### Reveal No Negroes Hired on Freeway Projects

A resolution to determine why no Negroes are employed by local contractors on the Des Moines freeway projects was passed by the Des Moines branch of the National Association for the Advancement of Colored People at its meeting Tuesday evening. The resolution also authorized the labor committee to contact the state highway commission for that purpose and asking that the policy of discrimination as evidenced by the actions be changed.

It was also revealed that school boys seeking jobs on the projects had been shuttled back and forth from Ames, with out results. One spokesman noted that a Kansas contractor had brought some Negro employees with him.

### Homes Over \$12,000 Still Hard to Find NAACP Reports

Reviewing the progress of integrated housing in Des Moines the Des Moines branch of the National Association for the Advancement of Colored People, reported that 12 additional areas had been opened to Negroes now live in 17 areas in Des Moines where they are in a minority, excluding the area close to the business district where they are in a majority.

\$12,000 one

However, the branch revealed that although about 35 Negro families a year are seeking Des Moines homes valued at \$12,000 or over, only about eight homes in the \$10,000-\$20,000 category are listed as available to Negroes. The latter information was disclosed by the American Friends Service committee which has made many surveys on housing in Des Moines in the past few years.

### 20 Year Friendship Busted As Ungar Turns on Hulan Jack During N. Y. Trials

New York City . . . (CNS) — A "good friend of 20 years"—one who didn't bother to sign an agreement to pay \$4,400 worth of remodeling costs for Hulan Jack's apartment because they "trusted each other", now claims it was Mr. Jack who wanted to lie his way out of the situation while he, Sidney Ungar, stuck to the truth. Sneers filled the courtroom as unbelieving ears heard Attorney Sidney Ungar take the stand and testify obviously "to save his own skin." Mr. Jack, sitting nearby, was surprised to hear Ungar's words of how he exclaimed "God, Hulan, what is the matter with you? When are you going to understand what is going on. There is now a grand jury investigation. Do you know what that means?"

#### Stick to Story

Jack is supposed to have answered that he would stick to his story—which Ungar now claims is the absolute untruth. He said he told Jack "If I am called, one thing is sure—I've got to tell the truth. I'm going to tell the truth. It's not too late."

### Five Iowa Cities Represented at NAACP Convention

Delegates from five Iowa cities represented chapters in their respective cities at the 51st annual convention of the National Association for the Advancement of Colored People last week in St. Paul, Minn. They were De Edwin White and Mrs. E. T. Hicks of Burlington; Malcolm A. Austin, Ollie Lewis and Sandy Perry of Council Bluffs; Wilmer S. Johnson of Marshalltown; Mrs. Helen Kendricks of Sioux City; and Atty. J. B. Morris, Jr., Mrs. Clara Bayles, Mrs. Guy E. Greene and Mrs. Inez Morrow of Des Moines.

Ungar even brought Mrs. Jack into the testimony. He says in a telephone conversation she stated she would lie and kill for her husband because she believed him to be a good man.

To add to the dramatics, Ungar paused appropriately, removed his glasses, made a move to wipe tears from his eyes, and cleared his throat.

#### Lie Was Prepared

Sidney Ungar came to the stand seemingly to use any methods of getting himself "off the hook." Whatever the Grand Jury wanted to hear, he was ready to tell. Holding nothing sacred, he began by stating that Hulan Jack planned the lie for SEE PAGE TWO

### Report 'For White Only' Signs at Lake Okoboji; Beauty School Bias Cited

The governor's commission on human relations heard Monday a report that a real estate development at Lake Okoboji features a sign for "white only."

The case which was called to the attention of the commission by the Rev. Ian McCrae, Des Moines minister at University Christian Church, featured an advertising circular for lake property form the East Okoboji Lakeshore Corp., Spirit Lake and signed by Jack Wells. The circular offered cottage sites for sale on a tract at the east side of East Okoboji and stated, "This property is restricted to the white race."

#### Called Upon Parties

Addressing himself to the tasks of the day, the NAACP leader called upon both the Democratic and Republican parties to adopt civil rights planks which "declare the clear and mandatory role of the federal government in the many-sided segregation process. Federal responsibility in this area," he asserted, "has been obscured in these past six years by a succession of incredible and inept pronouncements on the executive level of government, as well as by a mean and ruthless campaign by the know-nothings on the local, state and congressional levels.

#### Equivocation

**Recommends Survey**  
Citing the need for the commission to develop long-range goals, Shelton recommended a survey of new housing in Des Moines since 1955, to determine what percentage of housing is available to Negroes.

"On the basis of national statistics," he said, "I would guess it is less than one per cent."  
Shelton said urban renewal could not work within a framework of restricted housing. "The real battle is for legislation to open up housing,"

the District Attorney and nothing would move him from telling it. He gave the impression that he begged and pleaded with "his friend Jack" to please tell the truth—that it was better that way. But the Borough President stuck to his lie, Ungar said.

**First Fight Stage**  
Before the session was over, Sidney Ungar and Jack's defense lawyer, Carson DeWitt Baker, were practically to the fist fight stage. They shouted so excitedly that Judge Sarafite had to call for order or charge contempt of court. "This is not a street brawl!" he reminded them.

Insisting he has done nothing wrong, Ungar's story was broken down by Baker with sarcasm in his voice. "If you had nothing to hide—if you had done nothing wrong—why then are you afraid? Ungar, visibly shaken, answered "I got myself involved for no reason at all—just to help a friend."

**Taking Advantage**  
"You mean you got yourself involved to take advantage of a so-called friend, don't you?" Baker snapped back, acidly.  
"Tell me where I took advantage of him—and how and when?" replied Ungar.  
"You knew when you sent Bechtel, the contractor, to Jack's apartment to redecorate it that it was a violation of the City Charter," Ungar said he did not. Ungar still wishes to be named Sponsor of Title I and has two suits against the city.

Beauty Shops Cited

In its meeting at the statehouse with officials of the state board of cosmetology examiners and representatives of beauty schools and beauty operator organizations in Iowa the commission learned that there is discrimination in beauty shops through specialization. Chairman Boles said the commission has received no complaints in beauty schools in connection with its investigation of discrimination in barber shops, where there have been complaints, he said. A lot of extenuating circumstances were taken into consideration.

Members of the cosmetology group claimed that beauty operators discriminate on the basis of hair type, but not skin color. They said that a Negro woman's hair requires different techniques and equipment than a white woman's hair and that beauty schools cannot afford to train operators to do a good job on both kinds.  
Of 19 licensed beauty operator schools, only two are Negro schools, both in Des Moines. They are Crescent Beauty School and Morrow School of Beauty.

Also included on the agenda will be reports from the program, membership and ways and means committees.

Fitting refreshments for the young set's graduation celebration are these banana splits with diploma cookies. As rich and gooey as the popular fountain specialty, the homemade splits are easy to make with a new three layer ice cream called Banana Split, teaming chocolate, banana pecan and strawberry flavors. Cookie accompaniments are crisp, buttery wafers rolled over a wooden spoon to form scrolls.

Sammy Davis, Jr. goes on—despite the adverse the laughs at his bride to be's attitude that she'll have to let him support her now that her studio has fired her—he just goes merrily along . . . and he sure made a big hit in Rio De Janeiro where he is playing a week at the Golden Room of the Copacabana-Palace . . . Just in from London where he did such a big thing at the Gialle, plus his announcement of the engagement to Swedish actress Mae Britt—Sammy's swags were all there to see this wonder of all wonders . . .

### Applause

His first show was amazing . . . On the stage for just about 2 hours, he never seemed to tire . . . The audience cheered and applauded until he just couldn't bow and say "thank you" anymore . . . He told friends later "This is the most emotional audience I've ever seen" . . . And the management was happy too . . . Oscar Ornstein said "This is the most fabulous opening night we've had—and looks like it'll be the most successful engagement on record."

Besides the date, Sammy will do a TV show down there . . . Promoter Carlos Machado is happy too—he just brought Lena Horne and Ella Fitzgerald to Rio—with much success . . . He now plans to make a thing of it and bring only the best—for top pay . . . Before, the Brazilians didn't wish to pay so much but now they see the people only want the best . . .

### NAACP CONVENTION PICKETS ST. PAUL VARIETY STORES

St. Paul, Minn.—The NAACP staged mass sympathy demonstrations against southern lunch counter bias by picketing F. W. Woolworth and W. T. Grant outlets during the Association's 51st convention ending here Sunday.

Three hundred NAACP youth joined with members of the Association's national Board of Directors, led by 82-year-old President Arthur B. Spingarn in a well-organized and peaceful protest. The students came from across the nation and included leaders of major sit-in protest areas. Among national Board members were Kivie Kaplan of Boston; Alfred Baker Lewis of Greenwich, Conn.; C. R. Darden of Meridian, Miss.; and Dr. Harry Greene of Philadelphia, Pa.

### Watch Water, Milk While Vacationing

A vacation should be a happy, healthy time, but please make sure the MILK and WATER you drink are safe while vacationing urges the Des Moines-Polk County Health Department.

Pasteurized, refrigerated milk is safe, as is canned or dried milk. See that the water you drink comes from approved sources. If you are not certain boil it. Stick to bottled beverages if there's any question while you're on the road.

### Medical Care

There is also the chance that someone on vacation may get injured or become ill. Don't delay getting medical care just because you may have to call a physician who is a stranger to you. Call him, and

### PARENTS MAY FOSTER CHEATING AND DISHONESTY UNKNOWINGLY

Jane, a fifth grader, came home from school almost in tears. "It isn't fair," she burst out. "Some kids cheated and got them all right. Teacher will think I'm not trying as hard as those cheaters—they're afraid to go home with less than a B."

Some parents make unreasonable demands upon their children as far as school marks are concerned and mistakenly set before the child expectations that are not appropriate or realistic for the particular child in question. The child cannot live up to such parental scholastic standards and expectations. He is "caught in the middle" and in one sense is forced into cheating as a

way out.

### Desires Approval

At least while he is getting away with it, the child is winning parental approval. After all, children desire approval even though they must resort to dubious means sometimes to get it. Most parents do not want their children to become cheaters or learn habits of dishonesty. So perhaps as parents, we should ask ourselves whether we are unknowingly forcing our children into such behavior, or at least whether we are laying the groundwork from which it springs. We must examine our scholastic expectations for our children on the basis of being realistic in regard to each child and his total situation. Teachers, school psychologists and physicians are helpful here.

### Negro Athletic Stars Girding For Olympic Trials in California

Berkeley, Cal.—Tan athletes were expected to be in the forefront of the first in a series of qualifying meets for the Olympic trials here Saturday, June 25.

The National Collegiate Athletic Association track and field championships will be decided and six leading Americans in each event will earn a berth in the Olympic trials scheduled early in July.

Tan thinclads rated as favorites in their specialties are Charlie Tidwell, who set a new record in the 100 meters at Houston last week, Lee Calhoun and Hayes Jones, in the hurdles, high jumpers John Thomas and Charlie Dumas, George Kerr, of Illinois, in the quarter mile, and Ralph Boston, of Tennessee A&I in the broad jump.

### Sepia Runners

Sepia runners showed their mettle two weeks ago in the NAIA championship.

The best way to get a good physician in a strange town is to call the nearest hospital or the office of the county or city medical society. Or check with the local health officer or public health nurse.

### Medical Record

If you have any ailments that are likely to kick up while you are away, your physician will prepare a short summary of your medical record for you to take along. This is especially important in foreign travel—in which case, if you need medical care, the person to recommend a capable physician is the American Consul.

If you are going abroad there are special precautions that should be taken. These vary according to disease problems in other parts of the world. For full information consult your local or state health department.

### NEGRO WOMEN SET \$1.5 MILLION GOAL FOR BETHUNE MEMORIALS IN D.C.

Washington, D. C.—A resolution establishing a goal of one and one-half million dollars was unanimously adopted last week by 16 affiliate presidents of the National Council of Negro Women for the erection of a memorial honoring the late Mrs. Mary McLeod Bethune. This Conference was the first of a series since President Eisenhower signed a bill authorizing the memorial June 1.

and an educational center. The women leaders stated the Center would be dedicated for the archives and educational achievements highlighting contributions of Negro women in American life. People from all walks of life and differing backgrounds will be asked to contribute funds for the erection of the memorial.

### Mrs. Bethune's Faith

Marion Jackson, treasurer of NCNW's Educational Foundation, told the leaders about Mrs. Bethune's faith and how she started the famous Bethune-Cookman College with \$1.50 and five girls. She urged the presidents to ask every member of their affiliate organizations to contribute at least as much for the "Bethune Beginning." Mrs. Jackson stated all contributions should be sent to the Mary McLeod Bethune Memorial, in care of the NCNW Educational Foundation, P.O. Box 1377, Washington 13, D. C.

Known as the "Century of Freedom," the project is scheduled to culminate on January 1, 1963, exactly 100 years after Lincoln signed the Emancipation Proclamation.

### Fitting Tribute

Dorothy I. Height, president of the Council, told the leaders representing 850,000 women that such a memorial, first to honor a Negro in the Nation's Capital, would be a fitting tribute to the woman who organized the Council 25 years ago. Each organization president or representative made brief reports of their group's program which included women activities in every state, the Caribbean, and Africa.

### Discussed Methods

Meeting at the Sheraton-Carlton hotel, the women discussed methods of financing the historic proposal which would consist of a memorial

holders of the legal title to the property and are the owners of the Vendors' Interest therein, said property being described as follows:

Lot Ninety-two (92) in East Capital Park, now included in and forming a part of the City of Des Moines, Iowa; and that the monthly payments on said contract are in the amount of \$12.50 plus taxes.

That you have failed to pay your monthly payments of \$12.50 for the following months: April 1960, May 1960, and June 1960; that you have failed to pay the 1959 real estate taxes, due and payable in 1960, in the amount of \$87.65, making a total delinquency of \$95.15.

Because of said default on said contract in performance of the terms and conditions of said contract, as above stated, you are hereby notified that this notice is served pursuant to the terms and conditions of said contract and the provisions of Chapter 636 of the 1938 Code of Iowa, and unless within thirty (30) days from and after the completed service of this notice, you make payment of all said delinquency, and in addition pay the additional costs of preparing and serving this notice, said contract will stand cancelled and forfeited, and will become null and void, and you will be forever barred, stopped and foreclosed from having, claiming and asserting any right, title and interest in and to said real estate.

It was our initial plans to quit altogether but after little response from advertising about the expected vacancy, we were prevailed upon to stay a while longer and do the job from home. Since there is decreased local activities during the summer, we agreed to try it.

Iowans are busy, busy with preparations for their annual vacation treks or getting ready to entertain out-of-town visiting relatives and friends. Others who have no immediate plans are making desperate efforts not to complain about Iowa's alternating heat and rains. Many are remembering the desperate winter which only broke about three months ago when the last of the deep snows melted.

A visitor from Arizona in the city admitted to burning heat back in Phoenix but noted a difference. "Back there you can stand out and look at the mountains. Here you can't see a thing," she said.

Among young vacationers spending the summer in Des Moines with relatives is Miss Doria Cooley from near Jackson, Miss., who is visiting her aunt and uncle, Mr. and Mrs. Sam Reed of 1155 9th Street.

Also spending her vacation with her parents, relatives and friends this week is Miss Ann Wright, Bystander staff member. She left for

CITY COUNCIL MOVES FOR LOW COST HOUSING

The Des Moines City council, by a vote of 4 to 1 agreed to support and work for an enabling act permitting Iowa cities and towns to take advantage of low cost federal housing.

The resolution was before the council Monday. The real estate and construction organizations opposed it. Most other people favored it.

It seems almost incredible that during the past twenty years forty-six states have adopted the plan, while a reactionary group has been fumbling over and blocking every move interested citizens have made to get the job done in Iowa.

The business leadership in Des Moines must adopt a more progressive stand for the welfare and improvement of the city. They must find what clicks in other places to add more rapid growth to the community and thus induce its youngsters to remain here after graduating from the schools.

Efforts to secure passage of the enabling acts should begin now by organizing city officials to support it and to sell prospective legislators on its value. Much of the latter should be done before the legislature meets.

And legislators must be told in no uncertain terms that a majority of the people want federal low cost housing, that this is not a race issue and that the adoption of the program wouldn't help all the people.

Fortunately, the vote of the members of the council points that way.

IOWA FREEWAY CONTRACTORS RESTRICT EMPLOYMENT

Construction of the now famous freeway in Des Moines is moving to the day when at least all the first segment will have been cleared and graded. Large road construction machinery and trucks are doing most of the work. Few men other than the operators of these machines are being used at present.

As yet, the local contractors are hiring no Negroes. It remains for a Kansas Company, doing a part of the job, to make local employees look pretty rotten in the face of fair employment practices.

The Des Moines NAACP has asked its labor committee to contact the highway commission and take such other steps as will help correct the injustice.

It is ridiculous that protests must be made to secure simple justice in a situation which should not exist. On the other hand, no stone must be left unturned to see that discrimination in employment does not prevail in public as well as private projects.

ADC PROVES TO BE HELPFUL

At regular intervals, often following the 12th of the month when aid to dependent children checks are received, waves of criticism are made against the program. They pick one or two mothers who don't use the funds as intended failing to see that their children get the benefits intended, and condemn the whole system as bad.

Of course, with these protestors we disagree. True, there are some who don't play fair; who abuse their blessings. But what system can be devised which some one does not abuse?

Irregularities have crept up in most subsidized agencies which the federal government finances, the latest being the road program and commodity credit corporation. They occur in banks, large corporations, among people who surprise even their own critics. But these institutions are not discontinued because a few employees make mistakes.

The program has helped many a family, many a youngster enjoy some of the ordinary things of life which would not have been available without it. Some boys and girls have been able to remain in school since money was available to keep them there, to enable mother to remain home and keep the young ones.

Much of it comes from some people who have done pretty well in life, who have had no misfortunes and are jealous that some of their tax dollars must go to help support the program.

After all, it is the young unfortunate youngster whom society feels should have a fair chance to learn and develop his potentials; to live with reasonable comfort just as does his more fortunate neighbors.

Most fairminded people agree that the program has great merit.

Hilltop Sends Juniors To Cedar Falls, Ia.

The Hilltop Tennis club sponsored six junior members in the Iowa District tournament at Cedar Falls, Friday, June 24.

Armiller Bell, the only girl in the group, lost her 15 and under match 12-5 and her 18 and under match 12-3. Donald McLain, Orville Singleton, Warren Stuart, David and Timmie Jones, all beginners in the 13 and under division, lost their matches, 12-0.

On Saturday morning Everett Mays and Chet Williamson played in the veterans events, losing 12-5 and 12-8 respectively. They teamed up in doubles but lost 12-8.

Echoes of the big fight are still around. Latest is the talk of an immediate third match between heavyweight champion Floyd Patterson and the man he dethroned, Ingemar Johansson. We have to go along with some writers who say that return clause is something that could be done without. Suppose Johansson wins this one. There will be a fourth fight and the thig could go on for four or five years, freezing out anybody who might come along.

Sonny Liston

We would like to see Ingo and Sonny Liston have each other with the winner taking on Patterson. Much as we disagree with the build-up given Jack Dempsey, we have to admit that the guy lost his second title shot. Jack Sharkey, one of the best heavyweight boxers in his days, was yelling for a shot at Gene Tunney and fine boxer that he was, Sharkey might have beaten the new champ. So it was arranged for Dempsey and Sharky to meet with the winner meeting Tunney. The rest is history. Dempsey was losing when he caught the saller a belt line blow. Sharky turned his head to the referee to yell foul. That was his last mistake that night. Senor Dempsey caught Sir Jack on the whiskers with a hefty left and an equally hefty right and did the poor fellow in. Then Dempsey met Tunney with the resultant long count out.

Manassa Mauler

Well, sir, as soon as he had disposed of the Manassa Mauler for the second time, Mr. Tunney promptly picked a guy he knew he could lick, defended his title that time and retired the first unbeaten heavyweight champion after two title defenses.

We related this bit of ancient history to show you how things were done earlier in the centuries and that some of those ideas might work today. The elimination series for a win challenger for instance.

Oh, yes, we saw the fight pictures and Floyd actually knocked the Swede kicking. No foolin'. That is just what he did.

Be seeing you at the next one, at ringside.

Olympics

There is going to be so many Negroes in this year's Olympics track team that the European papers will probably refer to them as did Germany in 1936—"United States Black Auxiliaries." Hope they all win, no matter what they are called.

HEALTH FOR ALL

Vacation Plans

The seashore or the mountains? A long motor trip or a cottage at the lake? These are the dilemmas facing millions of families across the nation this month. How will your family decide?

The older girls want to go to a resort where unattached men abound. Your swimming champ is interested only in water. The boys have mapped out a 2,000 mile tour of national parks. Little sister gets car sick. Mother would like a vacation from meals and dishes. Who will win?

Father

But wait just a minute. What about Father? Anybody ask what he wants? The youngsters will survive a disappointment, but his vacation could almost be considered a matter of life or death. Name almost any of the major diseases. Then look at the vital

statistics. It's the men in the middle years of life who seem to be hardest hit. Take TB, for example. Almost twice as many men as women have TB, and the proportion of deaths from the disease among men is even higher. Why should this be? We know that a healthy person can usually fight an invasion of tuberculosis germs to a standstill. It looks as if we aren't taking good enough care of Dad's health.

This year why not plan a vacation for the father and breadwinner of the family? What kind of recreation will recreate him? What will give him the kind of rest from the job he needs to build up his health for the year ahead. Ask him what he really wants to do. The shock of being considered won't hurt him.

This year let's invest our vacations in the future of that Very Important Person, Father.

Tan Golfer, Tops Field of Qualifiers

St. Louis—Fleming Cody, 46-year-old Negro golfer who rose from the ranks of the caddies to become champion of the Paramount Golf Club tournament here, made history recently when he topped a field of 63 qualifiers for the National Public Links championships scheduled to be held in Honolulu in early July.

One Over Par

Cody, who was returned as champion by default in the Paramount tournament at Forest Park just before the Honolulu trials, opened carded a nifty 141 (one over par) in leading the National qualifiers. He was followed closely by Warren Yaunders, 143; Bud Conklin, 144, and Allen Credeur, 144, all white contestants. The qualifying candidates were overwhelmingly white.

Free Expense Trip

Cody and the two runners-up will receive expense-free trips to Honolulu for the National, which will be played at the Ala Wai Golf Course, beginning July 11.

A civil service clerk employed by the Department of Defense, Cody is a native of Savannah, Ga. He moved to St. Louis in 1946. He started in golf as a caddie but his natural flair for the game soon carried him to higher stakes.

Boston Red Sox Gets Willie Tasby

Boston, Mass.—Willie Tasby, slugging outfielder for the Baltimore Orioles of the American League for the past two years, last week joined tan infielder Pumple Green on the Boston Red Sox team after the Sox acquired him in exchange for Gene Stevens in a straight player trade.

Tasby, a ballhawk, is considered a more than adequate replacement for Stevens, also an outfielder. He and Green are the only two tan players ever to wear the Red Sox uniform.

ANIMAL FUNGUS

While brushing a dog or cat for fleas, look for areas on his skin that might be scabby, denuded, or where hair pulls out easily. This could be fungus. Wash such spots with warm suds, rinse well, and apply iodine to the spot.

During the three years that he has been playing pro football, Brown has piled up the fifth highest yardage total in NFL history, and the former Manhasset, N. Y. athlete is expected to pass Clark Hinkle and Tony Canadeo, one-time Green Bay Packer Stars in the all-time standings this fall.
