APPEALS TO U. S. COURT

Washington, D. C.—Judge James A. Cobb, ousted Howard university professor of law, took his case

FIGHT FOR HIGHER EDUCATION

Chicago, (ANP)—Efforts to obtain higher education for Negroes within the limits of the Supreme court decision in the Lloyd Gaines case are progressing on three fronts, the Associated Negro Press learned this week.

1. At Knoxville, the University of Tennessee was directed by Chancellor A. E. Mitchell to show cause why six Negro applicants should not be admitted as students in the university's graduate and law schools. The issue at stake is whether the state's law demanding segregation of the

mandate on equal education for Negroes within a state's border.

2. At St. Louis a mass meeting in opposition to continued operation of the new Lincoln university school of law was held Friday night at First Baptist church under auspices of the Colored Clerks' circle, youth organization which began picketing the institution when it opened Sept. 20 in the old Poro college building.

3. Miss Lucile Bluford, managing editor of the Kansas City Call, filed a mandamus suit against S. W.

Canada, registrar of the University of Missouri, after twice being denied admittance to the journalism school. There is no provision in that state for Negroes to study journalism.

The Tennessee case will be called Nov. 6. While Missouri has provided a segregated law school for Negroes, the former has made no provision for graduate and professional study within the state. Scholarships are available for colored students for study outside Tennessee, but the supreme court decided that this is not enough.

Y Team Goes Over the Top with \$746

Under the capable direction of Commander F. O. Morrow, the Crocker "Y" team reported an over-subscription of its quota of \$650 by turning in a total of \$746 in memberships and subscriptions on the closing day of the city-wide campaign at the Central Y. M. C. A. luncheon meeting Tuesday noon.

The general campaign goal of \$40,000 was exceeded by more than two hundred dollars, and when the final checkup of all members and prospects is made, the complete amount realized is expected to exceed the sum sought by more than a thousand dollars.

Heading the local branch workers in amounts reported during the drive was T. L. Howard, who qualified for the Victory Club by individually reporting more than \$175.

In a brief speech before several hundred workers assembled in the Y. M. C. A. auditorium Monday noon, Rev. G. W. Robinson presented Mr. Howard with a special gift for outstanding work.

Other substantial producers for the team were: F. O. Morrow, W. H. Ashby, Atty. W. L. Oliver, A. P. Trotter and Harold Robinson. All members of the team qualified for the Victory Club by going over the top before the end of the campaign and received pearl and silver knives and invitations to the Victory Banquet to be held within the next two weeks.

To Resign Mission Post In accepting this new church the Rev. Mr. Wheeler will give up his post as field secretary of the National Baptist Mission Board of the National Baptist Mission Board of the National Baptist Convention, Inc., to which he was appointed during the past summer.

"I regret very much having to leave Des Moines," the Rev. Mr. Wheeler told the Bystander, and added that "I feel that the change will give me a chance to do a better work as well as be a promotion."

While here he has been active in the Ministerial Alliance serving as program chairman this year and also is a member of the Intertribal Commission of Des Moines.

Agriculture Department Says It 'Endeavored to Give Negro Opportunity'

In response to a letter from the Bystander in which clippings pointed out the absence of Negro employees in clerical positions in the Des Moines Food Stamp headquarters here, written to the department of agriculture in Washington, the following reply was received this week.

"As the editorial and articles from the Negro Press pointed out, this department has endeavored to give the Negro an opportunity, not only for employment, but for advancement which after his employment.

"The Food Stamp office located in Des Moines, while under our supervision, is the direct responsibility of the Welfare Department of Des Moines.

"All local personnel engaged in the distribution of stamps in that city is employed by them. The only employees of the Department of Agriculture in Des Moines have positions of a supervisory nature. Most of those have been sent out from Washington.

"We have employed locally one or two stenographers and two audit clerks.

"It is suggested that you refer this matter to the Welfare Department of the city of Des Moines.

PRIVATE SERVICES FOR HAROLD PARKER

Private funeral services for Harold Edward Parker, 11, were held last Friday from the Estes Funeral Home, with burial in Glendale cemetery.

The Rev. John Bain officiated.

A victim of the recent epidemic of infantile paralysis, Harold, a student of Crocker school, died at the Broadlawn Contagious hospital on Wednesday evening, October 18, after a few days illness.

At the funeral services a representative of the Crocker school read a paper of the boy's activity at the school.

Treatment of 'Negro' Is Criticised

Columbus, O. (ANP)—In glancing through the recently released "New American Encyclopedia," Mrs. Thelma A. Jackson, chairman of the outlook committee, local NAACP, turned to the topic concerning the Negro and after reading it concluded immediately that the text's mis-statements were a grave injustice to the Negro race.

Mrs. Jackson wrote her criticism to the publishers, Books, Inc., William N. Mattix manager, New York City. Manager Mattix replied as follows:

Your Communication has been received and we indeed appreciate your calling our attention to the topic on Negro in the New American Encyclopedia. We assure you that this topic will appear revised in the next and subsequent editions of the work.

Intelligent and constructive criticism, such as you have offered, helps to make the work worthy of its users; further suggestions will be welcomed. Mid 1938-1939 supplement is being sent you under separate cover and we thank you very much.

The letter was signed: J. D. LeCron, assistant to the secretary.

A representative of the Bystander interviewed during September, Fred J. Moeckly, operations manager of the Food Stamp Division here, in regard to the office setup in order to learn the number of Negroes given employment in the headquarters.

He revealed that only one Negro applicant was sent to his office from the state employment office and that applicant was not accepted.

The only Negro employe, a janitor, was at the building when the Food Stamp office opened, he said.

Youth Day at Maple St. Sunday

Youth Day, the third and final in a series of special observations at Maple Street Baptist church, will be held on Sunday, October 29, with the Rev. A. Ross Brent, pastor.

The Men's Day celebration was held on last Sunday at which time crowds heard the pastor and guest speakers, Charles P. Howard on "The Work of the Negro Chamber of Commerce, Its Achievements and Objectives," and Mansel L. James.

LOCAL W. P. A. OFFICIALS ON THE SPOT

The Bystander has said editorially that even though laws were made in Washington calculated to give Negroes justice, the chances of getting fair play under such laws rested squarely on the heads of local officials.

When the food stamp office was set up in Des Moines, the Bystander called attention to the fact that even though most of the employees were W. P. A. workers, certified from the local office, only one—a janitor—was a Negro. Copies of the editorial and the news article were sent to Secretary of Agriculture Wallace and the local W. P. A. office inquiring about this apparent discrimination and asking that the condition be remedied.

To date no reply has come from the local W. P. A. office. J. W. LeCron, assistant to Secretary Wallace wrote the Bystander on October 21st:

"The Food Stamp office located in Des Moines, while under our supervision, is the direct responsibility of the Welfare Department of Des Moines. All local personnel engaged in the distribution of stamps in that city is employed by them. The only employees of the Department of Agriculture in Des Moines have positions of a supervisory nature. Most of those have been sent out from Washington. We have employed locally only one or two stenographers and one or two audit clerks."

"It is suggested that you refer this matter to the Welfare Department of the city of Des Moines." Thus it is perfectly evident that the failure to employ Negro clerks in the food stamp office rests squarely on the heads of local W. P. A. officials. The Bystander feels that they ought to play fair and cut out the discrimination. There should be no race discrimination in the relief administration, and the law says this also.

The auto accidents in Iowa and deaths caused by them have increased during safety campaign week. Responsibility for this situation is difficult to fix. Eventually we are going to be forced to do something to check them.

Col. Lindberg, who left America to make his home in Europe, is spending a lot of time telling us how to get along with other nations. We wonder if this campaign he is conducting is an excuse to reside in safe territory during the war?

Iowa game conservation commission don't seem to know much about fixing open season dates for hunting. The squirrel season starting in August, was out of reason and now the duck season beginning October 15 is about as bad. When the ducks begin to fly south the season will be over.

The war will be many months old before the Senate passes and involved in attending the neutrality bill urged by the

President. Senators are noted for their long-winded speeches.

BIBLE THOUGHT

"Bow down thine ear, O Lord, hear me: for I am poor and needy," Psalms 86:1.
The Bible thought of the week was selected by the Rev. R. C. Campbell, pastor of Bethel A. M. E. church, Newton, Iowa.

BOOKS

(AT PUBLIC LIBRARY)
Hector Bolitho's "Haywire" is an Englishman's witty account of his travels in America.
"Indians of the Americas," by Edwin R. Embree is a readable history of the Indian race from earliest antiquity down to the present.
"Across the Busy Years," is the autobiography of Nicholas Murray Butler, president of Columbia University.
"Washington, Nerve Center," by Edwin Rosskam is an account of Washington, D. C. that emphasizes the influence of Washington activities on the life of the entire country. A feature of the book is the large number of fine photographs that tell as much of the story as does the text itself.
The above books have recently been received by the Des Moines public library.

LETTER BOX

"In looking over a recent issue of the Bystander I am so impressed that I feel Des Moines should be congratulated on what her colored people are accomplishing."

In this single issue I found an account of how Mr. Neal Howard has built up his coal business from scratch to the place where he serves enough people to warrant keeping ten trucks on the job; I found an article outlining the talent show which keeps people informed as to the possibilities of our group; and that there is to be a Negro art exhibit at the public library.

These indications that the minority group in Des Moines is forging ahead along lines which every right-thinking human being cannot fail to respect, seem to be so worthy of note that I also want to congratulate you in your share in publicizing them.

Sincerely,
Laurence C. Jones,
Founder and principal of The Piney Woods County Life School, Piney Woods, Miss.

Health Hints

By Dr. C. R. Bradford
PROPER DENTAL CARE FOR YOUR CHILD

All normal parents desire to provide the best possible living conditions for their children, as well as to direct them in their health habits. Health is the greatest possession of mankind. To the wealthy without health is miserable and frequently no amount of money can buy health that is once destroyed.

The best way to maintain good health is to prevent, wherever possible, disease body destruction. Medicine and its allied science dentistry has contributed much along the line of prevention. Medicine has been able to protect one against many of the communicable diseases by proper immunization. Dentistry has been able to control and eliminate much tooth decay, pyorrhea and crooked teeth. Often infections in the mouth manifest themselves in other parts of the body such as the heart, eyes, kidneys and joints. An infected tooth either in a child or adult causes a continual drainage of pus in the blood stream and the vital organs that are weakest and less resistant on the ones just affected.

Heart muscles once destroyed or weakened may heal when infected teeth are removed, but the heart is damaged and it will have to work with scarred tissues for the rest of the child's life. It is handicaps of this nature which cause adults and children to die at an early age.

If parents could only appreciate the real value and economics of early treatment preventions and regular dental inspection for their children, far less pain, discomfort in brief would be experienced, as well as much less money spent on dentistry and medicine.

Looking Over the Hawkeyes

By James B. Morris Jr.

Greetings Gates!!!
As I write this I occasionally steal a glance from my typewriter and look out on an afternoon that reflects all the beauty and glory of the autumn season. It rained incessantly earlier in the day, but now the sun has come out to warm up the air and reveal the splendor and color of the leaves as they change colors and fall to the earth. High overhead a flock of ducks noisily wend their way southward for the winter season and it seems that all the world is preparing for the winter that is to come. Now that I've gotten this little bit of poetry or literature or whatever you wish to call it off my mind, I think I'll settle down and tell you something about what is going on here.

For the benefit of many of you who are interested, a committee composed of three young women from the YWCA and three representatives from the Negro Forum are cooperating in a movement to secure a cooperative dorm for Negro students and the opening of the university dorms to us. This looks to me like the birth of something that is really going to do something and I'm sure that we are all determined that we shall not give up until we have gotten some favorable action. I think that this is a very broad and progressive step which these young white women have taken in resolving to do something about the situation with our cooperation and aid. From time to time I'll keep you posted on the developments. We are meeting with certain influential members of the administration in about a week. Sports are at a temporary standstill now as the team had a layoff of two weeks after the Michigan battle and they needed it to recuperate. We went over and got Jim Walker out of the hospital last Saturday and he now has his foot and leg in a cast clear up to his knee. He had the fluid drained from the knee and is expected to see service in the game Saturday against Wisconsin's Badgers who are out for Iowa's scalp.

Well, I guess that I'd better sign off. See you next week.

SPORTS

BY ALLEN ASHBY

BIG TEN Walker's Injury Serious

Things looked bad for the University of Iowa Monday as it was announced early in the day that Jim Walker, big Negro tackle who had been playing great ball faced an operation that meant his loss to the squad for the season. Later news was that his knee would probably respond to treatment, and that he would see at least part of the game with Wisconsin.

Ohio state's Clyde Anderson took quite a part in the free for all which the Buckeyes won from Minnesota. Anderson plays the blocking end and consequently seldom gets down under passes. Our guess is however that he will be used to break up some importance game as a pass catcher. Not that the coaches are saving him, but it is just good strategy to have a man blossom out in an unexpected role.

We have been overlooking a Negro that we promised to tell you about. Anders of Illinois is the guy, Alphonse Anders. Two hundred ten pounds of battling Negro who plays enough end to be a regular. He and Archie Harris of Indiana clashed last week and Harris caught two passes during the winning drive for the play off score. Indiana won 7-6.

Northwestern's Jimmy Smith was in the Wisconsin game a lot as the boys finally got rolling and turned in a win over the Badgers.

Kenny Washington of U. C. L. A. scored three times and Robinson once as the Uclans tripped Montana. Why doesn't Strode catch more passes? Well, folks, he plays a blocking end. There is a substitute Baulett, a Negro who plays left end and who catches passes for the boys every time he gets in a game.

Willard Cushingberry, of Drake sees a little more service each game as he got in a lot of the Iowa State battle that everyone called an upset because Drake won. The boy plays a lot more line than he is given credit for whenever he gets in. An upset is a win by any team over the one you bet on.

For one week at least we have a Negro who is the nation's high scorer Tom Handing, a Butler University halfback, leads the nation's gridiron scorers and has been a major part of Butler's offense all year. Nice going keep it up. This is the first time in our memory that a Negro was high scorer for the nation.

ginia state were also included in this list. Texas college grabbed a thriller from Arkansas State 13-12, and Bluefield stopped Hampton 7-6. Tuskegee seem to be on her way after toppling Wilberforce, but Florida A. and M. ended all such ideas by taming the Tigers 20-6.
Buddy Glass, who used to play basketball in our "Y" League and pole vault for North High is a member of the Lincoln U. squad of Pennsylvania. He makes all the trips, but they say he doesn't play too much except when they need a kicker. Buddy can kick very well for a little fellow.

High Schools
As East swamped Lincoln a lot of Negroes saw service. Clarence Lucas who got benched for playing too rough after scoring one marker; Davis, Carter and Johnson all got into the fray.

At North Bob White was the only Negro to see much action and he saw only a little, making one thirty five yard run and then being jerked. Bob says he doesn't get a fair shake. We control contend that he will have to make it by being so rough and hard to stop that they can't do anything, but play him. Too many of our high school boys, especially the ones at North, don't battle for positions. They want them handed a silver platter, and then when they don't get what they think they ought to have, they quit. Maybe the coach doesn't care for Negroes, you can earn his respect by fighting instead of crying.

Comet Play Negro All Stars
Daniels Comets will play another Negro team Sunday at Dowling field at 2 p. m. The Chicago All Stars, coached by Duke Slater, will be here. Some of the boys were here with the Brown Bombers, but there will be a lot of new faces in this strong lineup, and they are out to trim the Comets. Of course, we

will all be out to see Vandever run for the locals. For us it will be Bob against the All Stars.
Whiters Boxes Monday
Johnny Whiters will box Ellisham Thompson, big sparring partner of the Baer brothers, on Monday nights card at the Coliseum. The bout will be six rounds. Whiters has had ninety nine fights winning fifty eight by knockouts, and dropping nine decisions. He is twenty-four years old, six feet tall, weighs 195 and has never been knocked out. He expects to make Thompson another step in his climb up the ladder. Whiters has beaten Eddie Simms, twice and Rosco Toles three times, so you know he is no novice.
George Bourland announces the opening of his winter amateur fight card November 3, featuring the Nu Life boys against the Oskloosa team. A week later he opens his Novice tournament. Open to all who have never won a meet.

By the Sampler
This week the Sampler ran into Mrs. S. Barker, 203 Racoon street, who was quite pleased with a season's supply of Picallilli which she made recently. Here's her recipe:

- 1 peck green tomatoes
- Small head of cabbage
- 6 green peppers
- 6 red peppers
- 1 tablespoon mustard seed
- Hand full of onions
- Celery salt to season.

Grind and sprinkle down with salt. Drain over night. Cook in one and one-half quart of vinegar. Sweeten to taste. Stir often and cook until tender—about half-hour. Will make from 8 to 10 pints.

Mrs. Barker is also making preparations for some delicious "mock Cherry pie" for the holiday which she will make with cranberries.

M. R. J.—I have received answers from you several times and I have a problem for you again. Tell me if there is a chance of me getting a better paying job?

Ans: A decided change will take place in your life before the Xmas Holiday . . . you are going to get a new job and it will net you a much better income than what you are making now. I urge you to study and improve yourself as you are qualified to push ahead much faster than you are doing now.

B. W.—I left a package in the cafe the first of this month and I want to know if I will ever get it back?

Ans: Not a chance of your getting it back again. The package was picked up by another guest who followed you into the cafe.

M. E.—Does this man mean me any good and second tell me if my mother's sickness natural or not?

Ans: Your friend A. W. is mighty fond of you . . . in fact you are the only girl that he does go with. Your mother's condition is entirely natural and she should consult with a doctor before the condition becomes any worse.

Entrenous

With Halloween so very near the old as well as the young are playing little pranks and celebrating with parties, dances, etc. . . . Someone decided that taking the screens from the windows of the beauty school and taking some of the students purses would be a nice prank . . . but the girls didn't think so. For whose benefit does Johnny L. play (with one finger) on the "Y" piano each noon "Kiss Me Again"? . . . A group of young business women has been recently dubbed "The Trio of M's" . . . (Mayberry, Maupin and McCraney) . . . Will somebody tell me just what has happened to the Brown-Gray-Boyle triangle affair? . . . Why about twenty young men have a sudden growing interest in the "Thoro-Bred" club and feel that the young maidens cannot go home alone after club at the present time? . . . What there is between B. M. and F. F.? And is E. C. in on it too? . . . What has prompted Arnold M's renewed interest in his work? . . . He told me her name but it has slipped my memory . . . Do you remember Paris? . . . Will someone kindly tell the Bystander Ace Reporter (Marie R.) just who that nice looking young man, dressed in brown and meets her when he comes from work every morning about 8:30 a. m. is? . . . The question has been asked a million times . . . Please send in or tell her the wanted information . . . Who is the young lady that desires to be with Geo. Mc. just one hour? . . . Is she crazy or insane? . . . I think this is enough for this week, now what do you think? . . . The Sepia Tattler

SMART CLOTHES IN SMART PACES

(By Hazel L. Griggs for ANP)
Chicago—The Joe Louis Horse Show, held here last week-end, brought out some of Chicago's most charming and smartly dressed women. A hint of autumn in the air—just enough to make one's new fall suit feel comfortable, made the day perfect for crisp new tweeds, colorful woollens and ensembles in suede, which were all a part of the voguish spectator sports picture.

Mrs. Julian Black, wife Joe Louis' manager, attracted many eyes in her two-piece suit of yellow-plaid wool. The jacket, worn over a baby blue angora sweater, was nipped-in wasp waist style, and the skirt, gracefully pleated, danced as she walked. A gold suede, high crown hat with an exciting red feather topped her costume. Mr. Black, stealing a bit of feminine thunder, accompanied his wife, wearing brown suede wedge-soled oxfords. This popular style of footwear apparently is gaining favor with men as well as with women.

Mrs. Joe Louis, who rode in the show, was as smart and pretty as ever in her trim black riding habit, and proved to be an excellent equestrienne as well. Mrs. Lillian Sum-

Confidential TO MEN ONLY
GEORGE: What the heck happened to your Uncle John's hair? For years it was gray, he looked old, now it is jet black and he looks 15 years younger. I can't understand it!
HENRY: It's supposed to be a secret, George, but I'll tell you. He colored his hair with Godefroy's Lariose. Yep!... and "judged" a little on his age—got himself a good job. Better watch out, George! Uncle John might steal your girlfriend.
Is your hair peppered with gray? Are you out of a job because "you're too old"? Are you losing out on love—no more good times—because you look too old to join in the fun of the younger set? Then do what thousands of men have done—use Lariose, the hair coloring that makes hair soft, glossy, uniformly colorful and takes years off your looks. IF YOUR DEALER DOES NOT HAVE IT, SEND \$1.25 (no extra postage) DIRECT TO:
