VISIT YOUR SCHOOLS DURING EDUCATION WEEK, NOV. 5-11

During the week of November 5 to 11, designated as American Education Week, parents are invited to visit their public schools.

American Education Week grew out of conditions revealed by World War I, first observed in 1921.

Emphasis during the week is being placed on: parents knowing the teachers of their children; supporting the school and lending their influence to make it a better school.

NAVY REVEALS 148,749 NEGROES

Washington—With approximately 170,000 Negro bluejackets, marines and coast guardsmen participating, the Navy department celebrated Navy Day on October 27, with speeches by ranking Navy officials reviewing an unprecedented expansion of that branch of the armed services in recent years.

During the celebration, the Navy department revealed that there were 148,749 Negro enlisted men in the Navy proper on September 30, 1944, and 22 Negro officers. The Coast guard revealed that, on June 30, 1944, there were four Negro officers in that branch of the service and 3,677 enlisted men. As of the same date, there were 15,771 Negro marines in the service.

Typical of the major addresses on Navy Day was that of Lt. Gen. Alexander A. Vandergrift, Commandant of the Marine Corps, who said in Philadelphia:

"On this Navy Day, 1944, we, the American people, have good reason to be proud of what we have achieved. Just four years after we were challenged to build a two-ocean fleet, we have built a seven-ocean Navy."

TRIBUTE PAID NEGRO TROOPS FOR RESCUE WORK OFF BIAK

Washington, D. C.—Blak, for the determined Doughboys of the 41st Infantry Division, was a battle for a bloody coral beach and hundreds of almost impregnable caves in which fanatical Japanese were harried for months.

A clear picture of the Blak operation was given by Technician Third Grade Llewellyn Garbutt, 29, of 621 West Birch street, Walla Walla, Washington, on his return to the United States after 30 months overseas.

Sergeant Garbutt, who, as a member of a staff section of Division Headquarters, was in a position to observe at closest range the critical stages of the battle for Blak, said among other things:

"All those Doughboys could do was to flatten themselves on the coral and keep firing. Some of the troops, because the beach was so narrow, were driven back into the sea. Tributes ought to be paid to Negro amphibious troops, who, under incessant, murderous fire poured by the Japs on the heights above the beach, picked up the Doughboys who had been forced into the ocean.

NEGRO ENGINEERS BUILD VITAL SPAN ON FIFTH ARMY'S MAIN SUPPLY ROUTE

With the Fifth Army, Italy—Staff Sergeant James H. Cade, of 316 High street, Anderson, South Carolina, recently received the congratulations of Brigadier General Benjamin O. Davis, the Army's ranking Negro officer, for the part he played in the construction of an important bridge on the Fifth Army front in Italy.

Cade directed his all-Negro platoon of an Engineer General Service Regiment in building the vital span on Highway No. 1, the Fifth Army's main supply route, across the Ombrone river, two miles south of Grosseto.

271,000 VETERANS RECEIVING PENSIONS

Washington—Brig. Gen. Frank T. Hines, Administrator of Veterans Affairs, reported this week that on October 1, 1944, there were 271,000 veterans receiving pensions from the Veterans Administration on account of disability incurred in or aggravated by service in the present war.

Five-Passenger

The Flagship is a five passenger WACO, 285 H. P. Jacob job. It marks the first serious attempt of Negroes to crash bigtime commercial aviation. The company is awaiting a certificate of convenience and necessity from the Civil Aeronautics Board on a route that has been on file since October of last year. It is proposed to augment the fleet to a size that will permit the company to render the type of service that this route demands. William H. Hawkins sees a great future for Union Air Lines.

To Christen Ship

Dr. Mary McLeod Bethune, president of the National Council of Negro Women, will christen the flagship which bears her name before one of the capital's most distinguished audiences. As Dr. Bethune has led her race in achieving honor and distinction, during the past twelve years, so William H. Hawkins, with The Union Air Lines is destined to carve a niche in the hall of fame for his forefright acumen and distinguished service to and for the first Negro air men of the Army Air Force.

Chest Workers Report Over \$800

Mrs. Gwendolyn Fowler, who headed the work of the Negro solicitors in the Community-War Chest campaign made an "over the top" report this week.

The Booker T. Washington team whose quota was \$500 turned in \$630.65, and the WIC district workers who had a quota of \$100 turned in \$177.85. The total for Mrs. Fowler's workers was \$808.50.

Mrs. Fowler expressed appreciation for the faithfulness of the campaign workers and the cooperation of the public.

Attorney-General Biddle announced in Washington October 19th that Federal officials in southern Mississippi had been instructed to turn over to the grand jury the results of an investigation by the FBI into the slaying last March of the Negro minister.

After the murder which resulted from a dispute over ownership of land, Simmons' son, Eldridge, was driven out of the state and now resides in New Orleans. In an affidavit turned over to the NAACP by the latter, it was shown that whites had tried to take the property away after discovery of oil on the minister's land.

In a letter to both the Governor and the U. S. Attorney General the NAACP pointed out "this case clearly represents a conspiracy on the part of certain individuals (named in the affidavit) to injure, threaten and intimidate these citizens in the full exercise or enjoyment of rights secured to them by the United States Constitution."

MISSING

LT. LUTHER S. SMITH

The Rev. and Mrs. Luther S. Smith, 901 Twenty-third street, Sunday, Oct. 29, were notified that their son, Lieut. Luther S. Smith, Jr., 24, a fighter-pilot has been missing in action over Yugoslavia since Oct. 13.

The last letter received by the Smiths from their son was dated Oct. 10 from France. An earlier letter contained a picture of the flier and a brother, Sgt. Howard Smith, taken in the flier's plane in France.

The youth, who fulfilled a childhood ambition to be a flier, was a P-51 Mustang pilot, stationed in Italy. His parents said he had completed nearly 100 missions and that they had been expecting him home soon.

Lt. Smith recently was credited with aiding in shooting down German Messerschmitts over southern France.

A graduate of Roosevelt high school, Lieut. Smith received his wings in 1943 at the Tuskegee, Ala. army air field.

His wife, the former Susie Bults, lives at 1404 Buchanan street.

Good Pie Is Appetite Tempter, So Try It With Any Fruit

Family hungry for pie? America's favorite dessert can again take a place on dinner tables since fats are unrationed and eggs plentiful and economical.

Keep the pies light and fluffy if you are serving a heavy dinner. A good pie to make is the one-crust type, which takes only 10-15 minutes to bake the shell, and a creamy pineapple filling that cooks quickly on the top of the range. This fruit represents a big "point investment," so be careful in your baking.

Those living in the suburbs, rural communities and farms will use their quick-cooking liquefied petroleum gas ranges for baking. Fueled with "bottled" or "tank" gas, the oven bakes the crust quickly to golden brown goodness while the simmering flame under the double boiler cooks the filling to smooth deliciousness.

Fresh or canned pineapple may be used in this recipe. Other fruits may be substituted.

Pineapple Cream Pie
1 cup, unflavored gelatin
1 cup, cold water
1/2 cup pineapple juice or water
1/2 cup, sugar
1/2 cup, salt
1/2 cup, oil
2 egg yolks
2 egg whites
1/2 cup, sugar
1/2 cup, sugar
4 - 5 slices pineapple

Sprinkle gelatin in cold water. Add hot water or juice and stir until dissolved. Blend flour, sugar and salt. Add hot milk. Cook in double boiler until thick and smooth. Cover and cook 10 minutes longer. Gradually add beaten egg yolks. Cook 2 minutes longer. Add gelatin and vanilla. When cool, fold in egg whites beaten stiff with sugar. Pour into baked pie shell. Chill until firm. Top with slices of pineapple and garnish with berries.

POST OFFICE SETS DECEMBER 1 FOR U. S. XMAS GIFTS

Washington — Post office authorities have set December 1 as the deadline for mailing Christmas packages for delivery in continental U. S. A. with assurance that they will be delivered before December 25. The reasons for this decision have been set forth as follows:

Postal and transportation officials expect that the 1944 Christmas gift mailing within the United States will top 1943 by 25 per cent. Furthermore they believe that not only will more gifts be sent, but also that they will travel greater distances owing to wartime population displacement.

Transportation and delivery of Christmas packages at a time when postal and transportation facilities are already burdened by wartime demands present a major war problem.

Instead of bulky packages, the P. O. authorities suggest that people give war bonds and stamps as Christmas presents. A gift of war bonds or stamps can be more easily wrapped, mailed and carried over long distance than bulky parcels. Valuable transportation space will be saved if millions of people this year say "Merry Christmas" with war bonds or stamps. And, of course, every purchase of war bonds and stamps helps to hold down prices and to prevent possible wartime inflation.

You can render a real service by mailing your Christmas packages early.

New Deal Controls Judiciary—Bricker

Governor John W. Bricker, Republican vice-presidential nominee, carried his campaign tour to the West Coast last week making five addresses in Washington, seven in Oregon and one in California.

In all his speeches, Governor Bricker continued his slashing attacks and detailed analysis of the New Deal misgovernment and the effort of the Fourth Term candidate to impose One-Man Government on the nation.

Highlights from some of his speeches follow:

At San Francisco, October 14th:
The New Deal has firmly in control of the Federal judiciary of the country.

Since becoming president on March 4th, 1933, Mr. Roosevelt has appointed 61% of the entire life tenure federal judiciary in the United States. In a word, three of every five federal judges owe their appointments to one man. He has appointed 88% of the judicial personnel of the United States Supreme Court; 100% of the judicial personnel of the Circuit Court of Appeals; 90% of the judicial personnel of the District Courts. Mr. Roosevelt has named eight men to the United States Supreme Court, and elevated one of them to the Chief Justiceship. Seven of the eight never served on a high court prior to appointment. Three of the eight never tried a case before the court to which they were appointed.

Mr. Roosevelt's appointees to the bench run strictly to the New Deal pattern. There are 275 judges on the benches of the Supreme Court, the Circuit Court of Appeals, and the District Courts. Combined, Mr. Roosevelt has appointed 16% of the total. Only 2 of them are Republicans. A large number were active New Dealers.

Mr. Roosevelt has walked out from our federal courts the ideals and opinions of millions of Americans who sincerely oppose the New Deal on principle.

This means that the 22,000,000 men and women who voted Republican in 1940 have been disfranchised judicially. Twenty-six of our states now have Republican governors. These twenty-six states have a population of 70,000,000. Yet, not a single Republican has been appointed by Mr. Roosevelt to the federal district courts in any of these states.

The time for the correction of this judicial malpractice is long since past. The correction can be made on November 7.

A vote for the Republican ticket is a vote to restore America to a government of elected authority. It is a vote against one-man government.

Tom Dewey is the man for that job. A vote for him is a vote for

News Bits of Well Known Hollywood Personalities

By BILL CHANDLER
Hollywood, Calif.—It looks as though Warner Bros. will hit the jackpot with their musical short "Jammin' the Blues," which was completed last week. For it the studio gave director Gjon Mili an opportunity to literally "blow his top" in the way of obtaining revolutionary photography, having developed that process the results of which you see in magazines like "Life" in pictures showing the camera stopping a bullet cold as it zooms from the muzzle of a gun. Featured in "Jammin' the Blues" are top flight musicians, Lester Young, Illinois Jacquet, Sidney Catlett and Red Callender; and the dance team of Marie Bryant and Archie Savage.

New Girl Friend
Rochester's new film girl-friend for the RKO-Pathé picture "Brewster's Millions," Louise Franklin, is from Kansas City. She's married to Lee Young, brother of Lester Young, Count Basie's saxophonist, Los Angeles' finest entertainment emporium, Shepp's Playhouse features a sizzling floor show produced by Lennie Reed who used to team with Harlem's celebrated emcee, Willie Bryant. Incidentally, Lennie will soon celebrate the second anniversary of his marriage to Artie Brandon, one of the prettier chorines hereabouts. Joe Green, whose song, "And Her Tears Flowed Like Wine," is burning up the ether waves will get another big sendoff when another tune of his, "Give Me a Man" is sung by Mabel Scott at the Musicians Congress Carnival at which Jack Benny is slated to be master of ceremonies. To date, RKO has only a title, "Sweet Georgia Brown," for that all-Negro musical they're planning and for which they're hoping to borrow Lena

Horne from Metro. Newark find in Hollywood is Virginia Parris, who works as Lorreta Young's maid. Hearing her sing around the house, Loretta suggested she display her talents at the Hollywood Canteen. She did, and stood the scouts right on their collective ears. Look for her in pictures—soon!

Musical Genius
Leonard DePaul, young musical genius now a G. I. lieutenant, is the only Negro with the "Winged Victory" entourage. As one of the production's musical directors, he worked at 20th Century-Fox while they were shooting the film and will be backstage when the company makes road bookings with a four-week stand right here in Los Angeles—And speaking of G. I.'s.

Do you know its against regulations for a soldier to sock a civilian while he's in uniform, even if said civilian is trying to cut in on his best girl? This is one of the points on which the story of the hilarious Warner Bros. comedy, "Janie" hinges. "Janie" as you know features Edward Arnold, Ann Harding, Robert Benchley, Robert Hutton, Alan Hale, nine-year-old Clare Foley and Hattie McDaniel, and stars Joyce Reynolds. Because of the film's tremendous success in its early bookings, the Hollywood wise guys who couldn't see anything in Joyce Reynolds, a newcomer, to the title role of "Janie," as her first major part, having suddenly found business elsewhere.

Right now, the former UCLA coed is the hottest thing in the film city. Velma Middleton, ex-Louis Armstrong chirper has purchased a home in Hollywood's Laurel Canyon. And Bardu Ali, who used to front Ella Fitzgerald's band is welding the torch at Shepp's Playhouse.

VOTE DEMOCRATIC

The essential issue in this campaign is the post war area. That our armies will be victorious is conceded; now what is the approach of the two major parties to this vital era? First, if we do not have solid and enduring peace western civilization as we know it is finished. There is no concealing fact that the forces in the Republican party are in harmony with policies that are destructive of a peace worthy of sacrifices.

Many outstanding isolationists are supporting Governor Dewey. They are silent now, but if the Republicans are successful, they will become dominant. The opposition nominee is making glaring promises but his backers are hard practical men. President Harding made the same vow to the American people and the tragic failure of his cohorts and self are causing shame to every home in America.

If a just peace is made it must be the work of a liberal leadership. Negroes and other non-white people of the earth can accomplish more fully equality sharing the rights as other favored groups of the world. In this campaign, the opposition program has been one of futile criticism of the progressive program of the Democratic party whose work was correcting abuses of the previous Republican party. It is an inescapable fact, with an interdependent world, that we cannot have a sound domestic economy with a disturbed world based on the fear of a coming war as a result of a disorganized world economy.

During the dark closing days of the Hoover administration the Negroes of America lost 25 years of their progress and they questioned whether they had a stake in this American experiment. America is still an experiment.

Under the leadership of Franklin D. Roosevelt the liberal objectives of people of America and the world have found sincere leader-

ship. It would be pathetic if the Negroes did not become a force in this leadership when that leadership has accomplished its purpose of building a new world order of equal opportunity for every man. We align ourself with the reactionary forces to thwart that great purpose.

Roosevelt is a citizen of the world, and the great heritage of the common man among all people. His defeat will be a victory for the dark evil forces of fascism. Roosevelt has been one force where Nazism and fascism have met their master. We must face the hard fact that they are a factor in this campaign. Berlin and Tokio will have great satisfaction in his defeat. Our domestic economy under Roosevelt administration is the greatest social legislation that has been made since the abolishment of human slavery.

The opposition party has sought to confuse the great benefits of these reforms. They see clearly that four years more, these reforms will become such a fixation in our national life that no future change of administration can alter but only make effective its adventures. Labor and minority groups are truly effective elements of our whole national pattern. To secure the full effective prosecution of this great program, the Democratic party must be supported and elected from the presidency down to the least minor office.

The Iowa Negro Democratic League is definitely of the opinion that the American people will decide that the Democratic party is the party of liberalism and the Republican party of reactionary conservatism.

The Iowa Negro Democratic League endorses strongly the election of Manson L. James for state representative. This is one clear example of how the Negroes have progressed under the Roosevelt administration.

TEN REASONS FOR ROOSEVELT ELECTION

1. President Roosevelt organized our victory in the war, and he is needed to finish the job.
2. He is the architect of the United Nations for Victory.
3. He is equally the architect of the United Nations for Peace—to make sure that the fascists never again will hurl the world into war.
4. He alone has the confidence of and measures up to the stature of the other world leaders.
5. Without him the United Nations may be ripped to pieces before it has a chance to start.
6. The president, who met and broke the Hoover depression, knows how to meet post-war problems of jobs and production.
7. Without entangling alliances with the big corporations, he understands the need for continuing partnership among business, labor and government.
8. He believes in an America of white and colored alike, native-born and foreign-born, Protestant and Catholic and Jew and has never allowed the use of racist and religious bigotry as campaign methods.
9. The man who has the confidence the soldiers and workers alike will never permit the entering wedge of fascism to be driven between them.
10. He believes in an expanding economy and an expanding electorate in a free America.

GASonomy Good Pie Is Appetite Tempter, So Try It With Any Fruit

Family hungry for pie? America's favorite dessert can again take a piece on dinner tables since fats are unrationed and eggs plentiful and economical.

Keep the pies light and fluffy if you are serving a heavy dinner. A good pie to make is the one-crust type, which takes only 10-15 minutes to bake the shell and a creamy pineapple filling that cooks quickly on the top of the range. This fruit represents a big "point investment," so be careful in your baking.

Those living in the suburbs, rural communities and farms will use their quick-cooking liquefied petroleum gas ranges for baking. Fueled with "bottled" or "tank" gas, the oven bakes the crust quickly to golden brown goodness while the simmer flame under the double boiler cooks the filling to smooth deliciousness. Fresh or canned pineapple may be used in this recipe. Other fruits may be substituted.

Pineapple Cream Pie

1 cup unadorned gelatin
1 cup cold water
1/2 cup pineapple juice or water
4 egg whites
1/2 cup sugar
1/2 cup salt
1/2 cup vanilla
2 egg yolks
1/2 cup sugar
4 - 5 slices pineapple

Sprinkle gelatin in cold water. Add hot water or juice and stir until dissolved. Blend flour, sugar and salt. Add hot milk. Cook in double boiler until thick and smooth. Cover and cook 10 minutes longer. Gradually add beaten egg yolks. Cook 2 minutes longer. Add gelatin and vanilla. When cool, fold in egg whites beaten stiff with sugar. Pour into baked pie shell. Chill until firm. Top with slices of pineapple and garnish with berries.

POST OFFICE SETS DECEMBER 1 FOR U. S. XMAS GIFTS

Washington — Post office authorities have set December 1 as the deadline for mailing Christmas packages for delivery in continental U. S. A. with assurance that they will be delivered before December 25. The reasons for this decision have been set forth as follows:

Postal and transportation officials expect that the 1944 Christmas gift mailing within the United States will top 1943 by 25 per cent. Furthermore they believe that not only will more gifts be sent, but also that they will travel greater distances owing to wartime population displacement.

Transportation and delivery of Christmas packages at a time when postal and transportation facilities are already burdened by wartime demands present a major war problem.

Instead of bulky packages, the P.O. authorities suggest that people give war bonds and stamps as Christmas presents. A gift of war bonds or stamps can be more easily wrapped, mailed and carried over long distance than bulky parcels. Valuable transportation space will be saved if millions of people this year say "Merry Christmas" with war bonds or stamps. And, of course, every purchase of war bonds and stamps helps to hold down prices and to prevent possible wartime inflation.

You can render a real service by mailing your Christmas packages early.

New Deal Controls Judiciary—Bricker

Governor John W. Bricker, Republican vice-presidential nominee, carried his campaign tour to the West Coast last week making five addresses in Washington, seven in Oregon and one in California.

In all his speeches, Governor Bricker continued his slashing attacks and detailed analysis of the New Deal misgovernment and the effort of the Fourth Term candidate to impose One-Man Government on the nation.

Highlights from some of his speeches follow:

At San Francisco, October 14th:
The New Deal now is firmly in control of the Federal judiciary of the country.

Since becoming president on March 4th, 1933, Mr. Roosevelt has appointed 61% of the entire life tenure federal judiciary in the United States. In a word, three of every five federal judges owe their appointments to one man. He has appointed 88% of the judicial personnel of the United States Supreme Court; 100% of the judicial personnel of the Circuit Court of Appeals; 60% of the judicial personnel of the Customs and Patent Appeals Courts; 80% of the judicial personnel of the Claims Court; 66% of the judicial personnel of the Customs Court and 55% of the judicial personnel of the District Courts. Mr. Roosevelt has named eight men to the United States Supreme Court, and elevated one of them to the Chief Justiceship.

Seven of the eight never served on a high court prior to appointment. Three of the eight never tried a case before the court to which they were appointed.

Mr. Roosevelt's appointees to the bench run strictly to the New Deal pattern. There are 273 judges on the benches of the Supreme Court, the Circuit Court of Appeals, and the District Courts. Combined, Mr. Roosevelt has appointed 165 of the total. Only 2 of them are Republicans. A large number were active New Dealers.

Mr. Roosevelt has walled out from our federal courts the ideals and opinions of millions of Americans who sincerely oppose the New Deal on principle.

This means that the 22,000,000 men and women who voted Republican in 1940 have been disfranchised judicially. Twenty-six of our states now have Republican governors. These twenty-six states have a population of 70,000,000. Yet, not a single Republican has been appointed by Mr. Roosevelt to the federal district courts in any of these states.

The time for the correction of this judicial malpractice is long since past. The correction can be made on November 7.

A vote for the Republican ticket is a vote to restore America to a government of delegated authority. It is a vote against one-man government.

Tom Dewey is the man for that job. A vote for him is a vote for

News Bits of Well Known Hollywood Personalities

By BILL CHANDLER
Hollywood, Calif.—It looks as though Warner Bros. will hit the jackpot with their musical short "Jammin' the Blues," which was completed last week. For if the studio gave director Gjon Mille an opportunity to literally "blow his top" in the way of obtaining revolutionary photography, having developed that process the results of which you see in magazines like "Life" in pictures showing the camera stopping a bullet cold as it zooms from the muzzle of a gun. Featured in "Jammin' the Blues" are top flight musicians, Lester Young, Illinois Jacquet, Sidney Catlett and Red Callender; and the dance team of Marie Bryant and Annie Sayage.

New Girl Friend
Rochester's new film girl-friend for the RKO-Pathé picture "Brewster's Millions," Louise Franklin, is from Kansas City. She's married to Lee Young, brother of Lester Young. Count Basie's ace saxophonist Loui Angeles' newest entertainment emporium, Shepp's Playhouse features a sizzling floor show produced by Lennie Reed who used to team with Harlem's celebrated emcee, Willie Bryant. Incidentally, Lennie will soon celebrate the second anniversary of his marriage to Artie Brandon, one of the prettier chorines hereabouts. Joe Green, whose song, "And Her Tears Flowed Like Wine," is burning up the ether waves will get another big sendoff when another tune of his, "Give Me a Man" is sung by Mabel Snow at the Musicians Congress Carnival at which Jack Benny is slated to be master of ceremonies. To date, RKO has only a title, "Sweet Georgia Brown," for that all-Negro musical they're planning and for which they're hoping to borrow Lena

Horne from Metro. Newest find in Hollywood is Virginia Parris, who works as Lorreta Young's maid. Hearing her sing around the house, Lorreta suggested she display her talents at the Hollywood Canteen. She did, and stood the scouts right on their collective ears. Look for her in pictures—soon!

Musical Genius
Leonard DePaul, young musical genius now a G. I. lieutenant, is the only Negro who the "Winged Victory" entourage. As one of the production's musical directors, he worked at 20th Century-Fox while they were shooting the film and will be backstage when the company leaves road bookings—with a four-week stand right here in Los Angeles. And speaking of G. I.'s.

Do you know its against regulations for a soldier to sock a civilian while he's in uniform, even if said civilian is trying to cut in on his best girl? This is one of the points on which the story of the hilarious Warner Bros. comedy, "Janie" hinges. "Janie" as you know features Edward Arnold, Ann Harding, Robert Benchley, Robert Hutton, Alan Hale, nine-year-old Clare Foley and Hattie McDaniel; and stars Joyce Reynolds. Because of the film's tremendous success in its early bookings, the Hollywood wise guys who couldn't see assigning Joyce Reynolds, a newcomer, to the title role of "Janie," as her first major part, having suddenly found business elsewhere.

Right now, the former UCLA coed is the hottest thing in the film city. Velma Middleton, ex-Louis Armstrong chirper has purchased a home in Hollywood's Laurel Canyon. And Bards All, who used to front Ella Fitzgerald's band is wedding the bator at Shepp's Playhouse.

PERSONAL TOUCH

By MARIE ROSS

Mrs. William Zebbs came into the office the other day to get some information about the soldiers' picture page.

"My brother-over in Italy wrote me something about it and I had to laugh to think that he knew more about what was going on over in Des Moines than I do," she informed.

Mrs. Zebbs not only will have her brother's picture in the next page, Nov. 9, but she subscribed to the Bystander to keep up with what is going on in town.

If you are one of the many who are planning to take out a subscription to the Bystander for that service man of yours who is overseas or in some army camp in the states, then don't wait until Christmas week to start the paper. Start it now so that the soldier will have an opportunity to keep up with all of the end of the year events: the next picture page of No. 9, the special Thanksgiving edition, the War Babies and Servicemen's Children's page, the Christmas edition—all before the great event of Christmas Day arrives. Phone the office or write the Bystander for that subscription for the servicemen—overseas or any camp in the country.

Advice ON THE PROBLEMS OF LIFE

F. A. E.—My dear friend, I have read so many good words you put in the paper. Now I would like you to help me. My wife and I cannot get along. I work at night and she goes out every night, drinks, and rides the bus. I got after her about it but she said she didn't give a darn how I felt. She told me to get out and find me some place to stay, but I haven't left yet. I am making good money but I can't save a penny somehow. What must I do?

M. F. H.—I want to ask you what I must do. I am finishing school this term and I am really undecided about what to do in the future. Any suggestions you make would be appreciated.

Ans.: A college education is preferable to any other course you may pursue at this time. If you are not able to attend college, there are other courses you could take up and prepare yourself for some definite field, namely, Cadet, Nursing, Business, Beauty Culture, and various branches of the Service.

Abbe's new 1945 Readings are now ready. When ordering your Readings, be sure to send your full name, correct address, exact birthdate, and a self-addressed envelope.

M. M. Jr.—I am in love with a girl and she said she loved me too. She lives in Louisiana. We were raised up together. I would like to know if I should marry her now? I will be 18 this coming November.

Ans.: Neither you nor your girl friend are mature enough to accept the responsibilities of marriage. Continue your friendship—and prepare yourself for some definite field in life and be in a position to support a wife and family before taking this girl as your wife. And in this way, your marriage will stand a much better chance of surviving.

Ans.: First of all you must discuss your affairs with your wife and find out just what is the basis of your trouble. If she objects to the night job, you could arrange to find day employment that would enable you to be with her more. If she feels that you have been neglecting her, you must try to be more attentive and have your amusement together. Avoid a divorce if possible. Later on, if you still feel that there is no other course to follow, you will have to make other plans. The couple who work out, a satisfactory budget are the ones who save consistently and get ahead in the world.

M. E.—I am 21 years old and have been married but my husband and I are separated. I met a young man about a month ago, and he said if I would get a divorce from my husband he would pay for it. He has a kid a year and a half old and his wife is dead. I also have a friend in Service who is single and says he wants to marry me. I am undecided as to what to do.

Ans.: Apply for your divorce if you are confident that you do not intend to live with your husband again. However, you should pay for it yourself, else you would be under obligations to marry this fellow. Marriage is a serious step in itself, but to marry and become a step-mother at the same time calls for even more serious thought and deliberation. So before you seriously consider this man as a husband, be sure that you are ready to assume this responsibility. You alone must make the choice between these men, but it would be advisable for you to wait until you are definitely sure of what you want before marrying either.

Why Negroes Should Vote the Republican Ticket Nov. 7th

THE ELECTION OF THE WHOLE Republican Ticket Is for the Best Interest of the American Negro

FOR PRESIDENT FOR VICE-PRESIDENT

Thomas E. Dewey

John W. Bricker

FOR U. S. SENATOR

FOR GOVERNOR

B. B. Hickenlooper

Robert D. Blue

If the civil and political rights of the Negro are not protected, it makes little difference whether he eats or not. Free men must be interested in remaining free. Slaves eat because their master provides for them but they have no rights which the provider is bound to respect. This was the theory of the Democrats in 1865. It is the program of Senator Bilbo and Representative Rankin of Mississippi and others of their ilk today whom voters help to keep in a position to fight the Negro most effectively when they vote the Democratic ticket.

GOV. DEWEY STANDS SQUARELY ON PLATFORM
 I stand squarely on the Republican platform and will support its declaration against the poll tax, lynching, segregation and job discrimination.

It is particularly important to minority groups in the United States that there should be established a firm principle of Government by law rather than by man, for it is easy to see how a man however benevolent, might suddenly change his notions and use the unlimited power he possesses against those he had only a short time previously befriended.—Thomas E. Dewey.

FOREIGN AFFAIRS

Thomas E. Dewey, Republican nominee for president, has moved the case of the small nations of the world, including Ethiopia, Liberia, Haiti and Santo Domingo, into the international spotlight as a result of his challenging the purpose of the four-power conference at Dumbarton Oaks in Washington.

GOV. DEWEY'S APPOINTMENTS

Governor Dewey's list of appointments of colored New Yorkers to responsible official positions exceeds both in quality and quantity all those of his predecessors.

AGAINST JIM CROWISM

It is not the practice of the Republican party to encourage or tolerate discrimination or segregation because of race, creed or color. We believe with all true Americans that Jim Crowism is something repugnant to our way of life.—Herbert Brownell, Jr., Chairman Republican National Committee.

BRICKER'S RECORD

Governor Bricker—unfettered and unafraid of the color question, has gone ahead throughout his political life in doing all he could for colored people in a positive, constructive way.—Lawrence Payne, Commissioner of Paroles in Ohio.

MISTREATMENT OF MEN IN SERVICE

In a telegram to President Roosevelt, the Baptist Ministers Conference of Greater New York and vicinity, representing 200,000 Negroes, demanded that the United States armed services stop the segregation and discrimination against returning Negro veterans.

GOV. HICKENLOOPER BACKS PLATFORM

I stand squarely on the Republican platform on its statement with reference to poll tax, lynching, mistreatment of men in the service and the principle of a Fair Employment Practice Act, and will use my influence to the end that these measures shall come to a final vote.—Gov. Hickenlooper.

PLEDGES EQUALITY OF OPPORTUNITY

The great principle upon which the American government is founded distinguishes it from all of the other governments of the world and is found in the declaration of independence in the statement that all men are created equal and endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness.

I stand squarely upon that principle of equality before the law and equality of opportunity for every American citizen as the foundation upon which this country is built.—Robert D. Blue.

SUPPORTS REPUBLICAN

Bishop D. Ward Nichols, one of the leading churchmen of the A.M.E. connection and Presiding Bishop of the Ninth Episcopal District which embraces the state of Alabama, says, "elect Governor Dewey for the best interests of the country."

ORDER BRINGS PROTEST

Colored leaders from all over the country have been sending in the last few days bitter protests to Commander-in-Chief Roosevelt against the latest discrimination program proposed by the United States Army. The angry leaders have denounced this cruel injustice to colored doughboys and their race.

BLASTS JIM CROWISM

Next to General Eisenhower's spectacular advance through France, the most amazing thing about the U. S. Army continues to be its continued inconsistent racial policy. Newest of its one-step-forward, two-steps-backward tactics on the color problem comes in its plans for redistribution of Negro veterans returning from the battle fronts. The War Department has decreed a strictly Jim Crow setup in sending veterans back to racial strife.—The Crisis, NAACP Magazine.

DEWEY AGAINST CLASS-ISSUES

Negroes and other minority groups everywhere had Governor Thomas E. Dewey's denunciation of racial and religious issues in this campaign.

DEMOCRAT SUPPORTS GOV. DEWEY

Mrs. Crystal Bird Fauset, who was Special Consultant on Negro Affairs with the office of Civilian Defense in Washington under Mrs. Eleanor Roosevelt as part of her nine years association with the Democratic party, joined the Republicans in the drive to elect Governor Thomas E. Dewey as President of the United States.

HITS TRUMAN

Senator Harry S. Truman, the Democratic nominee for vice president, has been indifferent to the national problems of colored people.

While the Truman committee investigated war contracts, it completely ignored discrimination against colored people in the armed forces, in the vocational program and in industries having national defense contracts.—Perry W. Howard, Republican National Committeeman from Mississippi.

DEMOCRATS OFFER NO REMEDY

The Democratic platform does not offer any remedy at all for the poll-tax evil—not even one so hard of attainment as a constitutional amendment. It expressed the pious belief that Congress should protect the right of minorities to vote equally with all citizens. But in the face of decades of bad party record on the subject, it says nothing to indicate how its vague and generalized beliefs are to be made effective.

Neither does the Democratic Party, to judge by its platform, recognize the need to protect our colored citizens against mob law. The Republican party, at least, goes on record as being cognizant of the need.—Wendell Wilkie.

SUPPORTS REPUBLICAN

Davis H. Sims, presiding bishop of the African Methodist Episcopal Church for the First Episcopal District comprising the States of New York, Massachusetts, New Jersey, Connecticut, Pennsylvania and Delaware, as Associate Director of Special Activities of the Republican National Committee has joined, to present the candidacy of Governor Thomas E. Dewey for President to the A.M.E. denomination.

SIXTEEN YEARS TOO LONG

Mr. Roosevelt has had a long tenure of office and if re-elected we see nothing in his program for the future but a government dole, high taxes and government control over industry, business and the lives of every American. Governor Dewey and the young vigorous leadership now in control of the Republican party at least offer hope.—Pittsburgh Courier.

ROOSEVELT HAS DONE NOTHING

Mr. Roosevelt and his War Department have done absolutely nothing about the treatment of the Negro in uniform. It is a disgrace which stinks to high heaven. Negroes are asking, "What is a Commander in Chief good for if he cannot stop humiliation and murder of soldiers in uniform by ignorant and prejudiced civilians.—The Crisis, Official organ of the NAACP.

VOTE FOR ROOSEVELT—A VOTE FOR BOURBON

How the rank and file of Negro voters in the United States can justify its position in voting to strengthen the hands of John Rankin, Bilbo and others like them is more than we can understand, and that is just what they do when they vote the Democratic ticket.

U. S. VIOLATES FEPC ORDERS

The FEPC has at present an apparently impossible big job on its hands. The United States Government, according to statements made and released by the NAACP is the great offender. The War Manpower Commission and the United States Employment Service have established rigid segregation rules in employment which have been dictated by Dixie.—NAACP.

OPPOSE DEMOCRATS—HELP SOLDIERS

I decided to oppose the reelection of Mr. Roosevelt because I became convinced that he should be reprimanded by colored voters for the unforgivable treatment visited upon colored servicemen in this war.

I know what it means to have my lofty regard for my country, transformed into bitterness because my Commander-in-Chief refused to protect me against the brutalizing designs of my homefront enemies.—Rev. Grant Reynolds, former chaplain, U. S. Army.

The Negro does not propose to make the race issue his whole campaign speech. He is interested in better housing, more jobs, better jobs, sound financial conduct of the government, a sound labor policy and a sound foreign policy. We must keep in mind that we are part and parcel of the 130,000,000 people in this country and that we go up or down with that 130,000,000.—A. A. Alexander.

REPUBLICANS SHOULD WIN THE ELECTION

The campaign is just about over. Most people have pretty well made up their minds how they will vote on election day.

The Bystander has supported the Republican ticket vigorously because it believes the principles upon which the party was founded and stands and the men who head it square more closely with the constitution; we do so because the backbone of the Democratic party has and is now grounded upon their opposition to the advancement of the Negro and that backbone—the 115 electoral votes from the south—continue to fight the Civil War not only in their own communities but also in the north, abroad and in fact everywhere they go.

We recognize that all Republicans have not and do not follow the principles of their party with reference to the Negro and we further recognize that there are Democrats who have been and are friends of the Negro but their hands are tied and are thus prevented from accomplishing very much.

The issues have been fully discussed but as a final word before the election it is well to restate some of the important reasons why Negroes should support the Republican ticket.

Its platform calls for federal action on the anti-lynching bill, poll taxes as a qualification for voting, and to make the FEPC permanent, to stop the mistreatment of Negro boys and girls in the service.

Gov. Dewey endorses that platform; President Roosevelt has had twelve years to do something about these things but has failed.

Democratic control of congress has placed at the head of all important committees men of the type of Senator Bilbo and Representative Rankin of Mississippi, Senator George and others of their ilk who have used every opportunity to embarrass the Negro and use their office to retard his progress and encourage others to do so.

Yes, President Roosevelt gave relief, the WPA and other gratuities to the nation. To have excluded the Negro from these charities would have been unconstitutional. And while he is that he will create 60 million jobs after the war, the fact that we had 10 million unemployed before the war and after eight years of his administration makes it doubtful that he can carry out this pledge now.

Every Negro newspaper in the country, most churches, fraternal, social and political leaders have begged for years that the president do something about the mistreatment of Negro boys in the service but to date nothing has been done about it.

The record shows that Gov. Dewey appointed more Negroes to good positions while district attorney of New York City and Governor of New York than all of his predecessors combined including President Roosevelt while he was governor. He thus recognizes that Negroes are entitled to a fair share of the jobs which come as a result of victory at the polls.

As a United States Senator, Gov. Hickenlooper will help the Republicans organize the senate, and thus place Republicans, rather than Southern race-haters, at the head of important committees. He stands squarely on the Republican National

BIG TEN FOOTBALL

By ALLEN ASHBY

The Monday morning quarterbacks are still arguing about what would have happened if the Fighting Irish of Notre Dame hadn't "mistook" the head of Buddy Young for a football last Saturday. As it was, the speeding young man from Illinois University was more than a handful of trouble, taking the apple seventy-four yards the first time he laid hands on it.

There really wasn't much of a fight to it, because Woods just stayed on the defensive, and didn't throw a half dozen punches all night. But both he and Ray got cut eyes, and then Ray went to work and just about blasted the soldier out of the ring in the next two rounds.

He told your humble servant Sunday night that he had to stick around a few days to see if his eye had any chance of infection. He also said that he was terrible Friday and wondered when he would regain his top form.

Young keeps the fellows pepped up, and his defensive play has saved a lot of ball games when some ram-paging back got loose and threatened to score. Sometimes Buddy hauled them down from behind, and sometimes he caught them from in front, but catch them he did, and the boys from Illinois missed this fine tackling Saturday when they really needed it.

Most of Young's critics have been saying that he would never get away from the Notre Dames, because they were too smart, but once the fellow got out around the end, the Fighting Irish looked like so many web-footed chickens trying to run for all the good they did in trying to overhaul him. But it was a great ball game, and one that none of the fellows needed to be ashamed of in losing.

Over at Michigan, Gene Derricotte gave your illustrious scribbler a chance to yell "I told you so," when he added his passing ability to his running game to help sink a fine Purdue team. Gene hadn't done much during all season, despite the fact that he was listed at the beginning of the season as one of the better passers, on the Wolverine squad. But Saturday, he tossed a few and also did a fine job of running, although a couple of other fellows got the headlines. But our advice is to keep your eyes on Derricotte during the rest of the games played by Michigan.

Bill Willis of Ohio state has been on the bench because of injuries lately, but the chances are that he will be in there for the home stretch of the Buckeyes. This is really unfortunate.

There have been a few cases when this quality was passed over, but not often enough to make them easy to forget. And speaking of durability, we got a nice little personal bang out of reading the Des Moines Register's account of the Drake home-coming game with Doane College, and seeing the name of Don Welcher in the lineup. We had often wondered what had become of the guy but we had never been able to find out until this week-end. They say he did all right, too.

Robinson Flattens Woods There wasn't much doubt in the minds of the spectators who went out to the Stadium last Friday night to watch Ray Robinson take on Sergeant Lou Woods in a battle in which the latter was conceded a chance of staging a mild upset. The Chicago papers had played up the possibility that the soldier from Ft. Sheridan might catch Roy off his feed from his session in the army, and waylay him. But Sugar Ray took care of that in great style.

LETTERS FROM MEN AND WOMEN IN THE SERVICES

You Keep Writing—They'll Keep Fighting

By MARIE ROSS

Lt. Morris Has Dinner in Australia With Quentin Mease at Officers' Club "Your letter was forwarded to me here in Australia where I have just completed my first leave after more than three years' service in the army," wrote Lt. James B. Morris, Jr., on October 7.

"Really had a ball in the big city—Sydney and it was a welcome relief from the heat and monotony of New Guinea. However, I have had enough of it and now I'm 'sweating out' a right back to Guinea where I can be with the boys again and start to work. I gained some weight while down here thanks to the good food, beer and other liquor. I will lose it as soon as I get back into the heat."

"I had a real long talk with Quentin Mease last night. He and I had dinner together at the ARC Officers' club after which we sat down and talked about all the people there at home and compared notes on what we knew about the whereabouts of different fellows from home who are now in the services and scattered throughout the world. It was really a lot of fun after that we talked a bit about the political campaign and different things which affected us as a group. Have had several such conversations here lately, and really I'm telling you that every once in a while we have some fine discussions here in our officers' club. Officers, a couple of ARC men and war correspondent. You might know Enoc Waters from the Defender. He's here now and we have a lot of fun. Also in this theater at one time were Vincent Tubbs from the Afro and Fletcher Martin of the Louisville Defender. I've gotten to know Waters the best of all and I find him a fine fellow as well as a good newspaperman."

Cpl. Arnold May Sends Poem While He Waits for Some Mail in New Guinea; Write Him a Letter! "Just a little poem that I would like to pass on to you," wrote Cpl. Arnold May in New Guinea on Oct. 12 to his sister, Miss Maxine May. Do you know that I am waiting For a letter, dear, from you, And whenever I don't get it You leave me feeling blue. Do you know that I feel happy When I hear the mail man say, 'Yes, come and get it soldier. I have one for you today.' When your letter, dear, I read And that's all the consolation That I'll ever need. Do you know it brings me closer Yes, it shortens every mile And I feel that you're here with me Helping to make my life worthwhile. Yes, dear, that's how you help me Though we are miles apart So hurry now with that letter And bring happiness to my heart. 'How's that Sis for a nice way of expressing my feelings? Rather a novelty isn't it? I'm on the last good round and in the future if the mail doesn't pick up, I'll just give up for good,' the Iowa signed off. His address is: Cpl. Arnold May, MQ, Btry, 396th AAA, AW, Sn. APO 322, c/o Postmaster, San Francisco, Calif.

First of Holiday Cards and Gifts Arrive from Boys Stationed Overseas The first of the coming holiday season's gifts and cards arrived at the office last week. The card, a colorful Hawaiian scene with a hula dancer singing "Aloha to You" on "This Christmas Day and Best Wishes for a Happy New Year," came from Cpl. Theodor Brown who is somewhere in the Hawaiian Islands. A tiny box from the South Pacific arrived Saturday with a beautiful necklace made of an Australian coin and a handsome bracelet of coins and sea shells from Australia. The gifts were from "New Guinea Admirers" to the Misses Barbara Brown and Dorothy Tomlin. The girls were awarded first and second places in a pin-up contest that the New Guinea fellows held sometime during the early part of the summer.
