#### Chicago Gets First Negro Circuit Judge

Chicago, Ill.—The first Negro to hold a Cook (Chicago) county circuit judgeship was appointed Monday by Gov. Adlai Stevenson. He is Judge Wendell E. Green, a municipal judge since his election in 1941. The Chicago Bar association has rated him "exceptionally well qualified."

#### MOREHOUSE FRESHMAN WINS \$600 SCHOLARSHIP

Atlanta, Ga.—Ezra C. Davidson, a Morehouse college freshman from Water Valley, Miss., was the winner recently in the finals for a \$600.00 scholarship award, with a cash award of \$200.00, given by the Sons of his native state of Mississippi. He won out over 16 competitors. Mr. Davidson spoke on the subject, "The Negro and the Constitution."

#### 'BRIGADOON' AT KRNT JAN. 8

"Brigadoon," an enchantingly beautiful musical which creates the illusion of a legend from the land of heather and plaid, returns to KRNT Theater, Des Moines, Monday night, January 8 for one performance.

#### Wins Exoneration For Fort Dix Man

Fort Dix, N. J.—Another victory on behalf of a serviceman facing an undesirable discharge was won this week by attorneys for the National Association for the Advancement of Colored People, as Corp. Odell White was declared physically and mentally fit for service.

Corp. White who had a perfect nine-year army record except for two recent minor transgressions, faced discharge on the basis of a psychiatrist's testimony that in the future he might be unfit for military duties. In their cross-examination of Dr. Norman Anderson, the psychiatrist, NAACP attorneys brought to light the fact that Corp. White had never been given a formal psychiatric examination.

The NAACP took the case when it became apparent that Corp. White, a Negro married to a white woman, was a victim of discrimination. NAACP attorneys Clifford Moore of Trenton and Assistant Special Counsel Jack Greenberg of the national office handled Corp. White's defense.

#### Deadline Tuesday Holiday Monday

Holiday Monday. News deadline Tuesday noon as usual. Phone in your news this week end.

#### NAACP Annual Meet Set For January 2

New York—The annual meeting of the National Association for the Advancement of Colored People will be held on Tuesday, January 2, it was announced by Walter White, the Association's executive secretary. At the meeting, members of the NAACP will hear reports of the year's activity from the executive secretary and heads of departments. Ballots sent in by NAACP branches to elect new members of the board of directors will be counted, and the

#### City Council Hears FEPC Head From Minneapolis

Wilfred C. Leland, Jr., the executive director of the Minneapolis fair employment practices committee, last Thursday told the Des Moines city council about the working of the ordinance in his city.

The Des Moines fair employment practices committee recently asked the council to enact such an ordinance.

Favoring a local ordinance over a state law, Leland said that "it is desirable to have both, if possible."

Minneapolis has had a fair employment practices ordinance, with a commission, three and a half years. The original intent there was to "stimulate the integration of all qualified workers in war production," he related.

#### Bomb Home Alabama Wo

Birmingham, Ala.—The home of a Negro matron whose fight against Birmingham racial zoning laws was upheld last Wednesday by the U. S. circuit court of appeals was bombed and heavily damaged Thursday.

Mrs. Mary Means Monk, the leader in the court fight against residential segregation, escaped injury. The bomb exploded against the wall of her bedroom just after she had left it.

The residence is located in a district where Negroes moved into an area previously zoned for white occupancy. Bombings of Negro residences have occurred intermittently since August, 1947.

No arrests followed the previous explosions.

#### Quiz Scottsboro Figure in Slaying

Detroit, Mich.—Haywood Patterson, 37, convicted in Alabama's famed Scottsboro rape case of the thirties, was questioned Monday about the slaying of another Negro in a saloon quarrel, after a witness identified him as the knife-wielder.

Patterson, sentenced with nine other Negroes for the rape of two white women in 1931, escaped July 17, 1948. He was picked up here as a fugitive last June 12, but released when Gov. G. Mennen Williams refused to extradite him.

The other defendants in the Scottsboro case have been freed on parole or have died.

#### Campbell to Discuss Life of Dr. Carver

Washington.—T. M. Campbell, extension field agent of the U. S. Department of Agriculture, will discuss the life and work of Dr. George Washington Carver on January 7 at the Lincoln Memorial Congregational church, Chicago, Ill.

For many years, Mr. Campbell traveled with Dr. Carver all over the United States. They became friends shortly after the tall, lanky farm youth of northern Georgia, arrived at Tuskegee on foot in April of 1899, completing a three-month journey. Dr. Carver not only taught young Campbell, but he also designed the "movable school" with which the latter launched extension work for Negro farmers in the deep South in 1906.

Results of the election made known. The meeting, open to all members of the Association, will begin at 11 a.m.

#### Santa Has Busy Afternoon Distributing Gifts to Kiddies

Crocker YMCA was crowded with 300 or more kiddies on last Saturday afternoon for the Christmas party given by the Carl Ross Mortuary and Dick Chaney's Service Station. Having a hot and busy time in the role of Saint Nicholas is Atty. James Brad Morris, Jr., who got many thrills and near spills as the kiddies crowded about him in the YMCA lounge as he handed them candies, fruits and toys. Following a program of carol singing led by Santa Claus with Cyrus Cassell (left) assisting, Carl Ross of the mortuary, announced to the kiddies that Old Saint Nick would return to the Crocker branch next year. ### Capture Counterfeiting Trio on East Side; Had Fistfull of Bogus Bills

Alertness of a merchant's wife and split-second action by Des Moines police were credited Friday with the capture of three persons accused of being members of "a dangerous counterfeiting ring."

The three were arrested at gun-point within "three or four" minutes after a call was received that a fake \$10 bill was passed at an east side grocery store, police said.

The merchant's wife, whose name was withheld for her protection, had become suspicious and taken the license number of the car in which the three were traveling.

They were identified as Sandra Gladys Rivers, 22, Cornelius Madison, 45, and LeVance Eiland, 31, all of Chicago, Ill.

The three had \$990 in counterfeit \$10 bills in their possession when arrested.

#### A Telephone Call

Their presence here became known about 8 p.m. Wednesday when Detective Malcolm Dailey received a telephone call from the Anderson Superette grocery, 1121 E. Universal colored man" was understood to have passed some of the bills in

though they were about to leave.

#### Fistfull of Bills

"We drew our guns and ordered them to shut the motor off. Eiland had a fistfull of bills in his hand. He didn't have time to dispose of them. They also had thrown some of the phony money into the back seat of the car. They had wadded

### WAR BRIEFS OF WEEK FROM KOREA

Seoul, Korea—The population of about 1,500,000 civilians had been cut to nearly 500,000 Tuesday by the evacuation of war-weary Koreans.

In near zero temperatures, they are fleeing the city rather than live under Communist rule again. They have conceded that Seoul will fall to the enemy.

#### Commander Killed

Last Saturday Lt. Gen. Walker H. Walton, 61, commander of the U. S. 8th Army, was killed in a jeep accident near Seoul. His successor is Lt. Gen. Matthew B. Ridgeway, famed as the tough, chute-jumping commander of the 82nd airborne division in World War II.

He arrived in Tokyo Monday, his 8th army awaiting an imminent Communist offensive along the 38th parallel.

A Red China military leader, Chu Teh, warned U. N. troops to get out of Korea, the United States to pull its military forces out of Formosa,

### Convicted Officers and Men of 24th Infantry Request Aid from Group

New York.—Plans to send Thurgood Marshall, special counsel of the National Association for the Advancement of Colored People, to Tokyo for an investigation of the circumstances surrounding courts-martial of 24th Infantrymen, were at a temporary standstill today as Walter White, NAACP executive secretary, cabled General of the Army Douglas MacArthur, urging reconsideration of the ban against Mr. Marshall's entry into Japan.

Word of General MacArthur's refusal to allow the NAACP counsel to enter Japan was received this week at the Association's national office. Mr. Marshall had planned to leave for Tokyo to defend accused GIs on the scene and to make investigations as soon as final clearance on his entry permit and passport were received.

### To Honor Dr. Bunche on Return from Nobel Trip; Citizens Sponsor Dinner

New York.—Judge Robert P. Patterson will serve as chairman of a group of distinguished citizens sponsoring a testimonial dinner in honor of Dr. Ralph J. Bunche on Wednesday evening, January 24, at the Hotel Commodore, it was announced by Walter White, executive secretary of the National Association for the Advancement of Colored People.

The dinner, marking the first public appearance of Dr. Bunche since his return from Oslo where he was awarded the 1950 Nobel Peace Prize, will be addressed by Secretary of the Interior Oscar L. Chapman and other distinguished American and foreign spokesmen who will join in paying tribute to the noted peace maker.

In announcing the dinner to honor Dr. Bunche, Mr. White expressed the hope that in addition to paying "a deserved tribute to a great American and a great citizen of the world," the affair will "demonstrate to the colored peoples of Asia, Africa and Latin America that the Soviet propaganda that the hand of every white American is against American Negroes is a lie."

would want to see that they receive full justice not only because they deserve it but also to counter inevitable Communist propaganda throughout Asia."

Twenty-three convicted officers and men have already written the NAACP, asking the Association's lawyers to handle their defense. At the same time, interest in the pro-

thusiasm expressed in the press and by groups and individuals. In Berkeley, California, a group of interested citizens formed the Bay Area NAACP G.I. Assistance Committee for the purpose of raising funds to help defray the expenses of Mr. Marshall's trip to Tokyo.

#### Democrats For Jobs Equality

Polk County Young Democrats announced Friday they will urge passage of the proposed Des Moines fair employment practices ordinance.

The proposed ordinance would forbid the city or private employers from discrimination in the hiring or firing of employees on the basis of their race, color, religion or national origin.

#### Resolution Drafted

The Young Democrat club drafted a resolution supporting the proposed ordinance at a meeting at Hotel Fort Des Moines.

They called the ordinance "moderate." The proposed city act is "consistent" with the platforms of "senior and Young Democratic organizations," the resolution stated.

#### "Part of Platform"

Support of fair employment practices has been and is now a part of the Democratic platform on the national, state and local level, the resolution said.

The Young Democrats said their party has "fought" for such legislation in congress and the state legislature.

The Young Republican League of Polk county also recently endorsed the proposed employment ordinance.

Iowa Now Leads The Nation In Meat Packing Volume

Iowa is now leading the meat packing field, the Iowa Development commission pointed out. For the second straight year, the volume of livestock slaughtered by Iowa packing plants is running larger than in any other state.

Federal estimates show that during the first ten months of 1950 Iowa packers handled 11.7 percent (by live weight) of all the cattle, calves, hogs, sheep and lambs processed in the nation.

Last year, Iowa packing companies handled 11.5 percent of the meat processed in the nation. With the 1949 and 1950 reports, Iowa has stepped ahead of Illinois, which previously was the top meat packing state.

M.C.S.C. CLUB HOLDS CHRISTMAS PARTY

Urban League Ready to Cooperate in Country's Nationwide Emergency

New York.—In commenting on the speech made by President Truman Friday night, December 15, Lester B. Granger, executive director, National Urban League, said: "In his challenge to the Brotherhood of Railway Trainmen, President Truman put his finger squarely on a fatal weakness in our national armor."

"The same reckless irresponsibility of these union members which has prompted them for fifty years and more to bar Negroes from jobs in the railway industry because of their race, prompts them now to disregard their country's safety in the interest of temporary financial gain. Thank God that these union members are not representative of responsible labor leadership."

Will Respond "This nation emergency," said Mr. Granger, "is one which presses upon every American of whatever economic, religious or racial circumstance. All loyal Americans will respond to the President's challenge to make this country the arsenal of the defense of freedom."

Leagues Alerted The President has clearly outlined the need for unreserved civilian and military effort to meet the current crisis, Mr. Granger said. "The National Urban League places at the disposal of the government the

full resources of its nationwide movement."

Local Urban Leagues have already been alerted, and are ready to cooperate unreservedly with Mr. Charles E. Wilson, Director of the Office of Defense Mobilization, and Mr. Millard Caldwell, Civil Defense Administrator."

And then they say no spirit dares stir abroad; The nights are wholesome; then no planets strike, No fairy takes, nor witch hath power to charm, So hallowed and so gracious is the time. —Shakespeare.

Feb. 15, with all preliminary and semi-final bouts to be staged Feb. 15-16. Championship bouts are scheduled Friday, Feb. 23. A KRNT team of Iowa Open division winners will be sent to the Chicago G. G. Tournament of Champions.

There will be two divisions in the tourney, the Open and the Novice, and eight weight classes in each. A boxer is eligible for the open if he has had as many as seven recognized bouts. Application forms and information sheets will be available soon.

Write Coupee Coupee has asked that all amateur boxers in this locality who are interested in considering entering the February tournament to write him and necessary information will be sent them. Address cards and letters to: Al Coupee, KRNT, Des Moines 4, Iowa.

In granting KRNT the Gloves franchise, Arch Ward of Chicago, head of the national organization, said "We shall be delighted to have the cooperation of a station with the facilities of KRNT and especially its experienced personnel." Harold Plude, Iowa's AAU boxing commissioner, pledged "the full support and cooperation of the AAU organization."

Coupee, who was the Moline Golden Gloves heavyweight champ in 1942, said, "Amateur boxing is an excellent sport for developing a youth's

WORLD PEACE IS STILL POSSIBLE SAYS BUNCHE

New York, N.Y.—"We can have peace in our time," declares Ralph Bunche, 1950 Nobel Peace Prize Winner, in an article released in Look Magazine.

"We can have peace when the peoples of the world are willing to work and pay and sacrifice for it, Bunche continues. "All the nations must mobilize their peoples for peace, as they would for war, by welding into an irresistible force the will that there shall be peace."

"Indeed, if the peace is lost through our complacency, our lack of awareness and determined effort," warns the Look article, "the blame would be shared by all of us—peoples and governments whose intentions were sincerely peaceful as well as by those whose aggressive actions provoked war."

### 'YOU CAN SURVIVE ATOMIC ATTACK' — SIX SECRETS

Should Iowa be attacked with atom bombs, you have a good chance of living through the raid. This series of articles will tell you how atom bombs operate, and how you can protect yourself. Clip these articles; the full series will be a complete reprint of the government pamphlet, "Survival Under Atomic Attack," which is available for 10 cents from the Superintendent of Documents, Washington 25, D.C.

#### You Can Survive

To begin with, you must realize that atom-splitting is just another way of causing an explosion. While an atom bomb holds more death and destruction than man has ever before wrapped in a single package, its total power is definitely limited. Not even the hydrogen bombs could blow the earth apart or kill us by mysterious radiation.

Because the power of all bombs is limited, your chances of living through an atomic attack are much better than you may have thought. In the city of Hiroshima, slightly over half the people who were a mile from the atomic explosion are still alive.

At Nagasaki, almost 70 percent of the people a mile from the bomb lived to tell their experiences. Today thousands of survivors of these two atomic attacks live in new houses built right where their old ones once stood. The war may have changed their way of life, but they are not riddled with cancer. Their children are normal. Those who were temporarily unable to have children because of the radiation now are having children again.

**What Are Your Chances?**  
If a modern A-bomb exploded without warning in the air over your

#### Six Survival Secrets for Atomic Attacks (Keep until you have memorized them)

1. Try to get shielded. If you have time, get down in a basement or subway. Should you unexpectedly be caught out-of-doors, seek shelter alongside a building, or jump in any handy ditch or gutter.
2. Drop Flat on Ground or Floor. To keep from being tossed about and to lessen the chances of being struck by falling and flying objects, flatten out at the base of a wall, or at the bottom of a bank.
3. Bury Your Face in Your Arms. When you drop flat, hide your eyes in the crook of your elbow. That will protect your face from flash burns, prevent temporary blindness and keep flying objects out of your eyes.
4. Don't Rush Outside Right After

the Salvation Army; and, there were other small hands that pulled and pulled and kept his suspenders in constant motion. Once he had to flee to catch his suspenders. And, there were other moments when the kiddies crowded him so that he was swaying like a tree in a tornado.

"It was great, though," he described, as one of his exciting moments of 1950.

Morris, an assistant Polk County attorney, has had a busy pre-holiday season. Last week when the temperatures hit zero, his Junior Chamber of Commerce team was "raising Cain" ringing bells, singing songs and putting on a street show on Sixth and Locust, to aid the Salvation Army's Tree of Lights' campaign. His team came in second place with a total of \$746.70. The leading team, the Kiwanis had \$918.23. Ten other clubs in the city "rang" \$6,164 into the Salvation Army kettles for the organization's holiday work for the sick and needy.

His attorney and his wife, Arlene, have a two-year-old son.

On her thrilling experience of the year 1950 is Mrs. Stanley (Edna) Griffin, who left Des Moines Wednesday and rode that new train, "The Pacemaker" which took her into New York City for a day's holiday.

Just before leaving Mrs. Griffin remarked that "this is my most exciting experience" since 1947, when her first child was born. She has been busy since but now that the kiddies are of the ages of 3 1/2 and 1 1/2, her husband, Dr. Griffin, will take over while she is away.

"In New York City, I just want to browse around, look at some prints and visit that new African art shop, go to a show and see the city," she listed. Then she will go on to Springfield, Mass., to visit her parents, Mr. and Mrs. Edward H. Williams.

James L. McGuire, Jr., had a thrilling experience on last Sunday. Back from Huron, D. C., with his wife, Lois, and son, the four-month-old infant began whimpering during the Sunday morning services at St. Paul A.M.E. church. Jimmy, as his friends here know him, ushered his youngster hurriedly out of the church auditorium, into the vestibule, and later sent an usher back to mother to get the baby's bottle. All was quiet.

Later during the morning service, the parents, Jimmy and Lois and grandparents, Lloyd and Minnie Mc-

### IOWA CIVIL DEFENSE STAFFS ORGANIZING, TAKING INVENTORY

Iowa's civil defense program is "making good progress" in its first two phases—organization and inventory—Rodney Q. Selby, state director of civil defense, said this week. Plans are nearly complete for the other two phases—training of volunteer workers and education in personal defense—he added.

Selby, appointed by Governor Beardsley last August to direct civil defense activities in Iowa, has set up a state advisory committee and has requested each county to organize a civil defense council. In 93 counties, civil defense chairmen named by Governor Beardsley have accepted the appointment. Fifty-two county chairmen have set up a complete county civil defense councils.

### Artist's Recital To Feature Greek Letter Tri-Convention In Kansas City, Dec. 27-30

Kansas City, Mo.—Outstanding artists in the Alpha Kappa Alpha sorority and the Kappa Alpha Psi and Alpha Phi Alpha fraternities will be presented in an Artists Recital Thursday evening, Dec. 28, in the beautiful Edison Hall in the Power and Light building, one of Kansas City's skyscrapers.

The artists to appear on this program, which will be the cultural highlight of the Greek letter tri-convention to be held in Kansas City Dec. 27-30, have been chosen from among the hundreds of talented members of the three organizations which will meet under the same roof in Kansas City's Municipal auditorium.

**Artists**  
Artists who will appear on the program are: Nicholas Gerren, violinist, professor of music at Lincoln university, Jefferson City, Mo., and a representative of the Alpha Phi Alpha fraternity. He will play "Ave Maria" (Schubert-Wilhelm) and "Minstrels" (DeBussy).

Miss Gladys Childress and Miss Eileen South, a two-piano duo from Southern University in Baton Rouge, La., representatives of the Alpha Kappa Alpha sorority. Their numbers will be "Blue Danube Waltz" (Strauss-Chasins) and "Ritual Fire Dance" (De Falla-Braggott).

Aneco Francisco, teacher of music Guire, and aunt, Mrs. Harriet White of Chicago, watched, the Rev. G. A. Singleton hold baptismal rites for the infant.

Mrs. E. P. Jackson was receiving congratulations last week for the fine choral work displayed by the all-city PTA Mother Singers chorus which she directs. The women sang Christmas music from the mezzanine floor of Younker's store last Wednesday. On Sunday afternoon KRNT rebroadcasted a Christmas program by the singers.

A GOOD WAY TO BEGIN THE NEW YEAR

As we come to the new year, America finds itself engulfed in a world-wide struggle for peace—peace within the confines of its theory of democratic government for all the peoples of the world.

In the struggle to which America has dedicated itself, she finds herself, like a good many other nations, with a few communists within the midst of its citizens: men and women, who for one reason or another, think communism will solve our ills and are willing to play with Moscow as against America to prove they are right.

The Bystander has no patience with any American citizen who sides with Russia, who lives here, enjoys the rights, privileges and freedom offered by this country.

The bible teaches "first cast the beam out of thine own eye, then thou canst see clearly how to cast the beam out of thy neighbor's eye."

Included among the communist sympathizers in this country are some Negroes. They, their sons and/or neighbors have gone out on more than one occasion to fight that men in other countries might be free while right in their own home, they are denied many of their rights, privileges and immunities for no other reason than their race.

In the president's message to the American people declaring a state of emergency, he urged that citizens tighten their belts for what's ahead. This, to be sure, is very necessary.

As a good start for the new year, the Bystander suggests that America and Iowa in particular take the lead in doing something definite to correct the evils of racial discrimination within its own border.

1. Let the large business institutions like the Register and Tribune, the Iowa Power and Light Co.; Meredith Publications; Wallace's Homestead; the Des Moines Railway Co.; the Equitable Life, Bankers Life and other large Insurance Companies; the banks and many other institutions over the state hire Negroes on their merit.

2. Stop racial discrimination in restaurants and hotels throughout the state. Let the attorney general direct some of his energy to the enforcement of civil rights as well as liquor and gambling laws.

3. Let the governor and other state officials name some Negroes to important posts on the basis of their ability. No Iowa governor has ever appointed a Negro to a decent job.

4. Let labor unions which have gained much to enhance their lot in life stop discriminating against Negro workers.

5. Let business and labor quit collaborating to keep Negroes from serving apprenticeships which has prevented them from learning trades.

The suspects were searched for a second time at the jail and police discovered the woman had more than \$400 worth of the fake bills in her underclothing.

It was believed by police that the trio came to Des Moines from Cedar Rapids and had disposed of about 10 of the worthless bills here.

The three pleaded innocent to federal counterfeiting charges and were held in Polk county jail in lieu of \$15,000 bond each.

CLAYBROOK ELECTED BY CONSISTORY 46

James A. Claybrook has been elected commander-in-chief of consistory 46 of the Scottish Rite Freemasonry, Eleventh and Center streets, it was announced Wednesday.

INTER-RACIAL GROUP ELECTS OFFICERS

Officers of the Des Moines Inter-racial Commission, elected Dec. 12 were: W. Lawrence Oliver, president; Ruth B. Pritchard, vice president; Doris Morgan, secretary-treasurer; Mrs. Seymour Gaines, assistant secretary.

Board members are: S. E. Thompson, Ike Smalls, A. P. Trotter, Mrs. J. E. Campbell, W. C. Buice, William Plymat and Mrs. F. J. Weertz.

The Logan school chorus sang Christmas music for the program.

a motion by the American Labor party for an injunction to prevent the Concourse Plaza hotel from canceling the arrangements.

The singer was voted the award last month by the Communist-dominated "world peace congress" at Warsaw.

The award—a bronze plaque—did not arrive here in time. So it was presented to Robeson symbolically before an audience of 500 persons.

Counsel for the Concourse Plaza told the court that sponsors of the meeting "tried to put something over on us by concealing the real purpose of the meeting, which was to echo the world peace congress."

The lawyer said the Daily Worker, Communist newspaper, carried advertisements of the meeting.

The court was told that the reservation was canceled by the hotel because of fear of rioting, injury to guests, damage to property, and unwillingness of the hotel to allow its facilities to be used "in furtherance of the propaganda of a nation actively hostile to the United States."

We never will learn to keep our big trap shut. Before the dope about Ross Bombers and the Esquires got typed for setting, the Ross gang embalmed the Esquires 31-28.

1950 was a rather dull year, but it had its high and low spots for us. There was the upsetting by the Renns of the Esquires to capture the league crown after a hectic scramble.

The Olympian club award of the athlete of the year to Drake's Bill Evans was the bright spot. Their swimming meet was something to write about.

The usual Drake relays show and the one-two punch of Kaiser and Atkins of East running away with track meets.

We missed the dual tennis meets and hated like sin to see Bill Ashby have to stop playing. William Smith amazed some of the guys by really getting into shape and grabbing the Hilltop tennis meet.

The Hottentots softball club piled up quite a record and got to the state meet, but couldn't quite crash through. Walter Carter please notice.

Our high spot was our good fortune to be present when John Bright busted the national mark for total yards gained. The kid was great that day.

The really polite and almost kind treatment we received in the Iowa State Press box. At Drake we are just another guy with a paper pad and pencil. That is alright, too, as it should be.

The fine play of the umpteen Negroes with Fiddlers pro football club. The Chicago something or others—one of the best organized Negro grid teams to come out of Chicago.

Our low spot was having to listen to Joe Louis stumble through his bout with Ezzard Charles. Why doesn't the guy quit? We couldn't bear to watch the thing by television and we certainly wouldn't care to

Rev. George D. Daniels, 3129 Pine Ave., St. Louis, Mo., is 70 years old and has been a minister for over 12 years.

This is what Rev. Daniels has to say: "I had been suffering for a long time with aches and pains, but in the recent months this condition had become considerably worse. I would toss and turn all night long. I was so miserable I couldn't hardly eat a bite. I heard one day how other folks were getting marvelous results from HADACOL, so I decided to try it. It wasn't but a week's time after I started taking HADACOL that I was able to rest easy at night. Now my condition is considerably better. My appetite is terrific. I feel like I could eat everything on the table. HADACOL is wonderful—I always tell folks how it has helped me—and I urge them also to try HADACOL."

HADACOL is Wonderful in the way it has helped thousands of folks whose systems were deficient in Vitamins B, B, Niacin, and Iron. HADACOL is so different because HADACOL helps build up the hemoglobin content of your blood (when Iron

is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body. Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size. Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL order it direct from The LeBlanc Corporation, Lafayette, La.

HEALTH FOR ALL

SEARCH BEGINS NEXT MONTH

A search for 400,000 women in Iowa will begin next month and continue during 1951. There are an estimated 400,000 women over 40 years of age in Iowa—the age group subject to cancer.

The search will be made by the Division of Cancer Control of the Iowa State Department of Health, the Iowa Medical Society and the Iowa Division of the American Cancer Society.

Every town, village or city will be included in this educational campaign. "We hope to tell every Iowa woman, no matter where she lives, about these important signs," says Dr. Zimmerer.

Iowa has been chosen by the National Cancer Institute as the site of the first campaign of this sort to judge educational methods. Public health officials in every state of the Union will be watching Iowa's campaign.

Part of the campaign to find symptoms of breast cancer will include a technicolor film called "Breast Self-Examination," a special short film for women.

Saddler added his name to the list of Negro boxing champs and Ray Robinson got into position for a crack at the middleweight crown.
