PROGRESS CELEBRATION MARCH 3-4

DR. CARVER TO SPEAK

GREYSVILLE, MISS., Jan. 19 (ANP)—Announcement was made last week by the citizen's Progress committee, sponsors of a celebration "75 Years of Progress of Negroes in Washington County," that the celebration will be postponed from Feb.

Dr. Geo. W. Carver

10-11 to March 3-4, at which time Dr. George Washington Carver, distinguished scientist, will speak.

Dr. Carver was unable to accept the original date, due to his advanced age, as well as the unfavorable condition of the weather, and the utmost care that must be taken for his health's sake. Dr. Carver has on hand hundreds of letters from all over the world for his appearance, but he accepted the engagement to come to the Delta because he had been wanting to come here for a long time.

Dr. Carver will formally write Mayor Smith and the Chamber of Commerce of his acceptance of a place on the program.

T. B. Burleigh, noted composer, sang several of his original compositions, and among the not-addressing the League officials were Stanley M. Isaacs, president of Manhattan; Dr. Charlotte M. Brown, president of Palmer Institute; Fannie Hurst and Neale Hurston, famed novelists; and O. Clay Maxwell, noted cleric.

Senator Objects To Negro Part In Farm Program

There has been a good deal of frothing at the mouth upon Capitol Hill ever since news of the recent conference held by Negro editors with officials of the agricultural department became generally known. Some thirty editors of prominent colored papers throughout the country were invited to Washington after their names had been submitted by state agricultural and extension agents as being in position to aid in disseminating information to Negro farmers. Their fares to Washington were paid by the government.

The Republican newspapers made capital of the expenditure and Senator Carter Glass, from Virginia, noted for his attitude toward Negroes, fairly exploded. He hotly attacked the authority of the agricultural department to make such expenditures.

Study Group Closes Executive Session

WASHINGTON, Jan. 18 (ANP)—The American Youth commission of the American Council of Education closed its two-day executive session at the United States Chamber of Commerce building. It marked the beginning of a two-year study of the effect of "their minority racial status upon the personality development of Negro youth." For two years the commission has been engaged in a research on the problems of all young people. The commission will hold a special meeting on problems of citizenship in a democracy in March or April.

Ohio Elks Want Vann On U. S. Supreme Court

Vann of Pittsburgh to the U. S. Senate for confirmation as Associate Justice of the Supreme Court of the United States, to fill the vacancy created by the recent resignation of Associate Justice Sutherland.

Tory Senators Filibuster On Anti-Lynch Bill

WASHINGTON, Jan. 19 (CNA)—Fantastic charges that passage of the Wagner-Vann Nuy's Anti-Lynching Bill would "destroy the South" were accompanied by threats to split the Democratic Party if the bill is passed, as Tory Senators carried their filibuster against the measure into the second week.

The Southerners, supported by Senator Borah, Idaho Republican, opened a bag of tricks to block the bill. Tom Connally, D. Tex., tried to obstruct consideration by injecting remarks on Peru and Turkey. Sen. Robert Reynolds, D. N. C. spoke an entire afternoon on the beauties of his home state.

Borah defended the South's treatment of the Negro people and raised the old cry of "States' rights."

Most of the Southern Senators bitterly assailed the present progressive leadership of the Democratic Party as traitors to the traditions of "the old Democratic Party."

Meantime, the Senate is being deluged with demands from all parts of the country for passage of the measure.

Unedcor Products In Omaha

The Unedcor Chemical Company has introduced their products and sales activities into Omaha through the sales manager, Lawrence J. Chapman, assisted by Hubert Jones, it was announced this week.

They report a very successful acceptance of their products by beauty parlors, drug stores, barber shops, Omaha Urban League and the buying public. The Urban League of Omaha has offered to develop further the sales promotion of the city.

Said the Mayor, "I want to congratulate you on being made a member of the Fire Department, which is an institution of which we are all proud. You should feel honored in being a member. You secured your position by your own ability, and you owe your appointment to no one but yourself. I hope that you will live up to the duties of your department so that the city and your race will be proud of you for years to come. I want to wish you all the success in the world."

Lynch Bill Checks Ala. Mob

(CNA)—The spectre of federal anti-lynching legislation was used in a successful plan against mob action this week by a white planter whose wife claimed that she had been choked by a mill hand.

The plan was made by Robert Knox Greene, brother-in-law of Representative Sam Hobbs, (Dem. Ala.) as a mob threatened 31-year-old Lee Jones.

City Manager No Handicap

"The six Negroes in active employment with the City of Des Moines, and who hold civil service status have nothing to fear as to the future of their jobs should the city manager plan of government be adopted by the voters on February 12" was voiced Tuesday by a group of Negro workers for the plan. "The effort to belaud the issue by attempting to fool the people about what the law is demonstrates the desperate position of those opposed to the plan."

Georgia Chain Gangs To Go?

ATLANTA, GA., Jan. 19 (CNA)—Georgia chain gangs, notorious throughout the civilized world for their barbarities, would disappear under a new program sponsored by Gov. E. D. River's administration, State Senator Leo Purdom said this week. "No more sweat boxes or whipping," is one objective of eight bills, seven of which already have been approved by the Senate. The name "chain gang" would be discontinued, the new name being "public works camps."

Find \$5,903 Hold Trusted Employee

Joint Owners Of Funeral Home Accused

ST. PAUL, MINN., JAN. 18 (ANP)—After G-men last week obtained \$5,903 which, they claim, is part of the \$110,000 allegedly embezzled from the Soo Railway Line over a period of seven years by John L. Neal, trusted employe for 32 years, they arrested his brother, William Squire Neal, for concealing stolen money. Both are being held in default of \$25,000 bonds each.

John L. Neal, 48, and William Squire Neal, 60, sons of one of the pioneer families of the Northwest, own the undertaking firm, Neal Funeral Homes, Inc., with branches in both Minneapolis and St. Paul which showed earnings last year as \$20,000.

Suspicion pointed toward the younger Neal on Dec. 31 when accountants found a discrepancy of \$11 in vouchers he had handled. John then disappeared, leaving a note hinting at suicide, but surrendered eight days later on advice of his lawyer, Miss L. O. Smith. He is understood to have blamed none but himself in the thefts.

Hint "Mysterious Stranger" Reports say that Neal said a "mysterious stranger" showed him how to commit the embezzlement, and that he gave some of the proceeds of the embezzlement to the "mysterious stranger" from time to time.

Neal's method of operation, according to investigators, was based on the fact that the railroad's station agents sent operating revenue receipts directly to the First National Bank and Trust Co. for deposits to the credit of the road. When the agents take in money for rent of equipment or property, they are supposed to remit to the treasurer's office and not to the bank.

Accompanying deposits to the bank are remittance sheets, in duplicate. It was explained that Neal, after picking up the remittance sheets at the bank, would return and assert that certain of the deposited funds were rentals and wrongfully included. These amounts he would receipt for and pocket.

Study "Black Book" G-men studied a small black book maintained by the bank tellers from whom Neal obtained the road's funds. In this book he receipted for all the money he obtained. It was from this book that agents learned the embezzlements totaled \$110,000, to all of which he has allegedly confessed, assuming sole blame.

He is formerly charged with taking only one item of \$95 from the bank. But when bail was set after his arrest, U. S. Commissioner W. T. Goddard told him, "You understand that amounts involved in this case are far larger than the one mentioned in this complaint. Miss Smith, his defense attorney, is a colored lawyer."

EDITORIAL POLICY It shall be the editorial policy of the Iowa Bystander to voice the convictions of the Negro, white and criticism will be constructive in its nature, with a definite regard for the progress of the race. We are under obligation to do so with independence and fearlessness in defense of the principals of right as we see it.

NO ARGUMENT AT ALL

Senator Herring of Iowa, who has not decided definitely how he will vote on the anti-lynching bill, has written some of his constituents that he did not believe the law would stop lynching and that if he thought the life of a single person would be saved by the passage of the bill he would vote for it.

The anti-lynching bill, no more than any other measure punishing crime, is a cure all for lynchings. We have laws against murder and yet they occur daily; laws against kidnapping and yet kidnappings occur regularly, and yet no rational person would advocate the repeal of either of these laws.

The point is both kidnapping and murder are crimes against society and the best method of keeping them to a minimum is to punish the offenders. We want anti-lynching legislation because lynchings are occurring, and the offenders are not being punished.

The Bystander hopes that Senator Herring is not getting encoiled unduly with the serum of such of his colleagues as Senator Connolly of Texas et al.

TELL THE PEOPLE THE TRUTH

The city manager campaign has developed suddenly a crop of lawyers, lay and otherwise, who with the use of a limited reading of the law, misquoting facts and drawing illogical conclusions, are attempting to scare many voters into a state of mind which makes them either oppose the adoption of the plan or doubtful of its value.

Statistics show that of the more than four hundred cities that have adopted the city manager plan of government less than five can be pointed out even by opponents of the system as failures; and even in these instances, unbiased observers admit that the situation is better under the city manager.

Careful check has shown that in almost every instance where an intelligent explanation is made of the city manager plan, the people are concluding that they want to try the new system.

FARMERS EXODUS FROM GEORGIA

A news article with the above caption appeared in the Negro press last week telling of the effort of tenant farmers to seek more fertile fields and of course, better opportunity for their families.

Census figures show that an alarming number of Negroes are leaving the farms for the cities and in many instances crowd thickly populated industrial communities where an already difficult problem exists in order to care for their needs.

We hope this exodus is not leading more Negroes to the cities. In other parts of the country there is room for thousands of farmers in communities where not only will they be able to make a better living but better opportunities are provided for their families. The Negro must not give up agriculture; he must not give up land ownership for as yet we have made more money on farms than in the cities.

Just who is advising these people to move we cannot say. But whoever it is ought to be more interested in where they go than that they leave their present surroundings.

With the advent of power labor saving devices in industry, it is perfectly evident that there is more room on the farm than in the cities.

Questions and Answers about the City Manager Plan

DES MOINES LABOR WILL BENEFIT FROM A MANAGER FORM OF GOVERNMENT

City Employees Fare Better A manager would want his men to labor. No manager could hope to accomplish much in the way of efficiency unless his employees were happy. Good service is not secured by working men two to four days per week. Even at 70c per hour, that doesn't provide a decent living.

DES MOINES LABOR HOLDS THE SACK

Although drawing \$70c per hour, year round common laborers in Des Moines work so few days that in 1937 few of these earned over \$825.00. No wonder they have a hopeless feeling. Yet in Toledo, in its second year as a manager city, the lowest wage for common labor was \$113.00 per month, with two weeks vacation on pay and sick leave. In manager cities of our size, common labor received an average of \$100.00 per month the year round, and they didn't have to support any candidate or pay any tribute to get it.

ALL LABOR BENEFITS FROM GOOD GOVERNMENT

When taxes are high and services are poor, it doesn't hurt the rich man as much as it does the laboring man. He can pay his taxes or buy tax free bonds. If necessary, he can dispose of his own garbage, hire his own police protection, protect his property from fire, send his children to private schools, or move to a city where taxes are lower and services better.

But the laboring man can't escape high taxes. If he is trying to own his home taxes must be paid. If he is renting, his rent increases when taxes increase. If garbage collection, street cleaning, sanitation, or police protection is poor, he has to put up with it.

When the rich man's taxes are too high, he buys bonds instead of using his money to build or operate factories.

NEW FACTORIES DO NOT LOCATE WHERE TAXES ARE HIGH

Labor needs more factories and construction to create more payrolls and furnish living wages, instead of part time, bare existence, P. W. A. wages. Our present government is wasting money on unnecessary white collar jobs and inefficient methods. High taxes result, which are keeping out new factories and discouraging new building. There is no hope for labor to improve its lot under this system.

MANAGER CITIES ABLE TO FINANCE MORE PUBLIC WORKS

Because tax rates are low and bonded debts are decreasing in City Manager cities, they have no trouble financing Public Works, but at the rate Des Moines is going in debt it won't be long until she will not be able to sell her bonds to raise money necessary to meet the government requirements for new projects.

Health Talks

By Dr. C. R. Bradford CHRONIC GASTRITIS (Chronic Dyspepsia) Chronic gastritis is a chronic inflammation of the lining membrane

of the stomach, associated with changes in the gastric juice, the formation of large quantities of mucus, alterations in the size of the stomach and the tire of its walls. This may be caused by improper indigestible food, or by abuse of alcohol, tobacco and ice water; by focal infection such as chronic appendicitis, infected teeth, tonsils or sinuses; chronic diseases such as diabetes, nephritis, anemia, tuberculosis, ulcer and cancer.

This condition is gradual in its onset, with occasional attacks of indigestion and the inability to digest certain foods; nausea, and occasional vomiting after a full meal. As the disease progresses the symptoms become more distressing. A careful investigation should be made to determine the cause.

EXTRA Remember, please—when you take a Smith Brothers Cough Drop (Two kinds—Black or Menthol—5c), you get an extra benefit—Smith Bros. Cough Drops are the only drops containing VITAMIN A This is the vitamin that raises the resistance of the mucous membranes of the nose and throat to cold and cough infections.

FURTHER OF THE CITY MANAGER

Editor Bystander: In your issue of January 13, you published a statement to the effect that if Des Moines citizens were to adopt the City Manager Plan at the coming election the manager could not discharge any civil service employee without first proving charges against him.

Now this statement is doubtless taken from the folder now being circulated by the City Manager—Campaign Committee, which was, I understand, built up largely from practices in Kansas City, Missouri, Cincinnati, Ohio, and other states where they have City managers and may be absolutely correct with reference to city managers in those states; but I am sure that you understand that the question that is to be submitted to the voters of Des Moines on February 12, is not "Shall we have a city manager such as they have in Kansas City or Cincinnati, or in some other state?" but it is "Shall the city of Des Moines, Iowa, organize under chapter 328 of the Code of Iowa?"

Now regardless of what the rule may be in Missouri, Ohio, or any other state, chapter 328 of the Code of Iowa, which the voters of Des Moines are asked to adopt and which chapter I now have before me, provides, in Sections 6629:

"Except the members of the Library Board . . . the terms of office of all other officers, including the Park Commissioners and the Waterworks Trustees, whether elected or appointed, and of all employees of such city shall be subject to the action of the Council or Manager."

Then follows, Section 6630, which provides: "Except the members of the Library Board, the Council shall have power to determine the tenure of office of any officer, or the term of employment of any employee that it is authorized to appoint or employ, and declare such office vacant or to discharge any such employee with or without cause, as it may deem advisable" and

Section 6631 provides: "The manager shall have power to determine the tenure of office of any officer or the term of employment of any employee that he is authorized to employ with or without cause or he may deem advisable."

Surely the Bystander does not mean to advise its readers that it is necessary for a city manager under chapter 328 of the Code of Iowa to prove charges against an employee before discharging him when chapter 328 itself expressly provides that he may do so without even HAVING a charge against him, to say nothing of having to prove one.

Very Courteously, S. JOE BROWN, Asst. City Solicitor.

TELEPHONE SERVICE has not ESCAPED RISING COSTS It is costing considerably more to provide telephone service now than it did a few years ago. Labor and material costs are higher. Taxes of this Company have increased by about half in the last two years.

Charges for telephone service have not been increased to meet increased expenses. Total revenues of this Company in 1937 were about 5 per cent less than in 1930.

Improvements in equipment and methods of operations have partially offset increased costs but the upward trend of expenses is making it increasingly difficult to provide satisfactory service at present charges.

Our constant aim is to improve service and keep down charges...to give you more and more for your money.

Now that all the festivity of Christmas and the gaiety of New Year's are things of the past, we are inclined to find ourselves in a bit of a slump with nothing more exciting in view than the top end of the winter. The skies seem even grayer, if possible, than they did earlier in the season, and even our personalities seem to have reached a new low. We are sick and tired of our winter clothes, of the same old hair dress, of looking at the same face every morning in the mirror. We do the same things day after day, and with less enthusiasm than the day before. We are fast sinking into a hideous rut, and don't quite know how to get out.

Fighters Enter Golden Gloves Tournery

A large number of local amateur boxers are preparing to enter the district elimination golden gloves tournament starting January 19th at the Central Y. M. C. A. Among those entered are: Morton Graves and Lewis Taylor, lightweights, both of whom won titles in the Crocker "Y" Championship last summer; Sam Walcott, who won the lightweight in the same tournament, Osborn Lewis, welterweight, Wayland Heath, middleweight; Amos Holt, bantamweight, "Y" title in this division; and Pete Hackney, east side lightweight.

Boys Appear in Exhibition Bouts

Bobby Brown, Art McCune, Calvin Garland, Willard Chaney and Winston Davis appeared on the program at the Grace Methodist Church Friday night attended by over 400 men of the church. The boys appeared in several boxing exhibitions, and were featured along with Bob Feller, the sensational young pitcher, who was the after-dinner speaker. The boys all received Feller's autograph.

SPORTS

BY ALLEN ASHBY

The "Y" stars grabbed the honors for the week's basketball. Wednesday they tackled the team from the Schneiderhahn Company and found themselves on the wrong end of a half time score of 14 to 12. At the end of the regular time the score was 32 all, and the Stars went out and grabbed five points for a 37 to 33 win. Joe Danforth came up with 14 points, and Bobby Parker collared 10. Chet Simms played a nice back court game, and Scalesy Bailey was all over the floor in the overtime period.

Friday night everyone looked forward to the "grudge" battle between the Stars and Daniels Comets, but Artie Taylor of Cedar Rapids brought his flyers to town. The boys were last year's city Y. M. Champs there and were unbeaten in two years, until Friday. The Stars clipped them 25 to 23 in a game everyone who saw will remember for some time. The Rapids boys' system of play is to merely out-hustle and out-fight their opponents, and they almost did that to the home boys. They scored eight points right now and led at the half 14 to 8. Then the Stars went to work. They tied the score at 14 all, and from then on it was nip and-tuck with the lead changing every time a point was scored. With a minute and a half to go, and the score 21 all, Joe Danforth let go one from his own foul line to make it 23-21. Carr of Cedar Rapids promptly grabbed the leather, and turned one loose from his foul line, and the score was 23 all. Danny corralled the sphere again, and heaved it from his foul line again, and the score was 25 to 23 with so much noise the horns of the officials couldn't be heard.

Everyone wants to see the two teams play again, and when we go to Cedar Rapids next week we look for a large Des Moines delegation.

Johnson, a boy who shot one hand shots as easily as most players shoot with two hands, scored eleven points for high scoring honors of the game. Reasby a guard played a great defensive game for his team, but the entourage visiting team won many friends by their fighting spirit, and hard clean play. Bob Parker, got ten points for the Stars, and Joe Danforth got eight. Carter flew around the floor like a wild man and Simms played his usual steady guard game.

Marshall Wilson is developing into quite a passer, being equally proficient with either hand, and his passing aided the Stars no little.

In the other games Wednesday night the Junior "Y" Stars lost their second straight overtime game by one point. This time the H. I. B. Juniors did the trick 15 to 14. The Hawkeyes came through with a last second win over the Buffaloes 20 to 21, and the Daniels Comets Intermediates downed the H. I. B. 25-16. The H. I. B. had a chance until the final few minutes when over anxiety to score caused them to forget their defense, and the Comets slipped in behind them for several easy baskets.

In the senior league all the teams came late, so the schedule was disrupted, and St. Paul took off the Rockets. The St. Paul boys tried hard to get 50 points, as Jamo Allen, Bus Brown and Bunny Wilson poured points through the hoop, but they got

NEGRO COLLEGES
Our Negro schools and clubs are getting their share of publicity in their sections of the country. Negro college basketball is nearly on a par with the best white school brand of the game. This is because several Negroes who play only basketball know they can't play on the big University teams, so they go to Negro school and make the game tough. Lincoln U. of the East, Howard, West Virginia State, are perhaps the best in the East, while Langston, Xavier, Alabama State and Arkansas State are the Southwest leaders. Lincoln U. of Jefferson City, Missouri always has a fine squad, and they say that Western University has rounded up a fine squad. We'll hear more of them all later.

OLD PEOPLE find way to keep breath wholesome
Halitosis (bad breath) quickly yields to Listerine, safe antiseptic and deodorant

Either because of stomach disturbances, food fermentation, or the wearing of false teeth, old people frequently have halitosis (bad breath). No wonder others consider them a nuisance. But new Science has found that the regular use of Listerine will often overcome offensive mouth odors due to the fermentation of tiny bits of food on teeth, or dental plate surfaces. This safe antiseptic and quick deodorant works quickly. It cleanses mouth, teeth, and gum surfaces. Halts fermentation and putrefaction, a major cause of odors, and then counteracts the odors themselves. Try using Listerine every two or three days. See how much more wholesome it leaves your mouth. How it sweetens your breath. Lambert Pharmaceutical Co., St. Louis, Mo.
