MEMORIES OF THE PAST

Ode For Memorial Day
Done are the toils and the wearisome marches,
Done is the summon of bugle and drum.
Softly and sweetly the sky o'er arches
Sheltering a land where Rebellion is dumb
Dark were the days of the country's derangement
Sad were the hours when the conflict was on.
But, through the gloom of fraternal estrangement
God sent his light, and we welcome the dawn
O'er the expanse of our mighty dominions,
Sweeping away to the uttermost parts,
Peace, the wide-flying, on untiring pinions,
Bringeth her messages of joy to our hearts.

Chicago, May 23 (CNA)—Demand for passage of the Wagner Health Bill by Congress received new impetus this week, as the result of disclosures of racial discrimination at the Municipal Tuberculosis Sanitarium here.

"Very often," he said, "there is no coordination between the Municipal Tuberculosis Sanitarium and the Negro tuberculosis problem."

Dr. Bonfield added that in the entire city government set-up for tuberculosis, there are no Negro physicians and dentists.

Why Tuskegee Selected

Tuskegee was selected by the Foundation as the center chiefly because Dr. DeKruif sent to Tuskegee last year to study the institution as an infantile paralysis center, made such a favorable report, and among other things the presence at Tuskegee of Dr. John W. Chenault had much to do with it.

In addition, it was pointed out that Tuskegee is an old established institution devoted to the welfare of Negroes. It has an efficient personnel who have accomplished a high degree of development of various

branches of public health.

The John A. Anderson hospital a part of Tuskegee, will be available for use by the Tuskegee Orthopedic Center.

Following a meeting of the boxing committee last Thursday evening at the "Y", a new policy will be inaugurated in the staging of this summer's boxing shows.

It is planned to have fight teams representing some of the strongest amateur clubs in Iowa and out of state oppose local pugilists in the weekly boxing programs. George Bourland, operator of the Twentieth Century gymnasium, whose team won the WHO Golden Gloves tournament recently, and last fall took the Iowa Amateur meet held at River-view Park, has been engaged as the matchmaker and is busy lining up terms for future cards.

The shows, held in the interest of the camp benefit fund, have attracted capacity crowds since they were originated several years ago. The boxing group intends also to provide increased seating facilities for the larger crowds that are anticipated for the coming season. Members of the committee are: Bourland, Allen Ashby, T. M. Kelley, G. B. Tucker and Ed Robinson. The first show of the season is scheduled for Thursday, June 8th.

HASBROUCK MAKES ANOTHER APPOINTMENT

Monday, the city council approved the appointment of Robert Webb to the police department. He was one of the ten men certified by the Civil Service Commission rating highest in the recent examination. Ralph Jones was among the high ten also.

Mr. Hasbrouck can justly take great satisfaction over the fact that since he has been head of the department he has appointed to the force two of the many young Negro men who were under his supervision while acting secretary of the Crocker Street YMCA.

The appointment of Webb makes five Negro officers on the force. It is not enough. We have had nine. On the basis of population we ought to have seven. And while there is no law for such an arrangement the deal has worked out on this basis.

Of course the Bystander likes to keep before aspirants for jobs the necessity of qualifying. Without this there is absolutely no chance. And on most occasions it is difficult with qualifications.

The other thing, The Bystander congratulates Mr. Hasbrouck on the fact that it did not require a voluminous petition, a half dozen committees and a host of resolutions from churches, clubs, etc. and letters to get Webb appointed. For after all why should Negroes be required to do all such when members of the race qualify?

NO NEGRO DAY AT FAIR

The officials of the New York Worlds Fair have decided that in that Negroes were an integral part of the population of this country, there was no need for, and, therefore, there would be no Negro day at the fair.

While many—especially its sponsors—will be disappointed, the Bystander thinks the officials are exactly right. However, there is to be a Negro exhibit, the space for which has been given free of charge. This is the only exhibit of its kind where such an arrangement was made.

Who dies for others, for us he dies, For all that gentle is and fair; God prosper, in those shell-torn skies, Our chivalry of air.

status low. That is the situation generally wherever Negroes are found. True we have professional men, business and artists, but after all, unless there is a middle class earning substantial salaries to support this so-called upper class they are in a poor position too. So while the worlds fair depicts the progress, the unspoken exhibit of the Negro at the fair is his low economic status.

Health Hints

By Dr. C. R. Bradford

REST YOUR NERVOUS SYSTEM

The nervous system like other parts of the body needs rest to keep it healthy. Since the nerve cells of the brain are working hard all the time that we are awake, their need for rest is particularly great. Fatigue after great physical or mental labor is caused by the fact that the muscles or the nerves have been worked so hard that waste products have collected to fast to be carried off by the blood and lymph, and are poisoning the tissues which produced them. Fatigue is one of nature's danger signals and should always be heeded. In the hurry and pressure of modern life many people forget this and drive their bodies so hard that they break down and have nervous prostration.

It is not hard work that causes these breakdowns so much as long-continued work and worry. A healthy body and brain will stand hard work, but long concentrated work of one kind is particularly harmful. One can accomplish more by working for shorter periods. Worry and crossness are very wearing, and one fit of anger harms the nervous system more than hours of hard work; consequently it is important to form the habit of being even-tempered and cheerful. A cheerful person can do far more work and feel less tired than a cross and worrying one. There are many ways of resting the brain and nerves and people differ greatly in their rest needs. Some are rested by a change of work, or turning to some hobby or game. The only complete rest for both body and mind, however, is sleep and no one can keep healthy without satisfying this need.

Monday, May 30th, will mark the seventy-first Memorial Day observance in the United States. This first began in 1865 when the women in some parts of the South decorated the graves of the Civil War Confederate soldiers with flowers. A group of women in Columbia, Mississippi, not only decorated graves of Confederate soldiers but also Union soldiers. For several years this observance was carried on in this manner until 1868 General Chipman of the Grand Army of the Republic suggested to General Logan that he issue an order to every post of the Republic asking it to observe every 30th day of May as a memorial day in honor of those comrades who lost their lives in battle, services to be held along with the decorating of the graves. General Logan said "It is hoped that this will be observed by comrades of the Grand Army of the Republic until the last one has passed on."

The first to make this as a legal observance was the legislature of New York in 1873. Other states followed one after the other until now, every state in the United States regards May 30th as a legal holiday except Alabama, Arkansas, Florida, Mississippi, Georgia, Louisiana, North and South Carolina.

We have come a long way since that time, and not only do we decorate the graves of soldiers, but also our own loved ones who have passed. Since the time of the Civil War there have been many such wars all over the universe, and more soldiers have died on the field of battle giving the best that they had for their country. We dedicate this poem to those soldiers.

Not at their own dear country's call, But answering another's voice, They die to give us liberty their all, Nor faltered in the choice.

Who dies for others, for us he dies, For all that gentle is and fair; God prosper, in those shell-torn skies, Our chivalry of air.

Crocker Y

More than 100 athletes are expected to compete in the eighteenth annual Crocker Y. M. C. A. Memorial Day track and field meet scheduled to be run off at East High Stadium Tuesday afternoon, starting at 2:00 p. m.

Eighteen events are carded for the meet's program in the three divisions of competition—Senior, 17 years and over; Intermediate, 14 to 16 years; Junior, 13 years and under.

The following events will be held in each section: senior 400-yard dash, 200-yard dash, 440-yard relay, 880-yard relay, broad jump, pole vault, shot put, high jump; intermediate 50-yard dash, 100-yard dash, 140-yard relay, broad jump, high jump; junior 50-yard dash, 75-yard dash, broad jump, shuffle relay.

Several strong organizations are vying for the team scoring honors that were captured by the Roadside Settlement cinder crew last year. Bob Vandever of this team received the Henry F. Hasbrouck trophy for being high point maker in the senior division. A number of local high school and college track luminaries are hoped to make strong bids for individual honors.

The deadline for filing entries for participation in the meet has been set at 6 p. m. Monday, May 29th. Contestants who have not already entered may obtain entry blanks at the "Y."

St. Paul A. M. E. Wins Baseball Opener

St. Paul A. M. E. took the opening game in the "Y" Church Baseball League Tuesday evening by downing Union Baptist 5 to 3 in a well played contest.

Before a large opening day crowd, both teams turned in a creditable brand of ball for an early season tilt with several sparkling plays. Eddie Saunders outlasted Harry Miller on the mound for the winners, although the Baptist batsmen pushed over two runs in the second inning to take the lead.

St. Paul came back in the fourth inning to go out in front on Eddie Saunders' long homer, scoring 1 run ahead of him, to take a 3 to 2 advantage. Two hits in their half of the same inning enabled the East-siders to knot the count.

Melvin Madison provided the winning margin when he blasted another four base wallop that sent Eddie Clark over the plate ahead of him and put the game on ice for the winners 5 to 3.

Each team was guilty of two misplays afield, accountable to a large degree by the condition of the diamond. Featuring the initial clash was the spectacular fielding of Walter Thompson, speedy manager and centerfielder of the losers, and the hard hitting of Saunders and Madison of the Methodists.

Score by innings: 1 2 3 4 5 6 R H E St. Paul 0 0 0 3 2 0 5 3 2 Union Baptist 0 2 0 1 0 0 3 4 2 Batteries: St. Paul A. M. E.—Saunders and R. Jones and McQuerry Union Baptist—Miller, Hayes and Preston.

set a new mark and missed by inches. For two years Johnson had won the hundred, two twenty and broad jump. He wanted to be the first man to win three events three years running. He got the dashes but missed the broad jump, finishing second. John Elliott of Omaha won his second straight shot put, defending the crown he won last year.

Local Summer Sports

The local summer season is about to get under in full blast. The Crocker "Y" hard and soft ball leagues started this week and the Memorial Day track meet is just around the corner. We are making plans to bring some big league tennis players here in July to fit in with the annual swimming meet. We can safely promise at least one day and possibly a week of big time tennis.

Some of the golfers have taken exception to the statement of Yuma Johnson that he is the golfer, and want it recorded here when the Johnson stock hits bottom. Don't worry, we shall have it here in full detail.

In the Missouri Valley Freshman meet Charley Swink former Valley High Ace, busted the telegraphic meet record in the four-forty.

KAISER AND EAST WIN AGAIN

As the Lee Township boys renewed their lease on the City track title the Negro boys were the standouts, and it looked as if the track meet was a private feud. Frank Kaiser won himself a couple of dashes and busted the quarter mile record. Art Bagby placed up well in the dashes and also in the quarter. Harold Miller grabbed the blue ribbon for the broad jump and second in the shot put. "Poohy" Davis trailed for the first time in his event the low hurdles, and Jim Wells helped by getting well in the money in the high jump.

For North Del Morrison helped by getting second in the broad jump and Claude Elliott had to content himself with third in the pole vault. James Morrow got third in the high jump and ran on a relay team with Charley Howard to finish in the money. Wally Hill got in the high jump and did a little relay. For Roosevelt Big Jim Thompson put in quite a day. He ran on the quarter and got third in the shot put.

College Meets

While this was going on at home Negroes were doing their bit by having a big day in various college meets. In the Big Ten meet Capt. Bill Watson of Michigan set a mark by winning three events for three consecutive years. He led the boys in the broad jump, discus and shot. In winning the discus the husky Wolverine smashed a twenty-three year old record by five feet. If we have Olympics in 1940 Watson's our choice for decathlon honors. Archie Harris of Indiana got second in the discus and third in the shot while Ed Smith of Wisconsin placed second in the high hurdles.

In the North Central meet Horace Johnson of North Dakota tried to

BEAUTY AND ROMANCE

L'ARIEUSE BEAUTY FOUNDATION

The L'arieuse Beauty Foundation was established by the Godefroy Manufacturing Company to study methods of preserving women's natural beauty, and to make the results of this research available to the public.

With all the fancy new millinery on the market, many of us are apt to be carried away by our enthusiasm for the new and fluffy and fail to avoid the pitfalls of being over-dressed. Hats heavily laden with flowers, ribbons, birds and veils are distinctly "dress-ups" but unfortunately, we sometimes fail to take this into consideration when assembling the rest of the outfit. A hat with a tremendous flanging veil of pale blue or pink or any other color for that matter, looks utterly ridiculous when worn with a pair of brown and white, flat-headed sports oxfords. Nor will a frock lace-trimmed and fragile looking, show off to advantage in a classroom, office or department store. When collecting your outfit for work or play, concentrate on sturdy dresses, sensible shoes, and close-fitting hats. Then, when the time comes to dress for a party or an evening out, gather together your duffel and those feminine frocks, and give your desire for ribbons, flowers, lace and veiling free play. But be sure never to confuse the two.

Make-Up Should Suit Occasion
Your make-up, too, should conform to the occasion. Powder, rouge and lipstick, carefully selected to match your skin tone, are all that is necessary for daytime wear. But when evening comes, there are six number of "glamour aids" and glamour in its accepted sense should be limited to the evening. There is nothing more girlish than a would-be glamour girl, dripping mascara and eyeshadow and

not yield to any temptation placed before you.
P. C.—Music is my every thought and I wish to know if it would benefit me just to continue on practicing year in and year out?
Ans: It makes you happy doesn't it... and you are the Church pianist now, so I recommend that you do keep up with your music. I don't predict a theatrical career for you, but you can arrange to teach music if you like.
