### New York Mayor Pleased Colored Voters with Jobs

ANDREWS, JUSTICE RE-ELECTED MAGISTRATE IN PHILADELPHIA

New York, Nov. 11.—(AP)—Despite the general city-wide vote given the republican-fusionist slate which re-elected Mayor LaGuardia and put in Special Prosecutor Thomas E. Dewey as district attorney, Harlem returned Assemblymen Robert W. Justice and William T. Andrews to the state legislature on the democratic ticket.

Re-election of Andrews in the 21st assembly district is seen as a personal victory for Herbert L. Bruce, the city's only Tammany Negro leader. Andrews defeated Mrs. Sara Pelham Speaks by more than 800 votes. Justice won out over Ira W. Kemp, republican-fusionist candidate in the 19th district, by 230 votes.

### Congressman to Fight Railroads

REP. ARTHUR W. MITCHELL Attacks Railroads for Jim Crow Accommodations

HOLD HEARING WEDNESDAY ON MITCHELL'S JIM CROW COMPLAINT

Chicago, Nov. 11.—(AP)—A hearing on the complaint of Rep. Arthur W. Mitchell that he was Jim Crowed and forced to ride in a second class railway coach, although he had a first class ticket, will be held here Wednesday at the Hotel Sherman, the interstate commerce commission announced last week.

Defending the action are the Illinois central and the Rock Island and Pacific railroads, and the Pullman company, who, the congressman charges, violated the interstate commerce act as well as the federal constitution last April 20th when, on a trip to Hot Springs, Ark., from Memphis, he was forced to give up the first class seat he held.

Mitchell asserted the railroads, claiming to act under authority of Arkansas law, based their action on the fact he is a Negro. The car in which he was forced to ride was used jointly for passengers, train crew and baggage and was "small, poorly ventilated, filthy and indescribably unsanitary," he declared.

ONLY TWO ALABAMA BOYS ON TUSKEGEE TEAM

Tuskegee, Nov. 11.—(C)—Only two out of the eighteen boys on the Tuskegee Golden Tigers football team are from Alabama, according to a statement from the Athletic Bureau on Wednesday. The two are Maxwell Vails of Tuscaloosa and James Griffin of Snow Hill, both guards.

New York, Nov. 11.—(AP)—Mayor F. H. LaGuardia was re-elected mayor of New York by a 450,000 majority Tuesday, carrying his entire slate into office with him. The mayor ran on the republican-fusion-American labor party ticket, and got a tremendous vote in Harlem. During his first term LaGuardia appointed a colored tax commissioner (H. T. Delany), a colored magistrate (Myles A. Paige) and gave Harlem numerous park and playground improvements, a new health commissioner (Dr. John B. West), and placed two colored mounted cops in Harlem.

Also under LaGuardia colored supply conductors and motormen were employed, and a colored chief buyer of drugs for the city sworn in. A colored school principal (Mrs. Elise Ayer) was appointed under LaGuardia, and a new school building is being erected in 128th street between Seventh and Lenox avenues. Many street improvements have been made in Harlem, including widening of Seventh avenue, taking up trolley tracks on Lenox and Eighth avenue and repaving of several streets.

LaGuardia was severely criticized by whites for restraining cops from beating up colored citizens during the Harlem riot. Some whites even appealed to Governor Lehman to send troops, but the mayor remained calm. The new district attorney, Thomas Dewey, elected with LaGuardia, has a colored woman lawyer on his staff, Mrs. Eunice Hunton Carter. Under LaGuardia, also, Miss Jane Bolin, colored, was named assistant corporation counsel.

### Mine Blast Blamed To Co. Officials

LOSSES KNEW OF GAS LEAKS BEFORE FATAL BLAST

Birmingham, Ala., Nov. 11.—(CNA)—Long before a horrible disaster crushed and mangled the bodies of thirty-four miners—twenty-three of them Negroes—officials of the Woodward Iron Co. were aware that Mulga was a "hot," dangerous mine, R. J. Marshall, vice president of the company, admitted after the explosion two weeks ago had horrified the nation, that Mulga was regarded as a "tough average."

For several weeks before the disaster, the miners had been suffering from severe headaches caused by the highly inflammable methane gas. The section in which the men were working, was so filled with the gas that even a slight spark may have caused the catastrophe that blew thirty-four men to bits.

### Religious Protest

London, Nov. 11.—(AP)—Jacob Epstein's latest piece of sculpture, "Consummation Est," which shows the body of Christ brought down from the cross and laid in a tomb, has aroused a storm of controversy in local circles with one of the main protests being that the figure is a "Negro type."

The famous modernist, whose statue, "Christ," created almost a decade ago, has caused as much furor when it was unveiled several years ago, has carved a figure "with flat face, heavy shortened legs and huge feet which are reminiscent of some primitive Negro sculpture," according to some of Epstein's bitterest critics.

The new piece, made of two and a half tons of pink Derbyshire alabaster, is on view at the Leicester galleries, where it has attracted crowds of curiosity seekers.

### ARMISTICE DAY, 1937

## Nineteen Years Ago-- They Said 'Cease Firing'

SOME LIKE TO TALK ABOUT IT, OTHERS HARDLY MENTION IT

By Everett Wadsworth Staff Writer

Lincoln American Legion post headquarters had a thoughtful atmosphere Tuesday evening as several comrades, Vivian L. Jones, Sam Rhoads, Leroy Bird, Spencer Elliston and others, gathered around to relive some memories. What was it all about anyway? Did they get what they were fighting for? No more bursting shells, fire, trench mud and misery or sight of white crosses but views of waving flags—crowds crazed with joy as doughboy parades marching through Arche De Triumphe—Memories.

"Where were you on November 11, 1918? What were you doing nineteen years ago today when the nations laid down their arms to end the 'World War for Democracy'?" Let an army officer tell you, he was "over there."

In his detailed account of an accurate report to the American Battle Monuments Commissions at Washington, D. C., at their special request in 1926, William T. Johnson of 1507 Lyon street, Des Moines, now shipping clerk at the Utica, gave them a graphic background and a colorful picture of the positions of the world war fronts of the Iowa boys.

Marbach Sector  
First Lieut. Johnson, Company A of the 366th infantry, reported as follows: October to November 6, 1918. The 92nd division entered the lines of the Marbach sector, relieving the 69th French division at 11 p. m. October 10th. The division's mission was made specific for the attack of November 11th, the objective Chantepie La Cote Bouxieres being set.

'No Discrimination'  
C. I. O. AGAIN PLEDGES TO BAR COLOR LINE

New York, Nov. 11.—In response to a telegram from the N. A. A. C. P. urging its peace negotiations with the A. P. of L. the Committee for Industrial Organization has pledged that it will maintain the principle of no discrimination based on color in membership in unions.

In this attack Companies F and G of the 366th infantry, supported by Companies E and C, advanced.

"On November 10th the Bois Cheminot was occupied by one platoon of Company H of the 366th infantry, commanded by First Lieut. Charles P. Howard. Guy Greene was corporal, Irving Turpin was bugler and Pat Kaiser and many other Des Moines boys figured in this attack. They were in Company A.

Bois Voivrotte was occupied by two platoons of Company F. They were driven out in the afternoon, but the woods were reoccupied by 3 a. m. of "November 11." Thus ending one of the most dramatic episodes of the world's conflict.

These two mothers "kept the home fires burning": Mrs. Sophia M. Nichols, 1062 Eleventh street—"When I heard whistles blowing and bells ringing I knew peace had been declared and I just shouted 'Praise God,' because I knew my prayers had been answered and my boy would soon be home. I went down town and rejoiced with the rest of the multitude. Three weeks later I heard from my son."

Every Wednesday Mrs. Zella Robinson, 1627 Walker street—"I had two sons in the World War, Cecil B. and Festus T. Stone. When my sons left I felt pretty bad, because my younger boy had never been away from home until they sent him over sea for ten months. When they took them away I didn't see how I was going to stand it. A number of the other mothers and myself started meeting on every Wednesday afternoon and prayed for the return of our sons.

On Armistice myself and a couple of other mothers were rejoicing when we met Lawyer Woodson at the corner of East Sixteenth street, and he told us that he thanked God with us that our boys didn't have to go to battle front and were returned to us alive. Mrs. Smith Hattie Carey, Josephine Berry, Mrs. Stewart, Mrs. Bish and others gathered together and had prayer, thanking God for the signing of the Armistice and also for sparing the lives of our sons.—I feel that it was through our earnest prayers and faith in God that our sons were returned to us.

### LIQUIDATES \$3,500,500 CONCERN RETURNS \$500,000 TO TENANTS

New York, Nov. 11.—(AP)—Harlem residents heard with regret this week the long anticipated news of the failure of the Co-operative Paul Laurence Dunbar apartments at 149th street and Seventh avenue, erected in 1928 by John D. Rockefeller, Jr., at an estimated cost of \$3,500,000.

It was reported that the apartments had been sold by Mr. Rockefeller to the 320 East 73rd Street Corporation, headed by E. Cranford Stuckless, the reported consideration being 1,000,000. In the transfer, it was reported Mr. Rockefeller took back a purchase money mortgage of \$850,000, which in turn was subject to a first mortgage of \$5,000, both given to New York Savings bank and "payable according to the bond."

Harlemers particularly regret the transfer of the Dunbar because it represented the biggest effort at co-operative apartment buying ever started in the country and its development was being watched with eagerness by colored people all over the nation. To the credit of Mr. Rockefeller it must be recorded that not a single tenant-owner lost a penny, as he refunded to them in cash \$500,000 they had paid into the equity fund, which was created to purchase the buildings when the accumulated reserve was sufficient to negotiate it. Some of the long term tenants received refunds of from \$500 to \$700 and higher.

### Ethiopian Railroad Suit Transferred

MUST TAKE HAILE SELASSIE'S CLAIM TO HIGHER COURT

Paris, France, Nov. 11.—(AP)—At last Wednesday's hearing on the suit of Emperor Haile Selassie, whose lawyers are seeking to have 8,000 shares of stock in the Ethiopian railroad transferred to the name of the former ruler, Judge Maffeiud declared he was incompetent to hand down a ruling.

He said the case involved the principles of international law and of private rights, thus remained outside the jurisdiction of his court. The Italian government claims ownership of the stock in the railroad, which is French owned and operated. It was said later that the case would be taken to a higher court.

### Try It Here!

TRY DRIVING WITHOUT HORNS IN CAPETOWN

Capetown, South Africa, Nov. 11.—(AP)—Motorists in Capetown this week shook their fists at pedestrians instead of hooting at them with their auto horns. The traffic authorities had asked them to do so in a "no-hooting" experiment which proved quite successful.

The streets were restful, office workers were able to concentrate and natives who had been in the habit of jumping for their lives as speeding

### Challenges Solons On Constitutional Loopholes

N. A. A. C. P. PREPARES RESEARCH ON LEGISLATION DATING BACK TO 1907

Washington, Nov. 11.—Careful research on legislation which has been declared unconstitutional by the United States supreme court is being carried on here by the N. A. A. C. P. for the purpose of challenging senators who may raise the question of the constitutionality of the federal anti-lynching bill. The record of many senators in voting for legislation later declared to be unconstitutional is being set down. The research is extending back to 1907.

The N. A. A. C. P. states that it will be able to show that many senators have cast their votes for legislation later declared to be unconstitutional and that, therefore, these senators are not authorities on constitutional law and cannot state positively that the anti-lynching bill is unconstitutional. The record of Senator William E. Borah is being set down with great care because he enjoys a reputation as a constitutional "expert."

Another form of opposition to the anti-lynching bill which probably will be aired in the senate is that to the section levying penalties against counties in which a lynching occurs. To combat this opposition which has grown, even among friendly senators, the legal staff of the N. A. A. C. P. is preparing a memorandum on the constitutionality of this section and is prepared to show that twenty-two state anti-lynching laws contain penalties.

### Xmas Play to Be Given, Dec. 20-21

Larry Konkwright, drama director, will supervise the production of the first annual presentation and will be assisted by Robert Vandever, George Edmunds and Quinman Caldwell. ### Democratic Win

JOSEPH RAINEY ELECTED MAGISTRATE IN PHILADELPHIA

Philadelphia, Nov. 11.—(AP)—Joseph H. Rainey, state athletic commissioner, Tuesday was elected magistrate on the democratic ticket as dissatisfied Negro voters continued their defection from republican ranks. Edward W. Henry has been a magistrate here for several years; having been elected as a republican.

The new magistrate will hold office for six years at an annual salary of \$5,000, the same pay received as a boxing commissioner. He was the only Negro candidate in Tuesday's election.

### WANT TO KNOW WHERE THE PRESIDENT STANDS

Washington, D. C.—In a speech of Representative Hamilton Fish at the annual memorial homecoming service of the Lincoln Congregational Temple on Sunday evening, who was introduced by Dr. Emmett Scott, secretary of Howard university and former secretary to Booker T. Washington, who said: "Twelve million colored people in America will be interested to know where President Roosevelt stands on the anti-lynching bill, which is the unfinished business of the senate of the United States."

"I am convinced that if the president urges the passage of the pending anti-lynching bill it would be acted upon and passed immediately."

"Police Other Nations" "It would be more beneficial to the country if the president stopped passing moral judgments and attempting to police other nations, and instead sought to do justice in our own country, by urging the enactment of the anti-lynching bill, he stated."

"The 400,000 colored veterans who served in our armed forces during the world war were told they were fighting to make the world safe for democracy," the representative said. "It is about time that the United States was made safe for their own people from lawlessness and lynching."

### Legal Recognition

TWO NEGROES SIT ON GRAND JURY IN BIRMINGHAM

Birmingham, Nov. 11.—(CNA)—Two Negro steel workers are sitting on the Jefferson county grand jury, it was learned this week. It is said to be the first time since reconstruction days that Negro jurors, whose names were drawn from the jury box, have not been "excused" or persuaded to excuse themselves from jury service in Birmingham. It is reported that the grand jury is considering a case of police third degree methods which recently came to light and which is causing much discussion among both Negroes and whites.

Willie Myers, 24 year old youth, was arrested in Nashville, Tenn., on October 5th on the charge of murdering Ben Montgomery, 19 year old white filling station attendant, in the Woodlawn section of Birmingham. Birmingham police came forward with their usual claim that "the Negro had confessed." At the trial, however, the judge not pressed the case and freed Myers.

### D. M. Residents Injured in Crash

Forced off road by a truck while on their way to Chillicothe, Mo., last week, Attorney and Mrs. Melvin Carl of 1117 Thirteenth street, and Mrs. Guffey Williams of 1106 Twelfth street were injured when their car, which Mr. Carl was driving, was overturned.

He received head and arm lacerations. Mrs. Carl and daughter and Mr. Williams were cut and bruised. The Carl boy was uninjured. They returned home Saturday, November 6th, where they are recovering.

CHURCH GROUPS SEEKING PA-ROLE FOR R. C. BRUCE JR.

# SPORTS

BY ALLEN ASHBY  
THUNDERING HERD

The mad whirl of the dizziest, craziest football season ever continues. No team is sure from one week to another that it will be on its game. At Iowa last Saturday we got our first glimpse of a 1935 Iowa team. This particular game Iowa had evidently vowed to go down swinging, and, brethren, they swung every inch of the way. Only a really superior Minnesota eleven brought the Golden Gophers, who wore maroon jerseys throughout. After Iowa had set forty thousand spectators delirious by going into a 19 point lead, Minnesota opened up. In all the games we ever heard of the northerners playing, Dwight Reed had never figured much in the ball handling. So when he caught a lateral from Capt. King, he simply ran about forty yards to his team's first score. No, we even got within yelling distance of him. Then Horace Bell came in and, laying his red helmet on the ground, kicked the first of five consecutive placements. This boy Bell backs up part of Minnesota's line in their five man defensive formation. And how he backs it up! He and Reed turned in performances second to none of the Gophers.

Capt. Homer Harris of Iowa got into the game a while at tackle, but his bad shoulder was too much of a handicap, so he lasted about two plays. Fred Smith played quite a while at left end for Iowa and tried hard. The score, 35 to 10, doesn't begin to tell what an interesting battle it was.

### Over the Country

While we were at Iowa City, Northwestern was having troubles, as Illinois stopped the mad rushes of Bernard Jefferson and Clarence Hillon to score a surprise win.

This Hindu at Syracuse who has turned out to be a Negro, helped Ossie Soem's team stop Doc Keiker and Western Reserve. Ed Williams of N. Y. U. again took care of the boys, while Bud Holland at Cornell still piles up reasons for the number one end post on the all-American Kenny Washington and Woodrow Strode continued to be the main-springs in U. C. L. A.'s attack and defense.

### Negro Schools

Arkansas State finally found someone who couldn't score as often as they did, and made victims of Philander Smith, 18 to 0. Tuskegee went into the victory column for one of their few times this year, Tuskegee dusting Clarke 32 to 6. Talladega is still digging out from under a 51 to 0 score from 'Bama State.

LeMoine collared Morehouse, 27 to 2, and South Carolina's A. & M. boys brought Morris Brown home 7 to 0. A fine Prairie View eleven was 'mowed down' by Xavier, 28 to 0, as Wiley and Bishop came up with a 13 to 13 tie. Howard and Virginia State found teams they could beat. Howard stopped South Western 18 to 0 and Virginia rolled over Shaw, 48 to 0. Two smaller schools put up quite a battle, with Alcorn beating Kust, 25 to 0. Lincoln U. of Jet City got a tie with Wilberforce at Lincoln's homecoming. Bob Vandever led the way for the Comets' win over Cedar Rapids. Jim Nance played fullback for the visitors. The Comets play the strong LaCrosse team here Sunday.

## Looking Over the Hawkeyes

By J. Braddie Morris

Well, all the rush and crowds of homecoming have gone and once again we settle back to the old grind, where one won't see any light until Christmas. It only comes once a year and every one really made a week-end of it.

Things started Friday with warmers at the Kappa Alpha Psi house and the Alpha Phi Alpha house. Every one went to the game Saturday afternoon and then to the parties on Saturday evening. Both parties were well attended.

The outstanding events of the evening were: The presentation of a medal to Capt. Homer Harris in recognition of his services to Iowa athletics. The presentation was made by Theophilus Mann, national grand polemarch of Kappa Alpha Psi. The medal was a gift of Gamma chapter of Kappa Alpha Psi. Miss Juanita Kidd of Wewoka, Oklahoma, was crowned queen of the 1937 homecoming at the party given by the Esquires club and Alpha Phi Alpha fraternity.

Guests were present from Des Moines, Sioux City, Cedar Rapids, Waterloo, Davenport, Chicago, Freeport, St. Louis, Kansas City, St. Paul, Minneapolis, Omaha and many other towns and cities.

Among some of the prominent visitors were: Theophilus Mann, national grand polemarch of Kappa Alpha Psi; Archie Alexander, past grand polemarch of Kappa Alpha Psi and nationally known engineer, con-

## ASKS \$350,000 AFTER FAILURE TO RECEIVE CONTRACT FOR DORMITORIES

Washington, Nov. 4.—Mordecai W. Johnson, president of Howard university, and Thaddeus L. Hungate, Jesse Jones and Dr. Anson Phelps Stokes, all trustees of the university, were made defendants in a quarter of a million dollar suit filed by Albert I. Cassell, university architect. Cassell asks punitive damages of \$100,000. This suit is an addition to a second amended declaration filed on July 1, 1936.

Cassell claims that Dr. Johnson and certain members of the trustee board entered into conspiracy to prevent him from being awarded the contract for two men's dormitories of the campus of Howard university.

## SPECULATE ON ATTITUDE OF WHITE HOUSE

Washington, Nov. 11.—As the time for special session of congress draws near, there is much speculation upon the attitude of the white house toward the federal anti-lynching bill, scheduled as the number two item of business on the senate calendar. Ever since 1934 President Roosevelt has indicated informally, on many occasions that he is against lynching and willing to see the federal government try to put a stop to mob violence.

But while the president has condemned lynching, he has never given his personal blessing in a formal statement to a federal anti-lynching bill. During the last session it was stated in Washington that the white house was known to favor an anti-lynching bill, but no public statement of that attitude has ever been made in a press conference or to senate and house leaders officially.

## FORMER HANDYMAN EXHIBITS SCULPTURE AT MODERN MUSEUM

New York, Nov. 11—(CNA)—To an untrained, unknown Nashville handyman has fallen the honor of putting on the first Negro one-man sculptor show ever held at the Museum of Modern Art in this city. Until five years ago William Edmondson was contented to eke out a modest existence doing odd jobs in Nashville, Tenn. Then almost suddenly, at the age of 45, he took to carving figures out of stone with hammer and chisel.

All his sculpture is symbolic and spring from the Bible, the only book with which he is familiar. Usually one setting out on an artistic career uses the easier medium of painting. Edmondson, however, chose to work in the much more difficult medium of limestone. His back yard is littered with tombstones awaiting stray customers. In this way he has been supporting his family during the past years, but customers are said to be few and far between.

## ROSCOE BRUCE, JR., AWAIT'S SENTENCE

Newark, N. J., Nov. 4—(C)—Roscoe C. Bruce, Jr., who was trapped into a confession of the "fake hold-up" of the Richard B. Harrison apartments where he was manager, last spring, was granted a stay of sentence Wednesday for a report from probation officers. It is hoped young Bruce may be paroled.

The prosecution suddenly flashed a letter intercepted when young Bruce was in prison, in which he admitted to his wife he was guilty. The letter exonerated Bernice Baskerville, Bruce's secretary, and Milton Taylor, his assistant. Miss Baskerville, a state witness, was not indicted, and Taylor was acquitted.

## COLORED G. O. P. LEADERS EYE PROPOSED MID-TERM CONVENTION

Chicago, Nov. 4—(ANP)—Colored Republican leaders of the country this week learned that plans for a 1938 mid-term convention of the Republican party are in the formative stage, and that details of the confab will be ironed out at the forthcoming November 5th meeting in Chicago of the national committee, headed by Chairman John D. M. Hamilton.

The opinion seemed prevalent among many of the colored standard-bearers, that the 1938 convention, if called, would resolve itself into a test of strength between former Gov. Alf M. Landon, the party's 1936 Presidential candidate and former President Herbert Hoover. It was learned here that if the mid-term convention is called, Mr. Hoover is anxious to have adopted a plan he has endorsed for assembling delegates.

## MRS. ROOSEVELT SAYS RACE SHOULD HAVE PLACE AT WARM SPRINGS

New York, Nov. 4—(C)—In an interview with Edythe Robertson of the New York Age, Mrs. Eleanor Roosevelt, wife of the president, on her visit to Harlem last week, answered criticism of the Warm Springs foundation in Georgia by saying: "There should be at least one cottage on the place for the use of the colored sufferers."

## Balloons First Used in War by France, in 1794

Balloons were first put to a military use in France, states a writer in the Chicago Daily News. At the battle of Fleurus in Belgium on June 26, 1794, Capt. J. M. Coutelle, the world's first military balloon observer, floated in his balloon, L'Entrepreneur (the Venturesome), above the cannon flashes and clouds of smoke of the opposing French and Austrian armies. By signaling with flags to the French artillery, Coutelle demoralized the Austrians and was an important factor in the French victory.

During the siege of Paris in 1870-1871, balloons played a strategic part. Cut off from supplies by Germans surrounding the city, starving Parisians were reduced to eating rats and zoo animals. Their only means of contact with the outside world was by balloon. Dozens of them, like great striped gourds, were hastily made in railway stations.

Between September, 1870, and the following January, about sixty-eight rose from Paris, soared safely over the circle of German gunfire, and enabled 164 Parisians to escape. One of their most famous passengers was the French statesman Gambetta, who took the French government with him to Tours, where he set up his headquarters and organized fresh troops which offered the Germans fierce, but vain resistance. Other passengers were pigeons, which afterward brought back news to the besieged city.

## The Mixed Hand

The mixed hand, as the name implies is a mixture of any, or all, of the other types. Some of the fingers may be pointed, and the others square. The palm may be conic while the fingers belong to two or three different types. The versatile, adaptable person, according to a palmist in Pearson's London Weekly. If you happen to belong to this class, then you are bound to be an interesting conversationalist who knows a bit about most things, but not necessarily a lot about anything in particular. On the whole, this is a fairly successful type of hand.

## Piracy by Warships

Until 1820 Turkish warships operating from North African ports as pirates used to terrorize the commerce of the Mediterranean. Captive sailors were carried off by them to the slave market in Algiers or the prisons in Sallee. It was from Malta that resistance was most effectively organized by the Knights of St. John, who held the island until it was surrendered by their grand master to Napoleon in 1798. The island passed to Britain by the peace of the Amiens (1802)—Rocky Mountain Herald.

## "Seven Great Gaelic Families"

Laoighis, considered by many as the builder of Irish civilization, was the ancient territory of the "seven great Gaelic families" whose Septs were the patrons of literature and art, where Gaelic poetry and learning flourished for seven centuries. Interest in Laoighis divides between old Irish settlements and the churches and castles associated with the early Renaissance periods.

## Superstition on Sick Horses

In the days when superstition was rampant in connection with the curing of suffering humanity, various forms of superstition extended in a great measure to the treatment of sick animals as well. Sick horses, for instance, were supposed to be possessed by evil spirits and the witch would be consulted when a horse was ill.

## Spots on Ermine Reveal Rank of High Personages

Ermine has always been considered an emblem of purity, owing to its clearness and whiteness, says a writer in the Montreal Herald. In the reign of Edward III the wearing of this fur was forbidden to all except members of the royal family. It is adopted by monarchs and high personages of the realm as part of their state robes, but anyone who can afford to wear so costly a fur is at liberty to do so.

The ermine worn by the monarch is closely marked with spots. The cape of a duke is decorated with four rows of black spots on each side. That of a marquis has three and a half rows, four on the right side and three on the left. A viscount is privileged to wear two and a half rows of spots, and the ermine cape of a baron is trimmed with two rows of spots on each side. The peerages are spotted according to their husband's rank in the peerage. The state robes of judges and magistrates are trimmed with spotted ermine.

Nature has been very kind to the ermine, and has provided it with a splendid means of self-protection. During the winter months the regions in which it lives are snow-covered. To prevent its being seen easily as it runs about, its summer coat of reddish-brown becomes snow-white; the only bit which does not change color is the tail, which is always jet black. The trappers seek the ermine only in winter-time, when its coat is white, for it is then that the fur is most valuable commercially. Ermine is one of the most valued furs of the market, and commands a very high price.

## Lutheran Church Much Older Than Methodist

The Lutheran church is about two centuries older than the Methodist, notes a writer in the Detroit News. As its name indicates, it was founded by Martin Luther, whose opposition to certain doctrines and practices of the Catholic church led to his excommunication in 1520. The organization of his church began soon afterward and in 1530 the Augsburg Confession was adopted as its fundamental creed. From Wittenberg in Saxony, Lutheranism spread throughout Germany, Sweden, Denmark, Netherlands, Poland, Hungary, etc. The first Lutherans came to America as early as 1633 and established a congregation in 1648.

The Methodist church was an offshoot of the Church of England and was at first a reform movement within that church. John and Charles Wesley had in 1729 formed at Oxford university a club for the promotion of personal religion and their careful observance of rather strict rules of conduct led to the term "Methodists." Briefly, the open-air preaching of the Wesleys and of George Whitefield and the opposition of the Church of England gradually developed the Methodist system into a church, from 1738 onward. The first Methodists arrived in America from Ireland in 1780 and six years later, their leader, Philip Embury, formed the first Methodist society in America.

## Where Kite-Flying Originated

According to tradition, kites were invented by Archytas of Tarentum four centuries before Christ, but they have been used by savage tribes of Asia from time immemorial, and kite flying has been a national pastime of the Chinese, Japanese and other East Indians. The origin of kite flying is obscure, but it is generally ascribed to religion. The Koreans attribute its origin to a general who many hundred years ago inspired his troops by sending up a kite with a lantern attached. The soldiers believed it to be a new star and the sign of

## DECISION DOES NOT SETTLE MATTER OF JUSTICE, DEFENSE SAYS

New York, Nov. 4—(ANP)—Although the U. S. supreme court has refused to consider the appeal of Haywood Patterson, thus establishing a precedent for similar action in three more of the same cases headed his way, the fight for freedom of the five Scottsboro boys will continue unabated, it was revealed in New York this week on several fronts. Samuel Leibowitz, chief counsel for the defense, said he had "a definite plan for new action" toward freeing the youths still in prison.

Joseph S. Gelders, white Birmingham liberal and southern representative of the National Committee for the Defense of Political Prisoners, issued a statement from New York which he was visiting calling on Gov. Bibb Graves to free all of the youths. Declared the Rev. Dr. Allan Knight Chalmers, chairman of the Scottsboro defense committee, "The decision of the United States supreme court apparently closes out further legal action in the case of Haywood Patterson. It does not settle the matter of justice, however. Alabama has already released four of the defendants against whom there was the same evidence upon which the state is holding five defendants. A smattering of southern daily newspapers have emphasized this action has created grave doubt in the minds of even the southern public of the guilt of any of the defendants."

## KANSAS LAWYER AIDS FRAUD INVESTIGATION

Kansas City, Kans., Nov. 4—(C)—Attorney L. F. Bradley, Jr., is assisting County Attorney Arthur J. Stanley, Jr., in uncovering election frauds in Wyandotte county, it was announced last week. Mr. Bradley, son of L. F. Bradley, Sr., attorney and editor of the Wyandotte Echo, conducts his offices from 453 Minnesota avenue.

Mr. Bradley has successfully prosecuted both civil and criminal cases, and was a candidate for representative here in 1934. A native of Kansas City, Kans., Mr. Bradley is 40, and was educated locally and at the law schools of the University of Michigan and U. of Kansas. His father has practiced law for thirty-five years and the son for eighteen years.

## "ANY STARS?" "No, NOT ONE!"

Memphis—(ANP)—City Court Judge Marion Boyd last Monday was called upon to arbitrate a fight occurring Sunday at Summerfield Baptist church, in which song books, chairs and other objects served as missiles, were hurled indiscriminately by the sixty communicants. Testimony revealed the church was divided into two bitter factions, the fight starting when one faction sang a hymn, "Will There Be Any Stars in My Crown?" and the other sang back: "No, Not One." Three were arrested and dismissed with a warning.

## New York, Nov. 4—(C)—Miss Dorothy Hendrickson, 870 St. Nicholas

She is the first colored person to get her rating since Mrs. Gertrude Ayer was named about ten years ago. Mrs. Ayer is now principal of P. S. 24.

## ERNEST S. OLMSTED, County Auditor of and for Polk County, Iowa.

(SEAL) Published in The Iowa Bystander November 4, 11, and 18, 1937.

A nation-wide census of all unemployed and partially unemployed persons in the United States will be taken between the dates of November 16 to 20, by act of Congress, and at the direction of President Roosevelt.

Here, in question-and-answer form, is the information you need to know about this plan.

1. WHAT IS PURPOSE OF THE UNEMPLOYMENT CENSUS? To get an accurate count of the unemployed and partly unemployed.
2. TO WHOM WILL CARDS BE SENT? To every family in the United States.
3. UNDER WHOSE AUSPICES IS THE CENSUS BEING TAKEN? Congress has decreed, and the President has directed, that it be taken.
4. IS THE CENSUS COMPULSORY? No. But every unemployed or partly unemployed person is urgently requested to cooperate.
5. HOW WILL THE CENSUS BE CONDUCTED? Through the facilities of the Post Office Department. Report Cards will be delivered to every family. Cards are to be returned by mail to Washington for tabulation and analysis.
6. WHEN WILL THE CENSUS BE TAKEN? Cards will be delivered on November 16 and must be returned by MIDNIGHT NOVEMBER 20. They are already addressed and no postage is required.
7. WHO SHOULD FILL AND RETURN CARDS? Every person who is unemployed or partly unemployed who is able to work and wants work.
8. WHAT AGE LIMITS APPLY? There are no age limits except existing State regulations concerning workers' ages.
9. SHOULD MORE THAN ONE UNEMPLOYED PERSON IN A FAMILY RETURN A CARD? Yes. Every unemployed member of a family should fill out and return a card, if able to work and seeking work.
10. WHERE MAY ADDITIONAL CARDS BE OBTAINED? At any post office or from your postman.
11. WHERE CAN INFORMATION BE SECURED IN FILLING OUT CARDS? At your post office or from your postman.
12. IS THIS CENSUS CONFINED TO AMERICAN CITIZENS? No. All permanent residents of the United States are included.
13. IS THE INFORMATION GIVEN ON THE CARDS TO BE CONSIDERED CONFIDENTIAL? Yes. This information will be used for unemployment statistics only.
14. SHOULD EVERY QUESTION OF THE CENSUS CARD BE ANSWERED? Yes. To obtain the most accurate information possible, the President asks that each question be answered. Numbers 9 and 10 are particularly important. However, failure to answer some of the questions will not invalidate the card.
15. WHO IS AN "UNEMPLOYED" PERSON? A person of either sex or any color who is not working and is able to work and seeking work.
16. WHO IS A "PARTLY UNEMPLOYED" PERSON? A person of either sex or any color with part-time employment who is able to do more work and is looking for more work.
17. ARE PERSONS ON EMERGENCY WORK PROJECTS INCLUDED? Yes. They should register as unemployed. A specific question, Number 2c, is provided on the Report Card for all persons working on a W.P.A., N.Y.A., C.C.C., or other emergency work project which is supported by public funds.

THE MESSAGE FROM THE PRESIDENT OF THE UNITED STATES  
The White House  
Washington

TO EVERY WORKER—  
If you are unemployed or partly unemployed and are able to work and are seeking work, please fill out this report card right away and mail it before midnight, Saturday, November 20-1937. No postage stamp is needed.  
The Congress directed me to take this census. It is important to the unemployed and to everyone in this land that the census be complete, honest, and accurate. If you give me the facts, I shall try to use them for the benefit of all who need and want work and do not now have it.

**EASY NOW TO CORRECT BAD BREATH**

No need to offend others—  
Listerine, quick deodorant, sweetens breath

Now there is no excuse for offending others with halitosis (bad breath). The quick, easy treatment to counteract this condition is Listerine. Simply rinsing the mouth with it makes the breath cleaner, sweeter, more wholesome.

Most cases of bad breath, says one dental authority, are caused by fermentation of tiny food particles the tooth brush has failed to remove.

When Listerine is used in this way, it kills fermentation and overcomes the odor it causes.

Smart men and women realize that it is easy to offend others and take the pleasant Listerine precaution against bad breath. Listerine Pharmaceutical Company, St. Louis, Mo.

Lesson for November 14

THE CHRISTIAN MINISTER

LESSON TEXT—1 Timothy 4:1-16. II Timothy 2:1-4. GOLDEN TEXT—Neglect not the gift that is in thee.—1 Timothy 4:14.

PRIMARY TOPIC—Two Brave Preachers. JUNIOR TOPIC—Two Brave Preachers. INTERMEDIATE AND SENIOR TOPIC—Why and How Ministers Are Trained.

"The Christian Minister"—there is no greater calling among men, but none is more often the target for misrepresentation and abuse by those outside, and all too often the victim of the carelessness, weakness, and sin of those within its own circle.

The study of today's lesson should arouse in the hearts of Christian people a high regard for the ministry as a calling, and a kindly purpose to aid their minister to live up to its glorious possibilities. Every true minister who studies it will find his spirit humbled before God.

Today Mars, the War god, lives. He lives in China, Japan, Russia, India, Ethiopia, Spain, England, Italy and even in America. Yes, Mars lives in the very hearts of men. Today millions of dollars are being spent all over the world to honor this war god, by the sacrifice of the lives of the men and boys of the nations, and not only they but the women and children likewise.

I. What to Preach (I Tim. 4:6-9). The "good minister of Jesus Christ" preaches the words of God. To do this he must himself be "nourished" by them.

II. How to Preach (I Tim. 4:10-12). 1. Sacrificially (v. 10). The man who regards the ministry as a nice, easy, respectable occupation is not, in the same calling as was the apostle Paul.

For long the lion's right to be styled the "king of beasts" remained unchallenged; but the wider settlement of Africa and closer acquaintance with the species has done much to discredit him. DAY-BY-DAY WE MAKE PROGRESS

Sports have a way of leading off in fields where others dare not tread or are too timid to take the chance. The 1937 football season has brought forth an unusually large number of Negro grid players and of course they are giving good account of themselves. And that goes without saying for even in sport a Negro must be just a little bit better to qualify.

The opportunity to compete, to try the least, is a good sign and for a fellow to know that he will be placed if he delivers is encouraging and a source of satisfaction for those who are making the fight constantly for an equal chance for all.

And in connection with this widening of opportunity to compete comes the necessity of seeing that every fellow competes on the same terms. Some coaches are going the limit to carry that thing through as evidenced by the fact that the coach at Northwestern University refused to be bluffed when a hotel manager in Columbus, Ohio, said that two of his players who happened to be black could not stay at the hotel. The coach refused to be sidetracked. All of his players stayed at the hotel.

University of North Carolina played New York University in New York City recently. A Negro is a member of the New York team. He played and nobody got excited about it. Other coaches and teams have done this before but these incidents give so much satisfaction to fair-minded people who are trying to bring about better understanding between the races that it is well to call special attention to them.

AN OPPORTUNITY

At a meeting of the Republican National Committee last week machinery was set in motion to name a committee of one hundred to draft a program aimed to harmonize the views of the leaders of the Republican party that its members in congress may put up an intelligent opposition to New Deal legislation and at the same time let the country know definitely just what the party stands for.

It is a fine idea provided the objective is not lost sight of while cliques and individuals scramble in an attempt to gain control of the party organization. The Bystander hopes the Republican party has learned some lessons from the kicks it has received during the past few years. And we hope they have learned that the job of lining up Negro voters is entirely different from what it was at one time. We hope it has learned that a rebuff by Republicans has driven Negroes into the Democratic party in the past and that the same thing can and will happen again. We hope they have learned that the Negro is interested in voting for a party as it is today rather than as it was sixty years ago.

On this committee of one hundred should be included some Negroes. And by this we don't mean the type of Negro to whom the National Committee has looked primarily in the past to line up the Negro vote. In fact from some of the selections made in recent campaigns, the persons chosen by the committee to run Negro affairs have been highly objectionable to the intelligent Negro and indicative of early Civil War methods of conducting campaigns.

When John D. M. Hamilton was selected chairman of the National

Committee we had hoped this situation would change. He had worked with a rather high type Negro in his home state and was very well thought of by them. However during the campaign he became converted to the same old type of campaigners. As a result it was generally conceded that leadership in National Democratic ranks was more intelligent than among Republicans.

In the selection of representatives on this committee it will be highly important that the Negroes chosen shall not only have the ability and courage to seek what the Negro wants, but they ought to be sufficiently independent that their mouths shall not be closed for fear of reprisals. Here will be a splendid opportunity to do the Negro a lot of good as well as the Republican party and who ever is chosen should not pass up the opportunity.

The Bystander believes the National Committee is on the right track. It remains to be seen whether it will stay on that track until it reaches the desired destination.

THE UPPER ROOM

Thursday, November 11, 1937. "Blessed are the peacemakers: for they shall be called the children of God." Matt. 5:9.

"We ought to obey God rather than man." Acts 5:29.

"We live in a world that has been bathed in blood shed by a world war, and one that is again threatened daily with another one even more bloody and destructive of human life. In such a situation Christians, every where are called upon to function aggressively against war as peacemakers between all nations. Too long we have been the craven servants of narrow nationalism and oppressive militarism. Too long we have participated in and blessed war. God bring us to repentance. God forgive our collective sins against humanity. Smedley Butler says, "The Church can lick war." The supreme task of religion in our day is to destroy war. God will must take the place of ill will and hate. Peace must be built upon a sure foundation of justice. Religion can not be content to merely renounce and repudiate war. It must advocate a positive program of cooperation among the nations, by which all may have a reasonable access to necessities of life which may be obtainable in any part of the world."

RESPIRATORY INFECTIONS

Too much protection and care cannot be taken by all of us to protect ourselves from infections of the lungs and upper (throat, nose, etc.). While the temperatures have been rather high, there is that tendency to be just a little neglectful and throw open the coat or remove some of the clothing. The body should be protected to prevent chilling or exposure at all times.

Sudden chilling with exposure may cause what appears to the layman to be just a simple cold, but later this may develop into a bronchitis then pneumonia. Pneumonia stands fourth in the causes of death in this state, if you have a pain in your chest or a cough that is stubborn or a sudden chill that was not expected followed by a high fever do not try to treat yourself, but call your family physician and let him determine the trouble. Patients who develop pneumonia can die in 3 or 4 days afterwards.

Anti Lynch Bill

Continued from Page 1 ally clauses against the county in which a lynching occurs and that these penalty clauses have been upheld by the courts.

As a rebuttal to the inevitable argument which will be made by southern senators that the states can take care of lynching and that the federal government should not "invade" a state to punish lynching, the N. A. A. C. P. staff has prepared a supplement to the pamphlet, "Can the States Stop Lynching." This supplement deals with the lynchings of 1937 and what states have done toward apprehending and punishing lynchings.

I. L. C.—Does this man that I am going with care as much for me as he pretends?

Ans.: He does not... if he were serious in wanting to get married don't you know that he would have made some arrangements before this time. You are wasting some of the best years of your life waiting on him.

J. T.—I am between two opinions. Please help me to solve the problem. Could you enlighten me on either subject as to the best thing for me to do?

Ans.: The trip that your sister wishes you to make with her will not last but a short time and you will forget it if you did make the journey... however, the thought of marriage is a lifetime proposition and it seems to me that you would be better satisfied to choose this step.

D. B. N.—There is but one thing in life that I desire right now and I wonder if I should continue to hope?

Ans.: Never give up hope... you are just a youngster-even though you are married and it won't be but a couple of years at least until this one thing in the world you wish for makes its appearance in your home... it will be the happiest day of your life.

J. B. A.—I want to know if my daughter is going to get the job that she is expecting?

Ans.: She will get employment in the very immediate future and will be well pleased with the occupation that she secures. Her income will show an increase around the first of the year.

M. W. D.—What should I do about

this boy that I am going with right now? Will he keep his promise?

Ans.: He isn't going to keep this promise... and it would be a wise idea for you to get EMPLOYMENT and stop depending on this individual for he will never approach marriage if he thinks that he could get by without it.

M. E. R.—I must say that thus far you have guided me just right and I wish to thank you. Now I am very much upset and feel troubled as something it going to take place I think. What is in store for me?

Ans.: You are worrying unnecessarily... trouble isn't going to start in your life. When you make the new change you have in mind things in general will turn for the better. There is no reason for you to worry seriously about your sister. Stop trying to find trouble.

E. M. P.—There is a boy I am really in love with and he promises to wait until I finish school. Will he? Does he really care for me?

Ans.: He does care for you... but you must not let yourself worry too much about him for you can't possibly concentrate on your studies as you should. Finish your education regardless of what this boy decides to do... for your whole future depends on the training you get right now.

E. K.—I am asking a few words about my husband. He is going to Detroit to look for work and I want to know if he will be successful?

Ans.: He will be able to find work in Detroit... but I can't see why he wants to go up there this season of the year when he could find a job in

PETITE FEET CAN BE COMFORTABLE

At a motion picture theater recently I sat next to a girl and a young man who were apparently very much in love. And you couldn't blame the young man, for she was a remarkably pretty girl, with sunny black hair, a glowing complexion, and long silken eyelashes.

But I noticed, that in spite of her grooming and her alluring beauty, something was wrong. A frown creased her forehead at times and sheidgeted in her seat. You may guess what was the matter, and I finally discovered it when I glanced down and saw that she had, in exasperation, kicked off her slippers.

How many times have we all been tempted to do the same thing? How much suffering do we endure for the sake of a slipper smaller than we can wear? And needless suffering.

Your choice of footwear is especially important at this time of the year, with the social season getting into full swing and a constant series of dances and teas in prospect for society women.

Choose Shoes That Fit You'll be on your feet a lot, and you cannot appear your best at these functions if your feet pain you. Wearing the wrong size or the wrong kind of slippers may cause aches and shooting pains that will inevitably show in your face and posture.

Many women's feet troubles arise from wearing slippers that are too tight. Shoes should fit snugly around the foot but they should first of all be comfortable. It is true that dainty, well-shaped feet are pleasing to your escort, but if they cause strain in your walk or

manner, the happy effect is lost. Men notice these things. They won't think you have a trim foot merely because your shoes are small. They'll think privately that you're trying to put an effect. Shoe size is especially important with the open-toed sandals, popular this fall. Don't get a pair so tiny your foot will melt around the sole.

Always keep your shoes neat and well polished. A few minutes work with home accessories, before you leave your home will work wonders in your appearance. There are any number of good and inexpensive preparations on the market for this purpose.

Appropriate Footwear Your choice of shoes should be governed by the occasion. For picnics or barbecues in the open air a sturdy tan oxford or a sport shoe, perhaps with a rubber sole, would be appropriate. For the business woman a dark leather shoe with a broad comparatively low heel is usually in good form. For formal wear, of course, there are the open slippers with tall, slender heels, in pastel cloths, gold and silver, as well as kid.

If your feet are large, that is nothing to be ashamed of. Wear a shoe that is comfortable, neat and attractive, and then forget about the women who have "mimicry" feet should wear unobtrusive footwear, and they should draw attention from their feet by making an effort to beautify complexion, hair and figure.

The freedom from strain and discomfort that comes from wearing shoes that are properly fitting shoes is really more than compensation for any advantage that could be gained by wearing a fashionable shoe that is too small.
