Bishop Ward Nichols Hearing Set Sept. 18

Philadelphia. — Bishop D. Ward Nichols, indicted on 21 counts of embezzling \$170,000 in church funds,

BISHOP NICHOLS

has surrendered to authorities. His case will be heard Sept. 18.

Bishop Nichols, former head of the First Episcopal District of the African Methodist Episcopal church, had been sought since last July on the embezzling charges.

In the company of his attorney, Samuel Dash, Bishop Nichols surrendered to Judge Joseph Sloan of Common Pleas court, who released the minister pending the September 18 hearing.

Nichols' attorney sought to quash the indictments last January on grounds that Bishop Nichols was entitled to a preliminary hearing which was never held. Dash also maintained that Bishop Nichols was not a fugitive because he had made no attempt to hide the fact that he was living in New York city since he allegedly embezzled the church funds. Therefore, said Dash, the indictments were unconstitutional.

Daisy Bates Home Fired On; Governor Faubus Talks on TV

Little Rock, Ark., — (Wednesday) — Strong undercurrents of tension and bitterness prevailed in this capital city as it attempted to open scheduled high school classes on an integrated basis, after more than a year of having them shutdown on orders of the state governor, Orval Faubus.

Four Negroes

Four Negro students were slated to integrate two previously all-white schools. Young Jefferson Thomas, one of the original Nine Negroes who integrated Central High two years ago, was scheduled to walk alone, to the same school at 1 p.m. Two other classmates had been assigned there, but reports are that they have enough credits for graduation. Three girls were scheduled to integrate Hall High, located in fashionable Pulaski Heights, for the first time at 9:30 a.m.

Gov. Faubus on TV

On the eve of schools' openings, Tuesday, Gov. Faubus went on television in what he called, "an effort to prevent any disorder or violence." He accused the school board and police of becoming puppets for the government, and at the same time warned integrationists, "victory is not yet yours, your trouble is only beginning."

Deleware Bombing Protested by NAACP

New York, — NAACP Executive Secretary Roy Wilkins this week urged Delaware Gov. Caleb Boggs to, "use the full power of your office," in bringing to justice those responsible for bombing a Negro home in a white community near Wilmington.

Wilkins' wire referred to the, "high velocity," type explosion that completely destroyed the \$12,000 Collins Park home of Mr. and Mrs. George Rayfield Aug. 1. The blast was the second since the Rayfields had moved in Feb. 23.

"We urge the State of Delaware," Wilkins asserted, "to offer a reward for information leading to the arrest and conviction of the guilty parties. The state cannot afford, through inaction to condone this cowardly crime."

Ghetto Crumbling

In the meantime, Rev. Dr. J. L. Morgan, president of the Wilmington NAACP branch offered the Association's services to the Rayfield family.

Dr. Morgan also told the local community that violence will not change anybody. "The Negro ghetto is crumbling and Negroes who leave it must live somewhere," he said.

The use of violence by bigots seeking to intimidate Negroes exercising or seeking to exercise their rights will not work, Dr. Morgan said. Such tactics have been used in the past and the Negro is still here, he concluded.

Iowa and Drake University. Mrs. Fowler was appointed as program analyst to the ICA Mission to Vietnam in March 1955. Vietnam, one of the three new independent nations created five years ago from that part of Southeast Asia previously known as French Indo-China, is one of the many newly-developing countries now receiving American economic and technical assistance through the U. S. Mutual Security Program.

Throughout Vietnam, schools are being built, health and sanitation facilities are being repaired and constructed, roads and communication facilities rehabilitated, new industries developed, and agriculture production increased through the joint efforts of the Vietnamese Government and the ICA Mission.

Trainee Programs

Mrs. Fowler was also associated with ICA's "trainee" program for Vietnam. Under this program selected Vietnamese students, civilians, and government officials are sent to the United States and other countries, for varying periods of time, to be trained as technicians and administrators in those fields of modern technology for which Vietnam has a shortage of trained personnel. Some 500 Vietnamese have been sent abroad for specialized

He was pronounced dead on arrival at Evangelical hospital in Marshalltown, Ia., where he had been taken by a friend, Atty. W. Lawrence Oliver, who accompanied him on the trip.

The family suggested that instead of flowers, contributions be made to one of two E. T. Scales memorial funds. One will be for Kappa Alpha Psi fraternity and the other for Mercy hospital.

Posts of Esteem

Civil Rights Bill Called 'Lean Shadows' by NAACP

New York.—The civil rights bill which has come out of the House judiciary committee was called "a lean shadow" of the legislation Congress should enact" by the NAACP today.

In a telegram to Rep. Emanuel Celler, chairman of the House judiciary committee, NAACP Executive Secretary Roy Wilkins urged that sections deleted from the bill by committee action be restored on the floor and thanked Rep. Celler for his promise to try to strengthen the bill by re-introducing the omitted sections as amendments.

Abandoned by Congress

Civil Rights Blow

In addition to his family, friends and professional colleagues, Dr. Scales' death came as a distinct blow to workers in the field of civil rights in Iowa, where much of his civic activities were concentrated.

The widely known physician was serving his second one-year term on the Des Moines urban renewal board and was a member of the urban redevelopment advisory committee. He formerly served on the Des Moines Interracial Commission, for which he made health surveys of the Negro in Polk county that resulted in the appointment of a Negro doctor to the Polk County staff.

Boston Calls Up Another Negro

Cleveland.—In a shake-up move earlier this week, the Boston Red Sox called up their second Negro player, Earl Wilson, a right-handed pitcher, from Minneapolis of the American Association and installed Elijah "Pumpsie" Green as their regular second baseman.

Pumpsie, who came to the American League last-placers from Minneapolis a week ago, will replace Pete Runnels, the Sox's leading hitter. Runnels will be shifted to first instead of the platooning Vic Wertz and Dick Gernert.

In Bullpen

Wilson, who had a 10-2 record at Minneapolis, is expected to see action for a while in the bullpen, then be shifted to the starting rotation.

The burly pitcher was brought up along with shortstop Joe Mauer. They replaced Herb Pless, a utility infielder acquired earlier this year from Washington, and Murray Wall, a 32-year-old pitcher who has been ineffective this year.

House Rules Committee

The wire pointed out that on this key section of the bill five Republican members voted with thirteen Southern Democrats to strike it out and declared that this action "placed a responsibility upon their party which cannot be shifted to the Southern Democrats."

The emasculated bill must now go to the House Rules Committee to get clearance to the House floor.

Education

Born in College Grove, Tenn., Dr. Scales received his bachelor of science degree from the Illinois Institute of Technology at Northwestern U., and was graduated from the State University of Iowa college of medicine. In 1946-47 he did post-graduate work in endocrinology at New England Medical college in Boston, Mass., and at New York Medical college.

He was a member of the Endocrine Society and of the Iowa and American Academies of General Practice, a member of the American Diabetes Association and a member of the Polk County Medical association.

Survivors

Survivors are his wife, Lillian, a son, Emmett Jr. of San Francisco, Calif., and a daughter, Mrs. Peery Zachery, of St. Paul, Minn.; a sister, Mrs. Milton Battle, of Chicago, Ill.; seven grandchildren and numerous other relatives.

Filed cause of action is now pending in the Office of the Clerk of the above named court, and which petition prays for an absolute divorce from you on the grounds of desertion and cruel and inhuman treatment.

For further particulars see petition now on file.

You are also hereby notified to appear before said Court at Des Moines in Polk County, Iowa, at the Polk County Court House, West 5th and Mulberry Street, on the 10th day of September, 1959, at 9:00 o'clock A. M., of said day, and that unless you so appear, your default will be entered and judgment or decree will be rendered against you for the relief demanded in the petition.

FIXIN-UP TIPS

For Farm and Home

Enclose Laundry Tube

STORAGE is a "must" in the laundry but sometimes it is awkward and unsatisfactory. Wise housewives can readily make a combination linen chest and laundry supply cabinet which will serve also to hide unsightly stationary tubs.

As shown in the illustration, the handyman can enclose the tubs, construct a chest of drawers next to them, and create a handy clothes

sorting table on top. To do the best job from the standpoint of cost, appearance and long life, he should build a framework of 2 by 2-inch lumber and cover it with smooth Masonite. Tempered Preswood, one-quarter inch thick.

Drawer construction can be simple. Just form the framework of lumber and attach a bottom of Preswood. Wooden slides attached to the cabinet and sides of the drawers complete that part of the project.

The lumber framework for the enclosures should be no farther than 16" apart. Swinging doors to enclose the tubs may be made, too, as illustrated, or sliding doors of Tempered Preswood unframed, may be made. They will slide in grooves cut into the cabinet floor and upper framework.

*Prime and paint the installation for the best appearance.

Charles Bynum, Visiting U.S. Epidemic Area, Says Polio Is Hitting Negro Hardest

BY C. L. HOUSE

Detroit, Mich.—"Widespread polio virus of a virulent type is striking with a high ratio of paralyzed polio patients. This discrimination by polio against unvaccinated people is seemingly inflicting the highest ratio of paralysis on Negro communities," Charles H. Bynum, Chief of Inter-group Relations for The National Foundation, stated before the Women's Auxiliary to the National Medical Association meeting in national convention at the Sheraton Cadillac Hotel, Detroit, Mich., Tuesday, Aug. 11.

"There is increasing evidence that polio may be following a new pattern. Unfortunately polio is crippling Negroes way out of proportion to their ratio to the total population. This is largely the result of the extent of lack of protection provided by polio vaccination. Every community leader must help in the effort to increase the use of polio vaccine by everyone, especially preschool children, teenagers and young adults," Bynum reported.

Raising Funds

"This summer many thousands of March of Dimes volunteers are giving up their vacations to raise funds to provide aid for victims of polio. The New March of Dimes must continue to provide assistance for nearly 50,000 persons paralyzed by polio before 1959 and also begin the support for crippling caused by birth defects and arthritis," Bynum said.

Cross Country Tour

Attending the National Medical Association and Women's Auxiliary to the N.M.A., Bynum is beginning a cross country tour to speak at national conventions of Zeta Phi Beta Sorority, The Shriners and Daughters of Isis. He will also confer with state and local National Foundation officials and volunteers.

Charles H. Bynum

Youth Of The Week

This is the 45th in a series featuring youth, 13 to 21 years, in the community and in Iowa who are setting a good example in wholesome living and achievements in their homes, schools, churches, sports and civic activities.

Our young deserving candidate this week is 20-year-old Irving Miller of 1146 14th Street, who will be a junior at the State University of Iowa where he is taking liberal arts courses.

A graduate of Des Moines Tech high school where he lettered in football, Irving has received commendable recognition at SUI since he enrolled there two years ago. He was selected as an orientation leader at the school this fall to welcome freshmen and new students.

Wins Gold Medal

Just before the semester ended last spring he was presented with a Chicago Tribune-gold medal for the best drill and best ROTC grades. He has an 'A' average in ROTC in which he has participated in two years.

Irving would like to become a pilot after graduation, when he will receive a commission of second lieutenant, but he is not too definite about it. Right now he does not know what he would like to do.

On Dormitory Council

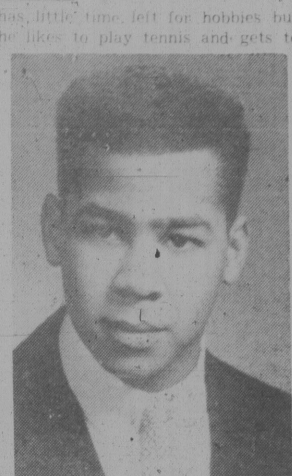

When he first entered SUI he studied engineering for about a year and a half, before switching to liberal arts. He likes math courses but science in general does not interest him.

During his freshman year he was a member of the Dormitory Council. Last fall he ran for Inter-Dormitory King and won second place. He also sang in the Methodist church choir on the campus.

A member of the NAACP, for years he was active in Crocker. Y before its recent closing, and sang in the St. Paul A.M.E. church choir.

Chisox Ship Doby To Minor League

Chicago, Ill. (CNS)—Larry Doby, who broke the color line in the American League, was sent to the minors Sunday.

Doby was optioned to San Diego by the Chicago White Sox, to make room for pitcher Kent McBride, purchased from Indianapolis.

Larry with his big bat, had a banner career in the American League. He helped Cleveland win pennants in 1948 and 1954. There were five years when he drove in more than 100 runs. Twice he led the league in homers and twice he

Bill Wright, Public Links Champion, Owes All to His Dad

Seattle, Wash.—Bill Wright, 23-year-old Negro who won the National Public Links golf championship in Denver recently, credits his father, Bob Wright, with being responsible for his success.

The Wright family has been pioneering in the field of golf for a long time. Even while Bill was winning the National Tournament, his father, Bob, was being denied entry in an amateur tournament held in Kansas City.

Patience Father

Bill says of his father, "My Dad, well, he's just great. I first started to play golf as a sophomore in high school, but I didn't take it seriously. My Dad, he's calm. Never blows up. But me? Well, I quit golf once because," he smiled and pointed to his temple, "I just didn't have the maturity up here. But Dad was patient and I soon got over being temperamental about the game."

Army or Golf?

With his new championship, new problems arise for young Wright—among them, whether to report for Army Reserve training or continue to play golf. The Army training would have to pass up the U. S. Amateur Tournament at Colorado Springs Sept. 14-19 for which he automatically qualified by winning the Public Links championship.

batted over 300. While with the White Sox, Doby has been sitting on the sideline with a bad back. From 1949 through 1955, he was named to the All-Star team. He is 34.

I'VE BEEN AROUND NEW YORK

By TED YATES

I was all set to tell you how Rhythm & Blues Magazine proposes to run the life story of the late bandleader Tiny Bradshaw and how she became the most-talked-of of the Paris (France) glamour gals—and of the most charming Army nurse of World War II, Lt. Rose Elliott (Robinson), of Detroit, Mich.—and then it occurred to me you'd like for me to tell you about Natalie Mobley—one of the loveliest of the loveliest when seated at my typewriter. I became aware of my duty as a writer, a citizen—as an informer.

Bradshaw also that here in America there are equal opportunities for all, only that now—nearing my 54th year, I find that it just isn't so; that all along it was what it was what you might call Pokus Pokus. Now you see it and now you don't! (Stay with me, for this is only the beginning, Friend.)

When I look at television, (and I'm a TV bug) the subject is Race relations, integration, segregation, discrimination or a story involving the NAACP—and it's battle for (more of the same), equal opportunities.

Publicity Pitch

What's the pitch? Newspapers, television and radio give out with details of the war against bigotry, and now the Communist dictator is being 'invited' to come to America FOR ALL TO SEE AND FOR HE, HIMSELF, TO GET A BIRDSEYE VIEW OF DEMOCRACY AT WORK. (Don't go away, there's more of the same.) "Boss" Khrushchev coming here with a White House blessing? Will there be a "Blackout" of the NAACP?

True Picture

Let's not forget the Negroes, the Jews, and all those refugees who came here to the land of equal opportunities, and while they enjoy many of the privileges denied Negroes, why not give this big Russian Bear a true picture of America? Let's see the President come out wholeheartedly against racial barriers. Let Congress and the Senate pass all Civil Rights legislation. Down with bigotry in all its forms, blackouts and cover-ups. If this is a United States, all 50 of them, why are they not all for one and one for all in favor of civil rights—something for Khrushchev and his ilk to behold.

How about that???

K-State's Boozer Joins NIB's Cats

Peoria, Ill.—Kansas State college's All-American, Bob Boozer has been added to the Peoria team in the National Industrial Basketball league, Coach Warren Womble reported Tuesday.

Womble said the 6-8, 220-pound forward already has reported for work in the college training program of the sponsoring company, Caterpillar Tractor company.

The K-State Star, a native of Omaha, scored 1,683 points in three years of varsity play at the Manhattan, Kans., school, a new school high. He finished eighth in the nation last season with 25.6 points a game.

BOOZER

WILLIE WORRIED ABOUT HIS HITS

San Francisco, Calif. (CNS)—San Francisco may not love Willie Mays because of his \$80,000 salary but the Giants know that the Amazon Willie is their greatest hope for bringing the city its first pennant.

Meanwhile, Willie himself hasn't been too happy these days. His hits are getting scarcer and they say that Giant Jackie Brandt is annoying him no end. Rumors have it that Jackie—who is no longer playing left field—is trade bait—all to suit Willie.

No Running Room

Fans may just be exaggerating but there is truth that Willie is not hitting in his new home town as well as in the old one—New York. He says there just isn't running room before the ball hits the scoreboard to make his spectacular catches.

However it all turns out, it can be assured the Giants will do everything to please Willie for they know he's their pennant—and with him they might be assured of a happy outcome.

Youths Start Racial Flareup in Chicago;

13 Arrested as Crowd of 3,000 Gather

Chicago, Ill. (CNS)—In what had its beginning as a small, virtually unimportant problem, has slowly risen to great proportions—and may soon get completely out of hand. Last week, racial flareups aggravated by teenagers began in Brooklyn, before that it was Harlem. This week—Chicago. Tomorrow—where?

13 Arrested

Police arrested 13 people, mostly teenagers, who refused to leave the scene where a crowd of 3,000 gathered around a 3-story building which

will soon be occupied by Negroes. The building is not in a white section—but more of an interracial section.

A 24-hour guard on the building was put into effect after police captain James Hackett used the loudspeaker to urge the crowd to disband and go home. The crowd was slow in moving but stayed on for no apparent reason. Only small incidents occurred. An ink bottle was thrown at a cop. A Negro bus driver was stoned as he drove into the block, but was not hurt.

Like All Bishop's Wives, Mrs. Ethel Clair Leads Active Life of Travel and Work

St. Louis, Mo.—One of the duties of a bishop of The Methodist Church according to the 1956 Discipline (the denomination's book of rules) is "to travel through the connection at large". The wives of the bishops, just as most ministers' wives, work and cooperate faithfully with their husbands, who in carrying out the duties of their high office, do the work of two or more persons in the average 40 hour work week.

The wife of a local Methodist bishop is no exception to this rule. She is Mrs. Ethel Smith Clair, wife of Bishop Matthew W. Clair, Jr., resident bishop of the St. Louis Area of the Central Jurisdiction of The Methodist Church.

Tortoni, popular Italian dessert, becomes a new taste treat when made with the sweet crumbs of cake quality powdered sugar doughnuts from your grocer's ready-to-eat cake department. Doughnut Tortoni is made by adding doughnut crumbs to softened vanilla ice cream and chopped maraschino cherries. Pour mixture into paper cups. Place in freezer until ready to serve.

Upside Down Cake

To make a quick upside-down cake, put the usual upside-down mixture of fruit, butter and sugar in your casserole, and top with cake quality powdered sugar doughnuts from your grocer's ready-to-eat cake department. Bake at 350 degrees F. for 20 to 25 minutes.

Mrs. Clair, who accompanied her husband on a three months inspection tour of Methodist missions in Africa in 1954, has taught a course on Africa in three leadership and schools of missions during a 36 day period from June 26 to July 30. She taught in the interracial Lincoln Leadership School held on the campus of Berea College, Berea, Ky., June 26-30; the School of Missions of the Lexington Conference at State College, Wilberforce, Ohio, July 12-17 and the School of Missions of the Georgia Conference at Gammon Theological Seminary, Atlanta, Ga., July 26-30.

Travelled With Husband

A graduate of West Virginia State College, Mrs. Clair has travelled extensively with her husband since he was elected to the episcopacy in 1952. In 1956 she accompanied Bishop Clair to Malaya, Japan, the Philippines and Formosa. While in Formosa Bishop and Mrs. Clair had an interview with General and Mrs. Chiang Kai Chek, who are Methodists.

HELPING CHILDREN EVALUATE THEIR ABILITIES

Young children often have a very distorted notion of their own strengths and capacities, and they frequently threaten or promise to wreak impossible damage or to perform miraculous kinds of help. Though the child eventually outgrows this great exaggeration of his powers, he sometimes is disturbed by a later kind of difficulty—that of estimating accurately his own performance.

Fitting Competition

The youngster who either depreciates or inflates his performance markedly can have a hard time fitting into the common patterns of activities of other children his own age. The boy who is discouraged about his apparent lack of prowess may be reluctant to play ball even though further practice is necessary to his improvement.

Similarly, the child who overestimates his own ability—perhaps because his parents offer unrealistic praise or because he usually competes with smaller, younger or less-skilled children—may have trouble when he confronts more appropriate competition.

Adult Attitude

It seems to me that we grownups sometimes contribute to the child's difficulty in estimating his own performance. When I was a child, I knew pretty well the rank of each child in say, arithmetic ability, fleetness, number of swear-words, and cleverness in answering child-type riddles—and most of the other kids knew these ranks too.

I knew, for example, that I was about the third-slowest kid in the class in racing, and about the second-worst batter. One time a well-meaning teacher tried to encourage me by telling me falsely that I wasn't that bad. Far from changing my feelings about my batting, it merely changed my opinion about her good judgement. I didn't like knowing that I couldn't bat well, but I think I was better off knowing just what my level of skill was.

Helping the child form an honest

picture of his various capacities, and helping him understand the possible limits to improvement—and possible avenues for greater improvement—will do the child a real service in the long run.

Coconut Mint Dessert

Cool, pretty, simplicity itself to make—and oh, so good to eat! What more can a busy homemaker ask for a hot summer's day dessert or party salad idea! Time-saving trick: Prepare melon balls in advance, even to the rolling in flaked coconut. Prepare orange slices, too. Then, at serving time, assembling this attractive dessert will be easy.

COCONUT MINT DESSERT

1 cup sugar
1/2 cup water
1 tablespoon fresh mint leaves
36 chilled melon balls
(watermelon, honeydew, and cantaloupe)

1 can tender-thin flaked coconut
2 oranges, cut in thin slices
1 pint pineapple sherbet
Simmer sugar, water, and mint leaves for 2 minutes. Strain and cool. Dip melon balls in the minted syrup and roll in coconut. Cut orange slices in half. Place a small scoop of sherbet in center of each serving dish. Arrange 6 melon balls around sherbet. Place half slice of orange between each melon ball. Garnish with sprigs of mint, if desired. Serve at once. Makes 6 servings.

Vacationers are still coming and going as the summer nears its end. Only a few more weeks stand between the first day of another school year . . . Iowans, especially in Des Moines Saturday were given a sample of what the coming fall weather might be . . . Weather bureau records reported it to be the coldest Aug. 7th in history. From time to time have read reports that the temperate zone was getting warmer; folks around here would be inclined to disagree what with our shortened "hot and cold" summers, cold rainy springs, equally cold falls and long hard winters.

Out of town on vacation are Mr. and Mrs. William Sharp and family of 1718 Crocker Street. They left for California three weeks ago for a month's vacation, going by car by way of the Overland route through the Black Hills of South Dakota, Colorado, Utah, so they could hit all the national parks.

At the same time Mr. Sharp's brother and family who lives in California left to visit here in Des Moines.

Mr. and Mrs. Henry Wilcoits and family of 1104 17th Street left the city Saturday for Denver, Colo., where they plan to visit their son and family.

Mr. and Mrs. William Rollinson and family of 1109 19th Street and Mrs. Rollinson's mother, Mrs. Edna Craddock, plan to leave the city Monday for Detroit, Mich., where they will spend a week visiting Mrs. Rollinson's sister and family.

A distinguished visitor and U. S. Government official who is also a native of Des Moines is expected in the city sometime this weekend. She is Mrs. Gwendolyn Fowler, daughter of Mrs. Olin Cooper of 1112 14th Street. For the past four years she has served as an ICA Mission to Viet-Nam official with headquarters in Saigon.

We called Mrs. Cooper who told us her daughter is in Washington, D. C., where she has been for a series of consultations.

"I was expecting her home last Saturday but she called me and told me another consultation was scheduled for Monday. She told me not to try and meet her because her time of arrival here was indefinite. She said she would just come on out," Mrs. Cooper related.

Mrs. Catherine Atkinson of 1106 12th Street had a rare treat when she was visiting with her sister and family, Mr. and Mrs. Lawrence Frierson of Chicago, Ill., over the July 4th weekend.

She had a chance to view the arrival of the yacht of Queen Elizabeth II and Prince Phillip of England on Lake Michigan.

Mrs. Atkinson said they got up early and were down on the lake

Mr. and Mrs. Louis P. Gaither Return from Motor Vacation

Mr. and Mrs. Louis P. Gaither returned to the city last week end from a motor trip where they visited in Philadelphia, Penna., New York City, Niagara Falls, Canada, Michigan and Wisconsin.

While in Philadelphia Mrs. Gaither attended the National convention of Gospel Choirs and Choruses, Inc. in Muskegon, Mich., they went by boat on the Milwaukee Clipper 90 miles on Lake Michigan to Milwaukee, Wis.

The Gaithers will be married 33 years Sept. 1. They recently moved into their new home at 101 Hall Street.

50 Guests Attend Afternoon Party for Chicago Couple

About 50 guests attended an afternoon party Sunday given by Mrs. Catherine Atkinson of 1106 12th Street in honor of her brother-in-law and sister, Mr. and Mrs. Lawrence Frierson of Chicago, Ill.

The visitors arrived Saturday and are expecting to leave the city Thursday evening.

Mrs. E. A. Gaiters, Mrs. Katherine Shelton Are W.C.T.U. Officers

Mrs. E. A. Gaiters of 1135 10th Street was named vice president of the Polk County Women's Christian Temperance Union at its convention last Thursday at Gatchel Methodist church.

DOUGHNUT CHEESE SANDWICH

Here's a hearty party suggestion that's easy, different and filling. It's a "doughnut-cheese" sandwich, to serve with any long cool summer-time beverage. The doughnuts should be cake quality, coated with powdered sugar. You'll find them available packaged from your grocer's ready-to-eat cake department. Split in half, with a slice of American cheese in between, they invite a big healthy bite and a compliment for hostess.

Global—Mrs. Carolyn Dismond (right), general Chairman of the coming 40th Annual Convention of the National Beauty Culturists' League, Inc. which will be held here Oct. 3-15 at Hotel Broadwood, is readying a mammoth and interesting program including the awarding of several 1959 Educational Scholarships. She and President Katie E. Whickam (left) are now completing all plans for the biggest and best Convention ever.

Social activities will include the Pink and Green Ball, the President's Banquet for President, Dr. Whickam, the Guild Tea, Fashion Show, and the Bon Voyage Party on Friday, Oct. 16th, for the Tour Chairman, Mrs. Maude Gadsen (also 1st Vice President of the organization) since several hundred members will leave on Saturday, the 17th, for a 6 weeks study and pleasure tour of Europe. New York City . . . (CNS)—JO BAKER RECORDS FOR AMERICANS . . . Good news is that Josephine Baker—one of the greatest all-time stars and certainly the toast of the continent—has signed a record contract to record some of her most famous intimate numbers . . . and soon Americans will be able to buy her albums here . . . She's exclusively the property of Area of Paris, an affiliate of RCA Victor . . . and they're expecting to give her a buildup as Lena Horne, Patti Page, Julie London and other top fem stars here . . .

Jo's admirers are now mostly among those of us who remember her tours here some years ago—or who were fortunate enough to hear her in person in Paris during and after the war . . . Now the record pluggers want Jo's name right up there with the current best sellers—and the only way to acquaint American teenagers with La Baker is to bring her albums over and hope the young crowd goes for them . . . Thus this is the first step in winning Americans' hearts for her all over again—perhaps another tour is in view . . .

Joe Lewis

Now—what is Joe Louis going to do with a record company? We don't know—but he's sure busy scouting around looking for talent—Mostly among pretty girls . . . "Porgy and Bess" a close second in sales to "Imitation of Life" . . . One guy at the bar played "What a Difference A Day Made" sung by Dinah Washington 15 times in 2 hrs. . .

Mahalia Jackson

Contrary to the age-old tradition that "the show must go on"—Mahalia Jackson got so upset over her brother's death in New Orleans, she cancelled her date in Denver and patrons got their money back . . .

DR. SCALES' DEATH A
DISTINCT LOSS

In 1928, there came to Des Moines a young physician, E. Thomas Scales, born in Tennessee where he attended the public schools, who pursued his undergraduate work in Chicago, earned a degree in medicine at Iowa University followed by an internship in Chicago.

Dr. Scales was no stranger from the beginning for he had long desired to practice here. His thorough training in the field of his choice and a determination to practice it on a high plane, his well equipped layout to serve his patients with his painstaking service to them attracted the attention of the laity and the profession. Soon, Dr. Scales became recognized as a top flight physician and surgeon, as a consultant, a capable teacher in the hospital nursing schools, a hard worker as head of the staffs of Mercy and Broadlawn hospitals and a member of the staffs of Mercy, Broadlawn, and Iowa Lutheran Hospitals.

The high ground Dr. Scales followed did much to place Des Moines among those communities where Negro doctors practice medicine with the same convenience and acceptance as all other members of the profession.

He never quit learning about innovations and advances in the medical profession. Dr. Scales gave of his time and money to civic affairs, political action, religious and professional groups.

It takes a long time and painstaking labor for one to reach the stature Dr. Scales attained and thus people of his accomplishments are not available in large numbers. His contribution to Des Moines was of the highest type which will be forever missed.

EFFECTIVE LABOR
LAWS NEEDED

Congress, the lower house particularly, is locked in a struggle over pending labor reform measures.

Two outstanding features are apparent as the debates and maneuvers go on. First, the hearings conducted by the labor racket committee in the Senate have uncovered outstanding racketeering in the labor movement in many areas; that nothing has been done to prosecute the crooks or clean up unwholesome situations which have developed.

Some house members, in large numbers, are either captives of certain labor groups or don't have the courage to stand up for the best interest of the whole people.

It is difficult to understand why the whole of labor top brass is opposed to legislation designed to penalize crooked labor unions and officials. All labor officials are not crooked or criminal. But like the average citizen who wishes murderers and thieves punished, the public, and labor for that matter, should want laws passed which would protect the public and the members themselves from ruthless, crooked union operation.

The Bystander hastens to declare that it is anti-labor union for some groups have done a good job within their own organization working for the best interest of members without regard to race or color, without the crooked operation or disregard of the interest of members. With them, it is in full accord.

On the other hand, for those unions which have shown no regard for the rights of their members, laws should be enacted to deal with the problem.

Rep. Powell of New York has introduced a bill in Congress to outlaw discrimination on the basis of race in labor unions. Certainly, there is no democracy in a union which excludes Negroes from membership. None should be allowed to use the services of the government which do. This amendment comes at a propitious time for it will test the plea that the unions are working for a fair deal for every working man.

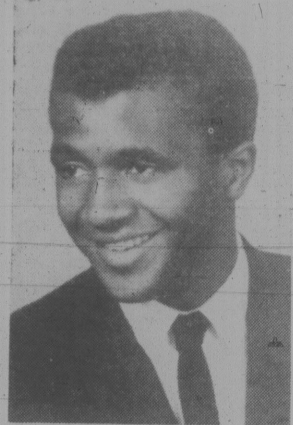

We predict that out of this scrap in Congress this week will come a weak bill which will do little to protect the interest of legitimate labor against the racketeering which goes on or the total disregard of some for the manner in which affairs are conducted.

CAKE AND MILK

You'll welcome a refreshing snack during the warm summer months. Serve big glasses of milk with cake quality powdered sugar doughnuts from your grocer's ready-to-eat cake department. Give the doughnuts a new look by splitting crosswise and putting banana slices in the center. A drop of lemon juice will prevent bananas from discoloring. A slice of maraschino cherry will add a touch of color.

GOLF PIONEER HONORED

Dr. George W. Adams, left, Washington, D. C., receives plaque-citation from Maxwell Stanford, Philadelphia, during annual banquet of the Eastern Golfers Association at Reading, Pa., last weekend. Dr. Adams was honored by the clubs of the EGA for his outstanding contributions to golf over a long period of time. The District

of Columbia physician has been a guiding spirit in EGA since its inception. He was the first president of the United Golfers Association, which was started in 1926 and formerly constituted in 1927. Mr. Stanford is EGA proxy and veep of UGA of which the Eastern body is a regional affiliate.

drew the defending champion, Gene Nadig and that was it. Gene is practically unbeatable on the Good Park courts and he dusted off the state champion, Lon Martin, of Keokuk, in the finals. Knox might have reached the finals had he been able to play more, but his work prevented him. He won the first set

This last Des Moines Open was probably the best ever; certainly it was the best since about 1954 or the last year the Anderson boys played. We didn't have a winner in the thing. Esther Myers lost her woman's singles crown, but the two finalists were two of the best women players in their part of the country. Myers lost to Doris Popple, one of the best players to ever come out of Des Moines.

Lena Walden of San Francisco, Calif., who makes this meet one of her stops on the way to the National meet, lost in the semi-finals round to the ultimate winner, Lyle Davidson of Raytown, Mo. Mrs. Davidson, one of the top 10 all round female athletes in the country, and Popple staged a match that folks won't soon forget with Davidson the winner.

HEALTH FOR ALL

Young as You Think

Want to stay young? Go back to school! It's a fact, proved by many scientific investigations over the past thirty years, that people taking high school and college courses after the age of 50 do as well—think as clearly and make as good marks—as youngsters in their twenties taking the same courses.

Dr. Wilma Donahue, a specialist in old age at the University of Michigan, says that if you're going to think you're old, and shun new contacts and outside interests, why, you're going to be old. The march of time and the accidents of physical health bring on old age, all right, Dr. Donahue says. But so does the way you look at it, your mental attitude.

Learn New Things

Stop thinking, let yourself get lazy mentally, and you're doing as much to make yourself old as if you got physically sick and emotionally worn out. Using your mind in trying to learn something new keeps up your ability to think and

learn. What's more, it enables you to stand up better to the stresses and strains of living.

Dr. Donahue admits that when things go really wrong, when emotional troubles pile up, an older person can suffer loss of mental ability. But if you have developed outside interests and kept your mind active, you can fight back from that sort of weakness much better than if you've been just letting yourself run down with the years like a worn-out motor.

Active Mind

Take a course. Study something new—how to play a musical instrument or to make ceramics. Keep your mind active by contact with younger minds. In an evening course in French at the high school, for instance. If you can't find a school to go to, work out a course of reading with your librarian in town and go at it as though you were back in school. To stay young, keep your brain active.

from his chief rival, Tom McCollum, but lost his edge and dropped the next two.

Armella Bell

Armella Bell, who has been playing tennis about 15 minutes screamed she will beat the ultimate 13-year-old winner, Sheila Pearl. This Bell girl loves to play and really works at it. If she will just keep it up, she could be good.

If Bruce Sharpe ever took the game seriously he might get pretty good. Oh yes, Chet Williamson and Everett Mays made brief appearances in the mens' veteran singles. Evanette Mays got a game from Davidson and was she happy.

When you consider that the Missouri girl breezed through the Cedar Rapids state meet with the loss of only four games, Evanette had some reason to feel good. It was a great meet and well attended even if it did take us two days to rest from our activities.

JUST A THOUGHT FOR
THE WEEK

Just supposing we started this very day,

To live our lives in a different way:

Just supposing we vowed and constantly tried

To help those in trouble on life's wayside:

If we showed by our doings a hint of his love

Wouldn't earth be a bit more like Heaven above?

Monday:

Look for a smile today and return it

With one of your own—

Give someone new faith and hope,

It's such a beautiful loan.

Tuesday:

Gather a thought that's kind—

One that's sincere and deep,

But be sure to pass it along

For such are too precious to keep.

Wednesday:

Forget yesterday's old sorrows,

Mistakes, sadness and pain—

Lift your heart with hope and a song,

As flowers to sun and rain.

Thursday:

Offer a word of comfort and prayer

To help someone in need—

A little thoughtful gift, some flowers,

Or a smile make us all rich indeed.
