NEGRO UNION HEAD TO TOUR

Chicago, May 3 (CNA)—Henry Johnson, Negro assistant director of the Packinghouse Workers Organizing Committee, this week departed for a nation-wide tour to prepare PWOC locals outside of Chicago for an intensive campaign to secure a national contract with Armour and Company, Don Harris, director of the union, left at the same time on a similar tour. Said Johnson: "Mr. Harris and I will tour all of the major packing centers including East St. Louis, St. Paul, Omaha and St. Joseph, Mo., to address local union meetings and confer with the strategy committees. To the last detail, we will complete arrangements to bring the pressure of the organized Armour workers upon the management in order to secure our request that a national agreement be negotiated immediately."

STRIKES TO ASK PROBE BY MAYOR

New York, May 4 (CNA)—Charging widespread violation of civil liberties in Long Island and Brooklyn, the New York State Industrial Council (CIO) announced this week that it would ask Mayor LaGuardia to investigate activities of law-enforcement agencies in the nine-month-old strike of 376 Negro furniture workers against the Spring Products Corporation of Queens.

DOCKMEN SET PACE IN ANTI-BIAS FIGHT

San Francisco, May 4 (Vern Smith)—Union labor, at least in one very powerful union, will now have permanent vigilance committees against religious and racial bigotry.

This most modern weapon against the invasion into America of the Nazi racial discrimination theories, and the die-hard "old South" hatred of Negroes, is created by an action taken in the recent International Longshoremen's and Warehousemen's Union convention.

Negroes Vote in Fla. Polls

Miami, Florida, May 2—Providing that they could not be frightened out of his right to vote, Negroes of Miami, Florida, cast a record vote Tuesday in the city primary election, in spite of the warnings issued during a spectacular demonstration by paraders in the Ku Klux Klan regalia.

At one large precinct where separate poll books and balloting machines were installed to avert possible disorders the Negro voted at a 5 to 1 greater ratio than ever before recorded.

Police Chief Gives Protection
Police Chief H. Leslie Quigg who assured the Negro Citizens Service League that there would be no disorder dispensed a rapidly growing group of white men opposite the Negro polling place Tuesday.

On Monday night white robed men in more than 50 license-shielded automobiles had paraded through the Negro section, following an appeal sent by the Service League for protection against racial violence.

The petition referred to "threats made by certain candidates, apparently to intimidate qualified Negro citizens."

Following private corporations to "condemn land for building purposes."

By unanimous vote, and after discussion all favorable to it, the convention passed a resolution condemning acts of religious bigotry and

CLAIMS HE WAS FIRED BECAUSE "HE DIDN'T VOTE RIGHT"

James Anderson, 1150 Second street, reported to N. D. McCombs, assistant Superintendent of Schools, Tuesday that he had been discharged from his WPA job because of the last school board election.

Anderson claims that he was told by Harry Hartapee, school board supervisor of a WPA project at Lincoln High School, to vote for Herbert J. Metcalf and Dr. Charles W. McCutcheon in the election. He then said that Hartapee traced his vote and found that he didn't vote for them and fired him. Harold L. Tillson, WPA engineer, said Anderson was discharged for striking the project timekeeper, who was carrying out orders from Hartapee in regard to work on the project. Anderson was foreman of an all-Negro paint crew. He had held this job for three years and was a WPA painter a few months before being appointed foreman.

LARGE CROWD ATTENDS OPEN HOUSE OF CRESCENT BEAUTY SCHOOL

Over 200 persons attended the formal opening of the Crescent Beauty School, 1950 13th street Sunday afternoon.

Guests began arriving early in the afternoon and continued to pour in until late in the evening. The school was beautifully decorated with large baskets of flowers received from friends and the instructors and students were attired in spring formals.

Mrs. Marjorie Joyner of Chicago, National Supervisor of the Madame Walker College of Beauty Culture, gave a brief talk on the short program. Misses Roberta Maupin, Sarah Steele and Dorelva Mackay rendered musical selections. The speaker was introduced by Miss Clara Webb.

Mrs. Joyner formally dedicated the school Sunday night at Corinthian Baptist church. She was introduced by Mrs. S. Joe Brown. Mrs. Mildred Page rendered the only musical selections on the program. After her address Mrs. Joyner introduced the students of the school and the shop owners of the city.

New York, May 2—It was formally announced here last week that Mrs. Roosevelt will present the 24th Spingarn medal to Marian Anderson at the closing session of the 30th annual conference of the N. A. A. C. P. on July 2 at Richmond, Va. The ceremonies will be held in the famous Mosque, largest and most beautiful of Richmond's auditoriums. It is probable that one or more of the radio chains will broadcast the presentation.

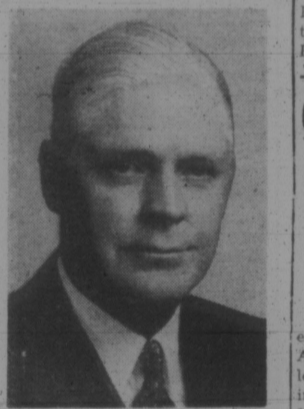

Tickets In Demand

Publication of a rumor that Mrs. Roosevelt would make the presentation has inundated the N. A. A. C. P. with requests for tickets of admission.

Crocker Y Anniversary Program Is Announced

Twenty years of local Y. M. C. A. activity by the Crocker Street Branch will be climaxed next week with an Anniversary Banquet held in conjunction with the annual meeting Friday evening, May 12th at the St. Paul A. M. E. Church.

Ernest C. Robinson, now of Flint, Michigan, was called to the post as the first executive secretary, being succeeded in 1926 by Gordon H.

ESKIL C. CARLSON

Kitchen, now head coach of Talladega College, Alabama. Dr. Edward S. Gilbert followed Mr. Kitchen as branch executive in 1932 serving for one year and being succeeded in 1933 by Quentin R. Mease, present executive.

Atty. S. Joe Brown holds the distinction of having served as chairman of the Central "Y" board for nine years and is a former Municipal Court Judge. An outstanding layman in the Lutheran Church, he is one the board of several universities and is noted nationally as a fluent speaker. The judge spent several months touring Europe the latter part of last year and has just returned from a two months speaking tour of the Pacific coast.

REV. G. W. ROBINSON

Reverend Robinson, nationally known in Baptist circles, having held high offices in the National Baptist Convention and at present Moderator Iowa, South Dakota and Nebraska Baptist Associations, is the dean of Des Moines Negro ministers, having served in his present capacity as pastor of Corinthian Baptist Church for the twenty years. With the close of the Army YMCA in 1919 at the end of the World War it was he who suggested the founding of the Crocker Street Branch.

General Assembly, Seventh Day Adventists Victors in Suit Over Local Church

A controversy between the General Assembly, Free Seventh Day Adventists and the local church located at 1049 12th street was aired in District Judge Franklin's court Monday. The mother church had brought action to quiet title in itself to the church property because Elder J. B. Mosley had executed a deed in 1937 to the local trustees claiming that he was a representative of the General Assembly.

The court held that Elder Mosley had no authority to execute the deed and that title to the property was justly in the General Assembly.

The controversy arose in August, Georgia in 1936 which for a time divided the Assembly, Elder A. C.

Chatman representing one group and Elder J. B. Mosley, the other.

ELDER A. C. CHATMAN

The Georgia court upheld that Chatman group and Judge Franklin followed the ruling of that court. Elder Chatman, who heads the General Assembly, has been in Des Moines several weeks and represented the organization at the trial. J. B. Mosley, and Carl S. Robinson, Richard Johnson, Arthur Wright and Silas Wade were defendants in the case. James B. Morris was counsel for the General Assembly and M. J. Carl, the local church.

SENATOR BILBO'S MEASURE NOT FOR US

Senator Bilbo has introduced a bill in the Senate which would authorize the United States to purchase land in Africa to be used as a colony for Negroes desiring to migrate from this country. The land contemplated in the bill lies adjacent to Liberia and is owned by France and England. The purchase price would be paid by allowing these countries credit on their war debt to this country.

Members of the Senate do not take the measure seriously and neither does the rank and file of the Negro race. There is absolutely no necessity for such a project.

Why should American Negroes leave this country? They helped to discover it, fought to hold it and helped to build and maintain it. And we are prepared to stay in it as long as Senator Bilbo and his descendants do.

LOW COST HOUSING

Hundreds of people are looking at the new three room cottage on West 17th Street which has been built to sell for \$1,350 plus the price of the lot. In addition to the three rooms, the cottage has a bath, a septic tank and is wired for electricity.

Built on a concrete foundation, the outside is covered with an especially prepared board, the inside is of beaverboard all in all making a presentable little dwelling.

The durability of this cottage remains to be proven, but suffice it to say the structure presents a respectable place for human beings to live.

This house is built to sell at 10% down and the balance at about twelve dollars per month.

Of course that ever present bugaboo of financing remains for the people who must buy such houses naturally will live in communities where the money lords have placed the taboo of no loans. And few people who are paying twelve dollars per month can afford to raise one hundred and fifty dollars as a down payment.

Some sections of Des Moines are covered with homes which our health department ought to be ashamed to allow to stand. Windows are out, portions of roofs, doors and other parts missing and the sanitary arrangement almost beyond human use. The landlords collect the rent and make absolutely no effort to keep these shacks in repair. If by some shift of good fortune, these undesirable shacks could be replaced with modern cottages, Des Moines would have citizens with better health and a city far less unsightly as we have today.

But as yet we have not been able to solve this low cost housing because the people who need it most don't have the

SEE YOUR DOCTOR EARLY

Expectant mothers should see her doctor not later than the first four months of the expectancy and when possible sooner. He will discuss very thoroughly with her the hygiene of expectancy, advise that she go immediately to her dentist and why. He will look into her general condition and on regular specified monthly trips a careful check on the patient's weight, blood pressure and urine will be kept. If she is unable to pay for the services of a private physician she should go at once to a pre-natal clinic and report each time as required. All suspicious symptoms which appear should be reported to her doctor. Good prenatal care will avoid some of the serious and sometimes fatal complications that occur.

Of Interest

By Clara Fant

I found out this week that the beautiful rock garden, A. J. Esters has in his back yard at 1423 Center Street is just one of the many interesting hobbies he has.

This garden has a three foot water fall with three falls. Beneath this is the pool surrounded by fern plants and flowers. There are almost fifty different kinds of plants in this garden. The drainage system for the pool was installed by Mr. Esters.

When asked what inspired him to begin this hobby he said, "I'm very fond of home life and I like the things that my friends and every one else can enjoy beside myself."

Sculpturing

From there we went to Mr. Esters' new studio. This was formerly an old garage, but he has installed his own indirect lighting system, designed all lighting frames, reinforced the flooring with red cement and used insulating board for side walls. At the front end is a fire place. The stones were carved in the different designing shapes by Mr. Esters and cemented in with red cement. Only two inches of this fire place is installed on the inside, the rest is built out through the wall.

This studio was built so he might carry on with another hobby, sculpturing. Mr. Esters is now engaged in carving a parafin bust. After its completion he is contemplating on cutting out the same bust in marble. "First, I make my model out of parafin then make it out of plaster parafin," Mr. Esters said, "My reason for doing this is to get my work as near perfect as possible before cutting it from stone or marble."

Other Hobbies

Collecting knives of all kinds and pipes is another hobby Mr. Ester has. In his collections he has a gold pipe worth \$25.00. He is expecting six pipes from people abroad.

Other things of interest is the old fashion clock with the bronze figure of the Roman "Negro" mounted on it, the old Mexican Duster, the two large bear skin rugs and a wooden basket and two chairs that were made in Arkansas last spring.

"Everything I do here is for my friends to enjoy," said Mr. Esters. "Every evening after work I come here to rest with my hobbies and sculpturing."

SOUTHERNERS DOMINATE METHODIST UNITING CONFERENCE

Kansas City, Mo., May 4 (By Rev. S. B. Sweeney for ANP) With 50 Negro delegates present out of a total of 900, the three-week Methodist Uniting conference got under way Wednesday at the Kansas City Municipal auditorium. At the start, the conference was predominantly Southern and the colored delegates are keeping their eyes on the attitude of their white Methodist kin from below the Mason and Dixon line.

Present are three Negro prelates: Bishop Alexander P. Shaw of New Orleans, Bishop Robert E. Jones of Columbus, O., and Bishop Matthew W. Clair of Covington, Ky., the latter retired. There is also one Indian bishop, one Chinese bishop and one Mexican bishop. None of these, however, participated in administering the Lord's Supper.

money, or prospect of making it, to take advantage of what is offered. For after all, nobody wants to sell a house to a party who does not have the income to keep up the payments.

NEW ORLEANS STATION CANCELS WINGS OVER JORDAN AFTER BUSY WEEK

New Orleans, May 4 (ANP)—Following several days of protests and explanations over cutting out the speaking portion last Sunday of the "Wings Over Jordan" broadcast, Station WWL owned by Loyola University, announced that "due to the policy of the station not to broadcast religious programs of a Protestant nature, Wings Over Jordan will be discontinued."

During last Sunday's broadcast, WWL carried the choir singing and scripture reading, but when the guest speaker began talking, there was interposed locally an interlude of recorded music. Officials, in response to messages of protest, denied the program was cut because of race, but said that lately the speakers had been "straying from the program's original purpose" which had brought protests from many white listeners. When this failed to satisfy Negroes, it was decided to do away with the feature entirely.

NEGRO ARTIST IN EXHIBITION AT HARLEM COMMUNITY ART CENTER

New York, May 4 (CNA)—Six well-known Negro artists are featured in the first of a series of exhibitions now current at the Harlem Community Art Center, 290 Lenox Avenue. The Center, jointly directed by the WPA Federal Art Project and the Harlem Citizens Sponsoring Committee, has inaugurated with this exhibition a program to bring to the community the best in Negro art throughout the century.

The current exhibition includes the work of the following artists: Lawrence A. Jones, of the arts faculty of Dillard University, New Orleans; Lois Mailou Jones, instructor in design at Howard University, and Frank Wyly, self-taught portrait artist of New Orleans.

NEW YORK POLICE FORCE TO ENFORCE CIVIL RIGHTS ACT

New York, May 3—Police officers from the 3rd, 5th, 7th, 13th, 14th, 24th, 32nd and 36th precincts have telephoned the national office of the N. A. A. C. P. that the New York civil rights act prohibiting discrimination in any place of public accommodation on account of race, creed, or color will be vigorously enforced during and after the New York World's Fair.

The captains of the various precincts advised the N. A. A. C. P. that Commissioner Valentine had sent to each precinct of New York City a copy of the N. A. A. C. P. letter with instructions to inform all policemen in their respective precincts about the civil rights law and with instructions to enforce it. Any violations are to be reported to the patrolman on the beat or directly to the precinct.

THANK YOU!

The personnel and students of the Crescent Beauty School wish to thank the public for its attendance, flowers, and cooperation in making their opening house program Sunday a success. Mrs. Pauline Brown, manager; Miss Mildred Quinn, instructor and the Students.

NEGRO ATHLETES WIN HONORS AT DRAKE

In spite of the absence of big name Negro athletes most of whom were all at the Penn Relays, those who like to enthuse over the performance of Negro athletes in the Drake relays got a better show than most of them had hoped for. We were forced to sit by and see the broad jump with not a single Negro entered for the first time in twelve years; we were shut out in the one hundred yard dash when the other boys ran too fast for Hicks of Xavier and Shelton of Marquette; Ed Smith of Wisconsin had to run his head off to place fifth in the hurdle race, but we felt we were repaid for that by what we did see. Williams of Xavier grabbed first place in the shot put with a heave of fifty-one feet three inches, and Elliott of Omaha nosed out Dillon of Drake, for second place with a toss of forty-seven feet, eight and five eighths inches. This never happened before in any Drake Relay. Also for the first time in the history of the relays, a Negro competed in the pole vault. Tom Farmer of Xavier found the going a bit too rough, but stuck until twelve feet ten before he went out. Another Xavier athlete, Farron, pulled up third in the toughest of all races, the four forty yard hurdles.

Still another of these athletes, Williamson collared himself a third place in the high jump by trying with Ed Burke of Marquette.

Borican Loses to Fenske

We were forced to undergo our greatest disappointment when John Borican, who shattered all existing records for one thousand yards last winter showed up apparently not in his best of condition for his special race with Chuck Fenske of Wisconsin. Borican seemed content to set a rather slow pace for about eight hundred yards with Fenske at his heels. Then he attempted to go to town, and when he got there, found the lanky boy still on his heels like a shadow. Johnny called for the heat, but the fire was out and there wasn't

any heat. Fenske swept past him to win in the slow time of 9:19.2. Our only lights in the university section were Shelton and Lee Carr of Marquette who placed their team fourth in both the quarter and half mile relays. Smith of Wisconsin anchored his team into fifth place in the shuttle hurdle relay.

College Section

In the college section we had some fun watching our schools finish in the money whenever they started. The Kansas Teachers of Pittsburg with Aitkins and Washington were unable to catch the Loyola team of Chicago and had to take second in the college sprint medley. The teachers were chased in by Prairie View with Alliance, Marks, Pickett, and Holland running in the order named. These boys had a fight on their hands with Western U. of Kansas City who ran fourth. Running along with Purd, Christian and Hunter for Western was Bob Coffman, former Ft. Dodge high school ace. Chandler of Toledo ran a scorching two twenty to place his team second in the half mile relay for colleges barring freshmen. In a few more yards, Chandler might have caught the flying anchor man from East Texas Teacher's school, Chandler and Peoples also helped Toledo place fifth in the mile relay for these same colleges. The greatest quarter of the meet was run by Aitkins of Pittsburg teachers when he pulled his team into first place in the mile relay for colleges permitting freshmen competition. The boy grabbed the baton a good twenty yards behind the anchor man for Oklahoma Baptist team. He lit out like an old fire horse, turning on the steam as they came off the last curve, and finished five yards in front of the Oklahoman to receive the greatest ovation of the day. Washington was the other series sepa member of the Pittsburg team.

Prep and Grade Schools

We had our usual quota of runners in the prep and grade school section, and they did all right. Amos Hiatt put Sharp, Freeman and Garland ahead of a white anchor boy and

galloped away with first place in the junior high quarter mile relay, and four young Negroes ran like scared rabbits to give Emmerson a first in the grade school shuttle race. In the special events for Des Moines high schools Negroes really took charge. In the half mile relay East put William Mash, John Davis and Frank Kaiser after a white lead-off boy and ran away with the race. North reversed things and put Bus Jackson, Del Morrison and Wally Hill ahead of a white anchor man and finished second. Kaiser also showed the boys the back of his neck in the special one-hundred yard dash as Jackson nosed out Davis of East for second. The Cedar Rapids team had Harold Briggs, Amity Blakely, Earl Carr and Jim Furgeson on their short relay teams and took second in both the quarter mile and half mile relays behind the Ft. Madison team, but it remained for Jewell Thompson of Oskaloosa to furnish the fireworks in the class B high school section. This youngster virtually singlehanded placed his team in third place in the quarter and half mile relays, and then ran a blistering quarter, coming from last place to win second in the mile relay.

Kaiser Wins Mile Relay

In the class A high schools East was our main hope. They ran Bagby, Davis and Kaiser ahead of the usual white lead-off man to finish second in the half mile and quarter mile relays behind West High of Minneapolis. In the half mile relay Kaiser really had it with little Ronny Baker of Davenport before he could claim second place. Kaiser turned in a fine quarter to grab the mile relay for East, picking up a lot of slack to down East Sioux City. Bagby and Davis also ran on the team and this team they were running with the white boy between them. Big Jim Thompson ran his legs off to help Roosevelt place third, and Charlie Howard, Wally Hill and Del

Morrison ran in vain to secure a place for North.

Our own personal interest in the relays, the Martin Hotel bell-boy relay team coached by yours truly and consisting of Bill Ware, Morton Graves, Frank Massey, and Tom Avant, were tricked by the Kirkwood Hotel team who wore track shoes and out-run by the Randolph Hotel boys. We got third.

YOUNG AND OLD "MAKE GOOD" OF THE MANY ENTERTAINMENTS DURING WEEK-END

By Sylvia Ross
Relays, Kappa Regional meet and warm, balmy weather brought scores of visitors from all sections of the country to the city this past week end. Texas, Louisiana, Wisconsin, Kansas, Nebraska, Missouri, Ohio and other parts of Iowa were well represented. Beginning on Thursday, good looking cars with foreign license plates were seen cruising around the town.

Approximately 100 of these guests assembled at the Y. W. C. A. Friday night for the Drake Keyes reception. Introductions, light flirtations and dancing composed the evening's entertainment. Then all that still wished for more fun found their way down to the Billiken Ballroom for the Y Stars dance.

But Saturday was the day! Parade, bands, and more of the Relays! Cheers and Yells for Prairie View, Xavier, Western, etc. could be heard from the grandstand.

Annual Party

The Drake Keyes annual relay party at Hapac Grotto Hall drew to a climax the two days activities. With hot swing music, a big grand march, and large balloons as an incentive, young and old alike enjoyed themselves to the fullest extent. But all good things must end and so with sighs of regret and with disgruntled murmurs "we have to leave too soon" the guests slowly left the hall. Oh, but not to go home. Why, the night was still young! Houses and restaurants were filled until the wee, wee hours of the morning with gay crowds trying to crowd in that last bit of fun.

Then tired bodies began, to the tune of the clattering of Milk Wagons, to trudge homeward to rest their weary bones and dream happily of this great event. THE DRAKE RELAYS—that comes only once a year.

Elect Officers

The Monarch club held its annual election at the regular meeting, May 1. The following were elected: James Rhodes, president; Charles Woods, vice-president; Ralph Jones, secretary; Commodore Hendricks, assistant secretary; W. C. Buice, treasurer; Alex Copeland, sergeant-at-arms.

Mary Church Terrell club met at the home of Mrs. Goletha Trotter, 934 14th street place. Atty. Lawrence Oliver was the guest speaker. He discussed the Highlights Of Legislation Passed By The Last Legislature. Mrs. Jessie Davis and Mrs. Charles Winn were in charge of the program.

Members of the Fortnightly club were entertained at the home of Mr. and Mrs. Everett Clay, 1055 17th street Saturday night.

Drake Keyes will meet Friday evening at 7:00 at the Y. W. C. A. Complete reports on the party Saturday night and plans for a breakfast will be discussed.

AEa Nun club will meet Sunday at the Y. W. C. A.

The Iota Phi Lambda Sorority will tag in the city Saturday. The money received will be used for a scholarship to finance a girl in the A. I. B. college which has recently opened its doors to the Negro student.

"I was right there when it happened. So I surely ought to know—that LAST WEEK END: T. Avant was waltzing in the Bell Boys Relays" downtown. M. Green was draped to the famous John Borican. M. Evans fell hook, line and sinker for Ed Smith of Wise, (she found after he left town that he was married) C. Bailey tried to crash both the closed Kappa party and D. Keyes party. The new Chicken House was rocking in rhythm and food. Ava C. got a kick out of aggravating J. Cushionberry. C. F. A. P. and E. G. chilling each other for that "still water runs deep" Buckeye M. who was really getting his "kicks" at club "11". S. Ross and R. Webster in a "state of oblivion" hanging to each other with a "scissor hold" all evening and I do mean ALL evening. M. Evans grabbing her coat and shaking her fist at Val J. (grrr—grrr) Val was acting a little out of line or did Ava C. "just go to his head like—intoxicating wine". B. Parson, the "Center Street Terror" swinging with his "old Love" E. W. Club "11" trembling with guys, gals, and "PUNCH" (ahem). F. Morrow—"changing partners".

D. Gaines sneaking out early to hide A. Paynes cape so she couldn't disappear with someone else ??? N. Robinson telling us about her "Chief Occupation". The sun shining when all the party goes turned in. . . and the beat up, worn out, conditions of all the next day. . .

GLIMPSES—The Midnite Show at the Strand promises to be exciting for several people. . . What do you think of BILBO'S "Back To Africa Movement". Zeke E. Shaking his head says, "I sure feel sorry for you, FOLKS". . . the new and exclusive Nite Club at the old Kenneth Beer Place is top notch, with private key and button service. . . The Sun-nite "Jam Session" had many guys and gals "feelin' righteous from ???".

(In my morning mail) A certain party wants to know if L. Q. gave bf. J. Lewis and ex-bf. C. Bailey the same kind of present (pajamas). The slogan of "Mellow Man" Art E. "If the Chicks don't KNOW me they SURE KNOW OF ME".

the smooth line, charming dimples and EVERYTHING about A. Lucas. . . What two persons who have been saying "It's Over Because We're Through" are back together again?—and they say "it's so sweet to fall all over in love again". . . a penny to the person who guesses the names. . .

J. E. J.—According to the records I was born October 3, 1890. What must I do or where should I go to be successful and have a career?

Ans: It's a little late in life to be starting out on a career. Try to engage in something which will net you a living without having to start life all over again in a strange city. You have good influential friends where you now live. If you write me privately I will be able to go into this matter fully.

D. L. W.—Dear Abbe: What should I do to get settled in life? I am tired of roaming.

Ans: Marriage is your only solution. You have had some mighty good offers. . . better start considering them seriously. Surely you wouldn't want to be an old maid.

M. S.—I have a half crazy man in my home and I cannot get clear of him to save my life. He sure is mean. I made him leave 3 or 4 times and he stays 12 months and comes back. What can I do to get clear of him? I am thinking of bor-

rowing some money, do you think I will be successful in my undertaking.

Ans: You have no business taking him back when you do get clear of him. Next time you get him to leave see that he stays out. Don't let him tempt you to take him back by accepting his money. It isn't worth the price. It will be pretty hard for you to have success in building this home you have until you get a little money ahead. You can't borrow money without collateral.

S. J.—I met a boy and really liked him very much. He asked me to call him on the phone and on many occasions I did. We had a date and he failed to show up because it rained. Tell me if I should continue to hope that he will mean anything to me?

Ans: No, you really shouldn't expect anything from him. He doesn't love you, neither is he very interested in you. . . if he had, he would have kept his appointment with you, rain or shine. Do not call him anymore and arrange to meet some other young fellows.

Mr. and Mrs. M. Williams, 1329 E. 17th Street Court.

The bride wore a beige costume suit, trimmed with fox fur. Her accessories were beige and she wore a corsage of assorted flowers. The groom was attired in a green tweed suit with British tan accessories. Immediately following the wedding a reception was held at the home. Many beautiful and useful gifts were received by the bride.

The Rev. G. W. Robinson performed the wedding ceremony and Mrs. Robinson played the wedding march. The only attendants were Margaret Williams, sister of the bride, maid of honor and Theodore Duncan, best man.

Mr. and Mrs. Johnson are at home at 1628 Carpenter Avenue.

BEAUTY AND ROMANCE

SPONSORED BY LARIEUSE BEAUTY FOUNDATION

The Larieuse Beauty Foundation was established by the Godefroy Manufacturing Company to study methods of preserving women's natural beauty, and to make the results of this research available to the public.

There are some new and very dashing variations of the up-swept coiffure for Spring that I have been wanting to tell you about. You can change the piled-up hair-dress to suit your pet fancies but there is one design in particular about which I am enthusiastic. It is not only new and chic but is also very practical. The hair is cut off short—much shorter than for the original model of the on-top-the-head fashion—and curled close to the head in a series of tiers up the back. It is because it is curled in these layers that it can be cut off so short. When it is all piled up on top of the head it has to be long enough to reach from the base of the neck to the crown, and the added weight has a tendency to pull it down and keep it from looking well-groomed.

But this new style is so short that you can curl it over your finger, and hence it is easy to keep looking trim. The sides, too, are curled close to the head, and only the hair that grows near the top is actually piled up on top. With warmer weather coming it is really an ideal way to wear your hair. It keeps it off the face and at the same time there isn't a lot of it to get warm and hang in strings about your face and neck. It is a style that is becoming to almost any type of face, so if you are bored with your present way of wearing your hair, you might try it and see if you are not pleased with the results.

Re-Condition Your Hair for Spring
But before you plan this new spring-summer coiffure, take stock of the condition of your hair. Is it dry and brittle? Better correct that condition before the summer sun proves its undoing. Have you been brushing it regularly and washing it as often as necessary? A series of re-conditioning treatments may be in order if you hope to get the best out of the new hair-do. Is your hair dull, lifeless and streaked? If so, why not try a bit of tinting or coloring, as the need may be? Dab, graying hair spoils the effect of the whole and it is so easy to avoid it. There's no use going to great pains over a new way of wearing it, if you aren't going to observe the fundamental rules of good grooming.

Get your hair in fine condition, healthy and shining. Then experiment with the new fads and fancies, another curl here, another wave there. Remember—"In the Spring a young man's fancy lightly turns to thoughts of love."

What are your beauty problems? Write Marie Downing, Larieuse Beauty Foundation, Room 321—319 North Fourth St., St. Louis, Mo., and she will be glad to answer them. Be sure to enclose a self-addressed stamped envelope.

CROCKER "Y" NEWS

Baseball Loop Reorganized

Representatives of five teams took the initial steps in resurrecting the Church Baseball League of several seasons ago in a meeting Monday evening at the "Y".

Managers from Kyles A. M. E. Zion, Burns M. E., Corinthian Baptist and St. Paul A. M. E. were present, and along with Union Baptist, agreed to enter teams in the league. This is the first definite step in the direction of bringing the loop back to life since its disbanding in 1935.

Tentative plans formulated by the committee call for the opening game around May 16th, with games to be played on the Birdland diamond. Schedules and playing regulations will be drawn up at the next meeting next Monday night. One more team will be sought to complete the loop of six entries. The meeting Monday is called for 7:30 p. m. All interested hardballers are asked to be present.

The following clubs have entered the senior softball league—Second Street Eagles, Corinthian Baptist, Van Ginkel's, St. Paul A. M. E., Negro Community Center and St. Paul A. M. E. Four or five more teams are expected to play in the league and will probably enter at the meeting Friday evening, which was postponed from last Tuesday.

Two athletic committee meetings slated for next week is the tennis group on Tuesday evening, and the track committee Thursday. Both meetings will start at 7:30 p. m. All members are asked to be present.

GRAND MATRON VISITS DES MOINES

Perhaps the most auspicious assemblage of O. E. Reed of Cedar Rapids, upon her first visit to the three Chapters of the Order located in this city. viz. Oziel No. 9, Zorah, No. 10 and Olive Branch No. 32.

ODDITIES AT THE FAIR

NEW YORK—Here are a few of the strikingly unusual things visitors will find at the New York World's Fair 1939:

A parachute tower from which visitors may "beat out" at an elevation of 250 feet and be sure of a "happy landing."

Revolving "magic carpets" from which you may look down as from a height of two miles upon "The City of Tomorrow" inside the 200-foot Perisphere.

A "Tree of Life" carved from the trunk and branches of an elm planted in Connecticut in 1701 by Revolutionary War prisoners.

"Steve Brodie" jumping six times a day from a reproduction of the Brooklyn Bridge.

The most valuable wheat field for its size in the world in full growth.

Five million dollars worth of diamonds, rubies, emeralds and other gems in one glittering display.

The steel-walled bathysphere in which descent has been made miles down in the black depths of the ocean.

"Rocket gun" by which passengers will be shot to the moon, or Mars someday—perhaps.

The model of a human eye so large visitors may enter it and look out upon the fair's busy scene just as if the eye were doing the looking.

Two hundred blooded cows being milked daily on a revolving platform.

An orange grove transplanted intact all the way from Florida. Automobiles with living drivers in hair-raising collisions and flying somersaults.

The largest opal in the world. An oil well in operation with real drifters in the "cast."

The largest model railroad ever constructed. Puppets 14 feet tall dramatizing

the contents of the familiar bathroom medicine cabinet.

Displays of rare orchids, renewed every three days by plants flown to the fair from Venezuela.

The tremendous discharge of 10,000,000 volts of man-made lightning.

A Brazilian exhibit building erected on stilts.

A floor made of cotton.

Ricksha runners from South Africa six and a half feet tall and clad mostly in feathers, horns and beads.

A waterfall cascading from the high roof of a building.

CROCKER "Y" NEWS

Baseball Loop Reorganized

Representatives of five teams took the initial steps in resurrecting the Church Baseball League of several seasons ago in a meeting Monday evening at the "Y".
Managers from Kyles A. M. E. Zion, Burns M. E., Corinthian Baptist and St. Paul A. M. E. were present, and along with Union Baptist, agreed to enter teams in the league. This is the first definite step in the direction of bringing the loop back to life since its disbanding in 1935.

Tentative plans formulated by the committee call for the opening game around May 16th, with games to be played on the Birdland diamond. Schedules and playing regulations will be drawn up at the next meeting next Monday night. One more team will be sought to complete the loop of six entries. The meeting Monday is called for 7:30 p. m. All interested hardballers are asked to be present.

The following clubs have entered the senior softball league—Second Street Eagles, Corinthian Baptist, Van Ginkel's, St. Paul A. M. E., Negro Community Center and St. Paul A. M. E. Four or five more teams are expected to play in the league and will probably enter at the meeting Friday evening, which was postponed from last Tuesday.

The games will be played on the West High Stadium diamonds and at Amos Hiatt the same as last year. Schedules will open about the middle of the month. Any team not already entered may do so until May 10th.

Committee Meetings

Two athletic committee meetings slated for next week is the tennis group on Tuesday evening, and the track committee Thursday. Both meetings will start at 7:30 p. m. All members are asked to be present.

GRAND MATRON VISITS DES MOINES

Perhaps the most auspicious assemblage of O. E. S. and Masonic dignitaries, ever held in the city, aside from occasions of annual communications of the Grand Chapter of the Grand Lodge, was that which assembled at the Fraternal Temple last Thursday evening to greet and welcome the newly elected Worthy Grand Matron, Mrs. Julia E. Reed of Cedar Rapids, upon her first visit to the three Chapters of the Order located in this city. viz. Oziel No. 9, Zorah, No. 10 and Olive Branch No. 32.

The Grand Matron also hailing from the youngest Chapter in the jurisdiction, Rebecca No. 33 of Cedar Rapids proved to be a past mistress of the esoteric work of the order and gave about an hour of instruction.

After the lecture and remarks by the dignitaries present. Refreshments were served.

ODDITIES AT THE FAIR

NEW YORK—Here are a few of the strikingly unusual things visitors will find at the New York World's Fair 1939:

A parachute tower from which visitors may "bail out" at an elevation of 250 feet and be sure of a "happy landing."
"Revolving" magic carpets from which you may look down as from a height of two miles upon "The City of Tomorrow" inside the 200-foot Perisphere.

A "Tree of Life" carved from the trunk and branches of an elm planted in Connecticut in 1781 by Revolutionary War prisoners, "Steve Brodie" jumping six times a day from a reproduction of the Brooklyn Bridge.

The most valuable wheat field for its size in the world in full growth.
Five million dollars worth of diamonds, rubies, emeralds and other gems in one glittering display.

The steel-walled bathysphere in which descent has been made miles down in the black depths of the ocean.
"Rocket gun" by which passengers will be shot to the moon, or Mars someday—perhaps.

The model of a human eye so large visitors may enter it and look out upon the Fair's busy scene just as if the eye were doing the looking.

Two hundred blooded cows being milked daily on a revolving platform.
An orange grove transplanted intact all the way from Florida. Automobiles with living drivers in hair-raising collisions and flying somersaults.

The largest opal in the world.
An oil well in operation with real drillers in the "cast."
The largest model railroad ever constructed.
Puppets 14 feet tall dramatizing

the contents of the familiar bathroom medicine cabinet.
Displays of rare orchids, renewed every three days by plants flown to the Fair from Venezuela.
The tremendous discharge of 10,000,000 volts of man-made lightning.
A Brazilian exhibit building erected on stilts.
A floor made of cotton.

Ricksha runners from South Africa six and a half feet tall and clad mostly in feathers, horns and beads.
A waterfall cascading from the high roof of a building.
Mural paintings that change their colors while you're looking at them.
