Says Negro Sharecroppers Are Better Physically

Iowa City, Iowa—The Negro sharecropper of Mississippi are in better physical fitness than the white sharecroppers in the same state, according to Dr. D. B. Dill of the Harvard University fatigue laboratories.

Dr. Dill addressed delegates to the State University of Iowa's eleventh annual two-day physical education conference here June 13 and 14.

According to Dr. Dill, who poured together records on Harvard students, white and Negro sharecroppers and the ten best football teams in the country, no longer can the "south be

called the land of languor and the north the land of vim and vigor.

In fact Dr. Dill would only point out the extraordinary records of the football teams from Georgia, Alabama, Louisiana, Tennessee, and Texas in recent years to prove his point.

"The virtual absence of first rate teams in New England leads me to think that the old yankee stock is 'petering out,'" the Harvard fatigue experts stated.

Dr. Dill spent much time debunking what he termed "the deep-seated opinions held by some geographers that people living in hot, humid climates are lethargic, even torpid."

The publishing establishment in November, 1939, charging that the Chicago Defender had published a news story which libeled and defamed his character. The story grew out of rumors that Rev. Cobbs was connected with the death of a Chicago youth last fall.

Boyd (left), Lester Banning (rear) and Oscar Glass are shown at police station Monday when they collected the \$904.88 church collection money left there Sunday night "for safe keeping." Captains In St. Paul Rally Report \$900

The Trustee Rally at the St. Paul A. M. E. church came to a close Sunday, June 16, when captains and workers in the financial campaign reported this week approximately \$900 for the bonded debt of the church. Collecting a total of \$904.88 Sunday night, the officers sought the protection of the "police department" as an "overnight bank" for the "safe-keeping" of the rally money.

Police said that about 10 years ago—before wide use was made of night deposit vaults at banks—the department kept money overnight for various lodges and schools following entertainments or sporting events.

Monday morning the Rev. H. C. Boyd and two trustees of St. Paul church arrived, all smiles, to receive their money and take it to a bank.

Of the twenty-one workers in the rally, Mrs. Alice McDowell the only woman on the trustee board of the church, raised the largest amount, reporting over \$270.

Other workers were: trustees—O. L. Glass, treasurer; Atty. S. Joe Brown, secretary; D. B. Redmond, Lester

Carl, S. A. Walker, Robert P. Dacus, and the Rev. Mr. Boyd.

Mrs. Beatrice Green Miss Doraclva Mackay, Miss Fannie Williams, Mrs. Thelma Reeves, Mrs. Maude Wyatt, Mrs. Virginia Martin, Mrs. Lela James, Mrs. Bessie Green, Mrs. Gwendolyn Fowler, I. C. Burrell, Atty. Melvin Carl, Irwin White, completed the list of workers.

And to show that she means it, Aunt Scilla, as the aged woman is familiarly called by her relatives and friends becomes enraged when told she is too old for remarriage.

Though she is almost deaf, Aunt Scilla is still active, and until about four years ago, she had to thread the needle for her 83 year old daughter to sew. She has outlived her three daughters and now resides with a granddaughter, Lesla Bass.

Bethel A. M. E. church, will hold its fourth and last quarterly meeting, Sunday, June 23. Rev. W. H. Ogelton, presiding elder, will be the afternoon speaker and the Burns M. E. church choir will sing. Rev. H. J. Parker is pastor.

Lack of Hospitals, Medical Facilities, Causes High Death Rates, Says Walton

Philadelphia, (ANP)—Lack of more hospital and medical facilities is chiefly responsible for the Negro's high death rate from tuberculosis, pneumonia, heart disease and childbirth, Lester A. Walton, United States Minister to Liberia, pointed out in delivering the commencement address at the Dr. Henry M. Minton, medical director, held Thursday evening.

The following facts and figures may be revealing and interesting," declared Minister Walton. "In the United States there is one hospital for each 107,000 colored, and one hospital for each 19,000 white; there is

one hospital bed for each 1,000 colored and there are seven beds for each 1,110 white; there are 1.1 physicians and hospital beds available to each colored physician and seven hospital beds available to each white physician. In the state of Mississippi where the colored population out numbers the white population there are 65 hospital beds for 1,000,000 colored citizens, one for each 16,000 and 8,000 hospital beds for slightly less than 1,000,000 white citizens, or one for each 125. In Texas there are less than 200 beds for 850,000 colored citizens or one for each 42,500, compared to 28,000 beds for 4,000,000 white citizens or one for each 125."

Church Row Taken To Police Court

"Go back to your little church and settle your differences in Christian fellowship," Municipal Judge Don G. Allen Wednesday told members of The Church of God, 1151 Third street. Two members had been charged with disturbing the peace, in connection with interruption of a recent meeting in the church and Eddie William O. Dickens, spiritual "overseer" of the congregation, testified as to the demonstration.

Judge Allen looked over the articles of incorporation of the religious group and held that the members charged with creating the disturbance were members of the church's governing body and as such had a right to share in management of the church property.

As to their assuming the pulpit and the spiritual leadership of the church, however, he said "police court is no place to settle" that; you should get together and talk over your troubles in the true Christian spirit of co-operation and forgiveness."

UNITED CHURCH OF CHRISTIANS FOR MRS. WICKLIFF

Funeral services are set for Saturday at Corinthian Baptist with the Rev. G. W. Robinson, pastor, officiating. The time is 2 o'clock.

Aside from the above relatives Mrs. Wickliff is survived by another sister, Mrs. Mary Williams of New York City, a niece, Mrs. Phillip Payne of St. Paul and Mr. Payne, Mrs. Edna Johnson Morris and Mrs. Lucy Johnson of Gary, Ind., will come to the city for the funeral rites.

The L. Fowler and Son funeral directors are in charge of the body.

C.I.O. Head Tells NAACP Convention 'Hoover Had Been Blamed Wrongly'

Philadelphia, Penn.—C. I. O. President John L. Lewis Tuesday night charged President Roosevelt made depression and unemployment "a chronic fact in American life" and asserted former President Herbert Hoover had been wrongly blamed for the American economic collapse.

Lewis went out of his way to absolve Hoover of responsibility for the depression, declaring only "self-seeking politicians" blame the former president.

Lewis was speaking before the National Association for the Advancement of Colored People convention which opened Tuesday at Tindley Chapel.

Significance.

Considerable significance was attached to the C. I. O. chief's words since they were spoken as Republicans gathered for their 1940 convention where there has been talk of Hoover as a possible "dark horse" presidential nominee if the leading contenders deadlock.

Lewis said New Deal policies and "weakness" of its leaders "have kept this country in depression for seven more years," although it was on its way out of economic collapse in 1932 under policies Hoover pursued in co-operation with other nations.

"Program"

"Increased national income and em-

ployment for all Americans is a fundamental and imperative problem, which the major political parties and the government must face," Lewis said.

"It is equally tragic the political party in power, and its spokesmen, have even now no suggestion to offer for national unemployment, except that possible involvement in an European war may relieve them from the responsibilities of unsolved domestic problems.

"Repugnant"

"Involvement or intervention in the European war is repugnant to every healthy-minded American citizen. The American electorate is anxious to demonstrate this fact in the political election of 1940."

Lewis's remarks before the National Association for the Advancement of Colored People convention, were so sharp it appeared he had broken all the ties that bound him to the New Deal for which he deserted the Republican party after Mr. Roosevelt's first election.

The C. I. O. leader appears before the Republican resolutions committee today and will tell what he expects for his support in the coming election.

"But his words also raised the question of how much of the C. I. O. vote—it claims four million members—can be taken away from Mr. Roosevelt if he seeks a third term.

Captains in NAACP Drive Report Over 250 Members

"Have a purpose in life—to go forward consistently—to do something better" was the theme of the message delivered Sunday afternoon, June 16, at the public meeting of the Des Moines Branch of the N. A. A. C. P. by Mrs. Horace Hollingsworth, guest speaker.

The public meeting, presided over by Mrs. Georgine Morris, president, was the close of the membership drive which revealed a total of over 250 members taken by captains in the recent campaign. The membership meeting preceded the national convention of the N. A. A. C. P. which opened on June 18 at Philadelphia and is being attended by delegates from the Des Moines branch.

Mrs. Hollingsworth, a member of the branch, a former chairman of the Des Moines Interracial Commission, and a nationally known church leader in the Methodist church, used as her subject, "A Purpose in Life", speaking to an audience at Corinthian Baptist Church.

Mrs. Hollingsworth pointed out as examples of persons and organizations with a purpose—Lawrence Jones, founder of the school in Piney Woods,

CHICAGOAN HAS LARGEST NEGRO CONCESSION IN U. S.

Chicago, (ANP)—LeRoy Tyree, enterprising Chicagoan, at 30 has charge of the largest concession completely operated by Negroes in the United States. The concession, located in Washington Park in the heart of Chicago's southside, includes a number of refreshment stands and a boating

Miss. Mrs. Mary McLeod Bethune, Nathaniel Dett, and organizations including the Interracial Commissions and the N. A. A. C. P. which has forged ahead for the progress and good will of others.

"First have a purpose and go forward consistently for something worthwhile, was the speaker's closing plea.

Mrs. Morris, the president, made a plea for more members to the organization. Regarding the delegates from Des Moines who are attending the National convention in Philadelphia this week, Mrs. Morris said, "we are not spending all of the N. A. A. C. P.'s money sending delegates to the convention as some persons believe."

She explained that the organization offered only a certain amount of money for delegates and they could take it or leave it.

The delegates are Mrs. Morris, Mrs. Gladys Carr and Mr. Ike Smalls, who consented to pay his own expenses to the convention Mrs. Morris pointed out.

Appearing on the program of the afternoon were: Miss Clara Webb who presided; Miss Quandjanice McElroy who played a piano solo; and, Miss Roberta Maupin who offered a vocal solo.

The concession affords employment for 40 colored men and women.

Mr. Tyree says his exhibition is to make Washington Park, which is one of the city's most beautiful parks, a popular spot for Chicagoans and visitors.

Amateur Paper Hanger.
Hint for amateur paper hangers:
When patching wallpaper, tear the
piece you need out of the roll in-
stead of cutting it. This will give
it a feathery edge that will not show
as much as a sharp edge. Also, if
in cleaning your wallpaper, you
have taken the color out, you can
successfully touch it up with water-
color paint.

EASY NOW TO CORRECT BAD BREATH

No need to offend others—
Listerine, quick deodorant,
sweetens breath.

Now there is no excuse for offending
others with halitosis (bad breath). The
quick, easy treatment to counteract this
condition is Listerine. Simply rinsing
the mouth with it makes the breath
cleaner, sweeter, more wholesome.

Most cases of bad breath, says one
dental authority, are caused by fer-
mentation of tiny food particles the
tooth brush has failed to remove.

When Listerine is used to rinse the
mouth, it halts fermentation and over-
comes the odors it causes.

Smart men and women realize that
it is easy to offend others and take the
pleasant Listerine precaution against
bad breath. Lambert Pharmaceutical Com-

NEWS OF EARLY DAYS IN IOWA FROM BYSTANDER FILES

(From Bystander Files) Mr. Brown of Muchakinock was in the city this week attending the Sunday School convention. Sam Mash, a colored attorney, was found guilty in the federal court by a jury on two counts. Waddy Caloway wants it distinctly understood that his horse and buggy be left alone while standing in front of the East Side Baptist church. . . . Everybody we see is talking about going to the basket meeting at Greenwood Park next Sunday. Plenty of good cold ice water and good singing. Take Ingersoll car. . . . The Bystander was late this week but came duly at hand Monday. . . . A certain gent in our city has been repeatedly disappointed by his girl. There is nothing like a true gentleman. . . . Services Sabbath at the First African Church of Christ, Rev. F. Lomack, pastor. . . . It was amusing last week to see Jason Green on his wheel and his family in a carriage taking a trip to the country.

Fashions From June 1896 styles—Beautiful designs in Louis XVI trimmings are broad bands of black lisse, with irregular or straight edges, covered

with natural-tinted flowers, and remembrance lace scrolls in white . . . tulle and chiffon, with a satin edge, are sold by the hundreds of yards for neck ruffles and frillings on capes, parasols and gowns. Stylish felt hats are of good proportions, some being folded over so as to form a double brim over the face, and finished with an enormous osprey feather and four plumes. . . . The latest freak of fashion in England is for lady cyclists to have their wheels the same color as their costume.

Politics (From an editorial June 19, 1896.) We saw a list of twenty names alleged to belong to a club, and said names were written by the same person. These names are taken to office-seekers and charged for at the rate of so much per head. The Afro-Americans are being sold! Possibly Jake Robinson or George Taylor can give some light on this subject. Is the standard gold, 16 to 1 silver, or kegs of beer? World News in 1896 From the "All Over the World" Column—Washington—In a conference between President Cleveland and Senators Gray, Sherman and Lodge, the president said he had decided to address a communication to the Spanish government with the view of bringing the premier and the cabinet to a realization of the obligation resting on the United States to stop the barbarous warfare conducted by the Spanish officers and soldiers in Cuba. (New York) The rowboat Fox, manned by Captain George Harbe and Frank Sampelson, two young Norwegian sailors, has departed for Havre. The boat in which these sailors will attempt to cross the Atlantic is 18 feet, four inches long, and five feet four inches in her beam. She draws about eight inches of water fully loaded, is clinker built and for double ended. . . . (Firket, Egypt)—This point has been taken by Egyptian troops, enroute to Dongalo, and their manner of acquitting themselves in this, the first engagement of the Nile campaign, has given great satisfaction to the British officers in command of them. . . . (San Francisco)—The passengers by the steamer Peru, from China, report that the black plague is gaining alarming proportions in the Orient.

Vitamin-Producing Fishes A strange fish with a lot of names and without any friends until recently is providing the richest known source of vitamins A and D. The ling, lawyer, losh or burbot is the fresh-water member of the cod family. This fish lies low in warm weather, preys on game fish in cool weather, and its liver, which is one-tenth of its weight, is 30 times richer in vitamins than cod liver. Theodore Rowell, son of a commercial fisherman on Lake of the Woods, Minnesota, discovered the value of burbot liver in a homemade laboratory. The life-saving extract of the oil is prescribed by physicians for many deficiency diseases. The National Wildlife federation reports that the demand for burbot liver has greatly helped game and food fish in Minnesota lakes. The fish is processed and sold to fur farms.

DRIBBLES

By the Drip

Phillip H. cut out on Idella R. when the out-of-town "chicks" were here for the Sunday School convention. Kenny G. was with Ruth H. of Centerville, Ia. (Wonder what Joyce Smith thought about this?)

To be sure he had a seat, Jim McGuire Jr., brought his own chair. While Chas. Fant was reposing down stairs there were others in the room, when he was making calf-eyes at Kathryn R. Hester G. what gent accompanied you to the Fleur De Lis party? (Ain't it wasn't Gene either). What was Anna Morris trying to do—imitate Daisy Mae for some of the handsome Lil' Abners at the S. S. Convention? Is Ruth B. sticking to the Drip, to keep from being written about? Why did Harold Robinson sink in his chair when an orator got up to talk on intoxicating liquors?

What happened that caused Clara Massey to "make such a sudden change"? (Was it Harold R. who escorted you to church Wed.?) Why does Mae Henry C. igg everyone when accompanied by John Fant? Jaunita S. only attends summer school to try to keep tab on Richard W. Runt Hyde, escorted a girl to a party—then he and another girl take her home—(that's some going).

Due to improper rest Martha McGee overslept and appeared at a certain place an hour and a half late. Mary M. looks very rare in the blue snood she wears (did you mistake Hienny Skipper for the screen in the window?) Barbara M. makes it a daily proposition to accompany Johnny D. home. M. Cooley, is Orablor the place where you learned how to croom? Sylvia Ross stopped over in our fair city for a few hours Monday eve—looked sharp—(she has let the moss grow quite long). While Dan L. is riding Evelyn Crewes around, Mary is keeping one jump ahead of him. Are the Chev, coupe and 17th St. about to lose out?

Is Ruby B. about to have the sickle put under her by Evelyn Jewett for

Using as a theme "soil—old fashioned dirt", Mrs. Bruner went back to the origin, taking a text from the first chapter of Genesis, "In the beginning God created the heaven and the earth".

Discussing the first, second, third and fourth units of time from a scientific point of view, the speaker pointed out how soil was created and when "life came upon the earth".

The value of the trees to the earth was emphasized. "The average oak and elm evaporates moisture daily. They suck the water out of the earth. The sun kisses the tips of every leaf and every blade of grass draws water up—the clouds, rain, frost and dew come", she explained.

Mrs. Bruner commented upon the "rapidly changing climate", for which she said the absence of trees was largely responsible. "In a quarter

C. L. M.—I have been married for 4 years, got along fine until we changed to another city and he started to staying away from home all night. Seems as if I would lose my mind. He asked me to go away from home for awhile. So I did, I met another man and he seems to be so nice but I am afraid I will get into trouble if I keep his company. Give me your advice please?

Ans: Have an understanding with your husband. Either go back together or separate for good. Your present difficulty will be solved shortly.

L. R. S.—I am an ex-service vet of the late World War. Have been on "compensation", will I be able to get back on? Don't have a black mark on my record against me. Honorable discharge from the World War. Went into the C. C. C. July 1934 have been in the infirmary for two and a half years. Will I be successful in making a change?

Ans: For the time being my advice is to stay right where you are. You will have an opportunity to make a change later in the year... until then... you are better off as you are. B. W.—I have to work every Sunday. If I were to ask do you think they would let me off?

Ans: Not willfully. Working on Sunday is just about as important to them as any other day. You might be able to arrange to have someone work in your place a couple of Sundays during the summer. I suggest that you save your money and open a little business of your own.

A REAL PROPHET

Last week Metz T. P. Lochard, foreign editor of the Chicago Defender, wrote an interesting article in which he stated that the Allies' plight is caused by double cross. In it he quotes the following statement made by Emperor Haile Salassie before the full assembly of the League of Nations at Geneva in June, 1936 in which the emperor said: "I stand before you as the last bulwark of constitutional government. I plead not for Ethiopia alone but as well for the security of other nations whose sovereignty and independence may be blotted out by force of superior arms. The fate of Ethiopia may well be that of other autonomous states. You may forget what you did here, but history will record your deed and the world will remember your acts."

No prophecy ever turned out to be more nearly correct than the statement of the little emperor. He knew the restlessness of Fascist peoples and that should Italy succeed in getting away with the invasion of Ethiopia without interference from the democracies, other countries would meet the same fate.

Now that this is the situation, the question arises "where do we go from here?" There is no way of telling when Hitler will stop his conquest for more power, more territory. Generally speaking, rulers like he never quit. Those remaining nations which are at peace nominally at this time had just as well prepare themselves for the worst for there is no such thing as security against armed force but armed force.

OUR ANNIVERSARY

This week the Iowa Bystander is celebrating its forty-seventh birthday. And in honor of this birthday, as has been the custom for several years, we are printing our anniversary edition. The founders of the paper, recognizing the necessity of establishing a paper in which to express the views of the Negro on his problem, undertook the venture purely as a public service for all of them were employed in other capacities. Soon it enjoyed a statewide circulation. Later, other papers were established but none survived over a very long period.

To a great extent the Bystander has operated with the same purpose in mind today. It is interested in raising the level of the Negro in America and consequently the general level of all the people. The Bystander has tried to print the news for everybody. And while some have not in the news as much as other, it is due to the fact that they have failed, probably to let us know their story.

Wherever possible, we have supported every worthwhile movement in the community. We have never used our position to embarrass anyone willfully, nor tried to enhance our position by criticizing or belittling anyone whether competitors or otherwise. These are perilous times through which we are passing. People are easily excited; newspapers are in a position to excite them or help them keep a level head. The Bystander has always tried to take the same view and the future brings no changes.

The Bystander has many friends without whom it could not have continued. Many have been subscribers or advertisers from its founding. To them we are most grateful and our efforts shall be toward adding to those splendid supporters from day to day.

"Take heed that ye do not your alms before men, to be seen of them: otherwise ye have no reward of your Father which is in heaven." Matthew 6:1.

WHO AM I?

(By H. N. Wilcots)

A FAMOUS ARTIST

By Henry N. Wilcots 1.—Was the son of a bishop in the African Methodist Episcopal Church, who wanted his son to be minister. 2.—When I told my father that I wanted to become a painter, he encouraged me and purchased material for my work. 3.—Very early in school I was permitted to enter a special class in art, and after school I spent much time in art galleries and zoological parks in Philadelphia. 4.—As a student of some of the most famous artists in Philadelphia, I was able to sell several hundred dollars worth of my work to many outstanding artists. 5.—On realizing that my father still regretted that I had not taken up the ministry, I promised him that I would teach the Bible to the people in beautiful pictures. 6.—When I learned that some of the most outstanding artists were in France, I decided to go there and make a special study under them. And it was in Paris that I became known as one of the world's greatest artists. 7.—But true to my father, as I had promised, most of my pictures are paintings of the bible stories I enjoyed hearing him preach about.

BOOKS AT D. M. LIBRARY

The following are some of the new books received at the public library: FORTY YEARS A COUNTRY PREACHER, by George B. Gilbert Harper & Brothers and The Christian Herald conducted a nationwide search for a man whose background and experience best typified the American Country Preacher, and the Rev. George B. Gilbert was selected from the point of view of experience and writing ability. His book is chock-full of shrewd observation of men and events, homespun humor, and the American kind of common sense that made best sellers out of "The Horse and Buggy Doctor," and "The Country Lawyer."

CROCKER BASEBALL LEAGUE DRAWS LARGE CROWD

Large and enthusiastic crowds are turning out in Birdland diamond on Monday and Friday evenings each week to cheer their favorite team in the Crocker, Y. M. C. A. baseball league. After a lapse of several years, baseball in Des Moines church circles is again arousing the widespread interest it had in the "old days at West High stadium" in the late twenties and early thirties. St. Paul A. M. E., 1939 pennant winner, with only one setback is leading the race after one month of playing. Losing the first game to Union Baptist, an arch-rival, by score of 1 to 0, the champions are bowing over all opposition with "Rabbit" Wilson and Eddie Saunders doing mound duty. The Brown brothers, French and Eugene, make life miserable for their opponents with their merciless batting power.

ROSE FEVER (Hay Fever)

Hay fever is an allergic condition of the lining of one's nose. It is usually due to the inhalation of pollen but may be caused by other substances and foods. When due to pollen it is usually seasonal. In the spring of the year it is frequently associated with the pollen of trees such as the Alder, Hickory, Oak, Ash, Elm and Poplar; while in the summer it is most frequently due to the pollen of flowers and grasses as the roses and hay. Toward the autumn many cases are due to the pollen from ragweed and buckwheat. These pollens cause a swelling of the mucous lining of the nose with an increase in congestion and reactions from both the nose and eyes varying in degree from a mild to an intense one. Sometimes the hay fever occurs associated with Asthma and Urticaria.

Treatment: Although the cause may not be found some patients find districts in which they are free of symptoms. One may be free in the mountain while another is free of symptoms at the seashore. Therefore, each victim must try to find his own salvation. Certain districts are supposed to be free of Hay fever due to the ragweed and golden rod, such as northern Maine, New Brunswick, Nova Scotia, and the province of Quebec, North of the St. Lawrence also the White Mountains and Southern California, but it is interesting to note that ragweed is not necessarily absent in these localities.

Specific Treatment: If the proper pollen can be determined, vaccination against the cause is sometimes very successful. This is accomplished by giving minimal injections of the pollen extract in increasing amounts beginning from ten to twelve weeks before the expected onset of the disease. Drugs are of little value once the attack has started.

ing the race after one month of playing. Losing the first game to Union Baptist, an arch-rival, by score of 1 to 0, the champions are bowing over all opposition with "Rabbit" Wilson and Eddie Saunders doing mound duty. The Brown brothers, French and Eugene, make life miserable for their opponents with their merciless batting power.

"Shiek" Preston, Hogue Thompson, Sam Vaughn, hard-working catcher, and May brothers, Roy and "Chubby," and other stars are keeping Union Baptist right on the heels of the league leaders with their sensational fielding and murderous clout. Bob Hawkins, young southpaw, and Jess "Cannonball" Frazier, veteran moundsman and infielder, are the sparks that keep the Burns M. E. nine in the thick of the battle in every game. Inexperience has proved a handicap to Son Humphrey's hustling youngsters but they have a chance to score several upsets before the season has finished because they are fighters.

William Bell's newly organized Corinthian aggregation has been under fire but once this season but with "Blue" McQuerry, veteran receiver, behind the bat this team will come thru in great style by the close of the '40 season.

NEGRO COMMUNITY CENTER LEADS SOFTBALL LEAGUE

Harold Carr's Negro Community Center softball team, 1939 pennant winners, is leading the race for top honors this year with two smashing victories in the Crocker Y. W. C. A. league. Games are being played each week on Tuesday and Friday at West High stadium and Thursday at Amos Hiatt field.

Last year's champions crushed Corinthian Baptist, 24 to 9. Everett Singleton, speedball artist, and Walter Carter, curveball ace, are sharing mound duty for the league leaders. East Des Moines Community Center's reorganized soft ball aggregation composed of junior and senior high school boys scored a wild hitting victory amidst an orgy of errors by the losers over the Corinthian Baptists, 19 to 2 at Amos Hiatt field last week. Luther Fox, John Spriggs, James Jefferson were the outstanding stars while Marion Davies and William Martin shared honors for the losers.

NO NEGROES IN DIS-TRICT TENNIS MEET

For the first time in a decade there are no Negroes entered in the district tennis meet going on at Birdland Drive. Chet Williamson, Bill Ashby, and your scribbler who usually get into the thing, have been handicapped by the weather and could not get in shape. All of us are no longer kids, and it takes some time for us to get loosened up. We have been hoping for years that some youngster would take up our burden for us and maybe brush through to at least the semi-finals. The load gets harder each year for us old veterans. There are only a handful of the white boys left who started when we did, and none of them have had to work as hard as we have to get equipment and find time to practice. The handful are all former champions, and some of them still are defending their laurels won last year. It is the same with tennis around here as it is with baseball. After the old timers go, what next? The few youngsters who could make fair players will not sacrifice the time and money to get into tournaments as we fellows have done. There is not the interest in tennis that should exist. We can't think of a single city in the country where the singles champion has kept his title as long as Chet Williamson has. Bill Ashby, who has been Chet's most persistent challenger was long past his best tennis years ago, although he has turned in some brilliant tennis in spots. Bill hit his peak in 1928, and never again got as good as he was then. Chet and your writer have been doubles winners or runners-up for nine years. Paul Wgods and Earl Newcomb were the only doubles team that we had trouble with. We have written all this to show that in ten years, there has been developed in Des Moines, just one player who has a chance to eventually take up our fading colors. After we go, will there be a vacant spot in local tennis, or will some more youngsters wake up and spend their time and money as we have to promote the game. Whatever we three have got out of tennis, we feel that we have deserved, for we pioneered the game, and it seems

WHITERS IS SLATED TO MEET SAVOLD AGAIN

Johnny Whitters of Pontiac, Mich., the boy who put an end to all the fancy stories about Lee Savold meeting Joe Louis this summer, will try his luck again Monday night in the first summer bout of the year. A while back, when these two met in St. Louis, your humble scribe "saw" through the set-up like a seer looking through a crystal ball. We went on record to predict a quick kayo for Savold, and the result astonished us. Whitters evidently had not heard of our prediction, for he punched Lee full of holes and embarrassed us no end. The boys were re-matched and the fight fell through, but they tried again. That fell through, and now this city is rather fortunate in getting a bout that would sell out in the larger cities. Since then, Lee has had one bout, a quick knockout over Red Bruce at Waterloo. While they say that Whitters hasn't fought. If Whitters sticks to his original style of crowding Lee, he should repeat his win. But it will have to be decisive in order to get the nod. But if Johnny forgets and lets Savold get in one or two of his famed swats, then the customers can start reaching for their hats, for school will be out. Somehow, we are forced to stick to our original prediction and call a win for the local boy, as much as we would like to see it not happen. Whitters has impressed us as being a likeable chap, and a nice fellow, but we fear the George boy called Pinkie knew what he was about when he made this match. Johnny arrived in town Wednesday, and expressed confidence in his ability to take Lee again. Looks confident, too. See you all out there Monday.
