At an informal meeting in the home of Mrs. William W. Parker, 916 Beech street, a serious problem was presented by Mrs. Clara Hinde, local probation officer, last week.

Mrs. Hinde reported that there are now 40 children in the Annie Wittenmeyer home in Davenport, some of whom have been there since birth. She said the state, concerned that some are forced to stay over a year, has devised a new plan whereby these children can be placed in foster homes and reared by foster parents. The state will take care of all clothing, medical expenses and pay the couple for the care of the children.

Mrs. Hinde further explained that foster parents do not have to meet the restrictions set up for adoptive parents, there is no set age or economic standard. Some foster parents are 60 years or older.

The main requirements of foster clean home life, interest in the welfare of the child and good home training. Foster parents can choose the child that they wish and will be given the complete history of the child, she said.

Ten women attended the meeting at the Parker home and will aid Mrs. Hinde in the enlistment of foster parents. Any person or persons, interested in becoming a foster parent may call Mrs. Parker or Mrs. Marjorie Alexander, 830 Willow street, who are co-chairmen for the effort, and co-hostesses at the meeting.

'Clean' Letter Warns Wilkins to ... 'Beware'

New York—A warning to "behave and beware" has been sent to Roy Wilkins, NAACP executive secretary, by a white Virginian in Charlottesville who conveniently omitted signing his real name.

Wilkins and the NAACP receive hundreds of letters, postcards, clippings and drawings each year from white Southerners and Northern sympathizers with the Southern viewpoint. Whenever a crime is reported as having been committed by a Negro, the NAACP office receives a shower of mail telling it that Negroes will never receive their rights until they become "civilized."

Name Calling

Usually the messages are made up of name-calling and profanity, sometimes of obscenities. Some people sign their names and addresses and others do not. The amusing one from Charlottesville was "clean" and was handprinted in capital letters as follows: BIG BOY, YOU JUST DON'T KNOW NOTHING! YET—THE FU FLUX PLAN HAS BEEN BORN: 'BE BOLD—BE BOLD—AND EVERMORE BE BOLD—BUT NOT TOO BOLD' BEHAVE BEWARE. B. L. ZEBUB.

GETTING OFF THE "MERRY-GO-ROUND"

Recently a pretty, popular and active high school senior was describing her extracurricular activities to a parent group. The parents were impressed by her vivacity and by the variety of activities she engaged in. After the meeting, as I was chatting with her, I wondered aloud where she found energy enough to do all the things she did. Her answer surprised me. "I haven't any choice," she said, "I feel as though I'm on a merry-go-round and I can't get off. I wish I weren't so busy, but I don't know how to stop."

Assume We Must

Perhaps one of the problems that leads to this difficulty is that we can't always take time to decide what we want to do, and balance these things against what we honestly must do. Many of the things we must do are tiresome and boring—but perhaps we sometimes think we must do a thing when actually we don't have to at all.

The high school senior was a little surprised when I asked her why she must do all the things she did. Finally she said that she didn't really have to do them all—sometimes it was easier to do them than to explain why she would not do them. Perhaps many of us are a little like her; we assume that we

must, when actually we could refuse.

Making Choices

We help our children learn to make choices by giving them very few alternatives at first, and gradually increasing the number of things to select from. We might be able to change our own methods of selecting which things to do, too, if we first recognized that we do have a choice about some things. Then, we might ask of each alternative what would really happen if we turned it down.

If we did this thoughtfully, we might be able to select more carefully the things we really do want to do, and reject some of the things we don't have to do. We can't get off the merry-go-round either, but perhaps we can slow it down a little.

Mrs. M. L. Wells Motored to Ohio

Mrs. M. L. Wells of 1205 15th street place motored to Columbus, Ohio accompanied by her sister, Mrs. C. C. Johnson, sr., of 1176 13th street.

When they returned they brought Mrs. Wells' two grandchildren—Buzzie and Les back to spend the summer vacation. While in Columbus they visited Mrs. Wells' daughter, Marjorie Hale, who is a patient at Veterans' hospital there.

Enroute home the ladies stopped in Chicago, Ill., where they visited Mrs. Wells' daughter, Mollidelle Bozeman and family. Mrs. Johnson also visited her daughter.

ANGEL WEDGES

A pretty and easy warm weather dessert to serve family and guests is a combination of angel cake wedges and orange ice. Using a packaged angel food from your grocer's ready-to-eat cake department, slice the number of wedges you need with a sharp knife.

Hampton Board Accepts Dr. Moron's Resignation

Hampton, Va.—Board of Trustees chairman of Hampton Institute, Arthur Howe, Jr., announced recently that Dr. Alonzo G. Moron, eighth president of the 91-year-old Virginia college, had been relieved of his duties, "at his own insistence," effective June 30.

Acting Head

Howe, who is director of admissions at Yale University, explained that the decision was reached "following the board's refusal to accept the president's resignation, tendered March 31."

Howe said that Dr. William H. Martin, dean of faculty at Hampton, "has been appointed acting president, effective July 1, and 'steps' are being taken to establish a committee for the naming of a permanent replacement for Dr. Moron."

Genevieve Answers Beauty Questions

by Genevieve Young

Q Is there any way to avoid skin blemishes on my face?

A Blemishes are usually caused by faulty diet, skin not cleansed well or an emotional condition. For minor blemish problems, reduce the starches, fats and carbohydrates in your diet, and always cleanse your face of all make-up before sleeping. To assure thorough cleansing, first splash your face with very warm water to open the pores. Use your fingertips, working in a circular motion, to apply a facial soap containing cleansing cream. After rinsing away soap, use cold water to splash your face, which closes the pores. Pat it dry with a soft towel. For a cool, soothing finish apply an astringent lotion.

Q What determines the tightness of curl in my hair?

A A loose, casual curl can be achieved with large wire type rollers. Clips, bobby pins and tiny rollers will give a tighter curl. After deciding on a hair style, select the type of curlers for each area that will give the desired effect. I recommend the use of a permanent-type hair straightener to control hair that is unruly or too tightly curled.

Miss Mease Booker, 1959 winner of the national Golden Girl contest, displays her "Goldie", the golden symbolic statuette awarded to the girl selected to personify the finest qualities in charm, beauty, and graciousness by Royal Crown Hair Dressing and Beauty Products.

Q How does a girl get to be a model?

A Many have asked for information on becoming a model. It takes hard-work and rigid self-control to be successful in this exacting field. Watch for my next column for more specific details.

Miss Young will answer your letters on "Beauty Problems." Be sure to enclose a stamped, self-addressed envelope, and send to Miss Genevieve Young, R. C. Beauty Institute, P. O. Box 2841, Memphis 2, Tenn.

Hello everyone! We are back after a wonderful vacation in and around Houston, Tex., and the neighboring state of Louisiana. It was one of the most enjoyable vacations our family has taken. The weather was nice, not too hot; in fact, it didn't hit the 90 degree mark while we were in Houston. Heard all about the heat and rains back here while we were gone and must say we weren't sorry we missed them at all.

We would like to express our especially appreciation to the By-stander staff for making it possible for us to take a brief leave of absence. Much of the news and feature material we were able to compile before we left but naturally with a newspaper, you can not get it all a week ahead of time.

There also were our neighbors Mr. and Mrs. Alvin Simmons of 1227 10th street. They watched after the house, aired it out from time to time, cut the grass, let fire inspectors in, brought in telephone directories and other house to house advertisements, and did other things in general. Their three children, Dawn, Lynelle and Puggie boarded our children's newly acquired kitten. Smokey and kept it safe and sound until our return.

Other neighbors volunteering to keep a look out and board our potted house plants were Mr. and Mrs. C. J. Beers of 1216 10th street. All in all things went very well, which made for an enjoyable vacation free from worry and wonderings.

Before we entrained for Houston, Miss Charlene Wharton, Willie House director and one of our good news sources, had told us she would probably see us before we left. Knowing how busy she was with the record number of day campers, polio clinic, etc., we told her it would be alright and that we would see her when we got back.

About 15 minutes before departure time, who should walk in loaded down with parcels but Miss Wharton. There were a large box of choice cookies and candies for the children, a fan and gift wrapped present for yours truly, which we were warned not to open until we were on the train. We did and found it to be a complete leatherette travel writing kit. We wrote her a card but like all the others, we delayed mailing it, and must confess believe we arrived before it did.

Mrs. Joseph Wimberly had asked us to pass on greetings from her and her husband if we should see Quinten Mease at the South Central YMCA branch in Houston. Before we left we stopped by the center and had a nice visit with Mr. Mease who recalled many of his friends and relatives here in Des Moines. In fact he had one of the booklets, on the history of the Crocker YMCA, which he formerly served as executive-director, on his spacious desk.

He took us on a tour of the building which is complete with all equipment, and facilities, and is the newest and naturally most modern branch in Houston. A particular feature was the huge boiler room heating plant and swimming pool pipes. All was painted in dazzling white and trimmed in red. There was no clutter, no dirt; everything was spic and span. To us that was somewhat unusual because usually no matter how clean and efficient a building may be on the top floors, when you go to the basement or engineering plant, there is usually evidence of "anything goes."

We also made a tour of the Houston Informer, leading Negro Newspaper which publishes twice a week and has a circulation of 32,000. During our visit with the publisher, Mr. Carter G. Wesley, former lawyer, he disclosed that the present circulation is way down and normally they run close to 40,000, and most of that is based on newsstand sales.

Mr. Wesley said he used to be in Des Moines back during World War II. However, he could not recall any of the names of persons, (now deceased) that we could name from memory of the By-stander files.

Another family who had been in Des Moines more recent is the Bro. and Sis. Derrick and family. He is pastor of the newly-built airconditioned Stonewall Church of Christ in Houston now, where we worshipped while there. Bro. Derrick did not live in Des Moines but while ministering in Omaha, Nebr., used to make trips to this city.

While in Texas we made a trip to Galveston (island city) waded in the surf after a ferry ride across the bay, looked unsuccessfully for seashells while the male members of the family caught huge blue, orange and yellow multicolored crabs. Our oldest son had the thrill of his life when he caught a big Buffalo fish, and had to have help landing it in Abbeville, La. We didn't measure it but a veteran fishing uncle estimated it to be around 12 inches.

Down in Texas and Louisiana, fig trees grow like peach and apple trees up here, and you can go out and gather fresh figs from the trees, peel them and eat them with cream and no sugar if desired, which many of them do for breakfast. Banana trees, lime and grapefruit trees were also plentiful in back yards. And of course that is the country for pecan trees which grow as tall as our elm trees here.

Hawthornes Return From 10-Day Visit in Texas, Louisiana

Mr. and Mrs. Peter Hawthorne Jr., and children, Victor, Vance and Venita, returned to the city Sunday afternoon from a 10-day vacation in Houston, Tex., where they were the house guests of Mr. Hawthorne's parents, Mr. and Mrs. Peter Hawthorne Sr. and daughter, Rose Marie.

Motor Side Trip

During their stay there they motored to Simonton, Tex., to visit his grandmother, Mrs. Martha Williams. They also made a trip to Abbeville, La., to visit another of Mr. Hawthorne's grandmother, Mrs. Martha Henderson and other relatives. While there went on a fishing trip and were guests for dessert in the home of an uncle and his family, Mr. and Mrs. James Hawthorne.

Before going to Louisiana, the Hawthornes Jr. were taken crabbing by his father (who took them on all of the motor trips) to Baytown, La. Porte and Galveston, Tex.

Courtesies

Among the courtesies extended the Des Moines visitors during their visit in Houston was a trip to the Herman Park zoo by an aunt, Mrs. Mable Williams, and a watermelon party by another aunt, Miss Vina Lee Warren. They also were dinner guests of a sister, Mrs. Martha Ve Clark and children and dessert guests in the home of another sister, and her family, Mr. and Mrs. Nolan Alexander and children.

Other Relatives

They also visited in the homes of two other sisters and their families, Mr. and Mrs. Billy Kellogg and children and Mr. and Mrs. Joseph Fritz and children. A visit was also made in the home of an uncle, Mr. and Mrs. John Hawthorne.

A day after the Hawthornes Jr. arrived in Houston another sister, Mrs. Alvin Simmons whom they had not seen for eight years, arrived from Cleveland, Ohio with her two children, Craig and Shirley. While in Houston the Mr. and Mrs. Hawthorne, Jr., and family worshipped at the new, air conditioned Stonewall Church of Christ and at Settigast Church of Christ.

Newspaper, YMCA

Before leaving for Des Moines they were taken on a tour of the city and downtown district, which included a tour of the Houston Informer, leading Negro newspaper there and a talk with its publisher, Mr. Carter G. Wesley and also of the South Central Branch of the YMCA of which Mr. Quinten Mease, former Des Moines resident, is executive director.

Polio Funds Depleted; Plan Emergency Drive

The Polk County Chapter of the National Polio Foundation has announced that its treasury is empty, creating a critical polio emergency which threatens continued assistance to a number of long-term polio patients, as well as new patients.

To meet the present emergency, Polk County's Executive Secretary, John P. Dolan, has appointed Bud Flood as chairman of the Emergency Appeal for the new Polk County March of Dimes. A special two-week drive for urgently-needed additional funds will be held from August 1 to 16, according to Dolan.

Costly Process

"Rehabilitation from polio is a long and costly process, but it pays off its investment to the community when the individual becomes a useful member of society," Flood said. "All funds collected during the two-week Emergency Appeal will be used only in Polk County," Flood said.

At the same time, the chapter chairman urged that all persons who have not received their three Salk shots start the series immediately. "In our county, we have tragic proof that rehabilitation from an attack of polio can be long and costly," he said. "Spare yourself and your

HALF CENTURY OF DEDICATED SERVICE

The NAACP will celebrate its 50th anniversary in New York City next week. Undoubtedly, this will be a momentous occasion for the organization has done a tremendous job for the cause of human rights during the last half century.

The moving force behind the organization was the rise of race discrimination and segregation in the North capped, that year, by lynchings outside the South.

Starting without financial backing, but a burning desire to get something done for a cause, the founders gave of their time and money to get the program in gear.

Fortunately, this was a diversified group with sound judgment and a thorough knowledge of good organization.

This organization realized early that with the 14th Amendment a part of the constitution is a basis of operation, it's best attack would be through the courts. They further realized that congress did not have the courage to pass laws implementing the amendment as provided in the law—another reason to lean on the courts. The successful decisions from the courts which knocked out one piece of discriminatory law after another and established full civil rights for all citizens have justified their planning.

So successful has been the program that disgruntled groups have tried to pin all sorts of unsavory things upon its record. They try to frighten the weak vacillating mind that communists influence dominated much of the organization's activities. It is a desperation move by those who have tried, without success, to undermine the value of the organization.

Of course, all this is not surprising. But the association moves on like the proverbial snowball to the point where it raised over a million dollars last year, obtained over three hundred thousand members and has over 25 hundred branches.

The NAACP has the support of most, intelligent people in America for no man who believes in the principles for which this country stands can do otherwise.

The organization has won its niche in the affairs of this country during its 50 years of operation. Greater things will come as this intelligent work continues.

CIVIC ORGANIZATION NEEDED IN DES MOINES

During the recent city campaign, Negroes took little part. Not that they are satisfied with what goes on at the city hall under the present system but they were not convinced about what would happen under the alderman form—a different one.

Under the council-manager system of government, it is difficult for the average fellow to get very much done. Generally speaking, candidates are picked by a group which pays the campaign expense and thus the fellow who pays the fiddler dominates the dancing.

And this in spite of the selection of an occasional Negro to serve on the committees. They have not had enough influence to get any thing done.

Since the advent of the manager-council form of government, Negroes have gotten little, in spite of the fact that injustices have been called to the attention of those in charge.

Two members of the council are to be elected this fall. We have had no organization geared to champion our cause. This is not the best way to get things done.

The Bystander would welcome some written suggestions in its columns from interested citizens looking toward a program to remedy our complaints.

THERE'S A CHOICE

Writing in the Des Moines Register, James Free, states that labor-AFL-CIO plans to back Gov. Faubus if he runs for the Senate against Senator McClelland. They state that both have antagonistic views against integration so the campaign would be fought on other issues. Labor says Faubus has signed bills favorable to labor.

On the other hand, they state that McClelland, as chairman of the senate racketeers committee, has gone too far in that all labor has been charged with what a few racketeers do.

If this be true, it is unfortunate that labor takes such a view. Granting all they say, Faubus stands as a symbol of the segregationists—and a kind of hero. Should he be elected, they would count it a tacit approval of his opposition to the school integration.

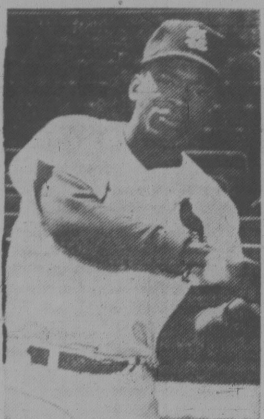

Generally speaking, a candidate who is anti-Negro is anti-labor. And even though, in a few isolated instances, Faubus has given labor a crumb from the table, he does not

deserve support even against Senator McClelland.

Cardinal's Bill White Is Season Sensation

By Roscoe L. McCrary

St. Louis—It was a shocked St. Louis that noted one morning back in the thirties that the Cardinals had traded off the mighty "Rajah" in the form of Rogers Hornsby for

BILL WHITE

a newcomer named Frankie Frisch. It was not long during the next season, however, that the Fordham Flash made the fans forget, for the moment, the brilliant record of Hornsby.

The pangs that hit this city last spring were similar when the Redbirds gave up their pitching ace, Sad Sam Jones, and Don Chouteau to the Giants for Ray Jablonski and a first baseman called Bill White.

Real Deal

When the middle of June rolled around, Bill White's terrific fielding and tremendous hitting power had caused the most avid Jones fan to admit the Cardinals got a real deal. White, as late as June 22, was hitting a healthy .360 and snagging balls in the outfield to do credit to any uniform. During the Cardinals recent home stand, the tall agile player became the real pride of the fans with 6 homers and 73 hits in 203 times at bat.

Married Man

White is married and the father of two girls. Because his schooling was interrupted, he plans to complete his college work during the winter season. He is one of four Negroes on the Redbird roster, the results of a pattern adopted by the team's owners, Anheuser-Busch, Inc., from the beginning. Others, who are stars in their own rights, include George Crowe, infielder and pinch hitter; Curt Flood, star centerfielder and defense man, Marshall Bridges and Dick Ricketts, pitchers.

The kind of performances that White has been turning out is not only making a real name for himself, but it is also winning additional support for the team. For instance, a rabid St. Louis Dodger fan, since Jackie Robinson's era, said one day last week: "With White hitting that ball like he is and with guys like Bridges, Flood and all, I'm fast coming back to the Cardinals."

VIC POWER IS HAPPY IN CLEVELAND

New York, N. Y.—The Indians' flashy first baseman, Vic Power, stated today that he is much happier in Cleveland than he had been in Kansas City.

"This is the first time I feel I am in the big leagues," Power said in the current issue of SPORT MAGAZINE. "This is a big league club all the way. In Kansas City, they never made me feel that way."

Power had experienced some embarrassing incidents in Kansas City in which he and his light-skinned Puerto Rican wife were stopped by the police and questioned in "routine investigations."

More Comfortable

He admittedly feels more comfortable in Cleveland with its large Negro population. "Where I come from, white, black all the same. We are Puerto Ricans. If I go out with white people, it is considered a natural thing."

In cosmopolitan Cleveland, it goes relatively unnoticed, but in Southern Kansas City, tongues wagged whenever he was seen in the company of white friends.

"Everything is so different here," Power told SPORT. "Even in spring training I stay with the boys in the same hotel. I get good service. I eat with the boys. I go to the movies just like everybody else."

Outcast

In contrast, the magazine stated that Power felt like an "outcast" in

HEALTH FOR ALL

Unspoiled Summer Days

Picnics and barbecues are fun, but bellyaches aren't. The long hot summer is a time for rest and renewal. It's not a time for cramps, nausea, or diarrhea. But you probably have more, upset stomachs in summer than at any other time.

For one reason, people eat more informally in the summer. Too often, that means eating irregularly, eating "a lot of junk," swallowing gobs of iced drinks and frozen custards, and skipping cooked meals altogether. Then too, in this day of refrigerators and home freezers we're prone to forget that food still spoils, especially in hot weather and especially certain kinds of food.

Particular Caution

Mayonnaise, milk and milk products, pastries made with custard or cream fillings, cold cuts like ham and liverwurst and various luncheon loaves, chopped meat, fish—these are all highly perishable and demand particular caution.

Cases of food poisoning occur even where food is prepared under professional supervision, so it can hap-

pen when mom's in the kitchen, too. The cases that get into the newspapers are those where large groups are stricken all at once, after eating tuna fish or cream puffs or some such perishable food that was, no doubt, prepared in advance and left standing around before being served. It doesn't take much time for such food to spoil on a hot day.

Perishables

Just remember to keep perishable foods refrigerated, use frozen foods soon after thawing, and serve only food that is fresh and unspoiled. A salad may be made ahead of time, but it should be kept in the refrigerator, and the mayonnaise—always refrigerated—should be stirred in just before eating time.

Since germs cause spoilage, dirty fingers, open cuts, a boil on a food handler, and so on, can increase the risks. Where you are not sure care has been exercised, avoid certain foods altogether. Don't let spoiled food spoil summer fun!

to exist between players of different races around here. Oh, they were polite enough but just didn't try to create any appearances of over-friendliness.

New everyone knows everyone else and except for a few of the older players, when tennis players get together they are just tennis players; regardless of race or color.

Mrs. Myers

Mrs. Myers got to the semi-finals in the women's singles and Everett Mays and Louis Miles were shot down in the first round of the Men's singles. We saw a couple of hard working kids the other day, Guy Bell and Tony Holmes. They are starting in at about the right age to make good players.

But, kids don't let your desire to beat each other become the good of your work. You can have a lot of fun out of the game and play it well, too, but it takes work and you haven't time to fuss about points. One of the finest things about tennis is that each player accepts the other's decision on his side of the court without question. Don't ever forget that and you will have a good time.

EZZARD TO RETURN FLOYD HAS HOPES

New York City—While sports writers sang sad songs for ex-champ Floyd Patterson, who is still in a daze after losing the crown, Ezzard Charles, once heavyweight champion, will go 10 rounds with Dave Ashley, a 255 lb. local policeman in a high school gym. Long retired, this will be one of Ezzard's first appearances in what may well be a comeback.

BE NOT AFRAID

Be not afraid of the final call. The time is marked, when each will fall. Somewhere, out there, in the great beyond:

A new name's called, a new life has dawned. In an age long gone, on a lovely day A man called Jesus, showed all the way:

To the haven of rest—away from the stress say yes.

In a quiet place, let the thoughts roam free To find the answers that soul can see.

Let the vision go—beyond this earth. He gives life eternal, to all who To find the freedoms, to know re-stand.

In prayer is power, to touch His hand With the light of His wisdom, to understand. Now storms of life can try our steel All pains will pass, all wounds will heal. Pressed in the throng, free in the glade Heart knows He's here, and is not afraid.

Ames Defeats Hilltop In Tennis Matches

After losing 7-5 to Indianola, the Hilltop Tennis club suffered further humiliation when they fell victims to Ames 9-4 June 28 at Goode Park.

Only winner in the men's singles was Phillip Tindrell who defeated Doug Yarger. Other losing Hilltoppers (in Men's singles) were Louis

Miles, Chet Williamson, Everett Mays, Marshall Knox and Leon Mann. The locals did not notch a win in the men's doubles.

A saving face for the Hilltoppers were Esther Myers and Evanette Mays who defeated their respected opponents in the women's singles. Bruce Sharp defeated Bob Carr in the Boys' singles but Lloyd Jones lost to Jim Williams.

The Hilltoppers will participate in their next match on July 12 with Des Moines Hawkeyes as their opponents.
