Discrimination in Private Housing Is Made Illegal in New York City

Non-Whites Can Now Move From Congested Areas

New York, N. Y.—A bill making it illegal for a landlord to refuse to rent a house or apartment to anyone because of race or religion was passed by the city council last week. The plan, containing a watered down penalty provision, is aimed primarily at permitting the rapidly growing Negro and Puerto Rican populations to seek available housing outside their present highly-congested areas.

Church Support

The bill which had been supported by Protestant, Catholic, and Jewish leaders, the NAACP and numerous civic groups, was endorsed by Mayor Robert Wagner, as "right and essential."

Under the new bill complaints of discriminations will go to the city's commission or intergroup relations for mediation and conciliation. If no settlement is reached, the commission will refer the case to a three-man fair housing practices board to be appointed by the mayor.

Justified Complaints

If the board finds the complaint justified, it will pass the case to the city corporation counsel for state supreme court action. The court could subject a violator to a fine or imprisonment at its discretion.

In the last seven years the non-white population of the New York metropolitan area has grown 42 per cent, while the white population rose only 5 per cent. In New York City alone, the white population dropped 6 per cent, from 7,116,441 to 6,699,734. Non-white inhabitants increased 41 percent, from 775,516 to 1,095,737. More than 97 per cent of the state's non-whites are estimated to be Negroes.

Local NAACP to Install Officers Dec. 17; Annual Christmas Party to Follow

The Des Moines branch of the National Association for the Advancement of Colored People will meet at Wilkie House, 900 - 17th Street, Tuesday, Dec. 17 for election and installation of officers for 1958 with Mrs. Georgine C. Morris conducting the installation ceremony. The meeting which will be preceded by an executive board meeting at 7 p.m., will also hear annual reports of the officers.

Following the regular meeting the Branch will hold their annual NAACP Christmas Party at 8:45 p.m.

White Elephant

"All members and friends of NAACP are invited to come to this annual meeting and enjoy the Christmas party," Clara Bayles, president of the association said. "Just come for a merry time and bring your white elephant wrapped in pretty Christmas paper. DON'T BUY anything to bring to the party. Just pick up some little article that you have around the house which you no longer want, but which someone else might enjoy receiving. Your gift might be something practical or something sentimental. It may also be something funny, which may add to the gaiety of the occasion," Mrs. Bayles added.

Negroes Donate \$18 To White News Boy After Youth Holdup

Greenville, S. C.—Horace Butler, a customer on the route of a young white newspaper carrier, 13, who was robbed last Friday, collected \$18.50 from Negro subscribers for the youth.

The carrier, David Langley, was relieved of his Christmas money at knifepoint Friday night by a young Negro riding a bicycle, who escaped. Butler said, "The people around here were very disturbed over it. It shocked us for such a thing to happen in our neighborhood."

Mrs. Morrow Selected To Serve on Committee For Mentally Retarded

Mrs. Billy Jean Morrow, who has been teaching Developmental B in Des Moines public schools system for six years, was one of two teachers selected to serve on a state planning committee for special education of mentally retarded children.

The committee, which is composed of doctors, superintendents, supervisors, principals, psychologists, consultants and two teachers will meet twice a month for 18 months to write and publish a handbook for administrators. Mrs. Morrow will be released from her classroom duties for these meetings.

Mrs. Morrow resides with her husband, James A. Morrow Sr., and two children, Joyce Adele, and James Jr., at 1701 Carpenter Avenue. She is the daughter of Mrs. M. L. Wells.

She is a member and reading clerk of Corinthian Baptist Church; anti-basilus of Beta Gamma Chapter of Alpha Kappa Alpha sorority and member of the International Council for Exceptional Children.

Mrs. F. Jackson Is Released from Lutheran Hospital

Mrs. Francis Jackson, 41, hospitalized with second degree burns in an early morning fire that swept their home Nov. 13, was released from Lutheran Hospital last week.

A daughter, Donna Jean, 16, who suffered severe back, leg injuries and a fractured ankle in her leap from a second story bedroom during the fire, is still a patient at Lutheran.

Destroyed in the \$10,000 fire, were the Jackson home at 1294 East 19th Street, and all their clothing and furniture. Mr. Jackson and six other children escaped without serious injury.

NAACP Hails N. Y. Housing Bill Passage

New York.—Passage by the New York City Council of a bill banning discrimination in private housing was hailed by NAACP Executive Secretary Roy Wilkins as an action in which "all New Yorkers may well take satisfaction."

After approval of the bill by a vote of 20 to 1 on Dec. 5, Mr. Wilkins expressed the opinion that "implementation of the law over the years should assist in the integration of the city's public schools." It is fitting, he added, that New York "as the nation's greatest metropolis should pioneer in intergroup living."

Plan to Eliminate Bias in Housing in New York State

New York City.—Angling to halt discrimination in New York State housing, sponsors of the Sharkey-Brown-Isaacs bill began work this week to re-introduce the Metcalf-Baker bill in the state Legislature in Albany next month. They are not disillusioned that the bill was introduced last year without success.

This year, it is expected to win a sweeping victory. The bill would eliminate discrimination for reasons of race, color, religion, nationality. This applies however only to apartments where three or more families dwell. One and two family houses are exempted unless in large developments. It applied to both rental and the sale of property.

Algermon D. Black, chairman of the State Committee on Discrimination in Housing, said that with the re-election of the Wagner Administration, it will be watched carefully to see how the new legislation is handled. Those close to the situation and in sympathy with its organizers feel the bill must pass this year because of heavy pressure since the Little Rock school deal. Many feel it would make New York look very small indeed, especially on their stand of integration in this state, if the bill met its death for a second time.

NAACP Attorneys Appeal Mrs. Bate's Conviction in Ark.

Little Rock, Ark.—Attorneys for Mrs. L. C. Bates, president of the Arkansas State Conference of Branches of the National Association for the Advancement of Colored People, have filed notice of an appeal from her conviction under a new city ordinance designed to make the NAACP reveal its lists of members in Little Rock.

Mrs. Bates was convicted on Dec. 3 and fined \$100 and ordered to pay court costs amounting to \$50 because she refused to turn over membership and contributors lists to city authorities as required by a law sponsored by Bruce Bennett, state attorney general.

Dismissal

Also arrested was Rev. J. C. Crenshaw, president of the Little Rock NAACP branch. Charges against Mr. Crenshaw, however, were dismissed by Judge Harry Robinson when it was indicated that he had not been requested to produce records covered by the law.

Representing Mrs. Bates and Crenshaw were Robert L. Carter of New York, the Association's general counsel; Frank Reeves of Washington and George Howard of Pine Bluff.

Safety

Jurors Convict Richard Elliot, 21, on Two Counts In 5-Hour Deliberation

At 9:30 p.m. Tuesday a jury of nine women and three men after deliberating five hours brought in a verdict of guilty against Richard Lee Elliot, 21, on charges of selling narcotics and conspiracy. The conviction came nearly a dozen hours after three other defendants switched pleas from innocent to guilty in federal district court Tuesday morning and Elliot decided to continue trial.

BRENKLIN TRIAL

The federal government started trial proceedings in U. S. District Court against Frank C. W. Brenklin, 35, of 1222 School street, named in a six count indictment charging three sales of heroin, a narcotic. Brenklin was one of 10 arrested in a mass raid Sept. 27.

Top Policeman in Danger of Losing Position in N.Y.

New York City.—Though all had thought to be died down since the case against Mrs. Hazel Sharper involving a traffic ticket was dismissed, talk of a different nature was circulating around the New York Police Department this week. It is that Robert J. Mangum, \$12,300 a year head of the Juvenile Department and the highest ranking Negro official, may lose his job because of his aid in preventing the arrest of Mrs. Sharper some weeks ago.

Brilliant Record

Mangum, who has been in high favor with the Department's top officials for his brilliant record, has been unable to sufficiently speak in his behalf due to a broken jaw in a recent auto accident.

At a preliminary hearing with Commissioner Stephen P. Kennedy, Mangum painfully denied he had made a mistake in striking out the arrest of Mrs. Sharper. This leaves the decision to the Commissioner to either agree or announce that Deputy Mangum acted unwisely and without authority.

Final decision on the matter is being delayed until Mangum is more fully recuperated and can better defend himself and his position.

In Own Defense

Elliot, whose name remained a secret at the grand jury indictment Nov. 27, took the stand in his own defense for the second time Tuesday and reiterated that he never had been associated with the other three, had never sold heroin or had it in his possession.

Star witness for the government was Caroline Ann Jefferson, 19, self-confessed long time user of heroin and other narcotics, who took the stand Monday afternoon and told of meeting Elliot in the Teen-Age Club in Brown's Teen Corner, Ninth street and Keosauqua way, and said that Elliot had obtained heroin for her about 10 times between Sept. 27 and Oct. 17.

Parks Testifies

Another witness for the prosecution, Parks, who was subpoenaed following his plea of guilty, testified that Elliott approached him following his (Parks) release on bond, and "begged for some of the stuff" (heroin), so he (Elliot) could sell it. Parks said that on three or four occasions he gave Elliot 25 to 30 caps of heroin and that Elliot sold them

Christmas Confections That Sparkle With Flavor

AT THIS TIME OF YEAR, candy becomes more popular than ever—to give as a Christmas gift or serve in your home during the holiday season. That's why this economical new 15-minute recipe for Orange-Nut Fruit-Jells candy will receive such wide acclaim. Your friends will delight in its tangy flavor, and it's a real treat you can provide after a very short time in the kitchen.

ORANGE-NUT FRUIT-JELLS CANDY

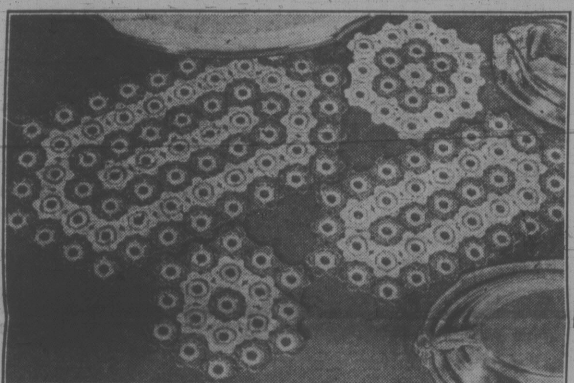

Yield: about 5 dozen candies (1 1/4 lbs.)

1 bottle Certo liquid fruit pectin 1 cup light corn syrup
1/2 teaspoon soda 1 1/2 teaspoons orange extract
1 cup sugar 1 teaspoon grated orange rind
1/2 cup chopped walnuts

Pour Certo into 2-quart saucepan. Stir in soda. (Pectin will foam as soda is added.) Mix sugar and corn syrup in another saucepan. Place both saucepans over highest heat. Cook both mixtures, stirring alternately, until foam has disappeared from pectin mixture and sugar mixture is boiling rapidly. (This takes about 3 to 5 minutes.)

Pour pectin mixture in a slow steady stream into boiling sugar mixture, stirring constantly. Boil and stir 1 minute longer. Remove from heat. Stir in orange rind, extract and chopped walnuts. Pour immediately into 8x8-inch pan. (Or use 8-inch pie pan or round layer pan, or 9 1/2x5 1/4 or 10x6-inch loaf pan.) Let stand at room temperature until mixture is firm and cool (about 3 hours). Cut into 1/4-inch squares and roll in confectioners' sugar.

Note: If gumdrops are to be stored or packaged, let stand overnight at room temperature, before storing, to prevent weeping.

HERE is a budget saver that will easily be the admiration of your friends. Hot plate and platter mats crocheted in a floral design of green, yellow and white, worked over bone rings which give it strength and thickness. Highly decorative and a natural to highlight the dinner table. Snack Tray For The Holiday Season

For refreshments that will net you a bright star as a holiday hostess, feature a colorful Edam cheese decorated with star-shaped cutouts and filled with a tangy, beer-flavored spread.

Serve it at planned parties or to drop-in guests with crisp melba toast, salty nuts, pimiento-stuffed olives and a beverage that's equally festive—perhaps beer in crystal-clear mugs that are given a holiday look by tying a tiny bell with bright ribbon to the handle of each mug.

EDAM CHEESE SPREAD

1 Edam cheese (3 to 3 1/2 pounds)
1/2 cup beer

1 tablespoon Worcestershire sauce
Few drops Tabasco
Paprika

Make star cutouts by cutting into red wax coating and peeling it off to let the color of the cheese show. Hollow out cheese from center leaving a 1-inch shell. Let scooped-out cheese soften at room temperature. Using an electric mixer, mix cheese until smooth and fluffy. Gradually add beer, continuing to mix until blended. Mix in seasonings. Heap spread into cheese shell. Sprinkle top with paprika. There will be enough cheese spread for a refill.

"I feel sleepy today." This is a statement often heard. Everyone has different requirements for the number of hours of sleep he needs. You may be one who needs to pound the pillow a little longer than your friend next door. Sam Cook

Babs Gonzales, one of the original be-boppers of some years back, has a new record out about Santa, in a bepop fashion, and the kiddies seem to go for it. . . . Los Angeles' Sam Cook, who everyone here thinks will go straight to the top, is doing fine with his new hit, "I'll Come Running Back To You" . . . A very shy guy, Sam is being carefully guided on a successful path . . .

Pearl Bailey

Pearl Bailey gets so twisted in her commercial on the after-dinner coffee that easterners think she'd better stick to her novelty numbers. . . . "Island In The Sun" welcomed in Australia. . . . On his recent visit to New York, Marlon Brando made it clear—he'd let reporters interview him in his hotel room—but at the first mention of his Indian wife, he'd flee the room. . . . Since the word was well spread, no mention of the wife was made . . .

Mickey and Sylvia

Television will serve as an educational medium as well as entertainment when Schlitz Playhouse presented "East Of Moon", a story on interracial marriages. . . . In a modern setting, the approach is direct, appealing and deals with the problem in an adult manner. . . . Mickey and Sylvia, who played the Apollo Theatre twice but in such rapid succession the last time wasn't a sell-out, have returned again to try their luck. . . . they're also searching for another hit record . . .

MAKE YARN DOLLS YOURSELF!

YOUNGSTERS adore these floppy, cuddly yarn dolls and you'll enjoy making these delightful Soft Spun Twins. The long (18") lanky dolls require no needlework—they're simply braided and tied. The small twins, Susie and Sandy, are soft and squishy to fit into small arms. They require simple crocheting only on their clothes and hats. Make the dolls of Soft Spun rayon and cotton yarn in white and gay colors. Free instructions for making both sets of dolls can be had by sending a stamped, self-addressed envelope to the Woman's Page Editor of this newspaper.

Christmas Seal Decorations

Holiday decorations and party favors are a new way of using Christmas Seals bought to aid the fight against tuberculosis. The designs were created by the Dennison Mfg. Want to Make Own Christmas Tree Decoration? Here Are Some Ideas for the Whole Family

Iowa City, Iowa.—Trimming a Christmas tree can be a creative venture for every member of the family, says Betty van der Smitten, assistant professor of physical education for women at the State University of Iowa. Miss van der Smitten is teaching an evening class in Christmas crafts this month.

The stores are full of beautiful decorations perhaps lovelier than you can make at home, but half the fun and sense of accomplishment can be lost if trimming the tree means simply hanging things you have purchased through the years.

Family Project

Here are some simple ornaments the whole family can work on together and vary to suit individual tastes. Miss van der Smitten suggests. Cheery bluebirds, made by the littlest member of your household, will be brighter than any decoration you purchase.

You'll need small pine cones for the body and a bit of clay for the head. A match stick shaved down to a point provides a bill. The tail can be made of lightweight cardboard or heavy construction paper. Glue the tail on or simply stick it between the scales of the cone. When you've assembled several birds, paint or spray them any color you wish.

Pine cones in varying sizes also make nice ornaments when bits of "glitter" are added, says Dr. van der Smitten. Milkweed pods can be picked up around most parts of Iowa and when sprayed with paint

and glitter form lovely decorations.

Orange "Sputniks"

Orange "sputniks" will delight the children and give the room in which your tree stands a pleasing fragrance. Simply insert cinnamon sticks in small oranges and hang them on heavy branches near the trunk.

From corn husks can come red poinsettias or other flowers. Dye the husks, cut and arrange them in the flower shape you wish, put a few through the center and hang.

Fights TB

Hollywood star Tony Curtis delivers a solid punch against TB on TV for the current Christmas Seal Sale of the 3,000 tuberculosis associations throughout the country.

Corner of Christmas Ideas

Snow-White Pajamas

Speaking of a White Christmas: some of the prettiest new sleeping togs are snowy white. When you're gift shopping, look for the new pantaloons pajamas, ruffled and beaded with satin ribbon—and also the white corduroy peignors. They are so pretty, so washable, so economical. A drip-dry gift will warm any female's heart!

Xmas Sailcloth

You can spread the holiday feeling throughout the house by using yards of sailcloth printed with colorful Christmas designs. This fast-color, pre-shrunk cotton fabric makes cheerful place mats, runners, dish-towels, and aprons which can be machine washed and stored for future holiday seasons.

You'll not only find them fun for your own home, but they make gay gifts as well. If you prefer, you can buy the items mentioned ready made in the same sturdy, sudstable cotton.

Table Linens

When laundering holiday table linens, remember that damask looks best if ironed on both sides—first on the wrong side, then on the right to bring out the luster.

Terry Cloth Aprons

The kitchen police at your holiday parties will feel as festive as the Christmas tree if you provide gay terrycloth aprons and dish towels which feature Santa designs. The highly absorbent terry is ex-

tra heavy for blotting up moisture and it is fast color so the party partners can be sudsed in the washer, then stored for next year.

Plastic Trees

Sturdy, symmetrical plastic Christmas trees that last a lifetime can be bought in kits and assembled at home. They are safer than a natural tree, and their flexible needles don't shed. Furthermore, they can be kept bright and clean by swishing the detachable branches through warm soap or detergent suds, then wiping the trunk and metal base with a sudsy sponge.

These do-it-yourself trees only take a few moments to assemble or take down; and thanks to detachable parts, they store in a compact carton. The sizes are 6, 4, and 2½ feet tall, and the colors are forest green, delicate pink, or snowy white.

UNIONS

Donald R. Richberg, one of the country's most distinguished labor lawyers and once a leading figure in President Franklin D. Roosevelt's New Deal, describes present-day labor unions in these words: "not weak, altruistic organizations of servants of the common good, but . . . strong, selfish, ambitious aggregations of men seeking to dominate the business and

politics of the nation for private profit."

Recommend Churches to Smooth Integration

Pittsburgh, Penn.—Methodist leaders of six workshops attended by 150 interracial delegates Saturday recommended that all local churches become more concerned with racial integration problems in their particular communities. The delegates to the Methodist conference on human relations were specifically told to have churches in the Pittsburgh, West Virginia, Washington (D.C.) and Erie conferences to form commissions of social concern.

The leaders pointed out that the commissions should investigate ways to smooth integration and preparing the people for the social changes. In addition the commissions should resume responsibility for community health, housing, education and employment, the leaders said.

Baptist Ministers Form D. C. Committee Backing 1957 Convention, Rev. Jackson

Washington, D. C.—Last week a group of Baptist pastors formed a "D. C. Committee Supporting the Convention" with Rev. C. H. Hamilton, pastor of Greater New Hope Baptist Church as chairman.

The Committee was voluntarily organized by a number of ministers after alleged charges of unlawfully holding office were brought against the National Baptist Convention's president, Dr. J. H. Jackson of Chicago.

Public Correction

Rev. Hamilton said, "We feel a duty to our constituency and the public to correct the misleading information about the sitting of our 76th Annual Session in Louisville, Ky. We met in one of our most significant Sessions in the history of the Convention."

He continued, "Our Convention took a stand for unifying all American Baptist bodies, the Educational Board contributed more than ever before, and for the first time we had two southern Governors to address our messengers and promised to move forward and support the U. S. Constitution in the case of civil rights."

Disorder

When asked about the disorder at the Sessions, the Rev. Mr. Hamilton said, "We had five days of constructive and orderly sessions save for about 30 minutes on Thursday when a disgruntled remnant attempted physically to take over the Convention. They were removed from the Session and there was no more disorder."

The Washington leader stated that many people did not know that once the Convention officially opened those who tried to impede the progress of the Sessions were not against Dr. Jackson, but were and still are against the Convention.

Acclamation

Commenting on the election of Dr.

Jackson, Rev. Hamilton said, "Our president was elected by acclamation on the first day of the Session which was wholly lawful. Being elected by acclamation is nothing new to Baptists, from where I stood personally, it seemed that almost every messenger at the Convention voted for Dr. Jackson."

Other Ministers

Other leading ministers comprising the Committee include: Revs. H. B. Turner, Carpin Church; U. C. Creecy, Lilly Memorial; G. E. Stevenson, Providence; R. L. Tucker, 1st Baptist, Southwest; R. P. Gainey, Corinthian; W. C. Cole, St. Phillips; J. A. Moore, Jr., 19th Street; Jesse A. Brown, Second Baptist South; J. H. Marshall, Springfield; R. McIntyre, Meridian Hill; C. M. Mills, Canaan; R. V. Mathews Memorial; W. A. Carter, Liberty; W. L. Turley, Mt. Gilead; H. N. Travis, Salem; and C. C. Hayes, Mt. Sinai.

50 Methodist Leaders to Meet in D. C.

Clair, Jr., head of the St. Louis Area of the Central (Negro) Jurisdiction of The Methodist Church, since 1952, will be one of the fifty Methodist leaders—representing the church, labor and management—who meet in Washington, D.C., Dec. 16-17 to discuss Methodism's responsibility for ministry to industry.

The conference was called by Bishop G. Bjornly-Oxnam of Washington, chairman of the Methodist Commission on Chaplains, and Bishop Lloyd C. Wicke of Pittsburgh, Pa., chairman of the Board of Social and Economic Relations, the sponsoring agencies.

by a Jackson County Circuit Court jury which deliberated less than two hours. A 24-year-old attorney of Pascagoula, Gautier was placed on probation of five years in addition to his five-year suspended sentence. He did not take the stand in his own defense.

The crime was committed on April 27 and was hushed up for longer than a month. Mr. Evers made an investigation and learned that the 17-year-old high school student had been attacked by Gautier after she had left his home where she had been baby sitting. 150 Attend U.N. Rights Dinner Fri.

Nearly 150 persons from all over Iowa attended an inter-racial dinner meeting Friday evening at the Standard Club, 615 High Street, in honor of the Ninth annual United Nations Declaration of Human Rights. Principal speaker was Thomas Bartlett, U. N. advisor on social and economic affairs, replacing the scheduled speaker, Dr. Genoa Washington who was retained at the United Nations headquarters.

Local Incidents

A Rhodes scholar and native of Oregon, Bartlett, declared, "Little do we realize the impact of local incidents upon human relations. No other problem is so difficult or disconcerting, nor has caused as much embarrassment to the United States—as the development of human relations in this country."

Pointing specifically to Little Rock, he said, the integration upheaval in that Arkansas capital had done more damage to U. S. prestige than any other single incident.

U. S. Problems

"We are inclined to forget that most of the people in the world are colored," he reminded, "but nations are so willing to overlook caste in other countries and look with horror upon the race relations problems of the U. S."

He added, that President Eisenhower's prompt action prevented more serious damage to our country.

Panelists

Atty. James B. Morris Jr., member of a panel, gave a brief report on equal rights for Negroes in Iowa and pointing directly to Davenport's lack of eating facilities for Negroes asserted there, "is still much to be desired."

Another panelist, Donald Murphy, of Wallace Farmer publications, reported from a survey taken among white farmers in Iowa about Negroes.

Eleanor Roosevelt Sees Play, "Jamaica"

New York City.—Few noticed the stately woman sitting in an orchestra seat, softly applauding the new hit Broadway musical at the Imperial Theatre, "Jamaica" which stars Lena Horne. She was Mrs. Eleanor Roosevelt and as she commented later in her column, "My Day", "It is a pleasant play, light and amusing. The dancing is certainly excellent and some of the voices are beautiful. I think the proverbial tired businessman will find it delightfully enjoyable."

"In old days angelica root candied was used. It's gone out of fashion now. (Angelica grows all over the United States as well as Europe; has a peculiar flavor, and was, at least once believed to be a very valuable medicine, but used more, of late, merely for the agreeable flavor it imparts to other medicines. The root is of purplish color, and is to be sliced up and cooked in sugar, if candied as referred to above, the same as citron or lemon, etc., are done. King sets it down as 'aromatic, stimulant, carminative, diaphoretic, expectorant'—this often used in cough or lung medicine—diuretic and emenagogue. Used in flatulent colic and in heartburn."

Dear Reader—Just have patience. The author of this "recipe" gets back to the plum pudding after he has informed you fully about "Angelica Root." There are several species, or kinds of it, any of which may be used medicinally as a substitute for other kinds. Put that in—if you have it—not a big piece, and slice it

Extend Birthday Honors to Archie Day, 92, Oldest Member at Seventh Day Adventist

Sabbath, Nov. 16, which was the beginning of a week of prayer, was somewhat of a special day at the Philadelphia Seventh-Day Adventist Church, 1150 13th St., of which Elder R. L. Ryles is pastor. At the Sabbath School hour, Archie Day, the oldest member of the Sabbath School and Church, who was 92 years old, Nov. 13, was given a belated surprise Birthday Greeting. A large table covered with a white tablecloth was rolled from an adjoining room into the church laden with a delightful, showy white cake, a beautiful large basket of fruit, together with some of Mr. Day's favorite dishes. In the midst of this, another pretty basket was brought to the table and filled to the overflow by children and members of the Sabbath School.

Testimonials were given telling about his faithfulness to the Sabbath School and Church and inspiration and spiritual help received from his sincerity. Elder H. T. Sautter, Secretary-Treasurer and Press-Agent of the Central States

Conference, made a special trip from Kansas City, Mo., to attend this occasion.

With tear-filled eyes, Mr. Day, full of joy, in his remarks said that at that moment he could not find words to express his appreciation and thanks.

TEXAS FRITTERS AWAY
MONEY AND EFFORT

A special session of the Texas legislature has just adjourned. The session was called to pass a group of laws dealing with school integration.

Of course, the laws were passed, and to throw in for good measure, they appropriated 50 thousand dollars for use by the Attorney General in fighting school integration cases.

Poor fools! Why did not they use the money to help America build a Sputnik—first? No, they are prone to fiddle away money and time in an effort to stop integration, which is just as inevitable as the scientific progress America is bound to make in years to come.

MOB ACTION AGAINST
LAW AND ORDER

New York City is experiencing its most damaging transit strikes. It appears that it is a wild cat strike. (If this is a wild cat strike, what would a legal strike be?) Hundreds of thousands of daily riders have been put to their wits ends trying to get to and from work.

The union has made demands which it claims must be met in order to stop the strike. Included in them is a demand that the four union men be jailed for violating a court injunction be released.

Whatever the other demands, this is a most serious one for here is an attempt to void a court order by mob violence and intimidation. Surely this is dangerous business; this is in harmony with what happened in Little Rock last fall. It strikes at one of the most important constitutional provisions.

It will be interesting to watch what the New York City Court, the Mayor and Governor Harriman do. They cannot afford to honor such demands as these strike leaders are making.

EDUCATION FACILITIES
MUST BE STEPPED UP

Russia's scientific attainments have pinpointed the necessity of stepping up education in this country. Already, the Eisenhower administration is switching from its early education bill which was before Congress during the last two sessions to one directed more toward stepping up the sciences.

Under it, the federal government would help finance pay raises for science and mathematics teachers, assist in financing additional technical equipment and set up 20,000 scholarships a year for gifted students.

Recent studies indicate that America will require more facilities for higher education than prevails today; that the student population in colleges will double within a few years. States and school districts will be called upon to provide much larger sums than heretofore for education.

This puts Iowa in a rather awkward position in that already it is behind in capital improvements due to the action of Gov. Loeless last spring when it was more important to honor a campaign pledge than to provide facilities necessary to keep abreast of school improvement.

Sputnik has helped make an issue for the 1958 political campaign.

Chairman Named For
1958 United Campaign

Jonathan M. Fletcher, Executive Vice President of Home Federal Savings and Loan Ass'n, has been named General Chairman of the 1958 United Campaign of Greater Des Moines. The announcement was made today by William Z. Proctor, President of the United Community Services Board of Directors.

Fletcher, who has been prominent in Des Moines civic affairs, is currently on the Board of Directors of the Greater Des Moines Chamber of Commerce, Vice-President of the PMCA, a UCS member organization and Chairman of the City Planning and Zoning Commission. The United Campaign is the once a year fund raising drive for the newly formed United Community Services organization, which includes 47 health and welfare member organizations. UCS was formed this year by the consolidation of the Community Chest and the United Campaign. The 1958 drive will be held sometime in October with definite dates to be set later.

Christmas Toy Fund
Suffers With Fighters

Cleveland, Ohio.—Though fighters Isaac Logart of Cuba and Indian Ortega of Mexico will be in there pitching for the kiddies, the Christmas Toy Fund suffers this year and a big gate isn't expected. An annual event, the show usually is a big success. The blame was put on the city's current economic conditions, not the ability or drawing power of the fighters.

The bout is a 12 round welter-weight elimination in a series to groom a new champion. Logart is the betting choice.

Billy Bruton's Knee
Operation A Success

Milwaukee, Wis.—Billy Bruton of the World Champion Milwaukee Braves may play ball next season. An operation performed on an injured knee that kept him out of the lineup the last part of the season was called a success by Dr. Bruce Brewer, orthopedic specialist, last week.

In the announcement Dr. Brewer said that the knee is healing satisfactorily, and prescribed exercise to hasten recovery. He said there no longer is swelling and there is good motion. Bruton injured the knee at mid-season in a collision with teammate shortstop Felix Mantilla.

Tiger Jones Beat
In 10th at Garden

New York City.—Proving too many fans have dropped out of the habit of coming in person to see a fight—except if it happens to be a big championship bout—few fans showed to watch the Tiger Jones-Willie Vaughn bout here at the Garden. And just as well, for the match was far from exciting. An 8-5 favorite, Vaughn got the decision in 10 rounds but no official knock-downs sparked the interest.

The 2,500 crowd, which had paid \$6,000 or more to sit through an evening, agreed with the three officials, one of them Judge Frank Forbes, in the decision.

Newcombe Signs But
Takes "Token Cut"

Los Angeles, Cal.—Don Newcombe, last year's most valuable player in the National League and winner of the Cy Young award, has been signed by the Los Angeles Dodgers next year at a salary estimated at \$30,000.

His last seasons record of only 11 wins and 12 losses was partly responsible for his taking a "token" cut in signing. Despite his poor record when he won 27 and lost 7, he led both major leagues in 57 in control, issuing only 33 walks in 199 innings.

at \$5 a cap and brought him (Parks) half of the money except once.

Attorney on Stand

Under cross-examination Parks denied having made a statement in the attorney's office to the effect that Elliot had nothing to do with any of the narcotics charges. Elliot's attorney, Robert Ray, appointed by Judge Hicklin to defend Elliot then took the stand and testified that Parks had made the statement. "He (Elliot) had nothing to do with any of it."

During his first time on the stand Elliot denied also having been in trouble with the law before, but under cross-examination he admitted he had been arrested near Kirksville, Mo., for auto theft in 1953, and was picked up by Des Moines police in 1955 for not having a draft card with him.

Two Witnesses

Two other government witnesses, John C. Bell, Jr., 25 of 908 Fourteenth street and Calvin Coolidge Gilmore, 33, of 844 Ninth street testified Monday afternoon of making heroin purchases from Parks, Miss Chandler and Swanson during the year prior to the Sept. 27 raid.

Bell said he voluntarily "took the cure" in April and after that purchased only one or two heroin capsules a month. Gilmore and Bell both were arrested in the mass raid. Gilmore was indicted on a charge of selling heroin on one occasion. The grand jury returned a "No bill" against Bell, meaning there was not sufficient evidence to bring him to trial.

HEALTH FOR ALL

Your home may be your castle, but an enemy may be within its walls. This enemy may be the accident hazards that lurk to trip you up and disrupt your castle. Your city and county health departments suggest that home is where safety is needed, where it should truly be.

Eliminate kitchen accident breeders. They are enemies within your home. Your health departments urge you to eliminate these enemies by keeping that pot handle away from the edge of the stove so Jimmie won't grab it and get scalded. Poisons such as insecticides and household disinfectants are useful, but become enemies of the home in the hands of children. Keep them out of reach. Sharp knives for kitchen use provide ease for kitchen operations but are accident breeders when kept within reach of the curious child.

Eliminate living room accident breeders. Your health departments advise: When hanging pictures, use a sturdy stool and don't let that rickety chair throw you. You may like scatter rugs, if you do, they should be of non-slip material or they may scatter you. Faulty electrical outlets and cords may be responsible for burns, and falls. Don't be a fall guy.

SPORTS

BY ALLEN ASHBY

The football season isn't over yet but the basketball season's in full swing. Looks as if the two best teams in this part of the country will be Kansas with Wilt Chamberlain and Kansas State with Pat Boyer. Cincinnati has a high serving lad named Robertson and Bradley expects to be another top team and it has a couple of guys from Chicago.

The state should have a lot of talent. One feller said that he thinks Iowa would have a better team if so many of the players weren't Negroes. This guy argued that the players won't let too many Negroes on the floor at once. If we wanted to win we would find many chances if they used the right combinations.

Local

In our local high schools the lack of big players hurt all the local teams except Roosevelt. Tech and North have a lot of fellows but they aren't big. The Willie House league gets underway and again most of the better players are veterans.

Billiard

The annual pool tournament of all is being held at the pool hall. The thing will probably run a couple of weeks longer. Twenty players are out after the first prize of fifty dollars with Lee Banks and Delmar Baldridge leading anyone of a half dozen other top entries.

Boxing

Golden glove time will soon be here. Burton Bailey could make it to Chicago, they say. Mel Barber said he had a good chance of being sent to Chicago with the team.

Badger's Danny Lewis
Named Most Valuable

Madison, Wis.—The University of Wisconsin elected Danny Lewis free-running left halfback for the football team their most valuable player.

A native of Freehold, N. J., Lewis made a half dozen sensational runs for the Badgers this year, one for 68 yards against Marquette, another for 84 yards against West Virginia and a third for 80 yards against Purdue. He also made numerous dashes for 30 yards or more as he averaged better than seven yards per carry this season.

Lewis is the sixth Big Ten player thus far named most valuable by his team, and is eligible for a silver football award.

two other counts of sales against the three and the charge of conspiracy against Miss Chandler, on recommendation of U.S. District Attorney Roy Stephenson.

Parks, Swanson and Elliot face maximum prison terms of 20 years each on the sales count and another 20 years on the conspiracy count. Miss Chandler faces up to 20 years in prison on the sales count.

Sentence

Judge Hicklin said sentence would be imposed after a pre-sentence investigation by federal probation officers.

Trial for the remaining four defendants, Frank C. Brenkin, 35, Oliver Ford, 53, 762 1/2 Ninth; Clark James Yeager Jr., 32, of 1356 East Seventeenth street; and Gilmore are expected to start soon.

Sharp knives for kitchen use provide ease for kitchen operations but are accident breeders when kept within reach of the curious child.

Smoking

It takes a heap of living in a house to make it home, but that heap of living is a reality only if it's safe living. Your health departments suggest that you never carry a smoke-to-bed. Disconnect your electrical heating appliances immediately after use. Don't carry objects in such a way that they block your view. It may result in a blackout with decrease in your heap of living.

Maryland-Fla. A & M
In Orange Blossom
Classic in Miami, Sat.

Tallahassee, Fla.—In the nationally publicized Orange Blossom Classic, Maryland State college of Princess Anne will clash with Florida A & M in the annual Negro classic in the Orange Bowl in Miami, Saturday, Dec. 14. Maryland State has a 6-0-1 record and Florida A & M with two remaining games is undefeated for the season.

Wilt ('The Stilt') Nets
129 Points in 4 Games

Lawrence, Kan.—7 foot, Wilt, 'the Stilt' Chamberlain has gotten off to a good start in this current basketball season.

Chamberlain has scored 129 points for Kansas in four games this season for an average of about 32 points per game. Last Monday night he zipped in 40 points against Marquette (whom they walloped 82-62) to set a new Milwaukee Arena scoring record (The old record was 36 points set by Charles Tyrre of Louisville).

In the Kansas University opener against Oklahoma at Stillwater Wilt racked up 30 points.

MY HAPPINESS

They are my happiness, these simple things:
The precious moments, when, all nature sings,
When the spangled sunlight gleams
To gild with gold, my dreams,
And rainbow hues, so bright
That tint each lovely night;
Part of my happiness.

If I could only see, the fountain
Of my love;
The angel that is guarding me, from
up above,
And who smooths my way for me
Who sends this ecstasy,
Each blessed treasured day
I live to praise and pray;

Also the magazine dropped Tommy (Hurricane) Jackson in the heavyweight ranking from fifth to tenth place among the challengers as the result of the beating he took recently from Eddie Machen. Jackson is just about to lose face in the boxing profession.

Don Clark Reinjured;

Columbus, Ohio.—As Ohio State readies for its Rose Bowl tilt with Oregon New Year's Day, its hopes for victory is dimmed somewhat because of a reinjured groin muscle suffered by its star back Don Clark in a practice session last Friday. Clark was charging through left tackle in an offensive play when he fell to the ground in extreme pain. Clark first injured the groin muscle in a Nov. 9 game with Purdue and missed the Buckeye's final two games.

LITTLE WILLIE JOHN
at Billiken—Sat., Dec. 28th

Adds to my happiness.

Spring comes with fields of flowers
And I walk through the quiet hours,
In an unspoiled interlude
Of peaceful solitude;
Where mind and heart reveal,
The depth of faith and zeal;
Where lives my happiness.

To find one kindred soul, to whom
I could extol:
All these dreams, deep in my heart,
And who might then share a part
With me, cast into life's wild stream:
Just to rescue and redeem,
Help to heal and bless,
Increase my happiness.

I would shelter with each arm, pro-

tect from all alarm,
All those homeless, safe from harm,
And could share this peace and rest
That lives within my breast;
To teach the Living Word
All things that should be heard:
Could be my happiness.

And this prayer I send above, "just
let me share this love,
Direct me every way, all through
each day,
To the ones that I can free
May all in want find me,
Make me a faithful guide
Who brings them to Your side:
Complete my happiness.

Logart Now Closer to
Welterweight Title

Cleveland, Ohio.—Because of top-ranked welterweight contender Isaac Logart's unanimous decision over Gaspar Ortega of Mexico at the Cleveland Arena last Friday night, the 24-year old Cuban has moved up the line for the now-vacant welterweight crown.

The Logart-Ortega fight was the first of a series of elimination bouts for the 147-pound crown. The title was relinquished last summer by Carmen Basilio after he won the middleweight crown from Sugar Ray Robinson.

Logart said he is ready to fight anyone to gain the crown. Others in the six-man elimination tournament are Virgil Atkins of St. Louis, Vince Martinez of Patterson, N. J., Gil Turner of Philadelphia and George Barnes of Australia.
