Show Season Is looming in D.M.

EACH WEEK IS BUSY WITH HOME-FALENT REVUES

By Everett Wadsworth Staff Writer Starting off with the third annual Bystander Talent week revue, which drew nearly a thousand in attendance early in October, the 1937-38 show season among clubs, organizations and groups is hitting a rapid pace and has reached a new high in events and social affairs. Dates at the Jewish Community Center are being filled daily.

Most recently was the recital of Anna Griffith Morrow, soprano, of Los Angeles, California, sponsored by Corinthian Baptist church usher board, which attracted a large audience of music lovers among society and church circles in Des Moines.

With the style show given by the Twentieth Century club on Thursday of this week swings the popular trend of amusements to the local public. The T. O. B. club minstrels, featuring the "Beef Trust" chorus, hold their Thursday, November 11th. The Three Purpose club's revue planned for early in December is in rehearsals.

On the 18th the Y. Stars, boys' club, is giving modern rhythm and music a break with the "Frolic and Jam Session," featuring a "mystery singer." Always a classic, topped off by a mammoth formal party at Christmas time, the old traditional Monarch club's annual minstrels will tread the boards December 16th.

Solons Promise to Protect Workers

51 CONGRESSMEN ARE WATCHING WAGE BILL

New York, Nov. 4.—In response to a letter from the N. A. A. C. P., a total of fifty-one congressmen have written the association that they will keep a careful eye on the wages and hours bill when it comes up in the house at the special session of congress to see that it does not contain any unfair differential so far as Negro workers are concerned. The N. A. A. C. P. points out that

Washington, D. C., Nov. 4.—As the date for the special session of congress draws near, efforts are being made in Washington to limit the program of the special session and the program of the special session and the program of the special session.

The foes of the anti-lynching bill, of course, are seeking any method by which they can tie up the bill. They know the votes are there to pass it, but if they can juggle the program in any way, taking advantage of any "breaks," they intend to do so. The foes of the Roosevelt administration are using every opportunity to embarrass the president's program and are working the anti-lynching bill overtime.

"See Your Congressmen" The N. A. A. C. P., which is heading the forces seeking the enactment of the anti-lynching bill, is urging all organizations and individuals supporting the bill to see their senators and congressmen in personal conferences before they go to Washington, urging them to insist upon the inclusion of the anti-lynching bill in the special session.

The bill already has passed the house, but in order to limit the special session program, a resolution has to be passed by both the house and the senate and, therefore, congressmen who already have supported the bill can render still further service by refusing to limit its consideration in the senate.

Appointed

NEW ASSISTANT PRINCIPAL IN HARLEM

New York, Nov. 4.—(C)—Miss Dorothy Hendrickson, 870 St. Nicholas avenue, was named assistant principal of P. S. 89, 135th street and Lenox avenue, effective October 15th. Miss Hendrickson entered the school system in 1920 as a teacher in P. S. 89. She is the first colored person to get her rating since Mrs. Gertrude Ayer was named about ten years ago. Mrs. Ayer is now principal of P. S. 24.

Court Settles Church Brawl

"ANY STARS" "NO, NOT ONE"

Memphis—(ANP)—City Court Judge Marion Boyd last Monday was called upon to arbitrate a fight occurring Sunday at Summerfield Baptist church, in which song books, chairs and other objects served as missiles, were hurled indiscriminately by the sixty communicants.

Testimony revealed the church was divided into two bitter factions, the fight starting when one faction sang a hymn, "Will There Be Any Stars in My Crown," and the other sang back: "No, Not One." Three were arrested and dismissed with a warning.

The wages and hours bill will have a lasting effect on hundreds of thousands of Negro workers in the south and, therefore, any attempt to frame a law fixing sub-standard wages for them should be fought vigorously.

'Green Pastures' Star Cast in New Role

EDNA MAE HARRIS GETS COVERT PART AS HEART INTEREST OF "SPIRIT OF YOUTH" Hollywood—It is all settled who is to play the starring role opposite Champion Joe Louis in the new all-colored motion picture, "Spirit of Youth," according to Supervisor Clarence Muse, of the Globe Productions Company.

She is the attractive, dark-eyed, streamlined, Edna Mae Harris (pictured above), one of the stars of the famed "Green Pastures" cast, who arrived here early Sunday morning on the California Limited from Chicago, where she was fulfilling a contract as featured soloist with Noble Sissle's band.

Wally, Duke Invited To Harlem Dance

New York, Nov. 4.—(ANP)—At the Elks auditorium Tuesday night the British West Indies War Veterans wired the Duke of Windsor and his duchess, the former Wallis Warfield Simpson, an invitation to attend their dance at the Rockland palace.

The duke is scheduled to visit the federal housing project in Harlem. If he is in New York at the time of the dance, he would be sure to accept the invitation, as it would be considered the height of tactlessness to ignore the opportunity to regain the confidence of these men who have seen service on every British front during the last war.

COLORED G. O. P. LEADERS EYE PROPOSED MID-TERM CONVENTION

Chicago, Nov. 4.—(ANP)—Colored Republican leaders of the country this week learned that plans for a 1938 mid-term convention of the Republican party are in the formative stage and that details of the con-fab will be ironed out at the forthcoming November 5th meeting in Chicago of the national committee, headed by Chairman John D. M. Hamilton.

The opinion seemed prevalent among many of the colored standard-bearers that the 1938 convention, if called, would resolve itself into a test of strength between former Gov. Alf M. Landon, the party's 1936 presidential candidate and former President Herbert Hoover. It was learned here that if the mid-term convention is called, Mr. Hoover is anxious to have adopted a plan he has endorsed for assembling delegates.

BUILDING "COTTON ROADS" IN SOUTH

New York, Nov. 4.—(C)—As the national Automobile Show opened Wednesday, it was announced in the New York Times that 578 miles of "cotton roads"—roads built with cotton fabric—were constructed in the south during the past year. Alabama, North Carolina, South Carolina and Tennessee report completion of nearly forty miles of new cotton highways up to September 1.

DECISION DOES NOT SETTLE MATTER OF JUSTICE, DEFENSE SAYS

New York, Nov. 4.—(ANP)—Although the U. S. supreme court has refused to consider the appeal of Haywood Patterson, thus establishing a precedent for similar action in three more of the same cases headed its way, the fight for freedom of the five Scottsboro boys will continue unabated, it was revealed in New York this week on several fronts. Samuel Leibowitz, chief counsel for the defense, said he had "a definite plan for new action" toward freeing the youths still in prison.

Joseph S. Gelders, white Birmingham liberal and southern representative of the National Committee for the Defense of Political Prisoners, issued a statement from New York which he was visiting calling on Gov. Bibb Graves to free all of the youths.

Declared the Rev. Dr. Allan Knight Chalmers, chairman of the Scottsboro defense committee, "The decision of the United States supreme court apparently closes out further legal action in the case of Haywood Patterson. It does not settle the matter of justice, however. Alabama has already released four of the defendants against whom there was the same evidence upon which the state is holding five defendants. A smarmy editorials in southern daily newspapers have emphasized, this action has created grave doubt in the minds of even the southern public of the guilt of any of the defendants."

'Fake' Apartment Holdup Is Aired

ROSCOE BRUCE JR. AWAITING SENTENCE

Newark, N. J., Nov. 4.—(C)—Roscoe C. Bruce, Jr., who was trapped into a confession of the "fake hold-up" of the Richard B. Harrison apartments where he was manager, last spring, was granted a stay of sentence Wednesday for a report from probation officers. It is hoped young Bruce may be paroled.

The prosecution suddenly flashed a letter intercepted when young Bruce was in prison, in which he admitted to his wife he was guilty. The letter exonerated Bernice Baskerville, Bruce's secretary, and Milton Taylor, his assistant, Miss Baskerville, a state witness, was not indicted, and Taylor was acquitted.

His father has practiced law for forty-five years and the son for eighteen years.

LEONARD POWELL, CHICAGO, KILLED IN CRASH DURING THE WARM-UP

Hammond, Ind., Nov. 4.—Losing control of his car on the south bank of the ten-foot high track, Leonard Powell, 35, chauffeur for a Chicago undertaker, was fatally injured here Sunday during a series of automobile races at Hammond speedway.

Twenty-six drivers, representing eight states, participated in the race. Promoter Harold Schrueter was said to have offered the largest purse ever given for a title race of this kind to be distributed among the first ten drivers. Also entered in the event were Bill Gaines, holder of several track records; Barney Anderson of Detroit and Whizz Wiggins of Toledo.

Border Clashes

TROUBLE BETWEEN HAITI AND SAN DOMINGO

Port Au Prince, Haiti, Nov. 4.—(C)—Serious outbreaks on the Haiti-San Domingo border were reported last week, it being estimated that probably 1,700 persons were killed and wounded, perhaps 500 killed, most of them women and children. The clashes were reported as due to Haitians crossing the San Domingo border in search of work. Haiti is only half the size of San Domingo, but has twice the population, and the labor situation in Haiti is acute.

Mechanical Cotton Picker To Create Labor Problem

EXPERTS SAY IT MAY DISPLACE 500,000 WORKERS

Washington, D. C., Nov. 4.—(ANP)—In a report last week to Works Progress Administrator Harry L. Hopkins, WPA agricultural economists declared that with further refinement and developments the mechanical cotton picker, within five or ten years, might lead to the displacement of 500,000 field hands.

Other probable effects of the widespread use of the automatic picker; reduced number of tenants and sharecroppers; greater uses of machinery in other phases of cotton culture; an increase in the size of cotton farms and a shift by cotton planters to those areas best suited to tilling and harvesting by machinery.

Congressman Ends Good Will Tour

CON. MITCHELL SAYS SOUTH IS BECOMING MORE TOLERANT

Washington, D. C., Nov. 4.—(ANP)—Congressman Arthur Mitchell from Chicago's First district, recently returned from an auto "good will" trip through nine southern states, said he had found "a definite tendency of liberality" among southern whites toward Negroes voting.

In Alabama, the representatives said, Pitt Tyson Maner, national president of the Young Democratic club, was interested in having the qualified Negroes of the state register and vote.

GETS LIFE FOR OIL-STATION SLAYING

Dillon, N. C.—(ANP)—Because, last August, he slugged W. J. David, Sr., aged filling station operator, mashing his head in with a club, causing his death—Paul Ross, 17, was sentenced to prison for the rest of his life Monday by Judge C. C. Featherstone, presiding over the October general sessions court. Hospital alienists said Paul had the mentality of a nine year old, recommended mercy. His loot in the killing, 50 cents.

Cassell, Architect, Sues Howard U.

ASKS \$350,000 AFTER FAILURE TO RECEIVE CONTRACT FOR DORMITORIES

Washington, Nov. 4.—Mordecai W. Johnson, president of Howard university, and Thaddeus L. Hungate, Jesse Jones and Dr. Anson Phelps Stokes, all trustees of the university, were made defendants in a quarter of a million dollar suit filed by Albert I. Cassell, university architect. Cassell asks punitive damages of \$100,000. This suit is an addition to a second amended declaration filed on July 1, 1936.

Cassell claims that Dr. Johnson and certain members of the trustee board entered into conspiracy to prevent him from being awarded the contract for two men's dormitories on the campus of Howard university.

WE HOPE IT WORKS

George H. Edmunds of Des Moines who for several years has been an organizer for the United Mine Workers and who at this time is organizer for the CIO, was in the city this week. He has been with the CIO several months, has worked in many fields and ought to know what the organization is doing.

During the automobile strikes in Detroit and the steel strikes earlier in the year, the Bystander criticized the CIO for its use of the sit-down strike believing that it was illegal but praised the general objective of that organization. Since the steel strike, the CIO has learned that the sit-down strikes lost them friends and we are inclined to believe that this alleged weapon of forcing labor demands is well on its way out.

The Bystander was anxious to know how the Negro is faring in the CIO with particular reference to an opportunity to aspire for and be engaged in the skilled branches of industrial plants. Mr. Edmunds said that Negroes were being taken into the CIO on absolute equality with all other groups and cited instances in plants where they were working side by side with white union men in industries where they had control.

This news is encouraging. The Bystander is proud that such a happy situation exists for unless Negroes are going to be permitted to join the skilled ranks of organized labor and are protected in their rights, they are doomed to economic slavery as long as labor is in control of the employees of industry.

In the past we have had much experience with white union men refusing to work with Negro union men. Under this system they propose to take in everybody but give no protection to a worker who although an otherwise good union man has a black face.

The Bystander has always insisted that Negroes are better off in unions than outside provided they are on equal terms with everybody else. It makes things 'better' for the 'white worker. But unless we can have the CIO system which Mr. Edmunds says is really working, there is little hope for the economic salvation of the Negro.

THE FHA

The Federal Housing Administration was set up to force cheaper facilities for the purchase, repair and financing of homes; also to enable those people whose small incomes prevented them from financing their home buying and improvements through insurance companies and other private agencies which catered to a select group, to the care of their needs.

However the real estate men have so maneuvered the operation of the law that as the situation stands today it is more difficult to finance homes through the FHA than through private institutions.

For instance it is almost impossible for a white man living in a block where Negroes live and vice versa to get a loan. Their policy is to make loans in an all white or an all Negro neighborhood. So by the enforcement of this rule the FHA, a federal lending agency, is giving its lending power to foster residential segregation.

Again districts have been laid out where they taboo all loans. Invariably they are Negro districts. In Des Moines for example—so they are following the same rules of discrimina-

tion as the real estate men follow. Loans to the low wage group is the exception rather than the rule.

Of course the FHA must operate their business on a sound basis. On the other hand as long as the government embarks on a program calculated to help any citizen, if necessary, it is rather galling when it turns out that the people who need help most get it less.

So after all it makes little difference who is lending money, whether the government or private institutions, the less fortunate cannot share in the cuts and turns of finance which help people get ahead.

A GOOD FRIEND HAS LEFT

A few days ago W. L. Stern of Logan, Iowa, former chairman of the Republican State Central Committee died. A quiet man and unknown to most of the readers of the Bystander, it is well to call attention to the fact that with the active support of the late Senator Charles A. Rawson, who was Republican National Committeeman at the time, Mr. Stern established the first complete Negro unit of the State Central Committee in 1928. He saw to it that the work was given proper recognition and adequate finances to carry on its activities.

Patterned after the setup at national headquarters during campaign periods, the system has been continued during each successive campaign. Mr. Stern was a good friend of the Negro group and the Bystander feels it ought to recall this bit of history. It regrets his passing.

What Others Say

"ONE THING NEEDFUL"

From the earliest days of man's existence upon the earth, there has been a struggle for absolute independence. The struggle is the price to be paid. Independence has its rootage in the very nature of man. Nations have clashed, races have vied one with another, for absolute independence. How much freedom do we as a people enjoy? The freedom of the press; the freedom of speech; the freedom of Religion; and the freedom of lawfully assembling ourselves together. The freedom of opportunity to expand our God-given energies is not very comprehensive, this is "ONE THING NEEDFUL."

People as a rule are interested in the thing that has cost them a dear

ADOLESCENT GOITER.

This is the type of goiter which occurs in growing children, and usually begins at the time of puberty. This is frequently caused by iodine deficiency.

People living in districts that have soil which is poor in iodine do not get sufficient iodine in the drinking water and vegetables. The "goiter belt" includes the St. Lawrence basin, the Great Lakes basin, the Upper Mississippi valley, and the northwest states.

The enlargement of the thyroid gland (goiter) develops gradually at the onset of puberty. In its early stages there are few if any symptoms. The patients' attention may be called to it either by the school nurse or a friend who notices the gradual enlargement of the neck in the thyroid region.

Preventive treatment of adolescent goiter is far more satisfactory than curative treatment. In all goiter districts iodized table salt should be used. School children spring and fall, should receive small amounts of iodine under a physician's care at least once a week.

C. M.—Do you have any idea of my passing in all by subjects in this school this year and tell me what year I will enter in the senior class?

Ans.: You are going to pass all of your subjects . . . but you must continue to work very hard in order to do so. Next September you will enter your Senior Year at high school, and will graduate the following June.

B. M. G.—This boy that goes with me does he love me or the other girl he has been taking out?

Ans.: This young fellow is a "man about town" and has several other girls on the string that you aren't aware of. He likes you well enough but he certainly is not in love with anyone of his friends.

M. W. J.—What makes my husband so fussy and hard to get along with? Why does he always pick on me?

Ans.: He's a born "grouch" and will never get over it. It is only human for anyone to fuss and pick on the very people that we love the best. Why should anyone want to fuss and nag a person that you cared nothing about. He loves you, even though it is a bit selfish.

P. L. W.—Please tell me if my sweetheart will take me back again for we have quit?

Ans.: Don't be so anxious to take him back for it will make him lose interest in you . . . go out with some other friend and show him a thing or two and he will be snapping around your door asking you to take him back before very long.

P. H.—Would it be advisable for me to go to the next town that I have in mind this year?

Ans.: The wisest thing for you to do young lady is to go ahead with your education and forget your boyfriend and your desire to make a change. At your tender age there is but one place for you—and that is in the schoolroom.

L. K.—Will there be any success for me in the contest that I am working fair and hard for?

ANNA MAE WINBURN'S BAND COMING TO PLA-LAN ON NOVEMBER 15TH

By the Staff Writer

"Them cats sure did swing!"—The crowd wasn't talking about Hallo-w-e-e-n animals, but they were speaking of the rhythm of the ever-popular Nat Towles (who has that stream-lined figure like Fats Waller) and his fourteen Southern Gentlemen, who played for the dance at the Pla-Lan on Monday night.

"Duke" Gruener, director, was heard in the latest vocal arrangements of some of the older classics which were "solid senders" (indeed satisfactory). T. L. (Speck) Howard promoted this holiday event. Devils, Dutch maids, peasants, top hats-tails, tramps, Chinese mannequins formed the costumes of many of the dancers. "That girl's coming back!" Yes, and watch young swains and bachelors get "new fronts" to meet their favorite glamour girl, Anna Mae Winburn, popular mistress of ceremonies, who will bring her own new band to the Pla-Lan ballroom Monday evening, November 15th.

The Top Hatters club is sponsoring her appearance here, George Manueh, president, announces immediate advance sale of tickets. The attractive girl always draws a capacity crowd in Des Moines.

OLD PEOPLE find way to keep breath wholesome

Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant. Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder other consider them a nuisance. But now Science has found that the regular use of Listerine will often prevent a distasteful mouth odor due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces.

This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. Halts fermentation and putrefaction, a major cause of odor, and then neutralizes the odor themselves.

Try using Listerine every two or three days. You'll know how wholesome it keeps your mouth. How it sweetens your breath. Listerine (Therapeutic Co., St. Louis, Mo.)

SPORTS

BY ALLEN ASHBY

BIG TEN

There were no especially surprising upsets in the Big Ten, unless you want to call Minnesota's defeat by Notre Dame an upset. The thing about that game that pleased us most was Dwight Keiser's great defensive game. Horace Bell also played his part for the Golden Gophers and they really missed his accurate pace kicking. His injury probably cost Minnesota the game. As he has missed only one good attempt all year.

Northwestern, with Jefferson doing his share of ball-tugging, came back to trim Wisconsin. Clarence Hinton helped the Purple cause along with Jeff. Iowa continues to be the hard luck cub of the league. Besides dropping a game to Purdue, Iowa also lost the services of Captain Homer Harris, perhaps, for the big homecoming game with Minnesota this week.

On the Pacific coast Kenny Washington carried on a valiant one man battle against California's Golden Bears as U. C. L. A. went down. Washington received a great hand as he left the game. Woodrow Strode played a great game at end for the Uclans.

Ed Williams continued his role of star for N. Y. U. and Bud Holland is letting the world know that he is after all-American honors for Cornell. Western Reserve went down after twenty-six straight wins, but Doc Keiker gave a grand account of himself.

NEGRO SCHOOLS

Arkansas State played their second consecutive tie game. Their motto seems to be, "If we can't win, you won't." This time it was Wiley, 12 to 13. Tennessee State picked Wilberforce crowd, 6 to 3. Bluefield tied West Virginia State, 7 to 7. Two strong teams went down as Florida A. and M. sunk Morris Brown, 9 to 7, and South Carolina A. & M. trimmed St. Benedict, 14 to 0. Gordon Kitchen's Talledega outfit must feel fine now. They just got another lacing, 31 to 0, from Tougaloo. Alcorn took Leland, 14 to 0, and LeMoyne lambasted Philander Smith, 19 to 7.

HIGH SCHOOLS

As North High rolled over Valley Junction, Charles Swink tackled down a few passes, made some backies and lugged the apple a few times for Valley. Cle Lovelady got into game for Valley. He is cool and passes accurately, having the ability to await for a man to get loose. A rare quality in high school passers.

Ike Miller did his share of blocking and played a fine defensive game and plunged a little. Tom Avant, after a nightmarish first half, finally got together and scored a touchdown for North.

Ed Maupin, Harry Saunders and Frank Kaiser all saw limited action as East drubbed Lincoln, 19 to 0.

Looking Over the Hawkeyes

By J. Braddie Morris

The Negro Forum met Sunday evening at the Iowa Memorial Union. A fine crowd was present to hear the plans for the coming financial campaign which is to be launched in co-operation with the other organizations of the religious council. The meeting of November 7th has been postponed due to the homecoming festivities and will be held November 14th, the place of meeting to be announced at a later date.

It is doubtful whether Captain Homer Harris will be able to start the Minnesota game Saturday, due to severe shoulder separation which he received in the Purdue game last Saturday. It is a recurrence of a previous ailment suffered last year. Fred Smith, sophomore end, who played three quarters of the Purdue encounter, returned without injuries. Several of the boys were, slightly beat up in the crushing defeat at the hands of Purdue's Boilermakers to the tune of 18-0.

Friday and Saturday are the days of the annual homecoming. There will be much doing here on those days. Banquets, inspection tours, football games and parties are to be included in the two days of festivities.

There will be warmers Friday evening and two parties Saturday evening. Kappa Alpha Psi will have a party at their house. Alpha Phi

Comets 6 Bombers 0

NEGRO TEAM MAKES FINE SHOWING

By Allen Ashby
The Brown Bombers Negro team from Chicago took on the Comets last Sunday. The Bombers had several good men in their lineup, but were unable to generate much of a co-ordinated offense. Although the Negroes lost the game, 7 to 0, the large crowd saw some real football and some of the deadliest, hardest tackling of the local season.

They were the first club to keep Bob Vandever from running clear away. Bob gained a lot of ground, but he also lost more than people were used to seeing him lose.

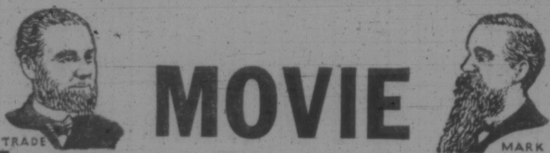

The difference between the club was Vandever. Huffst, a Negro All-American guard from Xavier, was the outstanding lineman on the field. C. Anderson, another All-American from Texas college, was the main part of the Bombers' defense, while the offense was carried out by Babbs, formerly of Indiana U., who was as good as any back on the field.

DURHAM INVESTING IN SMALL HOMES

DURHAM, N. C. (C)—Although it is the cynosure of all eyes for having developed the most outstanding business among Negroes in the nation, Durham is not resting on its oars, but continues to make progressive moves. The North Carolina Mutual Life Insurance company, now at the top in the insurance field, is still pursuing its policy of many years of promoting the general welfare as well as its own business success. An instance of this is the development of N. C. Mutual homes in the College Heights section of Durham, where the company has divided a plot of land into lots and is financing the building of modest homes on the small monthly payment plan, in order to promote the idea of home ownership.

Seven of these homes have been built, five frame, one stucco, and one brick veneer. This is after the plan of the subsistence projects of the Federal Government. The Mutual has found that such welfare work, when carefully managed, pays profits as well as improves the citizenship and the community. The Mutual, however, has not confined its aid to Durham alone; although it did save to the group the Royal Knights building, which represented the faith of thousands of people. In Baltimore, Washington, Raleigh, Norfolk, Wilson, and Atlanta, definite aid has been rendered to the group on valuable real estate investments. The Mutual takes pride in the fact that it has more money invested on Negro property than any other single business enterprise. It has \$1,306,641.54 in mortgage loans as of December 31, last.

The Mutual also believes in supporting colored printers and colored newspapers. Most of its printing is done by colored printers, including booklets, stationery, report forms, and special work for various occasions.

A recent development at the home office, also, is the power of the company's magazine, "The Whetstone," which is published monthly, and edited by Mrs. J. W. Goodloe, of the Research and Review department. Articles of a general nature dealing with the insurance business have attracted wide attention, especially those of A. T. Spaulding, the actuary, and the story of President Spaulding's trip to Haiti, with pictures.

NAME LONDON APARTMENTS FOR DUKE ELLINGTON

LONDON, Oct. 28—(C)—"Ellington Court," 29 Sloane square, S. W. 1, Southgate, has been christened in honor of Duke Ellington, jazz maestro of New York. Ellington has been sent pictures of the apartments and a letter appraising him of the honor.

ACCUSED OF KILLING BOSS IN FURNACE

Mobile, Ala., Oct. 28—(CNA)—Tom Webb, a colored mill hand, was arrested this week on a charge of murder. He was accused of hurling Chief Engineer Midd Draughn of a veneer plant to his death in a blazing furnace after the white man had abused him. Draughn died October 8th. Police first described the occurrence as an accident.

REPUBLIC COMPANY MOVES EMPLOYEES NORTH, OUSTING CIO EMPLOYEES

Youngstown, Ohio, Oct. 28—(ANP)—Negro skilled workers are being transferred here from the Republic Steel Mills in Alabama to fill the vacancies left by the CIO sympathizing employees. For the past month the company has been checking files and fully examining all "foreign origin" workers in an effort to postpone or forestall any future strike.

Flash Poisons From Kidneys and Stop Getting Up Nights

Be Healthier, Happier—Live Longer

When you get set for 35 cents a supremely efficient and harmless stimulant and diuretic that will flush from your kidneys the waste matter, poisons and acid that are now doing you harm, why continue to break your restless sleep by getting up thru the night.

Just ask your druggist for Gold Medal Haarem Oil Capsules—but be sure and get GOLD MEDAL—Eight from Haarem in Holland. Other symptoms of weak kidneys and irritated bladder are backache, puffy eyes, leg cramps, moist palms, burning or scanty passage.

Finding too few competent foreign-born mill hands determined to transfer Negroes here since they had no major part in the recent strike. Alabama Negroes checked in lately and were assigned to jobs not frequently given to local colored employees. Dark faces so commonly seen on the ore piles are now seen in cranes, behind expensive machinery, and in skilled labor departments.

BUILT AT COST OF \$28,000

Pasadena, Calif., Oct. 28—Father Divine's elaborate \$28,000 "throne car," built for him by his California lieutenant, John West (Jesus the Christ) was completed last week and ready for christening, but the wealthy white builder was unable to officiate at the ceremony for very good reason that he is serving a sentence at McNeil's Island prison for seduction of a 17-year-old cult member, Delight Jewett.

Specially built on an extra long chassis, powered by a Duesenberg motor, the car has two "thrones" in the rear, elaborate fittings and upholstery, will probably be shipped east to Father Divine.

HERNDON'S BROTHER KILLED IN ACTION, COMMANDED UNIT

Madrid, Oct. 28—(CNA)—Milton Herndon, brother of Angelo Herndon and commander of a machine gun company of the Abraham Lincoln Battalion, was killed in action against fascist troops on the Saragossa front in Spain last week. A wireless message from Loyalist Spain, made public this week by the friends of the Abraham Lincoln Battalion, 125 West 45th street, New York, said that the brother of the famous youth leader was fatally wounded during the recent Loyalist offensive against the fascist rebels and their Italian and German allies.

A member of the Young Communist League, of which Angelo is national chairman, Milton, 29, went to Spain six months ago to join the International brigade, composed of black and white anti-fascists of all countries. He was soon promoted to commander of the Frederick Douglas machine gun company and was active in many engagements at the front.

Milton Herndon was the third American Negro member of the Abraham Lincoln Battalion to be killed in action. The other two were Alonzo Watson, killed on the Jarama front on February 15th, and Oliver Law of the Tom Mooney machine gun company, killed at Brunette last July. All three had received citations for bravery under fire. At least 100 American Negroes, as well as many Negroes from the West Indies and Africa, are fighting in the Loyalist armies against the fascists. Forty per cent of the Americans have received officers' commissions.

WASHINGTON, D. C., Oct. 28

Without the help of Justice Black's vote the Supreme court of the United States decided with Alabama in the famous Scottsboro case. Heywood Patterson must serve 75 years in penitentiary. The court held that the latest trials in the noted case did not infringe upon the Constitution. Twice before, it saved Patterson's life by reversing death sentences.

Four of the Scottsboro boys are now at liberty, having been freed the trials were too expensive and that they were to a degree of bankrupting the county. The four boys are Olen Montgomery, Willie Robertson, Roy Wright and Eugene Williams.

In 1932 when the Patterson appeal was taken to the Supreme court, it held that he and other defendants had not been provided with adequate counsel. Three years later it ruled that Negro members had been "systematically excluded" from the juries, which indicted and convicted him.

At the last trial, two Negro members were qualified for jury service in the Clarence Norris case, but were turned down by the state after preliminary questioning.

The decision of the Supreme court came as a surprise to counsel for Patterson. It is believed that the court "tired" of the case, and decided in conference to virtually end it.

Associate Justice Hugo Black who has confessed his Klan affiliation, took no part in the procedure. By withdrawing from consideration of the Scottsboro case, Justice Black forestalled a threatened challenge of the validity of his appointment to the Supreme court.

MCKAY BABY IS BURIED

Joyce Elaine McKay, infant daughter of Mr. and Mrs. George O. McKay, who died October 27 was buried Thursday, October 28, 1937, from Estes Funeral Home with Rev. R. H. Hackley officiating.

Interment was at Glendale cemetery. Her parents and sisters, Leona and Mildred, survive.

The only appeal now open to Patterson and the other defendants for their freedom is to Governor Bibb Graves of Alabama.

The five boys now remaining in jail, and whose fate was practically sealed with the recent Supreme court decision are, Andy Wright, given 99 years; Charlie Weems, convicted last July and given 75 years; Clarence Norris, sentenced to die; Ozie Powell, serving 20 years for assault with intent to kill; and Heywood Patterson.

ALSO ADMITS STATE HELPLESS TO CURE MOBS

New York, Oct. 28—In an amazing statement here October 21, Governor Fred P. Lane, of Florida, put his personal approval upon lynching. A delegation of representatives of liberal and church organizations went to the Waldorf Astoria to question Governor Lane about the failure of Florida to prosecute the six Tampa policemen who flogged Joseph Shoemaker to death in December, 1935.

Governor Lane astounded his visitors by saying: "Anybody comes down to Florida and tries to overthrow the government of the United States, they ought to be rode out of Florida on a rail. . . . They ought to be hung to the nearest lamp post."

3 A.M. AND SOON ALL WILL BE WELL

A group of persons returning home after midnight were puzzled by seeing a man near the top of a telephone pole. He seemed to be busily at work. One of the group investigated.

The explanation was simple. In the telephone office a short time before, several telephone lines in the business district had suddenly gone out of service. Something had happened to a telephone cable.

Telephone cables are not often damaged but when one is, it calls for immediate action. It didn't take long for repairmen to locate the trouble. By getting to work on it at once, it was repaired before daylight and morning telephone calls.

It is our policy to maintain your telephone service as free as possible from interruptions, errors, and imperfections...to provide the best possible telephone service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.

It is well known that southern opponents to the wages and hours bill are bitter against the provisions which would give Negro workers the same wages and hours as white workers when they do the same work.

The Progressive club will hold their Harvest Week at Union Baptist church beginning November 9 through the 14th. Preaching service each night closing Sunday afternoon. Elder Adkins, Church of God, No. 2 guest speaker. Everybody welcome.

ADAM POWELL, JR., ELECTED UNANIMOUSLY TO SUCCEED HIS FATHER

Clayton Powell, who held the charge for twenty-nine years. He was educated in the public schools of New York and at Colgate and Columbia universities.

He received his theological training at Union seminary and was ordained to the ministry in 1929. In 1933 Young Powell's marriage to Miss Isabelle Washington, former night club dancer, created a sensation, but Mrs. Powell is now an active worker in the church.

WHERE IS HELL? HOW LONG WILL IT BURN? IS THE DEVIL THE MANAGER?

Where is Hell? How long will it burn? How many souls have already reached there? Is the Devil the manager? When will Hell burn out? When will Hell burn out what will happen then? These are the questions that men want to know concerning the place called "Hell." We have all heard strange, weird and frightful stories concerning the plan but how may we know the truth on this subject. The Bible gives a real true to life word picture of this place. This picture will be presented Sunday night at 7:30 P. M. at the Seventh-day Adventist Church at 1150 W. 13th St. by Evangelist R. T. Hudson. What the Bible teaches about hell is the subject to be discussed. The Philadelphia Mixed quartet will sing "O Turn Ye." A rousing song service at 7:30 led by Frederick Thomas. All are welcome. Come early and enjoy the song service.

Lesson for November 7

CHRISTIAN CHARACTER AND PEACE

LESSON TEXT—Colossians 3:1-17. GOLDEN TEXT—And let the peace of God rule in your hearts, to the which also ye are called in one body.—Colossians 3:15. PRIMARY TOPIC—In His Name. JUNIOR TOPIC—In His Name. INTERMEDIATE AND SENIOR TOPIC—How May I Have Peace? YOUNG PEOPLE AND ADULT TOPIC—The Christian Care for Strife.

Armistice day is but a few days away, a fact which was probably in mind when the title of our lesson was chosen, for while it speaks of "Christian character" it also refers to "peace." But the peace spoken of here is the peace of God which is the result of peace with God and which issues in holy living. The only hope of this world for a real and lasting peace is in the winning of men and women to glad allegiance to the Prince of Peace, our Lord and Saviour, Jesus Christ.

Altogether proper is the close connection in Scripture between the most profound spiritual truth and practical holy living. Whether it be done in a land of enlightenment or in the midst of heathen darkness the teaching of the deep things of God brings forth in the receptive heart an appreciation of God's provision for our redemption, a consciousness and hatred of sin and an appropriation of victory in Christ. All three of these factors emerge in the study of our lesson.

I. "Seek Those Things Which Are Above" (vv. 1-4).

Faith in Christ makes us one with him in his death and in his resurrection. We are therefore to live in resurrection power. Our Lord has entered into heaven, and is there seated at God's right hand. If we are in him, if we have died and arisen with him, we are dead to the things of this world and our one desire is to "seek those things which are above."

The mystic union of the believer with Christ brings us so close to God our Father that we may say with the poet:

"Near, so very near to God, Nearer I could not be, For in the person of His Son I am as near as He."

We are "hid with Christ in God." He is our very life. Note however that this union with Christ expresses itself in a most practical manner for we as Christians are admonished to:

II. "Mortify Your Members upon the Earth" (vv. 5-9).

The most spiritual Christian is the one who is most sensitive to sin and most earnest in his purpose that it should be mortified—which means "put to death." We may not temporize—we must not compromise with sin. Put it to death. The list of things which are to be put away include a number of sins which we recognize at once as utterly inconsistent with a Christian profession. But note also that there are a number of them which are all too common among Christian people—covetousness, anger, wrath, malice, and so forth. Lying and shameful talk are condoned by some (and practiced by many).

III. "Put On the New Man" (vv. 11-17).

Christianity is positive. We put off sin—we put on righteousness. Knowing no lines of social or creedal distinction we recognize Christ as "all and in all." Then as "God's elect, holy and beloved," we are clothed with the Spirit of Christ. Tenderhearted, kind, lowly, meek, of a forgiving spirit, long-suffering, all these Christianlike ways of living should appear in those who are hid with him in God. As the encircling band which holds together these beautiful and precious virtues, we have love, "the bond of perfectness" (v. 14).

These outward manifestations of our oneness with Christ have an inward controlling power—for in our hearts "the peace of Christ" is to "rule." The word means to serve as "umpire," as a referee in times of difficulty. There in the Christian's mind the peace of God also rules the "word of Christ" dwelling, really abiding, and not in scarcity but "richly." Small wonder that there is in such a heart a never ending song which glorifies God's grace and which, hope and admonishes others.

Our final verse sums up the life of the Christian, for in whatsoever he does there is but one motive, one purpose—a willing thankful response to the will of God. He does nothing that he cannot do in the name of the Lord Jesus.

The thought of the Divine excellence and beauty, how far it is exalted above us and yet how sweetly it shines upon us.

Result of Experience Experience is a grindstone, and it is lucky for us if we can get brightened by it and not ground.—W. H. Shaw.

Victory belongs to him who perseveres.—Luther.

FIRST OF RACE SO RECOGNIZED BY GROUP

Chicago, Oct. 28.—(ANP)—Tuesday at high noon La Julia Rhea, Kentuckian, affixed her name to a contract for her appearance December 19th with the Civic Opera company of Chicago at the Civic opera house. When she lifts her dramatic voice in the famous aria of "Aida," it will be a history making event in the world of American music. It will be the first time a member of the darker race has been deemed qualified, conquering prejudices and apprehensions, to enact the title role for a major opera company. Miss Rhea will be supported by Wm. Franklin, promising young colored baritone, who will sing the opposite leading role of Amonasso.

It is of singular interest that La Julia was born in a section of Louisville known to those familiar with American lore as The Cabbage Patch, whose chief claim to fame was in the person of the immortalized "Mrs. Wiggs." She came to Chicago at an early age, finished Wendell Phillips high school and became the wife of Henry Rhea, of the Chicago postoffice. Her first teacher was Charles Keep and later Mr. and Mrs. Herman DeVries of Chicago Musical college. The past summer she attended opera classes under Isaac Bangrove.
