Young Negro Progressive Club Plans Employment Campaign

One of the most intensive drives ever launched to secure employment for local Negroes will soon be launched by the Young Negro Progressive club, according to the club secretary, Chester Williamson. The club officials realize fully the importance of the move they are undertaking, and are aware of the possibilities of the project doing more harm than good, but they believe that if the drive is properly conducted, there can be no harm in it. As one member of the club stated in the meeting last Sunday, there are countless places in the city where Negroes have never asked for jobs and where they might be given a chance if the proper authorities were contacted. Allen Ashby, club president, and Mr. C. B. Tucker, a member, spoke the following sentiments when they issued the following statement:

We are not foolish enough to go out and wage a campaign to fire

Marriage Julian Steele and Dawes' Niece Has Taken Place

Boston, May 17—(ANP)—Instead of waiting until June, Julian, Deneal Steele and Miss Mary Bradley ("Polly") Dawes, white, are already married, it was announced Wednesday at the office of the bridegroom's attorney. The ceremony, which climaxed an interracial romance that shook New England and resulted in Steele's resignation as director of the Robert Gould Shaw settlement house and Miss Dawes' resignation from an exclusive school in Providence, R. I., where she taught music, was performed at a small church in New York City.

In obtaining a marriage license in New York on May 4th, Steele listed himself as 31, a social worker, and his birthplace as Savannah, Ga. Miss Dawes said she was 30, a teacher, born in Clinton, Mass., the daughter of Fred Dawes and the former Ada Taylor, an Englishwoman. Both gave addresses from near Harlem. Steele, a Harvard graduate, first met his bride when she was a social worker in the settlement house several years ago. Miss Dawes, who attended an exclusive girls' school in Nashville, is socially prominent in New England. She is a niece of Charles Gates Dawes, former Republican vice president, and a descendant of the Dawes who was a colleague of Paul Revere, revolutionary war hero.

The bride's parents were opposed to the match, but there was nothing they could do to stop it. Steele sent in his resignation after his romance became known to the public and officials of the settlement house accepted it, although their action has created considerable resentment. He is of the opinion that the publicity attending his union is "unfortunate and unnecessary."

white workers and replace them with Negroes, but we do not intend to be put off with the usual promise that Negro workers will be given consideration in due time as soon as all the retired white workers have been returned. Neither do we propose to make one visit and let that be our last one. We realize that the only way in which we can get anything for Negroes is by polite and yet being persistent. We intend to spend so much time in the faces of certain committees and boards that they will give us something to get rid of us. We believe this fight is for the young Negro to wage, because we have to be here a long time yet, and we must have our just share of the city's economic benefits if we are to develop into good substantial citizens. We don't think the Negro youth of Des Moines is concerned enough about the seriousness of the unemployment situation here. It is bad enough for the white people, but it is even worse for Negroes, who are getting replaced on the jobs they lose all over the city. This is but a part of the club pledge to work for the political, economic and civic welfare of local Negroes and to take action to carry it out to the letter."

Modernistic Club Plans Girls' Home

The Modernistic club, now in its eighth year of active service in this community and state, announces it plans this week to establish a home for Negro girls. A detailed study of the needs of Negro girls in Polk county has been made for the past year, with special attention given to the pre-delinquent girls. These girls represent a group in need of foster home placement or some adjustment other than an institution. There is no school or home in Polk

Dr. Bayen, Ethiopian To Speak At St. Paul A. M. E. Church

Under the auspices of the Des Moines Council of Churches, Dr. Malaku E. Bayen, formerly personal physician to Emperor Haile Selassie and head of the Ethiopian Red Cross during the recent war between Italy and Ethiopia, will speak Tuesday evening at St. Paul's A. M. E. church, corner Twelfth and Crocker streets, at 7:30 o'clock.

Dr. Bayen will also show two reels of film made in Ethiopia, the first showing the life of the people before the war, and the second showing the havoc of war. These are sound films, and following their showing Dr. Bayen will play Ethiopian music

DR. MALAKU E. BAYEN

on a phonograph. Dr. Bayen was trained in America, being a graduate of Muskingum college, New Concord, Ohio, with a degree in arts, and of Howard university, Washington, D. C., with a degree in medicine. He had personal service at both the north and south fronts during the war, and his report of the warfare is first hand.

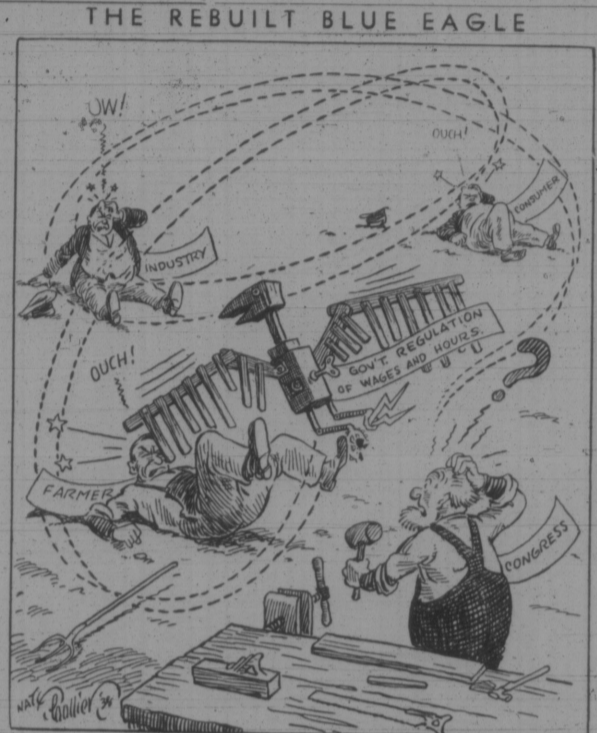

A chorus of voices from the colored churches of the city will sing. Dr. Norman E. Nygaard, president of the Council of Churches, will preside.

county or the state to which Negro girls can be sent whose return is not one that merits commitment to the Girls' Training School at Mitchellville, St. Monica's school for girls on Park avenue, financed by the Community chest, represents a home of this type, where girls live in a cultural environment, where patience is exercised in their process of adjustment. These girls attend the city schools. BUT—

This home does not accept Negro girls. For the past few years the Modernistic club has devoted much time, effort and money to a definite social service program. Year round contacts with the Negro girls at the Girls' Training School, adoption of needy families recommended by the probation officer of the juvenile court, distribution of clothing—these activities represent a part of the work the club has been doing.

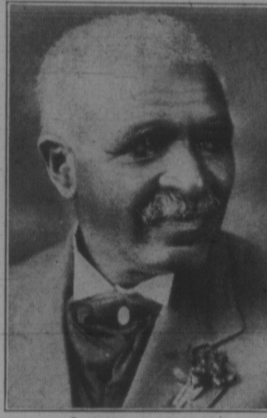

Judge Favors Plan The plan has been discussed with and has the hearty endorsement of Judge Joseph E. Moyar and Cleo H. Devine, chief probation officer of the juvenile court, both of whom have offered any assistance in perfecting plans or carrying out the project.

The Modernistic club hopes for the support, not only of the club women, but all the citizens of the state, in achieving their goal. Mrs. Mary Ritchey is serving as president of the club. The members of the project committee are: Mrs. Adela McGuire, chairman; Mesdames Mary Hardaway, Gladys Carter, Agnes Matthews and Helen Beshears.

Dr. Carver On Plant Life Broadcast

While a family eats a dinner consisting of a menu from "soups to nuts," grown in gardens, fields and orchards, the lives of two American horticulturists will be dramatized

Dr. George W. Carver

Sunday afternoon, May 22. The program will be broadcast on the Smithsonian Institution radio series, "World Is Yours," over fifty-seven stations of the NBC network at 3:30 EST.

The contribution of Dr. George W. Carver of Tuskegee Institute, who gave distinction to the peanut, proving not only a benefactor to his own race but to mankind, will be dramatized along with Luther Burbank, the "wizard of plant life."

Dr. Carver developed the peanut until it could be raised for commerce on a large scale and thousands of small farmers throughout the south now grow peanuts as the result of his experiments. Once chiefly used to fatten hogs and later for association with circuses and fairs, there are now more than 300 uses of the peanut.

Southern Share-Cropper Has Lowest Income

Washington, D. C., May 18—(ANP)—In its survey of family income for farm families the U. S. Bureau of Home Economics summary for the southeast region gives comparisons between Negro and white sharecropper families in four states: Georgia, Mississippi, North Carolina

Negro Center Will Sponsor Extravaganza

The Negro Community Center, 907 Fifteenth street, will present a spring extravaganza Thursday evening, May 26th, at 8:15 p. m., at the Jewish Community Center auditorium. An operetta, "The Wedding of the Flowers," will be presented, under the direction of Mrs. Ardella Watkins, assisted by Miss Jean Morris, who will have charge of the costumes. The music for the operetta will be under the direction of Mrs. Joburness Kelso. Little Billie Wilkison, baby daughter of Mr. and Mrs. Harold Wilkison, and Frank "Toby" Robinson, young son of Mr. and Mrs. Frank Robinson, are cast as the bride and groom, respectively, together with a cast of seventy-five other children.

A supporting cast, including an adult chorus, directed by Mrs. Joburness Kelso, will feature Mesdames Gertrude Carl, Lona Windsor, Josephine Woodson, Elizabeth Wilton, Misses Dora Elva Mackay, Geraldine Green and Messrs James Rhodes, Colin Seales, Charles Woods, William Williams and Clarence Adams.

A tap dance ensemble of twelve, headed by Miss George Edmunds, will perform.

Miss Bernita Washington, Margaret Williams, Clementine Nichols and Ellen Strothers, members of the H. Q. B. club, will take parts in a one act comedy play, entitled, "Sparkin'." The musical repertoire will include classical and popular numbers. Funds raised will be used to finance the summer camp held annually at the Negro Community Center.

The figures indicate the close similarity of economic status between the two racial groups on the lowest rungs of the agricultural ladder. In combining the state results, Farm Research finds that the cash income of the Negro sharecropper families studied in the thirteen counties covered was \$294.25, while white sharecropper families in twenty-two counties sampled averaged \$350.50 per family. Relief family incomes were not analyzed and hence are not included.

Conditions were found to be worst in Georgia. Money farm incomes averaged \$171 per family in the case of white sharecroppers and \$163 in the case of Negroes. An additional \$32 and \$22 respectively came from non-farm sources, indicating practically no opportunity to supplement

CAPACITY AUDIENCE BIDS SINGER BON VOYAGE

New York, May 18—(By Carl Dittler for ANP)—Carnegie hall was again taxed to its capacity last week when it greeted Marian Anderson, contralto, in her final concert of the season. The recital was a typical one, and held the interest of the vast audience from the astonishing long-sustained opening note of Handel's "Elegance" to her last encore in Spanish.

The audience was treated to "Der Tod und Das Maedchen" and "Ave Maria," both by Schubert, two numbers that have made Miss Anderson internationally famous. And in the concluding phrases of Grieg's much sung "I Love Thee," the singer lifted the number far above the ordinary interpretation. There were the usual encores enhanced by the well known "Comin' Thru the Rye" and Kosti Vehanen Provided, beside her customarily careful accompaniments, a new song outside of the Finnish folk song idiom, "A Deserted Street."

Resent Unemployment Negro District

Dayton, O., May 17—(By Juanita Jackson for ANP)—Members of Dayton Negro Youth Movement are facing armed opposition in their attempt to secure employment by picketing those stores in Negro neighborhoods which refuse to employ Negro clerks.

Two weeks ago, Monday, April 25, the organization, after having gathered data about the volume of trade in the grocery stores in Negro neighborhoods, approached the proprietors asking for the employment of Negro clerks. The proprietors of some of the stores agreed to employ Negro clerks, and forthwith ten young Negroes were employed in various stores. The organization has checked to see that these clerks are paid the minimum wages complying with the Ohio state wage laws.

Some Meet Demand But the proprietors of the Velvet Ice Cream Parlors, Fifth and Williams streets; Blaine's Market, Fifth and Hawthorne streets, and Est-ridge's Market, corner of German-town and Adelita streets, refused point blank. Two pickets were assigned to each store and a boycott was started on Tuesday, April 26. After a day and a half of picketing, Velvet Ice Cream capitulated, hiring a Negro clerk. This was shortly followed by Blaine's Market. And signs were posted in these stores, reading, "This Store Co-Operates With the Dayton Youth Movement. We Employ Negro Clerks."

When Edwin Buckner, president of the Dayton Youth Movement, went into the store with a committee to see if the proprietors were ready to conciliate, they were forced to leave at the point of guns. Mr. Buckner tried to get warrants out against these men for carrying concealed weapons, but Prosecutor Kruse refused to issue warrants. Emboldened by what they believed to be the backing of the police, the employes have continued to carry their rifles and guns openly.

Seek Protection The Dayton Interracial Committee, of which Atty. Brice is chairman, has sought protection for the picketers, and brought pressure to bear on the police officials. As a result Frank Esters was picked up April 30 on the charge of carrying concealed weapons, reprimanded and turned loose.

In the meantime the picketers are continuing their activities. The Est-ridge's Market usually employs seven clerks on Saturdays and does a rushing business. Last Saturday, May 7th, there were only four clerks and few customers. However, it is reported that acid has been sprinkled on the sidewalk to burn the shoe soles of the picketers in a further attempt to break the boycott.

The Dayton Youth Movement was organized in October, 1937, by sixty-five young voters from 21 to 30 years of age, for the purpose of doing something about the racial discrimination in Dayton. For in Dayton, although there are 25,000 Negroes in a total population of 250,000, there are no colored policemen; no adequate street lighting on the West Side where Negroes live; no colored managers or clerks in chain stores; although there is a civil rights statute in Ohio, Negroes are not allowed in theatres and restaurants; only unskilled jobs and menial positions are available in the factories (General Motors, National Cash Register, Malleable Iron Works, J. H. & R. Foundries, etc.).

Des Moines' Branch NAACP Launches Membership Drive

At the regular monthly meeting May 12th the annual membership drive of the Des Moines Branch, N. A. A. C. P., was launched. Similar to the method used last year, Mrs.

F. O. MORROW, President

Lillian Seales, chairman of the membership committee, secured the adoption of a plan which will not only aid greatly in increasing the membership, but will also assure at least one delegate to the national convention, which meets in Columbus, Ohio, next month.

Mrs. John M. Estes and Mrs. James R. Morris have been chosen as the two contestants in the campaign, the one receiving the largest number of members will be given a trip to the convention free with expenses paid and the second contestant will receive half of the expense.

Already considerable interest is being displayed in the campaign and indications point to a bigger membership than that received last year. The drive opened officially on May 13th and will close June 15th with a mass meeting, plans for which have not been announced.

F. O. Morrow is president of the organization and he, in addition to all members of the board, are assisting in the drive.

farm income by other kinds of work. 67 per cent of the white families and 87 per cent of the Negro families received less than \$750 gross income. None of the Negro families earned as much as \$1,000 from all sources. Families in each group averaged 5.4 persons. Of the white families 11 per cent were on relief and of the Negro families 5 per cent.

CLEVELAND DENTISTS HIT Y. M. C. A. SECRETARY FOR PATRONIZING WHITE

Cleveland, May 11—(ANP)—Because his wife, Mrs. Della S. Frye, patronized white dentists to the exclusion of her own group, Capt. Charles Frye, executive secretary of the Cedar branch Y. M. C. A., has incurred the wrath of the Forest City Dental Association, which has met monthly at the Y. M. C. A. for two years. It is understood his removal will be asked.

The association said that while little is cared who either Capt. or Mrs. Frye selected for their own personal professional work, it has reason to fear that "their prominent contact with the public and the youthful personnel of the Cedar Y. is detrimental to the interest of Negro professional men, since it follows that these leaders are unlikely to recommend their own group if they themselves are unwilling to patronize them," and further pointed out...

INFANTILE PARALYSIS VERSUS CHILDHOOD DISEASES

Infantile paralysis is a very dangerous disease. The patient becomes very sick and may die; if he lives there is a possibility he may be crippled for life. Because of this people fear this disease more than any. One is justified in being fearful of this disease, but there are other common childhood diseases that cause even more human damage and yet the parent is not very much alarmed. Measles, whooping cough and scarlet fever are all very dangerous diseases if not treated properly. Measles is capable of leaving the young ones maimed for life and should not be considered a harmless disease. Whooping cough can so weaken the little patient that he becomes a victim of many serious complications. Scarlet fever frequently leaves a damaged heart or kidneys that may never be completely cured. Re-education of affected limbs in infantile paralysis is possible, but hearts damaged by scarlet fever are not so amenable to treatment.

We ran into George Bourland the other day and he was frothing at the mouth. His gymnasium which he opened for boys to work out in doesn't seem to take with the Negro boys, George informs us. The place is getting some nice breaks in the daily papers, and the boys should take advantage of the chance to work out in a modern gym.

METHODIST UNION UPHOLD BY COUNCIL RACIALISTS BEATEN

Birmingham, Ala., May 11—(ANP)—In defiance of rabid-race hatred incitement and threats of "secession," the judicial council of the Methodist Episcopal church south ruled valid this week a conference-approved plan for the union of the whole denomination in the United States, split into northern and southern divisions by the slavery dispute prior to the civil war. The opponents of unification, defeated at the quadriennial general conference of the church, held in this city last week, had appealed to the nine-man judicial council, on the grounds that unification will change the Southern Methodist Articles of Religion and open the church to Negro membership. The decision of the council was unanimous. The action opened the way for uniting about 8,000,000 members in the Methodist church. The Methodist Episcopal church (northern) and Methodist Protestant churches previously had sanctified unification.

LA PARISIENNE CLUB HISTORY

By Veltreia C. Thompson Seven young women organized the La Parisienne club on Friday, July 8, 1935. Of these seven, three are still active in the present maneuvers of the organization, Mamie Childs, Maxine Smith and Veltreia C. Thompson.

The purpose originally was to establish a pleasure club, but was later expanded to help as many as possible of those less fortunate. In 1936 one boy and one girl were given trips to the Y camps near Boone, Iowa, with all expenses paid. The following year this number was doubled, respectively. In the meantime infant showers were given and baskets were distributed.

During this period the membership gradually increased. Meetings are held weekly, meeting alphabetically, and dues are ten cents a week. Usual club procedure of business is followed. The remainder of the evening is spent as a social hour or guest speakers are invited to enlighten the members on topics of the day. It is also the endeavor of the club to hold an annual ball each year.

For the past three years the La Parisienne club has been a member of the Iowa Federation of Colored Women's clubs. The club has readily held its own in all activities. The City Federation has gladly given this group of young women a name place in all popularity contests. They have always been among the leaders in each annual carnival.

For the past two years a seat has been reserved for a delegate of the La Parisienne club at the State Federation. The offices of chairman of health and home economics were given each delegate, respective of the year in attendance. At both meetings dues were paid the national association. Mary Ruth Danforth is president and Maxine Smith, secretary.

Asks Race Solidarity

In attempting to treat this subject, I may say, for common understanding, the subject suggests the solidifying of our thoughts; our actions and our purposes for the good of the whole race. We hear much these days about the Negro getting a vision. This applies only to the young, for old men dream dreams, and the young see visions. When we as a race begin to think in terms for the good of the whole, we shall then begin the solution for the uplift of ourselves as a whole. We have too long tried to solve our problems by groups, by societies and classes. The program of life should be mapped out as a cover-all for us as a people. Our Lord and Saviour Jesus Christ had a program that had no respect for persons. It included all. The tendency of the Negro to lift himself above his fellowman and to ignore him, pass him up, and pass him by, has brought about a problem that is difficult to solve. I know no better way than TO LIFT AS WE RISE. We find that it is better for all to rise than it is for some to fall. The Negro that lives to himself is like the snail; he dies to himself, unwept and unremembered. Nobody sees his worth but himself. The community in which he lives knows nothing about him; sees nothing about him; hears nothing about him, and in fact cares nothing about him. His life has been that of a RECEIVER and not that of a GIVER. The Lord has promised nothing to the RECEIVER, but has said, "BLESSED ARE THE CHEERFUL GIVERS." Be assured, unless you put something into the community, the community will have nothing to give YOU. The problem of race solidarity is all our problem, and no one is excluded. Every little bit added to what we have gives us a little more than what we had. THINK ON THESE THINGS. Rev. Jordan W. Tutt, Pastor, Mt. Hebron Baptist Church

ASK SUPPORT FOR GREENWALT

Character and efficiency should be required of a man before he is considered for public office and the voters should consider carefully the former actions and procedure of those seeking the vote of the people.

It is with these facts in mind that the friends of G. C. Greenwalt are earnestly presenting his name for the Republican nomination for county treasurer. They know that he took over the office by appointment of the board of supervisors under difficult circumstances. Out of this chaotic condition Mr. Greenwalt has evolved a smoothly operating organization, giving splendid service to the public.

Mr. Greenwalt's record merits the consideration of the voters and I am certain that if he is renominated and elected the office will continue to operate on an efficient basis.

MAX POSITIVE HE CAN WHIP JOE

Beilin, May 11--(ANP)--Max Schmeling is absolutely positive he can whip Champion Joe Louis and thereby become the first heavyweight in history to regain the title when they fight in New York next month. The German, who was exceedingly impressive when he knocked out Steve Dudas last month in the last of his tune-up bouts, said: "I believe I can lick Joe Louis again and there are two reasons why I think so. In the first place, I'm in the best form of my life. I'm in much better form than I was when I beat him the first time. That time I had only one fight in a year. This

That sort of thing gives you confidence. Don't forget that when I beat him before Joe was regarded as unbeatable and I was just the 'sure next victim.' That's something you've got to take into consideration."

NATIONAL MEDICAL ASSOCIATION HEAD ADDRESSES MEDICALS OF SOUTH CAROLINA

Deplores Shortage of Medical, Dental and Pharmacy Graduates. Columbia, S. C., May 11--(ANP) Addressing the forty-second annual session of the Palmetto Medical association here last Wednesday, Dr. Lyndon M. Hill, president of the National Medical Association, advised his fellow doctors to become more interested in the civic and economic life of their communities and to encourage qualified youths to prepare for the medical profession. He declared:

"First in importance is the shortage of graduates from accredited medical, dental and pharmaceutical colleges. During the past year there were approximately 18 medical graduates and about fourteen graduates in dentistry of our group from all the accredited colleges of the country. These figures sound a signal warning in view of the following facts: In my own state—Georgia—there is a Negro population of about one million, yet there are only 193 Negro physicians and fifty-nine dentists. This means that there is only one physician to every 5,500 of the Negro population; and one Negro dentist to every 18,000 of the Negro population. In Alabama the Negro population is almost one million, but there are only 116 physicians, or approximately one to every 8,000 of the Negro population; there are only forty-five dentists, or about one to every 20,000 of the Negro population. Thus we can readily see why there is such a high mortality rate among our rural people.

Keep your kidneys free from waste matter, poisons and acid, and put healthy activity into kidneys and bladder and you'll live a healthier, happier and longer life. One most efficient and harmless way to do this is to get from your druggist a 35-cent box of Gold Medal Haarlem Oil Capsules and take them as directed—the swift results will surprise you. Besides getting up nights, some symptoms of kidney trouble are backache, moist palms, leg cramps, and puffy eyes. If you want real results, be sure to get GOLD MEDAL—the original and genuine—a grand kidney stimulant and diuretic—right from Haarlem in Holland. Give your kidneys a good cleaning once in a while.

cial delegates and nearly 1,000 interested observers present at the two day session, the New England Conference of Colored Youth ended last Sunday night at Everett school as the largest non-political, non-religious gathering of young-people here in a decade.

The youths voted to organize the working people of their respective communities into trade unions, to organize the unemployed and seek the aid of churches in promoting their economic betterment. They favored political office and to support white progressive candidates whose records show they have the interest of the race at heart.
