From these groups have come some of the state's most versatile singers and Mr. Barker has done a fine job in developing this talent in school girls. He is a vocalist of note and is fast developing into a very competent director and trainer.

Lynching Simply Local Murder Says Atty. General

New York, Aug. 10—In reply to a letter sent him by Representative Ludlow, July 15th, urging that the department of justice draft "a plan of legislation to suppress this awful crime" and have it "ready for presentation to congress when it reconvenes in January," Attorney General Homer S. Cummings, in a letter dated July 22, denied that lynching could be considered a federal crime, saying:

"In almost every instance it is, like any other murder, entirely local and has no interstate aspects whatsoever."

Representative Ludlow of Indiana

"With all due respect for your mastery of the law, I doubt whether your definition of lynching, in which you place that crime in the same category as an ordinary murder, is an accurate description of the nature and quality of the crime of lynching. A murder is a local crime, properly punishable by the laws of the state.

"A lynching, whether it occurs in Indiana or in Mississippi (and the worst lynching I ever knew occurred in Indiana) is an ugly, diabolical crime against the nation. A lynching is a mass insurrection against law and order and therefore a violation of the constitution under which the federal government was ordained and created, among other things, "to insure domestic tranquillity."

TEACH SWIMMING

Courtesy Register-Tribune

Forming the instructional force under the direction of the Red Cross-Des Moines park board swimming program at Good park pool are (left to right) Elbert Webb and Frank Robinson, said to be the only two Negroes in the United States with the rating of Red Cross life saving examiners, and Arnold Wiley.

Webb, Robinson Only Two Negroes In U. S. To Win Red Cross Examiners Rating

Recently Frank Robinson, 27, and Elbert Webb, also 27, received the rating of Red Cross life saving examiners, the highest rating that can be conferred by the Red Cross for this branch of their vast program. The two young men took their examination last summer from the St. Louis office and were qualified and appointed by this office.

Miss Green, Red Cross Executive, Says

According to information from Red Cross headquarters, Mr. Robinson and Mr. Webb are the only two Negroes in the United States with this superior rating. In addition to the many receiving swimming instructions in the regular classes at Good park pool, the Red Cross executive secretary, Miss Green said, some thirty Negroes are being instructed as senior Red Cross life savers.

Won Contest at Iowa City

Frank Robinson, since the early age of seven years, has been an excellent swimmer. In 1929 he won the intra-mural breast stroke at Iowa City. He also succeeded in winning a swimming and life saving merit badge in a swimming, meet contest of the Boy Scouts.

Track and Football Hero

Beginning his swimming career at the early age of seven years, Elbert Webb is considered tops in this sport.

While a student at North High school fans will remember Webb as a track and football hero in '29 and '30.

Arnold Wiley, who is a sophomore at Iowa State college at Ames, Iowa, received a rating as senior life saver. During the summer months he assists with the life saving at the park swimming pool.

Webb and Robinson are the regular life guards.

Beginning of Good Park Pool

Few people will recall that Lincoln post, No. 126, American Legion, had much to do with the beginning of this fine pool. The efforts which preceeded the establishment and construction of the present pool spanned several years and necessitated persistent concentration upon its necessity. Its extensive use by Negro and white proves that it has made a definite contribution to the better life of the community. Mr. Robinson said that this year's enrollment is the largest of any previous year. Fifty adults, mostly women, are enrolled in the swimming classes—thirty in the life saving class and one hundred in the beginners' class, which is held on Monday and Friday mornings. Swimming and life saving classes are held Tuesday and Friday evenings.

PUT NEGROES ON WAGE-HOUR BOARDS, SAYS N. A. A. C. P.

New York, Aug. 10—Appointment of colored people to the national and local administrative boards which will be set up to administer wages and hours bill passed at the last session of congress was urged upon F. M. F. Andrews, recently appointed national administrator of the law by President Roosevelt, by the N. A. A. C. P. here this week.

In a letter addressed to Andrews, former New York state commissioner of labor, William Pickens, director of branches for the association, said:

"If these colored workers are to be included, for the sake of the entire program, some special attention will have to be given to the local administration of that law in the ex-slave states."

"We should start," he advised the administrator, "by setting them a good example; by putting Negroes on local administration in the administration of that law. Then we should require that local administration include Negro workers on the basis of their percentage of the whole number of workers."

Shiloh Baptist Church Honors Rev. J. L. Lucas, Pastor For Twelve Years

In recognition of twelve years of faithful service as pastor of the New Shiloh Baptist church, Rev. J. L. Lucas was feted at a banquet at the Union Park banquet hall Monday night, August 1. GOP Program Committee Meets In Chicago

Chicago, Aug. 10—(ANP)—A feature of last week's meeting here of the Republican program committee was the speech, "Politics and Rackets," delivered at Thorne hall, Northwestern university, by Francis E. Rivers of New York City, assistant to Dist. Atty. Thomas E. Dewey, who in prosecuting Manhattan racketeers has obtained seventy-two convictions and seventy-three indictments.

He said, "It would seem that the main essential for breaking the grip of rackets and politics on our large cities is to get in the office of prosecutor an unbossed person who is more than honest, courageous and able. In short, the ability to confront the ruthless and efficient machine that commits crime with a relentless and efficient machine that detects and punishes crime. To elect to office such a person as prosecutor in a city calls for true high-mindedness on the part of political parties."

"A high measure of the devotion and patriotism of a national political party is its willingness to extend all possible aid to end the alliance of politics and crime."

Colored members of the Republican program committee who attended the meeting and round table discussion were Dr. Carl G. Roberts, Chicago; J. Walter Willis, Cleveland, O.; Mrs. S. Joe Brown, Des Moines; Fred L. Roberts, Los Angeles; Bishop David H. Sims, Philadelphia; Joseph S. Mitchell, Boston; G. I. Johnson, Chicago; Patrick B. Prescott, Chicago; Mrs. Sarah Pelham Speaks, New York; Senator William E. King, Chicago, and Francis E. Rivers, New York.

to attain this high-scholastic honor, is now considering offers of jobs for the coming scholastic year. A graduate of Howard university before taking added study at California, Dr. Goodlett said in June:

"Negro institutions are better prepared to supply Negro youth with prerequisites for a life of usefulness than are white because of the tendency to develop an indefinite belief in their powers."

Dr. Goodlett is also a member of Kappa Alpha Psi fraternity.

UNFORTUNATE POLITICAL CASUALTIES

Representative Maury Maverick of Texas, leader of a New Deal bloc in congress, was defeated for re-nomination in the Texas Democratic primaries. It will be recalled that in spite of the fact that he comes from Texas, he voted for the anti-lynching bill at the last session of congress. Before casting his vote, Representative Maverick said that while he would get no Negro votes—and Negroes are barred from the Democratic primaries in Texas—he supported the bill purely because he thought it the right thing to do.

William Dodd, Jr., of Virginia, running as a New Dealer for congress, said during his campaign that he would vote for an anti-lynching bill should he be elected to congress. Dodd was defeated.

These were bold stands to take in southern communities. And while these men were defeated, it marks a new day when a southern politician is willing to tell the constituents that he believes in a fair deal for Negroes. Others will do it and as the numbers increase, constituents will think they are not harmful to that cause and will elect them to office. While it was unfortunate that these brave chaps were defeated, somebody must be the martyr for the cause and it might as well have been them as anyone else.

THE WRONG WAY

Some of President Roosevelt's critics make a lot of noise about the strong support Negroes gave him in past elections and credit that support to relief checks entirely. Of course relief checks do count heavily, whether given to farmers, Negroes or whites who happen to be stranded and are forced on relief. Right or wrong, the receipt of these checks are credited to Roosevelt and they like him for it.

But these people overlook some of the good things President Roosevelt has done for Negroes and a good many like him for that—even the intelligent Negro.

Recently a Negro teacher was added to the teaching force in New Rochelle, New York, something that had never happened before; something we don't have here. Mrs. Roosevelt sent the board of education a letter congratulating it upon the appointment. While Mrs. Roosevelt had nothing to do with placing this teacher, the fact that she was broadminded enough to say publicly that she approved the action is bound to raise the Roosevelt in the estimation of the Negroes.

Jabbing at the Roosevelts for doing big things for the Negro gets his critics nothing. The Negro is human and will be forever sticking with the fellow who helps him. On the other hand, if the opponents of the Roosevelts hope to make any substantial progress toward winning back their Negro supporters they must be willing and actually do some of these fine things too.

The old adage that "talk is cheap, but it takes money to buy land," hold good here. Negroes want less talk and more performances from those who expect them to support their cause.

When fire breaks out it pays to localize it. Much can be saved by prompt decisive action.

South Carolina Governor Restricts Primary To Whites

Columbia, S. C., Aug. 10—(ANP)—In a statement issued last Tuesday by Governor Olin Johnston, voters in the August Democratic primary will be restricted to whites.

Explaining the lily-white "amendment" of South Carolina Democrats, Governor Johnston said: "Inasmuch as these changes in our rules have definitely eliminated even the possibility of Negroes voting in the primary elections of South Carolina any further mention of the Negro question by any candidate only serves to show that he is endeavoring to evade the real issues of the campaign and appeal to the ignorance, the prejudices and the emotions, rather than to the intelligence of the people of South Carolina."

Amusement Zone Of New York Fair Biggest in History

NEW YORK (Special)—An amusement zone designed to accommodate at one time the entire population of cities the size of Akron, Atlanta, Birmingham, Dallas, Denver or St. Paul will greet the millions of visitors to the New York World's Fair 1939, Grover A. Whalen, president of the Fair corporation, announced.

By far the largest entertainment structure ever constructed, it will contain enough shows, devices, restaurants, villages, shaded rest spots, secondary streets and plazas to handle more than 250,000 fun-seekers.

One huge theater-restaurant alone will have seats for 5,000. Another music auditorium will seat 2,500. An amphitheater to contain huge crowds will be built by the state of New York at a cost of \$1,600,000; erected at the head of one of the lakes it will be the scene of operas, aquatic exhibitions, pageants and other extravaganzas.

The visitor to the Fair will walk about two miles merely to pass through the amusement section which will be laid out in the form of an oval loop with no "dead end" streets.

The 230-acre tract will be divided into at least thirteen villages or zones and every concession will conform in design and atmosphere to the particular zone in which it is located.

An example will be the "Little Old New York" village, where the theater will be a replica of the famous old Park theater, the principal cafe will duplicate Steve Brodie's saloon and the attendants will dress in character. All architecture will be attuned to that picturesque period. Admission to the zones will be free.

Tennis

Chet Williamson, Bill Ashby and your humble servant, fresh from our own city meet, made our annual journey to the Missouri Valley Tennis tournament at Kansas City last week. We had some luck and either our tennis has improved a lot in five years or the boys have gone back, for we held our own with the K. C. men. The semi-finals saw Charles Graham of Tulsa, Oklahoma, former champion; Richard Hudlin of St. Louis, Richard Coen of Denver, the winner, and Earl Ross of Kansas City.

Williamson got his in the third round, losing to Leo Kerford, University of Iowa student, who hails from Atchison, Kansas. Kerford simply played too many soft shots and Chet couldn't do much about it. Bill came within a couple of sideline shots of being a semi-finalist. After playing spotty tennis all week in our own meet, Bill gave Earl Ross, the K. C. champ, a strenuous two hours

NEW YORK (Special)—A tribute to the constitutional right of freedom of worship will have a prominent part in the statutory to be placed upon the 360,000,000 Central Mall of the New York World's Fair 1939; Grover A. Whalen, president of the Fair corporation, announced.

Part of a group known as "The Four Freedoms," the statue will depict a chaste, young girl, her face raised to the skies, holding a prayerbook in her hands. On the base of the statue, a number of churches of various denominations will signify that freedom of religion in this country is not confined to any one sect or creed.

before going out in the third round. Your writer had the marathon match of the meet, keeping a past ball king on the court two and one-half hours before the boy would give up. The next round we ran into John Taylor, third ranking K. C. man, and left the singles competition.

Chet and yours truly ran into Coen and Hudlin, number one Valley team, in doubles, and there wasn't much we could do about it. The trip was a huge success for us, because we played better tennis as a group and because of the fine hospitality of Charles Gates, Kansas City Tennis club prexy, and Carl Chandler, whose house guests we were. Melvin Overton, formerly of this city, did his bit in making us feel at home also.

In winning the men's singles, Coen impressed us as being the finest Negro tennis player we have ever seen. Graham, a fine player, was helpless before the steams of shots of all sorts that came over the net and were backed by a marvelous net game. Incidentally Bill won praise for his fine net play against Ross.

We would have liked to see what our champions could have done in their respective divisions, our two girl finalists, Lois Mann and Lorraine Spott. They could have advanced quite a distance in the women's singles. Paul Williams might have won the junior division and either Lonnie Howard or Langston Hardaway would have been trouble in the boys' meet. Looks as if our tennis is getting better.

BEAUTY AND ROMANCE

SPONSORED BY LARIEUSE BEAUTY FOUNDATION

The Larieuse Beauty Foundation was established by the Godefrey Manufacturing Company to study methods of preserving women's natural beauty, and to make the results of this research available to the public.

So many of us give hours of careful attention to our complexions and completely ignore the frame that sets off that complexion—our hair. No matter how lovely the face, hair that is dried out, streaked or too oily will mar the effect. Summer is the hardest season on the hair. Most of us neglect to take proper precautions against sun and wind. We go without hats and sit for hours in the broiling sun, and then are distressed to find our hair parched and streaked.

The hair should be washed more often in warm weather than in cool. Just because you have your hair washed regularly once a week or once every two weeks during the winter doesn't mean that the same rule should hold during the summer. Simple hot oil shampoos or oil treatments are invaluable during the summer to counteract the drying effects of the sun. However, streaked appearance of the hair brought on by over-exposure to the sun may require the use of a wise selection of hair coloring. For hair thus streaked an all-over application of coloring, matched with your original shade, will give a uniform effect.

Gray or graying hair, of course, can be colored by touching up only the gray strands; although it is usually wise to apply the first application uniformly over the head. After that you need only touch up the part nearest the scalp as the graying grows in, since the hair, as you know, grows from the scalp, not from the ends. It's as simple as that and well worth your while.

Be sure to brush your hair regularly. Why not arrange a set routine and stick to it? Pick out the most convenient time of day to brush your hair and the best day of the week to have it washed. In that way you are less likely to put it off as long as possible and in the end neglect the important hundred strokes of the brush. Nothing gives the hair a more gleaming, burnished look than regular brushing. Brushing removes accumulated dust and grime from the hair and stimulates the circulation. Be sure, however, to keep your brushes and combs immaculately clean.

And don't forget the ounce of prevention. Keep a hat or some protective covering on your hair when you are in the sun.

These are all simple suggestions, but if you follow them they will reward you with a shining "Crown of Glory."

What are your beauty problems? Write Marie Downing, Larieuse Beauty Foundation, Room 607—511 Locust St., St. Louis, Mo., and she will be glad to answer them. Be sure to enclose a self-addressed stamped envelope.

CROCKER "Y"

With the camp registration card showing over ninety boys and leaders registered for the twentieth anniversary Crocker "Y" period August 15th to 22nd, veteran campers are coming in daily to reserve a place for themselves in this popular period. During the few remaining days before the opening of the camp, last week entries are expected to approach and perhaps break the record total of last year.

One of the Finest Camps

The entire facilities of the Des Moines "Y" camp, situated six miles

northwest of Boone, Iowa, on the Des Moines river, will be turned over to the directors and campers of this period. This camp, ranked as one of the five finest boys' camps in America, has everything to gladden the heart of a real boy. Its splendid athletic equipment is complete in every detail and covers a wide range of sports and games.

Thirty-three permanent buildings house every form of indoor activity, including the spacious Chase lodge, dining hall, bathhouse, eighteen cabins that serve as homes for the campers, first aid, director's, nature lore and the craft cabins. A large

outdoor swimming pool with crystal clear water constantly filtered and tested, rifle and archery ranges, four well conditioned tennis courts, basketball and volleyball courts, and the new shower house in the cabin area, all add to the enjoyment and experiences of the happy boys.

The Des Moines "Y" camp, which is considered one of the finest athletic camps in the country, has for years been a magnet for high school and college athletes as a conditioner for the coming school season. A large number of local and out of

SAME OLD JACK-IN-THE-BOX

town fellows are registering for this period to make use of the extensive equipment and facilities.

Camp Pow Wow

The annual Camp Pow Wow for boys going to camp this year will be held at "Y" on Friday evening, beginning at 8:00 p. m. A program of camp songs, movies, information and refreshments will be presented.

Cedar Rapids Boxing Team

A return appearance of the Cedar Rapids boxing team, managed by Art Taylor, recreational director, will be the attraction on Friday night.

The visiting contingent will consist of the champions of eight divisions, three of whom fought on their first trip to the city two years ago. Coach Taylor states that he believes the group of boys he is bringing this week will improve on their showing the last time, and is conducting a series of elimination bouts to ascertain the most representative boys in each division. Boys already selected for the team are: Sonny Washington, 118 pounds; Amity

Blakey, 126 pounds; Herman Howard, 130 pounds; Harold Briggs, 140 pounds; Robert Johnson, 145 pounds, and Earl Carr, 147 pounds.

The local team will be chosen from boxers who have appeared on the programs presented earlier in the season and will be under the direction of Allen Ashby and Dolphus Lawson. Four or five supporting bouts will precede the team matches. There will be a slight advance in admission for this one night.

Uncle Sam's "Peace Table" at New York World's Fair 1939

NEW YORK (Special)—Giant steamshovels are tearing away at the soil and hundreds of men are working on the \$3,000,000 Federal Area for the New York World's Fair where Uncle Sam will preside, figuratively, at a 1939 world peace table that is expected to have a lasting beneficial effect upon international relations.

Uncle Sam will be represented by a huge Federal Building which will be placed at the head of a Hall of Nations, where foreign countries, 64 of which have agreed to participate, will show their official exhibits at the Fair. All the buildings will be grouped

New York Fair To Honor Press

NEW YORK (Special)—To remind millions of visitors to the New York World's Fair 1939 that freedom of the press has helped preserve the democratic form of our government, a statue dedicated to that constitutional liberty will be erected on the \$80,000,000 Central Mall, Grover A. Whalen, president of the Fair corporation, announces. The statue will depict a partially nude woman, representing "the unadorned truth," watching the passing show of world events and recording history day-by-day. A tribute to the moral standard of the press as a whole is contained in the subordinate figure of a child reading a newspaper. Freedom of religion, speech and assembly will be combined with freedom of press to suggest that these four factors are the cornerstone of democratic government.

OBITUARY

As a ray of sunshine, God sent Carolyn Hall into the home of Mr. and Mrs. Carroll Hall, February 3, 1938. After five months and ten days of sunshine, God in His all-wise and infinite mercy saw fit to call little Carolyn to a brighter land where there is always sunshine and gladness. We had just gotten used to her sweet little cooing voice, but it is stilled now. We are hoping to see little Carolyn again. Mourning her loss are her parents, Mr. and Mrs. Carroll Hall; grandparents, Mr. and Mrs. Arthur Black; Mr. and Mrs. James Hall; Mr. Floyd Turner; aunts and uncles, Mr. and Mrs. Theodore Hughes, Mr. and Mrs. Kitehen, Mr. Lawrence Hall, James Hall, Mrs. DeVelma Strong, Miss Velma Turner, Arthur Black and a host of relatives and friends.

CARD OF THANKS

We wish to thank the friends for the kindness shown at the death of our loved one, Carolyn Hall. The beautiful floral display; the donation of cars; the kind inspiring remarks of Rev. Turner and the efficient service of L. Fowler & Son—Mr. and Mrs. Carroll Hall, parents, and other relatives.

Annie Oakley Rides Again

Hi-Ho Silver! Did we have fun! The Y. Star picnic was definitely a SUCCESS. The Miller (better known as Father Divine) won the "eating derby." Runners up were: Brad Morris, Chet S. and Zeke E. For candid camera shots, see Ozzie L. who took "actual" pictures of couples in the numerous Ledges Trusting places. Some of them are a "killer Diller." Louie T. and Ollie M. were recently "handcuffed"—Louie, you always said you would be the last of the Hardy Boys to "go down." Anyway, she's a FINE ONE. Gather Round! IT'S ROUND UP TIME AT THE GOOD PARK EVERY NIGHT. M. E. (how do you know) gives notice that "if one wants even standing room for the evening you must make reservations by 4:00 p. m., because so many people are seeking relief from the intensive heat." (Ahem, you don't say.) Have you noticed Bob H.'s new "heart accelerator"—not bad, you didn't go to Lincoln U. for nothing, did you, kid? Bob Parker, when you croon, You Really Send Me—but here is a request number to be dedicated to yourself—"If You Can't Get a Skinny One, A Fat One Won't Do"—(catchon). Being without a car doesn't cramp Bub P.'s style—Says he, "I'm more trouble on my two big feet than all the 'rug-cutters' in town with a car." WELL, TELL ME MORE! Watch those two Jitter-Bugs at the next dance—little Morton Graves, Jr., and Bob White, Dan Law and Al Benzie, didn't I see you at the garage, getting your 1939 cars "OVERHAULED." What a shame, so soon after the purchase. Waldo, your man, C. S., has no sense of dignity. He actually showed me that Cigarette Joke—please speak to him about it. DON'T YOU THINK—that aqua-marine necklace and bracelet that Mrs. Mitchell wears is stunning—that all the Eave sisters are MORE FUN—that Miss Sprout has a cute accent—Eddythe Gray is a swell person—that V. Dixon is smooth in his white suit—that a thousand legged bug (seen any) would look funny with athletes foot—that if this hot weather keeps up we can boil eggs on the sidewalk. BOOM! Give me my boots and saddle (grating gun, too), I'm riding again.
