Showdown With M. V. on Bright Case

Nicholas First to Announce Candidacy for Governor in '52

Lieut. Gov. W. H. Nicholas of Mason City has announced his candidacy for the governorship of Iowa in the Republican primary election next June.

"While I've had, and appreciated, the friendly counsel and support of my friends, the decision reached by me is my own," Lieutenant Governor Nicholas said.

"From time to time in the weeks and months ahead, I shall state my stand on the major issues. My campaign, however, will be based primarily on a promise of complete integrity in office and an administration embracing sound business practices.

"I shall make a vigorous campaign in the time between now and next June, keeping in mind always the things that are for the good of the people of Iowa," Mr. Nicholas said.

Kaiser and Wright Voted Eligible for Police Jobs

ROBERT A. WRIGHT

After nearly four months delay, two young veterans were established here Monday as eligible for appointment as police patrolmen from a civil service list originally drawn without their names.

Their appointments as police patrolmen will be made, City Councilman Allan W. Denny said after the council approved the city civil service commission's certification of the two.

The two were Robert A. Wright, 920 S. E. Twenty-seventh street and Frank W. Kaiser, Jr., 1145 Enos ave. They and five white applicants passed written and oral examinations last spring.

Others Appointed

The five, whose eligibility was certified June 25, subsequently were appointed as patrolmen.

The commission July 26 certified Wright and Kaiser, in that order of grade, "subject to a clarification of the result of the physical examination held under the direction of, and as specified by, the board of trustees of the police retirement system."

James B. Morris, jr., attorney for Wright and Kaiser, said Monday that a second physical examination was given them July 7.

The senior Morris, lawyer-editor who is a member of the city fair employment practices commission, and his son attended the council meeting.

Private Conference

After the council conferred privately, it returned to its chambers to consider the eligibility matter, Paul W. Walters, a member of the

FRANK W. KAISER, JR.

civil service commission, meanwhile had arrived.

The council had a letter dated Oct. 19 from the commission saying that "the results of the physical examination having now been clarified, the civil service commission requests that the record now be corrected to include full certification of these applicants as of July 26 . . ."

Without discussion, Denny moved for approval of the certification. The vote was a unanimous 4 to 0. Ruby Holton, council woman, was absent.

Both Wright and Kaiser are World War II veterans. Wright is a graduate of the State University of Iowa. Kaiser attended Drake university and a California junior college.

Drake Homecoming Friday, Saturday

Drake university celebrates its 65th homecoming Friday and Saturday. Preceding the Drake-Iowa State football game at 1:30 p.m. Saturday in the Drake stadium, there will be an all-alumni luncheon at the field house.

Honored guests will be a captain or an outstanding player from each of the 13 Bulldog teams who have in the past beaten Drake's traditional

Nation Starts Baby Bomb Maneuvers

Las Vegas, Nev.—An atomic blast so small it barely was audible less than 50 miles away signaled the start Monday morning of the nation's first atomic combat maneuvers.

The explosion tended to support unofficial reports from Washington two weeks ago that the Nevada tests would involve baby A-bombs and perhaps artillery shells and other combat equipment with atomic warheads.

In contrast to earlier test at the Frenchman Flat proving grounds, which rolled out shock and light waves for up to 500 miles, the detonation atop a 100-foot steel tower at 6 a.m. produced only a "faint rumbling" to a listener in Indian Springs, 30 miles from the test site.

Watchers Unaware

In Las Vegas, 65 miles south of the firing site, watchers on hotel rooftops and other vantage points were unaware that an explosion had been touched off until the atomic energy commission announced tersely: "One of the nuclear detonations announced by the AEC on Aug. 28 was held this morning at the Nevada test site."

No troops were involved in Monday's test, the AEC said.

Some 5,000 troops have been stationed at Camp Resert Rock on the edge of the Frenchman Flattest site. About 1,200 of them actually will take part in the tests. Their participation will be limited to only one of the series of blasts scheduled to be touched off over a period of several

Robert Jackson Waives to Jury

Robert Henry Jackson, 28, appearing before Municipal Judge Howard W. Brooks, waived to the grand jury Friday on a charge of breaking and entering.

Jackson, who gave his address as 1112 Day street, was arrested about 5 a.m. Thursday at Ruby's Diner, 215 S. W. Ninth street. Police said Jackson admitted breaking into the diner at two different times early Thursday morning. They said Jackson had taken a portable radio, and about \$6 from the cash register. He was held in lieu of \$1,000 bond.

A homecoming convocation at 11 a.m. Friday will officially open the festivities.

Drake Alumni Theatre association will present "The Constant Wife" both Friday and Saturday, 8:15 p.m. in Drake auditorium.

Judging of homecoming decorations will be from 7-10 p.m. Friday when displays will be lighted for inspection.

Finale of the week-end is a dance Saturday night at Hotel Fort Des Moines.

Pickets N. Y. Stork Club in Protest of Joe Baker Snub

New York.—A protest picket line, organized by the New York branch of the National Association for the Advancement of Colored People, marched Monday night in front of the Stork club where the internationally known entertainer, Josephine Baker, claimed she was discriminated against because of her color on Tuesday night, Oct. 16.

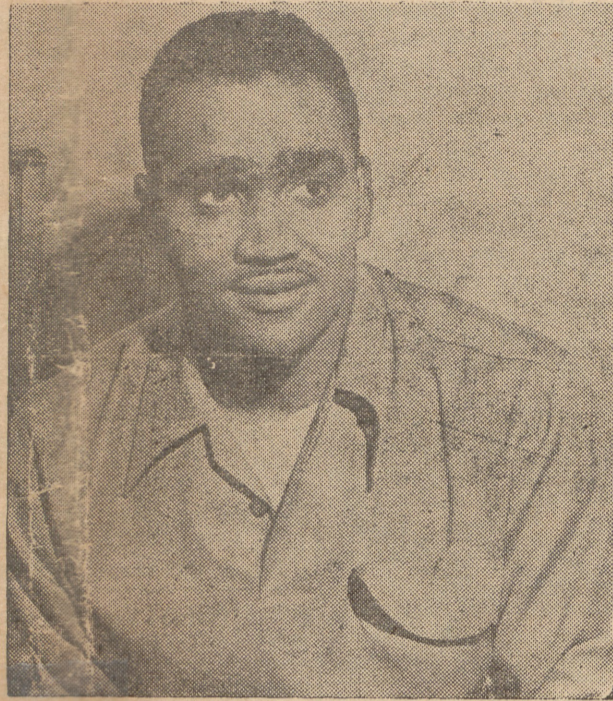

Mrs. Baker said she couldn't get served when she went to the club as the guest of Roger Rico, French singing star of "South Pacific."

She said she waited an hour after ordering crabmeat, steak and wine. "One by one they came and said there was no crabmeat, there was no steak, there was no wine," she said. "Then the waiters wouldn't come near us. It was juts silence."

Plans Protest

Finally she said a steak "appeared," but Rico, refused to stay and the party left.

Mrs. Rico, reached by telephone at her Norwalk, Conn., home, confirmed the incident and said she would protest to the French consul. She said her husband, who speaks

JOHNNY BRIGHT

'The Bright Case'

Gov. Willis S. Beardsley deplored Monday the incident in the Drake-Oklahoma Aggies football game which resulted in a broken jaw for Johnny Bright, Drake star.

"I feel sportsmanship must have been at a low ebb when such an outstandingly fair player as Johnny Bright was subject to such physical abuse. I deplore it," Governor Beardsley said.

Indictment Accusing Four in Cicero Case Thrown Out

Chicago.—An indictment accusing four persons of conspiring to cause the Cicero riots was thrown out of court Monday. Judge Wilbur F. Crowley in Cicero said that the indictments filed to show the four were guilty of anything.

All that remained of the county grand jury's riot indictments was one against Cicero's police chief, Erwin Konovsky, charging misconduct in failing to stop the disorders.

The state's attorney's office previously had asked that charges be dropped against a fifth person indicted by the jury.

Nationwide protest resulted when the jury returned its indictments, which failed to take action against any of the more than 100 persons arrested during the riots.

Set Off By Move

The disorders broke out last July when Harvey Clark Jr., a Negro college graduate, tried to move into a flat at 6139 W. 19th in the all-white suburb.

Those subsequently indicted were: Mrs. Camille DeRose, former owner of the building; Charles Edwards, the building renting agent; George C. Adams, attorney and owner in trust of the property; George N. Leighton, a lawyer who entered the case after the riots, and Norman Silverman, of North Riverdale, who was arrested after the riots for passing out pamphlets protesting the disturbances which bore the imprint of the Communist Party.

The charges against Leighton were dropped earlier this month at the request of the state's attorney's office.

Not Illegal Act

After leaving the bench, Judge Crowley said, "The state could not have proven a conspiracy because there is nothing in the law that shows that the moving of a Negro into a white community is an illegal act."

Judge Crowley's ruling did not affect the indictment against Chief Konovsky.

A special federal jury of 10 women and 13 men was formed Monday to hold a "full-scale" investigation of the riots. Leo F. Tierney, special assistant to the U.S. Attorney General, said the jury would begin hearing evidence on Nov. 5.

Sen. Lehman Pays \$5,000 NAACP Pledge

New York.—A pledge of a \$5,000 contribution for 1951 to the National Association for the Advancement of Colored People has been paid by Senator Herbert H. Lehman of New York, NAACP Secretary Walter White announced this week. Senator Lehman, a member of the NAACP board of directors, has been a regular contributor to the association a number of years.

Paul Wilson of the Wilson Realty company, accompanied by Leonard Walker, escaped serious injury last Thursday night when the car Mr. Wilson was driving overturned on a highway, thirty miles from the city. Mr. Wilson said his car skidded on wet pavement.

Council Votes 'Attacks' by Oklahoma Aggies Player 'Malicious and Intentional'

The Drake university athletic council voted unanimously Tuesday night to protest the Johnny Bright case officially to the Missouri Valley conference.

The Negro halfback star suffered a broken jaw in the game with Oklahoma A. and M. college at Stillwater, Okla., Saturday and pictures taken at the game indicated the injury was caused intentionally.

The council has asked for a meeting with Missouri Valley conference officials by next Sunday at the latest.

The 11-man group, meeting in the solemn confines of the Drake Bible college, came up with a strongly-worded statement demanding a showdown with conference officials by not later than Sunday.

Call It Intentional

The council disagreed sharply with A. and M. contentions that the Bright injury was unintentional.

"There were at least three vicious, malicious and intentional attacks... which were gross violations of football rules and ethics," the Drake statement said.

The council went even further. It took cognizance of stories that the Bright "attack" was premeditated by demanding "a complete investigation of not only the incidents mentioned, but the total situation surrounding the Oklahoma Aggies-Drake game."

Asks Meeting

The Drake body, whose chairman is Frank Gardner, a professor in the Bible college, asked first for a meeting with Commissioner A. E. (Artie) Eilers and Executive Vice-President George Small of the University of Tulsa, at which Drake would present its facts.

Then it was requested that a

special meeting of conference faculty representatives be called to consider appropriate action.

Gardner is Drake's faculty representative in the conference whose members include Tulsa, Bradley, Detroit, St. Louis U., Wichita Oklahoma A. & M. and Drake.

Members Since 1908

Drake has been a member of the league longer than any of the other schools—since 1908. Oklahoma A. and M. was admitted in 1924.

The two are the only survivors of the old Missouri Valley Conference which until the schism of 1928 included six of the present members of the Big Seven conference.

Photos Show Attack

Newspapers taken by flying photographers of the Des Moines Register and published last Sunday brought the Bright injury into focus.

The pictures showed tackle Wilbanks Smith twice struck Bright, the nation's all-time total offense record-holder, on the jaw, once on the first play of the game.

Drake council members, and newsmen who viewed the films Tuesday night, agreed unanimously that these violations and others did occur.

The Oklahoma A. and M. athletic council, which saw the movies Monday, said it planned no action although admitting the illegality of

Shy Guy from Backwoods of Alabama, Willie Mays, Gets Nat'l League Rookie Honor

New York, N. Y.—Willie Mays, 20-year-old minor league greenhorn who stepped into center field and helped win a pennant for the New York Giants, was named the United Press' National league rookie of the year Monday in one of the most rapid ascents to success in major league history.

The shy little guy from the backwoods of Alabama was the choice of 19 of the 24 baseball writers—three from each league city—and is beyond a doubt the youngest and greenest player ever to be selected for the honor.

When he stepped into the vital center field post for the Giants last May 25, Manager Leo Durocher took one look at him and said: "He's the boy who is going to win the pennant for us."

Mays had a .274 batting average that included some powerful, long distance blasting. He hit 20 homers, five triples, and 22 doubles among his 127 hits and he wound up batting in 68 runs.

In addition to his hitting, he was widely acclaimed as the best young center fielder in the business.

Mays, who jumped up from Trenton of the Class B Interstate league to the Minneapolis Giant farm club in the American association in less than a year after his graduation from Fairfield, Ala., High school, came to the Giants entirely by accident.

Two Giant scouts went to Birmingham, Ala., to look at a Negro first baseman playing with the Black Barons. The scouts immediately

John Hay Whitney Foundation Announces Third Competition For Opportunity Fellowships

New York.—Robert C. Weaver, director of fellowship of the John Hay Whitney Foundation, announced the third annual competition for Opportunity Fellowships. Awards are made to American citizens who, because of artificial barriers such as race, religion, or region of residence, have not had opportunity to achieve their full potential. Preference is given to applicants under thirty-five.

Included among the current Opportunity Fellows are twenty-three Negroes. Fourteen are pursuing graduate studies at Harvard, Michigan, Yale, California, Illinois, Columbia, Chicago, Massachusetts Institute of Technology, and other universities.

There are five Negro singers and two painters among this year's Opportunity Fellows, one of whom, Miss Lucretia West, has already arrived in Paris where she is studying voice with Pierre Bernac. Miss Alma Collins is also in Paris, pursuing graduate work in French Literature.

For Graduate Study

As in last year's competition, candidate for graduate study are required to have finished their college education and show evidence of exceptional promise. Both academic students and creative artists of outstanding ability are eligible. In addition, applications for apprenticeships in business and labor are welcomed.

"Opportunity Fellowships," said Mr. Weaver, "are enabling young Americans to continue graduate study, prepare for concert careers through European travel and study, or undertake creative work in this country. The volume of highly qualified applicants was so large last year that we increased the number from 42 in 1950 to 53 in 1951. We expect a larger number of qualified vandidates this year. In this group I hope that there will be individuals from the fields of business and labor requesting fellowships to enable them to carry out apprenticeships. All such individuals should develop a plan of work designed to provide them with worthwhile experience which, without an award, they could not get."

In Desert Training

Camp Desert Rock, Nev.—Corporal Donald Avant, son of Mrs. Mattie Avant and husband of Mrs. Thelma Avant, both of Des Moines, is one of the 5,000 men of the Armed Forces participating in "Exercise Desert Rock" near Las Vegas, Nev. He is a member of the service troops supporting 8th Air Corps, which is headquarters for the operation, under the command of Maj. Gen. William B. Keane.

Biggest Show of 1951 on KRNT Theater Stage Nov. 12

The "Biggest Show of '51" will be presented on stage at KRNT Theater Monday night, Nov. 12 at 8:30 p.m. Boasting a galaxy of big-name stars, the gigantic revue sided by Duke Ellington and his orchestra, Nat "King" Cole and his famous trio, and songstress Sarah Vaughan.

The Des Moines appearance of the show brings the biggest piece of entertainment ever packaged for one evening's attraction.

There is magic in the Ellington name which stands in a class by itself in the music world. The Duke has played in ballrooms, tobacco warehouses and armories where his product has been greeted with cries of "solid," "hep" and "out of this world."

Sarah Vaughan, who is currently enjoying the greatest success of her career, is recognized as one of the most important singing stars of modern times. One of her latest recordings, "Out of Breath," has the stamp

of approval and popularity of hundreds of disc jockeys across the nation.

Nat "King" Cole, who in addition to his superb piano styling, is one of the country's most popular vocalists, is gaining wide acclaim for his new recording of "Unforgettable." In addition to these three great stars, the "Biggest Show of '51" features Timmy Rogers, engaging young comedian; Patterson and Jackson, singing comedy team, comedians Stump and Stumpy; and the Marie Bryant Dancers. The 3-hour music and fun show adds up to one of the most ambitious theatrical undertakings in the history of show business.

The Urban League is the country's oldest and largest interracial voluntary service agency working for economic opportunity for all.

The scholarship which is to be given to two students during the 1951-52 school year is made possible by Edward M. Greer, president of Greer Hydraulics, Inc., of Brooklyn, N. Y. Mr. Greer said the scholarship is "to encourage and assist young Negroes in engineering careers."

This scholarship represents one of many steps taken by the League in its continuous program to encourage industry and commerce to recognize the potential skills of Negroes in colleges and universities who are preparing themselves for professional, technical and business careers.

Gustav, a native of Danville, Virginia, is a graduate of Dunbar High School, Washington, D. C. He is the oldest of nine children. His father is a truckdriver.

Infant Accidents

Each year hundreds of fatal accidents to infants in the United States could be prevented by the person caring for the child. This is borne out by a detailed study of fatal accidents during the first year of life among insured babies. The most frequent fatal accidents, statisticians report, are those resulting from the swallowing of foreign objects—nipples, pacifiers, safety pins, buttons, marbles, or other things—left within the baby's reach, and from asphyxia caused by the regurgitation of milk and other liquid foods. Such accidents as burns or scalds from makeshift vaporizers, fires started by older children playing with matches, strangulation caused by the child getting its head caught, poisoning, and drowning in the bath also take a considerable toll of infant life, the study indicates. These accidents are due, in the majority of cases, to lack of proper care by the person—usually the mother—in charge of the baby.

This exciting collection of merchandise, ranging from the inexpensive to more costly items and of appeal to wise Christmas shoppers seeking novel gifts, has been gathered from import houses, world travelers, and YWCA members who traveled abroad this past year.

Special features of the opening day of the sale will be the Smorgasbord Dinner served between 5:30 and 7 p.m., one of a series of monthly fellowship dinners. Reservations for this dinner may be made through committee members or through the YWCA office by calling 4-5171. Following the dinner is an International Festival at 7 p.m. Several community groups will lend color to this pro-

gram in their presentations of foreign folk songs and dances. The public is cordially invited to attend the sale from 9 a.m. to 9 p.m. on November 1, 2, and 3, and the dinner and festival on November 1 only.

Mrs. Claude D. Brown, chairman of the world Fellowship Committee, which is sponsoring these events, announced that funds raised will be the Des Moines YWCA's contribution to furthering work of the YWCA in 65 countries around the globe. The dinner and festival are a part of the year-round program designed to increase intercultural understanding and appreciation. The YWCA, a Red Feather agency, is at the corner of Ninth and High Streets.

Vegetable Beef Pie

Truly a meal-in-a-dish is this hearty beef stew topped with a golden biscuit crust that invites you to cut on the dotted line.

Beef stew is always a specialty in restaurants that cater to men. Why not make it a specialty at home, adding a cover of flaky biscuit? Biscuit topping dresses up beef stew and also makes it more economical. Roll the biscuit dough out to fit the size of your casserole. Then, with times of a fork, press squares, or other design, into biscuit dough before baking. The result is a professional look for your casserole dish at no extra cost!

Four people can eat heartily of Vegetable Beef Pie for as little as 25¢ a serving. It's a wonderful way to get essential food values, since enriched biscuit has protein, B-vitamins and food iron to add to those of meat.

Accompany Vegetable Beef Pie with a tossed green salad garnished with tomato wedges, and cold milk, and the main part of your meal is complete. For dessert, plan on fresh pears and Camembert cheese.

VEGETABLE BEEF PIE

- 3 tablespoons fat or suet
- 1 pound boneless beef stew (cut in 1 1/2 inch cubes)
- 1 cup water
- 1 cup sliced carrots (6 medium)
- 1/4 cup enriched flour
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- 2 cups vegetable liquid and water
- 1 teaspoon Worcestershire sauce
- 1 cup cooked peas

Melt fat or suet in stewing kettle. Brown beef well. Add water, cover and simmer 1 hour. Add carrots, cover and simmer 1/2 hour longer. Mix together flour, salt and pepper and make into paste with a little of the vegetable liquid and water. Stir into kettle. Add remaining liquid and Worcestershire sauce and cook until thickened, stirring constantly.

Rich Biscuit Topping

- 2 cups sifted enriched flour
- 2 teaspoons baking powder
- 1 teaspoon salt
- 1/2 cup shortening
- 3/4 to 1 cup milk

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk to make a soft dough. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Makes 4 servings.

With D. M. Symphony Concert Nov. 11

DOROTHY MAYNOR

The 1951-52 Drake-Des Moines Symphony Orchestra season will open Nov. 11 with a concert featuring Dorothy Maynor, lyric soprano, as guest artist.

Mrs. Lawrence E. Kelly, symphony association president, said the other three concerts of the season will be given Jan. 13, March 9 and May 4.

The first three concerts will be held at KRNT theater and the final one at Roosevelt High school auditorium.

Conducting the orchestra in its fourteenth season will be Frank Noyes, head of the violin department at Drake university. Margaret Davis, violin instructor at Drake, again will be concertmaster.

Koussevitzky "Discovery"

Miss Maynor, the first soloist, was "discovered" by Serge Koussevitzky, then conductor of the Boston Symphony. She has performed with the New York Philharmonic, Chicago, Philadelphia, Cleveland, and Boston Symphony orchestras. She has made six transcontinental tours including an European debut last summer. Soloist at the Jan. 13 concert will be Szymon Goldberg, Polish violinist. Rudolf Firkusny, Czech pianist, will appear on the third program.

100 Musicians

The Drake-Des Moines symphony

is composed of 100 musicians, including Drake faculty members, and students and residents of Des Moines and surrounding communities.

The symphony has played with about 60 soloists since its founding—many of them world-famous artists.

This year's campaign for membership in the association will begin next Sunday with a dinner at Hotel Fort Des Moines. Only season tickets will be sold. The drive ends Nov. 11—the date of the first concert.

ANOTHER DEFEAT OF EVIL FORCES

Monday, the city council held its usual meeting except that a few interested people sought a reason for the delay in appointing two men who had passed the civil service examination for patrolman.

It is quite evident from the whole record of maneuvering since these men passed the original examination last April that somebody has used every trick to block the appointment.

One objection heard to the appointment of the two men was that Negroes had their quota of officers already. The law does not set up quotas for any group, neither does it attempt to say how many persons of one race or religion may take the examination.

Unfortunately, there are many people holding public office who are unqualified to fulfill their positions. They take the oath to uphold the law but when some of those laws run counter to their petty prejudices to hell with the law.

Too often Negroes find it necessary to make an all out fight for things which come to other citizens through the ordinary course of things. And while it pays to fight when necessary, it is unjust that a fellow is placed under an additional load others are not required to carry.

The young men in question are to be congratulated upon their unwillingness to take a slap in the face without hitting back and the Des Moines Branch NAACP in that it recognized this situation as one coming well within the program of fighting cases based on the color of a man's skin.

SMOKE SCREEN DID NOT WORK HERE

Modern inventions settle a lot of problems. No better proof of this could be found than the use of photographs to tell the story in the recent football game between Drake and Oklahoma A and M when Johnnie Bright was deliberately slugged by an opposing player.

It is quite evident that the Drake Athletic board was not to be fooled by the careless inefficient job performed by the officials of the game when three distinct infractions of the rules occurred and none saw them. It condemned the affair and demands that something be done.

Football, like all sports, is bottomed on sportsmanlike conduct. And while football is a rough game, there is a limit to what can be done. Its up to the officials, and there are several, to detect infractions and draw the line.

It is gratifying that Bright himself has kept his head since the affair occurred as he did on the field. Knowing his physical strength he could well have fought with his assailant and caused a scene on the field.

All these things have made it easier to pursue this vicious affair. The Bystander congratulates the Drake Athletic board for its unequivocal forthright stand.

PRIMARY RESULTS GRATIFYING

Des Moines held its first primary election Tuesday under the City Manager form of government. The vote was exceedingly light in view of the lack of outstanding issues as recognized by the public.

But there were issues, big to be sure, emphasizing good government and there was no question as the results came in that the public recognized that it had a duty to perform and followed through.

Let there be no mistake that some potent forces don't go along with the new regime but they dare not stick their heads in the open. They stay in the background depending on pulling stunts nobody will recognize. But in the long run, they cannot prevail.

DRAKE COUNCIL

SEE FRONT PAGE two "blocks."

Henry Iba, A. and M. athletic director, expressed the regret of his school that the Negro back had been injured but said his institution would not act unless Drake filed a formal protest.

Dr. Henry Harmon, president of Drake, was closeted with the athletic council throughout the period of deliberations, an indication of the seriousness with which the university regards the incident.

In addition to Gardner, members

To Honor Jackie

Los Angeles, Cal.—Jackie Robinson of the Brooklyn Dodgers, the greatest all-round athlete in U. C. L. A. history, will serve as grand marshal at the school's twenty-fifth annual homecoming week celebration Nov. 2-3.

Robinson is the first Negro to play on a major league baseball team, will be the guest of honor at the U. C. L. A.-California football game, watching a sport in which he excelled at U. C. L. A. in 1939-40.

He is regarded as the fastest half-back in U. C. L. A. history. He was high scorer in the southern division of the Pacific Coast conference basketball race for two years, won both the Pacific Coast and N. C. A. A. broad jump titles in 1940, and starred in baseball. In one game he stole five bases, including home twice.

of the council are Jack McClelland, athletic director; Carl Kasten, business manager; John Davis, alumni secretary; Frank Noyes, Professor of violin; Robert W. Swenson, professor of law; Earl Canfield, assistant professor of mathematics; Eli Zubay, assistant professor of actuarial science, and Donald H. Stewart, assistant professor of history.

Alumni members are Leonard Gallagher, a certified public accountant, and Gibson Holliday, lawyer, both of Des Moines.

The Statement

The Drake council's statement: "In view of the lack of positive and satisfactory action on the part of the officials of Oklahoma A. and M. college in regard to the attack upon a Drake player in the game between Drake and A. and M. last Saturday, the athletic council of Drake university, after taking into consideration all the facts of the case, which included the motion pictures of the game provided by Oklahoma A. and M., still pictures provided by the press, the written reports of Drake officials who were present at Stillwater, and a report from the player concerned, has:

"1. Unanimously agreed that there were at least three vicious malicious and intentional attacks upon the person of John Bright, which were gross violations of football rules and ethics. "2. The athletic council has unanimously agreed to immediately register a strong protest with officials of the Missouri Valley conference and is asking for a meeting with Commissioner A. E. Eilers and Executive Vice-President George Small of the University of Tulsa by no later than Sunday, Oct. 28, at which Frank Gardner, chairman of the Drake council, and Jack McClelland, athletic director, will present the facts of the case.

"3. The council is also unanimously requesting a complete investigation of not only the incidents mentioned, but the total situation surrounding the Oklahoma Aggies-Drake game. "4. Finally, the council is requesting that as soon as all the facts resulting from this investigation are at hand, that a full meeting of conference faculty representatives be held to discuss what action should be taken by the conference regarding our protest."

Awaiting Helmet

Bright, meanwhile, remained in Iowa Methodist hospital Tuesday night but was expected to be released Wednesday.

Coach Warren Gaer emphasized that Bright would be used against Iowa State only with the full approval and consent of physicians. A special protective helmet ordered from Chicago had not yet arrived.

Meanwhile, Iowans continued to bombard A. and M., Drake, newspaper and radio stations with letters protesting the injury to the great halfback.

Josephine Baker

SEE FRONT PAGE something you can let drop. It is un-American. It is not fair to other Americans.

"I am consulting with my lawyers and I'm going to do something about it—not for Josephine Baker. I'm doing it for America."

She said she was "invited by the Ricos. I didn't want to say, 'oh, let's not go there because I'm colored.'"

Ordered Food

Miss Baker said the party consisted of Roger Rico, his wife, and a friend of Miss Baker's, Mrs. Bessie Buchanan, also a Negro. Miss Baker said she was the only one who ordered food, as the others had had their dinners.

She said she always waited until after her evening performance. She currently is appearing at the Roxy theater.

Miss Baker has refused to appear before segregated audiences.

HEALTH FOR ALL

Why Get Chest X-rays?

Tuberculosis is a communicable disease which strikes without warning and rarely makes its presence known to its victim before the disease reaches an advanced state and grave damage is done.

Any one of us can get tuberculosis. And anyone can keep a check on the health of his lungs without waiting for the obvious symptoms of advanced TB. For signs of tuberculosis can be detected in an early stage by means of the chest X-ray. The X-ray is a first step in searching out the disease. Once the X-ray shows suspicion of illness, additional tests should be made to determine if the person has active tuberculosis.

Since the X-ray does have this power, it seems strange that so many people neglect getting an annual chest X-ray, a practice that would give a person his best chance of finding TB, should it strike, in an early stage.

Some who neglect chest X-rays do it through procrastination. People keep putting them off because they have "more important" things to do. Yet these things would have to go undone if ill health intervened. A few moments before the X-ray machine once a year may prove to be the "stitch in time."

Another type of person gambles on his outwardly healthy appearance. A person may know a number of people who have been stricken with tuberculosis and yet feel "it can't happen to me, I'm too healthy."

Tuberculosis can happen to anyone, healthy or frail. As a matter of fact, many people look and feel healthy when TB first attacks—until the disease becomes advanced.

A third type of person might neglect X-rays because he thinks tuberculosis is inherited and he has "never heard of TB in his family." No one inherits TB. It is passed on by people who have the disease to those who are well.

Some won't bother with X-rays because they think tuberculosis is incurable. Such people feel that it wouldn't do them any good if TB were found, and what they don't know won't hurt them. But tuberculosis can be cured even in advanced stages, although the disease is easier to cure when found in an early stage.

If every unknown case of tuberculosis were found and placed under treatment, we could eventually stamp out tuberculosis in this country. And these cases of tuberculosis would be found if every adult 15 years of age and over formed the habit of getting an annual chest X-ray.

This column is sponsored, in the interest of better health, by Polk County Tuberculosis and Health Association.

The old guy and in a way we felt a little sorry for him. It isn't often we can see eye to eye with Sec Taylor in the Des Moines Register, but brother we take off our hat to him for Monday's column. Did he ever lay it on. No Negro no matter how mad he got could have expressed the things that Taylor cut loose with in his column.

The incident made everyone with an ounce of fair play in his makeup boiling mad. But, do you know that slugging getting the star of the opposing team is as much a part of football as is end duns and cheer leaders or big stadia? Every time that ball is snapped someone cheats on a rule in football. You can be as fair as far as you can and you will in nearly every season an incident to parallel that one somewhere in the country.

In thirty-two years of watching and playing in football games we have never seen a game worth de-

HALF AWAKE

Did you ever lay a-dreamin' when you were half awake, and do a lot of schemin' on the things you'd undertake? But when you started up your day all thru your work and at your play, You never did a thing about, the things you dreamed and schemed about. That proves that even thru the day,

you're only half awake. Then when your work is finished, and you have time to spare; Do you pitch into your projects, or don't you really care? There's a multitude of dreamers, and just as many schemers; It's the thinkers and the doers, not the wishing, hoping woovers, That go out and get the business. . . so don't be half awake. —Glenn A. liberately hurting a man for. Brother Lucius and I used to sit up nights trying to figure out some legal way to clobber some guy we thought might give us trouble, but we used the rules, not our own fists. There are too many legal ways to hang it on an opponent for a big time ball club like the Aggies to have to resort to fists.

But dirty, unscrupulous play, getting a star, have always been a part of the game. Those tactics are like the poor relation that nobody owns or admits having, but they are very much in football. If we were a coach today, we would teach our star all the dirty tricks and the counters for them that are in the game. Then we forbid them to use those tactics on penalty of expulsion from the squad. But he would know what to expect, and because he did know all the dirt, could better protect himself against teams like the Aggies.

We sincerely hope Bright gets another game or two and believe he will. If he doesn't he has carved out a career and record that will stand a lot of shooting at before it is broken. Oh, yes, there were some more football games last week. We think Iowa needs some blocking backs. Most of them block one runner and you don't use 170 pound men to block a 230 pound guy like Michigan's

Johnson. We argued all day Monday that nothing but fords would come of the Bright incident. But brother, these people are not angry, they are just good old-fashioned mad. If nothing comes of it, it won't be the fault of the folks on this end.

Never have we seen so many people so mad about a bust of the jaw. Maybe this may be one of the events that forces a major rules change.

The editor described it as a blizzard. Other editors picked it up, and soon the word spread across the country. Today's dictionary doesn't refute Estherville's claim, either. Well, that's how our language grows. Someone coins a word. Soon it becomes part of our everyday life. That doesn't happen in some foreign countries.
