Estelles Married Sixty-one Years

PARENTS OF NINE CHILDREN
By Everett Wadsworth
Staff Writer
Two important days, December 25, 1937, was the ninety-first anniversary of Iowa's entrance into the union as a state. But December 27, 1937, was the sixty-first milestone of the marriage of Mr. and Mrs. Jesus Estelle of 908 Fourteenth street place. Both Mr. and Mrs. Estelle were born about eighty years ago in Howard county, Missouri.

After the Emancipation proclamation and at the end of the civil war, Mr. Estelle worked in a tobacco factory. About 1901 they came to Des Moines, where he was employed as a construction laborer. The Estelles are prominent members of the Burns M. E. church.

An ardent baseball fan, and a familiar figure at all the games, Mr. Estelle can quote batting averages, scores and diamond history as fluently as most followers of the sport. When Sunday school baseball was at

Madison, Ames Business Man, Inventor of Radiator Attachment, Visits Here

It pays to start small and stay small because there is no disgrace to all things small if you are putting out a high class product," stated Walter G. Madison, mechanical engineer, when questioned about Negro businesses Wednesday. Mr. Madison further stated that Negroes like to start with a big front instead of working up. "A large business requires a lot of blood for somebody to shed," he said.

Mr. Madison is owner of the W. G. Madison Company, Ames, Iowa, which makes and distributes the Eclipse Radiator Bracket used to support steam radiators from the wall. The superior feature of the bracket is that it fits every type and size of steam radiators. Distribution covering thirteen states has been as far north as Wisconsin and as far South as the Gulf in the middle states. The bracket approved by government engineers has been used and often specified for schools, hospitals and government buildings. It is the only item that any Negro is offering in the government

the height of its popularity back in the late twenties and early thirties at old West High diamond, Mr. Estelle never failed to attend a game. He knew every player by his first name and a contest would have been very incomplete without his stentorian voice booming forth on the summer air, urging his favorites on to victory.

"Night baseball will never be the same as the daytime; that game should be played in the sun," he told the writer many years ago, when asked his opinion on the then new innovation.

Four living children, of their nine, include Mrs. Gertrude Love and John Estelle, living at home, and Mrs. Jesse Newsome, 1315 Laurel street; one daughter in California and one in Oklahoma.

The Lindbergh family had offered a personal reward for the finder of the baby, but after Allen made the discovery nothing has ever been said of the money since.

Laurence Jones Blasts Legend

ASKS THEM TO PROVE LOVE FOR BLACK MAMMY BY DONATIONS FOR SCHOOL BUILDING

Piney Woods, Miss., Jan. 13—(ANP)—If those southerners who continually prattle of the tender love they hold for their old "black mammy" are sincere, here is a chance to prove it. In the special centenary edition of the Jackson Daily Clarion-Ledger, published last week, Laurence Jones of Piney Woods school bought twenty inches of advertising space to insert the following:

"In memory of your 'Black Mammy.'" "Major Geo. W. Dulany gave to Piney Woods school a girls' dormitory in memory of his colored mammy. Piney Woods school now proposes to erect in memory of the old southern mammy a domestic science building in which colored girls will be taught to cook and sew and wash and iron.

"We have heard many southern white people talk about how much they loved their old mammy. Here is a chance to prove it. Is her memory worth a hundred dollars, or fifty, twenty-five, ten, five or one dollar's worth of brick toward the construction of this building in her memory?"

WELCH SPEAKS TO TAXPAYERS AT CENTER

Finance Commissioner Roy Welch spoke at the dinner meeting of the East Des Moines Community Council of Real Estate Taxpayers at the Union Baptist church Monday evening. Mr. Welch, with the aid of charts, showed the division of the tax dollar, demonstrating how many cents a week is paid for each city department on the basis of a \$2,000 piece of property. He impressed his audience with the fact that the school board and other governmental functions took the greater portion of the tax dollar.

Many of the questions Mr. Welch answered had to do with the City Manager form of government that is causing wide controversy. Harry E. Wilson is president of the organization; Rev. J. W. Tutt is secretary.

WASHINGTON, D. C.—All of the subjects imaginable were brought up in the Senate this week in the efforts of the Southern solons to talk the Wagner-Van Nuys Anti-Lynch bill "to death" with long winded oratory. Womanhood, Communism, Fascism, Dempsey's strength, Negro party control, states rights, Democratic split, etc., were some of the topics used in the filibuster.

MOTION BY CONNALLY OF TEXAS TO ADJOURN DEFEATED

Washington, D. C., Jan. 7—The first skirmish in the senate over the Wagner-Van Nuys anti-lynching bill was won here last week when supporters of the legislation defeated, by a vote of 52-18, a motion by Senator Tom Connally of Texas to adjourn the senate. The motion to adjourn, if it had been carried, would have automatically displaced the anti-lynching bill.

Senator William E. Borah of Idaho has taken a leading part in the filibuster against the bill, as he has in the past.

Supporters of the bill in the senate are lining up their forces to speak for it, and many senators already have written the speeches they intend to deliver. The speakers for the bill will include the two sponsors, Senator Wagner and Senator Van Nuys, Senator Neely of West Virginia, Senators Smathers of New Jersey, Senator Schwelmbach of Washington, Senator Bullock of Ohio, Senator Clark of Missouri, Senator Guffey of Pennsylvania and others.

Toiling Tenaciously to Type Toothsome Tales Thursday—A tearing of hair, thumping of keys, and a racking of brains, and this week's boring spot begins... I might as well get it over first—that Avant is here again—this time he literally adopted the Erl Kings as his team and made himself regular member when he bought a former member's suit without being told by the coach that he was on...

To Robert Webb, Esq.—You are in for a lot of red-coated dynamite... Among clubs being formed around town, Buck Mays has organized the Lone Wolf club composed of those without loving ones... As oft repeated "An old flame never dies" as is true in A. J. Edmunds case... Trotter's should capitalize on a motto like "Drop in for a bite and meet the crowd any nite," because the bunch can always be found there after basketball, parties, meetings, etc... Hardaway's Boy, "Smooth" King's fame has spread across the stream—Even East Side chicks speak in his favor... This week's high school dance promises to be most exciting with a treasure hunt—I'll be on the door waiting for youse guys and gals... Ozzie Lewis, The Cowmie Man, is a regular "get-arounder" going to most any extreme—good mixer is not he's called... Included in those taking another stab at it is Jelly H. and Dorothy M... Lacie M. J. seems to have messed up Alice K's cards with C. Fant... It does seem as if a Y Star suit is needed to visit the circ dept of the Bystander—that dept. has ideals and ideas also... Johnny J. who is employed at Trotter's amuses a great many with choices of rare young ladies about town—He invariably does quite well... The Youth Council of the N. A. A. C. P. is in full force again with Cuck Danforth at the helm—With all his enthusiasm we really should get somewhere... A good thought for the week from "Oklahoma A1" to anyone.

SPORTS

BY ALLEN ASHBY

Last week's games furnished plenty of excitement for every one, from the little fellows to the seniors. In the junior league the rickety Jrs. see down the Jr. Y. Stars in an overtime 2-26 game that got everybody on edge. The Hurwich Grocery team in the intermediate league dropped one to the All-Stars, 19 to 12, in a rather surprising scuffle and the other game was called at the half to make way for the Erl Kings game with the Capitol Hill church team. The Kings, composed of Bus Brown, James Allen, Johnny Wilson, Jack Howard and Paul Walker, turned in a 34 to 19 win over the church boys. Howard rolled in 16 points, while Allen jumped in 10. Bub Parsons managed to see some action with the Kings.

In the senior league St. Paul, who seems to have a lease on the title, ran into a hot Corinthian team. Mortician Estes was going great guns and he embalmed the St. Paul boys with five long baskets, helping Corinthian win, 21 to 18. Daniels Bros. Comets served notice that they were in the money as they passed their way to a 23 to 7 win over the Raiders, who were but a shadow of the powerful last year's club. The Y. Stars got their passing game clicking against the Rockets and laced them 23 to 7. Monday the Stars sunk the National Guard team at Life Armory, 51 to 24.

In the intermediate league games at East on Tuesday, the Monarchs, aided by some sensational shooting by Carter, dusted the Hurwich Grocery by a count of 27 to 24.

The Buffaloes rang up 53 markers to sink the All-Stars, 53 to 9, and in what was billed as the feature game, the Erl Kings, with Joe Danforth and C. S. Simms filling in for Jack Howard and Paul Walker, took on the DeSoto merchants. The Kings were in one of those strange comas they sometimes have and could do nothing right. They handled the ball like a bear with a hot potato. In spite of the fact that the Kings got two shots to the Merchants' one, they finished behind, 37 to 31.

As one watches the league players in action, it is amusing to watch the younger boys picking up the game. The clowning professional teams have literally ruined basketball for hundreds of youngsters. Good ball handling consists of being able to dribble well, fake passes or shots and keep from being tied up with the ball. Good passing and shooting means doing both with either hand, being able to spot an uncovered teammate and pass to him accurately with either hand. Good shooting means ability to go into a basket from either side and use either hand to advantage. The league players have put a high premium on indiscriminate juggling of the ball, whether they are covered or not. This slows up the passing game and makes one of the reasons why good teams nearly always beat off league teams. A steady, brainy player who can't clown isn't wanted on most of the teams, when brains is what too many of them need.

BOXING Art Oliver, the boxer, and Russ Wassser, the boxer, went ten rounds to a draw Monday. Oliver displayed a fine left jab, plenty of speed and cleverness, but lacked much of a punch, so Wassser's heavier punches offset Oliver's much superior boxing skill.

Oliver in a long conversation said that in his opinion John Henry Lewis is the next heavyweight champ.

CROCKER "Y" NEWS Kenny Burris, scoring decisive victories over four opponents, worked his way into the finals of the "Y" senior pocket billiard tournament. Burris and Ernie Dixon, the two finalists, will meet Saturday afternoon for the senior title. Bobby Weston finally disposed of Art McCune in the junior championship game last Saturday to win 65-57.

Basketball Schedules Tues, January 18 at East High. Comets vs. Tigers. Hurwich Grocery vs. Daniel Brothers Comets. Erl-Kings vs. Texaco Oil. Wednesday, January 19 at West High. Junior "Y" Stars vs. Panthers. All Stars vs. Buffaloes. H. I. B. vs. Monarchs. HasBrouck "Y" Stars vs. outside opponent. Friday, January 21 at West High. Tigers vs. H. I. B. Juniors. St. Paul A. M. E. vs. Rockets. Daniel Brothers' Comets vs. Corinthian Baptist. Raiders vs. HasBrouck "Y" Stars.

All boxers desiring to enter the Golden Gloves Boxing Tournament to be staged in the gymnasium at the Central Y. M. C. A. January 19th, may secure entry blanks at the "Crocker Y" or the Central Y. M. C. A.

No entry fees required to participate in the tournament. The champions and runners-up in each division will be sent to the state finals at Cedar Rapids in February, and the titleholders there will go to Chicago for the National Golden Gloves finals early in March.

Competition is being held in eight weight divisions, bantam-weight through the heavyweight class. Classes are being held at the Central "Y" each division under the supervision of Tony Ligouri.

Knot Hole Tickets. Knothole tickets for the game between the Phillips "66" team, national A. A. U. titleholders, and the University "Coalers" state A. A. U. champions, may be gotten at the "Y" daily until January 20, the date of the game.

Regular children tickets are selling for 25 cents, but boys under 14 years, may get these tickets for 15 cents at either the Central or Crocker "Y".

Organized teams may also save 25 cents by purchasing tickets before the evening of the game. The general admission price at the game will be 50 cents per person.

OLD PEOPLE find way to keep breath wholesome Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant. Either because of stomach disturbance, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance. But now Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on mouth, teeth, or dental plate surfaces. This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. Halts fermentation and putrefaction, a major cause of odors, and then counteracts the odors themselves. Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo. Don't offend others - Check halitosis with LISTERINE

A WORKING GIRL'S SHORT CUT TO BEAUTY So much has been said about the girl with leisure, how she may keep her figure trim by daily walks and exercise at odd hours, prolonged facial treatments to keep her skin soft and her pores small, how she may soak her finger nails in warm oil to prevent brittleness, and a host of other methods to keep her looking as glamorous for that occasion as a matter of the moment. But the working girl? Heaven help her, is completely overlooked in this beauty schedule. She who spends her day earning a living, grinding soot and grime into her pores and cracking her fingernails, has perhaps an hour at the most between the time when she gets home, feeling as though she had been through a wringer, and the big moment when she must set forth again. But she is expected to look her freshest and feel her gayest! Rest and Bath Helpful There is a short cut for her. The first and most important step upon is a warm, restful bath. Relax, lie back in the tub and think pleasant, peaceful thoughts for as long as possible. Cover your face with a substantial coating of cold cream; give the cream plenty of time to sink into the skin and sweep off particles of dust and soot, and then move thoroughly, being sure always to rub upward and outward with the cloth or tissue you are using. Carefully sponge off your face with a pad of cotton, dipped in a skin tonic—withering hazard will do—to remove all traces of cold cream and stimulate the skin to a healthy glow. Then take two pads of cotton, dipped in the same skin tonic, and place them over your eyes. If possible lie down in a darkened room for ten or fifteen minutes with the pads over your eyes. You will rise with brighter and clearer eyes and feeling generally rested. Powder Shouldn't Be Noticed And now for the final step—the application of your nail polish. Powder, properly applied, should never be noticeable. So much has been said about lipstick that I shall add only this: be sure that your lipstick covers the inside as well as the outside edges of your mouth. I am assuming that your nail polish is in fact, if not white as snow, better no lustre at all, than peeling, blotchy looking polish. Now a touch of perfume behind each ear, used very, very sparingly, and you are ready to go out and compete with the best of your little sisters. Good luck to you!
