Douglas Miller, 93, Passes

Served as Messenger
For 9 Iowa Governors

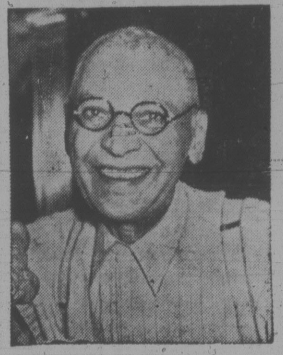

Word was received here Monday evening of the death of Douglass Miller, 96, messenger to nine Iowa governors who established a record as the oldest employee in state government history.

Mr. Miller, had been living with his son Dr. S. Douglas Miller, a dentist, in St. Louis, Mo., following his retirement from the Iowa payroll, a year ago last January. He had been ailing for several years.

He was born as a slave in Missouri in 1861 but during his early childhood was brought to Mt. Pleasant, Ia., where he grew up. Mr. Miller was head waiter in the old Kirkwood and Savery hotels here between 1882 and 1912 where, he first became acquainted with some of the governors he was later to serve under as messenger.

He saw initial service as messenger under the Gov. George W. Clarke and had known 19 of the 32 men who have served as governor of Iowa.

In addition Mr. Miller served under Governors William L. Harding, Nathan E. Kendall, George A. Wilson, Bourke B. Hickenlooper, W. S. Beardsley, Leo Elthon and Hoegh. Also, he was a personal friend of

these governors, John H. Gear, Bur-en, R. Sherman, William Larrabee, Horace Boies, Frank D. Jackson, Francis Drake, Leslie M. Shaw, Albert B. Cummins, Warren Garst, and B. F. Carroll.

Several years ago Mr. Miller received national recognition when Look magazine carried a picture and article applauding his long public career.

He retired when Gov. Leo Hoegh left office in Jan. 1957. At that time Mr. Hoegh paid him the tribute: "Douglas has become a tradition of this great state; he has been a most faithful and loyal public servant."

Funeral services were held Wednesday in St. Louis.

Waterloo NAACP
Head Denied Hotel
Room in Iowa

Council Bluffs, Ia. — Mrs. Anna Mae Weems, 31, president of the Waterloo NAACP, reported she was refused a room at Hotel Chieftian because she is a Negro.

The incident came to light when Dr. Gordon Lovejoy, who was speaking to a meeting of the local chapter of National Conference of Christians and Jews here Tuesday evening at Hotel Chieftian reported it as an illustration of "failures in human relations."

Mrs. Weems had come here to attend the conference along with 80 other persons.

Gordon M. Tiffany
Named Rights Chief

Thomasville, Ga. — Gordon Maclean Tiffany, 44, former attorney general for New Hampshire, was nominated by President Eisenhower last week as staff director of the new Federal Civil Rights Commission.

Selection of Tiffany under provisions of the law congress passed last August means the work of the new commission now can go ahead full steam.

L. R. School Board
Makes Second Request
For Integration Delay

Little Rock, Ark. — Ignoring the fact that its first request was overruled, the Little Rock School Board last week made a second request to the federal courts to suspend the 6-month old racial integration at Central High School.

The action came hard on the heels of the expulsion of Minnie Jean Brown, one of the nine Negro students.

As stated previously the requested suspension would be in effect until the "deliberate speed" in integration ordered by the U. S. Supreme Court "can be clearly defined."

Injured by Car

Lynetta Slaughter

A six year old school girl, Lynetta Slaughter was treated at Broadlawn General hospital for leg and hip injuries after she was struck by a car shortly after noon Tuesday.

Lynetta is the daughter of Mr. and Mrs. James Slaughter, 1323 School street.

Plan Counseling Aid
To Persons Displaced
By Freeway. Renewal

Local residents who will be directly affected by the proposed urban renewal project and the freeway will soon be able to get some of the answers to questions that have been plaguing their minds.

According to James Crump, chairman of the housing committee of the Greater Des Moines Chamber of Commerce, a centralized counseling service will be set up in "a month or so" to help those who will be displaced by the city's additions.

In addition to helping residents find housing in other parts of the city, the service will also help residents in deciding what they can afford and how they can finance their new homes.

Working with the committee will be the Des Moines Real Estate board in getting the counseling service underway.

Rights Commission
Gets Hospitals to
Hire on Merit

After several weeks of negotiations, one of the smaller local hospitals has agreed to employ on merit, without regard to race, color, religion or nationality. This conciliatory agreement was announced today by the Executive Secretary, Malcolm B. Higgins, of the Des Moines Commission on Human Rights and Job Discrimination.

Specific Allegations
The complaint was filed with the Commission charging the hospital with refusal to hire on the basis of race. After its initial investigation, the Commission found there was cause for crediting the allegations of the complaint and proceeded to resolve it by conciliation and persuasion. In the particular case in question, close examination of the overall practices of the hospital relating to admissions, professional staff, and employment at all levels, revealed discrimination was being practiced.

2 Negro Patients
It was also noted that during the last year only two Negro patients were admitted out of a total of 2,372 — both of whom were admitted by white doctors. There was no record of the number of Negro outpatients. Worthy of consideration, also, was the fact that the entire medical staff of doctors, nurses, interns, technicians is white. In fact, there are no Negro employees whatsoever in the immediate employ of the hospital proper.

White Citizens' Council Buys Ads in N. Y. Paper With Part of '\$2,000,000'

Sacramento, Calif. — Backed by a fund, reportedly in excess of \$2,000,000, certain southern state governments in alliance with White Citizens Councils have launched a vast propaganda campaign to woo northerners to segregation, Roy Wilkins, NAACP executive secretary, charged here tonight in an address prepared for delivery at a dinner meeting of the Association's Sacramento branch.

The NAACP leader cited as an example of this kind of propaganda a full-page advertisement published recently in a New York City daily and paid for by the Louisiana Joint Legislative Committee for the Preservation of Segregation. The advertisement sets forth what it calls "the position of the South on race relations."

Open Invitation
"This statement," Mr. Wilkins pointed out, "is basically an appeal to the North to join the South in defying the Supreme Court ruling which outlawed racial segregation in the public schools."

Further, he asserted, "in its declaration that if such segregation is practiced in the North, it will help that region adjust to a greatly increased Negro population by 1980, the advertisement is an open invitation to the North to defy the nation's highest court."

Citizens Council
State Senator W. M. Rainach, chairman of the Joint Legislative Committee, is also chairman of the Associated White Citizens Councils of Louisiana. Likewise, Representative

Who's Who in Iowa Herbert Cox, Waterloo Radio Disc Jockey, Got Job in 1954

By Mrs. Frances Hawthorne
(This is the second in a series of articles featuring Negro firsts, leaders, and outstanding personalities in Iowa who are excelling in civic, professional, business, religious, educational, and entertainment fields.)

Herbert Cox, Waterloo radio disc jockey has been with Radio Station KXEL since 1954 — and was cited by the mayor of the city last fall for outstanding work with the station.

His program "Ebony Hour" can be heard each Sunday from 6:05 to 7 p.m., 1540 on your dial, says Mr. Cox. Actually radio work is not his only call to fame. His varied background includes 18 years of continuous employment with the Rath Packing company where he still works five days a week.

He is a native of Fort Dodge, another Iowa city where he attended elementary and high school. When he finished that part of his education he took a job on the Illinois Central dining car department as a cook on the Panama Limited.

He left his birthplace and came to Waterloo in 1930 where he has lived ever since. His active participations in fraternal orders include a past officer in Elks Lodge; he's a 32nd degree Mason and a Shriner. Church work has been one of his activities also, he formerly served as an officer in the Methodist Episcopal church and once sang with the widely known Payne Memorial AME church choir.

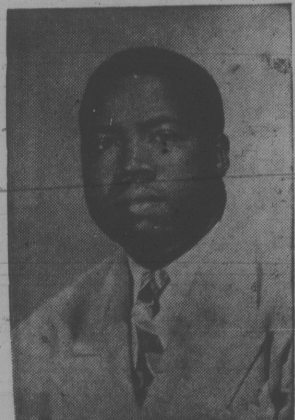

Mr. Cox, whose hobbies are swimming and traveling which he enjoys very much, is a bridegroom of a little over three months' standing. He was married to a Des Moines girl, the former Martha Lovenia DeVan, daughter of Mr. and Mrs. Homer DeVan, of 1336 East 19th Street in this city. The wedding ceremony was performed in Waterloo, last Nov. 2, 1957.

original terms.

Agreed Finally

The Superintendent of the hospital, after much persuasion on the part of the Commission, agreed to comply fully with all requests of the Commission, and the case is considered resolved. As is customary, however, the Commission will review the case at the end of a six month period, for the purpose of measuring the extent and effectiveness of compliance with the terms of the conciliatory agreement.

ANTI-BIAS W. COAST OFFICE OPENED

Los Angeles. — The President's Committee on Government Contracts this week carried its fight against discriminatory employment practices into one of the nation's most rapidly expanding areas of industrial employment when it opened a West Coast Regional Office in Los Angeles.

Wilder, Newport Beach Southern California civic leader, as Regional Director, was announced when the President's Committee held a series of meetings in Los Angeles on Feb. 19 with leaders of business, labor and social agencies and representatives of Government contracting agencies.

The office here is the second regional headquarters the Committee has established in its expanding program for the elimination of discrimination because of race, religion, color or national origin in work performed under Government contract, according to Vice President Richard Nixon, Chairman of the Committee. The first regional office was opened in Chicago in May, 1957.

tive John S. Gossett, a member of the committee, is a member of the White Citizens Council state board. "The clear picture is," the NAACP, spokesman declared, "that the White Citizens Councils, who are dedicated to the defiance of the Supreme Court, have blended themselves with the state government and, under that cloak, are launching a campaign to hold the Negro in subjection not only in the South, but in the North as well.

\$2,000,000 in Funds

"There is a report that the White Citizens Councils, working in partnership with certain southern state governments, have more than \$2,000,000 available to finance this campaign. We know that the Louisiana Legislature appropriated \$100,000 for the use of its Joint Committee. We know that the Mississippi Legislature appropriated \$250,000 for its State Sovereignty Commission, and that the legislatures in Florida, Arkansas, Alabama, Georgia and Virginia have made similar moves."

Key Club

the Working Man's club, 1515 Walker street, filed notice of appeal to district court, and was released on bond, following this sentencing by Municipal Judge Harry B. Grund.

Barker, who gave his address as 1408 Maple street, was found guilty of violating two provisions of the ordinance—first failure to register the club with police and second, operating the club after closing hours. He was sentenced to 10 days in jail for each offense or \$100 in fines.

In addition, Judge Grund sentenced Barker to serve 5 days in jail or pay a \$25 fine on a charge of operating a disorderly house. 11 other persons arrested in the club at the same time were fined \$10 each.

The twelve were arrested when police raided the establishment at 1:50 a. m. Feb. 15. During the trial proceedings police officers testified they found glasses and a number of bottles containing liquor.

Barker testified he was vice-president of the club, and he was unable to produce the "35 year old" charter because the "secretary had picked it up after serving a jail sentence."

Attorney for Barker was Henry T. McKnight.

Jiffy Coconut Ring

Turn breakfast into an event—serve hot Jiffy Coconut Ring with butter or margarine and marmalade.

In just about the time it takes to turn out a batch of rolled biscuits, you can also make this Jiffy Coconut Ring. Made from a biscuit dough, the simple coffee cake has the glamorizing touch of a luscious coconut, brown sugar and nut filling. Appealing also is the ring into which you shape the coffee cake.

Any good breakfast becomes better when it includes a nutritious hot bread such as Jiffy Coconut Ring. When you bake or buy products made with enriched flour, you gain a nutritional advantage of three B vitamins and food iron. Breads are just one part of a healthy breakfast. They fit right in with fruit or fruit juice, milk, eggs or meat, and enriched, restored or whole grain cereals.

Your baker's enriched breads are stand-bys for good breakfasting, too. Enriched white bread is almost indispensable for toast. Make a point to add occasional variety to the morning fare with raisin, cinnamon or whole wheat bread and with sweet rolls and coffee cakes.

JIFFY COCONUT RING

2 cups sifted enriched flour
1 tablespoon baking powder
1 teaspoon salt
1/2 cup sugar

Sift together flour, baking powder, salt and sugar. Cut or rub in shortening until mixture is crumbly. Combine egg and milk and add to flour mixture, stirring only enough to moisten flour. Turn out on lightly floured board or pastry cloth and knead gently 30 seconds. Roll out to rectangle 1/4 inch thick. Brush with melted butter or margarine and sprinkle with Coconut Filling. Roll up like jelly roll, sealing edge. Form into ring on lightly greased baking sheet. With scissors cut through ring almost to center, in slices about 1/4 inch thick. Turn adjoining slices of dough in opposite directions and stand on end. Bake in moderately hot oven (400 degrees Fahrenheit) 20 minutes.

Coconut Filling

2 tablespoons enriched butter crumbs
2 tablespoons melted butter or margarine
1/2 cup chopped shredded coconut
1/2 cup brown sugar
1/4 cup chopped nuts
Combine all ingredients and mix until well blended. Makes 1 coffee cake.

Mississippi Newsman Escaped in Casket From Southern Town

Chicago.—The story of a Negro editor who escaped North from Mississippi in a casket is told in the March 6th issue of JET Magazine.

The man, Arrington High, who had been declared "insane" for attacking segregation in his one page Jackson, Miss., newspaper, was committed to a mental institution, had the help of the Negro "underground."

White citizens in Mississippi and Alabama, although not necessarily integrationists, helped the Negroes effect the escape plan.

In his paper, High proved by statistics that more than one hundred Negro women in Jackson had illegitimate children by whites. He condemned many segregation practices in Jackson, and called for immediate school integration in Mississippi.

High told JET that his family is still in Jackson, and would return as soon as can get justice in the courts.

Youth Of The Week

(This is the second in a series featuring youth in the community and in Iowa who are setting a good example in wholesome living and achievements in their homes, schools, churches, sports and civic activities.)

Each week the Bystander will salute such a young person between the ages of 13 and 21. Last week's initial salute went to Eugene Wesley Brown, 18-year-old amateur boxer and Golden Glove participant and motorcycle enthusiast.

This week the Bystander is proud to salute Jean Maurice Johnson, 17 year old oratorical contestant who won first place at her school, East and tied for first place in the all-city-high school contest held at the American Legion Hall, last Wednesday, Feb. 19.

Jean gave a prepared ten minute talk on "The Living Constitution." She is majoring in the Clerical core at East and first became interested in public speaking through the direct influence of her high school teacher, Miss Thelma Whitford.

Jean hopes that the date could be changed from Fridays for local oratorical contests, so she may more opportunity to participate.

At East Jean participates in the Nurse's club, Latin Club, Booster Club and the Girl's Recreation association. Following her graduation in June she plans to become a lawyer and attended Drake to realize her goal.

Her outside interests have carried over into the fine arts, also; she participated in the Drake Music camp in 1955-56, studied seven years

She attended Phillips elementary school and Woodrow Wilson Junior High.

Jean is the daughter of Mr. and Mrs. John E. Johnson, 2407 Garfield Avenue. Her father is pastor of the Church of God and Saints of Christ, 928 12th Street. Jean is a choir leader and has assisted her father in sabbath teaching in his church. She has one brother, John E. Jr., 9 years old.

IN NATIONAL POLITICAL CIRCLES

DR. RALPH J. BUNCHE

New York. The first Negro to sit in the United States Senate since the Reconstruction era may become a reality if the Liberal political party leaders in New York have their way.

It's a well-known public fact plans are being laid to draft Dr. Ralph Bunche, under-secretary general of the United Nations. If they can persuade him to accept the nomination on a Democratic Liberal slate.

The "draft Bunche" movement, it is said will get under full formal steam at the Liberal party's policy committee meeting in March.

REP. POWELL

Rep. Powell

Representative Adam Clayton Powell, Jr., the controversial Congressman from New York's Harlem district, last week challenged the Democratic party to dump him in the coming congressional elections.

Commenting on the probabilities the Democrats may be planning to dump him because of his support of President Eisenhower in the 1956 election, Powell said the Democrats dare not drop him. "I dare them," he said. "If they back me for reelection, then there will not be a Democratic governor in Albany next year. I promise that."

Minnie Jean Brown Tells of Verbal and Physical Abuses

New York. Minnie Jean Brown, 16, who was expelled from Little Rock (Ark.) Central High School on Feb. 17 for retaliating to repeated harassments by white pupils, is entered the New Lincoln School here on Monday.

Miss Brown arrived in New York on Feb. 22, accompanied by her mother, Mrs. W. B. Brown.

On the day after her expulsion from the Little Rock school, Miss Brown accepted a \$1,050 scholarship to the New Lincoln School offered her by the school's founding director, Dr. John J. Brooks.

"Can't Sit By"

In offering the scholarship, Dr. Brooks declared: "Our kind of school just can't sit by and not make some sort of gesture in a case like this."

New Lincoln, a private school, was established in 1958 by faculty and alumni of the Horace Mann-Lincoln School. It maintains two buildings in Manhattan.

A Scarf Wardrobe from Leftovers!

HERE'S a timely fashion tip for the budgetwise from the Tintex Home Economics Bureau. At little cost, you can easily create your own vivid-colored wardrobe of scarves from white or pastel leftovers material—or from some inexpensive yard goods bought for the purpose. Just cut the fabric in to standard 18-inch or 21-inch squares, handroll the edges and you'll have finished scarves that need but quick trips to the tint-bath to give you an assortment in gay, smart colors.

Better select all-fabric dyes for

the tinting operations so that you can make the scarves from any kind of material—silk, rayon, acetate, nylon, cotton, chiffon, crepe or what-have-you. Your color choice is infinite since these dyes come in 54 colors and they can be mixed endlessly to produce new and different tones. The all-fabric dyes require no boiling. Hot tap water will do the trick, says the Tintex bureau.

And for extra economy and costume smartness, create a matching glove-scarf combination by dipping a pair of white cotton gloves into the same tint solution as the scarf.

Says Cliche-Bearing Citizens In North Give Tacit Support To South's Segregation Fight

By Mrs. Frances Hawthorne

"The trouble at Little Rock occurred because the Arkansas Governor who should have given wise leadership—offered instead—obstruction. Letting the small core of outsiders—the scatterbrain and rabble rousers—in the community dictate the actions," declared Carl T. Rowan, Minneapolis Tribune reporter, in an interview here Friday morning.

He continued quoting Lillian Smith, "Mobs come into action when demagogues talk too much and good people talk too little."

"The school board's announcement in Little Rock will only cause more trouble," he went on. "If they turn back now there'll be utter calamity, inviting others to follow their line of resistance."

Chamber of Commerce

In his speech before the Chamber of Commerce noon luncheon meeting for Brotherhood week, Rowan enlarged upon this train of thought.

"It is not the Faubuses, or Talmadges, or Eastlands who perpetuate segregation," he maintained, "but the responsible citizens who are spreading century-old clichés."

Cliches

"Southerners say to Negroes, 'You

tary now in Little Rock, charged that Miss Brown's expulsion for retaliating to "countless cruel provocations" at Little Rock Central High School was "a clear abandonment of justice and fair play."

The statement said school officials had Miss Brown's pledge that she "would never retaliate to verbal or physical harassment regardless of circumstance or degree."

Non-Retaliation

"This meant that Minnie Jean could not raise a voice or a hand in defense of her very life without jeopardizing her future at Central," the statement continued. "Yet those who contrived this agreement did nothing to deter her tormentors, who increased day by day. No normal youth could eternally endure this inequity. No fair-minded persons would impose it."

Assaulted 10 Times

A chronology of Miss Brown's experiences at Central High School, drawn up by Mr. Laws, relates how the girl was insulted or physically assaulted at least ten times during her five months as a student at the school.

According to the chronology, she was "roughed up," jeered, blocked from entering her classroom, kicked, threatened with violence, blocked from reaching her table in the school cafeteria, hit with a bowl of hot soup twice, called insulting names, and hit in the back with a rock.

No Whites Expelled

In retaliation, she spilled the contents of her cafeteria tray upon two tormentors and answered back to at least one pupil who abused her verbally.

No white student was expelled from Central High School. Four white boys were suspended for three days and another white boy suspended for an unannounced period of time.

ROWAN

have that damned Supreme Court behind you now but we'll win in the long run because northerners are too busy mouthing compromising clichés Rome wasn't built in a day; If you push too hard you'll set progress back 100 years; It takes time for every thing; I've got mine, you'll get yours later.

Moral Cowardice

"Many of us today are contributing to the tragedy of Little Rock in what I call the cult of coward-

dice in moderation," he contended. We are so busy looking for a middle ground—so ready to say 'you're legally and morally right, BUT...'

Shining Door

Rowan referred to Ralph McGill, in which the Atlanta Constitution editor wrote, "History of the next few years can be recorded as a shining door... for full and equal human and social rights, but only if responsible citizens meet present day challenges especially in housing."

Stubborn Walls

"You may say that you don't mind a Ralph Bunche living next door to you," he conjectured, "but even Ralph Bunche runs up against mighty stubborn walls when he tries to buy a house."

"Too many people are going around in fear that if we take on one step—we'll fall backwards," he said.

Justice

"No nation can retain its position unless the golden thread of exact and moral justice as referred to by the late Justice Black runs through it, he ended."

10 Year Tenure

Rowan who has been with the Minneapolis daily for nearly ten years has written many series of articles based on his travels in Asia, Africa, through the Southern United States, his visits to the United Nations and his tour through agricultural areas in southern Minnesota.

He was cited by Sigma Delta Chi, journalistic honorary society and was president of the Minneapolis Urban League, the youngest to do so in the nation.

SYMPATHY

With SYMPATHY, in time of need, How sweet becomes each word and deed.

When hearts are anguished, overwrought,

That precious unction can't be bought. When wounded souls are wont to bleed.

The spirit's like a broken reed... Those that heal and ease are brought.

Free-flowing, tender, loving thought. Expressed in words of sympathy...

From a heart that hears the unasked plea, And puts that grieving one to rest,

Upon a safe, and gentle breast... When the storms of grief do cease,

Help lead the way to constant peace; Just change the course to a quiet sea,

Where flows the springs of sympathy... —Glenn A. Gallagher

Virginian Named to Direct NAACP Registration Drive

New York.—Appointment of John M. Brooks of Richmond, Va., as NAACP registration director, was announced here today by Roy Wilkins, the Association's executive secretary.

Mr. Brooks comes to his new post from the Virginia State Conference of NAACP branches where he was employed as political action director and as an assistant to the executive secretary of the conference, W. A Room for Two Children

WHEN two youngsters occupy the same room, ordinarily they have little privacy. However, by using a bit of imagination and ingenuity, the fix-it-them-selves family can create a room that has two of everything, plus built-in privacy.

First, the room is divided by means of an end-wide divider desk and closets. This way, there'll be a separate study and clothes

storage area for each child. The separation of the space is completed by a sliding door.

Other features may include a radiator enclosure, fluorescent lighting, spacious drawers in the desks and an attractive soffit. Use of Masonite hardboards for the closet walls, desks, soffit and as underlayment for the flexible floor covering makes such a room improvement both economical and easy. A large variety of hardboards for these purposes are available at lumber yards.

Hardboards made by Masonite Corporation, the pioneer producer, are made by exploding clean wood chips in huge guns and then compressing the fibers into thin, strong panels under extreme heat and pressure. Being all wood, these panels may be worked and finished like wood.

For a free plan detailing how to create a youth room for two, write the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting plan No. AE-265.

DON'T BE A SLOUCH!

"That person is a slouch!" This is a statement sometimes heard and the person may be talking about you. Your city and county health department has this suggestion. Throw back your shoulders and hold your head high. Good posture just naturally makes a person feel better. Keep that body in balance at all times and avoid strain and fatigue. It's sensible matter to keep from being referred to as a slouch.

Marble-Pattern Bath

FOR a bathroom decor that is attractively different, walls may be covered with distinctive marble-pattern paneling of hardboard with baked-plastic finish. Marlite paneling offers a choice of five imported marble patterns.

in authentic reproductions that provide the beauty of the luxurious stone at a fraction of its cost. Large four-foot-wide panels cover walls more quickly than do conventional materials fabricated in small units. The paneling's smooth, hard baked surfaces, resistant to moisture and soiling, is easily wiped clean. It has a durable and serviceable base of Masonite tempered hardboard. Matching moldings are available for the panels, as are waterproof adhesive and joint-sealing compounds.

The paneling also is made in plain colors and wood grain patterns.

VIRUS AND APATHY

Virus that can cause disease may not make all people sick, even though they are exposed to it. Some people are more resistant. Your city and county health department says and be motivated to action?

that apathy about community conditions and virus work on people somewhat alike. All people are exposed to what is wrong. Some people are more resistant than others and do nothing about it. How about breaking down the virus of apathy and be motivated to action?

Personal Touch

MARIE
ROSS

When the temperature the last week of February hit the 60-degree mark, like it did in Kansas the early part of this week—one at least might feel safe in mentioning, without starting a blizzard—that spring, at least on the calendar is three weeks away.

Right now the shops are rushing with customers getting spring attire ready. Sewing machines in many homes are buzzing at top speed. Should you stop at the homes of Miss Layther Mease, 1017 Thirteenth Street, or across the street, at Beauty Operator Doraclva Mackey, 1022 Thirteenth street, or catch Mrs. Anna Mae Carter, 1180 Fourteenth street home—spring dresses will be taking shapes in many varieties and colors.

About this time of the year the milliners are busy, too, getting the spring bonnet, topper, chapeau designed and trimmed. In this group you might find Beauty Operator Bernice Carter, 911 Sixteenth street, fashioning a colorful bonnet. Mrs. Helen Wimberly, 1127 Eleventh street, decorating a cloche.

Mrs. Maxine Watkins, 960 Twenty-third street, who each year makes a number of hats—some, in millinery classes, was asked what was new in the hat-line for spring. She had this to say:

"Any shape hat will get you by this spring. Big brims, half-brims, no-brims and always flowers are the fashion. I have been too busy to attend hat school this semester. I have gone on the YWCA board for three years and I seem to be on my way to the Y more days than not."

Aside from her work with the YWCA and hatmaking—when she can get to it, Mrs. Watkins is busy each winter on various committees that sponsor the Foreign Student Week End in Des Moines.

Last March, more than 800 students representing ninety-some nationalities were guests in Des Moines. Mrs. Watkins generally works throughout the year with the students from India. She revealed that there are seven students at Drake University from India this year and about forty in the state.

"Dipah Shah who is a student at Ames will have a record released this month on the RCA label. Penny Thomas has been teaching the Wilco's sister (1104 Seventeenth street) several of her dances, and, they are doing a wonderful job. They were the hit of the show that the Iowa Board gave in the fall to raise funds to increase the budget," Mrs. Watkins informed.

Some birthdays to remember:

Al Edwards Newborn "Announces" Himself

hi there, mom and dad are too busy and too excited to write, so I thought I had better announce myself, father stork arrived at the lutheran hospital at 6:20 a.m. on Wednesday, February 12, 1958. Dr. Clyde Bradford weighed me in at 7 lbs. 5 1/2 oz and found me to be 21" tall. The stork didn't upset mom (henrietta), as she feels fine, that old stork must have hit dad (alfred) on the way out as he is still lost amid diapers and baby bottles. The hospital was running low on diapers so I moved home to 842 16th street, february 17th. as yet, I am unable to visit you so I'll have to ask you to visit me. if you can't make it real soon you can call me at AT 2-7270. oh incidentally maybe next week I'll be big enough to make capital letters.

Plan Your Cleaning Closet

from SMALL HOMES GUIDE

A closet engineered to fit your assortment of cleaning supplies and odds-and-ends will save you time, energy and temper. Properly planned, it need take up little space.

First, plan what you want to store in the closet: vacuum cleaner, pail, mops, brooms, ironing board, table linen, or whatever. Perhaps you will also want to use the closet for sports equipment such as fishing rods, golf clubs and guns.

Next, measure the tallest and widest item you want to store in the closet. Your vacuum cleaner will probably be the most awkward. That should fit in without

any skew-having. Above it you can place a shelf to hold cleaning equipment—cloths, newspapers, paper bags and dust bag filters for the cleaner.

Shelves of special shapes like the L, U and the half-shelf might be the answer to how best to use the space available. The U-shaped shelves shown above hold small items; the center leaves space for tall bottles. Vertical dividers nailed below the lower shelf will keep everything in its place.

An important point is plan to store what is most frequently used at finger-tip length with no reaching and no stretching.

Adequate ventilation at top and bottom is also a must, for safety reasons. Oily mops and rags can be dangerous otherwise.

Finish the interior of the closet with a grease and dustproof finish. Gloss or semigloss paint, linoleum or oil cloth fill the order.

NORTHERNER FALLS PREY TO LOOSE TALK

There are some northern people who, while visiting the South, feel called upon to blast efforts of those of the North to help attain equality for the Negro. Edgar Eisenhower, Seattle, Washington, lawyer and brother of President Eisenhower, falls into that class even though it called for criticism of the actions of his own.

Answering an inquiry by a reporter in Atlanta, Ga., where he was attending a convention of the American Bar Association committee, as to his opinion on sending federal troops to Little Rock, he stated that the President had been given some bad legal advice; that it was the job of the U. S. marshal to enforce federal court orders.

To a degree, legally, he was correct in that the primary responsibility rests there. But when conditions reach the point when the marshal can no longer protect life, the President must act to do so. Everybody knows that just such conditions existed in Little Rock.

Statistics show that America is a lawless nation as compared with many European nations. This can be traced, in part, to the failure or unwillingness of officials to enforce the law. And when law breakers find it easy to get away with one violation, it acts as a license to try another.

No, Attorney Eisenhower was far out on a limb in this instance and he contributes nothing to law and order when he indulges in such loose talk.

DES MOINES TRANSIT COMPANY DILEMMA

The Des Moines Transit Company continues to struggle under declining business and like most transportation facilities in other cities finds itself just about at the end of the rope.

Something drastic must be done to bring revenue more nearly in line with expenses. And to add to the difficulty, the street car unions are demanding an increase in wages.

Undoubtedly, the city can find a way to render some assistance. It appears that agreements have been made in the past which the company seems powerless to continue.

Railroads are groaning just as the Des Moines Transit Company as is evidenced by a most interesting article in the March issue of the Readers Digest written by Ben W. Heineman, Chairman, Chicago & North-Western Railway Company.

A portion of the article, which mentions Iowa, is quoted and is in line with troubles the Des Moines Transit Company is having. Mr. Heineman said:

"The North-Western Railroad runs fast passenger trains from Chicago to Minneapolis, a distance of just over 400 miles. We run them with six-man crews—two men in the engine crew and four in the train crew. We run the distance in about seven hours. In those seven hours we use three engine crews, and we must pay each approximately a full day's pay. One crew, running from Chicago to Milwaukee, get almost a full day's pay for 81 minutes of work!

"One of our finest freights is what we call our CC-7—Chicago to Omaha. On this run the distance from Clinton, Iowa, to Boone, Iowa, is 290 miles and ordinarily requires five hours and ten minutes. But, as a carryover from steam-engine days, 12.5 miles an hour is the basis for compensating freight crews, 100 miles thus being equivalent to a day. We therefore pay two days' pay for the 200-mile run which takes five hours and ten minutes. If we could run our crews through, we could sharply increase their take-home pay—perhaps even double it—and still make real economies."

It is doubtful that wages would be doubled, but a lot of money could be saved and efficiency of the company maintained.

There is information that there is lost motion in the local company which, if corrected, might help to relieve the pressure. At least every avenue should be explored for savings. And no one should be spared for sentiment's sake.

Of course, all economies cannot come from one side. The company has gone through more than one receivership and supposedly squeezed the water out of the stock. But financial problems remain.

The public generally continues to think of the company as a great corporation—and all big corporations are rich. But the fact remains: the Des Moines Transit Company is in great difficulty and as a quasi public servant deserves to be dealt with in the light of making it succeed.

SPORTS

BY ALLEN ASHBY

The Golden Gloves bouts slipped in and out of town without attracting too much attention in spite of furious attempts to whoop them up. The daily paper carried a pretty fair account of the doings of most of the boys in the meet and gave credit to several of the youngsters who will be heard from in the future.

Trophies

Fred Johnson of Waterloo, a middleweight, won the outstanding boxer trophy and Lawrence Boone won the sportsmanship award. Observers said Johnson came in and paced himself as if he intended to go the distance. In fact he acted so much like a pro the meet officials were sure he was one. But it turned out that he had done quite a bit of service boxing. Johnson set people to talking when he beat the tournament favorite Burton Bailey in his first bout. The guy passed up the Chicago meet because of a sore hand and his place was taken by Eugene Brown who lost in the finals of the middleweight division.

Future Prospects

Eddie Jackson was another guy who made the team but couldn't make the trip. But Eddie Anderson, a light heavy and Gerald Gaines, a heavy went along. The best prospects for future Golden Gloves bouts seem to be Brown, Larry Boone and Eddie Bruce. All these kids have ability and if they will only work at boxing during the next year will surely be heard from.

Team Trophy

Oh, yes, the Chili Kings won the team trophy after some weird counting. It seems that one year the Willie House had the big trophy nailed down but when the boys got through counting and switching bouts there weren't enough points to go around.

Well this year Mel Barber assembled a team that was the best in town and thought he had won the team trophy hands down. Well when the counters got through switching men after the bouts were over, Mel had lost.

Then they even left out some of his points that he had scored even by their rules. So Mel, like the Willie House, swears this is his last year of that. But maybe he'll change his mind.

WHERE'S THE FLORIDA SUNSHINE? DODGERS LOOK FOR HEATERS

Vero Beach, Fla. (CNS) Beginning their "winter practice" was no fun for the Dodgers, who're used to sunny Florida weather. They were met with a 38 degree coolness on their 10th anniversary of season openings. With no central heating system, thin walls and worst—no electric heaters to be found—the Dodgers huddled in the huge barracks-like camp which is a former naval air station.

Newsman from California, the new Dodger home, gave out slurs and joking remarks about the Florida weather—while manager Walter Alston sent his boys through warm-up for 2½ hours. Usually they work-out in morning air but due to the weather, it has been changed to afternoon when the sun is at its

HEALTH FOR ALL

ARE YOU POSITIVE?

"Snakes love music." Do you believe that? Are you positive? Really, snakes have no ears. Of course, you've seen pictures of Indian snake charmers making their snakes dance to the music of a pipe. But the snake merely feels the rhythm through his body. But many people will go right on believing that snakes can hear music. What do you believe? What you see? What you hear? What "everybody" says? This belief about snakes probably won't do you any harm. But some incorrect notions can harm you.

Out-of-Date

Here's one you may have heard. "TB isn't a problem any more. I hear they've just closed a TB hospital." Do you believe that? Are you positive?

Did you ask about that hospital that closed? Probably it was one of those old-fashioned sanatoriums, in the mountains, left over from the

days when it was believed that people had to have some special air or climate to get over tuberculosis. People with TB no longer have to go far away from family and friends to get well. With modern treatment more and more people are cured, and cured faster. So every hospital bed for TB serves more patients.

Permanent Dosage

It's still no picnic to have TB. Treatment and convalescence take a long time. Often there's permanent damage that changes a whole way of life. And people do die of TB—about 15,000 a year. TB is a problem all right, it can be solved—with your cooperation. You can be positive about that.

Ask you TB association about the new educational cartoon film, "Are You Positive?" Showings can be arranged for community groups.

FOUR NEGROES AMONG GOLDEN GLOVES CHAMPIONS

Four Negroes were among the eight boxing champions crowned last week in the Annual Central Iowa Golden Glove Meet at KRNT Theater. The winners represented Des Moines (2), Waterloo and Council Bluffs. Two of the winners represented Central Iowa in the Chicago Tournament of Champions held this week at Chicago.

Eddie Jackson of Des Moines is the 135-pound king, Gerald Gaines, also of Des Moines is the heavyweight champion, the 160-pound victor is Fred Johnson of Waterloo and Council Bluffs' Eddie Anderson holds the 175-pound belt.

Fred Johnson

Fred Johnson won dual honors in the meet. He decided tough, hard hitting Eugene Brown in an interesting duel for the victory and also was awarded the outstanding open boxer trophy.

Johnson scored with a good punch in the first round that sent Brown to the canvas but Johnson fought a defensive, cautious battle the next two rounds. Brown was out to vindicate himself and went after a one-punch knockout. Brown was very impressive in his try for the title.

Only One Tested

Johnson was the only champion tested in the elimination tournament. Jackson, Anderson and Gaines were uncontested.

Eddie Jackson, 135-pounder, did not make the trip to the Chicago events and Eugene Brown substituted for 160-pound champion Fred Johnson who hurt his hand and decided to stay home.

In Chicago

At Chicago Tuesday night all Central Iowa champions were eliminated in the quarter finals but made impressive showings. For instance,

Eddie Anderson, 175-pounder body-punching expert gained a 53 second knockout over Joe Martin of Lafayette, La., then returned to lose to Steve Applebury of Cincinnati, Ohio in a closely fought contest. Anderson is a student at Omaha University.

Gerald Gaines

Heavyweight Gerald Gaines of Des Moines also made a good defense. He was beaten by Carl McClure of Fort Worth, Texas. Gaines held his own in the first two rounds, but faded in the third. Gaines was defeated in a close decision.

Eugene Brown

Eugene Brown, 160-pound replacement for Johnson who hurt his hand lost to Duane Horsman, a 21-year old construction worker from Minneapolis, after winning in the first rounds of the Chicago Tournament by default. A tough, hard-fought battle all the way, a less courageous boxer than Brown would have been knocked out. Horsman fired a volley of rights and lefts at Brown's tough chin but could not stop the game Des Moines boxer. Both fighters were arm weary in the last round as they slugged it out toe to toe. HALLS OF WISDOM

In the marble halls of wisdom—Scribed with gems the ancients wrought.
Hallowed echoes of their voices, Live where sages talked and thought...
Euclid, Socrates and Cicero, And countless others had their say...
Walked among these massive pillars; The poets, teachers of their day...
Centuries have carved their markings— Storms and earthquakes took their toll,
Just an open shell is standing— Yet one feels its mighty soul.

Shades of great minds of the ages, Each who gave some precious lore— Left a part of valiant spirit, That will cling—forevermore...
Some will gaze upon this wreckage— That still stands—autere, alone, And will scoff and call it rubble— Just a broken pile of stone...
For these who cannot feel, have pity, They'll always play the dulleards' part; Never shall they know the grand— due—
Visioned in a dreaming heart...

L. A. Dodgers Sell Amoros to Farm Club

Los Angeles.—The Los Angeles Dodgers are shipping Sandy Amoros, 26-year-old left-hander from Havana, Cuba, back to their Montreal farm club in an outright sale.

The surprise move was disclosed yesterday. The Dodgers got waivers from the other National League clubs to where he played for a year and one-half before going to the Dodgers in 1954.

Amoros, a left, batted .277 last year. He was one of three Dodgers unsigned for the 1958 season. Whether this had any bearing on his sale was not revealed.

like a dog until 65, then start playing, you may never play. You can't some morning suddenly at eight o'clock, retire and change all your habits after you have had your nose to the grindstone all your life. How about a hobby?

For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind.—(I Timothy 1:7)

When we come to realize that our fears and anxieties cannot come from God but only from our lack of trust in Him and love of Him—that naught but good and power for good come from Him—then we will find His presence through Christ Jesus; and glory in new-found joy and strength.

I will lift up mine eyes unto the hills, from whence cometh my help... My help cometh from the Lord, which made heaven and earth.—(Psalm 121:1, 2)

What a glorious, uplifting feeling it is to look out upon another new day and realize that Almighty God, who made the shining sun to rise and stay true on its course, also is Our Father—merciful, loving each of us, His children, ever willing to forgive us our sins, to help and sustain us.
