C.; Florida Normal Institute, St. Augustine, Fla.; Jarvis Christian, Hawkins, Texas; Oakwood College, Huntsville, Ala.; Stillman College, Tuscaloosa, Ala.; Daniel Payne and Miles Colleges, both in Birmingham; Selma College, Selma, Ala.; and Paul Quinn College, Waco, Texas.

Local NAACP to Hold Monthly Meeting

Florida Calls for Operation Wade-In

New York—Southern units of the National Association for the Advancement of Colored People have been urged "to take the leadership in encouraging Negro families to seek service at all municipal and state beach and park facilities maintained by taxes."

In a memorandum to 650 state and local units in the region, NAACP Executive Secretary Roy Wilkins today cited the call issued by southern leaders of the Association in Atlanta on May 7 for Negroes to make use of these facilities for which they pay taxes. Despite court rulings, in many southern communities Negroes have been denied access to public beaches or limited to restricted areas. On April 24, Negroes were driven from a public beach in Biloxi, Miss., by white hoodlums.

Affirmed by Courts

"The right of Negro citizens to enjoy unrestricted privileges of public beaches and pools has been affirmed by state and federal courts," the memorandum asserts. In 1955, the United States Supreme Court upheld this right in a case originating in Baltimore, it points out.

18,000 Arrested in South Africa

Cape Town, South Africa—More than 18,000 Negroes have been detained in raids in South Africa since the beginning of the state of emergency in March, Minister of Justice Francois Erasmus told Parliament Friday.

In addition some 1,700 people of all races have been seized in political arrests as suspected subversives. The arrests of both suspected subversives and Negroes held as troublemakers are continuing.

African Journalist Writes of His Impressions of Harlem in June Issue of Holiday Mag

Peter Abrahams, the gifted young South African Negro writer now working as a journalist in Jamaica, B.W.I., accepted an assignment from Holiday magazine to come to New York and do a piece on Harlem, his "dream city," the Capital of the Negro World. His impressions appear in the magazine's June issue now on newsstands in an 8000-word article entitled "The Meaning of Harlem." Eight pages of the article depict Harlem scenes and personalities by prize-winning photographer Arnold Newman.

Walking the Harlem streets and talking to its writers, its thinkers, and its ordinary citizens, Abrahams translates his reactions in terms of

Negroes Win Sitdown

Nashville, Tenn.—Small groups of Negroes began eating at previous all-white downtown lunch counters Tuesday under an agreement reached in secret negotiations.

Groups of four or five Negroes walked quietly into six stores, sat down at the lunch counters, ordered and were served.

The Nashville lunch-counter desegregation was the first breakthrough by Negroes in the passive demonstration campaign which began in Greensboro, N. C., in February and in which sit-downs were staged in every Southern state except Mississippi.

his wife last year, who is taking studies in preparation for a nursing career. Both are studying under grants provided by the Lutheran church.

The parade will begin at 10 a.m. from the State Capitol Grounds, following a route down Walnut street from East 9th to West 12th. Iowa Air National Guard planes will fly over the parade route.

New Orleans, La.—In the event of a major disaster in New Orleans Negroes and whites must be very careful in picking the air shelters allotted to citizens. Whites must not go to shelters allotted to Negroes and Negroes must surely not enter shelters intended for whites.

Little Rock, Ark.—Gov. Orval Faubus declared that he had met Mrs. L. C. Bates, state president of the NAACP, only twice. His comment came in reply to Atty. Gen. Bruce Bennett's charge that Faubus and Mrs. Bates were negotiating thru representatives to give Faubus NAACP backing at the polls.

RETIREMENT

Industry's policy of arbitrary retirement at 65 is slowly crumbling, according to an Industrial Relations News study. Survey of 30 major corporations revealed that 25 per cent already have instituted flexible retirement policies, and another 25 per cent make frequent exceptions to the 65-year limit.

New York, N. Y.—A. Phillip Randolph, president of the Brotherhood of Sleeping Car Porters, AFL-CIO, issued Friday the call to the founding convention of the Negro American Labor Council in Detroit, May 27-29.

RANDOLPH

Approximately 1,500 delegates, from New York to Los Angeles and from New Orleans to Detroit, are expected to converge upon the world automobile center to establish a mass organization of Negro trade unionists to gain equal rights in trade unions and industry.

Negroes Disheartened

"In a nutshell," the convention call declares, "Negroes are disheartened

and weary of discrimination and segregation in the labor movement." Stating that "hundreds of thousands of Negroes are the victims of this hypocrisy," the call maintains that Negro trade unionists themselves "must seek the cure, in terms of hundreds of thousands in a mass organization."

Leaders

Among the outstanding leaders scheduled to address the convention are Representative Charles C. Diggs, Jr. (Mich.); Walter Reuther, president of the United Automobile Workers; Rev. Martin Luther King, Jr., president, Southern Christian Leadership Conference; Mrs. Daisy Bates, NAACP leader in Little Rock; and George Harrison, president of the Brotherhood of Railway and Steamship Clerks.

Unionists

It is expected that scores of rank-and-file Negro trade unionists will take the floor at the convention sessions to testify to the substance of this statement in the call:

"We resent Jim Crow locals; we deplore the freezeout against Negroes in labor apprenticeship and training programs; we disclaim the

Will Not Appeal Delay in Atlanta School Integration

New York—Attorneys for the Negro children in the Atlanta school case will not appeal Federal Judge Frank Hooper's order fixing May 1, 1961 as the date desegregation in the city's public schools must start, it was announced today by the NAACP Legal Defense and Educational Fund. The order was entered by Judge Hooper on Monday, May 9.

The decision not to appeal, Legal Defense attorneys stated, is based on the fact that desegregation of Atlanta's public school system is no longer contingent upon legislative approval. Judge Hooper's order provides that desegregation begin in 1961 whether or not the legislature acts.

May 9 Order

The May 9 order came as a re-

sult of a move by Legal Defense Fund attorneys to put into effect as of September 1960, Atlanta's court approved desegregation plan which provides for grade-a-year desegregation beginning with the twelfth grade, through the use of court-approved pupil assignment criteria. Consideration of race as a criterion has been specifically enjoined by the court and the reasons for assignment must be in writing.

Motion Denied

Immediately after the legislative session, Legal Defense attorneys moved for implementation of the plan on the ground that the legislature had failed to act. Judge Hooper, on March 9, denied this motion.

Statement on 6th Anniversary of Supreme Court School Desegregation Decision

BY ROY WILKINS
Executive Secretary, NAACP
On the sixth anniversary of the historic U. S. Supreme Court ruling that racially segregated public schools are unconstitutional, only six per cent of the Negro children of school age in the southern and border states has been released from the bondage of segregated education.

And Jim Crow education continues to be bondage. According to the Southern Education Reporting Service for the school year 1956-57, Mississippi spent \$187.33 per white child in daily attendance but only \$0107.34 per Negro child.

Cheating

This kind of cheating, six years after the Supreme Court ruling is crippling the Negro citizen of 1960. The only cure is desegregation and

that at a much faster rate than the creeping average of one per cent a year. There are still 2,500,000 Negro children in segregated schools.

Urges Parents

The NAACP is urging Negro parents to have their children apply by the thousands under the pupil placement laws for transfers to schools which now are unlawfully labeled "white." Heretofore, these laws have been applied only to Negro children, but federal courts have ruled recently that they must be applied to white children as well if they are to stand.

The Negro college student sit-in campaign that has swept the South and received financial and moral backing from the adult Negro community is a clear sign that Negro citizens do not intend to stand pat on segregation.

BEACHES, PARKS
SEE FRONT PAGE
The exercise of that right, Wilkins' memorandum declares, has a "deeper meaning than securing relief from summer heat"; it also demonstrates "our determination not to forego any of our constitutional rights."

FLORIDA BEACHES
Tampa—The expectation that Florida beaches will bear ample share this summer of the recently announced NAACP "operation wade-in" was expressed by an Association spokesman in an address here Sunday.

Gloster B. Current, the Association's national director of branches, said Negroes hope "to cool off under God's sunshine and no God's beaches in Florida from Jacksonville to Miami and from Tampa to Pensacola."

Utilization
Current spoke of the Association's new drive for full utilization of all tax-supported public recreational facilities.

"With summer fast approaching," he said, "the NAACP has called for use of the public beaches, swimming pools and recreational facilities in the South."

"Our branches, from Cape May, N. J., to the tip of Texas, will be engaged in 'operation wade-in.' During the summer months, Negroes are going to wade in the water and enjoy the blessings of God's beaches, just as everyone else does."

New York City—Jo Baker's Tour Falling . . . Josephine Baker wears a whole rhinestone dress on the stage of the Harrington Hartford Theatre in Los Angeles . . . then she wears a gorgeous evening gown with cape to match with jewels on it—and she drags that over the stage as she walks.

On her opening night she came down with a terrible cold—but managed somehow to get through more than 20 songs in a style only she can do . . . Her gowns, all by famous Parisian makers, cost an approximate \$200,000—and she never wears the same gowns over within several days—which means you could just sit and watch the wardrobe parade coming forever . . . However, critics out on the coast all say Jo's act needs more polish before coming to the Palace on Broadway . . . She seems to jabber too much about being "allowed back" to America which could be cut from the informal script . . . However, the money was pouring in slowly. At \$6.60 top for weekends and \$5.40 top weeknights—she took in \$10,700 for her first three performances—Friday eve, and two Saturday shows.

But the full count has it that the show took in \$28,000 for the week—which was not up to par—and therefore would be closing down after a two week run . . . She continues on to Frisco.

Nat Cole

Nat Cole's managers were so confident the star would be a smashing success they hired a 7,000 seat hall in Berlin—sold the tickets at \$3.70 top and were sick when 2,000 remained unsold . . . Meanwhile, Nat's tour in Germany is promoted by Kurt Collen, who's doing one for Marlene Dietrich.

Hancher to Address SUI Commencement

Iowa City, Iowa—President Virgil M. Hancher of the State University of Iowa will consider "Education for the Unforeseen" in the main address during the University's spring Commencement exercises, which are scheduled for 9:30 a.m. June 10 in the SUI Fieldhouse.

This year's exercises mark the 102nd year in which SUI has granted degrees which now total some 70,300. The president has awarded 33,400 of those degrees.

Hancher Honored

Hancher was honored recently by alumni for 20 years of service as SUI head—longer than any other man. He is the University's 13th regular president and the 17th man to hold the office either on a regular or acting basis since Amos Dean became the first president in 1855.

Hancher became president of SUI in 1940, just 13 months before the United States became embroiled in World War II. He previously held a partnership in a Chicago legal firm, where he had practiced law continuously since 1924.

Religious Advisory Group Map Plans for Campaigning Against Job Discrimination

Washington—The first meeting of the Religious Advisory Council to the President's Committee on Government Contracts took place here on May 11. Fifteen representatives of Protestant, Catholic and Jewish faiths attended and discussed a detailed program of action for cooperation with the President's Committee's campaign against employment discrimination based on race, color, religion or national origin.

Vice President Richard Nixon, chairman of the President's Committee, opened the meeting with an address of welcome and appreciation for the interest of the religious leaders in the Federal Government's equal job opportunity program.

Actions Agreed On

At the conclusion of the day's deliberations, the Religious Advisory Council had agreed on several action courses to be followed both as a group and by the individual members at the level of their own congregations and communities. Among these were:

Publications

(1) The Council decided to carry on a program of equal job opportunity education through the nation's religious publications and the colleges and universities which have church and synagogue affiliations.

St. Louis Slated For Annual Golf

Tourney May 21-27

St. Louis, Mo.—The eighth annual McCollum Open Golf Tournament will be played at the Forest Park Golf Course here, May 21-27, according to tournament director Fleming Cody.

The tournament, which is sponsored by the Paramount Golf Club and approved by the United States Golfers Association, is expected to draw a capacity crowd. It will be a medal play affair.

President of the Paramount club is Nathaniel Jordan of St. Louis.

The closing address to the six-day convention will be delivered by Executive Secretary Roy Wilkins in the Northrup Auditorium at the University of Minnesota, Sunday afternoon, June 26.

Clergymen

Other convention activities announced by John A. Morsell, assistant to the executive secretary, include the annual NAACP breakfast for clergymen to be addressed by Dr. Homer A. Jack, associate director of the American Committee on Africa, June 23, and a series of workshop sessions.

Workshops will deal with vital aspects, Morsell said, of the NAACP program, "in relation to the slowed pace of desegregation in the South and increasing need for decisive action in the North." This would include, he asserted, examination of ways to utilize the Negro's growing economic power.

Uninteresting Tasks.
Parents often attempt to develop responsibility in their children by giving them tasks that the parents themselves consider uninteresting. Frequently these tasks are performed only after nagging, threats of punishments, or withdrawal of privileges.

in their daily work, the children will be more likely to look on their work with pride and interest rather than to think of it as drudgery.

TRAFFIC ACCIDENTS

If parents instead will share with their children some of the things they find interesting and rewarding

The Portland, Oregon, Traffic Safety Commission points out that most traffic accidents occur on a straight, dry, level roadway. And there is no doubt about what causes these accidents—it is driver error, and nothing else.

WHAT IS CONSISTENCY?

Parents have heard a lot of talk about being consistent with their children. However, the statement "Parents should be consistent" is another one of those "glittering generalities" that doesn't mean much. Consistency on some bases is completely wrong; consistency on other bases is more appropriate.

Hunger Needs

A mother would not think of consistently giving her infant the same amount of milk every day of the child's life. A mother who did this would be inconsistent in regard to the amount of milk per day but would be inconsistent in regard to observing the child's hunger needs. Consistency is often thought of in relation to discipline. When parents are consistent in their demands from children, the children have a clear picture of the limits within which their behavior is acceptable to their parents. When limits are fuzzy, the child becomes confused.

The wonderful month of May and her balmy ideal spring weather have done much to make us forget the severe winter we had. Do you realize that it is less than two months since the last of Iowa's snow, that stayed on the ground for over 70 consecutive days has melted? Which goes to show that it takes only a few good days of sunshine to mellow our outlook and get us dreaming about vacation and outdoor outings.

Among those who are planning an early vacation trip are Mr. and Mrs. Rufus Spates and daughter, Peggy Ann, of 1244 13th street who will be making their annual motor trip to Texas right after school closes. Also, making preparations to move to California, where they expect to make their new home are Mr. and Mrs. James Saunders of 1620 Carpenter ave. New neighbors of Mr. and Mrs. Henry Hammitt in the swank housing addition of Wakonda Village are Atty. and Mrs. Robert Wright and children.

Earlier this week we had a nice letter from Rev. Mrs. Orzealya Roberson of 846 15th street. As you remember Mrs. Roberson underwent emergency surgery at Iowa Methodist hospital. Because we know many of you are wondering how she is doing we thought we would publish it here. She wrote as follows:

"It is so nice to be back upon foot again after such a serious seige. I was in the hospital from the evening of April 26 to May 10th. I am having a very favorable recovery after a double major operation. I can walk to the table and to eat much of the time. The doctor said I could have visitors after May 30th. So I am indeed convalescing very favorably.

"About California: honestly, there is actually too much to say on this subject. In fact, I tried four times to give you an account of my vaca-

tion last August and utterly failed. I became too overwhelmed trying to get it all together.

"However, I just did wonderful in Los Angeles. I was one of Bishop's Wrights' secretaries and was Director of Evangelism of Ward A.M.E. Church at 25th and Magnolia in Los Angeles, of which Dr. L. Sylvester Odom is pastor. I also spoke in many of the leading A.M.E. churches, Baptist churches and many other churches in L.A. and surrounding California area.

"Ministers can come to see me, but other visitors after May 30."

Mrs. Roberson went on to say that she will put a card of thanks in the paper for all her friends who remembered her during her illness.

We would like to urge all high school graduates who are planning to have their pictures and writeups published in the anniversary edition of the Bystander on June 9, to do so as soon as possible to avoid the last minute rush. To have finished high school is quite a memorable occasion, especially when so many classmates fell by the wayside; it would be especially nice to commemorate the achievement with pictures and information in the annual high school page of the paper.

One Des Moines young couple, both high school graduates, celebrated their first wedding anniversary last Sunday. They are Mr. and Mrs. Orbie Boggs, Jr., of 1247 1/2 10th street. Mr. Boggs is getting further education by taking night courses at Drake university.

Many have been the times when we said we would write a few paragraphs on calling in news into the paper. We would like to say first that the majority of you have very thoughtfully and courteously observed the deadline by calling or

Mr. and Mrs. Clifford Bayles, and Mrs. Maud Bayles of 951 17th St., were hosts at dinner Monday evening to Lt. and Mrs. Joseph Gomer, and daughter, Tanya, and his mother, Mrs. Eula Gomer of Iowa Falls, Iowa.

Lt. Gomer has been stationed at the U. S. Air Force base in Petersburg, Va., and will embark next month for Germany for overseas service. His family will follow him later.

bringing it in before Tuesday noon. However, so many times I have talked to people who have said "I meant to call in about our club news," or "I had visitors and just forgot about calling in the news."

May we say that we welcome news from any and all people in the city. If you have visitors, compliment them by calling in the news. If you go out of town, call in the news, and mention those with whom you were house guests, if any. If you know of someone in the hospital, or a couple with a new baby, or a birthday party, anniversary or family get-together, call it in or urge them to do so. Add to all of this club and organization meetings.

There are many clubs in the city that we never hear from or very infrequently. Naturally if you have time, write in the news, as soon as it happens. If not call it in. It only takes a few minutes. Don't worry about any particular form of writing, we will attend to that. Just send us in the facts, including names, addresses, date and place.

And for those who do not know this there is no charge for publishing news in any paper. Every now and then someone asks us how much it will cost to put some news in the paper.

Here's hoping we will hear from all of you every week if you have news.

WELCOME MOVE AGAINST LABOR INJUSTICES

The constitutions and by laws of most labor unions include provisions barring racial discrimination. Some have special civil rights committees formed to help implement those provisions. Top officials have called for full cooperation by locals with these provisions.

Negroes have given unquestioned loyalty to the labor movement not only going down the line in their brushes with capital but also the unions. But many local unions have political candidates backed by the failed to live up to the principles of equality and thus are squeezing Negroes out of jobs and apprenticeships.

A. Phillip Randolph, president of the Sleeping and Dining Car Porters' Union, just about blew up at the AFL-CIO convention last fall arguing that the national organization was not getting compliance from local unions in their anti-discrimination program. (Des Moines is a good example of that.)

Dissatisfied with the lack of improvement in better observance of fair play for Negro labor, Randolph and a number of prominent labor leaders have issued a call to organize a movement to get something done about the matter. It is a welcome call.

The Bystander does not understand this to be an organization independent by one working with the unions in an effort to get compliance with their laws and a more favorable portion of the jobs available for all workers.

It is unfortunate that this movement becomes necessary. In the long campaign labor carried on to gain its strong position, capital was accused of using unfair tactics against them—giving the dirty end of the bargain. Much of this was true. But now that labor is on top, some unions use the same tactics against their Negro members.

The Bystander hopes that the movement will succeed; that Negroes everywhere will not hesitate to make their position clear that they want fair play in the distribution of jobs.

SIXTH ANNIVERSARY OF SCHOOL CASE

Just six years ago, May 14, 1954, the United States Supreme Court rendered one of its many outstanding and important decisions in history: that segregation had no place in public education.

The decision knocked many a school district senseless while others hailed it as a distinct step forward in the accomplishment of full civil rights for all Americans. Some have complied voluntarily, some begrudgingly after long court fights while some have made no effort to do anything, in many cases bragging that they will never give over.

It's a sad state of affairs when citizens refuse to abide by decisions of the courts. Under no other circumstance would the law be so openly flaunted. Recognizing the great change in the manner living which the decision would bring about, it said compliance should be accomplished with all deliberate speed.

And after six years, there are those people who fear that the efforts to enforce the decision are moving too fast. On the other hand there are those, and particularly young Negroes, who feel that the pace is too slow and thus the sit-ins at restaurants, etc. in the South.

It's pretty certain that integration will continue to go forward. And that's because the position is just, Negroes and their friends are more determined and the courts continue to dispose of cases involving segregation in the light of what it said in 1954.

AMERICANISM

The late President Theodore Roosevelt once said: "Americanism means the virtues of courage, honesty, justice, truth, sincerity and hardihood—the virtues that made America. The things that will destroy America are prosperity-at-any-price, safety-first instead of duty-first, the love of soft living and the get-rich-quick theory of life." And former President Hoover says: "We are in the midst of an increasing moral slump, as witness the increase in major known crimes."

Althea Gibson To Enter First Match As Professional

Cleveland—Althea Gibson, two time Wimbledon and U. S. women's singles tennis champion, has been mentioned as one of the six entrants in a three-day professional tennis tournament being promoted here by Jack March starting May 27.

Sure hated to miss the Iowa U. v. S. game last week. That will probably be the best of the series for some time to come. From what we hear great things are expected of Wilbur Hollis who was last year's number 2 quarterback. There were a lot of other Negroes out there who will be heard from come

next fall. There isn't much that we can say about the game that you haven't already read in the daily papers.

Iowa State served notice that the Cyclones are apt to live up to their nick name and in any event, they are through being the Big Eight doormat. Webb, Fitzgerald and Watkins will be back to make things tough for opponents next fall. The new Drake coach said the only hope he could see for Drake was to shoot the Cyclones as they ran out of the dressing room. Might have something at that.

Tennis

The Hilltop Tennis club is going to try to revive the matches with Kansas City so we hear. Those K.C. matches used to be the highlight of our season. Chet Williamson, and our late brother, Bill, and your illustrious scribbler used to make the old Missourian Valley meet, at times one of us came within an ace of staging the upset of the year, but we couldn't quite pull it off. But we always had fun down there and were treated royally after the first year.

Then there was the Triangle meet involving Omaha, Kansas City and Des Moines. We finished second in that meet but we guess most of the players had the time of their lives after the matches. It would be nice to see those matches revived.

Boxing

So Joe Louis is going to help train Floyd Patterson for his return bout with Ingemar Johansson. Well, Joe was hit with a right hand probably more times than any other heavyweight champ but he survived all of them so the big fellow ought to be an authority in right hand punches. How much good he will do Patterson is a guess but it will probably be good for the promotion angle.

It will be the first professional tournament for Miss Gibson, who has been on a barnstorming tour with Karol Fageros and the Harlem Globetrotters.

The tournament will feature men's and women's singles and doubles and mixed doubles events.

HEALTH FOR ALL

Bright, Healthy Sunshine?

When is sunshine like a chocolate frappe with whipped cream? Well, everyone knows—especially the kids—that a chocolate frappe with whipped cream is very nourishing and healthy. All those vitamins! And proteins! And just plain goodness! But of course—as most kids know, too—too many frappes can make you mighty sick.

Sunlight Damage

The same thing is true of sunshine, believe it or not. Years ago the great beauties of the time used to go to great pains to keep themselves covered outdoors, even on the hottest days, refusing to allow even a little bit of sunlight to touch their delicate skins. Might ruin their loveliness, they claimed. Do you know that they were perfectly right?

A Texas physician recently told a symposium on "Sunlight and the Skin" that many of the visible signs of aging are the result of accumulated damage caused by sunlight. The ultraviolet rays from the sun, the doctor told his fellow physicians, cause sunburn, pigmentary changes,

and even skin cancers.

Skin Changes

Among the skin changes related to exposure to sunlight are a dry, coarse, and leathery appearance and a skin laxity that means wrinkling. Besides there are various changes in color, because of the effect of the sun's rays on the skin pigments. What's more, the sun-damaged skin may have a tendency to develop skin tumors, some of which may be non-malignant. But others might turn out to be malignant (cancerous), the doctor said.

Suntan Lotions

Fortunately, the man from Texas reassures us that suntan lotions do their job very well. Those that are derivatives of para-aminobenzoic acid are probably best. So let's remember to take our suntan lotion along!

Let's get all the good, healthy sunshine we can but not too much! Remember those chocolate frappes with whipped cream!

Ernie Banks Called Half of Team by New Chicago Cub Manager: Lou Boudreau

Chicago—A fellow must be a great ball player when he could immediately win the confidence of a new manager.

Such was the confidence placed in Ernie Banks by Lou Boudreau shortly after replacing Charlie Grimm as manager of the Chicago Cubs.

Discussing his immediate plans for the team, Boudreau said in a press interview that the two things he liked most about the Bruins are, No. 1, Ernie Banks, and No. 2, the youthfulness of the team.

Heavy Slump

Banks has been in somewhat of a heavy slump recently, batting only .235 Monday (May 2), but was still the big man with the stick on the club and one of the most feared batters in the National League.

In addition to leading the majors with 21 runs driven in, Ernie had five home runs, despite his slow start at the plate. He was playing flawless ball afield.

Boudreau took over the field generalship of the Cubs after serving along with broadcaster Jack Quinlan, as radio commentator for Cubs games here and on the road.

Coaching Career

He has an impressive record. Still a young manager at 42, Lou started his coaching career with the Cleveland Indians in 1942 at the tender age of 24. He remained at Cleveland until 1950, then managed the Red Sox in 1952-54, he moved to the

TOMORROW COMES

Tomorrow comes—since our new years' dawning
With a lovely view of each fresh new morning
Here's an unspoiled day—an unscarred year
Will man resolve to end all fear?
For tomorrow comes—to a timorous throng

As a time for grief—and not for song,
As a black abyss, filled with anguished moans,
From the starving slaves who are worn to the bones.

Our tomorrow comes—in our glad, free lands
As a time to rejoice, revel, sing with the bands
Let us now give thanks—take time to pray

For the lost, the hungry, the sick, and the stray.
Each tomorrow comes—for those who can see
As the time for the fray, for the right, victory!

For to quiet forever, the guns and the drums,
To build for the glory, when tomorrow comes.

Thoughts for Today

It is a wise man who can be

thrifty without being stingy; who can be generous without being wasteful.—Anon.

What I must do is all that concerns me, not what the people think. This rule, equally arduous in actual and intellectual life, may serve for the whole distinction between greatness and meanness. It is the harder because you will always find those who think they know what is your duty better than you know it. It is easy in the world to live after the world's opinion; it is easy in solitude to live after our own; but the great man is he who in the midst of the crowd keeps with perfect sweetness the independence of solitude.—Emerson.

Laugh Lines

As a steamer was leaving the har-

bor of Athens, a well-dressed young passenger approached the captain, and pointing to the distant hills, inquired: "What is that white stuff on those hills, captain?"

"That is snow, madam," replied the captain.

"Well!" remarked the lady. "I thought so myself, but a gentleman just told me it was Greece."

BALL PEN

Some pens write on butter! Better still, now there's a pen that writes with a three-dimensional effect on cloth. You can use it to draw glittering, embossed decorations on apparel or house linens—in gold, silver, or multi-colors. The raised designs are chip-proof when dry, and can be washed with soap or detergent suds.
