#### Randle Seeks Office Of Polk County Clerk

Gilbert H. Randle, 52, known in the city for his quiet, conscientious work in civic, fraternal, and religious activities, announced Thursday, Mar. 3 that he will be a Republican candidate for Polk County clerk in the June primary.

Randle, who is superintendent of mails at the state capitol, is making his first bid for election to public office. It also marks the first time that a member of his race has as a Republican.

Randle

"The Democrats have had a monopoly in our county government," Randle said. "It is now time for a change. We all know the type of government that the one-party system has produced in the South."

"I believe my experience as superintendent where I supervise 10 persons and handle \$200,000 in currency a year has prepared me to efficiently administer the county clerk's office," he said.

Randle has held his present position 10 years and worked 16 years in the mailing department of the statehouse. From 1942 to 1944 he was a Polk county deputy sheriff, serving as a jailor, civil deputy, and bailiff. Randle was assistant Republican state chairman (1950-52) and is now assistant Polk county Republican chairman.

#### Founded Club

He organized the Negro Young Men's Club.

#### Grand Jury Ignores Murder Charge

Because authorities were unable to find any witnesses to the incident, a murder charge against Sam Henry Clark, Jr., who gave his address as 1131 9th street, has been ignored by a Polk County grand jury.

Clark had been charged in connection with the death of William A. Clyce, 831 15th street, from injuries allegedly suffered in a fight Dec. 24 at 10th and Center streets. Police said Clyce suffered a cut jugular vein when struck with a broken bottle.

Officials said the grand jury failed to return an indictment against Clark because "it was impossible to get anyone to admit seeing Clark assault Clyce and because it is impossible to prove the case by circumstantial evidence."

#### Elks Hold Annual Midwinter Meeting in Omaha; Plan for Mid-western Association in July

Omaha, Nebr.—Iroquois Lodge No. 92, and Cherokee Temple No. 233 were hosts to the Midwestern States Association Elks Feb. 27-28 for the annual midwinter meeting. Officers and members of the association supported the meeting one-hundred percent, braving wintry weather, and hazardous highways to attend and plan for the Midwest States convention which will be held here July 3-6.

#### Presiding

Presiding over the meeting was James A. Richardson, exalted ruler of Iroquois Lodge and also general chairman of convention. Assisting him was Daughter Ruler Dorothy Rodgers of Cherokee Temple. They reported that the Omaha Chamber of Commerce has "thrown the city wide open and pledged themselves in aiding a successful convention."

#### First Negro Policeman Advanced Thru Civil Service Channels Here

Soon after it was officially posted that he had passed civil service exams for the rank of police detective, James P. Thompson was promoted to that rank by City Manager Elder Gunter last Thursday, Mar. 3. It marked another notch on the pages of history in Des Moines, because he became the first Negro to win a promotion in the local police department through civil service channels.

Thompson

#### Patrolman 12 Years

A patrolman for 12 years, Thompson is one of six Negroes on the Des Moines force. The recommendation was made by Police Chief Howard R. Elde. Thompson is also the first Negro policeman here to be listed by the civil service commission as eligible for promotion. Thompson said that during the last seven years he passed four written examinations for promotion to sergeant, but was ruled out each time on the oral.

#### Assignment

Thompson was promoted to fill the vacancy created by the resignation Feb. 11 of Detective James S. Allen, but will not have the same assignment as Allen, Elde said.

He has been assigned to detective work since mid-December. Before that, he worked 1½ years as a hit-run accident investigator and seven years, on a beat in the downtown business district.

Two other Negroes, James L. McGuire and Paul A. Thomas, hold civil service rank as detectives under a 1957 city ordinance which gave that civil service rating to all men who had been assigned as detectives for at least a year.

#### Sentenced to Jail For Leaving Accident Scene

Penny Jo Favors, 19, of 1239 10th street was sentenced to two days in jail for failure to leave her name at the scene of an accident by Municipal Judge Harry Grund in his increasing "get tough policy" with traffic cases.

Miss Favors was found guilty of failure to leave her name after her car struck a parked car Feb. 26 in the 700 block on Center street. She testified that because she was frightened after hitting the car, she went to her home without leaving her name.

#### Will Appear in Benefit Concert Sunday

Kenneth Goodman, internationally renowned concert organist of Philadelphia, Pa., will appear in a benefit concert here Sunday, Mar. 13 at 4 p.m. at St. Paul A.M.E. church. He will be sponsored by the Des Moines branch of the National Association for the Advancement of Colored People. During the last several weeks Goodman has been appearing in concert in Des Moines high schools and in other Iowa cities.

who made it possible for him to take up a four year scholarship at the famous Juillard School of Music, New York City. On his graduation in 1949 he accepted a position teaching the organ at the Settlement Music School, Philadelphia and gave many recitals, which included appearances at the two New York World Fairs, the National Cathedral in Washington, and his own home city.

#### Fellowship

In 1952 the Barnes Foundation of Merion, Penn., awarded him a fellowship for a year's study in Paris, under the celebrated organist and composer, Marcel Dupre. Goodwill visits have been made with enormous success in France, Holland, Belgium, Germany and Scandinavia, his concerts being unique in that he was the first Negro organist to tour Europe. Critics have acclaimed his performances of works by classical composers such as Bach and Handel, as well as his original compositions. During the summer of 1954 he was the guest of the world famous Dr. Albert Schweitzer one of the great living authorities on Bach. He also played for Queen Juliana of Holland.

### NEWS In A Nutshell

New Orleans, La.—Richard Gray, 50, was found lying in a pool of blood in a bar last week, brutally beaten, shot, castrated and stabbed to death in what appeared to be another mystery lynching by an unknown group of men who entered the establishment after it was closed and mobbed their victim who on the occasion stayed overnight at the place he operated for its owner.

Atlantic, N. J.—Atty. Maceo H. Turner has become the first Negro to serve as municipal judge here when he was named to serve on the bench during the vacation of the present judge.

Khartoum, Sudan.—The Rev. Billy Graham, currently holding an evangelistic meeting in Southern Rhodesia, has received word that he will not be permitted to conduct similar services in the Sudan.

Durham, N. C.—Mrs. Viola G. Turner, has been named the first woman vice president and first woman member of the board of the insurance company, North Carolina Mutual, country's largest Negro owned insurance company.

Philadelphia, Penn.—James G. Davis, this city's only Negro fire battalion chief, will shortly command all-white as well as Negro units for the first time.

Toledo, Ohio.—Three of the 10 persons who were certified as eligible for the \$6,500-a-year job as rehabilitation officer of the Chase Park urban renewal project are Negroes—George E. Chapman, Archie E. Finch and Arthur Lanier.

Ardmore, Okla.—Miss Mae Caesar Turner, a former school teacher and concert singer, has designed what she describes as the first "inter-racial flag for world peace." The flag is green with five horizontal bars in the upper left-hand corner symbolizing the five major racial groups on earth. In the flag's center is a dove of peace in flight.

Detroit, Mich.—A 33-year-old mentally disturbed mother was arrested last week and held on a cruelty charge after she attempted to burn up her year-old daughter. Police said she told them her 7-year-old daughter set the mattress, on which the baby lay, afire while looking under the bed with a piece of lit paper for a pair of shoes. The child said her mother refused to put out the fire, shouting, "I don't care. Let her burn up."

Detroit.—Congressman Charles C. Diggs, Jr., has gotten the divorce from his wife, Juanita, but it was costly. He must pay his wife \$600 monthly alimony and \$750 per month toward child support, keep up mortgage payments on the \$16,500 family home and keep up a \$10,000 insurance policy on his life. Mrs. Diggs was also awarded a 1959 Cadillac.

#### ONE NEGRO ON FINCH JURY

Los Angeles, Calif.—The 7 women, 5 man jury to deliberate the fate of Dr. Bernard Finch and Carole Tregoff in the famous 3 month long murder case began deliberation with its lone Negro juror, Eddie L. Lindsay, a postal employee, in good

### Pittsburgh Man Becomes First Negro to Be Named As Executive Secretary

The appointment of Edward E. Shelton, 42, of Pittsburgh, Penna., as executive secretary of the Des Moines Commission on Human Rights was confirmed by the City council Monday.

The announcement of the appointment of Shelton came at a meeting of the commission last Wednesday, Mar. 2. A field representative for the Pennsylvania Fair Employment Practice Commission, Shelton was selected from among 13 applicants for the job vacated by Malcolm B. Higgins in mid-January.

When Shelton comes to Des Moines sometime next month to assume command of his new post, it will mark the first time that a Negro has manned the helm of the rights group. Annual salary for the position is \$7,500.

#### Master's Degree

Shelton holds bachelor and master degrees in sociology from the University of Pittsburgh. He has held his present position with the Pennsylvania Fair Employment Practice Commission since 1956, except for a year (1957-58) as staff assistant in the Pittsburgh branch of the National Association for the Advancement of Colored People (N. A. A. C. P.).

In 1955 and 1956, Shelton was assistant to the executive secretary of the Pittsburgh N. A. A. C. P. He has recently been adviser to the branch's youth council.

#### Labor Posts

After receiving his master's degree in 1951, Shelton worked about four years as a chairman and inspector for the Continental Foundry & Machine Co., Coraopolis, Penn., where he had worked 1942-45. He served in the army in 1946-47. Shelton has held several labor union positions. In 1954 and 1955, he attended summer institutes on community services at Pennsylvania State University as a member of the State University as a member of the union.

He is married and has a six year old son.

#### Builder's Plan for Low-Cost Apartments Hits Rezoning Snag

A Negro's plans for building an apartment for Negro tenants who are displaced by the freeway project hit a snag last week when the city plan and zoning commission deferred action on his petition for rezoning the building site.

John Haskins, of 1242 15th Street, had asked the commission to rezone some property in the 1200 block of 15th Street Place so he could build a low-rent housing unit. The commission failed to take action explaining that it would be spot zoning, and spot zoning is illegal. The group told Haskins they were deferring action until Apr. 14 to give him time to amend his petition.

#### Seven Object

Haskins said he would consult his attorney before deciding upon his next move. He said seven property owners in the area are opposed to his plan.

Before the commission voted on the deferral, Haskins told them: "I want you to bear in mind that this is the first attempt in Des Moines by a Negro to build for Negroes."

#### 4 Apartments

Haskins's request was for a change from R-2 zoning (one and two family units) to R-3 (multiple family dwellings).

He described the lot as a "weed patch and breeding ground for mosquitoes." He said he plans a ranch style, four apartment unit valued at \$60,000. He said the tenants would be Negroes displaced by the freeway and the urban renewal projects.

### Leaders Launch Nation-wide Drive To Fight Tax Case For Dr. Martin Luther King

New York, N. Y.—Profoundly shocked that the State of Alabama has indicted Rev. Martin Luther King for perjury, Negro leaders from six cities came together in New York last week and established a Committee to Defend Martin Luther King. The Committee announced that it has set the task of raising a \$200,000 budget to defend Rev. King in the state and federal courts, and to aid the Southern Christian Leadership Conference in its drive to register a million new Negro voters in the South this year.

#### Foresees Long Fight

The Committee foresees a long health. Mr. Lindsay's recent toothache had caused a delay while he was given recess to go to a dentist.

Harry Belafonte is Chairman of the Committee. SEE PAGE TWO

Keep Drawer Knobs Tight  
USE of a lock washer can keep a knob screw on a drawer from turning, according to *Popular Mechanics*. The special washer should be placed between a flat washer and the head of the screw, if it is located against a wooden

surface, it will sink into the wood and lose its locking ability. The same principle can be applied to keep wooden knobs tight on the lids of pots and pans.

### Dr. King

**SEE FRONT PAGE**  
The Committee's Cultural Division. "This case," said Belafonte, "is of national and international significance. We who are artists and writers have the duty to bring it and the message of Dr. King's struggle for human rights to the attention of all mankind."

### Accusations

The famous civil rights leader, whose philosophy of non-violent resistance has gripped the imagination of millions and his inspired the current wave of student sit-downs at lunch counters throughout the South, was shocked and disturbed by the State of Alabama's trumped-up charges. Alabama has accused Dr. King of having received \$45,000 as income in 1958. The Committee has labeled this "a gross misrepresentation of fact. In no year of his life has Dr. King's net income even approached such a figure." The Committee's statement went on to say that "A preliminary examination of his tax return for 1958 shows that, if anything, he paid too much in taxes." The officials of Alabama reached their fantastic figure by the shoddy device of adding to Dr. King's personal income sums spent for transportation, hotels and other expenses in connection with his extensive travels on behalf of civil rights.

### Committeeman

Members of the Committee to Defend Martin Luther King and the Struggle for Freedom in the South include Mordecai Johnson, President of Howard University; Dr. Harry Emerson Fosdick, President Emeritus of Union Theological Seminary in New York; Harry Belafonte; Jerome Nathanson, of the American Ethical Union; Jackie Robinson; Dr. John Bennett; and Mrs. Ralph J. Bunche.

Dr. Gardner Taylor, Chairman of the Committee's Board of Directors, announced that already, within a week of its formation, the Committee has raised \$10,000 of its \$200,000 goal.

### National Campaign

Bayard Rustin, Executive Secretary, announced that the Committee would undertake a national fund-raising campaign to be conducted through church, labor and civic organizations at the community and grass-roots levels. The Committee's offices are at 312 West 125th Street, New York 27, N. Y., and all contributions should be directed there. Plans are being prepared to launch a widespread educational campaign on behalf of the work of the South-

She changes gowns so often—you have to keep your eye on her—and all of them are made by top parisian designers . . . Backing her is Red Saunders, whose band reigned at the old Club Delisa for many years . . . Jo herself seems happy enough to be back to her native land . . . and grabs the opportunity to talk about her adopted babies—all orphans—a project she is deeply interested in.

### Negro Conductor

At last Dean Dixon, the wonderful Negro conductor, has been recognized . . . He starts as chief conductor for Heissischer Rundfunk Symphony Orchestra September 1, 1961—and will perform for radio and TV network . . . Married to a European girl, Dixon enjoys living abroad—and for the past 3 years was chief conductor for the Goeteborg Symphony Orchestra, another distinguished organization.

### Fred O'Neal

We thought it was wonderful what Fred O'Neal's papa used to tell him—that when you go into any career, do it the best you can and if you fail it's because you were no good in it—not that you are a Negro . . . Those sentiments are very strongly felt now by O'Neal who has excelled as an actor and leader of the Negro actor's cause . . . Fresh from film and TV roles, he's now appearing in "Shakespeare in Harlem".

### Pearl Bailey

They've dressed up Pearl Mae Bailey in a starched blouse and put

her in "All The Fine Young Cannibals", an MGM picture starring Natalie Wood and Robert Wagner . . . and she's thrilled with the big scenes she has . . . "Porgy and Bess", after almost a year on Broadway, comes to the local theatres at normal prices.

### Johnny Mathis

Johnny Mathis is about one of the few performers who could successfully follow that terrific team of Dean Martin, Sammy Davis, Jr., Peter Lawford, Sinatra and Joey Bishop which broke all records at the Sands in Las Vegas when they took turns playing there recently while appearing in a movie together called "Oceans 11" . . . Even though it's a "slow season" in Vegas, Johnny did terrific business—and sang many of the favorites on records plus a few newcomers . . . One of the best is his arrangement of "Everything Comes Up Roses".

Sammy Davis, Jr.

They had a time getting Sammy Davis, Jr. to do that role of the not-to-bright-but-very-loyal soldier for General Electric—mainly because Sammy is a very busy guy and is always on the move—but it made a very touching story with much human interest and appeal . . . The script called for white and Negro soldiers but the camera didn't make "a thing" out of it—it was done naturally—and normally.

## NAACP URGES MINIMUM HOURLY WAGE OF \$1.25

New York—The NAACP this week reiterated its support of a minimum hourly wage of \$1.25 at both state and federal levels.

Herbert Hill, the Association's labor secretary, told the Committee of the New York City Council on Minimum Wages "that non-white persons make up a very large part of those who live in poverty." "This poverty," Hill continued, "is frequently related to discriminatory racial practices forcing Negroes into a marginal position in the economy—even though opportunity may increase for other groups within the community."

Mr. Hill also cited a recent NAACP study reporting "that less than one per cent of the apprentices in the construction industry throughout the nation are Negroes." He appeared March 2.

"Unfortunately," Mr. Hill continued, "the number of Negroes in apprenticeship training programs in the New York construction industry differs little from the national pattern."

### Negro Craftsman

Mr. Hill referred to the 1950 census indicating that Negro craftsmen receive considerably less yearly than whites, \$1,955 as opposed to \$3,121.

"Lack of apprentice-trained Negro craftsmen directly affects the economic standing of Negroes, as a whole," Mr. Hill said.

"If Negroes are not employed in such occupations in large numbers, a potential source of high income is removed from the group," he added.

Accordingly, Mr. Hill concluded, "it is certainly desirable to raise the

## Student Sitdown Continues to Spread Throughout the South

New York—Support of the southern students' protest movement against lunch counter Jim Crow mounted throughout the nation last week as young people, continuing their demonstrations, went to jail in Nashville, Tenn.; faced trial in Raleigh, N. C.; were expelled from college in Montgomery, Ala.; fined in Winston-Salem, N. C.; and arrested in other southern cities.

Local branches of the National Association for the Advancement of Colored People and their groups backed up the students on the southern front with letters of protest to the owners of the Woolworth and Kress chains, picketing in front of local stores of the chains, mass meetings and their demonstrations in cities across the country from New York to San Francisco.

### Full Backing

Meanwhile in New York City NAACP Executive Secretary Roy Wilkins re-affirmed the Association's full backing of the southern students. "These students," he said at a news conference here on Feb. 29, "have the 100 per cent backing of the NAACP in their fight." The conference was held for two of the leaders of the movement at their respective colleges: Lacey C. Streetier of North Carolina College at Durham and Miss Elizabeth Johnson of Virginia Union University in Richmond.

### TV Show

Streetier, an Air Force veteran and head of the NAACP chapter at North Carolina College, told reporters of the sit-in demonstration in Durham. Miss Johnson, who was

arrested in Richmond, told of her experiences. The two, Miss Johnson and Streetier, appeared on the Dave Garroway program "Today" over the NBC-TV network on March 2.

NAACP lawyers in Virginia, North Carolina and Tennessee have afforded legal counsel to students arrested as the result of demonstrations in those states. NAACP units throughout the South have posted bond for students upon arrest.

### Visited Scene

Herbert Wright, NAACP youth secretary, who has visited the scene of action and consulted with NAACP and other student leaders, reports that more than 300 in eleven cities have been arrested. Arrests have been made in Greensboro, Winston-Salem, Raleigh and Charlotte, N. C.; Richmond, Suffolk and Portsmouth, Va.; Chattanooga and Nashville, Tenn.; Orangeburg, S. C.; and Tallahassee, Fla.

Demonstrations have been carried out in the following cities in addition to those indicated above: Concord, Durham, Salisbury, Shelby, Fayetteville, N. C.; Norfolk and Hampton, Va.; Rock Hill and Colum-

### These Baked Apples Go Glorious!

In the time it takes to say to unexpected guests, "Stay for supper," you can change plain baked apples to a glamorous dessert with a quick 'n' easy topping! This simple flaked coconut and cream mixture would be equally delicious on applesauce, or on a wedge of apple pie. The topping can be added just before serving; or, if there's time, chilled in advance, as the recipe suggests.

### Coconut Baked Apples

6 tart apples, cored	2 tablespoons sugar
1/2 cup water	1/2 teaspoon orange extract
3/4 cup sugar	or grated orange rind
1/4 cup Baker's Angel Flake Coconut	1/2 cup cream, whipped

Place apples in baking dish, add water, and sprinkle with 1/4 cup sugar. Bake in hot oven (400° F.) 45 minutes, or until done. Cool.

Fold 1/2 cup of the coconut, 2 tablespoons sugar, and orange extract into whipped cream. Top apples with the mixture. Garnish with remaining coconut. Chill before serving. Makes 6 servings.

Be sure that everything is in order for projecting your film before the meeting opens. That's the secret of a good smooth showing.

### Films Give Variety to Club Programs

Many clubs and organizations have heard their first "meeting come to order" for the season, and program chairmen are looking for good material.

That's why we feel it's a good time to talk about the vast fund of program material that's currently available in professionally-made movies—and at prices well within the budget of even the smallest club group. We think you'll be pleasantly surprised to learn that it's possible to provide an interesting program for as small a rental fee as \$1.25 to \$2 per film!

Movies are really hard to beat as program material. For they not only offer fine fare for a tiny price, but present a wide enough choice of subject matter to fit any type of program you may be planning.

General interest, pure entertainment, special interest, educational—dramatic or documentary—you can have what you want strictly a la carte! If yours is a literary group, look into the classics of literature available on film. A Mothers' Club and the Parent-Teachers Association will be interested in films on child care and development. The garden club

will be pleased with films on flower growing and arrangement. An internationally-minded group would probably be attracted by films about distant lands or perhaps a visit to the United Nations. For farm groups, a film program devoted to specific agricultural problems might well be your best choice.

If you're not familiar with the sources from which rentals may be made, just go to the public library for information. In some cases, you'll find that the library itself has a film-rental department. If not, you will be given a direct lead to a convenient source.

You might also like to know that the Government Printing Office publishes a little fifty-cent handbook, called "A Directory of 2,660 16mm. Film Libraries." If you order a copy, you'll discover an extensive list of film sources in your area—including your state film library—along with a description of the type of film carried by each source.

So we say, never underestimate the power of a movie—it may turn out to be the best program material your club ever had!

Green Stamps help keep IOWA PRICES DOWN!

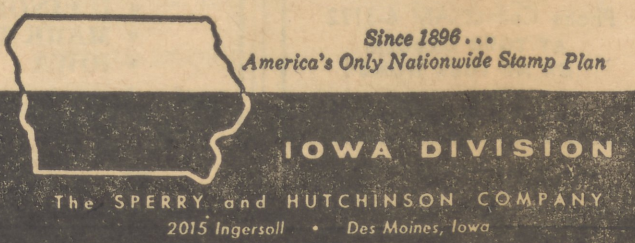

Like the ads of local merchants that you see in this newspaper, S&H Green Stamps boost business. At the same time they help keep prices down.

Here is why: When a store sells more, it can sell for less, since bigger volume brings lower costs.

Stores that use S&H Green Stamps must sell competitively. Iowa housewives are expert shoppers. They read the ads. They check and compare prices. And they can't be fooled!

Trading stamps are being saved today by two out of three American families—about 35 million in all. And their use is still growing in this and other States.

For the best values, shop at the stores in your community that give S&H Green Stamps.

HELPING CHILDREN "GROW UP"  
Children look forward constantly toward being "grown up." What guideposts can you as parents use in helping them mature?  
First, try observing your son or daughter as a person outside his or her circle of close friends, either in your own home or on the playground. Notice his or her outstanding characteristics in relation to playmates. One mother, after doing this, remonstrated with her son, telling him he was too "bossy." He replied, "Well, if I don't say what to do, nothing happens!"  
Praise Encourages  
Second, remember that praise of any progress will encourage your child toward further improvement. Praise his attempts to help you, his attempts to make something, his courtesy to older persons such as an aunt or a grandfather or grandmother who may be visiting the family. If your child does something on his own toward family unity and welfare, praise for it will mean much to him.  
A clinician tells of advising a mother who had come to him for help with her son to praise her son more. She retorted, "How can I when he never does anything worthy of praise?"

And He said unto her, Daughter, be of good comfort; thy faith hath made thee whole; go in peace.—(Luke 8:48.)  
When we have faith in God, our Heavenly Father, even as little as a grain of mustard, nothing is impossible to us. We can overcome doubt and fear, illness and despair—our faith can make us whole, and we will know peace.

**Indonesian Chicken — Shrimp Superb**

The Asian countries are masters at combining unusual food combinations for sensational flavor. This combination of shrimp, chicken, ham, crab meat, peanut butter and seasonings sounds too different! But it is a delicious, subtle blending of complimentary flavors.

**INGREDIENTS:**

- 1½ cups uncooked white rice
- 4 cups chicken broth (use bouillon cubes if desired)
- 1½ teaspoons salt
- ½ cup cooking fat
- 1½ cups chopped onions
- 1 clove garlic, minced
- 1 teaspoon whole cumin seed
- 1 pound frozen green shrimp or 2, 4½ oz. cans
- 1 teaspoon ground coriander
- ½ teaspoon mace
- ½ teaspoon chill powder
- ¼ cup peanut butter
- 1 cup cooked crab meat, cut up (about a 6 oz. can)
- 1 cup cubed cooked ham or luncheon meat
- 1 cup cut up cooked chicken (about 2, 5 oz. cans)
- About 1 cup shredded coconut
- About 3 bananas, sliced

**METHOD:** Put the rice, 3 cups of the chicken broth and 1½ teaspoons salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid and simmer

over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on until ready to use, at least 10 minutes. While the rice cooks, heat the Dutch oven. Add the onions, garlic and cumin seed. Cook, stirring occasionally, 10 minutes or until the onions turn yellow and are tender.

While the onions cook, if green shrimp are used peel and clean. To clean, run a knife along the back of the shrimp from head to tail to remove the sand vein. Wash in water.

After the onions cook stir in the green uncooked shrimp. If shrimp are very large coarsely chop them but save several whole shrimp for garnish. Cook, stirring occasionally, about 10 minutes or until the shrimp are pink all over. Stir in the coriander, mace, chill powder and peanut butter. Mix well. Add the shrimp if canned shrimp are used, crab meat, ham, chicken and the remaining 1 cup chicken broth. Heat until very hot. Gently stir in the hot rice. Serve in a large dish garnished with the whole shrimp. Serve the peanuts, coconut and bananas in side dishes. Servings of the chicken-shrimp mixture should be topped with helpings of peanuts, coconut and bananas. This recipe makes 12 servings.

This is the Lenten season. For many the 40 days before Good Friday (Friday before Easter) is a period of fasting and self-imposed personal sacrifices. For others it is rigidly adhered to because of church edict. During this time the individual gives up something that he or she particularly enjoys. It may be a favorite food, social pleasure or recreation or something designated by their church.

However, for many of those not subject to religious edicts, giving up something for Lent, nowadays, has gone the way of New Year's resolutions. Either it is not embarked upon at all because they realize they will not keep it or they begin and along the way they weaken and give it up. But as it is with New Year's resolutions we deem it is still better to attempt and fail later than to not attempt at all.

During the winter we have often had as our bus companion Mrs. Stanley Proctor of 1111 11th Street. Recently, we noticed that we had not seen her and thought perhaps she had been taking an earlier or later bus. However, she called us earlier this week and told us she had been in Mercy hospital for 16 days due to a painful ulcer. She is now at home and feels much better, she said.

Many of you may not have heard of Kenneth Goodman, the renowned concert organist, but if you attend his benefit concert at St. Paul A.M.E. Sunday, we are sure you will remember him for years to come. Mr. Goodman stopped in the office Saturday for a visit with the By-stander staff and we picked upon his background, which appears in a separate story on the front page. However, Mr. Goodman has a portable Conn organ that he carries with him in his car.

He also related an unfortunate story in which his former chauffeur took off for parts unknown taking with him, all of Mr. Goodman's clothes.

His current chauffeur is a young man, Donald Warren, from Jefferson City, Mo.

A number of recent weddings and receptions have been held in the new YMCA building. We learned the

A man's suit seems a simple thing—but, on the average, it requires some 7,000 square inches of material along with 8,000 square inches of inner fabric, up to 16 buttons, 565 yards of thread and 150,000 stitches.

You want all this material put together properly so that your suit will give you long, good-looking wear. Here are some things to watch for when buying your next suit:

- Look for a two ply fabric, which is resilient and will hang back in shape after each wearing. (If you're in doubt, check the label or ask your salesman.)
- Turn the inside belt out. Be sure it's stiff enough to keep the waist line wrinkle free.
- Hold the suit coat out at arm's length, and check the lining. It shouldn't hang or pull.
- Look for buttonholes that are closely and evenly stitched.
- Check stitching throughout the suit for evenness and strength.

A GOLDEN GLOW FROM A SMOOTH CHEESE SAUCE makes this deviled egg dish extra special fare. Zestfully seasoned Underwood Deviled Ham, added to stuffed eggs, gives a tangy and hearty flare to a family favorite. Whole-ham goodness with deep down flavor is the deviled ham secret to cooking success. Try this dish on your family:

- DEVILED EGGS IN CHEESE SAUCE**
- 6 hard-cooked eggs
  - 1 Family Size (4½ oz.) Underwood Deviled Ham
  - 1 tablespoon minced parsley
  - 1 teaspoon prepared mustard
  - 2 cups cheese sauce

• Shell eggs and cut in lengthwise halves. Remove and mash yolks. Mix in deviled ham, parsley and mustard. Refill egg halves with deviled mixture and arrange in a shallow baking dish. Pour cheese sauce over eggs. Bake in a moderate oven (350° F.) about 10 minutes, or until very hot. Makes 3-4 servings. (ANS)

There is no simple answer to the problem of acne, just as there is no single cause for this aggravating condition. Many doctors do agree on one step in the treatment of acne, and this is to wash the face twice a day with plenty of soap and water to open and cleanse the "mouths" of the fat-producing glands.

## MORAL LEADERSHIP IS LACKING

The disgraceful round-the-clock sessions of the U. S. Senate negatives the old boast that it is the greatest deliberative body in the world. Certainly, the procedure going on is not a good example for young people to follow.

It does seem that 18 men should not be allowed to block a vote on a civil rights bill when the rules of the senate provide that a vote of 66 members may limit debate. And nobody is foolish enough to deny that civil rights have not been debated adequately.

A civil rights bill, such as proposed in the large number of measures under consideration, would help insure the full protection of the rights of a large segment of the population. It is vital legislation. It invokes the moral courage of men to stand up and be counted.

This is not the first time southern senators have filibustered against civil rights. And while compromise is almost inevitable in most proposed legislation, too many of those who pose on the favorable side don't have the moral courage to settle once and for all the question of full civil rights for the Negro.

As Roy Wilkins said in a speech in Dallas, Texas Saturday "It is a curious reflection upon the United States of America that here in 1960, the Senate should be trying to debate whether it should pass a bill which gives Negro citizens only the rights which they should already be enjoying through the guarantees in the Constitution.

"A man from Mars, or from the Soviet Union, would be puzzled by the great hullabaloo over a civil rights bill in this 1960 session of our Congress. Isn't this the world's greatest democracy? Isn't the U. S. A. the leader of the "free world?" Didn't we dedicate a Bill of Rights Day to the Hungarian freedom fighters—Does not our foreign relations policy slap at the Soviet Union's trampling of Hungary at every opportunity? Doesn't our Constitution guarantee individual freedoms and does it not provide for the voting of citizens? Doesn't our Declaration of Independence call for government by "consent of the governed?"

Unfortunately, the moral forces of America have not provided unified leadership in behalf of civil rights for the Negro sufficient to combat those evil bigots who would deny it. True, there are laws on the statute books already assuring every man equal rights but they are not enforced. We have allowed too many public officials to enforce the laws they select and ignore others.

The filibusters may prevent the passage of a civil rights bill now but those willful senators are simply fighting a delaying action. In the meantime they make our friends abroad feel that what they advocate is the policy of the United States.

## RANDLE CANDIDACY DESERVES SUPPORT

Gilbert Randle, longtime worker in Republican ranks and at present state house postmaster, has announced his candidacy for the Republican nomination for Polk County Court Clerk.

He is the first Negro candidate for a Republican nomination for this or any other major county post. His entry offers an opportunity for the Republican organization and voters to give recognition other than second rate jobs for a Negro who has spent almost a quarter century helping others get elected.

The Polk County Executive organization urged Randle to enter the race. They recognize the strides Democrats have made by rewarding Negro Democrats and that Negro political leaders are no longer satisfied with the crumbs from the table.

If Randle gets the nomination, and the Bystander hopes that he does, Republicans generally must help in his campaign. His candidacy will be a party matter, not the job of Negroes alone. And unless so considered and dealt with the whole affair will be a simple gesture.

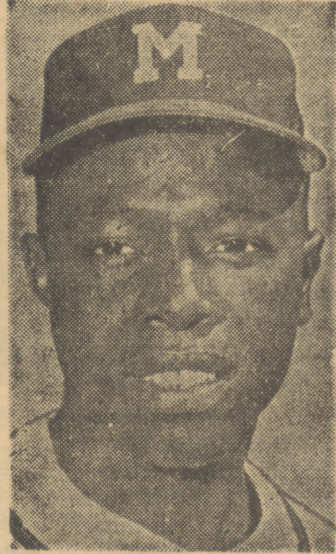

We believe Randle can do a good job. He has the unstinted support of the Bystander.

## Shower Cap Stays Put

Is that shower cap always elusive when you're ready to jump under the spray? A new shower cap is designed to make this little annoyance a thing of the past. It's a nylon-finish plastic cap with a gay daisy sprouting from the top—the daisy actually a rubber suction cup! Simply press this flower to the shower wall and it stays put, always handy for duty. Rub a little soap on the suction cup to make it adhere even more firmly.

## Aaron Inks Pact; Signs For 50 Gs

Milwaukee—Hank Aaron, who posted the National League's best batting average in nine years with a mark .355 in 1959, won his wage contract with the Milwaukee Braves who gave him a \$50,000 contract for the 1960 season.

Aaron

The signing was announced here last week after Aaron and McHale came to terms during a telephone conversation. Aaron spoke to McMobile, Ala., where he has been resting with his family and dodging the wintery blasts until spring training begins.

The new contract gave Aaron a boost of about \$15,000 over the estimated \$35,000 he received in '59.

The current league's batting champion, Aaron's work at the plate was definitely a factor in the winning of his duel with the Braves' brass. In addition to batting .355, "Hammering" Hank garnered 400 total bases, the highest since 1948; hit 39 home runs, and drove in 123 runs. He also had a hefty slugging percentage of .634.

## Will Officiate in Girls State Tourney

George Stone of 913 Crocker street will become the first member

STONE

of his race to officiate at a state high school basketball tournament when the event gets underway this weekend at Veterans Auditorium.

An outstanding Girls basketball official, Stone is a graduate of Tennessee State of Memphis, Tenn., and has been officiating high school athletics in Iowa for 12 years. Photo courtesy of Des Moines Tribune.

If you saw the Drake-Cincinnati basketball game last Saturday you also saw the largest crowd that ever saw a college cage game in Des Moines. There were an astonishing number of Negroes. If there is a good Negro performer on any club

Oscar Robertson gave the impression that he was playing just well enough to win. Drake's Gus Guydon looked better but he was putting out all he had, while Oscar was taking it easy. But Drake gave the local fans something to talk about and a good game for their memories. But, we here have seen at least one all American cager; maybe, two.

## High School

If East Waterloo can make it to the finals of the boys high school meet they will have more Negroes one one club than has been in the meet all together in the last thirty years. They can field an all Negro All the other Trotters are ex-team and do at times. Hope they

## HEALTH FOR ALL

### Watch Out!

Influenza is here! In February both the common cold and the flu were flourishing. And it's no surprise if there's a lot of both in March too.

Influenza symptoms include fever, sore throat, headache, aching muscles, and extreme tiredness. When the illness has run its course—anywhere from one to two weeks—the patient would be well advised to have something handy to hold onto when he first gets up of bed. He'll feel as though he'd just run nonstop from New York to Los Angeles and he's quite likely to feel that way for another two weeks. Prowling pneumonia germs will have a hungry eye on him during this period, so he'd better get plenty of rest.

### Dangerous Illness

The flu is a dangerous illness for anybody. But it's particularly perilous for anyone with a chronic chest

disease—bronchitis, tuberculosis, emphysema, or any other lung or heart ailment. The flu can make the ailment worse in sufferers from such diseases. It can bring on a relapse in those who have recovered. And it can kill.

If you have or have had a chronic respiratory disease, ask your doctor about vaccination against flu. There are a number of influenza viruses, and vaccines available today do not protect against all of them. However, if a case of flu would be especially dangerous to you, vaccination is a worth-while precaution.

### Extra Rest

Backstop the vaccine with extra rest, good food, and avoidance of crowded places as much as possible. If you come down with even the mildest of colds, stay home and take particularly good care of yourself.

## Youngsters Dreaming of Joining Globetrotters Some Day Should Get College Education First

Chicago, Ill.—Any youngster who dreams of playing basketball with the Harlem Globetrotters some day should first make plans to pursue a college education.

A glance at the roster of Abe Saperstein's fabulous, internationally famous quintet should convince aspiring youngsters of that fact. Only three members of the current undefeated Globetrotter squad failed to matriculate at a college.

### 3 Exceptions

The three players who are exceptions to the rule in this respect are: Meadowlark Lemon, Bob Hall and Murphy Simmons. That talented trio leaped from high schools in Wilmington, N. C. and Detroit, Mich., directly to the Globetrotters. Meadowlark hails from Wilmington, while Hall and Simmons are Detroiters.

### make it.

We were really glad to see George Stone recognized and given a chance to work the Girls State basketball meet, the guy has been an outstanding official for some years. And he will be at the Veterans auditorium this weekend. Not because he is a Negro but because he is one of the best in the business and that is as it should be.

### Boxing

So the National Boxing Association did another flip-flop and restored Archie Moore's lightweight title to him on condition that he fight the very guy he had already signed to fight.

collegians, however. Capt. Clarence Wilson first won fame at Tennessee A. & I.; Bobby Milton comes from Anderson College in Anderson, Ind.; Tex Harrison is a cage immortal from North Carolina College in Durham; Joe Buckhalter is also from Tennessee A. & I., and Ernie Wagner is a product of Detroit's Wayne University.

### Lush Salaries

Lush salaries and world travel attract college men to the Globetrotters, says Saperstein. "Fifteen years ago," the famous owner explains, "we couldn't pay a college man enough money. But today our salaries compare with almost any other business a young college graduate can go into. That's why more and more college stars are joining the team."

## SOME STATE PARK ROADS MAY CLOSE DURING THAW

Spring visitors are more than welcome in Iowa state parks, but they may have to walk part of the way. The parks will be open at the usual hours, but the State Highway Commission takes care of the roads in the parks and when they feel that a blacktop or gravel road would be harmed by continued traffic during a thaw, they will close it until the danger passes.

Many of our state parks have picnic areas within easy walking distance of the paved roads. Picnic tables and fireplaces will be put out just as soon as the snow leaves. The annual influx of bird watchers and flower photographers will want to use our state parks for their jaunts, and everyone is welcome—but please remember—a closed road this spring will mean a much better road this summer.
