## Happenings and the People

### What Howard Students Think

Washington (ANP)—In answer to the question, "Do you think it desirable that young people postpone sexual relations until after marriage?" 222 Howard students in a student opinion poll, say no and 209 say yes, in the tabulations recently released by members of the group interested in the student body thinking.

At the same time, the same group of students, from among 500 polled, said that Howard students did not drink too much absolving critics who have inferred that too many of the students spend their time following the call of Bacchus.

Other interesting questions indicated that their favorite book was "Gone With the Wind," with "Native Son" second. At the same time, the student majority voted "Gone With the Wind" the best motion picture they have ever seen.

Little Rock, Ark. (By Bishop J. A. Gregg for ANP)—The 31st general conference of the African Methodist Episcopal church is now a matter of history. It is certainly gratifying to those who were responsible for its entertainment to hear on every side such a general expression of satisfaction. Bishops, general officers, ministers, and laymen, who have attended many general conferences have, without solicitation, praised it as one of the best in the history of the church.

## Last Rites for Rev. Lucas, Shiloh Pastor

Funeral rites for the Rev. Jerry L. Lucas, 60-year-old pastor of the Shiloh Baptist church, were conducted Wednesday afternoon, June 5, from the Maple Street Baptist church, with the Rev. A. Ross Brent officiating.

The Rev. Mr. Lucas died suddenly Saturday morning, June 1, following a heart attack. He was at his home at 506 Sheridan avenue, preparing to go to work at his barber shop that morning when stricken.

The Shiloh pastor was active in the Central District Baptist Association.

### \$1300 BONUS DIVIDED AMONG 74 RED CAPS

St. Louis (ANP)—After signing of an agreement between the Terminal Railroad association and the Brotherhood of Railroad and Steamship Clerks here last week, \$1300.16, April profits of the 10-cent a bag luggage-carrying plan, was divided between 74 Red Caps at the Union Station.

Total profits of the plan's first 30 days, the sum was distributed in proportions based on the amount of money each employe had turned in. The highest dividend paid was \$62, more than the employe's basic wage of \$57.60 for the four week period. Thirteen men failed to earn more than the minimum wage of \$2.40 a day, it was revealed.

## Tuskegee's 72-Year Old President Emeritus Had Succeeded Dr. Washington

Tuskegee Institute, Ala.—News of the death of Dr. Robert R. Moton, President Emeritus of Tuskegee Institute, which occurred at Capahosic, Virginia, May 31, shocked and saddened the Tuskegee Institute campus as nothing has done since the passing of Booker T. Washington in 1915. Succeeding Booker T. Washington as president of Tuskegee, Mr. Moton became one of the most famous Negro educators in America. He died exactly five years from the date of his retirement.

Born in Amelia County, Virginia, August 26, 1867, a son of Booker and Emily (Brown) Moton, Mr. Moton graduated from Hampton Normal and Agricultural Institute, Va., in 1890. He finished post graduate work in 1895. He was Commandant of Cadets at Hampton Institute with the rank of major from 1890 until his appointment as principal of Tuskegee Normal and Industrial Institute in 1915, succeeding Booker T. Washington, the founder, who died in 1915.

Tuskegee Institute was founded in 1881, with two buildings and 30 pupils. In 1928 it had grown to more than 2,500 acres of land, 120 buildings valued at \$2,201,536; employed more than 250 teachers and officers, and the student enrollment was then over 1,711.

During the year of 1916 when he was elected the second principal of Tuskegee, the degree of laws was conferred upon him by Oberlin College, Oberlin, Ohio; Virginia Union, Richmond; Wilberforce U. Ohio; in 1920 Williams University; and, in 1930, Howard University.

## Potential 'Fifth Column' Seen in Negro Jobless

Chicago—A potential fifth column or Trojan horse element lies in the unemployed ranks of Chicago's 300,000 Negroes, the majority of whom are now on WPA or on relief, Rabbi Louis Binstock of Temple Shalom said Thursday, May 23, in greeting the metropolitan Chicago conference on unemployment problems of the Negro, which was held in the Morrison hotel.

"There is more than the lesson of military preparedness to be learned from the present tragic situation in Europe," Dr. Binstock said. "We have seen a democracy turn overnight into a dictatorship. Will we also learn the lesson of industrial preparedness not to waste our resources in human material? We have relegated the Negro to kitchen. We should add to life, liberty, and the pursuit of happiness the right to a job."

### Emphasizes Need for Unity

"We need a united people to preserve democracy. If this group continues dispossessed and denied it constitutes a potential fifth column. Not that it wants to be. It does not seek to hate but is driven to it. We cannot afford this in the crisis of the world today. If we do not control our problems a dictator may come and control us."

H. L. McCarthy, regional director

Negroes in 1920, Mr. Moton was winner of the William E. Harmon award in race relations, which entitled him to a gold medal and \$1,000 for his work in education in the interracial activities of the Y. M. C. A., as a member of the commission on Interracial Cooperation and for his book, "What the Negro Thinks."

In 1932 he received the Spingham award for his "thoughtful leadership of conservative opinion and action on the Negro in the United States, as shown in the U. S. Veterans Hospital controversy at Tuskegee, by his stand on education in Haiti; by his support of equal opportunity for the Negro in the American public school system; and by his expression of the best ideals of the Negro in his book, above mentioned.

Other writings to his credit are: "Racial Goodwill," 1916; "Finding a Way Out," 1920.

Dr. Moton was connected with many organization, and commissions, in all walks of life. He was a Baptist, a Mason, a K. of P. an Elk and Independent Republican.

**Survivors**  
Surviving are: wife, Mrs. Jennie Booth Moton, president of the National Federation of Colored Women, Inc., daughters, Mrs. F. D. Patterson, wife of the president of Tuskegee; Miss Charlotte Moton who is a student at Hampton Institute; Robert R. Moton Jr.; assistant secretary of the National Business League; and Allen Moton, musician.

Joshua Blanton, half-brother, is principal of Voorhees Institute, Denmark, South Carolina; and another half-brother lives in Philadelphia.

of the Social Security board, said: "For most workers the idleness of dependency is no holiday. It is a desolate, shameful experience of being unwanted and useless. The unemployed have known real work, often unsatisfactory in its wages and hours, but real in the opportunity it gave them to prove their value to themselves and to their families, to justify their personal existence, to be active, productive members of society. We are attempting to destroy the myth that those who are unemployed—through no fault of their own—are undesirable members of society."

### Part of Nationwide Move

Lawrence A. Oxley, supervisor of the Negro placement service of the Social Security board, explained that the conference was part of a nationwide effort to alleviate the problem of unemployment. Twenty-seven similar conferences have been held. These have led, he said, to permanent commissions on Negro employment in six states, and hope was voiced that many more would be established.

Many factual studies were presented at the conference, as were plans for training and methods of raising the incomes of the Negroes.

Wendell E. Green, a member of the civil service commission, welcomed the conference on behalf of Mayor Kelly.

## EASY NOW TO CORRECT BAD BREATH

No need to offend others—Listerine, quick deodorant, sweetens breath

Now there is no excuse for offending others with halitosis (bad breath). The quick, easy treatment to counteract this condition is Listerine. Simply rinsing the mouth with it makes the breath cleaner, sweeter, more wholesome.

Most cases of bad breath, says one dental authority, are caused by fermentation of tiny food particles the tooth brush has failed to remove.

When Listerine is used to rinse the mouth, it halts fermentation and overcomes the odors it causes.

Smart men and women realize that it is easy to offend others and take the pleasant Listerine precaution against bad breath. Lambert Pharmaceutical Company, St. Louis, Mo.

## Ask FDR to Eradicate Prejudice

Cleveland, (ANP)—Un-American standards, long practiced, but never as seriously menacing to the country's welfare as they are today, were brought to the attention of President Franklin D. Roosevelt this week in a pointed communication sent by the Future Outlook league, an organization composed of Negroes in the new defense program as well as in departments of government vital at this time, the letter said, and asked the incorporation of Negroes into all phases of the American program.

Depleting his background in America since the time of Crispus Attucks, the Negro was shown never to waver in his loyalty to the country, despite increasing justification.

"But now, with the machinations of fifth columns and other traitor groups, the unemployed Negro sector of America may prove a fertile field," the letter continued, "if the Negro is not recognized and included in programs of work and defense."

"It is true that under your wise and good leadership the Negro has received recognition as a citizen in many departments before denied him," Mr. Roosevelt was told. Conditions one nation in order to defend the coun-jeans of all races work together as abroad, however, demand that America as a harmonious group, the letter declared.

# Wings Over Jordan Choir 'Fill' Hearts with Songs

By Roberta L. Maupin.

A nationally famous group of singers known as the Wings Over Jordan Choir was heard in an hour of interpreting Negro spirituals, Thursday, May 30, at the Shrine auditorium.

Several hundred people listened to this group of singers who have gained wide recognition as a result of their weekly broadcast over a national hook-up. After listening to the Wings of Jordan choir one could not help but have a deeper appreciation and better understanding of the Negro and his songs.

**Group Well Trained**

Although the critic would immediately recognize the fact that these voices were untrained, the beauty of tone blending, the ability to make the audience feel the songs sung had a tendency to disarm the criticism, it might well be said that it almost defies it.

The renditions of these gospel songs were beautifully described by a simple listener, when he said, "The filled my whole heart!" The richness and purity of tone, both in melody and harmony, the contrast of light and shade, the varieties of gentleness and grandeur in expression, and the exquisite refinement of the soft tones, as contrasted with the power of the loud (forte), filled one with delight.

**Moral and Religious Power**

As we listened to the singing of this group, we were fully aware that religion is the comfort and the refuge of the Negro who pours forth his emotions in song; that there is naturalness in the dynamic rhythm and the melodies handed down from the African captive into the heart, body and soul of the American Negro by way of these beautiful songs that this choir was singing.

A picture filled with pathos, hope and faith was brought before the listeners and we no doubt thought

of the background of these songs, too beautiful in their melody for one to express—we thought of the African natives landed in America in 1619; Africans of various tribes, with rhythms of their wild barbaric drum beat and weird melodies still throbbing within their hearts, we thought of the hundreds of other Africans brought to this continent.

Many of them not speaking the same language, and each with a different rhythm of drumbeat in his blood, a new faith in the teachings of the Bible, sorrow in their hearts, religion their comfort—we thought—these are the songs in which our ancestors poured out their emotions—what a marvelous contribution to our American life.

**Mr. Worth Kramer**

Worth Kramer, director of the Wings Over Jordan choir, proved in his directing of the Des Moines concert that he has a vast knowledge of the Negro and his music, that his knowledge is that of a highly sensitive and talented musician with a sympathetic feeling for the music of the race.

The successful performance of the choir was due to the fine directing of Mr. Kramer, who is a composer as well as a director. Mr. Kramer's interest in the Negro and his music is further proof that music tends to rid one of racial hatred and misunderstanding in his race for the Negro.

It is obvious that much can be done by Mr. Kramer in creating better racial Here's hoping that we may find many more individuals like Mr. Kramer.

# 'Relief Is not Permanent Help' Says Sec'y. Wallace

**'Relief No Permanent Help'**  
Says Wallace

Washington, (ANP)—"Relief leaves families in the end no better able to support themselves than the beginning," said Secretary of Agriculture Henry A. Wallace in addressing the senate appropriations committee on the relief appropriation bill for 1941.

"Already it is apparent that the impact of war is falling more heavily on the farmer than on any other group in this country and that it is striking with the greatest force on that part of the farm population which is most handicapped and least able to withstand it," he said.

Sec. Wallace outlined the program which his department has followed in

attempting the rehabilitation of the needy farmers, which he declares has gone ahead at a considerably lower cost than the direct relief or work relief, which in cities costs about \$800 per family per year. Rural relief work costs from \$350 per year upward, while rehabilitation, counting losses on loans, the cost of supervision and every other item of expense, cost only about \$72 per year per family.

M. E. institution.

Last year the association accredited Wilberforce after years of effort by the school. This meant that its graduates could go out into the world with the same academic rating as the products of other schools. The associations now considering withdrawing this approval because the board of trustees, influenced by Mr. Gillespie, has rehired professors and faculty members dismissed by Dr. Walker.

The present Walker-Gillespie fracas is an extension of the difficulties encountered for 50 years. A half century ago the state decided to establish a normal and industrial school for Negroes and chose to link it with Wilberforce. There has been a constant struggle since then between church and state because Ohio set up a board of trustees to handle its end and the university naturally had its own board.

Dr. Walker, a former A. M. E. pastor in Cleveland, is a Democrat. Attorney Gillespie is a Republican. During the 1938 political campaign in Cleveland's 11th ward, while the Wilberforce president was campaigning for Martin L. Davey and other Democratic candidates, Dr. Walker urged citizens to vote the ticket straight. Attorney Gillespie became incensed and avowed revenge.

Augustus Anderson of Waterloo, state director of the Elks educational committee and his assistant, Mrs. Gertrude North of Des Moines, held a joint meeting of their committees Sunday, June 2, at the Elks annual picnic, at Horse Shoe Lake. ### DON'T SIMMER THIS SUMMER

Keeping cool in summer has long been a matter that baffles the host of us. While there is probably no really satisfactory solution to the problem other than air-conditioning, there are a number of ways of being less uncomfortable and looking at least reasonably cool.

One of the first rules, of course, is to wear light weight clothes. Ordinarily, I have always found cottons cooler in summer than silks, per se, because of the knowledge that silks and wools, snug fits, should be avoided in extremely hot weather. You can look trim and chic having your summer dresses amply fitted as your winter ones, gaudy, Joe Make-Up Lightly

and winter shades. The paler, pinker shades will harmonize better with pastels and will give a cooler effect. For some unknown reason, the cooler we look, the cooler we feel.

Warm and Cold Baths I can't stress too much the importance of frequent baths in hot weather. Not only are they necessary to cleanliness and beauty, they are important to comfort as well. A cold bath in the morning will start you out refreshed for the day's work, but in the evening it is wise to take a lukewarm bath before retiring, regardless of the temperature. Lukewarm baths are soothing to the nerves and conducive to sleep.

Above all, don't hurry. Take everything in your stride and don't let anybody rush you. Remember that haste makes waste, and in this case it makes waste of beauty, comfort and good grooming.

What are your beauty problems? Write Marie Downing, Larieuse Beauty Foundation, Room 521—119 North Fourth St., St. Louis, Mo., and she will be glad to answer them. Be sure to enclose a self-addressed stamped envelope.

A. P.—I have planned a trip for the coming July and am undecided about taking it or not?

Ans: Yes of course you must make the trip—the change will be excellent for you. Everyone is much better off to get away for a few days each year, so don't let anything interfere with your going.

P. F. L.—I'm terribly in love with a Methodist preacher and I want to know if he is going to marry me or not?

Ans: He's not looking for a wife. We know that he is much more popular by staying a single man, so don't lose your heart to him.

L. M. B.—have been here for about a month or two and have gone in business with a man. Please tell me if this man is going to try and beat me out of everything that I have?

Ans: Well, it wouldn't hurt to watch him. You have just as much as he has invested in this business and it is my suggestion that you keep a watchful eye open so that you won't have any worries. If you don't give him a chance—he certainly won't pull any stunts.

E. F.—The man that is coming to see me now, would I be happier with him for a husband or continue to work as I am now doing?

Ans: You are working, have a good job but you aren't happy. I firmly believe you would be happier to get married. This fellow is a good man and will do all that he can to make you rappy.

R. G. C.—I'm kinda young but I have a heart the same as older ones. When I see one particular person my heart nearly jumps out of me. Feeling as I do, what would be the proper thing for me to do?

Ans: Exercise patience and the heart thumping will take care of itself.

Rather Late

According to an announcement from Washington, the civil service commission and congress plan to prevent communist, German bund and possibly other so-called enemies of the government from securing employment on the federal pay roll.

Not being familiar with the Communist ideology I can't say whether Mary and Jan are true representatives of the party or not.

Of course the Bystander still thinks that these so-called undesirable people should not be permitted to work for the state or national government and the quicker that they are weeded out the better off we shall be.

SUPPORT THE RED CROSS

The American Red Cross is appealing for funds for use among the war stricken people of Europe. In fact conditions are so appalling that the organization has asked the public for twenty instead of ten million dollars.

Sometime ago a friend inquired of the Bystander as to what the Red Cross did when Italy invaded Ethiopia. At the time we did not have to record but asked the local office here to furnish it.

Some can give heavily, some very little. All in all the money will be raised. After all the spirit of the giver does count.

THE PRIMARY

The voting at the primary election Monday was light bearing out the fact that, except in a very few instances a rather quiet campaign was conducted.

Of course there is but one conclusion to draw from the governorship race and that is Mr. Gross got the negative vote; that there is some substantial dissatisfaction with Gov. Wilson.

Which all goes to show that the Republicans have a real job on their hands if they expect to win in November. There is still time to remedy some of the evils if tackled at once.

WHO AM I?

- 1. Born on a farm near Baltimore. 2. Was taught to read by his grandmother when very young. 3. Finished country school before the age of fifteen. 4. Unable to attend college; went to work on his father's farm but kept up a keen interest in mathematics. 5. With only a pocket knife and a few pieces of wood, was first to invent a striking-clock in America. Also invented a plow, a washing-machine and a cotton gin. 6. Became very interested in astronomy and wrote an almanac which was very much like our almanacs today. 7. Helped to plan the famous city in America. 8. Was honored by the first president of the United States of America.

WHO AM I?

See answer in the next issue of the Bystander.

The answer to the "WHO AM I?" in the May 30 issue was Paul Cuffe, a famous sailor.

NEW BOOKS

(Review of "Native Son" continued from last week by Louise Glass)

Not being familiar with the Communist ideology I can't say whether Mary and Jan are true representatives of the party or not. If they are, it is safe to say that young Communists have a lot to learn about the way human nature develops.

We may not care for Mr. Dalton's rob Peter to pay Paul brand of philanthropy, but at the same time we can't exactly ignore his donation of five million dollars for Negro education.

There can be no question as to whether or not poverty breeds crime. But there certainly are a number of other reasons for crime besides poverty. Not all poor people are criminals. Neither is the wealthy class free of crime.

It is hard to see why Mr. Wright took such great pains to dramatize two certain scenes during Bigger's fight. They seem to contribute little or nothing. But if he just had to use these scenes they might just as well have been implied, rather than given in step by step detailed account.

We don't want to tear off a single one of Richard Wright's, but we hope that in the future his splendid talent will be spent on something

SUMMER PARTY FROCKS

WIN SPOTLIGHT

With commencement parties and gala wedding festivities filling special calendars around the country, the fashion spotlight turns on summer party frocks, the light and airy dancing whimsies which will grace gleaming floors and smooth cut lawns for a brief, but enchanting period now.

The matchmaking and general direction will again be in charge of George Bourland, operator of the Nulife Athletic club and gymnasium whose teams have captured most of the major amateur tournaments in the state over the past several years.

Diverting a bit from time-honored patterns, a very new number, "Fiesta," offers a combination evening ensemble which is as gay as summer itself and delightfully inexpensive.

Opening Boxing Show Wednesday Night

The initial program of the summer series of boxing shows to be held in the "Y" outdoor ring will be staged Wednesday evening starting at 8:15 p. m. The fight attractions have been held each summer for the past five years and, excluding the Golden Gloves tournaments, are the most popular amateur fistic bills in the city.

The matchmaking and general direction will again be in charge of George Bourland, operator of the Nulife Athletic club and gymnasium whose teams have captured most of the major amateur tournaments in the state over the past several years.

The track committee and a number of interested business men and members of the Branch are busy selling season tickets for the shows, which are sponsored for the purpose of providing assistance to enable worthy boys attend camp each year.

LYNCH AND JONES SUFFER SET-BACKS

Both our fighters finished second in their bouts over the week end, and it would have been just as well if the original postponed bouts had never come off. Frank Jones got his chin in the way of one of the ham-like hands of Big Ed Murray at Waterloo. Jones didn't get by the first round and came home with knots on his head as big as baseballs.

Al Powell, after a long absence from the ring took on a big muscle-bound white boy so full of holes that it will take a blue-print to find his mouth. Al got sort of tired in the last round, and the boy did a little punching of his own, and you should have heard the crowd holler. Powell's nose, mouth, and dignity were mused up some in that last round.

across the river, and galloped home with a win.

Jackie Gans made a trip to Omaha Monday and got himself a third round kayo over a boy from Los Angeles fighting on the card there between Vinciquerra and Arne Anderson. Jackie gets a lot of work and is using his spare change wisely. The boy says he has no delusions about getting into the big money, and all he wants to do is make enough to start himself some sort of business, and have a little nest egg. Nice going, Jackie.

EAST WINS CITY MEET.

Ho Hom, East High won another track meet. Led by Bill Mash, who won both dashes, the Lee township boys renewed their lease on the city track title. It looked as if the boys from over the river had put all their energy into winning the state title the week before, and they let down in the city meet. There really was no incentive for hustling all the way, and the boys just sort of took things easy. Mash might have busted the city hundred record, but he wasn't pushed enough. Chuck Holmes finished third in events that he had been winning all year, the hurdles, and the broad jump. He won the low sticks, however. Bill Springs got some points in the high jump, but as we say, the East side boys were just tired of winning, and never put on the pressure. North was handicapped by the loss of Del Morrison, and Joe Johnson, the "lap and a half kid." Del had a bad leg, and Johnson apparently managed to come up with a third in the four forty.

EWELL WINS THREE EVENTS

IN I. C. A. A. A. MEET

Barney Ewell, who showed the boys his heels in the Drake Relays, let us all know that his win here was just another win. Competing in the I. C. A. A. A. meet, the one that California schools always have a corner on, Barney galloped him in front in the century, two twenty and the broad jump. No less illuminating was the news that Ed Duggers of Tufts set a new mark in the high hurdles, and then led the pack home in the lows. Jimmy Herbert of N. Y. U. raced home in the quarter mile and anchored his mile-relay meet home in this meet, finishing second. Barney also won three events, the same three against the Navy the week before, marking the first time that the boys from Annapolis has completed against Negroes in duel meets.
