Bishop G. Baber Holding 31st Annual Conference Here at St. Paul Church

Visiting ministers of the Des Moines and St. Paul (Minn.) districts, distinguished officers and churchmen of the AME church, are in the city this week attending the thirty-first annual Northwestern Conference of the AME church, which is in session at the St. Paul church, 12th and Crocker streets.

Presiding is the Rt. Rev. George W. Baber of Detroit, Mich., who returned to the country recently from Europe where he attended the Methodist Ecumenical Conference at Oxford, England.

Bishop Baber Spoke at the conference Wednesday evening at a banquet at the church.

Thursday morning the Rev. B. N. Moore, pastor of St. James AME church, St. Paul, Minn., was guest speaker. Reports from the ministers and presiding elders were heard Thursday afternoon. The Rev. Geo. Paul Jones of Clinton delivered the annual missionary sermon Thursday evening.

Friday night, Dr. C. L. Hill, president of Wilberforce (Ohio) university, and Dr. Rembert Stokes, dean of Paine Theological seminary, Augusta, Ga., will speak at 7:30 o'clock.

Ordination of deacons and elders of the northwestern conference at 3 p.m. Sunday.

Bishop Baber will announce ministerial appointments at 3 p.m. Sunday.

Women's Meeting

The thirty-first annual session of the Women's Missionary Society of the Northwestern Conference convened on Tuesday and Wednesday at the St. Paul AME church, presided over by Mrs. G. T. Fant.

In her seventh annual report to the many women of the session, Mrs. Fant stressed "Vision, Growth and

Service."

"We must have a vision before we are able to accomplish the work for the Master," the president spoke, as she told of the AME church's vision, "through her many missionary organizations, has carried the Gospel light to many lands—to far away Africa, both south and west, to Canada, South America and the isles of the sea.

"The voice of Richard Allen, Daniel Payne, Paul Quinn, Henry McNeil Turner, W. Sampson Brooks, and Nora Taylor—they threw the torch. It fell into the hands of Madam M. A. Campbell, C. M. Burley, A. Wayman, J. H. Hunter and A. Handy. From these fine women our missionary work has grown to seventeen episcopal districts with ninety conferences," Mrs. Frant informed.

"Our own conference branch has grown from a small band of missionary women, 1920, with Mrs. Marie Waters, Florence Duckett, Esther Stovall, Missouri Slater, Mattie Boyd and a host of others of sacred memories crying to this generation.

"It is our to hold high; to meet this challenge calls for new courage, immovable faith in God, a heart of love, a deeper consecration to the Master's service," the president pleaded.

Tuesday night the annual conference "Sweetheart" night program and contest was won by Mrs. Zelma Franklin of Waterloo, who brought in the largest amount of money.

Presiding Bishop

BISHOP GEORGE BABER

The Rt. Rev. George W. Baber of Detroit, Mich., bishop of the Fourth Episcopal District of the AME church is presiding over the thirty-first annual conference of the AME churches which is convening at the St. Paul AME church, Twelfth and Crocker streets.

Bishop Baber returned recently from Europe where he attended the Methodist Ecumenical Conference at Oxford, England. He spoke of his experiences on his trip at a banquet for conference delegates and visitors Wednesday night.

Conference Visitor

BISHOP JOSEPH GOMEZ

Among the distinguished visitors scheduled to attend the thirty-first annual Northwestern Conference of the AME church, which is in session at St. Paul church, Twelfth and Crocker streets, is Bishop Joseph Gomez of Waco, Texas.

NAACP to Defense of Its Attorney Indicted in Cicero, Ill., Riot Hearings

Aroused by the indictment of George Leighton, NAACP attorney for the Harvey Clarks in the notorious Cicero riot case, the National Association for the Advancement of Colored People moved speedily to take up the challenge of the Cook County grand jury which failed to indict any of the rioters after three months of investigation.

First, Thurgood Marshall, NAACP special counsel, flew immediately to Chicago to consult with Leighton, W. Robert Ming and other NAACP lawyers and officials in preparation of the legal defense.

Next, Walter White, executive secretary, alerted NAACP branches throughout the country and appealed to them for moral and financial support in the fight to vindicate the indicted NAACP lawyer.

Threat to Negro's Fight

The indictment was termed by Mr. White as "one of the gravest threats to the Negro's fight for equal justice which has yet developed. If George Leighton can be indicted in Illinois for restoring to the courts to protect the civil rights of Harvey Clark or any other Negro," the NAACP executive said, "it is not difficult to imagine what

will happen to lawyers, Negro or white, in the South or other parts of the country, when they appeal to the courts for redress of racial injustices. The action of the Cook County grand jury is intimidation of the most vicious sort."

Indicted with Leighton on a charge of "conspiracy to injure property . . . by causing a depreciation in the real estate market price by renting to Negroes," were Mrs. Camille DeRose, former owner of the property into which the Clarks sought to move on June 8 and again on July 10; George C. Adams, former attorney for Mrs. DeRose; Charles Edwards, rental agent for the property; and Norman Silverman who allegedly distributed Communist literature in Cicero, a month after the trial. Cicero Police Chief Edwin Konovsky was indicted on a separate charge of misconduct in public office.

Retained by the Chicago branch to defend the Clarks, Mr. Leighton on June 26 obtained from Federal Judge John P. Barnes an injunction restraining the Cicero police from interfering with the Clarks in any future effort to move into the apartment.

India's Family System Block To Foreign Political Systems

Los Angeles (Atlas)—Foreign political systems cannot succeed in gaining predominant power in India because the joint family system still dominates the land. Authority lies in the head of the family, and the family itself; it cannot be imposed by a foreign outside source.

This is the opinion of Lal Chand Mehra, lecturer in history for University of California Extension, who, because of heightened interest concerning Asia, was invited to lecture "Southeast Asia in the Twentieth Century" for the University this fall.

Most Americans tend to discount the cultural backgrounds of the peoples of Asia, Mehra thinks.

"Lack of education in Asia does not mean lack of culture. The western civilization with its culture of success finds it very difficult to understand an Asiatic culture which strives for reflective and even spiritual realization.

"The west dwells in and believes

in the power of force. It has not yet tried or discovered the power of non-violence or of love. Yet these very concepts which are an ecclesiastical ban or curse, were responsible for overthrowing the mighty power of the British Empire in the land of India," he contends.

Sioux City Council Sends Burial Ban Regrets to Family

A copy of a resolution passed by the Sioux City city council expressing sympathies to the family of Sgt. John R. Rice and regrets for an incident involving his burial was received at the secretary of state's office last Thursday.

Sergeant Rice, killed in the Korean war, was refused burial at a private cemetery in Sioux City several weeks ago because of his Indian blood. President Truman then offered and Rice's family accepted, burial in Arlington National cemetery.

The resolution said the council's action was "for and on behalf of the people of Sioux City." The resolution said further the council "deems it proper that an expression

of sympathy be extended to the widow and members of the family of this man who gave his life in the protection of all of the people of this country."

After expressing the council's regret for the refusal of burial at Sioux City, the resolution said "the people of Sioux City would have been proud to have had the honor of having Sergeant Rice buried in any cemetery in the city."

Arrested After Fight With Man at Tavern

John Brant, Jr., 51, who address was given as 1216 Center street, was arrested Monday night following a fight at Roy's tavern, E. Fifth and Walnut streets.

Detective Chief Jack Brophy said Brant admitted cutting Charles J. Weston, 36, of 1141 Third street, with a knife. Weston was treated at Broadlawns General hospital for a cut on the forehead.

Gives Birth to Quadruplets in 6 Minutes; All Well

Baltimore.—A 31-year-old mother of five children, who gave birth to quadruplets here last Friday in City Hospital, declared that she thought attendants were kidding about the huge increase to her family.

The mother, Mrs. Susie Advance, gave birth to two boys and two girls within six minutes of labor. The quads are about six weeks premature. All were placed in incubators. The infants and their mother were reported as doing as well as expected.

Birth was given to a son just nine months ago. The other children are girls of 12 and 10, and boys of eight, two and 11 months. The mother stated that her husband had been killed in a fight about two months ago.

Living in a two-room apartment facing a 10-foot cobblestone alley, the older Advance children acted

Rev. J. D. Wilkerson Sues Union Baptist Church for Salary, He Says, Due Him

The Rev. J. D. Wilkerson, called to the pastorate of the Union Baptist church, East Sixteenth and McCormick street, a little more than four months ago, filed suit on Sept. 22 in the Polk County district court against the church to secure a judgment of \$420, with interest, due him for salary, he named in his petition.

The Rev. Mr. Wilkerson, who succeeded the Rev. E. A. Gaiters, as Union Baptist church pastor, charged that on April 8, 1951, he was called to preach regularly at the church "for an indefinite period and for the amount of \$35 each Sunday."

The petition further revealed that at a special call meeting of the church body and the pastor "certain resolutions were voted upon and adopted and recorded . . . to-wit:

"That in case the pastor desires to resign or the church requests him to resign, that 90 days notice be given by either party.

"That the Union Baptist church, Inc., in violation of its agreement" with the Rev. Mr. Wilkerson, on or about August 31, 1951, voted the removal of him from the pulpit, "locked the church and contrary to defendant's agreement refused to permit" him to preach for ensuing 90 days or to compensate him.

The petition also revealed that the minister "at all times has been ready, willing and able to perform, "but that the church "by its trustees and agents will not permit "him to perform; that for the remaining 90 days

of said employment, by the terms of the agreement," the minister "would have been entitled to \$455 and the said amount is jointly due" him and "no part of same has been paid, though demanded."

Atty. Virgil Dixon is representing the Rev. Mr. Dickerson.

The Rev. Mr. Dickerson was hailed into municipal court on August 30 by Walter Bruhn, operator of a service station, who charged the minister with "obtaining money under false pretense."

Judge Harry B. Grund dismissed the case, stating that the wrong charge had been filed against the Rev. Mr. Wilkerson. The charge should have been "issuing a false check," the judge said.

Des Moines NAACP Delegates to Report; Endorses Still Strike

The first fall meeting of the Des Moines branch of the National Association for the Advancement of Colored People was held at Crocker "Y" Tuesday evening, September 25.

Plans were perfected to hold a public meeting at St. Paul AME church Sunday, October 14, when delegates who attended the National convention in Atlanta, Georgia, will make their report.

In line with the policy of the National Association for the Advancement of Colored People to support labor unions which admit Negroes to membership, the branch adopted a resolution supporting the Laundry Workers and Dry Cleaners Local No. 104 in the strike at Still Hospital.

The association has 948 members, 52 short of the 1951 quota.

To Florida High Court for Admittance of Five Men to Study at State University

Washington.—The United States Supreme Court was this week asked by attorneys for the National Association for the Advancement of Colored People to instruct the Florida Supreme Court to issue an order to the University of Florida to admit five young Negro men whose applications to the professional and graduate colleges of the university had been denied.

The NAACP petition for review of the case by the high court followed refusal of the Florida Supreme Court to order the university officials to admit the Negro applicants for courses in law, pharmacy, graduate agriculture and chemical engineering. The Florida court twice refused to issue the order on the ground that the university officials had passed a resolution contemplating the establishment of these courses at the Florida A. and M. College for Negroes.

The refusal of the Florida court to issue the order, the NAACP petition maintains, is contrary to Supreme Court decisions. The NAACP lawyers, Robert L. Carter, of New York, Horace Hill of Daytona Beach, Florida, asked the Court to grant the petition and to remand the case without argument to the Florida court with instructions to that court to order the admission of Negro applicants.

NAACP Hits Red Cross Blood Bank Segregation

Birmingham, Ala. — Birmingham leaders of the National Association for the Advancement of Colored People Saturday protested segregation of Negroes in contributing

blood to a Red Cross blood bank here.

A resolution requested that the Red Cross do away with a "Thursday for colored only" plan.

Francis W. Sheppard, head of the blood bank drive, termed the N.A.A.C.P.'s objections "unfortunate," and added:

"There is nothing we can do about the situation if we obey the segregation laws of the city of Birmingham.

He said he does not believe keeping separate the blood of Negroes and white persons constitutes segregation.

"It merely offers physicians and the persons who are to receive the blood a choice of blood," he added.

Two Dynamite Blasts in Miami Apartment Houses Opened to Negro Families

Miami, Fla.—Two dynamite blasts tore holes in an apartment house early Saturday in an area already up in arms over plans to permit Negroes to live in former white sections.

Police Captain Ray Brock said two holes about 50 feet apart were found in a building at northwest Tenth court and Sixty-ninth street, a part of Carver village. No one was reported injured.

A box of dynamite containing 80 sticks was found unexploded near the building, Brock said. A three-foot fuse had burned down to a dynamite cap, but the cap was defective.

Detective Clarence Hall said the two blasts shook the neighborhood about 2:15 a.m.

When police reached the scene, Hall said, hundreds of persons—white and Negro—were milling about in confusion.

Police lines were set up quickly and all electric, water and gas lines leading into the building were ordered disconnected.

Carver village contains 216 apartment units. It was recently opened to Negroes in a formerly all white section.

Residents protested and on Wednesday the Miami city commission voted 4 to 1 to take over the village for "municipal purposes other than public housing."

Police said two Negro families had scheduled to move into the apartment, but had not done so because of the city commission vote.

HEADS DEFENSE BOND DRIVE OF WOMEN'S CLUBS

Mrs. Alice G. Mickens, of West Palm Beach, Fla., whose appointment as National Defense Bond Chairman of the National Association of Colored Women has just been announced, is preparing an intensive campaign among the 50,000 members of that organization. The Defense Bond Drive will extend through October 27.

Comprised of women's clubs in 39 States, the association's national president is Mrs. Ella P. Stewart, who named Mrs. Mickens as their representative to work with Mrs. Nancy Robinson, Director of the Women's Division of the Defense Savings Bonds Division of the Treasury Department.

Mrs. Mickens has sent letters to all State Presidents of the association urging support of the drive and explaining its three-fold purpose; namely, to maintain the nation's economic strength, to help curb inflation, and to encourage individual savings. Mrs. Mickens, long an active civic worker in her home State, was president of the Florida association for nine years.

Word Experts

The average high school senior in America has a larger vocabulary than William Shakespeare used in all of his published writings! According to experts, "the average high school senior has a total vocabulary of approximately 80,000 words, made up of about 46,500 basic words and an estimated 33,500 derived words." They point out that "various scholars (who have) counted the number of different words used by great writers in all of their published works, have found the total number for Shakespeare to be 15,000 (basic) words."

Total vocabulary for children of other school grades, including basic and derived words, is given by Dr. Seashore and Mrs. Bell as follows: first grade, 24,000 words; third grade, 44,000 words; fifth grade, 51,000 words; seventh grade, 55,000 words; ninth grade, 62,500 words; and eleventh grade, 73,000 words.

Basic vocabulary for the four-year-old has been estimated, on the basis of recent studies, at 5,500 words.

GOP's in Kick-Off Rally Sunday, Sept. 30

Republicans from all corners of the state will gather in Des Moines, Sunday, September 30 for the pre-campaign kick-off rally being planned by the Iowa Council of Republican Women.

Mrs. C. E. Pierce, Columbus Junction, Council president, said that plans for the state-wide rally, to be held in the Stock Pavilion at the State Fairgrounds, are nearly completed.

Eugene Bailey, a 50-year-old worker at the Ottumwa plant, will sign an original composition "Let Freedom Ring" according to Mrs. C. E. Pierce of Columbus Junction, president of the Iowa Council of Republican Women who is in charge of the program.

Bailey, who describes himself as a "full blast" Republican, says he wrote the song as his "small contribution to the fight for the preservation of freedom." He has written several other musical numbers, but this will be his first public appearance singing

The public debut of a song written by a Negro worker at the John Morrell & Co. plant in Ottumwa will be one of the features of the Republican Rally to be held Sunday at 2 p.m. in the Stock Pavilion at the State Fairgrounds.

Look For Oak Wilt
Keep an eye on your oak tree this Summer. If the leaves begin to brown progressively from their tips toward their stems and yet remain rigid rather than shriveled, Federal and State authorities would like to know about it. It might be oak wilt. Such symptoms are characteristic of the new disease, says Dr. Rush P. Marshall, director of the Bartlett Tree Research Laboratories. Oak wilt is a killer. From an entrenched position in the mid-west, it is now known to have spread eastward to two areas in Ohio, one in central Pennsylvania and is as far south as the Ozarks.

'Don't Be Burned Out of a Job'

If the shop or factory where you work was suddenly destroyed by fire, what would happen to your job?

Chances are you would be out of work till the plant could be rebuilt. And you and your family would suffer the consequences.

That's why you should buy a Safety Congress warps. Don't be burned out of your job because you were careless on the job!

CARD OF THANKS
I wish to thank the members of the L. T. club, Monarch club, the missionaries of St. Paul and St. Paul Usher board and many friends for flowers and cards during my illness in Mercy hospital and convalescence.

NAACP Supports Unions Which Admit Negroes

Recently the executive board of the Des Moines branch, N. A. A. C. P. passed a resolution endorsing the strike at Still Hospital. Some questioned the position of the branch and in order to let the public know the policy of the national organization on Negro participation in labor unions, a letter was addressed to the organization for a statement.

The reply below is in response to this request.

N. A. A. C. P. LEGAL DEFENSE AND EDUCATIONAL FUND, INC.
20 West 40th Street, New York 18, N. Y.

September 12, 1951

Mr. James B. Morris
Attorney at Law
221 1/2 Locust St.
Des Moines, Iowa
Dear Mr. Morris:

Thank you for your letter of September 8, 1951, which has been referred to the Legal Department for consideration and reply. I am sorry that we were not able to get a letter to you in such time for it to have been received on September 12, as we did not receive your letter until September 11.

You are correct in assuming that the N. A. A. C. P. supports organized labor, and that we at all times urge Negro workers to join forces with organized labor. You are also correct in assuming that the N. A. A. C. P. is opposed to the use of Negroes as scabs, and we are especially opposed to the use of Negroes as scabs where the union has accepted Negroes into membership and has insisted upon the employment of Negroes on the same terms and conditions as whites.

Apparently, the union in the present strike has not had a positive Negro policy. If it has had such a policy, it has evidently failed to make its policies known to the Negro community at large. It seems to us that if the union had a pro-Negro policy which was known to the Negro community at large, it would have no difficulty in enlisting the support of Negro workers at this time.

We are very happy to know that the Executive Committee of our Branch in Des Moines has passed a resolution endorsing the strike and has urged Negro workers to support the strike. I am sorry that you are having difficulty in getting the matter before the entire membership of our Branch, but I am sure that now the matter will be taken up with the Branch immediately.

Very truly yours,
Constance Baker Motley

Money to Child Means Nickels and Dimes; Later, More is Expected

In almost any public place you can see a procession of people walking up to the vending machines and dropping in their nickels and dimes for cokes and ice cream bars. Or they stop at the counter and lay their small change down for chewing gum and candy bars, and a dozen other small items.

Every year the American public pours several million dollars into the business which supplies our small wants.

There are so many things which can be bought for a nickel or a dime—even in this day of high prices. We do not realize how much money we spend on these small luxuries which have almost become necessities. Our sense of values has changed.

Times like this make it very difficult to teach children the value of money. Children also get the notion that these small wants are necessities. They also get the notion that all money comes easily out of daddy's pocket.

Money to the small child means nickels and dimes. Later more money is expected.

One way to teach children the value of money is to start with the nickels, dimes and quarters. Instead of handing out small change every time a child says, "Mother, I got to have," we can give him a weekly allowance.

UNDERSTANDING IOWA CHILDREN

SPONSORED BY THE IOWA CHILD WELFARE RESEARCH STATION

Twenty-five cents a week, or even ten cents, may seem like a good deal if there are several children in the family. But we give less money to children in an allowance than we hand out on a hit and miss plan.

If we stick by our guns and refuse to add to the allowance before next pay day, the child should learn to use his dime or his quarter carefully.

The modern money problems begin in childhood with nickels and dimes.

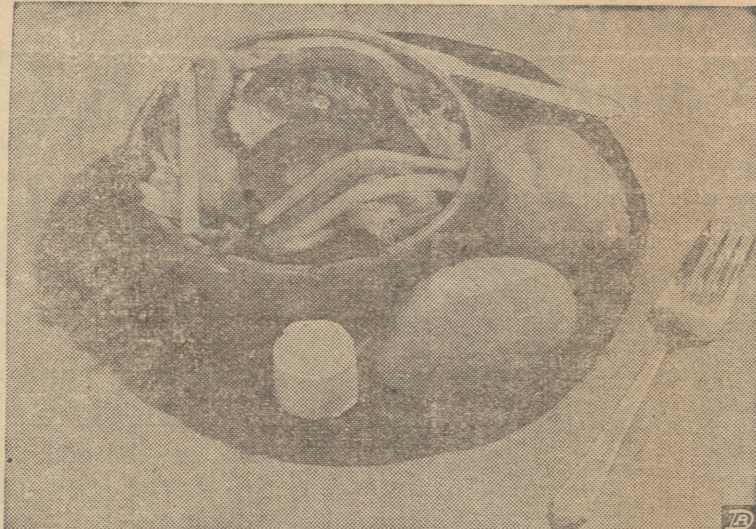

Robert Reese, Jr., Is Found Guilty

Robert Reese, jr., 24, of 819 1/2 Ninth street, was found guilty last Wednesday by a jury in District Judge Tom K. Murrow's court on a charge of breaking and entering.

Police testified he was arrested May 14 inside the Shell Oil Co. station, 923 High street. The jury of 11 women and one man found him guilty after an hour's deliberation.

Date of sentence was set for Oct. 6. Reese is at liberty under \$2,500 bond.

Sweet Potato Rolls

This new roll innovation teams up nicely with spring salads.

Sweet potatoes are a spring "thrill" buy in vegetables, so plan to serve them often in the next few weeks. They fit in nicely with spring menus since they can be prepared in so many tempting ways. Baked sweets are always popular. Serve them steaming hot with a pat of fortified margarine melting down into their golden goodness. Of course, your family will want you to feature them "candied" when they make a table appearance with baked ham or broiled chicken.

Sweet potatoes are also at home as an ingredient in breads. Sweet potato biscuits have long been popular in the south and are often served at wedding breakfasts. Try the recipe for Sweet Potato Rolls for a new cooking adventure. You will find the family will "dote" on the rich, characteristic flavor of these rolls.

SWEET POTATO ROLLS

- 1/2 cup sugar
- 1/2 cup margarine
- 1/2 cup milk
- 2 cups mashed cooked warm sweet potatoes
- 8 cups sifted enriched flour (about 1 cake yeast)
- 1 1/2 cups lukewarm, scalded milk

Add sugar, salt and margarine to mashed sweet potatoes. Blend thoroughly. Add 1 cup flour and mix well. Dissolve yeast in milk. Add to sweet potato mixture. Beat until smooth. Cover and let rise in warm place for 1 hour. Gradually add remaining flour and work into a stiff dough. Knead well. Place dough in a margarine bowl and brush top with melted margarine. Cover and let rise until doubled in bulk (about 1 hour). Shape into rolls. Place on margarine cookie sheet. Brush with melted margarine. Let rise until doubled in bulk (about 45 minutes). Bake in 375 degree oven for 12 to 15 minutes. Yield: 2 1/2 dozen rolls.

MASON CITY, IOWA

Mason City.—The Manly Youth, held their Fellowship meeting Sunday afternoon, Rev. B. F. Parker, pastor.

Mrs. C. Ashford of Garner is in Des Moines, caring for the members of the James family, during their convalescence, from typhoid fever. Mrs. James is the daughter of Mrs. Ashford.

Union Memorial had as their Sunday morning guests, Mr. and Mrs. Early Morrow, of Marshalltown. With Mr. and Mrs. William Wington, Rev. and Mrs. O. E. Blanks, the Morrrows motored to the "Grotto," at West Bend, Ia., where they spent the afternoon sight seeing and picnicing.

The Intermediate Class, of St. John Baptist church, under the direction of Mrs. Maybelle Turner, teacher, presented a talent program, Monday evening. The featured number of the evening, was the "Creation," recited by Mr. Richard Macer, a student of the Mason City Junior college.

Sunday morning visitors, at St. John church were: Rev. C. W. Taylor, Mrs. Green of Chicago, Mrs.

With your help and by your support only then are we afforded a chance to succeed.

CBS-TV SCRIPT CONFERENCE

Producer Montgomery Ford (left) going over a script with three actors who are frequent performers on CBS Television Network dramatic shows: John Marriot, 8-year-old David Downing and Emory Richardson. They are discussing with Ford the respective roles of preacher, preacher's son and preacher's father in the stirring play of cancer research behind prison walls, "The Guinea Pigs," widely acclaimed drama presented on "Westinghouse Summer Theatre." Nearly 50 years of stage, screen, radio and television success is represented by the trio. Marriot and Richardson are veterans of more than two decades each. David's contribution is a few seasons devoted to television.

May Register for Saturday Classes at Drake Until Sept. 27

Registrations will be accepted through Sept. 29 for Saturday classes at Drake university this fall semester. Registrations opened Sept. 21 in the lounge of Old Main on the Drake campus.

Saturday courses are offered to accommodate teachers in the field as well as students on campus.

The courses cover a diversified field of subjects, including educational psychology, guidance, audio-visual methods, and speech correction. They also cover the teaching of government, world regions, conservation, literature, art, and music.

Carrying three semester hours of credit, the classes may be used for undergraduate credit. Several, such as principles of guidance and ele-

mentary school curriculum, may be used for graduate credit.

Members of the Drake faculty will teach the courses.

Classes met for the first time Sept. 22 on a special schedule following registration. They will meet at 8:30 a.m. and again at 12:30 p.m. on ten other Saturdays, Sept. 29 through Jan. 12.

Steel Company. Mr. Donnelly, the brother of Marie Maddox, is foreman of the Battery Coke Plant, Dept. Biblical games were the evening's diversion. The prize was awarded to Ruby Macer. The club is launching a membership drive. Mrs. M. Spencer of Charles City, was received as a member. Next meeting will be with Mrs. Nannie Smith.

Mrs. Harry Smith received word this week of the marriage of her son, Mr. O. C. Donnelly, Joilet, Ill., to Mrs. Bertha Burris, Detroit, Mich. The ceremony was performed in Toledo, Ohio, Monday. Mrs. Donnelly, was prominent civic and social worker among the many clubs of Detroit.

N. T. Bourne, and daughter Roxanna of Des Moines. The latter, the sister of Mrs. G. M. Williams, was a guest in the Rev. William's, home over the weekend. The R. C. Cottman, pastor of the Church of God in Christ, delivered the message, Sunday morning, at St. John church.

Mrs. L. B. Smith, went to Keokuk, Ia., to attend the funeral services, of her brother. She is also spending a few days with her daughter and family, Mr. and Mrs. Weldon.

Mr. Reed Allen and Mrs. Robert Scheuler, and daughters, Pearl, Lulu, Ida, Lynell, motored to Cedar Rapids, Sunday, and were guests at the Mt. Zion Baptist church of which Rev. Burt is pastor. They shared a surprise birthday dinner, given in honor of Rev. Burt, by his members.

The Progressive Widows club met Sunday afternoon, with Mrs. Anna Mae Scott as hostess. Nine ladies responded to the roll call, with Biblical quotations. Mrs. Scott related the purpose of the club, which is to bring cheer and joy whenever the opportunity occurs, and to participate in religious and civic affairs, for the welfare of the community. Mrs. M. M. Spencer, president of the I.A.C.W., held the installation of officers as follows: president, Mrs. Anna Mae Scott; vice president, Mary Ewing; Gladys Fields, secretary; Ruby Macer, treasurer; C. N. Reeler, chaplain; Nannie Smith, assistant chaplain; Marie Maddox, music chairman. The appointed officers were: Mrs. Maude Bayles, flowerers; Mary Daves, Leona Ewing, Susie Parker, sick committee, Ruth Cabell, parliamentarian. Items of interest were read by Marie Maddox, of the recent acceptance of safety rules, written by O. C. Donnelly, Joilet, Ill., for the benefit of his fellow workers, of the United States

Besting the Borer

European corn borer, the pest that has been costing Middlewestern corn growers millions of dollars annually, may meet its match in a new organic phosphorus insecticide tested this past year by Illinois Natural History Survey, working in cooperation with Illinois canners. The new weapon against the borers, EPN-300 Insecticide, developed through Du Pont research work, was tested during 1950 and showed considerable promise over other new insecticides. It was reported, for example, to give an average of twice the residual protection of one of the newer organic phosphates in use for controlling the corn borer during the past two years.

Visiting around Iowa

by Joe Marsh

Iowa's Rock Man

Back in 1868 a trickster had a block of Fort Dodge gypsum carved into a 10 foot statue.

He buried it near Cardiff, N. Y., then dug it up and announced he'd discovered a petrified man.

He made big money, charging admission to see it. Finally, however, folks began to doubt, and the "discoverer" confessed.

Ten foot giants didn't live then, and don't now. Tallest in our town is our lawyer, 6-8. Shortest is our druggist, 5-6. Both take some kidding when they're seen together. But that doesn't faze 'em.

It doesn't make any difference how tall or short a man is, or what color his hair or skin. It's the man, himself, that counts.

The lawyer's a Republican, the druggist a Democrat. The lawyer enjoys his temperate glass of beer, the druggist his coffee. They're both fine men, good neighbors, good citizens.

It takes all kinds of folks to make a good town, and the wider their tastes and ideas, the better a town it is.

ONE-WAY STREETS

THE DES MOINES RAILWAY COMPANY FAVORS ONE-WAY STREETS, BUT CANNOT OPERATE UNDER THE PROPOSED PLAN BECAUSE:

Do you know that if you are a passenger on the Scott Street line, on out-bound trips in East Des Moines you must either walk to Court Ave.—a distance of from one to five blocks—or you will be forced to ride to the West Side as far west as West 9th Street and then back again to the East Side. This will add ten to fifteen minutes to your present travel time.

Do you know, also, that if you are a patron of the Scott Street line you will not have an opportunity to enjoy transportation for shopping or business any place in the loop district between Grand Avenue and Court Avenue.

PERSONAL TOUCH

By MARIE ROSS

Fifteen-year-old William Potts, Jr., son of Mr. and Mrs. Potts of 923 14th street, has been "flying around in the clouds," so to speak, since he won an honorable mention prize in the annual national car model contest sponsored by the Fisher Body Draftsmen's Guild.

A student at Washington Irving Junior high school, William learned of the contest last school year when some of the officials of the company talked to the students.

Tinkering around with the building of airplane models for several years, the youth said he thought he would try making his special brand of an automobile which would carry features he would desire in a motor car.

For his honorable mention model, which he described as a "Cadillac with a Buick front," William received a certificate of design which he will frame; a valuable tool chest for building more models—"with knives, coping saws, plane, hammer, sand paper," and a dozen other articles he named.

With the chest came a T-shirt, which he plans to put on and pose for a picture with the tool chest and his model, as soon as he can get it repaired. William said his model had an accident in being shipped back to him. "It's a mess," he described, but added that he had it insured for twenty dollars.

William is the only Negro member of the squadron 93 of the Air Explorer's club at Solar Aircraft company. The club is composed of boys of school age.

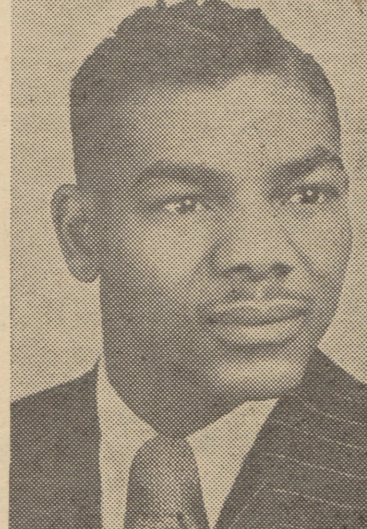

"Last week, for two days, we went to Omaha, Nebr., and inspected air planes, took trips up in planes and met the officers at the Offet Air base," the lad related.

As a career, William said he would like to be a pilot. He had an interesting summer, working as a bus boy at the Des Moines airport. While working, he kept one eye on the many planes; earned \$53.52 every two weeks; bought his school clothes; and helped his mother, he related. He got the job through a neighbor, Sylvester Forrester, young pianist, who was working at the airport.

Right now, he is studying on plans for another model to be entered in the contest next year.

At school, William said he "likes" metal shop, C.L.P.—(community life problems) business training and English. He is anticipating mathematics

To Columbia U.

WILLIAM MASON

William Mason, son of Mrs. Viola Woods, 957 15th street, left recently for New York City where he will resume his studies at Columbia university. He is studying for his master's degree in romance languages.

He is a graduate of North High school, Drake university and a veteran of World War II.

IOWA BUXTON CLUB TO MEET TUESDAY

The Iowa Buxton club will meet Tuesday, Oct. 2, at the home of Dolphus Lawson.

The last meeting was at the home of Mrs. Leona Jordan. Officers were elected as follows: Mrs. Rosa Brooks, president; Henry Mease, vice president; Mrs. Leona Jordan, secretary; Mrs. Elsie Morrison, assistant secretary; Leonard Walker, treasurer; Mrs. Ella Gibbons, reporter.

as soon as he gets to Des Moines Tech high. "I'll need it in my aviation work," he commented.

William is a hearty eater. His favorite foods are potatoes and gray and spinach, he listed.

You can get to talking about food almost any place. Around the Polk County Court house the other day and chilly evening, up in the clerk's office, I ran into William Bell, 1320 Ascension, who was clerking around some of the large files.

"Say Bell, what is your favorite food for dinner on a cold damp evening like this?"

"Bell began to smile as if his favorite dish was steaming in front of him. "Oh, for me on a day like this—chilli!"

Sometimes his wife, Rosa, makes a pot of chili but on many occasions, Bell said, he stirred up the chili himself.

Asked for his recipe, the district court clerk, described:

"I get cube beef; brown in fat with onions, garlic and, of course, after that I add a teaspoon or so of chili powder, small can of tomato paste. Then I test for seasoning. I raise some small red peppers in my garden and I add two or three pods. Add water and let simmer. Then add the red beans.

"To go with that, I like cocoa and apple pie. You know apple pie goes with everything," Bell related.

On the first floor I ran into C. B. Brinker, custodian, who said that his favorite dinner dish on chilly evenings was vegetable soup—which he makes—sometimes.

Asked for his recipe, Brinker described as he held out both hands as if to catch a basketball:

"Take your potatoes, then your tomatoes, you know; and add your beef, your seasoning," he paused and added "and cook the old fashion way."

"What are you going to eat with that—crackers?"

Brinker shook his head furiously and answered—"cornbread—just homemade cornbread!"

Stopped in the auditor's office where Annabell Payne Blaney was busy checking some figures with a co-worker.

Asked if she had a minute to spare the young housewife gave me two, as she described her "stand-by" meal she prepares on cold evenings, when there is little time left to get something cooked and on the table for her husband's growing appetite.

"I have a pressure cooker and twenty minutes after I get home I can have dinner ready. For my 'stand-by' meal I buy beef, cut up potatoes, carrots and onions and sorta make a stew of it."

Mrs. Blaney said that she is never "stuck" when it comes to planning what to cook for dinner.

During the day, "I sit and think and work and plan."

SAVINGS BOND DRIVE ON UNTIL OCT 27

Roy W. Leriche and Myron N. Blank of Des Moines, Iowa, Polk county co-chairmen of the savings bonds division, announced Wednesday that purchases of series E, F and G bonds in this county for the first two weeks of the drive amounted to \$447,402.

The county's quota for the drive, which opened Labor day and continues through October 27, is \$1,982,862.

came this week from Robert and Belle Dacus, 3110 Bowdoin street, who wrote:

"We are having a fine time seeing all of the West. Will be coming home soon."

Another postcard, picturing downtown Los Angeles hotels, came from Iowa Press Woman Mabel Kelsy, who wrote:

"Minneapolis, St. Paul, Seattle, Victoria, Vancouver, Portland, San Francisco—all past history now. It has been wonderful."

By the way, I managed to get a few days off last week to get some rest in Kansas. Got home in time to catch some large Bartlett pears as the wind blew them from Mom's backyard trees. She had the jars waiting and in little or no time—canning was in session!

Plan Manufacture of 'Quality' Negro Doll to Give Children Racial Appreciation, Respect

First efforts to combat racial prejudice among small children by putting in their hands dolls of other races based on anthropological research, was revealed last week in the announcement of production of a line of fine quality Negro dolls.

They will be manufactured under the supervision of the originator of the idea, Miss Sara Lee Creech, of Belle Glade, Fla., leader in inter-racial activities.

The doll models were submitted to a group of specialists on inter-racial understanding, including Mrs. Franklin D. Roosevelt and Dr. Ralph Bunche, who have expressed enthusiasm for the project.

David Rosenstein, sociologist and president of the Ideal Toy Corp., whose company will make the dolls, developed the plan with Miss Creech.

Denouncing the currently-available "mammy" and "pickaninny" caricatures as fallacious and subversive to inter-racial understanding, Rosenstein said, "It's high time there were a quality Negro doll which would give Negro children a new respect for their heritage and would give white children a new respect for the Negro."

The dolls will be made of the latest resilient plastic materials and features and color will be based on anthropological research. They will be called the "Saralee Negro Dolls," after Miss Creech. She originated the idea when she realized that Negro children in her town had only white dolls to play with.

Miss Maxeda von Hesse, consultant in human relations, was instrumental in developing the plan, as well as award-winning sculptress, Mrs. Sheila Burlingame, who created the model heads for the dolls.

Children

Classes for children are held from 4 to 6 p.m., as follows: Tuesday, crafts; Wednesday, dancing; Friday, movies; Saturday from 1 to 2:30 p.m., children's chorus.

The Willkie House's drive for new members is on. The center has planned many special activities for members.

RACE HATERS DO MORE HARM THAN COMMUNISTS

The Bystander had an idea that the practice of segregation in blood donation centers had been stopped until an item appeared in the daily paper with a Birmingham, Ala., dateline Sunday.

It appears that, like we here in Des Moines, they are trying to build up a sufficient blood bank to save the lives of wounded soldiers in Korea and judging from the heavy casualty list which has come as a result of terrific fighting on "Heatbreak Ridge" in eastern Korea, blood transfusions are mighty important.

The local National Association for the Advancement of Colored People complained to officials conducting the center passing a resolution requesting that the Red Cross do away with "Thursday for colored only" plan which the head of the blood bank drive termed "unfortunate" adding, "There is nothing we can do about the situation if we obey the segregation laws of the city of Birmingham." He said he does not believe keeping separate the blood of Negroes and white persons constitutes segregation, adding "It merely offers physicians and the persons who are to receive the blood a choice of blood."

Just what Hitler or Stalin would have said under similar circumstances is problematical. It could not have been worse. But one thing is quite sure and that is a soldier losing his blood on the battlefield or in first aid stations with death staring him in the face is not going to inquire of the doctors from whose veins the blood came.

The federal government is doing a lot of checking these days on people with reported Communist leanings and rightly so for America cannot reconcile the program of Russia with that of its own or tolerate a divided allegiance on the part of the people of this country. But as between Communists and race haters, the latter do more harm to the Negro than the former. While investigating the Communists and clubbing them over the head, the department of justice should look at the damage the race haters are doing and go after them also.

SPORTS POINT THE WAY; FOLLOW

There is a lot about sports from which lovers of fair play can take comfort and realize that in spite of discouragement in racial understanding and lack of opportunity in some fields, we are really going places.

Most of the big schools in Iowa have had outstanding Negro athletes on their teams. And invariably they have been given full opportunity to display their ability wherever assigned; their coaches and team mates take the position that they wish to win and the cooperation of every fellow on the team is essential.

Some of these boys have brought glory to their schools. Take Johnny Bright at Drake as a splendid example. No player has been given a better chance in his school; few have done as well.

But what about Bright after graduation? The trustees at Drake are men and women with wide influence. Our school system in Des Moines affords many opportunities. So when Johnny graduates, the Bystander feels that those people who are in a position to return the compliment should offer him good jobs in Iowa rather than suggest that he go down south to look for work.

ment and further ordering the police to protect them. After the riot of July 11-12, he filed a motion for a contempt citation against the Cicero police for violation of this injunction. He also filed suit for \$200,000 for damages done to the property and for indignities suffered by the Clarks.

White Appeals for Funds

"It is quite obvious," Mr. White said, "that the indictment of Mr. Leighton is designed to stop his vigorous prosecution of these two basic legal actions. The gauntlet has been thrown down in this case. Although our financial resources are severely strained by the costs of many other battles in which we're engaged, the NAACP is going to fight this to the limit. We need help, which we are confident the public will give us, to beat back this latest attempt to stop the Negro and other minorities from fighting for full equality."

Meanwhile, in Chicago, Mr. Marshall promised "the fullest use of all the facilities of the NAACP to assure that this abominable action will not interfere with Mr. Leighton's work on behalf of the Association. No steps will be left unturned

until Mr. Leighton is completely cleared of these unjust and unreasonable charges and is permitted to continue his work."

Mr. Marshall, together with Mr. Ming and State Senator C. C. Wimbush, will represent Mr. Leighton who, following the indictment, appeared voluntarily before Judge Thomas E. Kluczynski and was released on his own recognizance. In addition to the charge of attempting to depreciate property values, Mr. Leighton and the other four persons indicted with him were charged with conspiracy to incite a riot and conspiracy to damage property.

Joining the NAACP in denouncing the indictments were the Chicago division of the American Civil Union, the regional CIO and the Chicago Council Against Racial and Religious Discrimination. Not only was resentment expressed against the indictments, but also against the failure of the grand jury to indict Joseph Beuharnais, leader of the anti-Negro White Circle League, or any of the more than 100 rioters arrested on the scene. The Chicago newspapers carried page one streamer stories on the indictments and liberally quoted the reactions of NAACP leaders and others who denounced the grand jury.

Drake's Municipal Observatory Open to Public Friday Evenings

The Drake university municipal observatory in Waveland park, Des Moines will be open to the public each Friday evening this winter, except during Drake vacation periods. Organized groups such as school classes, may make appointments for visits on Monday evenings.

Friday evening programs will start at 8:00 p.m. They will include brief remarks on some astronomical subject and observation through the telescope.

Dr. Phillip S. Riggs, professor of astronomy in the college of liberal arts at Drake presents the subject and also directs observations. Motion pictures also are shown frequently.

During September the observations will include the globular cluster in Hercules and the planet Jupiter. The moon will be viewed when it is in the favorable first-quarter stage. First showing of the moon will be Oct. 12.

Radio-TV Experts Name Robinson, Campy To Dream Team

New York.—Jackie Robinson and Roy Campanella, top Negro stars with the Brooklyn Dodgers, have been selected for Look Magazine's All-American baseball team by all the radio and television broadcasters who cover major league games. The story—complete with pictures of all the players—appears in the issue of Look just out.

Don Newcombe, Dodger pitcher, together with Robinson and Campanella, is named to the All-National League team by Look. Minoso is named on the Look All American League team.

"Care" Offers Turkey Package for Holiday Gifts Overseas

For the fourth consecutive year, a special CARE holiday package, containing a whole canned turkey and all the "trimmings" for a festive meal for a family of twelve, will enable Americans to share their thanksgiving and Christmas cheer with relatives and friends in fourteen overseas countries. Local orders are taken at Younkers in Des Moines.

In order to be delivered abroad by Thanksgiving, orders must be received here by October 31st; for Christmas delivery, the deadline for orders is November 3th. The new package price is \$18.75 and features a seven-pound turkey, steam-roasted in its own juices and packed in two pounds of lard. Besides the turkey, the package contains a pound of sliced bacon, half-pound of butter, pound of plum pudding, pound of coffee, pound of hard candy, pound of chocolate candy, 29 oz. of peaches, 15 oz. of raisins and 1 1/4 oz. of mustard.

The \$18.75 price includes guaranteed delivery to any individual or institution designated by the donor in any of the following countries: Austria, Belgium, Finland, France, Western Germany and Berlin, Great Britain (England, Wales, Scotland and Northern Ireland), Greece, Italy, the Netherlands, Norway, Yugoslavia, Japan, Okinawa and the Philippines.

HEALTH FOR ALL

The "Symptomless Onset" of TB

One of the reasons why tuberculosis, a communicable disease, is so difficult to control is because it has what doctors call a "symptomless onset." This means that tuberculosis does not announce itself with apparent symptoms when it first strikes. Tuberculosis strikes insidiously and its victim can have an active case of the disease for months before he even suspects that he is ill.

The "sneak attack" of tuberculosis can spell disaster both for the person who is unknowingly ill and for those with whom he associates.

The person who has tuberculosis and doesn't know it will, of course, go about his routine duties, perhaps working hard and playing hard, while his health is further undermined and his life endangered. Yet the patient might have been under treatment in a tuberculosis hospital, fighting his way back to health if his disease had been discovered early. By the time obvious symptoms appear and he goes to his doctor, the disease may be in an advanced stage and more difficult to cure.

Meanwhile, since tuberculosis is communicable even in an early symptomless stage, the sick person may

have been innocently spreading his germs to others. And it is possible that one or more of his associates has, as a result, developed tuberculosis. The family of the victim with whom he lives may be in special danger.

None of this is necessary. Every adult can keep a check on the health of his lungs by getting periodic chest X-rays—at least once a year—for the X-ray can detect tuberculosis even in the symptomless stage. The person who forms the wise habit of regular chest X-rays is seeing to it that, if tuberculosis does strike, he has his best chance of finding it in an early stage, a stage in which it is easiest to cure.

The insidious nature of tuberculosis, which can attack anyone at any age, is frightening until we stop to realize that we have as our ally the X-ray which can show up evidence of tuberculosis in the earliest stages, long before the recognizable symptoms appear and the disease has the upper hand.

against a team from Scranton. Paul's running and passing was the difference between the two clicks and the main reason why the locals won. The Vollner brothers and Jim Ward did their share in the line for the Des Moines outfit and Ed Wilkerson, formerly of Kansas City added a few good runs.

The opponents of John Bright better be glad he doesn't run like Devan does. Bright is a power runner depending on tremendous leg strength to keep his feet and keep going.

Paul just runs over people like a made bull. He blocks and tackles the same way. Yes, Bright would probably break up a lot of people if he were the type of runner Paul is.

Baseball

Some time ago we predicted that the New York Giants would win the National league pennant. Well, the prediction, one of the first we ever actually made, still stands.

We also called the turn on the Boston Red Sox, but they didn't make it. Maybe, we will get an even break.

SPORTS

By ALLEN ASHBY

Things really got moving on the gridiron front last week. Those of you who follow sports know about what happened to the various local schools. As Bright played a big part in collaring Denver, we listened to the accounts of fine end play by Bill Robertson.

Without Johnny Bright playing, Robertson might have been called the star for the Bulldogs. But nobody steals the headlines from John who is well on his way to a career yardage mark that will take a lot of busting.

While we are on the subject of college football paste the name of John Cardine, one of the few Negroes in University of Nebraska history. Great things are expected of him.

High Schools

North High's Negroes must have read our column last week for they really stormed over a good Ft. Dodge team—and Jefferson and Jim Gunn would probably have made that old North Grad happy if he could have seen them.

East High was supposed to be ripe for picking, but they forgot to tell the Lee Township lads who fielded their usual quota of Negroes while stopping a good big Lincoln team.

Tech's Don Graves continues to show the boys that his long runs aren't just accidents. The guy made three of 'em last week. He scoots along like his dad Morton used to when he was a pretty fair runner. But we think son, Don, scoots faster than pappy did.

500,000

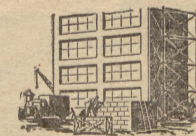

BELL
TELEPHONES
IN IOWA

The 500,000th Bell telephone in Iowa was installed a few days ago. This milestone was reached 73 years after the first telephone instruments were installed in this state.

Other telephone companies serve about 335,000 telephones, giving this state a total of 835,000 or one for every three persons. All are linked by long distance lines into a nationwide network. More than 200,000 are in rural areas.

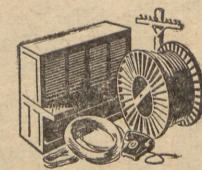

The number of Bell telephones in Iowa has doubled in the past 14 years—100,000 of them have been added just during the past four years.

Providing facilities for this huge and rapid growth has been a tremendous job, and has made it necessary to

Construct new telephone buildings and additions to many others.

Add poles, lines, switchboards and dial equipment in cities and towns throughout the state.

Telephone expansion in Iowa has cost this company \$35,500,000 during the past four years. Our total plant investment in Iowa now exceeds \$100,000,000—nearly twice what it was 10 years ago.

The demand for service continues—and we must continue to expand. It will take additional huge sums of money to do this—money that must come from people willing to invest their savings in a financially sound business.

Through the years, telephone service has become more and more useful to the state and nation, and has contributed greatly to their growth, strength and prosperity. It is one of the nation's greatest assets in peace and war.
