Monroe Work Says Story Issued Was Unauthorized

The following letter was received in the office this week from Tuskegee Institute in Alabama on a report about lynching, which was purportedly issued by the school:

Tuskegee Institute, Alabama, November 27, 1937

Dear Sir: This is to notify you that the release sent out last week concerning lynchings which was credited to me and widely quoted in both white and colored papers was not authorized by me or by Tuskegee Institute. The first I knew about the release was when I saw it in the daily papers.

I did not make a statement that lynchings were becoming more humane and were rare in November and December.

Releases from Tuskegee Institute concerning lynchings, as you know, are issued without comment over the signature of the president of the institution. This custom was initiated by Dr. Booker T. Washington, continued under Dr. R. R. Moton and under Dr. F. D. Patterson.

The statement that there have been only seven lynchings this year is incorrect. The number to date is eight.

We will appreciate it if you will give this information wide publicity.

Very sincerely yours, Monroe N. Work, Editor, Negro Year Book

All-Negro Ballet Makes Debut on Harlem Stage

AFTER THREE YEARS' TRAINING UNDER VON GRONA

New York, Dec. 2—(ANP)—World premiere of the American Negro ballet, in training for almost three years under the direction of Eugene von Grona, German-born dancer, was held at the Lafayette theatre Sunday night before an interested audience, many of them white, attracted by the novelty of a Negro ballet.

Critics found much to praise and condemn. Chief complaint was that the performance "seemed more like a pupils' recital than an epoch-making new ballet organization." The final half of the program, however, during which the company presented an arrangement by von Grona of Stravinsky's "Firebird," drew high praise.

Trips Outlaws, Foils 'Cowboys'

NEGRO MECHANIC AIDS IN CAPTURE OF DARING TRAIN BANDITS

Deming, New Mexico, Dec. 2—(ANP)—Thanksgiving day, when two dude cowboys, Henry Lorenz, 22, and Harry Dwyer, 27, held up the crack Apache Limited of the Southern Pacific near here, their capture was hastened when, as they rushed through the front coach to escape, a Negro mechanic of El Paso, Sam Webb, 65 years old, stuck out his foot, tripped Dwyer, sent him sprawling to the floor, his head striking the edge of a seat.

Other passengers and trainmen leaped to the fray and overpowered the bandits, but only after Switchman W. L. Smith of El Paso had been mortally wounded by a revolver shot. The pair had robbed 150 passengers before being subdued.

TRANSFUSION USED FOR HEART INFECTION

By Everett Wadsworth Staff Writer

The condition of Huberta Gater, 15, of 2625 Chester street, who is critically ill at the Broadlawn General hospital, is "fair," attending physicians say. The girl is suffering from an uncommon blood disease, known as a streptococcal infection of the blood, which affects the heart valves.

The Small, grocer, of 1500 Second avenue, is providing a blood donor in answer to a radio appeal made Saturday. The girl underwent a transfusion Sunday. Several friends volunteered to match their blood to save her life.

She is the daughter of Mr. and Mrs. Hubert Gater and is a student at Roosevelt high school. She is an active worker in St. Paul A. M. E. Sunday school and Christian Endeavor League and the Blue Triangle Y. W. C. A.

The first transfusion was given Sunday by Mrs. Ivy Perhenson and another one Tuesday by Mrs. Katherine S. Miller, 601 Hughes St. The young girl's chances for recovery were handicapped by a weak heart but her improved condition is hopeful, attendants say.

She must have blood transfusion every other day, physicians say. Mr. Smalls is offering \$5.00 for each donor whose blood can be used.

Dr. Cespedes has since returned to Cuba, after spending four years in America. He is regarded as one of this country's wealthiest land owners.

Washington, Dec. 2—(ANP)—Large orders from Ethiopia for high grade Texas cotton seed were interpreted Wednesday by J. E. McDonald, Texas agriculture commissioner, as indicating increased foreign competition to American output in the world market.

One producer has received from Italy orders for 83,000 bushels of Acala variety seed, enough to plant 100,000 acres. Other orders for use in Ethiopia total ten tons, McDonald said.

Josephine Baker Is Married Again

FRENCHMAN IS SECOND HUSBAND

PARIS, FRANCE—Following a quick romance in which she learned how to fly, Josephine Baker, American Negro dancer from St. Louis who swept to fame and fortune in Europe, was married Tuesday to Jean Lyon, wealthy French wholesaler and aviator.

Her first husband, who died last year was an Italian count, Pepito De Albertina of Rome. M. Derval, Folies Bergeres where Miss Baker was the highest paid star, was witness.

Miss Baker was a star of "Shuffle Along" revue in the early 20's before she left for Europe in 1925 to take Paris, London and Berlin by storm with her sensational, exotic dancing. Lack of race prejudice over these made it possible for her to be accepted in the best of society.

Washington, Dec. 2—Decision was made here today by senate leaders to press for enactment of a temporary crop control bill to be amended in the regular session and thereby effect passage of the farm bill this week. This course has been decided upon because winter wheat has already been planted in many of the western states, and lengthy debate on a farm bill might conceivably postpone definite action by congress until a date too late to apply to crops already planted.

Should this plan succeed, the Wagner-Van Nuys-Gavagan anti-lynching bill will again be taken up by the senate as required by the special order voted by the senate last August 12th. When the bill is taken up upon conclusion of consideration of the farm bill, it will not have to combat the motion to consider it, but will automatically become the unfinished business of the senate, which it must remain until disposed of.

Supporters of the anti-lynching bill led by senators Robert F. Wagner of New York, Frederick Van Nuys of Indiana, and Bennett C. Clark of Missouri are prepared to force the bill through to passage. The latest checkup of the senate reveals at least 73 votes for the bill and only 23 opposed to it. Passage is definitely assured if and when a filibuster, which has been threatened by Senators Tom Connally of Texas and Ellison D. Smith of South Carolina is ended.

Lesson for December 5 CHRISTIAN REST LESSON TEXT—Matthew 11:28-30; Hebrews 4:1-11. GOLDEN TEXT—Come unto me, all ye that labor and are heavy laden, and I will give you rest.—Matthew 11:28. PRIMARY TOPIC—When We Are Tired. INTERMEDIATE AND SENIOR TOPIC—How Christ Gives Us Rest. YOUNG PEOPLE AND ADULT TOPIC—Christian Rest.

"Time, like an ever-rolling stream, bears all its sons away," so sang Isaac Watts in 1719. One wonders what he might say today! The mad rush of modern life—the terrific drawing of us all into its terrific whirl—leaves us distraught, nervous, over-anxious. Nervous disorders are on a rapid increase, even among children. The condition prevails in the country as well as in the city, although it is aggravated in metropolitan centers.

Let us lay down the burdens of the universe for a bit and counsel quietly about that almost forgotten Christian virtue, rest. Nowhere can the troubled spirit find calm of soul as surely and as quickly as in God's Word—and in the One revealed there for true rest is I. Found in Christ (Matt. 11:28-30).

Rest for our souls is found not in the cessation of activity, but rather in joining with Christ as our yoke-fellow and in going on with him in meekness and lowliness of heart. Most of life's restlessness is the result of pride, of driving ambition to be somebody or to attain something. True humility removes all such disturbing factors.

But we do have a yoke and a burden to bear. Yes, it is true that not all is easy in the Christian life. But as someone has suggested, the burdens are like the burden of feathers on a bird. They are light, but as a heavy for his little body, but as a matter of fact they are the things he flies with! Such are the "burdens" of Christ.

II. Received by Faith (Heb. 4:3). Those who believe enter into rest. Faith in God through Jesus Christ brings a man into an abiding place that the storms of life may beat upon but can never move. Fair weather followers of Jesus who fall into a frenzy of fear and worry when sorrow or loss comes upon them need to learn to walk by faith. "Be not dismayed whatever befalls. God will take care of you." It is more than the pious expression of a hymn writer. It is a statement of fact.

III. Rejected by Unbelief (Heb. 4:1, 6-11). "The worst thing in the world" is unbelief—because it effectually closes the door to God's blessing. Jesus could not do "many mighty works" in his home town of Nazareth "because of their unbelief" (Matt. 13:58). Unbelief will keep us from the rest that God has prepared for his people, for it not only hinders men from coming to the Saviour, but keeps them from resting in him after they are saved.

### 75 YEAR OLD HERO SAVES TWO WHITE MEN

Moble, Dec. 2—(CNA)—Alex G. Williams, Sr., a 75 year old fisherman and trapper, was sitting at the bedside of his sick wife last Saturday night when he heard cries for help. E. S. Handicapped by a cold wind and rough waters, Williams rowed frantically to the aid of the two men, who had been clinging, heavily clothed, to the boat for several hours. He rescued the exhausted men and then helped recover the body of James S. Matthews, 67, a white night club operator.

### EASY NOW TO CORRECT BAD BREATH

No need to offend others—Listerine, quick deodorant, sweetens breath

Now there is no excuse for offending others with halitosis (bad breath). The quick, easy treatment to counteract this condition is Listerine. Simply rinsing the mouth with it makes the breath cleaner, sweeter, more wholesome.

Most cases of bad breath, says one dental authority, are caused by fermentation of tiny food particles the tooth brush has failed to remove.

When Listerine is used to rinse the mouth, it halts fermentation and overcomes the odors it causes.

Smart men and women realize that it is easy to offend others and take the pleasant Listerine precaution against bad breath. Lambert Pharmaceutical Company, St. Louis, Mo.

## SCOTT'S POCKET BILLIARD TOURNAMENT

Back Scott's pocket billiard tournament gets tougher and tougher as the boys get down to the final stretch. In the last week's play, Hal Wilkerson holds up the flag for the musicians by winning two matches, one from Henry Wilkinson 95 to 29 and then setting down Ted Martin 95 to 51. Jack Howard found Allen Solomon's greater experience too much for his steady chance taking game and bowled out 100 to 52. Warnell Rhodes staged a brilliant rally to dust Ace Oliver 90 to 75, while the most talked of match of the day was the struggle between Al Rhodes and Jack Burns. The two noisiest players in the meet put up a battle worth going to see, as Rhodes ran fourteen to go out from 86 leaving Burns at 97. The caliber of the game is shown by Burns' run of 25 while Rhodes had a run of 27. The last four players will start out for the downs Thursday. Each of these players is sure of a prize as first prize is a ten dollar pair of shoes, second prize is a fine jointed cue, third prize an equally fine straight cue and fourth prize a big box of the best candy.

## NEGRO SCHOOLS

The season in Negro schools practically rung down Thanksgiving Day. Virginia State who was given a swell chance to stop Morgan College's six year winning streak found the task easier said than done and went under 21 to 6. The Lincoln-Howard classic resulted in a 9 to 0 win for Lincoln and Lincoln U. of Jeff City where Al Thomas, former East High ball packer, calls signals, raced over Louisville Mury 39 to 0. Bama Staag got Mowed by Tuskegee's Tigers 14 to 0. Knoxville put the final dismal touches on a gloomy Talledega year by lacing them 20 to 14. Wilberforce checked West Virginia 6 to 0. Arkansas State harnessed LeMoyne 8 to 0. Prairie View dusted Southern 14 to 0 and Morris Brown trounced Clark 18 to 14.

### HELLO EVERYONE

Recently, Iowa University announced its football awards for the 1937 season. Major "Is" are to be awarded to Capt. Homer Harris, Seattle, Washington, and Fred Smith, Cedar Rapids, Iowa. Captain Harris will receive a sweater bearing three stripes and a star for his three years of service and captainship. This is Smith's first major "I" and his first year of varsity competition. We look for Smith to really go places in his next two years and are hoping that Iowa football will be on the up turn in the coming seasons.

Recipients of freshman football numerals have also been announced. Among those receiving is Garfield Hillery, Jr. of Maywood, Illinois. He has received quite some recognition as an open field runner. He is a good sized boy, tipping the scales at 175 pounds.

The track team is beginning to work out in the field house. There are quite a few colored candidates. We will hear more from them later.

Homer Harris and Fred Smith were the guests at a dinner and theatre party held Friday, November 26. The dinner was held at the Iowa Memorial Union. Those participating were the Misses Susie Pearl Smith, Maurine Gorrette, Olivia Merriweather, Versa Means and Juanita Kidd and Messrs. Richard A. Walda Goes Round & Round

By Walda

Now for the weekly handout or down—NEWEST THING—The Bystander is now being manned by Leland W. Green, statewide newspaperman and church worker... The Atty. James B. Morris retiring to closer contract with his law work... congratulates and orchids to both—Another new feature around this town will be Marri P. Brooks' public stenographer office... More recently Marri was doing Y. W. work... Best of luck.

Sadest Item of the Week—Couple of the up and coming youngsters of the community are seriously ill... Hu-berta Gator who has been active in the Blue Triangle Y. is just fair, suffering from a heart disease and Leighton "Punkie" Johnson, Crocker Y's ace boxer, is in a serious condition at the hospital suffering from after effects of an automobile accident which occurred last summer... We're all pulling for these youngsters to make the grade successfully. (Editor's Note—Leighton passed away Wednesday evening.)

Odds and Ends, Etc.—Among other changes made during the past week was the presidency of the Top Hatters club... Herman Wadsworth now heads this social organization succeeding George Manhet who recently resigned... Marzetta Griffin formerly of these parts and more recently of Omaha has returned to the home fires not being particularly satisfied with the Neb. town so ah'm told... The Crocker Y made another change and began basketball practice this week as was previously announced and will start games the first of January... Dorothy Mash and Oliver Tolbert have decided to make one of it—anyway it looks as they're following in the footsteps of many others this season... Something Nice—Two D M girls who are remaining incognito at present hope to do something nice for the young kiddies this year in the form of old St. Nick... More good wishes and hope that it goes over in a grand way making this year a memorable one for a number of little youngsters.

Observings and Observations—From my dark corner at the Gamma Kap dance I did notice that Ike Miller, '37 Football King, didn't do a bit bad by himself after his dues were paid by someone else—A true Y star

FAMOUS WOMAN COLUMNIST REBUKES SENATOR GRAVES

New York, Dec. 2.—In an open letter to Senator Dixie Graves of Alabama, Dorothy Dunbar Bromley, famous American columnist and novelist, whose articles are featured daily in Scripps-Howard and other newspapers, sharply rebuked the Alabama senator for her participation in the filibuster against the Wagner-Van Nuys-Gavagan anti-lynching bill.

Mrs. Bromley advises Senator Graves to follow her own advice to the senate to "seek the truth, know the truth, and the truth will make you free." Mrs. Bromley challenges Senator Graves' statement that lynching has declined to the extent alleged by the senator in the senate of Hugo L. Black, and sharply differs with the assertion that given five more years, the south of its own volition will wipe out all lynchings.

OLD PEOPLE find way to keep breath wholesome

Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance.

But now Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or nasal passage surfaces.

This safe antiseptic and quick-deodorant works quickly. It cleanses mouth, teeth, and nasal surfaces. Halts fermentation and putrefaction, a major cause of odors, and thus counteracts the odors themselves.

Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Listerine Pharmaceutical Co., St. Louis, Mo.

### THE ATTITUDE OF CONGRESS

During the session of Congress following the inauguration of President Roosevelt, when a legislative mandate came down from the white house senators and representatives lost no time in seeing that the recommendations from above were executed without charge or delay. In fact it was treason to think and act otherwise.

But time changes all things. As a result whenever the President sends a message to Congress today, criticism comes thick and fast. It does not come from the opposition alone but from the members of his party also.

Congressmen are learning that the ever grinding out of new laws and the expenditure of huge sums of money will not stop business recession; that in order to maintain a balanced industrial level in the country, the cooperation of those who have helped to make this a great country must be had; that while America must be ever on guard to undertake progressive measures, there is a possibility of moving so fast that our already existing machinery cannot keep up.

People who know don't expect much from this session of Congress because it has just discovered that its members are grown.

### GREAT SPORT

Negro football player, Brud Holland of Cornell University, has been chosen a member of the All-American football team by a group of sports writers from all over the country. Not only is this an honor but recognition of outstanding ability.

In the announcement of the selection in the newspapers last Sunday, the writer of the article called attention to the fact that the selection was not only a surprise but the fact that a large share of the votes for him came from southern sport writers was a surprise also concluding that this was evidence that there was no room for race prejudice in sports.

That Holland is a great player goes without question. Otherwise he would not have had an opportunity to be considered; but the very fact that that opportunity was available is encouraging to every fair-minded citizen of this country.

We are not unmindful of the lack of opportunity which Negroes as a group face. They start out with that handicap. But this is no reason why youngsters should spend their time degrading lack of opportunity when others of their own group are making marks every day.

The Bystander cannot help but congratulate Holland for his selection and the sports writers who voted for him. However, the school and coach which gave him the opportunity come in for the lion's share of the glory.

### XMAS SEALS

Christmas seals on a letter have a real significance. Everybody should know about it for in these busy days we are inclined to pass up many a worthy undertaking as a matter of course.

The campaign to cure and prevent tuberculosis has made great strides during the past few years. And all of this progress has not been made by the expenditures for medical research. Much of it has been due to the programs of education conducted in our schools and other organizations which have gone a long way to teach the unfortunate how to prevent the spread of the dreaded disease.

A large share of the expense in connection with these campaigns has

been born by the sale of Christmas seals.

No campaign against tuberculosis overlooks the large death rate in proportion to population among Negroes from tuberculosis. There is no question that this is true. Of course there are reasons for it; reasons that must go further than Christmas seals to overcome. The Bystander would say that the large percentage of death rate among Negroes over that of whites is in proportion to the economic advantages whites have over Negroes. In other words as the economic status of the Negro improves, his death rate from tuberculosis will decrease.

In the meantime buy Christmas seals. Win a valuable cause.

## What Others Say

### FOOD FOR THE HUNGRY: DRINK FOR THE THIRSTY

"So the walls were finished!" Nehemiah 6:15.

Nehemiah was a man of God or God's man for his time. He was a man of prayer, he was a man of intelligence. His mind was sanctified as well as his heart. He knew God; he knew his Bible; he knew men and things; he knew business. He was a man of action. Not theory plan and purpose, but a man of practical service.

There are three features in the service of a builder: Unity, order and thoroughness. There are three things that will lead the success, earnestness, perseverance, and prayer. Paul said:

"Forgetting the things of the past, let us press forward to the mark of higher calling in Jesus Christ. There were three milestones in Christ's life: First year—Obscurity; Second year—Popularity; Third year—Opposition. During his obscurity, he was preparing for the days that were ahead of him. When he came on the scene, and was doing such marvelous work, he created much excitement, and the people came to Him from every where, and followed Him. This created an opposition to him to the extent that they led him to Calvary, but woe unto them that did the leading, for verily they received their reward. The Holy Spirit puts a black mark upon every shirker. So the wall were finished. Nehemiah began with prayer, continued with prayer, and did nothing without prayer."

We as Negroes, as long as we do something, will find opposition in proportion as we rise. "So let us arise and go forth."

### HEART PAIN

Patients experiencing pain over the heart should consult their physicians immediately about the cause. Cardiac pain is very often a most elusive symptom to interpret. The pain sometimes is distributed from the region over the heart to the left shoulder and left side of the neck, sometimes as high as the ear; down the inner side of the left arm to the left little finger. Occasionally this pain is at the base of the chest bone and may be confused with difficult digestion, and occasionally gall stone.

Some people are not sensitive to pain as others, consequently some, instead of experiencing pain, may complain of a burning sensation, a coldness, a sense of pressure or restriction in the chest or neck, sometimes down the arm.

Toxic garter, high blood pressure, diseased heart muscles, or valve, disease of the blood vessels supplying the heart may be mentioned as some of the more dangerous things that may cause pain over the heart.

Ans.—He does love you, but you certainly are not losing any sleep over him. It wouldn't be advisable to waste too much of your time with him, for he isn't ever going to mean anything more to you than he does at this time.

M. B. T.—Please let me know if you think there is a chance of my getting the money my deceased aunt left for me?

Ans.—Right at this time it looks very doubtful. The insurance company does not intend to pay the claim until the records they hold are somewhat clearer than they are now. It is going to be several months before the matter is entirely cleared up.

A. X. T.—Did my husband deliver the letter that I found some few days ago? How will it end?

Ans.—No, he didn't deliver the letter after all. He felt that you were suspicious and he took "cold feet" at the last moment and destroyed the letter. Don't judge him too harshly and forget the long distance call, for it really had nothing to do with what you have in mind.
