PROPOSED ARMAMENT INCREASE SEEN AS DANGER TO NEGROES

Robert Weaver F. R. Confers Housing Head With Walton

WASHINGTON, Feb. 17 (ANP)—Dr. Robert C. Weaver, for four years adviser on Negro Affairs in the Interior Department, has been appointed Special Assistant to the Administrator as Adviser on Negro Relations of the United States Housing Authority. The Administrator is Nathan Straus of New York, recently appointed by President Roosevelt to this new federal unit.

With the passage of the housing act and the assurance that housing will be a government problem for some years to come, no intermediary was left to guard the interests of Negroes. Dr. Weaver brings to his post a wealth of experience which should prove useful. Negroes face an acute housing problem in every city where they form an appreciable part of the population, Dr. Weaver asserted Tuesday.

Lawrence Chapman Plans War on Insects

Lawrence J. Chapman, manager of the Unecor Chemical Co., of this city, predicts an unusual activity of household insects this season. The insecticides are moving heavily already. The insect season is about three months ahead of itself, he said.

He advises that spraying as a preventive measure should be done now to kill possible eggs or insects that might exist concealed. Killing an insect in "February and March will save ninety and nine in June." Fumigation is recommended.

The company manufactures a complete line of insecticides that are sold

throughout the East, and also other miscellaneous products. Most local drug stores carry Unecor insecticides. A thriving fumigating and exterminating business is done in the city and throughout the state. Unecor Insecticides are high in quality but moderately priced.

Negroes Vote 2 to 1 Against Mgr. Plan

In the "landslide" victory of anti-city manager forces in the special election Saturday, a majority of 23,434 against the adoption of the plan to 15,852 in favor of it, precincts in which a large number of Negro voters were registered voted 2 to 1 to retain the commission form of government in Des Moines, it is estimated.

The manager plan group carried only 15 out of the city's 64 precincts which did not include precincts 26, 27, 33, 35, 34, 52, 63, 59, 56, and 64, all of which carried large, but not predominating, Negro votes.

Shows Interest in Liberia

WASHINGTON Feb. 17 (ANP)—President Franklin D. Roosevelt received the American Minister to Liberia, Hon. Lester A. Walton of New York City, in his White House offices Wednesday afternoon and listened to the envoy's report of progress being made in the African Republic.

The president is said to have evidenced the most lively interest in the affairs of Liberia, and to have expressed enthusiasm over the success which President Barclay is meeting with in putting over his three-year plan, designed to establish needed reforms and to rehabilitate the country economically.

Minister Walton, who arrived from Monrovia this week, spent considerable time with Secretary of State Cordell Hull, as well as with the president. Secretary Hull has been one hundred per cent cooperative, Minister Walton said in the few remarks which he could be persuaded to make.

Slavery Exists, Says Mrs. F. D. R.

PHILADELPHIA, Feb. 17 (CNA)—Mrs. Franklin D. Roosevelt asserted at a meeting here that although Abraham Lincoln took the first step toward the abolition of slavery in this country, "we still do tolerate slavery in several ways."

She addressed 4,000 persons at an Emancipation Proclamation celebration sponsored by the National Negro Congress.

Appeal to Jim Crow To Swing Election

RALEIGH, N. C., Feb. 17 (ANP)—Prominent white Raleigh citizens, opposing a plan to establish an Airport here are bidding for the aid of Negro voters in "killing" the measure at the forthcoming election.

In a quarter page ad, appearing in a local Negro weekly, they sounded off: "Warning! Negro Voters! You are about to be taxed for an Airport you will not be allowed to use! Register now, if you expect to vote against 'Taxation without Representation!'"

Billiken Nite Club Host to Crowds

By the Staff Writer

With the unexpected visit of spring weather which soared the temperature to a February 12th record high of 63 degrees the Billiken Nite club, at 12th and Center, played host Saturday evening to one of the largest crowds since its opening two years ago by Mrs. Azalia Mitchell, proprietor.

Guests swarmed and milled about the dance floor packing the ballroom beyond capacity. Waitresses found it impossible to fill the orders fast enough to the crowded tables. T. L. Howard, manager, expressed great satisfaction and gratitude for the patronage of "home folks" as well as out-of-town people. Every Tuesday, Thursday and Saturday nights the place is filled, however, he said.

Ray Doyart and his Swinging Gents band from Minneapolis, featuring Leon Vines, vocalist, played to a fairly large crowd at the Valentine's Day dance Monday night. Mrs. Mitchell and Mr. Howard expect to bring in the nation's best swing bands this spring.

WASHINGTON, Feb. 17 (ANP)—President Roosevelt's request for an added appropriation to take care of a huge increase in armaments is considered by many observers to be especially dangerous to Negroes because of the added possibility of a foreign war.

After the World war, it is generally understood that plans made by the War department called for all Negro units to be either service or labor battalions. This would mean that colored soldiers would bear the brunt of battle with virtually none in military positions of comparative safety.

They point out the administration's attitude toward Japan in the Chinese crisis and rumored understandings with Great Britain adding that if America does interfere in Asiatic problems, colored soldiers will be shipped there to take part in a conflict meaningless to them and from which they can expect nothing. To avoid so arming the U. S. that it could make war, thousands of miles from home and thus kill off thousands of Negroes, defeat of Roosevelt's plan has been urged in congress.

Iowans Named In Kappa Meet

CHICAGO, Feb. 17 (ANP)—All sections of the country are represented in the committee and department heads named this week for the Kappa Alpha Psi Fraternity by Atty. Theophilus M. Mann, the grand polemarch.

National problems of the race, guidance of Negro youth, scholarship aid, and inter-fraternal cooperation are again year-around concerns of the organization, with committees in charge.

The provincial polemarshs named include Dr. Lee B. Ferguson, Waterloo, Ia., of the north western division.

Named on the Committee on Constitutional Amendments is A. A. Alexander, 309 Securities Bldg., Des Moines, Ia.; who was grand polemarch about ten years ago.

Sphinx Club to Give Premiere on Sunday

The Sphinx Club have put the final touches to their "Country Fair in Harlem", which is to be given Monday evening Feb. 21, at the Billiken Ballroom. This affair is the Sphinx Club's debut to the public and they plan on doing it in a great big way.

Nothing has been overlooked in order to make "Country Fair in Harlem" one of the most unique affairs ever presented to the Negro society in Des Moines. The entire theme of the Fair is to provide a type of entertainment that Mother, Dad, Sister and Brother can get-together and spend an evening in good clean fun. The club is presenting to the lucky ticket holder a beautiful electric clock which is on display at Herdaway's Tomitorial Parlor.

The "Gala Premiere" to which all the clubs in the city have been invited takes place Sunday evening. The Sphinx club's objectives are two-fold: a better class of entertainment for all and more pleasures for the underprivileged Negro boy and girl of Des Moines.

19 Negroes Enlist In Chinese Army

PEIPING, Feb. 17 (CNA)—A Japanese spokesman declared this week that 152 American volunteers, mostly aviators, were serving with the Chinese defensive forces. Nineteen of the Americans were Negroes, he said.

Safety Commissioner Henry HasBrouck (left) has just congratulated James Allen (right) on his appointment to the police force.

Relief Bill is Seen as Threat to Anti-Lynch Measure Passage

WASHINGTON D. C., Feb. 17—The message of President Roosevelt to both houses of Congress urging an additional appropriation of \$1,250,000,000 for relief threatened today to complicate the fight for the passage of the Geygan-Wagner-Van Nuys anti-lynching bill. After five weeks before the Senate, the anti-lynching bill appeared definitely to be gaining "in favor" and plans were underway calculated to force a vote this week.

In the beginning with the filibusters' monopolizing all the time, the supporters of the bill adopted a policy of watchful waiting, confident that they had the votes to pass the measure. As time wore on, the filibusters gained some public backing, but in the past week or ten days, they have definitely lost ground. The fact that the Senate refused to sidetrack the bill on February 4 by a vote of 52-34 indicated that even after four solid weeks of debating, support of the bill was as firm as ever.

The introduction of the relief measure has caused the organizations sup-

porting the anti-lynching bill to go into a huddle. Two brief conferences have been held here between representatives of the N. A. A. C. P.

Named by HasBrouck

Widely Known Ball Player, Active in Crocker Y Circles

By Everett Wadsworth
Staff Writer

Henry HasBrouck, public safety commissioner, announced the appointment of James Allen of 936 Tenth street, to the police force as patrolman Tuesday. Allen accepted the post vacated by J. H. Carey, (white) who was promoted to the detective squad following the death of Fred Gagen, (white) city detective last week. Chief of Police Henry Alber heartily endorsed the appointment and expressed his utmost faith in Allen.

Allen was just completing his probation period which began last summer following the death of Detective John Rhodes. The appointment was approved by the city council. L. A. Garland is the other patrolman, and Detectives Ben Rich and J. L. McGuire, are the Negro plain clothesmen.

Great Pleasure

In making the appointment HasBrouck said, "It gives me great pleasure to put a colored boy on the force. Allen passed the civil service examination with high honors and I know he will be very efficient. It is my desire to ever serve the Negro people in Des Moines fairly and squarely to the best of my ability, as I have always done in the past."

Prior to his election to the council in 1936, HasBrouck was physical director at the Central Y. M. C. A. and camp executive during the Crocker Y periods. He is a popular sports authority, umpire and referee.

North Graduate

A graduate of North High where he starred as letterman in football basketball and track, Allen has been prominent in St. Paul A. M. E. Sunday School athletic activities for the past thirteen years. A widely known athlete, he began his career as pitcher for the Sunday School baseball team in 1925.

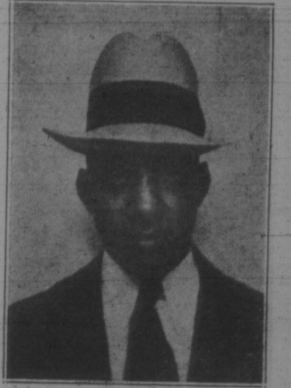

After two years of traveling with the famous Tennessee Rats, ball team, he returned to Des Moines to become one of the best semi-pro pitchers in the state.

Y. M. C. A. Management

Allen is a proficient basketball player, notably with the Crocker Big Five, St. Paul, Globe Trotters and Erl-Kings. He is a member of the Crocker Y. M. C. A. committee of management and a member of the Young Negro Progressive club, of which Allen Ashby is president.

He helped organize the "HasBrouck For Safety" club, young men's political group, during the 1936 city election. Allen was formerly employed at the Charles Hewitt and Sons, wholesale grocers. He is married and

has two sons.
Past Appointments
In a search for records of past appointments the reporter visited Victor T. Smith, secretary to Chief of Police Henry Alber. Beginning work in 1925, Smith said he was unable to produce records farther back than 1914 and the earlier dates were rather vague. However, after an interview with Pat Foley, jailer, 30 years on the

BEN RICH

force, and Sergeant Joe Donoghue, for 42 years a policeman, it was revealed that Des Moines had Negro officers over forty years ago.

Ira Miller

"I was sent out on a beat with Ira Miller, a Negro cop, and was 'broken in' by him," Donoghue, gray-haired veteran of law and order, recalled. In 1896 the chief gave orders to the "Irishmen" to "clean up Court Avenue." "Us 'Swedes' did pretty good too," he laughed telling of some of the adventures with his Negro partner.

Donoghue was high in his praise for Miller, George Taylor and Clay Lewis, other Negro policemen at that time. "They were all fine fellows," both Foley and Donoghue agreed. A portrait of the Des Moines police force in 1892 including the colored officers, hangs in the first floor corridor of the municipal court building.

Present Force

W. L. Riley, now deceased, joined the force in 1913; followed by Harry Shaw; Colonel

Hill, 1921 until his death in 1932; William Rhodes in 1918; the late Bert Powell in 1919 who became a detective; William Wilkinson, promoted to the plain clothes division until his death in 1929;

John Rhodes

John Rhodes in 1920 who rose from an auto mechanic at the station to detective; the late Mrs. Maude Wilkinson, only Negro policewoman; Wilbur Derrick, John Watson, special officers, both are dead; Clarence Harding, 1923-24, patrolman; Louis A. Garland, patrolman in 1924; Ben Rich, 1932, patrolman who succeeded Hill on the detective force, and James Lloyd McGuire, former deputy under the late Sheriff Park S. Findley, in 1933 as patrolman advancing to a detective.

Wholesale Boycott of Negro Students Cripples Theatres, Managers Worried

GREENBORO, N. C., Feb. 17 (A.N.P.)—Retaliating to resolutions passed recently by Southern Theatres, Inc., against colored and white actors appearing in the same films with any semblance of "social equality," students of Greensboro A. and T. and of Bennett colleges five weeks ago launched a boycott of these theatres that is still in existence and gaining momentum.

Southern Theatres, Inc., was incensed over colored actors in "One Mile from Heaven" and the Louis Armstrong-Martha Raye sequence in "Artists and Models" and threatened to boycott Hollywood studios if they continued making "social equality" films. There is no objection, however, to showing Negro actors in musical or unfavorable roles.

Since effects of the student boycott

have been felt, local theatres, the Carolina and the National which have colored balconies, are making special efforts to lure back their former patrons. Handbills have been distributed in the Negro neighborhood hearding the showing of films on an equal social basis and announcing the arrival of "pictures with colored actors."

NO FILIBUSTER HERE

The Senate passed the farm bill this week and no doubt the president will sign it. And while the measure does not seem to be just what the administration wants it accepts that rather than no bill at all.

Some northern and western senators made a determined stand against a provision which permits land taken out of cultivation to reduce cotton acreage to be used to grow vegetation for feeding cattle. This provision puts southern farmers in competition with northern and western farmers in cattle raising but no crop grown by southern farmers can in any manner be jeopardized by northern and western farmers.

Northern and western farmers did not filibuster against the bill and yet it does penalize their constituents. They registered their objections but let the measure come to a vote. That is as things should be. Can't the anti-lynching bill be put on the same basis?

MORE HELP NEEDED

Interracial Sunday was observed generally by the churches in Des Moines. Ministers gave liberally of their time and effort to bring to their congregations an appeal for better racial understanding in America. We believe they are sincere; we believe the congregations recognize the justice of this appeal and want to do something about it.

But recognizing a situation and doing something about it are two entirely different things.

In spite of the splendid work of our interracial movement, it has been difficult to interest the "group which runs the town" in the cause. They express general sympathy and go little further, and while we know that in order to rectify the injustices of which we complain action on their part must be secured. It is much like having two attitudes on religion—one on Sunday and another the remainder of the week.

However, these apparent disinterested attitudes must not deter us from continuing the efforts of interracial movements to make all believers in racial justice doers of racial justice as well.

THE CITY MANAGER VOTE

The vote on the manager plan last week demonstrated that a majority of the people who went to the polls were not willing to change our form of city government at this time.

While many speeches were made pro and con a large portion of the people voted on the basis of issues that did not actually exist or upon which an entirely erroneous conclusion was drawn.

However, the electorate has spoken and it behooves the people to pass on to the next problem, accepting the verdict with good grace as to both the winners and losers.

SELF PRESERVATION

Last week the bankers of Iowa and surrounding states met in Des Moines. Several were asked their opinion of the social security act and whether people should count upon it altogether to care for them in old age.

Each person interviewed said there was no substitute for saving for a rainy day; that there was no guarantee that the law would continue; that whatever amount received would hardly keep a person in reasonable comfort.

Of course bankers would be expected to say this; most rational people will agree with them. And while it is well to have a government which looks after its citizens in time of need self-preservation of the individual is important and the best guarantee against want in old age and illness.

No, Americans do not want to get into their thinking the theory that they must look to the government for everything and take no precaution themselves for the rainy day.

STYLE CHATS

Spring hats to be worn with winter coats are now on parade. And you'll recognize them at a glance because of the wool material, jacquard satin or printed silk, the new movement of the brim and the pastel color. The brims are so interesting! Bonnet brims are squared off at the top and set back ever so far from the face. The Breton brims are ever so high above a low crown... like a big gob's hat. Turbans are twisted casually for height, draped high in front or have small peaks in back. Narrow stripes of gold, light blue or pale pink jersey that you must wrap yourself for style. Berets of pastel felts rise high off the forehead in front and lie flat against the head in back.

Suits are now fashioned to be worn under fur coats and then right on through all the spring. There are light touches on dark; a contrast that is certainly impressive. Saddle stitching appears on several jackets. Wear a pale blue satin blouse with your deep brown suit or a bluish pink or pale café au lait with a black suit.

New bags are new! First the new ginger color... a bright light brown... and goes with every basic color. The shapes are authentic and unusual.

Lincoln Post Given Portrait By Ike Smalls

Lincoln Post No. 126 of the American Legion, had as its guest Tuesday night, Ike Smalls, member of Argonne Post, who was recently cited for the community service award in Des Moines. Mr. Smalls, in appreciation of the support received from Lincoln Post, in response to the presentation by Spencer Elliston, service officer of the post, gave a short talk and presented a most beautiful life-size portrait of Abraham Lincoln to the post. Also he furnished ice cream and cookies for refreshments.

Two framed special certificates of most distinguished service from the National American Legion Commission of the American Legion were presented to the post. The larger award was the first presented, being the first time this certificate has ever been received by Lincoln Post.

Lincoln Post is housed in its new location at 750 Eleventh street, and is making excellent progress in thoroughly equipping the place for complete service.

Sam Roane is commander, Morris DeSlet adjutant, and Oval Carter vice commander. Henry Manuel, east side membership chairman, was commended for his report. About twenty-five members were present. Leland W. Green, publisher of the Iowa Bystander, made a brief talk and accompanied the group at the piano in their closing musical number.

The auxiliary is giving a chattering supper, Saturday evening, February 19 at the Lincoln Post headquarters, 750 Eleventh street, and the commander urged all the members to support it, and extends an invitation to the "public to come and have your supper."

Health Chats

HEALTHFUL LIVING FOR NURSING MOTHERS

The importance of a quiet state of mind for all nursing mothers cannot be over emphasized.

No one thing more completely interferes with the secretion of the milk than an overwrought nervous condition. Further, an overworked mother can not be expected to supply breast milk satisfactory in either quality or quantity. The mother should have pleasant exercise, out-of-door life, pleasure, cheerful society, and should be surrounded as far as possible with things that interest her. She should have at least eight hours sleep at night and an hour's rest during the day. Plenty of fresh air and sunshine are always desirable. A good rule to follow when exercising is to never exercise to the point of exhaustion.

The diet should be nutritious, laxative, and appetizing; shew the food slowly and thoroughly. Constipation should be guarded against carefully by use of laxatives and not cathartics when necessary. A mother following such a plan need not have any apprehension about her milk supply.

Around The World

By Floyd J. Calvin (Only colored journalist listed by Editor & Publisher)

President G. D. Rogers of the National Negro Insurance Association has proclaimed May 9-16 as the second annual Insurance Week, and set a goal of \$20,000,000 for all companies to produce that week. Last year the companies produced \$11,000,000. G. W. Cox of Durham, N. C., is again chairman of the committee.

The 17th annual C. I. A. A. track and field championships are announced for the new Morgan college stadium, Baltimore, on May 14.

The American Teachers Association will cooperate with the N. A. A. C. P. to bring about equality of white and colored salaries. It was announced after an executive committee meeting at Washington last week.

M. E. Dean, county agent of Louisville, Miss., visited 640 farms, terraced 972 acres of land, treated 1,372 head of cattle, etc., according to his '37 report.

Dillard university has received \$30,700 from the General Education Board of New York for developing fine arts and home making in the next three years.

Friday, February 25—West High Junior "Y" Stars vs. Panthers Florsheim Shoes vs. Hasbrouck "Y" Stars Daniel Bros. Comets vs. Raiders St. Paul A. M. E. vs. Corinthian Baptist

LEAGUE STANDINGS

Table with columns: Senior, Junior, G, W, L, Pct. Lists standings for Daniel Bros. Comets, St. Paul A. M. E., Corinthian Baptist, Hasbrouck "Y" Stars, Rockets, Raiders, Florsheim Shoes, All Stars, Daniel Brothers, Hawkeye, Monarchs, Tigers, Buffaloes, Comets.

The Y Stars and Erl Kings didn't play in the feature games as the Rockets and Florsheim Shoe teams took over the spotlight. The Florsheim boys tackled the Butterfly Coffee outfit at East. The Shoe boys got scalded 34-15 in spite of the efforts of everyone around. At West the Rockets lit on the Ankeny Independents and lit right off. The Ankeny boys had a nice ball club and ran over the Rockets 64 to 12. There were no Friday games because of the N. A. A. C. P. rally at St. Paul church.

In the intermediate the Tigers surprised the Buffaloes and snatched a 24-18 win. Daniels Bros. had their hands full to beat the Monarchs 21-9 by a last second basket. The H. I. B's were in hot water with Hawkeyes until Bob White left his job and came to the rescue of his boys. When Bob got through dropping in peak shots things were all right. The Browns dusted the Hawkeyes 26-15.

In the Junior Leagues the Tigers clipped the wings of the Flying Aces 22-1, and the Junior Y Stars corralled another, winning everything with the H. I. B. Juniors 29-17.

The Y Stars got an even break for the week. Wednesday they went to the South Side and grabbed the Leaders. The Stars were hot and led the Leaders in 43-19. Danny Danforth, Kenny Burris and lanky Ay Powell, each got 13 points. Sunday the boys went to the Jewish Community Center and played a team there called the A. Z. A's. As usual the kids messed around and came up way short at the half 20-12. Then they went to town and made a ball game out of it. But it was too late and they lost 25-24.

We haven't heard much of the next Joe Louis title scrap with Nathan Mann. This is supposed to be a tune-up for the grand finale in June with Max Schmeling. Gene Tumey keeps insisting that the German will beat Joe in June. Is Gene merely talking to make our people feel good or is he sincere? Our guess is that Gene's false will be ref'd the morning after the brawl. That is if some young husky doesn't upset the German before June. That is not impossible.

The Golden Gloves boxing tournament at the Shrine Auditorium is on. A lot of young Negroes are in it and next week we shall tell what happened to all of them including Morton Graves who fights in the one at Cedar Rapids. Graves is a finalist.

Rev. Shipman In Plea For Racial Tolerance

By Dorothy Wheels

A strong plea for fairness, tolerance and cooperation in combating the problem of racial differences, was made by the Rev. R. M. Shipman, pastor of Wesley M. E. Church, as the keynote of the interracial services observed in the city Sunday in his address at St. Paul A. M. E. Church Sunday afternoon.

Speaking on the program sponsored by the church relations committee of the Des Moines Interracial Commission, Rev. Shipman quoted H. G. Wells, who said "race prejudice is the greatest single evil in the world today," and stated that other authorities have frankly admitted that they are at a loss just how to proceed in a solution of the problem.

Declaring that "we must work together, think together, and worship together, Rev. Shipman pointed out that "our racial problems can't be solved in a single meeting such as this."

A review of the work and the activities of the women's interracial conference that convened recently in Evanston, Illinois, was given by Mrs. S. Joe Brown, member, women's committee of the Federal Council of Churches.

The program was presented by Mrs. Horace S. Hollingsworth, chairman, whose opening remarks included a brief history and summary of the work done by the commission in Des Moines. Musical numbers were rendered by the East, Des Moines Choral club; community singing was led by Dick Anthens.

Another Reader Pays Compliment

To the Editor of the Bystander.

Dear Sir: Mr. Green deserves much credit for the great improvement in the weekly paper of Des Moines. He has made it interesting by printing the high-light news of the public each week and selling it by the copy. Anyone can find a nickel but anyone can't always find a dollar or more.

"I'll call you tomorrow evening" —A PROMISE YOU CAN KEEP OVER 99% OF THE TIME

When you tell someone you will call by telephone, you just naturally assume that nothing will happen to prevent your call—and there's very little chance that anything will for the average telephone line out of order only once in about two and one-half years.

Testing of telephone lines and all the many parts of telephone equipment is so thorough that now nearly all telephone trouble is stopped before it starts. And when service is interrupted by some unavoidable happening it is restored so promptly that you may never know of the trouble.

Our constant aim is to furnish service which is as free as possible from errors, imperfections and delays... to provide the best possible service at the least cost to the public consistent with fair treatment of employees and the financial safety of the business.
