NAACP Lawyers Join in Appeal for Dr. M. L. King

Atlanta, Ga.—The Rev. Dr. Martin Luther King, Jr., who was granted bail and freed last week from confinement in Reidsville State Prison, will have the assistance of NAACP attorneys on the appeal of his case.

D. L. Hollowell, Atlanta attorney who is in charge of the case in which Dr. King was ordered to serve four months of a probationary sentence for failure to possess a Georgia driving license, is a veteran of NAACP legal battles in this state.

Attorney Marshall

On the appeal he will have the active assistance of Thurgood Marshall of New York and of George N. Leighton of the Chicago law firm of McCoy, Ming and Leighton. Some years ago Mr. Leighton was president of the Chicago branch of the NAACP. William R. Ming, his partner, is at present a member of the NAACP National Board of Directors.

Refused to Revoke

At a hearing Tuesday, October 25, Judge Oscar Mitchell in the DeKalb county civil and criminal court (just across the line from the city of Atlanta) refused to revoke the probationary sentence given Dr. King last September for driving without a Georgia license and sentenced him to serve four months in a prison work camp. At the time of the driving incident King, who had recently moved to Georgia from Alabama, had an Alabama driving license.

Wearing Handcuffs

Judge Mitchell held to his opinion that the arrest of Dr. King for demonstrating against lunch counter segregation in downtown Atlanta stores constituted violation of his

probation on the driving charge. The sentence shocked the nation and published photographs of Dr. King wearing handcuffs on his way across town from Atlanta to the community of Decatur to be tried on a minor traffic charge outraged people from coast to coast.

Attended Trial

NAACP Executive Secretary Roy Wilkins attended the "traffic violation" trial, Wilkins assured Rev. King "of the nationwide interest of the NAACP and the Association's moral and financial support if needed."

Wilkins told reporters that "Dr. King is a symbol to the colored people of this country, but I don't think the arrest of Martin Luther King . . . is the whole story here today. The story is that the time has come for a change, and that there are 18 million Negro Americans who want a change, and who are determined to have a change."

Tussels in Court

"As long as that change is balked, we're going to have demonstrations and we're going to have tussels in courts, arrests and all the things that go to create and maintain tension."

On the subject of Georgia's anti-trespass law, Wilkins asserted that it "was passed specifically against Negro sit-ins, because nobody else has to sit in. White people don't have to sit in; they eat."

Stressing the urgency of the Negro's demand for equality, Wilkins told reporters that "colored people are in a mood to try anything short of mass discourtesy, disorder, churchiness and violence, because time is getting away from them."

Charge Negro Couple with Conspiracy in Buying \$45,000 Home; Seek \$200,000 Plus Ouster

Cleveland, Ohio.—When Dr. James E. Robinson and his wife moved into their fashionable \$45,000 home in a neighborhood called Shaker Heights which has homes up to \$60,000, it caused no end of consternation. Now the building firm, which had originally denied the Robinsons a home is suing for \$200,000 and charging that a fraud and conspiracy through a white middleman has been perpetrated and that the sale should be rescinded. The additional money is being sought for damages.

Red Brick

The fashionable red brick home was originally purchased Sept. 6 by Atty. and Mrs. Walter S. Haffner. The deed was recorded on Sept. 26th. But, according to the building company, the Haffners sold the building to Dr. Robinson and his wife—Dr. Leleabelle Freeman Robinson, who is a pediatrician.

Thus the company calls this a "scheme and conspiracy" which had been concocted for the purpose of "defrauding and deceiving the plaintiffs and by subterfuge causing a transfer."

List Violence, Intimidation, Economic Reprisal Against Prominent Integrationists

Nashville, Tenn.—The board of the Southern Conference Educational Fund, holding its semi-annual meeting here, voiced alarm "at the rising tide of intimidation, jailing, violence, and economic reprisal against Negro and white integrationists in the South."

It cited the jailing of Dr. Martin L. King, Jr., and others in Atlanta, Ga.; the jailing of white and Negro ministers and a white singer in Shreveport, La.; an attempt to kill a field secretary for the Southern Christian Leadership Conference on a street in Shreveport.

White Student

Also the charging of a white student with criminal anarchy for a sit-in at New Orleans; the jailing and beating of a white student who joined a sit-in at Jacksonville, Fla.; the jailing of three Negro teenagers for refusing to ride segregated on a bus in Alabama; the withdrawing of public assistance to thousands of Negro children in Louisiana.

Negro Ministers

Also the sentencing of two Negro ministers in Florida for refusing to surrender NAACP membership lists; the firing of a city planner in Louis-

ville, Ky., for attempting to assist sit-in demonstrators at a department store; and continued reprisals against Negroes who register to vote in Fayette and Haywood Counties, Tenn.

The board adopted a resolution calling on "all citizens of good will everywhere to protest immediately and vigorously to state, local, and federal authorities about these and other atrocities."

Urge Influence

SCEF also urged its friends and supporters to "use their influence as citizens to create an atmosphere in which people can work for an integrated society without being jailed, assaulted, intimidated, and deprived of their livelihood."

Telegrams

SCEF, which is a Southwide interracial organization working for integration also sent telegrams to Dr. King and his associates and to Richard F. Parker, the student who is in jail in Jacksonville. The messages expressed admiration and appreciation of the courage of the jailed people, and told them they are "setting an example, not only for our nation, but for the whole world."

TONE Magazine, A Milestone in Journalism Readers Get Added Plus, In Local Newspapers

The "MIRACLE of TONE" is no longer a miracle. The nations fastest growing supplement which is currently being distributed in more than 40 newspapers and with a circulation of 300,000 has had phenomenal growth since its first issue 11 months ago.

Produced Independently

Produced independently by TONE Publications, Inc., headed by brilliant young publisher, Donald W. McIlvaine, former commercial artist, TONE, with its bright new format continues its spectacular pace. Published in Chicago, the nucleus of TONE's staff includes Carl Smith, Managing Editor; Chuck Leonard, Associate Editor; and Edgar M. Harris, Advertising Manager.

Its Beginning

TONE started with 13 newspapers in January of 1960, with a print order of 40,000 copies. In less than three months TONE increased its print order to 105,000 copies and to-

day is now at the 300,000 mark with 43 subscribing newspapers. The Iowa Bystander was on the first list.

Keen Desire

This rapid growth is attributed to the keen desire of Negro newspaper publishers throughout America to enhance their papers with a sparkling supplement, and to the enthusiastic reception of readers throughout the country who called TONE an amazing step forward in the field of journalism.

Upward Surge

Fresh new magazine format and consistent teamwork are the ingredients responsible for TONE's upward surge. Says McIlvaine "Our magazine is new and different, editorially it appeals to the social, cultured and recreation interest of modern day Negroes. It is a lively package with splendid reproduction. We vow to make TONE a vital part of its distributing newspapers and the communities they serve."

Negroes Hold 14 Per Cent of Federal Jobs in Atlanta

Washington, D. C.—Negro-Americans employed by Federal agencies in Atlanta, Ga., now constitute 14.6 percent of total Federal employment in the Atlanta area, according to a report released today by the President's Committee on Government Employment Policy. A study completed this week of the survey of Negro employment taken as of July 31, 1960, involved 28 Federal agencies in the Atlanta metropolitan area.

2,369 Negroes

The survey revealed that 2,369 Negroes were employed by Federal agencies in Atlanta, nearly half of whom (49.1 percent) work for the Post Office Department. Forty-one percent of all Negro employees were in Wage-Board or "blue-collar" positions, and 9.5 percent were in the General Schedule or "white-collar" jobs.

"White Collar"

Negroes in the "white-collar" jobs ranged in grade from GS-1 through

GS-12, although none were employed at grades 8, 9, and 11, and only 14 percent were in Grade 5 and above.

The survey was the first which the Committee has taken in the Atlanta area, but the report compared the current employment figures with a study made by a writer on race relations in 1958. The 1958 study reported 28 Negroes employed in "white-collar" jobs by four agencies, whereas the 1960 study found 226 Negroes in "white-collar" jobs employed by twelve of the Atlanta agencies.

Dr. Carey

Dr. Archibald J. Carey, Jr., minister and lawyer of Chicago and Chairman of the President's Committee, stated that, "The figures show that utilization is being made of qualified Negro personnel by a number of Federal agencies in Atlanta. However, using all the information now at hand as a basis for further inquiry, much remains to be done to determine the extent to

KENNEDY

Atlanta, Ga.—Georgia's Governor Vandiver called Senator John F. Kennedy's highly publicized telephone call to Mrs. Martin Luther King as "unfortunate" but that it would not cause Georgia to defect from the Democratic Party.

No Interference

"Senator Kennedy advised me when I talked with him by telephone that he had no authority, intention or desire to interfere with the judicial process in Georgia. It is my understanding, however, that Senator Kennedy made a telephone call to the wife of Martin Luther King in Atlanta to commiserate with the wife of King," he replied.

Very Unfortunate

"I feel that that telephone call was very unfortunate, for I am afraid that it will affect the campaign in Georgia to some extent. However, I do not think that it is any more unfortunate than the fact that Nixon accepted a life membership in the NAACP, the fact that Lodge in Harlem stated that Republicans, if elected, would have a Negro in the cabinet and then when

NIXON

Atlanta, Ga.—Vice-President Richard Nixon as well as Senator John F. Kennedy was asked by the Southern Christian Leadership Conference to "show your good faith immediately by condemning the recent imprisonment" of Dr. Martin Luther King, Jr.

Moral Weight

The Vice-President was asked as well as Kennedy to "throw the moral weight of your position" against jailing persons "for protesting peacefully against segregation."

Wyatt Walker of the Southern Christian Leadership Conference of which Dr. King is Executive Director, said he sent the telegrams to Nixon and Kennedy. Of course, only Sen. Kennedy answered.

he came to Virginia. I understand, denied the statement.

"All of these things are unfortunate, but I do not think that Georgia will fall to go Democratic—she always has and I believe she will again this year," so analyzed Georgia's Governor. (CNS News)

Watkins Stars in 13-6 Edge of Okla. S.

By Staff Writer
Stillwater, Okla.—Alternating between tailback and fullback rugged Tom Watkins gained 100 yards on muddy turf and scored a touchdown. Watkins, stellar performance combined with two powerful goal line stands on the two yard line, aided the Iowa State Cyclones in turning back favored Oklahoma State 13-6 here Saturday.

On the Rampage
The whirlwind Cyclones went on the rampage in the first quarter scoring all their points. They became somewhat weary later on in their scoring prowess but made up for it in staunch defensive stands. Only in the final quarter of the contest did they allow the Cowpokes to reach pay dirt. Chewing up the yardage in short pokes the Oklahomans moved to the Iowans two yard line. The Cyclones, enervated at last, failed to stop the Cowpokes this time as they bolted over right guard for the tally. The extra point try for the Cowpokes failed.

The Cyclones moved closer to a 500 percentage in Big Eight Conference as they notched their record at 2-3.

Iowa State takes on Oklahoma Saturday.

Due to the increased demand for the Bystander, there were not enough papers for our readers. Anyone wishing a copy of last week's issue may contact your columnist for the publisher has promised to forward all excess papers to me.

To insure yourselves of having a paper each and every week, why not contact Mrs. George Carnie AD 3-1652 or Mrs. Marvin Ellis AD 2-6998.

I'm very pleased to announce that Mr. George Carnie, 218 Gable Street will be the advertising manager of our Waterloo branch of the Bystander. Mr. Carnie has previously worked in the field of advertising. The father of four daughters—Cassandra, Patricia, Jacqueline, and Pamela, Mr. Carnie is a member of Payne Memorial A.M.E. Church where he serves as a steward, is a member of the Choral Club, and on the advisory board of the Rhythm Band.

In spite of very rainy weather, a record crowd attended the dedication of Payne Memorial A.M.E. Church. The Rev. Charles S. Spivey, Jr., Dean of Payne Theological Seminary, Wilberforce University in Ohio, delivered the dedicatory sermon in the absence of the Rt. Rev. Joseph Gomez, presiding Bishop of the Fourth Episcopal District of the African Methodist Episcopal Church, who is ill in Cleveland, Ohio. A special feature of the service was the presentation of two gold colored vases by the Window Garden Hobbyist Club and a large bouquet of flowers by Zanes Flower Shop, both in the memory of the late Mrs. Lydia Page who was a staunch worker and leader of Payne Memorial.

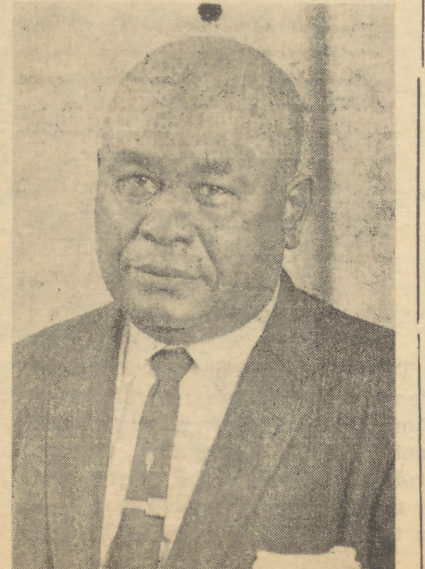

Special guest for the day was Rev. I. Wilbur Bess of Ottawa, Illinois, who was the very first pastor of Payne. In an interview with your columnist, Rev. Bess recalled the dedication of Bess' Chapel A.M.E. Church which later was to be named Payne. This dedication took place

in 1914 with 30 members participating. Rev. Bess stated: "When you can look back to the horse and buggy days and then see what progress has been made today—it is really thought provoking. It is grand just being here and seeing this edifice brought about by sacrifice and labor."

The Rev. Richard Slyvanous Ruckett is now the pastor of Mt. Carmel Baptist Church. Rev. Ruckett succeeds the Rev. J. D. Henderson. Rev. Ruckett left his pastorate of the Union Valley Baptist Church in Memphis, Tennessee in response to the special request of the members of Mt. Carmel and friends who had known him in his earlier years of service.

Beginning his ministry in 1932, the Rev. Ruckett attended Howard and Roger Williams College in Memphis, Tenn. For 22 years, he was a pastor in Mississippi and then accepted Union Valley Baptist Church in Memphis where he remained for three years.

Rev. Ruckett resides at 215 Cottage Street with his wife, Alice Mae, and granddaughter, Claudette Whitehead. "It has been so good to see so many of my old members here in Waterloo and to find them still serving actively in church as they were when I first knew them, stated Rev. Ruckett during his interview.

SEE IN STARS

WITH DELORESCALVIN

New York—Della Reese Set to Break It Big . . . Which comes first—the record or the big build-up. It seems that more than often it's the two being finely synchronized so that as a performer is "hot" through the record, the rest is picked up by the managerial team and the build-up is on the way.

We've seen performers get the big record and don't move up with the speed they should—all because the build-up wasn't there working at the same time. And then we've seen the build-up on the basis that the record will go—and it just doesn't.

On Her Way

Well—a gal on her way to the really big time is Della Reese. She's had a big record before and it's made her known but not in the big money class. Now that she's got a new RCA Victor release and it's spreading in this country as well as abroad, her personal manager has the feeling this is it. And he's off to England and the Continent to push the build-up. He's planning to line up dates in Paris, Brussels, Copenhagen and Berlin as the time is really at hand for Della Reese to cut loose.

Pearl Bailey

Good news moves fast so that the new Pearl Bailey Revue is trying to figure how to go in so many directions at once. From Pittsburgh, the show breaks into New York and it's no telling where it is off to from there . . . Erroll Garner starts his gold kareet sponsored tour in January. S. Hurok is behind the six months' dream trip and he's an impresario of top calibre—dickering with only such great names as

Marian Anderson and Jascha Heifetz. His journey into jazz means he's got a winner of unparalleled success.

Lionel Hampton

Sidney Poitier already starting out with equal billing to John Wayne in "Greatest Story Ever Told" . . . Sidney's in Paris for a film . . . Ella Fitzgerald and Lionel Hampton have reached the West Coast . . . Lena Horne is more exciting than ever in Las Vegas at the Sands. Hubby Lennie Hayton backs her and she does a clever comedy bit.

Johnny Mathis

Johnny Mathis drew 11,000 enthusiasts in Honolulu behind the Pacific Jazz Festival. One day alone—a Sunday—he picked up just 7,212 and that's a sea of humanity. We didn't know there were that many people on the whole island. Johnny took home a percentage deal of all over \$20,000 gross plus a guarantee. He must have needed an armored car to carry all the loot.

MARION MEETS JAKE; HONORS MASTER COACH

Marion Motley (left), one of the all-time greats in professional football as a recent star with the Cleveland Browns, recently presented A. S. (Jake) Gaither with the "Marion Motley Award" for his outstanding contribution in the field of athletics, health and physical education. Motley is currently associated with the promotion department of the James Barclay and Company, Ltd. of Cleveland. Jake has been the subject of two recent articles in Ebony and Time magazines. CORE Members Aid Tennessee Families

St. Louis, Mo.—St. Louis CORE members pack seven tons of clothing for shipment to Fayette and Haywood Counties in Tennessee. Negroes there who have registered to vote

have been the victims of an economic boycott by segregationists. CORE groups in Chicago, Los Angeles and in New York had previously sent 25 tons of food and clothing to help the Tennessee voters.

ATLANTA, GA. IN WAVE OF ARRESTS ON SIT-INS; MANY STORES CLOSE DOWN

Atlanta, Ga.—As the sit-ins and picketing expanded to at least 16 downtown establishments in this otherwise "good race - relations town," Atlanta's old line retaliated with a wave of arrests. At least 26 were immediately dispatched on loading and disturbance charges and sentenced to 20 days in the city prison farm with 10 days suspended. In this group was the Rev. A. D. William King.

Dining Rooms Closed

In Atlanta's famous Rich's Department, the dining room was closed "until further notice" including its Hunter Room which is for its Negro patrons. In Davidson's Department Store it was the same story. Woolworth's several stores, Newberry's, S. H. Kress, McCarty's, Grant's, H. L. Green, two Walgreens, Terminal Station—all were hit ranging from several hundred to 2,000.

Ropes Around Stools

In the Lane Drug Stores, as students appeared, the stool seats

would go off and the rope would go around the seats to set off the area. When police appeared, the students would leave and up would go the stool seats and off would go the rope.

At Terminal Station, A Negro detective—J. D. Hudson assisted the three white officers in making the 25 arrests there. Hudson assisted in making the arrest against Dr. King's brother. At the week-end, a total of 39 were held in violation of Georgia's anti-trespass law of 1960.

HEALTH FOR ALL

Your Baby Sitter

What do you know about your baby sitter? You hire someone to come into your house and stay with your children while you take a well-deserved evening out. She plays with your children, gives them their supper, puts them to bed, carries them the glasses of water they demand before settling down. For a few hours she's as close to your children as you normally are. Of course, you know her. She's block, or from the agency, or the teen-age daughter of your best

friend. You know that she's reliable, that the children like her.

Are They Safe?

But are they safe with her? Are you sure that she doesn't have an infectious disease that might be passed on to your children? Are you as cautious about your baby sitter's health as about her character?

If the baby sitter arrived coughing and sneezing you'd send her home, sorry as you might be to miss your fun. But—tuberculosis has no warning symptoms in its early stages.

Thoughts for Today

It is impossible to be a good American without first being a good man. And being a good man is a difficult, continual and uphill struggle.—Sydney J. Harris.

Give a pig and a boy everything they want. You'll get a good pig, and a bad boy.—Bill McKenna.

Don't be impatient about promotion. It usually comes when you are ready for it.—John K. Mack.

Laugh Lines

"How did you cure your wife of her antique craze?" "Oh, I just made her a birthday present of a 1923 model automobile."

News Deadline

Do you have news of club, group, or any organizational meetings? Church activities? Social news or fraternal activities? Have you entertained visitors recently or made a trip out of town for pleasure, business or due to illness of a relative? Or perhaps, you have news of a wedding, or some special event or honor. Whatever the news, the Bystander urges you to phone or send in that news to the news desk as promptly as you can. Remember, all news must be into the paper by Tuesday noon of each week. Advertising deadline is Wednesday noon. If you have pictures you would like published phone us or bring them in and we will gladly give you details.

Unless you know that your baby sitter has been examined and found free of tuberculosis and other communicable disease, you can't be sure that your children will be safe with her.

Shouldn't Boast

Many older women, when asked about their health, will say proudly, "I haven't been to a doctor in years." It's nothing to boast about. Tuberculosis has no respect for age and gray hair. In fact, it is becoming increasingly a disease of older age.

You owe it to your children to inquire into the health of your baby sitter. And if she's offended? Well, they're your children, aren't they?

Frequently, by the time they practice the flute, piano and tap dancing, attend a committee meeting of the Scouts, stay after school to practice for the school play, and take time out for the evening meal, little time is left for school work. Here Is a Beautiful Bride's Cake Easy To Make with White Cake Mix

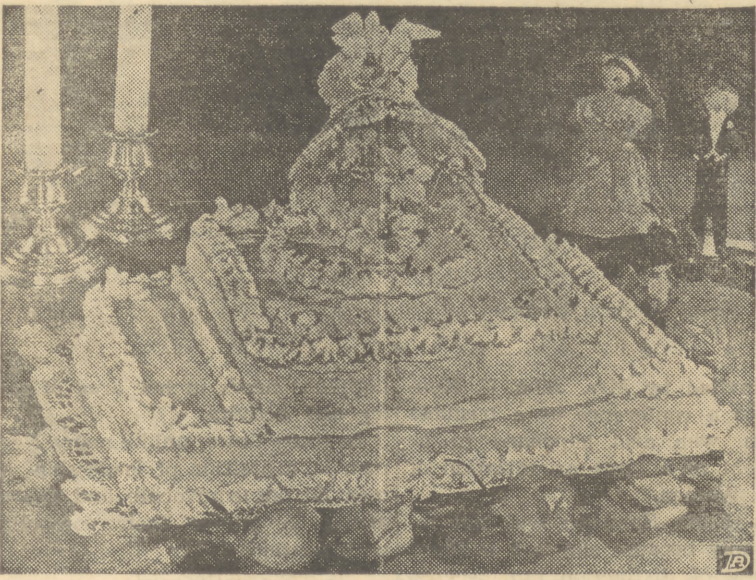

Photo courtesy Swans Down Instant Cake Mix

If there's going to be a wedding at your house or if you want to delight one of your friends who's going to be married, here's an idea: make a bride's cake of white cake mix.

It's a lovely cake, quick, easy and beautiful. And inexpensive, too. Just figure it out for yourself—three packages of Instant Cake Mix, three and a half cups of milk, and sugar and egg whites for frosting. It cuts into pieces enough for 25 or 30 people, downy light and delicious, a bride-cake masterpiece.

After you've frosted the cake smoothly, you can decorate it with flutings and curls put on with a pastry tube, and for extra trimming add a few little birds or flowers sold for cake decorating. Practice with the pastry tube by squirting a sample of your frosting on a piece of waxed paper. You can scrape up the practice frosting and put it back in the tube to use again, so no waste is involved in perfecting your technique.

WEDDING CAKE (Two-tiered oblong cake for 25 to 30 people)

Preparations. Line 13x9x2-inch pan and 9x9x2-inch pan on bottoms with paper. Start oven for moderate heat (350° F.).

3 packages Swans Down Instant Cake Mix
3½ cups milk

Combine contents of two packages Swans Down Instant Cake Mix in mixing bowl. Add 1 cup

milk. Blend, then beat 2 minutes. Add 1½ cups milk. Blend, then beat 1 minute longer.

Pour batter into prepared 13x9x2-inch pan. Bake in moderate oven (350° F.) 55 minutes, or until done. Remove from oven and increase oven heat to 375° F. Cool cake in pan 10 minutes, then turn out on cake rack to finish cooling.

Place contents of third package of Swans Down Instant Cake Mix in mixing bowl. Add ½ cup milk. Blend, then beat 2 minutes. Add ½ cup milk. Blend, then beat 1 minute longer.

Pour batter into prepared 9x9x2-inch pan. Bake in moderate oven (375° F.) 30 minutes, or until done. Cool.

Frosting. Prepare seven-minute frosting, using 2 egg whites. Then place the large cake on an attractive oblong serving plate or tray. Spread top and sides of cake with frosting. Trim the 9x9x2-inch cake to measure 9x7x2-inches by cutting a 1-inch slice from opposite sides of the cake. Place on top of the frosted layer, centering evenly. Prepare another batch of seven-minute frosting and spread on top and sides of small cake, reserving some for decorating. With a knife, go over entire cake, making a smooth flat surface for decorating.

Decorating. Using a pastry bag or decorating tube, decorate frosted cake as desired with the reserved frosting. Place wedding bell or other suitable ornament in center of top layer, if desired.

In a matter of days now you and other eligible voters will have decided who will take over the reins as the next United States president next January. And with equally far-reaching effects you in Iowa will decide who will represent you for the next several years in the county, state and congressional election seats. It promises to be an exciting day—its excitement superseded only by the importance of the day. While for the first time rabid, panting football fans were allowed to sit back and relax with the Hawkeyes as they masterfully spanked Big Eight conference master grid-ironers—Kansas.

Speaking of voting, we hope none of you do what we overheard two conversationalists planning to do. Said one to the other, "You know politics is nothing but a big racket. None of the candidates are any good." Replied the other, "Why don't you do like I do, walk into the booth, close your eyes and pull the levers."

While we are on the subject of voting do you know that Iowa is among 29 states that have enacted laws that permit employees to take time off from work for the purpose of voting? Ordinarily these laws provide that an employee who is entitled to vote in an election may, upon prior application to the employer, absent himself from work for a specified period, without penalty and with deduction from wages—the time of absence to be designated by the employer.

When we arrived at Crescent School of beauty to interview guest artists, demonstrators and guests at the annual clinic there, Mrs. Fannie Alexander of Sioux City, Ia., was among the first we saw and chatted with for a few moments. She informed us that she was only visiting this year and not demonstrating her millinery creations as she did in 1959. She said the L. A. Garlands were doing fine and that she sees them at church every Sunday.

Before we left she renewed her subscription to the Bystander and vowed she would encourage Mrs. A. B. Jones to send news in regularly from Sioux City, although Mrs.

Jones is very busy holding down two jobs already.

In addition we also had a chance to see and talk with a former Des Moines resident, Mrs. Murlean Estes, who now resides in Minneapolis, Minn. She and her husband, Mr. Richard Estes, a funeral director, were in town to attend the clinic. Murlean, looking very chic in a grey wool dress, was seated next to a Mrs. Yvonne Jones, who is her professional neighbor in Minneapolis. Both operate beauty shops there.

The Estes were staying at the home of Mrs. Estes' mother, Mrs. Mary Wolfe, of 933 16th street, while here.

Among the delegation of beauticians from Waterloo, Ia., was Mrs. Leola Anderson, former president of the Cosmetist Club No. 2. She held that position seven years and was succeeded at the last election by Mrs. Geneva Harper. Representing Waterloo also was a lady barber, Mrs. June Henry. (See separate story for list of other out-of-town-ers.)

At this time we would like to express our appreciation at having an old Bystander friend and news correspondent back, in the person of Mrs. Betty Hackett. I am sure you will agree with us when we say that she does a thorough and efficient job as Waterloo reporter.

A RECORD WORTHY
OF SUPPORT

Like individuals, newspapers have specific reasons for taking stands on public questions. This is particularly true in deciding who the Bystander endorses in the general election.

First, it must be remembered that this country is governed by parties and not individuals and thus the theory "I Vote For The Man" does not apply.

And there are those who say the Negro vote is cast on the same basis as all other citizens. This sounds good, but as a practical matter, Negroes have particular issues to be considered—first his civil rights—and thus any final decision must be headed by this one.

After all, a record counts and it is well to cite some Republican accomplishments.

For the first time in history Negroes have enjoyed complete freedom in the use of hotels and other places of public accommodation in Washington? This was accomplished under the Eisenhower administration by invoking a law which had been on the statute books since reconstruction days.

For the first time, Negro diplomats and their wives have been entertained and slept in the White House as other foreign dignitaries do—and under the Eisenhower administration.

That for the first time in history, a Negro served as an under secretary in a cabinet post—the late J. Ernest Wilkins in the department of labor—and that under Eisenhower's administration.

That for the first time, a Negro has served as an appointment Secretary in the White House—and he Frederick Morrow—under Eisenhower's administration.

That for the first time, Negroes have been employed as journeymen electricians on government construction in Washington—and that was accomplished by President Eisenhower's Committee on Contract Compliance of which Vice President Nixon is chairman.

That more Negroes are employed in responsible jobs under the Eisenhower administration than any other period in history.

Do you support the Negro kids and their young white friends in the sit-down and sit-in effort to break down discrimination in public accommodation or are you like former President Truman, whom Negroes helped to elect, ready to throw them out of your business, like Mr. Truman said he would?

Every state which has tried to block the Negroes efforts to better their lot and has been embarrassing and harassing their welfare organizations such as the NAACP is controlled by Democrats.

That your vote for a Democrat helps to nullify the dollars you put into efforts to improve the lot of Negroes for that vote helps to keep in power in Congress those who not only oppose the rights of the Negro to vote but invoke sanctions against him by denying jobs, credit, a chance to purchase the necessities of life.

When you vote the Democratic ticket, you help keep the squeeze on your relatives and friends in the South from which you or your parents came.

You pay dearly out of your pocket to fight injustices. Southern states use tax money paid by Negroes and whites to help block your progress. This is a typical example of playing both ends against the middle and the fact that the Democrat party has a dual program: one which fights the Negro in the South; one which helps the Negro in the North.

That when you vote the Democrat ticket in Iowa you help keep Senator Eastland as Chairman of the Judiciary Committee in the Senate and others of his liking who pretty well control the Congress. An Iowa Democrat is just another member because seniority—once a southerner is elected he remains in Congress for a life—places a congressman at the head of committees.

That unlike former President Truman, who would throw the sit-in kids out, Attorney General Rogers has secured the discontinuance of discriminatory practices against Negroes by several chain stores even in the South.

If you appreciate all the gains in first-class citizenship made under the present Republican administration of which Vice President Nixon is a vital part then vote the Republican ticket on November 8th.

Remember a man with no civil rights cannot protect what he has accumulated in a lifetime.

NEWSBOYS WANTED

To sell the Bystander in Southeast and Northeast Des Moines. Call the Office AT 8-1904.

We got by Kansas without too much trouble. Now comes the big one of the two big ones left, Minnesota and Ohio State kept on their winning ways along with Iowa. One of these three teams will be national champions. Hope it is the Hawks. Wonder how Evy let that big McClinton of Kansas get away from Iowa U. Big, 215, just about as fast as most Iowa backs, the guy would run somebody out of the Hawkeye backfield. Oh well, can't get 'em all.

Drake

If you went out to the rainy Drake homecoming game you saw it all. A whale of a good game with the Bulldogs winning. Three Negro boys who could probably make any team in the state, including Iowa, and a jim dandy of a fist fight, all for the price of one admission. Tell you, you can't beat the Drake games for excitement.

Iowa State

Iowa State came through and we just don't see how Tom Watkins can be left off any all-star lists. No matter what kind of a record the Cyclones post. Bet he makes good in pro ball if he decides to play.

High School

Tech finished with a good six and two record but should have lost only one game. The Engineers were beaten soundly by East but gave the game to Roosevelt. North cancelled the last game with Dowling. Game postponed last week! Why in my day we played in rain, snow, mud or what have you.

Willie Cerf

We were talking with Willie Cerf, former Drake basketball star, and we got around to the reason for so many good Negro athletes in college today. Cerf argues that this no-aid program that most colleges, especially the Big Ten schools have, is the reason. A lot of Negro athletes cannot afford to go to school unless they can get substantial help. And by the same reasoning a lot of white boys don't have to stay in one school.

One boy who flunked out at Iowa last year, is playing at Florida this year. But Negroes, Cerf argues, don't have that wide choice. When they get a chance they realize it is now or never, and they really buckle down if they want an education. So that makes them work harder in everything, including sports, because they have to play in order to stay in school.

Drake Bulldogs Win
Homecoming Tilt 14-6

By Staff Writer

Drake homecoming was a happy occasion mostly because they out played and out-roughed a Bradley eleven by a score of 14-6.

The star—quarterback Billy Harper—got the Bulldogs off to a good start when he romped 41 yards on the third play of the game for the first tally. Drake scored their second T.D. on a 47 yard march. Harper was also the leading ground gainer with 50 yards in seven attempts.

Iowa Hawkeyes Spank Saucy Kansas 21-7;
Look to Treasure Chest Game with Minnesota

By Staff Writer

Iowa City, Ia.—The Iowa Hawkeyes showed that they were still the masters of their fate here Saturday, as they chastised a saucy Kansas State team 21-7 to win their sixth consecutive game. This accomplishment marks the longest winning string in a single season for one of Coach Forest Evashevski's teams.

Injuries

The hard-playing Kansans came to Iowa City with the intent of knocking the Hawks from their perch on high but succeeded in only injuring and scarring Iowa players for their all important clash with also unbeaten and untied Minnesota. The Iowans have five players on the injured list including quarterback Wilburn Hollis with a bruised arm.

The Hawks played this game with the hypnotic glare of the Gophers dulling their desire. And thus in looking past Kansas to Minnesota they failed to utilize to the fullest their offensive and defensive talents.

Genius

Nevertheless the Hawks showed occasional sparks of their flame of genius. In the first quarter Iowa marched 80 yards for their first touchdown with Hollis utilizing his potent stiff arm technique scooted around right end on the roll out option play, behind tank-like blocking, for thirty yards.

Second Tally

One of Iowa's bright spots on defense was responsible for their second tally. The Jayhawks versatile John Hadl was back to put on fourth down from his own goal line when he got an errant pass from his center. In the delay the on rushing Hawks subdued him on the Iowa four yard line. Fullback Joe Williams, with the hand off busted forth for a yard and shift halfback, Larry Ferguson, zoomed through a hole off tackle for Iowa's second score. Iowa led 14-0 at the half.

Far Enough

During the first half Kansas had failed to show the offensive stuff they were supposed to possess. But they returned in the second half with new-found zest that moved them from their own 23-yard line to the Hawks 25. There the Hawks defense decided was far enough as they deciphered the Jayhawks double reverse pattern and threw them for a loss back on the 33.

Offense Reformed

Here again the Hawkeyes dynamo of offense became reformed and they moved 67 yards. As has been his custom in previous instances, Hollis, in the course of the march,

picked up needed ground on fourth down situations. Too he gained 13 yards and 9 yards, respectively in this march. The march toward the goal continued culminating in Hollis' sneak for his second TD of the game and a 21-0 score for the Iowans. Kicking expert, Tom Moore, had a perfect day of conversions.

Practice on Defense

Iowa from this point on seem to practice on their defense as the Kansans turned loose their flashy runner Curtis McClinton on a 47-yard jaunt to the Hawks 24. But the Iowans defense held. The Jayhawks never gave up. With Hadl at the helm and throwing aerials, they finally scored in the latter phases of the last quarter on an eight yard burst by Hadl.

Minnesota

Saturday, Iowa, number one in the nation meets Minnesota, number 2 in the nation. And the stakes are exceedingly high. Minnesota, like Iowa has been rolling along like ole man river with six victories and no defeats tucked away under their belts. Both are vying for Big 10 honors and possible Rose Bowl selection. Both are fighting for the number one spot in the nation. Iowa to maintain it, Minnesota to try and wrest it from their grips. Both sport fine quarterbacks... Iowa's Hollis and Minnesota's Sandy Stephens.

All in all the stage has been set for an electrifying encounter, at Minneapolis.

A NEWER WORLD

Let us seek a newer world
Deep in our heart and mind:
For there is a power within
To rescue all mankind.
No apathetic thoughts
Or lack of faith and will
Can bring all minds in tune:
Commanding, "peace, be still.
Concerted prayer; and work
Unbiased, and sincere,
Unified, in brotherhood
For all that we revere:
Could make the newer world
Harmony for everyone,
The peace and plenty He decreed
When He gave man, His son.

DEAR EDITOR:

I regret very much that you singled out Dr. Rosa L. Gragg, President of the National Association of Colored Women's Clubs to criticize her as a member of a Women's group appointed by Mrs. John F. Kennedy. Our presidents have always maintained the courage of their convictions including politics. Our immediate past president Mrs. Irene McCoy Gaines of Chicago was an ardent Republican and was a sincere and effective campaigner during her administration from 1952 to 1958.

It might be well for you to know that Dr. Rosa L. Gragg was a prominent and successful business woman as cofounder with her late husband of a factory, and school of upholstery which was on the approved list for veteran's training; she was active in civic affairs, and one of the outstanding laymen throughout the A.M.E. Church. All these achievements were hers before she became president of the N.A.C.W.

Dr. Gragg was one of four prominent Negro Women among 30 wo-

men invited by Mrs. John F. Kennedy to a conference as a business woman, who also happened to be president of a large organization of Negro Women.

Mrs. Edith Sampson was not invited only because she is a brilliant attorney of distinction but because she served many years as an alternate delegate to the United Nations, and with her keen analytical mind could contribute much to women's thinking on foreign affairs as could Dr. Gragg in the realm of business.

Dr. Jean Noble was not invited only because she is National President of Delta Sigma Theta Sorority but as an outstanding member of the faculty of New York University and as such had much to offer in the field of education.

Anna Arnold Hedgeman the fourth Negro woman invited is a well known social worker and church woman. As assistant director of Public Welfare of the city of New York consultant to the Federal Council of Churches, Mrs. Hedgeman could

highlight needs in her area of service and activity.

In these times, unlike many Negro men in a position of leadership, women do not equivocate and are not afraid to pursue their convictions with courage.

Sincerely yours,

Mrs. Joseph Wimberly
Chairman Public Relations
Iowa Ass'n of Club Women

Editor's Note: All the fine things Mrs. Wimberly said about the accomplishments of Dr. Gragg and other leading Negro women are true but she misses the point in the editorial. Neither the Republican nor Democrat National Committee would ask the president of the Federation of Women's Clubs, League of Women Voters or even the Daughters of the American Revolution to join mittee for the promotion of partisan politics. So, why ask a Negro president heading a similar organization? By the rules of ethics this should not be done or accepted.
