# Refused Room with Team in Hotel

## Ft. Madison Manager Says Long Standing Policy; Man Spend Night in RR Depot

Ft. Madison, Ia.—Members of the Colorado Veterans of Foreign Wars' state champion softball team of Pueblo, Colo., spent last Monday night in motor cars and the Burlington railroad depot when its star Negro pitcher, Bob Freeman, was refused a room at the Anthes hotel here.

The Pueblo team arrived here Monday night about 11:30 o'clock after driving the 980 miles in cars.

To Stay Together

The hotel, managed by LaVerne Paschall, offered to secure a room for Freeman in a private home. Pueblo Manager George Luiz said the team preferred to stay together and players already at the hotel checked out. Luiz pointed out that the team "has no hard feelings" toward the hotel, and was at fault because it failed to notify tournament officials in advance of its arrival.

Paschall said the Anthes has a long-standing segregation policy.

Tuesday night the Pueblo players were supplied with beds in the Santa Fe hospital building, where they stayed the remainder of the tournament.

When Pitcher Freeman secured his no-hit 3 to 1 win over Toledo in the final game by getting catcher Steve Gall to ground out, his teammates swarmed to the center of the diamond, congratulating Freeman for his superlative performance.

Then the new champions sent caps and even gloves sailing into the stands on the first base line and eager spectators hustled to get the souvenirs.

Besides the giant first-place trophy the Pueblo team received new uniforms and Sheaffer pen and pencil sets.

### Outstanding Pitcher

Saturday night's game was Freeman's fourth win of the tournament and his second no-hit performance. In his first start Thursday morning, he bested Toledo's Frank Sosko 1 to 0 with a no-hit game, and Friday afternoon stopped Ft. Madison, 1 to 0, on a 2-hit performance.

Thursday afternoon, the ex-Hot-tentot pitcher received credit for the 4 to 2 win over Toledo, though he pitched just one inning. Freeman entered that game in the first half of the eighth inning, and Ferrera won it with a home run in the last half of the inning.

Because of his tournament record, he was named to the V. F. W. All-American pitching staff and was honored as the outstanding pitcher of the tournament.

## Contracts Total \$164,000 On New Wilkie House Now Under Construction

Construction work on the new community center building, Wilkie House, Inc., at Seventeenth and Crocker Streets, was begun last month by the Ringland-Johnson contractors.

Separate contracts, awarded to the general building, plumbing and electrical and heating companies, total \$164,000. A. A. Alexander, chairman of the Wilkie House building committee, estimated this week.

If the building schedule progresses, without setbacks because of the military effort, the new Wilkie House building should be ready for occupancy next April, Mr. Alexander said.

The new structure will have a combined auditorium and regulation-size gymnasium. A few changes in the original plans were made due to the rise in prices of the building materials, Mr. Alexander said, but added that "we do feel that the new building will answer the pressing needs of the community."

Plans for the new Wilkie House building were first made in 1945, following the \$100,000 gift from the Gardner Cowles Foundation for the building of a new, modern and adequate Negro community center in Des Moines.

In making the gift, the Foundation suggested, for consideration of the board, that the building be known as a memorial to Wendell L. Wilkie "who did so much in his public career to create better understanding toward the Negroes and more tolerance among all the races, one toward another."

The community center board later changed the name of the building to Wilkie House, Inc.

Later the Cowles Foundation in-

creased its gift to \$127,000. In a special drive, Negro citizens in the community raised \$11,000 in cash and pledges to supplement the gift.

Out of this fund, the purchase of the grounds and the plans for the new building will represent an investment of about \$15,000 Mr. Alexander said.

Plans are being made now to launch another financial drive to raise \$50,000 more for the completion of the new building.

"We are going to attempt to raise \$15,000 from our own group here," he added. A campaign chairman will be announced later.

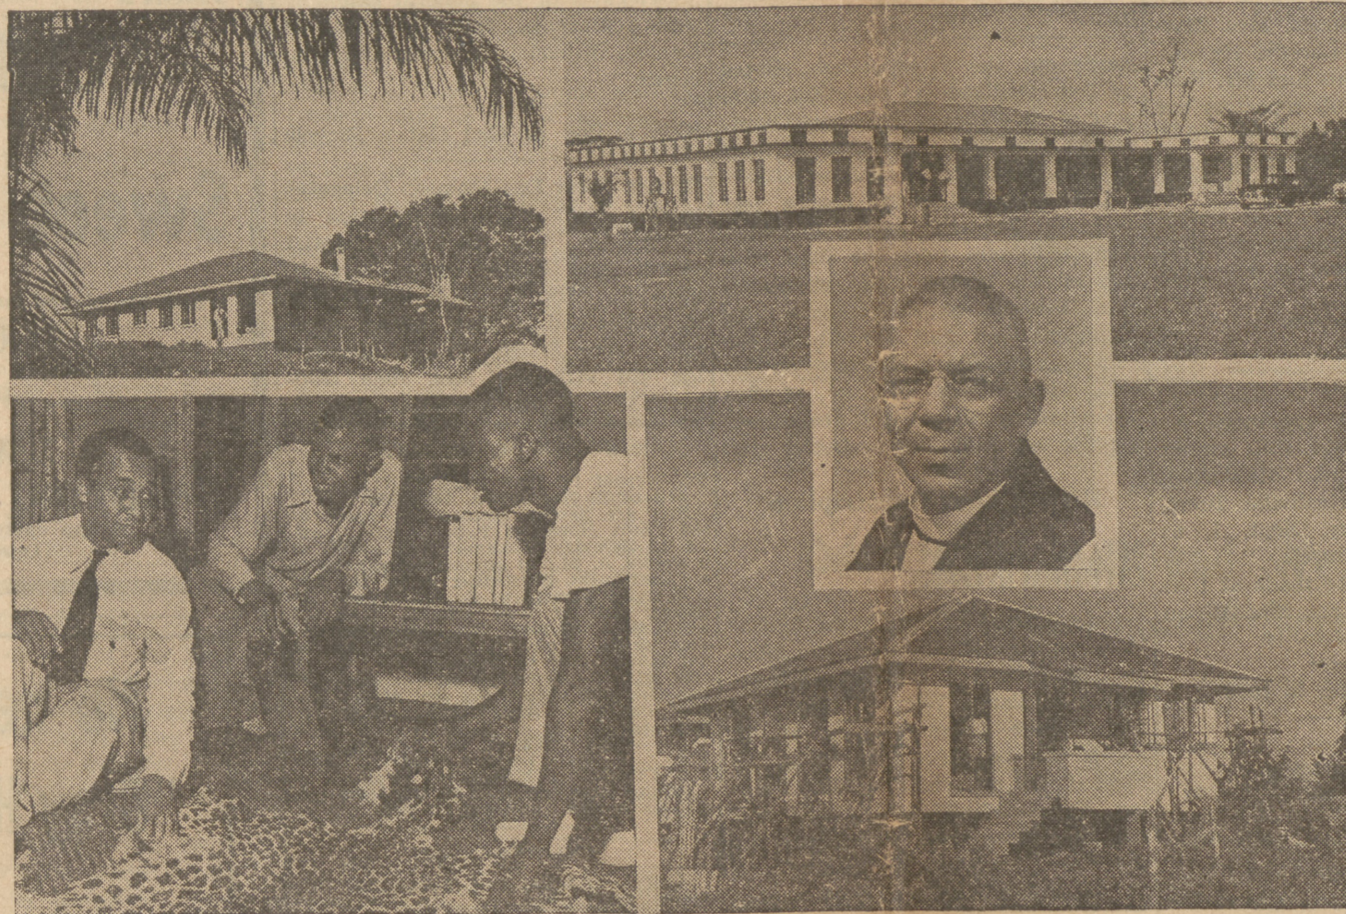

Mrs. Lois Cowles is president of the Wilkie House board. Other members of the building committee are: Harvey Hill, John Coleman, Atty. W. L. Oliver, Dr. C. A. Bradford.

### IMPROVEMENT IN RELATIONS WILL MAKE BETTER WORLD, SAYS REID

Atlanta, Ga.—The 99 recipients of graduate and professional degrees at Atlanta University's fifth annual summer convocation exercises were advised by Dr. Ira DeA. Reid Aug. 10, that through an improvement in human relations, the world will be a more glorious place in which to live instead of the hot-bed of confusion in which it finds itself today.

The closing exercises of the summer school were held in Sale Hall chapel on the Morehouse College campus. President Rufus E. Clement of Atlanta University awarded the degrees, President James P. Brawley of Clark College gave the Prayer, and President Benjamin E. Mays of Morehouse College pronounced the Benediction.

## Far Easterner Tells of Rising Tide of Color Against America, Britain

New York (Calvin News Service)—The answer, unexpected, from a Far Eastern missionary of the Federated Council of Churches, over a radio network "When the Western Democracies decide to treat all peoples as equals the Communism will probably not be a serious threat," shocked American listeners, this week, and brought to the fore the discussion of the rising tide of color against Britain and America and the planned October 2 Southward march of the citizens of Pakistan, India and natives of Africa.

On the heels of the action against Korea, it was learned, on accurate reporting from New Delhi, India, that Prime Minister Nehru had approached the Egyptian Premier, Nasser Pasha, for support in seating the present rulers of China on the Security Council.

Pasha, carrying the plans of millions of Mohammedans and against Israel (termed another lily-white nation in the making), it is reported, is in favor of Nehru and approves of the Indian Socialist Party's resolution against the South African Government's "racialism" which is "opposed to all modern concepts of Democracy."

### 'Serious Trouble'

From London, Frank Byers, chairman of the British Liberal Party Organization, speaking at Dorset, warned: "Communism will spread like a forest fire" if South Africa insists on abandoning liberal principles and treating the African and Indian population with subjected segregation. He warned that "serious trouble in the whole continent of Africa" will be the result. In South Africa, said Byers, "there is no tolerance, no personal respect and no freedom from the individual."

Kingsley Martin, famous editor, warned the white world: "The colored peoples of the world are now awakened and have become nationally and socially conscious in Africa, Asia, India and the world. Western supremacy is coming to an END!"

Chief protagonist of the "white supremacy" idea from the Union of South Africa, Dr. L. C. Steyn, recently appearing before the International Court of Justice, in arguing against a United Nations mandate, stated that the disappearance of the League of Nations as Mandator, the mandate over Southwest Africa had lapsed and that the Union Government, as such, was under no obligation to place the territory under the Trusteeship System.

When presented with the wide

tempting to provide a Christian education on the college level for African youths.

## LABOR UNION TELLS CONGRESS TO APOLOGIZE TO NEGRO PEOPLE AND OUR COUNTRY

New York—A call for Congress "to apologize to the Negro people and our country" was issued August 9 by a labor union.

The call came from Ernest Thompson, secretary of the Fair Practices Committee of the United Electrical, Radio and Machine Workers of America (UE).

In a letter to Congressman Sam Rayburn, Speaker of the House of Representatives, Mr. Thompson stated:

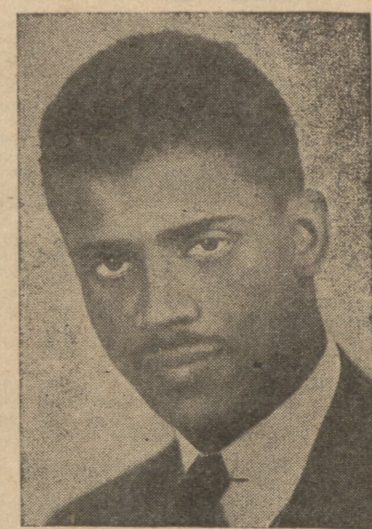

"Last Friday our country was witness to a most disgraceful insult to the Negro people of America by Representative Henderson Lanham (D-Georgia) acting in an official capacity as a representative of the United States House of Representatives. Congressman Lanham not only cursed Mr. William Patterson, a Negro called before a Congressional Committee as a witness, but also attempted to assault him.

"This action has brought a disgrace upon the Congress of the United States.

"It becomes the duty of the Congress to apologize to the Negro people and to our country. It is also incumbent upon Congress to discipline Congressman Lanham for his actions.

"On behalf of the members of the United Electrical, Radio and Machine Workers of America, we call upon you to take immediate steps to grant redress to the Negro people of America for this insult and to all the American people who cherish decency and democracy which this Congressional representative has so viciously violated."

### Called Back to Duty

WILLIAM WARE

William Ware, 1004 Enos, who served two and one-half years in the Army Air Corps during World War II, was ordered to report on August 25 at Chanute Field, Ill.

Rated a staff sergeant and classified a specialist in the active reserve, Ware will go from Chanute Field to Fairfield, Susan Air Base in California, where, according to his orders, he will remain a year, he said.

Married, the father of twin boys, Ware has been employed as a postal clerk at the Des Moines post office.

### HOME FROM HOSPITAL

Mr. E. D. Peek, 1180 13th street, returned Tuesday from Mercy hospital where he underwent an operation.

## Army Secretary Sees No Discrimination Against Negro Troops in Japan

New York—Roy Wilkins, NAACP administrator, Aug. 12, renewed his request that the Department of the Army take steps to correct reported discrimination against Negro troops in Japan.

Responding to Mr. Wilkins' earlier complaint about racial discrimination, Frank Pace, Jr., Secretary of the Army, cited the President's Executive Order 9981 and the Department of the Army's regulation on equality of treatment and opportunity. He also expressed the opinion that Mr. Wilkins' letter mentioned only "generalities, which should not be regarded as indicative of flagrant racial discrimination throughout the Tokyo area."

Secretary Pace gave assurance that treatment of all personnel on Army installations.

"We are sure you will agree," Mr. Wilkins further stated, "that aside from its unfairness to the Negro personnel, this demonstration of differentiation based upon color to the Japanese people is hurtful to the entire American policy in the Far East."

### News Briefs From Far and Near

#### NEGROES REFUSED SERVICE; "NOT GUILTY," JURY FINDS

Dayton, O.—An all-white jury, after deliberating 20 minutes, returned a verdict of "not guilty" for a waitress who had refused to serve a mixed group of four delegates attending a NAACP Youth conference here last fall.

The waitress, Miss Nancy Donohue, was tried in the criminal division of the Municipal Court of Dayton on August 3. Testifying against her were three members of the party which she had refused to serve. Alvin T. Oldwine, a member of the Dayton NAACP Youth Council, was chief prosecuting witness. Supporting his testimony were Gaines P. Wilson, white and Mrs. Constance Baker Motley, NAACP assistant special counsel.

All testified that they had been denied service in the Four Aces Bar and Grill by the waitress when they sought to eat there on November 11, 1949. The defense alleged that Wilson was drunk and gave that as the reason for refusing service to the entire party. A police officer testified Wilson was drunk, but, upon cross examination, admitted that he did not arrest him and saw him drive off in his car.

The party was forcibly ejected from the restaurant by two bartenders against whom charges of assault and battery were filed. Their case has not yet been set for trial.

#### MORTON GRAVES, NAVAL RESERVIST, GRANTED DELAY

Morton Graves, naval reservist ordered to active duty last Thursday was granted a seven-week delay in the date he is to report.

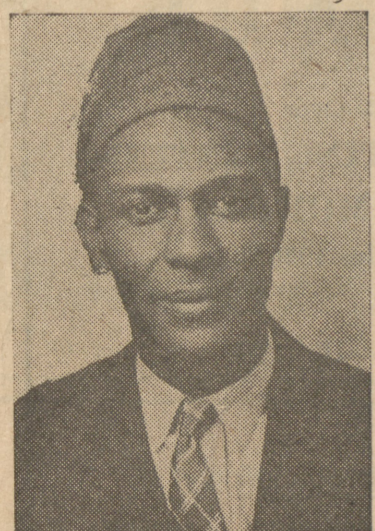

Graves had sought a deferment on the grounds that his navy pay of \$95.55 a month was insufficient to support his wife and four children.

Lt. Comdr. William Davis said last Thursday that the commandant of the 9th naval district had moved Graves' reporting date from Friday to Oct. 1.

Davis said he believed Oct. 1 was selected because of a belief that the matter of family allowances for enlisted men recalled to duty may be settled in congress by that time.

Graves now is employed by Solar Aircraft Co.

#### Heads GOP Division

### NAACP ASKS PASSAGE OF STATEHOOD BILLS

New York—Branches of the National Association for the Advancement of Colored People throughout the country were called upon to urge their senators to vote for the statehood bills for Hawaii and Alaska.

In a letter to the branches, NAACP Secretary Walter White cited the charge made by Joseph R. Farrington, Hawaiian delegate to Congress that the opposition to the bill to admit Hawaii "is based upon race prejudice" and is "composed of 'Soldiers of all races from the Hawaiian Islands are fighting and dying in Korea,'" Mr. White's letter said. "Hawaii has satisfied every

LUTHER H. SMITH, JR.

In the summer commencement at the State University of Iowa on August 9, Luther H. Smith, Jr., son of Rev. and Mrs. L. H. Smith of 901 23rd street, received his Bachelor of Science degree in mechanical engineering.

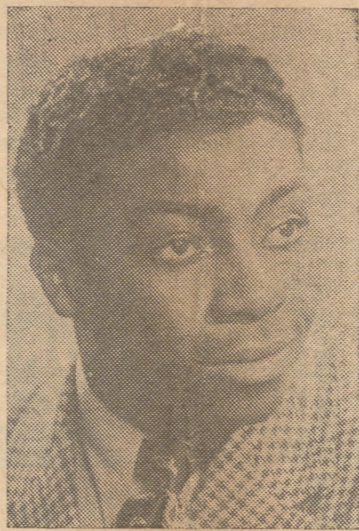

Smith is anticipating employment in a power plant or one of the larger utilities' companies, he revealed in an interview.

With a physical handicap, a leg injury, which he received during combat duty as a fighter pilot with the 336th in Europe during World War II, Smith does not believe that Uncle Sam will be needing him for the War in Korea—but "if things get that bad and I am called, I will go," he commented. He served five years in the army and was retired with the rank of captain.

A native of Des Moines, Smith is other requirement for statehood. Race prejudice should not be permitted to keep them from enjoying their full rights just because most of the citizens happen to be colored. —Hawaiians, Japanese, Chinese and mixed races. If Hawaii is denied statehood it will indicate plainly to the colored people of Asia that the United States does not mean what it says about democracy.

## 'Regrets' Resignation of Leslie Perry from Bureau Of NAACP in Washington

New York—The resignation of Leslie S. Perry from the Washington Bureau of the National Association for the Advancement of Colored People and the appointment of Clarence Mitchell as director of that bureau were announced here by Walter White, NAACP executive secretary.

"For more than a year now," Mr. Perry said in his letter of resignation, "I have had a strong desire to devote my full time to the practice of law and several other activities in which I am interested. Since the 81st Congress is expected to wind up its work and adjourn in two or three weeks, I believe that I can leave the staff at this time without any interruption or impairment of

ment. If he is not successful, then he will go to Los Angeles, Cal., for other employment.

He resides here with his stepmother, Mrs. Harriet Copeland, 917 Twelfth street.

the engineering department. During his high school vacation periods for four summers he worked as an airplane mechanic's helper; and later did photo development with Iowa Aerial Survey, Des Moines.

### Active Student

At the University of Iowa he was president of the student branch of the American Society of Mechanical Engineers; secretary of American Society of Mechanical Engineers (student branch); served as vice-president, councilman and judicial

board member of Quadrangle Association; secretary of senior class; had served as treasurer, junior class; exchequer of Kappa Alpha Psi fraternity; and member of University Homecoming and senior class committees, 1950.

Smith, single, is a member of the Burns Methodist church here.

the Association's legislative program". Effective Aug. 31.

The resignation, submitted on July 31, becomes effective on August 31. Mr. Perry, a member of the District bar, joined the NAACP staff in 1942. He maintained contacts with members of Congress, departmental heads and frequently appeared before congressional committees for the NAACP. He regularly compiled the voting record of members of Congress on issues vital to the NAACP.

In his letter to Mr. White, Mr. Perry said: "It has been a privilege and a pleasure to have been associated with you, my co-workers on the staff and board, and the general NAACP membership. . . I, as you well know, stand ready at all times to do any and everything in my power to help carry this great work forward."

Accepting the resignation "with regret", Mr. White recalled that "we have gone through many tough and exciting battles together in fighting for the kind of decent world in which the color of a man's skin shall not be a barrier to his advancement. . . I sincerely hope for your success in devoting your full time to the practice of law."

NDA Holds Greatest Convention in Chicago

Chicago (ANP)—The National Dental association closed one of the greatest meetings in its history Friday night with the installation of Dr. M. L. Walton of Thomasville, Ga., as president. The hundreds of delegates voted Dr. William Springer of Cincinnati president-elect to take office next year.

Dr. William D. Giles of Chicago was the retiring president. Other officers elected were:

Dr. A. M. Mackel, Natchez, Miss., vice president; Dr. Charles E. Williams, Chicago, reelected chairman of the executive board; Dr. Leroy Gates, Darby, Pa., secretary, executive board; Dr. Marcus B. Hutto, Bainbridge, Ga., program director, and Dr. J. S. Hunter, A. S. Hunter, and T. M. Tobin, new members of

the board. The 1951 convention will be held in Memphis, Tenn.

Many Affairs

All meetings and clinics and exhibits were held at DuSable high school. Numerous social affairs were held at the city's leading recreation centers.

On the civic front the dentists heard an address by Thurgood Marshall, chief counsel of the NAACP, discuss the meaning of the recent U. S. Supreme court decisions banning jimmie law, and the association passed a resolution to fight for fair employment practices bills.

This resolution read as follows: "That we especially urge each and every individual member of the National Dental association to use his influence with his congressman and all other public officials in the securing of human rights for all American citizens, to support all forms of social legislation and all legislative measures designed to effect an FEPC law at the local, state, and federal levels, and more especially standardizing housing and health facilities."

FREEDOM PAYS OFF...FOR YOU!

You hear a lot of talk about the advantages of making our government socialistic. Don't be fooled. Freedom — and that's the American Way — pays off, and here's proof: Americans are only 1/16 of the world's population. Yet this handful of people produces almost 1/3 of the world's goods — mostly for its own enjoyment. What other system beats that?

AMERICANS HAVE MORE—

Grid of icons representing various American advantages: MORE AUTOMOBILES, MORE TELEPHONES, MORE TELEVISION, MORE UNFETTERED CHURCHES, MORE ENGAGED RADIO STATIONS, MORE FREE SPEAKING NEWSPAPERS, MORE RADIOS, MORE SCHOOLS, MORE COMFORTABLE HOMES, MORE AND BETTER FOOD, MORE AND BETTER CLOTHING, MORE SAVINGS ACCOUNTS, MORE INSURANCE, PROPERTY, MORE PLACES OF AMUSEMENT, MORE ELECTRICITY.

AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE!

Remember that, when you hear tales of the marvels of a socialistic government... when people urge that our government get that way by taking over the electric industry, steel, railroads, medicine, and so on and on. Look at the record. AMERICANS HAVE MORE OF EVERYTHING THAN ANYBODY ELSE. Freedom did it, and never forget that. It makes a lot of difference to you — and to your family.

Here's our figure. We get it by adding up costs of wages and materials plus a small profit. It amounts to a few cents per call. The profit is a tiny part of what you pay, yet it is just as important to you as to us. For a fair profit tells everyone that the business is sound and healthy and therefore a good place to invest new money. ## PERSONAL TOUCH

By Marie Ross

Mrs. Treanna Logue, director of YWCA camp activities, informed this week that Miss Donna Lou Carr, one of North High school's outstanding swimmers and tennis players, has been added to the YWCA camp staff as a girls' advisor.

A smiling week-end receptionist in the lobby of the YWCA is Miss Mae Smith who has been making friends in Des Moines since she arrived here last winter from her home in Bristol, West Va.

For a while, during the springtime of the year, Miss Smith was just about ready to say goodbye to Des Moines and consider her experience here as a "lost cause." But since the summer arrived and she has made many acquaintances, she thinks she might be liking Des Moines.

Miss Smith doesn't have, yet, a too favorable picture of the employment set-up in Des Moines, where she thought, "things were different," and more democratic, she informed.

Before leaving the warm climes of her hometown in West Virginia Miss Smith said she had heard all about the "icy winters and deep snow in Iowa" and to assist her in becoming acclimated, she thought it best, when she arrived last winter, to accept employment in some private family so that she would not be exposed to the severe weather conditions.

That she tried a short time, and upon discovering that the winter weather was not as hard upon her as she had expected, she then began to seek employment. She began to answer jobs she saw advertised in the want-ad sections of the daily paper.

"Then, I began to learn Des Moines—to find out just what it is like," Miss Smith related.

With a degree in elementary education from one of the West Virginia colleges, Miss Smith started making "rounds" from one business place to the other.

She said she made telephone calls to some of the companies and the personnel directors would tell her to come for interview, but when they saw that she was colored, the man or woman in charge of hiring, would tell her that "we don't hire college graduates." "We don't hire colored," and at one place the woman just

looked at her and said "you wouldn't like the work here—we have no other colored."

Miss Smith said she answered all kinds of ads looking for jobs and finally landed one at a bag factory where she has been working several months.

"This town is more prejudiced than one would think," she commented.

Among the notes from vacationers this week was this one from Mrs. Ida Green, 1313 Fremont street, who wrote from Columbus, Ohio, the following message:

"I am visiting my son, Paul, and wife. We are having a wonderful trip. Saw the game Sunday in Cleveland. But won't talk about that sad affair. See you soon."

Early this week, ran into Mrs. Green who was downtown shopping. She informed that she and her husband, Ike, got home during the week end from their vacation to Ohio, after having a grand time.

## African Graduate Of Lincoln U. to Get Scholarship

Jefferson City, Mo.—Benjamin Yau Owusu, an August graduate of Lincoln University (Mo.) has been selected as one of 15 recipients of a full scholarship to Michigan State College of Agriculture and Applied Sciences for the year 1950-51. The scholarships, subject to renewal, are awarded annually to qualified graduates of recognized colleges who exhibit promise and have maintained an average above 2.5 where "A" carries a point credit of 3.

Owusu, a native of Gold Coast, West Africa, matriculated at Lincoln in September of 1947, after two quarters at Lane college, Jackson, Tennessee. During the past school year he served as president of the Lincoln Foreign Students' association, chaplain of the Senior class, member of the Agronomus club (student organization of the Department of Agriculture). In June, 1950, he was initiated into Alpha Gamma Chapter of the Alpha Kappa Mu Honor Scholarship Society.

Owusu received the bachelor of science degree on August 3, 1950, with cum laude honors, and will pursue courses in animal husbandry.

## Tells French, American Movies Offer Little Opportunity to Negro

Hollywood, Calif.—Lena Horne, beautiful and talented Negro actress, decried the fact that American films offer little opportunity for Negro artists in an interview with L'Ecran Francais, outstanding French motion picture weekly.

Miss Horne, described by the film publication as one of the most beautiful women this side of the Atlantic, with few exceptions has had only singing roles. She has repeatedly refused to accept roles which are stereotyped or derogatory to the Negro people.

The interview, printed in the July 3 edition, follows:

"Lena Horne, who was the star of two rare Hollywood films whose entire casts were Negroes ('Cabin in the Sky' and 'Stormy Weather') has arrived in Paris for a singing engagement and profiting from her visit here, we decided to interview her.

"Lena Horne, who is one of the most beautiful women in America, has acted in approximately 20 films since 1941. Her last film 'Duchess of Idaho' was made last year. In all her films, with the exception of the first two already mentioned, she has had only singing roles. We asked her why.

"She answered, 'Roles for Negroes are very rare in American motion pictures. And I'm obliged to wait and to hope that some day one will be found which is suitable for me.'

"I then asked her which films she thought depicted realistically and truthfully the life of the Negro in the United States.

None Reveal Life

"Without hesitating, she replied, 'There aren't any. Although, if one compares the place held by Negroes in the American cinema today with that which he occupied 15 or 20 years ago it can be said, that there has been progress.'

"What do the American people think of the all-Negro films?

"The American movie public is just as ready to enjoy films acted by Negroes as those acted by white actors . . . it is true, however, that the American people are very young and must be educated. That also takes time.

"Do you think that the American films give an exact portrayal of American life?

"No, but the American motion pictures reflect the taste of America. All of the people should be more advantageously presented in our films: the yellow as well as the black, the Indian as well as the white . . .

"The star of 'Stormy Weather' admires the American film directors John Huston and Stanley Kramer and the Europeans Clair, De Sica and Rossellini. She likes working with the producer Dore Schary. She would like to make a film in Europe but not only as a singer. She would like a film in which she could present her acting talents.

"She told me she knew some of the Hollywood Ten. They are very talented men and in Hollywood all the intelligent people regret their imprisonment. The motion picture industry needs them."

Her interviewer was J. C. Tachella.

**PUBLIC SOLD ON FAIR PLAY IN SPORTS**

The Bystander believes that those institutions which offer their facilities to the public without regard to race or color not only should be encouraged but also given whatever moral and financial support that decent people can give.

The management of some teams in the Western League, and particularly Des Moines, deserves high praise for using Negro talent. Des Moines had one player this year but he was moved on for a higher league. Colorado Springs has two players and Denver one.

Most real sports like a good athlete. They care little what his color. They want to win games and if a Negro player measures up it is the answer. Certainly the Des Moines public goes all in this fine attitude as evidenced by their splendid attendance at games and the hearty cheer accorded Negro athletes.

The Bystander feels that the management of Des Moines teams have evidenced a fair attitude and thus, deserve the support of those people looking for good wholesome sport. The Bruins in Des Moines' own team. The fact that it has no Negro players today is not their fault. The teams, the management deserve full support.

**HOTEL IGNORES CIVIL RIGHTS LAW**

A lot of people in Iowa, even among high state officials, are so misinformed as to say there is no Negro problem in this state. Some are sincere in their belief; however with all the publicity about civil rights, it is difficult to understand their lack of information.

Last Sunday in the Des Moines Register, a contributor from Ft. Madison reported a most disgraceful violation of Iowa's civil rights law.

A V.F.W. baseball tournament was conducted in Ft. Madison recently. The Pueblo, Colorado team included Negro pitcher. They reserved hotel facilities. When the team arrived, the management refused to permit the Negro player to register so the whole team left and found other quarters. Other embarrassments were attempted against the Negro player in which efforts were made to disqualify him on the ground that he was a professional; that he was not a bona fide member of the team. Both of these efforts failed.

The Bystander learned that the young man went into the game and was the star player in the tournament. Public officials in Iowa, and particularly those in Ft. Madison, should hang their heads in shame for allowing such a thing to happen in a supposed enlightened community. Here we have a civil rights law, here we have a state which boasts "of all the things that are good, Iowa affords the best." America is locked in a serious fighting war in Korea where Negroes are dying to save the dirty hides and hearts of those very people who were responsible for this disgraceful act. We get a weak apology from the management; nothing but a willful failure, and neglect upon the part of the county attorney in Lee county to enforce the law.

How can the world have respect for America even though it dishes out billions in the form of charity? How can there be any lasting peace when the same attitude as practiced against this Negro baseball player in Fort Madison is being furthered over the world even in Korea today? Those are the things which help build the lack of morale of American troops as told by a New York Times correspondent in Des Moines Register last Sunday.

**WORLD WIDE COLOR MOVEMENT IN RISING TIDE AGAINST WHITES**

See Front Page in the government."

Elsewhere the tension over the growing rumor that Pakistan has a secret alliance with Russia, has helped to succor those nations of colored peoples on islands and in smaller countries who cheer Prime Minister Nehru although he cautioned "India does not consider herself the Savior of the World." A complete upheaval is expected in Bengal while the Pakistan-India cold war might resume increasing proportions. Russia, it is known, would be a very powerful aid to Pakistan in the event of a war, and would enable the holdout province to overrun India.

**India as Buffer**

The contemplation that America is only using India as a buffer between Asia and itself and by the occupation of Japan has made that Far Eastern country a powerful economic rival to Britain, Australia and other European nations, only makes the situation less understandable.

In the event of declared opposition to the South African government, the only close help available would be Australia and New Zealand. The British, however, need these to put down rebellion in Malaya which is expected to gather impetus over calling of Malayan objectors to the present condition "armed terrorists."

In spite of opposition, the 1,500,000,000 white people of color do not intend to be penned in the northern hemisphere by a mere 8,000,000 white and not-so-white moronic people of the southern hemisphere while the latter monopolize all the millions of square miles of fabulously rich land and richer seas. The English papers refuse to print the truth, in essence. White is the wrong color now, not only in Asia, but in the Pacific and Indian oceans' bastions. It is said the bubble will burst by October 2nd.

**MANLY, IOWA**

Manly, Ia.—Mr. Roy Bates, Jr., left last week for Lansing, Mich. He will be employed in one of the city's large factories. New Bethel's Sunday school motored to Mason City last Thursday to take part in a union Sunday school picnic, sponsored by the St. John Sunday school of that city.

Mrs. Mattie Dunn and grandchildren, Delores and Raymond Dunn, left the city last Sunday for a two weeks vacation in Eldorado, Ark., visiting with relatives.

The New Bethel Mission circle was honored last Friday evening at a special meeting with the following guests: Mrs. J. A. Ashford of Garner, president of the woman's work in the four states convention; Mrs. Roberta Frazier of Des Moines, president of the woman's work of the Central district. Accompanying Mrs. Frazier were Mrs. May Howard and Mrs. Ethel Volinier also of Des Moines; Mrs. O. H. Burrell, president of the St. John's Mission circle, Mrs. Susie Parker and Mrs. Joseph Johnson of Mason City, and Mrs. Ora Benton and daughter, Freda, of Chicago. Mrs. Benton and daughter are guests of Mrs. Cecil Douglas.

Services were well attended Sunday at the New Bethel Baptist church. Rev. E. F. Parker is pastor. Out-of-town visitors were Curley Brown and daughter Mrs. Mable French of Lansing, Mich. Mr. Brown is guest at the home of his son and daughter, Mr. R. C. Brown and Mrs. Roy Bates, Jr.; also Mrs. Ora Benton and daughter, Freda. Rev. and Mrs. B. F. Parker were dinner guests at the home of the Browns and Bates and Mr. Curley Brown and daughter, Mabel, were dinner guests at the home of Mr. and Mrs. John Page.

**PERRY, IOWA**

Perry, Ia.—Rev. Horace Lewis preached last Sunday morning. Visitors were Mr. and Mrs. Orville Blanks, Marshalltown. Sunday afternoon Rev. Lewis and congregation attended services at Melick's temple AME Zion church. The Rev. J. T. Thomas of Bethel AME church in Des Moines was guest speaker and soloist. Rev. P. Johnson, pastor of Church of God in Christ, assisted the Stewardess board with the service. Sunday evening services were conducted by the Mothers' board with Mrs. L. Woods in charge of the services. A program was presented and Rev. Orville Blanks was speaker. Remarks were given by Rev. P. Johnson, Rev. J. H. Ross. Rev. and Mrs. Blanks are former members of Melick's temple. They are members of Morrow's chapel ME church in Marshalltown.

Mrs. Horace Lewis and Jimmy returned Saturday after visiting in Marshalltown at the home of her brother-in-law and sister, Rev. and Mrs. Orville Blanks. They visited other friends and were one-o'clock luncheon guests Monday at the Clay Harper home on Friday. Other guests at luncheon were: Mrs. William House, Kathy and Joann. During the week end they visited in Des Moines at the James Morrow home accompanied by Mrs. Blanks and Wally Davis. Sunday, Mrs. Clay Harker, Mrs. Lewis and Jimmy, Mrs. P. Wildner and Mrs. Blanks visited Lt. Clay Harper at the Veterans hospital in Des Moines.

**HEALTH FOR ALL**

**Rabies**

Most people like dogs, which are usually friendly and useful companions to man.

The dog that bites, is far from popular. The majority of us know that rabies, an infectious and sometimes fatal disease, is most commonly transmitted to human beings by the bite of a "mad" dog. Every dog that bites isn't necessary rabid, but no dog-bite victim should overlook the possibility that the offending animal is infected with the rabies virus.

Rabies is associated with "dog days" of August, but the disease may occur any time. However, dogs do run about more freely in the summer and during the humid days of August, dogs may become irritable, just like their masters, and thus be more likely to bite.

Rabies is caused by a virus which travels slowly along the nerves and spinal cord of the person infected. Once it reaches the brain, it is invariably fatal. The bite of a rabid dog on a person's face is more dangerous than if the victim were bitten on the leg, or even the arm, because the virus has a shorter distance to travel to the brain.

The best way to avoid rabies, naturally, is to avoid the possibility of being bitten by a dog. Be friendly and courageous in the presence of dogs and never run from one under any circumstances. Avoid petting strange dogs and warn children against fondling or teasing them.

But if the precautions fail and a dog should bite, consult a doctor immediately. The doctor will sterilize the wound and, if the bite is deep, he may cauterize it. When the skin has been broken, the doctor may also give the dog-bite victim an injection to ward off tetanus, or lockjaw, as well as rabies.

Never kill a dog who has bitten someone, but report the incident to the health officer. He will see that the suspected dog is kept isolated and under observation for about ten days. If the dog appears to be well after ten days there is no danger that anyone whom he might have bitten will develop rabies.

Many dogs are vaccinated these days against rabies. The annual injection of anti-rabic serum in the dog is not always completely dependable, but it does lessen the possibility of the animal's getting the disease, and it is wise for the dog-owner to see that his pet receives this treatment.

**SPORTS**

BY ALLEN ASHBY

The Langston Hardaway Memorial trophy stole the show at the finals of the Des Moines Open Tennis meet Sunday. The matches were transferred to Waveland when Saturday's rain knocked out the Good Park courts, always the scene of the finals.

The big bowl was the center of attraction, stealing the show from some mighty fine tennis matches.

Fay Dunn, 1948 winner was the first to get his name on the trophy which must be won three times in order to become permanent property.

Frank Brody of Davenport eased by Paul Williams in one semi-final men's singles match. Frank suddenly recalled that he had trouble with Dunn when the latter wasn't as good as he is now and Brody was younger and sharper. So he got called out of town on business and let Fay have the thing.

Veteran Tennis players argued that Brody should have defaulted to Williams in order to save the final match. Several of them were heard to comment unfavorably about the incident.

Dunn and his partner, Harold Johnson, lost their doubles final to defending champ Gordon and Bud Poppel at 6-3, 6-4. This was in spite of a shot by Johnson that he made while sitting on Paul Williams. The ball lit in for a placement.

Joan Dunn lost a hard-fought dual to defending champ Doris Jensen, 6-3, 2-6, 6-4. Miss Jensen just swatted the ball too hard on vital points while Joan had net trouble too often.

**Junior Events**

The Andrew Brothers of Iowa City and a girl named Susie Hamilton, took over the junior boys and girls events. Susie who teamed with Coleen Martin to become runner-up in girls doubles won both the girls' and junior girls' singles. Coleen saved the Hilltoppers from a shut-out by winning two runner-up prizes. One in the junior girls singles and one in girls' doubles. The Andrew boys, Jamie and Arthur, won the boys' singles and even brother won a double title—Art winning the boys' and being beaten by his brother, Jamie, for the junior doubles. Jamie won runner-up to Dean Nadig of Roosevelt for the junior singles.

**SIGNED BY CHICAGO WHITE SOX**

The first Negro players to be signed by the Chicago White Sox, Thursday night for Colorado Springs, catcher Sam Hairston (left) and first baseman Bob Boyd, played here (465) in the Negro American league. (Photo courtesy of D. M. Register).

The meet is attracting a lot of out-of-town visitors so that next year a housing committee will be in order. Then, the thing is getting so big that it will require year-around planning or else it should be dropped. The thing was a success this year mainly because Bill Ashby threw

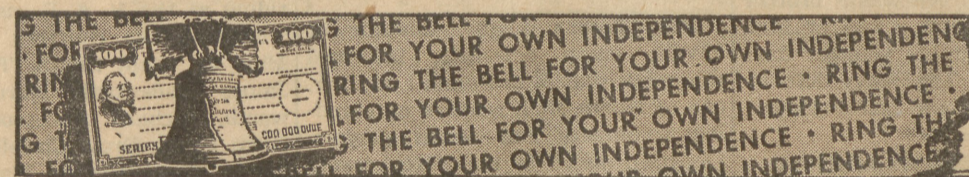

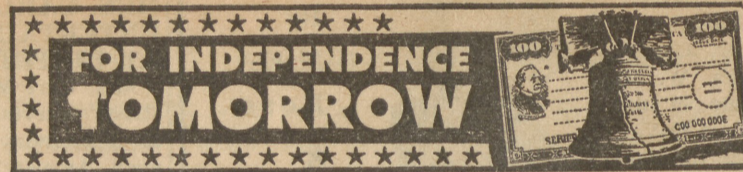

all his energy into it and worked harder than any three men to line-up courts after Saturday's rain. The rest of the gang were in there pitching, but Bill was the generator that really kept things going.

Next year, Bill won't be able to handle the thing without some careful, long-range planning. Yet,

our little old one-horse tennis meet has grown up.

Chet Williamson and Bill Ashby left this week to attend the national tennis tournament which is being played at Wilberforce university, Zenia, Ohio. Williamson will play in the meet.
