business needs more good-will. It needs to grow and expand. We urge Negro businessmen to render service at a profit, but also to love their neighbor. (In other words, COOPERATE!)

capturing Manchuko just off the shores of Russia, as the climate there is too cold for farming and production, Miss Wilson believed. "They met unexpected resistance in this last encounter with the Chinese and it has caused plenty of worry." Four hundred Chinese aviators were on the same boat with her party bound for their home from a training course in Germany. The impending war was hinted even then. Newspaper stories of Japan's atrocities are greatly exaggerated by the American press, she stated, as news is censored by army officers.

The "land of the cherry blossoms, temples, pagodas, superstitions and dragons," with its charms and customs of the centuries unknown and strange to the Occidental world, may be relived in viewing Miss Wilson's extensive selection of ivory, jade, sandalwood, tapestries, crystals of Buddha, gods, images, antiques and relics, all oriental handicraft made by hands of the yellow and brown artists. The value of these pieces total several thousands of dollars, Miss Wilson said.

many good times had by all you old timers... Incidentally you are all urged to "WATCH THE Y STARS."
Wanda
This is a look back into a few years in the days before most of you who rate the column now were out of grade school. Then the Dashing Eagles, a club of young fellows, occupied the position now held by the Y Stars. The Eagles had all the girls and the best athletic teams in town. Their football, baseball and basketball teams were tough. The Eagle shift was a hound. Chet Brewer, now a nationally known baseball player, was the main cog in the Eagles' athletic teams. Other stars were Bus Brown, Fred McCracken (not the little one), Steve Eaves, Zeke's older brother, and a lot more peepers; Columbus Wheeler, Earl Newcomb, LaForest Dent, now a nationally known musician; Ellie Perry, now at the postoffice in Chicago; Duke Proctor and Harry Spaulding, who teaches school in Chicago and was Illinois state tennis champ last year. The "Bobby Hyde of the Eagles" was George Spaulding, also a runt. He planned everything and engineered it from parties to athletic events. Gink Fowler was another great Eagle and quite a footballer until some patty broke his leg. The Eagles used to catch fellows who were not club members and initiate them. They used to chase Quentin Mease, Bunny Wilson and Dora McKay's two brothers Clifford and Shafford) home like rabbits. Then one day they caught the two McKay boys and Quentin. The net result was almost fatal to one Eagle, and the chasing stopped. Melvin Carr was a great Eagle, and so was Luther Clarke, father of the little boxer. The East Side club of the hour was the Eureka. Some members were Everett Wadsworth, Bob and Lorraine Turner, Lauren Butler, Charles King, Eddie Barefield, now with Cab Calloway, Moss and Glen Hayes, Hubert Jones and Harry Miller. The feature event of the year used to be the football and basketball games between the Eagles and the Eureka. There were no gang fights either. Bill Ashby had a Smart Set club that included Archie Davis, Laurence Graves, Margaret Bragg, Nathalie Bragg, Harold Wilkinson, Dorothy Emanuel and a lot of other lovely youngsters. The purpose of the club was to put pep into Sunday nights. Each member was responsible for one Sunday night's activities and they did everything from going boat

riding to theatre parties in small nearby towns. The Young Men's club was the Beaux Esprites, which later reorganized as the present Royal Dukes. They used to include all the college students in town and staged some keen public debates. An invitation to their affairs was really tops. The football classics of the Century were the games in the elimination series between the Beaux, the Iowa Packing company and the Eagles. The final game between the Eagles and the Beaux brought out the entire town. The game ended in a scoreless tie. I played with the Eagles because the Beaux had about all the local high school and college talent and the Eagles were only kids. The Eureka, Eagles and Beaux Esprites used to give club sweaters with monograms to their athletes, and the pretty club sweaters actually outranked the school monograms for a while. The Eureka colors were blue and white, the Eagles black and gold and the Beaux Esprites blue and gold. The Eagles played a basketball game for the city championship and won a silver cup. Chet Brewer took the thing home and dared the other Eagles to come and try to get it, and so far as I know still has it. Henry Spaulding got caught in Ungles Bakery stealing pies along with Steve Eaves, and they escaped by tossing a soft pie into the face of Mr. Ungles himself. Some kids! Them was the good old days. Something poppin' all the time.

BE CHARITABLE

Our taxing bodies get a lot of abuse for increasing their budgets when taxes are being levied but those same people who make the complaints are generally loud in their advocacy of one improvement after another...

There is hardly a business institution in town that has not increased its yearly income and expenditures since 1932. And yet heads of these same institutions complain when the school district, city, county and state find it necessary to increase their normal budgets.

We are not arguing for more taxes but we do say that those people who demand modern improvements should be willing to pay for them with the same good grace.

AS YET WE ARE UNCIVILIZED

When Italy began its campaign to rob the Ethiopians of their country, the Bystander said that if the big nations sat idly by and allowed this to be done, it would be tantamount to a license for other big nations to treat other small nations likewise.

The undeclared wars in progress in China and Spain are examples of just that thing.

The English, French and American people hold up their hands in holy horror; they talk of boycotting Japan or evoking sanctions. That is the end of it. Neither of these methods stop any bullets. Somebody is always greedy enough to supply warring nations with sufficient materials to carry on their campaigns.

THE ANTI-LYNCHING BILL AGAIN

President Roosevelt has called a special session of Congress which is to convene on November 15.

When Congress adjourned, a new agreement was entered into making the Wagner-Van Nuys anti-lynching bill the next order of business in the Senate after it shall have disposed of agricultural legislation.

Anti-lynching legislation is in the most favorable position now that it has ever reached. Let there be no alibis about what happens.

GOOD, BUT LETS BE PRACTICAL

In its annual convention in Denver, the A. F. and L. has gone on record favoring the anti-lynching bill. That was a splendid gesture but passing a law is one job. Enforcing it is another and that depends upon public sentiment.

With the right sentiment among the laboring class of white people, we have a start in the right direction.

But the federation has taken no steps to comply with the most serious charge. Negroes have with organized labor; that is a systematic exclusion of colored workers from the better type jobs. This the federation has opposed in its conventions but locals in most communities have seen fit to ignore mandates from the national body.

Contrary to the policy of the A. F. & L. the U. A. W., an affiliate of the C. I. O., added two Negro organizers to president Martin's staff this week.

They insist that they propose to take the Negro in and give him an even chance. Indications are that they are trying to deliver. It remains to be seen whether the heads of the C. I. O. can cause their ideas of equality to the Negro to trickle down to the local groups. This is what counts.

After all it is fine to pass high sounding resolutions about what a group believes, but the thing that interests us most is "do they deliver?"

VICTIM HANDED OVER BY SHERIFF WHILE ON WAY TO COUNTY JAIL

Milton, Wis., Oct. 7.—Florida took the lead in lynchings this week when J. C. Evans, 30 years old, was handed over to a mob while being taken to the county jail by Sheriff Joe Allen.

Evans' body, riddled with bullets, was found in a ditch near Crestview on Monday morning. The lynching was the third within ten months in this state.

Evans, charged with having robbed the owner of a filling station and attacking a white boy, told police he was not guilty. Despite his pleas he was arrested and being taken to the jail when the mob took him from the sheriff.

As is the usual custom, a coroner's jury returned a verdict stating that Evans met his death at the hands of unknown parties.

What Others Say

"THE PREACHER AND THE PRESS"

The press has done a wonderful piece of work in spreading the Gospel truths into the darkened corners, where the preacher's voice is never heard.

I am thinking of the Sunday School lessons that so many of our weekly papers are carrying. Parents should have their children to read these comments from week to week. They would be more the wiser by so doing.

I doubt whether parent or preacher has ever called their children's attention to the Sunday school lessons, in our weekly paper.

I am satisfied that the public would enjoy reading a sermon now and then from our preachers. Who will be the first to volunteer, and who will follow suit? It is said that reading maketh a full man; writing maketh an exact man, and I may add that the press a popular man or a man well known. Jesus grew in to popularity with the people. The preacher preaching the press publisher and the people reading the GOOD NEWS, will go a long way in making a better community to live in. After all that should be the objective of both preacher and press.

The preacher met the press one day, down in the "loop" district, and the preacher said to the press, "I see that you did not publish the great program that I had at my church Sunday-All day service. The press replied, 'I learned that in all your program you did not even mention that I was still in the business. After all, if the scales of life are to be valuable, they must be made to balance before they are used. TIME MARCHES ON.'

Rev. Jordan W. Tut, Pastor Union Baptist Church.

TRENCH MOUTH

This is an ulcerous inflammation of the mucous membrane of the cheeks, gums, and frequently the throat. The germs that cause the disease are commonly found in the mouth, consequently the infection is carried from person to person by kissing and the use of public drinking cups or knives forks and plates that have not been properly sterilized after having been used by an infected individual.

The symptoms are usually mild with local pain and slight enlargement of the glands in the neck, but as the disease progresses the symptoms become more severe. Swallowing becomes difficult, mastication becomes painful, hoarseness and cough develop with the patient developing a feeling of malaise and fever. The ulceration that takes place produces a very offensive odor. Patients should not attempt to treat themselves without the advice of a physician or dentist.

N. B. R.—I wish to know if I will get any money from the accident that I had recently.

Ans.—You will be compensated, but it is up to you to get in touch with the people responsible for your getting hurt. You will receive a small check when they have investigated you thoroughly.

V. M. F.—I enjoy reading your column. There is a woman here in this city that has broken my home up and I want to know if I will ever be happy in it again?

Ans.—Yes, and the year of 1938 will bring about many changes that will make your home life happier. Continue to hold your head up and don't let yourself become disgraced and the bright side of life will turn up very soon.

P. E. C.—This man I go with I process of law and equal protection of the law.

The bar association was also urged to abandon its policy of excluding from membership qualified Negro attorneys solely on the basis of color. The telegram cited the fact that the last president of the N. A. A. C. P. was the late Moorfield Storey, who at one time was a president of the American Bar association. Special emphasis was placed in the telegram upon the necessity of defending the rights of minorities if the constitution is to have real meaning.

Ans.—You have been going with him a long time and he has proven himself worthy so far. Why not put your faith in him and stop doubting him. Just as long as he acts on the "up and up," then give him your time, and if he changes, then you, too, could drop him.

A. P. G.—I have been going with a married man for years. His wife knows about us, but won't divorce him. Will there ever be another man in my life who will mean anything to me?

Ans.—Shame on you for falling in love with a married man and no one could blame the wife for not divorcing her husband. If you would give up the married man you would stand a wonderful chance of meeting a number of worthy single boys. But you won't ever marry if you continue to waste your time with a married man.

R. X. P.—Are we ever going to buy a small home, as my father often talks about?

Ans.—You really are going to live in a home of your own some time within the next two years. Your father is saving and working hard towards this end and all members of the family should give him their best support and the dream will come to pass.

RELAX BY EXERCISING In the most comfortable position you can find and concentrate on relaxing. Start with your feet, then your legs and so on all over the body consciously striving to relax until you feel firm and comfortable. Finally you will feel very heavy and perfectly at ease. Warm compresses on the eyes will relax the muscles around them. Don't do any mental gymnastics at this time. Try to forget all the trials of the day and think only of your bodily comfort.

This sounds as if it is a great effort to relax. It's true. Few persons know how to relax and the job is worth concentrating on. Once mastered, it is automatic.

Exercises done with vigor and enthusiasm in addition to stimulating the process of elimination of bodily waste will make you feel young and firm on your feet. Here is a splendid exercise to lift you in preparing from abdominal muscles and a simple waist line.

Lie flat on your back on the floor, (using the bed is softer but) hands clasped behind the head or neck, legs and feet together. Hold slowly to a sitting position to the count of five. Feel the pull on the abdominal muscles. Slowly return to original position. If this exercise proves difficult at first and you have trouble keeping your feet on the floor, pin them under a chair or bed. Eventually do the exercise unaided.

So in outlining the beauty program which you are to follow throughout the year, don't forget the important part relaxation should play in your daily habits. And to relax properly you must exercise the most effective method of relieving stress, nervousness and stimulating the process of elimination.

Follow the exercise by stretching on a bed to a quiet meditative rest.
