### Cage Star Sentenced Then Paroled to Coach In Auto Theft Case

Nevada, Ia.—After pleading guilty Thursday, Jan. 12 to a charge of operating a vehicle without the owner's consent, Vinnie Brewer, was sentenced to 30 days in jail and then suspended by Story County Judge Ed J. Kelley.

Also pleading guilty and sentenced similarly was Brewer's companion, Fred Capalongo. Both paid \$14.50 court costs. Brewer, an outstanding Iowa State University basketball player last season, was paroled to I.S.U. basketball coach Glendon Anderson. Capalongo, a freshman wrestler, was paroled to Harry Schmidt, a member of the Iowa State athletic department.

The two were arrested last Nov. 26 by Ames police in a car officers said belonged to Larry Tweed of Randall. Anderson said he did not know whether the youths would be re-admitted to school.

### UNCF's '60 Campaign Total Tops \$2 Million

New York—Contributions to the United Negro College Fund's 1960 campaign topped the two-million-dollar mark for the first time in the history of the organization.

The record amount raised—totaling \$2,035,020—was announced here today by Bruce Barton, national campaign chairman. More than 4,000 volunteers worked in 125 campaign centers across the country to raise this total.

"This dramatic record is especially heartening in this year of general economic decline," Mr. Barton, chairman of the board, Batten, Barton, Durstine & Osborn, said.

William J. Feyerherl, sales manager, Frye Manufacturing Co., was 1960 appeal chairman for the United Negro College Fund in Des Moines. Rev. Norman R. Olphin was co-chairman.

### Gov. Backs Schools' Plan for Firm Control After Court Ruling

Atlanta, Ga.—In contrast to last week's turbulent days which ended in a violent riot early last Thursday, after the University of Georgia was officially integrated by two Negro students, there was no disturbances to mar the scene and the University's promise to take firm action against any would be anti-integration culprits seemed to be holding things in check.

#### Moved Out

Charlayne Hunter, 18, journalism student and Hamilton Holmes, who seeks a medical career, entered the 175-year-old state college on Tuesday, Jan. 10. Except for some students moving out of the dormitory where Miss Hunter was housed and for vocal heckling, integration had gone along smoothly as the two attended classes for the first time.

#### 1,000 In Riots

At about 10 p.m. Wednesday, Jan. 11 a large crowd of out-of-town residents in the city, gathered on the campus, which rapidly grew to over 1,000 persons, and turned an otherwise peaceful day into a nightmare of violence of rock throwing and broken windows, intensified by shouting race baiting name calling.

#### Suspension

The University reacted by suspending Miss Hunter and Holmes from the University "for their own protection." However, District Judge William A. Bootle Thursday directed officials of the school to reinstate the two students no later than Monday. The school issued a statement that they would comply. The were backed up by Gov. Ernest Vandiver who said he would provide assistance if needed to preserve the peace.

Monday the two students returned to classes, protected by police marshals in plainclothes. Everything went along peacefully through the first two days and nights and there were no reports otherwise early Wednesday morning.

An executive board meeting will precede the regular meeting at 7:30 p.m.

### Insane Charge Dropped by Wife, 47, Against Husband 101 After He Sues for Release

A petition for a sanity hearing was dropped against Isaac Charles Burrell, 101, of 1320 Park street here Monday. The action came after hearing in Polk county district court the same day filed by the centenarian against Broadlawn Polk County hospital. Burrell had charged the hospital with "illegally imprisoning" him. The petition was filed by his attorney, A. Dean Flanders, Friday.

Monday Judge Robert D. Jackson denied the writ of habeas corpus to Burrell ruling that it was out of order because Burrell's second wife, Ora, 47, had filed a petition with the county insanity commission, and that the commission, had not had sufficient time to investigate the case. She filed the petition with the clerk of court's office on Thursday, Jan. 12.

Burrell, who observed his 101st birthday on Christmas day, said he is "in frail and feeble condition" but is not insane. He said his wife filed the complaint against him because she was "motivated by domestic

trouble and a dispute over money matters."

BURRELL

His attorney said Burrell was taken to the hospital by sheriff's deputies on Thursday, Jan. 12.

### U.S. Court to Review Case Of Ala. Negro Convicted Of Intent to Commit Rape

New York—The U. S. Supreme Court this week agreed to review the case of a Birmingham, Ala. Negro arrested and sentenced to death on the charge of "burglary with intent to ravish" a white woman.

The convicted man, Charles Hamilton, was arrested in October, 1956 charged with entering a home with intent to burglarize and to rape an 80 year old white woman.

him for having met the final official requirement to become the next President of the United States, and urging him to appoint a Negro assistant postmaster general and to push for new civil rights legislation and other broad social laws. The messages were sent by A. S. Crishon, president of the Non-Partisan Voters League and J. L. LeFlore, director of case work for the Citizen's Committee.

#### Burglary Dropped

While the burglary charge was dropped, Hamilton was sentenced to death for "intent to rape" and has been held in Kilby Prison, Montgomery, Ala. since April, 1957.

The case was taken to the U. S. Supreme Court by attorneys for the NAACP Legal Defense and Educational Fund in cooperation with Hamilton's Alabama lawyers on the ground that Hamilton was denied the services of an attorney at the preliminary stages of the proceedings. A lawyer was appointed by the court to defend him several days after he was brought before the court for arraignment and the entry of plea recorded.

Legal Defense Fund attorneys contend in their petition to the U. S. Supreme Court that this denied Hamilton "due process of law."

Kansas City, Mo.—Lillard James Green, 28, shot and killed his mother, Mrs. Lena Lonnie Green, 49, last week less than two hours after telephoning a warning of his intention to police. ### Urges Cutting Off Funds To Race Biased Colleges Supported by the Public

Washington—The U. S. Commission on Civil Rights today said that the Federal Government itself had been "a silent partner in the creation and perpetuation of separate colleges for Negroes."

In a report entitled "Equal Protection of the Laws in Public Higher Education, 1960," the six-member, bipartisan Commission recommended that Federal funds for assistance to publicly controlled colleges and universities be disbursed only to institutions that do not discriminate on grounds of race, color, religion, or national origin.

#### 3 Judge Courts

The Commission also recommended that Congress consider authorizing the use of three-judge courts "in cases presenting a substantial factual issue as to whether persons are being denied equal protection of the laws with respect to public education."

That, when requested by a State, the Federal Government sponsor programs to assist public school teachers "and students of native talent and ability who are handicapped professionally or scholastically as a result of inferior educational opportunity and training."

#### Heart of Problem

The report, the result of a 12-month study, stated that discrimination in higher education centers on the Negro and that the heart of the problem lies in the Southern States. It added, however, "The public colleges of the Northern and Western States are not free from suspicion of discrimination against Negroes. Some 20 percent of the public institutions in those States inquire as to the race of an applicant or ask for a photograph, or both."

The Commission found that deprivation at the high school level leads

WITH DELORES CALVIN

New York—Leontyne Price Set For Metropolitan Opera Debut . . . Leontyne Price is all set for her debut at the Metropolitan Opera on Jan. 27th . . . The story has it that Met Manager Rudolph Bing wanted her to do the very difficult role of Abigaille in "Nabucco" which is a pet project of Mr. Bing but a most trying part. Miss Price turned it down and will debut with Il Traviatore—a Verdi favorite and more her style.

### Billie Holiday

They are still paying tribute to "Lady Day." Peggy Lee—in a moving night club bit, does Miss Billie Holiday's very own: "God Bless the Child That Has His Own" . . . Says Miss Lee: "She had always wanted me to sing it, but I didn't get around to it until now."

### May Britt

"The Unfaithful" made its first appearance in New York and it stars Sammy Davis, Jr.'s bride, May Britt. The Swedish actress was given top reviews though the film is a poor one. But what is startling, is how much superior Mme. Davis is to the flamboyant Gina Lollobrigida who has the box office attraction. May

Britt is an actress and will be a top drawing card in no time. Isn't it strange the new attitude you have on seeing "Cabin in the Sky" these days? How much progress we thought we had made when the film and play first appeared for it gave many name stars "good" roles.

### Lena Horne

There's Lena Horne, Ethel Waters, Rochester, Mantan Moreland, Willie Best, Rex Ingram, Louis Armstrong, Buck and Bubbles and a host of others. But the grinning that went on and the posturing of such top calibre actors—it's almost a sorry performance today.

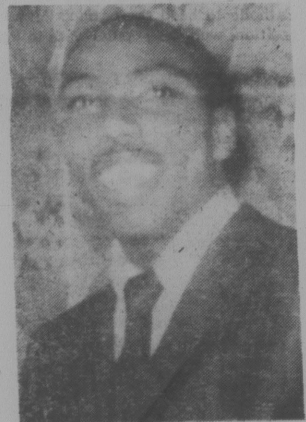

You know that here's some of the race's finest talent—and this poor picture with its flimsy plot of the stereotyped heaven vs. hell routine—this was all great Negro actors could get just 10 years ago. This, too, was all the white man could see of us.

Today, we get more roles with dignity and more in current with the times. Today, the white man sees us more as we really are—that's making all of us come to more understanding of each other.

Plans were made for a dance which was held at the Willkie House Jan. 14. Door prizes were given.

The next meeting will be Jan. 20 at Willkie House.

## PEOPLE MAKE IOWA GREAT

### ...the taxpayer

In these days, when everyone is tax conscious, Iowans will be interested in some tax figures released recently.

These figures show that Iowans now pay state and local taxes of \$177.36 for every man, woman and child in the state.

One of our largest taxpayers is the brewing industry. Last year the industry paid taxes of more than \$25,000,000.00 on beer sold in Iowa. This is equal to the state and local tax bills of over 140,000 Iowans . . . and holds down by just that much the higher taxes everyone would otherwise have to pay.

As a taxpayer, an employer of over 23,000 Iowans, an investor in our home communities, and in so many other ways . . .

## Dr. Charlotte H. Brown, Noted Educator, Dies

New York—The death this week of Dr. Charlotte Hawkins Brown, the noted educator, was reported.

Dr. Brown was founder and long-time president of Palmer Memorial Institute in Sedalia, N. C., and was the first Negro woman to be elected to the national board of the Y.W.C.A.

Calling Dr. Brown "one of the most articulate spokesmen for Negro betterment," Roy Wilkins, NAACP executive secretary said, "her contributions to the inspiration and education of our youth were immeasurable."

## Louisiana Legislature Pass Bill to Name New N.O. School Board

Baton Rouge, La.—Still seeking means to 'legally' halt integration in the Louisiana public schools, the legislature passed a bill to name a new city school board for New Orleans and moved to dismiss the superintendent of schools, James F. Redmond.

The senate voted 27-11 to remove Redmond and assign sergeants-at-arms to carry out the order. The house later concurred 81-7 putting the move into immediate effect as it does not require the governor's signature.

## Civil Rights Hopes Dimmed By Filibuster Rules Referral

New York—Referral of the proposed changes in the Senate filibuster rule to the Senate rules committee, voted by a close 50-46 on January 11, is a "signal from those who voted for it that the 87th Congress does not intend to act seriously on any civil rights legislation."

This was the judgment of NAACP Secretary Roy Wilkins in telegrams to Senate Majority Leader Mike Mansfield and 22 other Democratic and Republican Senators prior to the vote.

### Blocking Action

"By burying (this issue) in the rules committee," the NAACP wire stated, "this Congress is laying the basis for blocking any action to change the rules at the beginning of the 88th Congress in January, 1963."

The fear of the NAACP and of liberal Senators of both parties who fought for a change in the rules this month is that in January, 1963, the new President of the Senate, Vice President Lyndon B. Johnson, may not rule that the Senate can change rules by majority vote at the opening of the session.

### Continuing Body?

Johnson has held in the past that the Senate is a continuing body and is governed by the same rules from session to session. If he so rules in 1963, and if the Senate does not vote to override him, any change in the filibuster rule would be subject to the existing two-thirds requirement.

### Filibuster

Thus, a filibuster could be conducted in 1963 against the motion to change the filibuster rule. If by any chance the Senate rules committee should bring forth a report at this session or in 1962 calling for a change in the present rule, the adoption of such a report will require a two-thirds vote of Senators present.

### 46 Votes

The NAACP wire called the re-

ferral to the rules committee a repudiation of both Republican and Democratic platform pledges. The 46 votes against referral constituted the highest number ever secured by proponents of a change in rules in the skirmishes at the beginning of new Congresses. In view of the opposition of the united Republican and Democratic leaders in the Senate, the narrow 50-46 vote indicated clearly the strong sentiment for a change.

It was reported that the newly-chosen Majority Leader, Senator Mansfield, made the matter a question of his personal prestige with some of the Senators.

## NAACP Elects Two New Board Directors

New York—The NAACP named two new members to its National Board, one from Kansas, the other from California, at its recent annual meeting here.

They are Chester I. Lewis, attorney and president of the Wichita, Kans., NAACP and Joseph G. Kennedy, of San Francisco, Calif., attorney and president of the NAACP Northern California Area Conference.

### Dr. Tobias

Loren Miller, Los Angeles attorney and housing expert, was elevated from the Board to a vice presidency. Miller has served on the Association's governing body since June of 1956. He is also a member of the NAACP National Legal Committee and is publisher of the California Eagle, a Los Angeles weekly newspaper. Dr. Channing H. Tobias, though not re-elected to the Board, still serves as chairman emeritus.

## Sammy Davis, Pals in Dr. King Tribute

New York—Some of the entertainment world's greatest stars will put their talents on display to aid a great civil rights fighter when Sammy Davis, Jr., Frank Sinatra, Dean Martin, Peter Lawford and Joey Bishop appear in spectacular tribute to the Rev. Martin Luther King, Jr. in Carnegie Hall here Friday, Jan. 27.

The four, who starred in the famous movie titled "Oceans 11," and who have combined their efforts in several other stage extravaganzas, will provide a full evening of entertainment in what has been billed as a "once-in-a-lifetime event!"

The Southern Leadership Conference, the civil rights organization which Rev. King heads, will benefit from the affair.

Several years ago Rev. King made history when he led some 50,000 Negroes in a boycott which ended with the successful integration of the Montgomery, Alabama transit system.

## IPALCO Accepts High Bid on Mortgage Bonds

The Board of Directors of Iowa Power and Light Company today accepted the high bid of 99.72 submitted by a group of underwriters headed by The First Boston Corporation for \$10,000,000 principal amount of First Mortgage Bonds, 5% Series due 1991. The bonds will be offered to the public to yield

4.60% with a resulting cost of money to the company of 4.642%. The resulting difference between the high and low bids was only .051 percentage points.

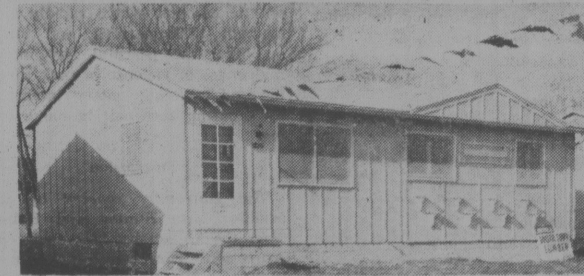

### Current Programs

This sale of bonds completes Iowa Power's current financing program which also included the issuance and sale of 100,000 additional shares of Common Stock in December, 1960. The company is using the proceeds to retire outstanding short-term bank loans and to apply to the cost of its construction program.

Are you spending more for food?

You can cut your food bill in half by shopping once-a-week, buying economy sizes, and not being fooled by packaging and impulse.

Shop for local retailers' specials, not manufacturer's deals. A 10c item packaged at 10 for 99c is no bargain for a year's supply.

Look for real savings. Know regular prices. Read the label. Shop intelligently.

Don't buy the larger package but rather the most weight. Some manufacturers hope you will think "half pound" on a 5 oz. item. Others pack in slender tall boxes giving the appearance of more weight.

Labels that read "four servings" may mean children's portions—not adults.

Convenience items average \$1.25 over regular prices. A pressure can of whipping cream is 175% more per ounce than heavy sweet cream. Flour in a shaker is 113 1/2% per ounce more than a 5 lb. bag. Many housewives find that leaving "impulse buying hobby" at home also cuts food bills.

SEE FRONT PAGE  
to deprivation at the college level. The report noted that the public high schools in six "resistant" States—Louisiana, Florida, Mississippi, South Carolina, Alabama and Georgia—"present a picture of deprivation varying in degree from a low of 2.6 percent Negro high schools approved by the Southern Association of Colleges and Secondary Schools as compared with 52.4 percent white in Mississippi, to a high of 53.9 percent Negro and 84.1 percent white high schools so approved in Florida."

## Perpetuating Problem

In this regard, the report observed: "This inferior preparation of the Negro high school student in the segregated high school of the South helps perpetuate the problem of segregation and discrimination at the college level. Proportionately fewer academically talented Negroes have the educational foundation required for success in a first-rate college. The graduates of segregated and inferior high schools tend, therefore, in overwhelming numbers to attend segregated and generally inferior colleges."

## Assistance Funds

In recommending that the Federal Government consider withholding assistance funds from public colleges and universities that discriminate, the Commission emphasized that "in any such Federal action taken it should be stipulated that no Federal agency or official shall be given power to direct, supervise or control the administration, curricula or personnel of an institution operated and maintained by a State or a political subdivision thereof."

### Basket Weave Fence

A NEW idea in fencing can provide privacy to your patio or it may be used as a law divider. Some families have used this attractive basket weave design to screen an unsightly corner.

Built in units 6 feet long and 5 feet high, the fence may be set up to form a corner enclosure. It may be set up also as a straight or a staggered fence.

Pliable but strong Masonite Tempered Preswood is used for weaving this fence between lumber supports. Available at lumber yards, the panels may be cut readily with a cross-cut saw. They take a beautiful paint job which with the unusual basket weave design, will enhance the appearance of any lawn.

Flower pots may be hung on holders formed from wire coat hangers that are hooked over the Tempered Preswood near a post. The plan may be obtained by sending 20 cents in coin to Craft Patterns, Elmhurst, Ill., and requesting pattern No. 436.

### HELPING BABY ENJOY NEW FOODS

An important step in developing good habits in relation to food comes when we introduce other foods than milk into the baby's diet.

One of the first, given when the baby is still nursing, is cod liver oil, important for its Vitamin D. Since this is such a necessary part of his diet, we want him to get into the habit early of taking it as a matter of course, of enjoying it.

#### Small Doses

One famous baby doctor tells his mothers: "Don't you even make a face when you give your baby cod liver oil."

Your doctor will tell you how much to give. But give it in small doses—three drops at a time—after

his feeding, in order to get his stomach used to it gradually.

#### Solid Foods

When you start a solid food, let your baby enjoy it. Start with small amounts and don't be surprised if he makes a face and acts surprised! It is all so different from what he has been used to.

Don't urge him to eat a new food hurriedly. Give only a small amount—a teaspoonful—at first. You want your baby to enjoy his solid food. Helping him develop a habit of being happy over feeding is worth some extra time on your part.

As you introduce other foods, if you find vegetables he doesn't like, don't urge him. Wait for several days—then try a small amount again. He will come to it finally.

## HEALTH FOR ALL

### The Time Is Now

We can eradicate TB from this country once and for all—if we act now. We know what we have to do—find all the people ill with TB and get them treated.

"It's now or never," Dr. Rene Dubos, of New York's Rockefeller Institute, said at a press conference. "Conditions are at present favorable for the bold and decisive action that could virtually wipe out tuberculosis in this country because the general health of the nation is very good. But we can expect that more and more bacterial resistance to anti-tuberculosis drugs will develop. In twenty years it may be too late."

#### Reason for Rush

And that's the problem, the reason for the rush. Drugs that fight disease when they're first used sometimes fail to work after a while because the germs develop defensive tactics. If that happens with the TB germ before the thousands of people with active disease are found and treated, we shall have lost our best opportunity to wipe out this dread disease.

#### Skin Test

You can do your part. Get a tuberculin skin test to find out if any TB germs are present and, if the test is positive, get a chest X-ray to find out if the germs are doing any lung

damage. This column is sponsored in the interest of better health by Polk County Tuberculosis & Health Assn.

### CHANGES MIND ABOUT MARRYING

Denver, Colo.—Joseph Griffith, last year, told his friends he was tired of being a bachelor and intended to get married. But that was last year. As bells chimed for this year's celebration, his friends gathered to wish him well on his matrimonial venture, but he admitted sheepishly that he had changed his mind. Griffith said: "I guess I'll just be an old bachelor." His reason? He was celebrating his 100th birthday!

## Help Yourself To A Bonus!

**PENNY** for penny, here's a food value test you can't beat—cereal and milk. Whether you start the day with a bowl of cereal and milk, munch on a handful of pre-sweetened cereal, enjoy cereal-made cookies along with a tall glass of cold milk, or use the pair to stretch leftovers into a main dish, few foods can make such a contribution to the satisfaction of daily nutritional needs at such a low cost as does this well-liked combination.

Used together, cereal and milk offer 10 important nutrients—high-quality protein, carbohydrate, thiamine, riboflavin and niacin; iron, phosphorus, calcium, fat, vitamin A. The calcium is especially important in view of recent studies which show that calcium deficiency in teen-age and adult diets is greater than any other nutritional deficiency. . . . You never outgrow your need for cereal and milk.

Upside Down Ham Loaf is designed to use up leftover ham in a glamorous fashion, and it's as much fun to make as that kind of cake. Pretty isn't it? What you can't see is the cereal and milk goodness which makes it such Good Eating in more ways than one.

## Upside Down Ham Loaf

1 pound ground lean smoked ham or leftover cooked ham  
1/2 cup chopped parsley  
2 1/2 cups wheat flakes  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1 egg  
3/4 cup milk  
1/2 cup pineapple syrup  
1 cup diced canned pineapple  
2 tablespoons brown sugar

Combine ham, pork, parsley, slightly crushed wheat flakes, salt, and pepper with egg, milk, and pineapple syrup; mix well. Place pineapple in bottom of 8x8x3 inch loaf pan and sprinkle with brown sugar. Pack pork mixture on top. Bake in moderate oven (350°-375°F.) about one hour. Remove from pan, turning upside down onto platter to serve. Yield: 8 to 10 servings.

*Homemakers of the nation can do a great service to the farmers by serving milk more often and in different ways. A bowl of cereal and milk for breakfast is not only a nutritional bonus but a way of solving the milk surplus problem.*

*Personally Yours by Frances Hawthorne.*

Still having a wonderful winter, weatherwise, but unfortunately our unseasonable temperatures seem to make the flu bugs flourish with abundance. They have put many Des Moines residents down for the third counts and has others rocking valiantly, but in vain effort to remain on their feet, to deny the weakening effects of the illness.

Just recovering from a week's illness which had her in bed is Mrs. Joseph Wimberly of 2720 Amick avenue. However, this week she is up and around and back to her job as Polk county probation officer.

During the holidays she and Mr. Wimberly were guests at a dinner party in the home of Judge and Mrs. Don Tidrick of 6111 Pleasant Drive.

Not so fortunate is Mr. Clarence Adams of 1610 Walker street. He has been battling the flu and has been in bed for the past two weeks. His wife, Mrs. Corinne Adams has also had it but wasn't sent to bed with it. Earlier this week she was, still talking with a hoarse voice.

The Adams had been scheduled to go to Omaha, Nebr., to visit relatives during the holidays. However, they canceled their plans and their relatives came here for New Year's day instead. They are Mr. and Mrs. William Davis of Omaha.

After trying in vain to conquer the germs while still on her feet, Mrs. Mary Rollinson of 1109 19th street had to give up her duties temporarily as secretary at Willkie House and go to bed to recover.

A part-time co-worker at Willkie House, who had been teaching ballet classes there on Saturday mornings, Miss Joyce Walker had to return to her home recently in Sioux City, Ia. She is a student at Crescent School of Beauty. Miss Walker returned home to undergo a medical checkup by her doctor and feared she might have to undergo surgery. Because of her absence, the second sessions of ballet classes, due to begin this week, have been postponed.

Mrs. Alta Herndon of 723 28th street, who was released from Iowa Methodist hospital shortly before Christmas, is getting along very well now and has returned to her job, but still has to go slow and get plenty of rest. Being on a strict diet she had to curtail attending many of the recent holiday functions.

Also recovering from the flu is Mrs. Thelma Clark of 1114 10th Street.

Several clubs discontinue their winter meetings due usually to bad weather and snow and ice underfoot. Consequently, before Christmas they disbanded as usual. However, Old Man Winter tripped them up this year and has been dishing up some wonderful temperatures with little or no snow and ice on the grounds. Among those not meeting this winter are the Mary Church Terrell club (the original organization) and the Patroness club.

Mrs. Clara Miller of Pasadena, Calif., who visited in the home of her sister, Mrs. Olivia Cooper of 681 28th street went to Ushering school and holds a citation which certifies her to usher anywhere in the United States. While in Des Moines she ushered one Sunday at Union Baptist church, where Mrs. Cooper is a member.

Watch this column next week. We hope to be able to bring you an account of a trip to Cairo, Egypt that a young lady took at Christmas. We got the tip from Mrs. Jessie Mae Rodgers of 1424 Maple street. The young lady brought Mrs. Rodgers a beautiful bag as a memento. During Christmas Mrs. Rodgers entertained as houseguest, Mrs. Christine Dixon of Omaha, Nebr., who attended the Monarch annual dance as the guest of Mr. and Mrs. Clarence Adams.

TRAVEL HAS  
BECOME CHEAP

Modern speed has revolutionized travel to the point where many people are going places they never dreamed of seeing. And aided by modern financing, a trip across the ocean is available to many people.

This is demonstrated by the unusual offer to visit the Holy Land and other African and European countries by The Calvary Travel Company with the Rev. Orzealya Roberson as the goodwill hostess.

The tour begins March 14 and ends March 30. Arrangements are available to finance the trip in installments, most of which are payable after your return home.

Des Moines is proud that one of its citizens has been selected as a hostess. The trip is available to the public generally. It is an opportunity of which many should avail themselves.

LEGISLATIVE SUCCESS  
REQUIRES ORGANIZED

Last October a number of people, backed by organizations of varying degrees, held a civil rights meeting in Des Moines in an effort to find out where political candidates stood on human rights and what might be expected of them after the election.

Unfortunately, it was timed too close to election day and candidates were unable to give the conference the time required to get the job done.

But the effort was not a failure because those associated with it came to realize that this was something that needed to continue; that the job was a long range program in order to accomplish the desired results.

It is generally felt that Iowa needs a Human Rights Commission with legal status in order to do an effective job; it needs housing legislation; it needs the necessary tools to halt discrimination on the basis of race in all areas.

These measures have been before several sessions of the legislature but none has passed due, in part, to little organized effort in their behalf. City legislators have favored them generally while those from rural or small town sections have been disinterested or opposed. The sponsors have not always been together and the opposition, playing the game of divide and conquer, has blocked all of the measures.

It is for these reasons that a civil rights conference should, and no doubt will, be organized for the purpose of spearheading the effort to get some needed civil rights legislation on the statute books. Maybe, it acts which are in progress, this may be done at this session of the legislature. However, the Des Moines City Council, with the blessing of business, is sponsoring a housing bill which is sorely needed to properly carry out the urban renewal and freeway project the present situation.

URGES NO FEDERAL  
FUNDS FOR  
SEGREGATED SCHOOLS

The Civil Rights Commission in its final report to President Eisenhower has recommended that no federal funds shall be given schools which exclude students on the basis of race. The report said that the federal government, by giving funds to those schools, was a partner in maintaining segregation.

The NAACP and other groups have called attention to the injustice for sometime but nothing has been done about it so far.

The commission recommended that this rule be applied to private schools also which practice racial discrimination.

Some southern states have created commissions by law and financed out of tax money, to oppose integration. The money is being spent in advertising, sending speakers to the North (many of them being members of the citizens councils) with venomous messages against the Negro and of course in court actions to block integration.

Thus, money paid into the public treasury by the Negro taxpayer is used to help block his progress.

The South has gotten away, over the years, with all kinds of sordid programs to keep the Negro down, prominent of which have been intimidation by mob violence and the passage of all sorts of Jim Crow and segregation laws.

Public sentiment, even aided by some southerners, has helped materially to eliminate lynchings, while the courts, having finally come around to giving the interpretation intended of the thirteenth and fourteenth amendments, are striking down these discriminatory statutes.

It has taken a long time for America to get on the right track in dealing with its race problem but

at last it is arriving. And while much needs to be done in many fields, when Georgia capitulates to a great extent, there must be no let up in keeping the defenders of white supremacy off balance.

Well the bubble finally burst. Drake took a good St. Louis team, dropped one at Tulsa and was whaled by Wichita. Now, you can't even find them in the polls. That is the way it goes. Win 10 games and you rank high. Lose a couple and you drop from ninth to 92nd just like that.

## Drake

We always figured the Bulldogs to be weak on the boards and in every game, they have lost that hurt them. Iowa University rolls on and at this writing is ranked fourth. We didn't think the Hawks belonged up there but again we could be wrong. However, the season is just about half over, and we shall see.

Iowa State is finding its level and may wind up way down in the Big Eight list in spite of the fact that they have a pretty fair ball club.

## Small Colleges

Do you know who leads or ranks high in the small college polls? About four Negro teams are at the first 20. Tennessee State, Mississippi Southern, North Carolina A. and I., and Texas Southern University are Pistons and Syracuse Nationals often some of those die hard all white colleges could be if they had all that Negro talent spread among themselves.

## Pro-Basketball

Have you noticed how little by little Negroes are taking over in the national basketball league? Just about every team has at least a couple and sometimes it looks like two Negro teams, playing each other. The Boston Celtics, Philadelphia Warriors, Cincinnati Royals, Detroit Pistons and Syracuse Nationals often put four Negroes on the floor at once. We are watching for the first time somebody brings out five of them.

## Boxing

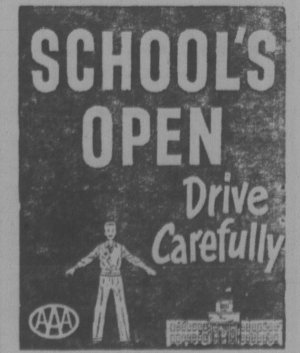

It won't be long now until heavyweight champ Floyd Patterson looks across the ring at a guy named Ingemar Johansson and tries to figure out how best to destroy him. The same thoughts about Patterson will be rolling around in the Swede's head. We think the idea of either of them being afraid because he was knocked out, before, is just newspaper talk. We never saw a fighter who didn't think the punch that flattened him was a lucky and was eager to prove it. Then Archie Moore will be stripped of his light heavyweight crown and it is given to a man Moore beat four times who needs rings to win fight titles?

Iowa Whips Hustling Michigan State 86-72  
In Last Ten Minutes . . . Season's Record 11-1

By Staff Writer

Iowa City, Ia.—The Iowa Hawkeyes basketball quintet caught fire in the last 10 minutes of this their third Big Ten encounter against the Michigan State Spartans and singled the hustling never-say die Spartans 86-72 for a 3-0 conference record and 11-1 season's mark.

A pressing man-to-man—sagging defense held Iowa scoring punch in abeyance throughout most of the exciting contest. Although the Hawks had a 42-37 edge at halftime they were outplayed on the boards, and outshouted on the court.

Michigan State sporting 2-8 season record and 2-0 in conference play, were out to save face by despoiling the onrushing Hawks.

## Second Half

So saturated were they with this task that they came back in the second half and less than two

minutes, had tied the score, 46-46. The teams played nip and tuck from here on in, with Iowa holding a slight edge. The Spartans cut their margin to one point at 56-55 with 10 minutes to play.

With the Spartans breathing their hot breath of an upset down their necks the Hawks were spurred into action. Frank Allen and Don Nelson became more aggressive in their rebounding and the Hawks became more deadly in sinking their baskets. They also became more proficient in their ball handling with ranked high. Just think how tough work. So much so, that they led by 20 points at one stage of the game.

But, the Spartans, never yielding, cut the margin of victory to 14 points. Nelson was high point man with 18 followed closely by Allen's 15. The Spartans took rebounding honors, capturing 40 to Iowa's 35.

Ezzard Charles' Million Is  
Gone; Tries Wrestling Now

Cincinnati—In boxing today, the \$64,000 question is what happened to the \$2 million which former heavyweight champion Ezzard Charles earned during his ring career.

No one seems to know, including the ex-champ himself. The money just seemed to vanish, and Charles is now flat broke. He lives in a house on which a \$14,000 mortgage is due to be foreclosed, and his telephone has been disconnected.

Only a few years ago, Charles—now 39—was a rich man. Heavyweight title purses alone brought him \$769,499, and he was receiving lucrative sums from other sources, including advertising.

## Good Living and Taxes

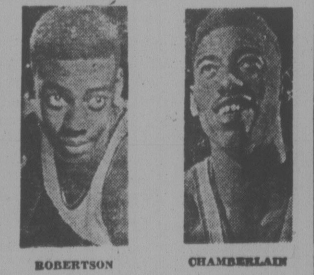

Today he rides a bus or hitches rides with friends, because he has no car. "The friends I hitch-hike with have better cars than I ever had," he mourns.

Ezzard, who won the title vacated by Joe Louis by outpointing another ex-champ, Jersey Joe Walcott, in 1949 in Chicago, said he tried to save "for a rainy day" but failed. Since he lost the title in a rematch with Jersey Joe on July 18, 1951, he

announced its championship selection in early December, 1960, based upon the recommendation of its Rating Committee which is headed by Ralph Robinson, former head football coach at Atlanta's Clark College.

Chamberlain Ahead of  
Last Year's Scoring

New York—If he maintains his lead over Elgin Baylor and projections of his current average prove correct, Wilt (The Stilt) Chamberlain of the Philadelphia Warriors should again emerge as the 1960-61 scoring champion of the National Basketball Association for the second consecutive year.

Chamberlain last week was 1.7 per cent ahead of his per-game average last year, in addition to leading Baylor of the Lakers by 50 points in the over-all scoring.

Wilt last week at 37.5 average and a total of 1,107 points to Baylor's 35.2 and 1,056 for the total games for which they played so far this year. At that point Baylor and Chamberlain had played in 31 and 30 games, respectively.

## Third Place

In third place behind Chamberlain and Baylor was Oscar Robertson, the sensational rookie of the Cincinnati Royals. Robertson had a total of 929 points. However, the total was all the more spectacular because the "Big O" was leading the league in assists, with an 8.8 average, proving that he has been influential as a playmaker. Robertson is one of the most unselfish players in the league.

## MY SAVIOUS WROUGHT

We pray, "Thou God of all mankind, That Thou wilt free each fettered mind. Release the inner eyes from thrall: That holds their vision within call Of this, the earthbound, cloying clay; The now, and the here; to this fading day.

Lord, free each soul, and let them fly: At will, beyond this narrow sky, That all may go, out past the void To see His alchemy employed, That builds new stars, or a galaxy.

Past the Milky Way, we could see The growing universe, and be Illuminated by the light: Of all the new stars that His might, The power of His imaged thought, These glories hath my Saviour wrought.

Iowa Pulls Past  
Illinois 78-71

By Staff Writer

Iowa City, Ia.—Iowa redoubled their efforts in the second half and continued to hold the winning combination as they unlocked the defense of torrid Illinois team and deposited 78 points in the basket to the Illini 71. This sweet victory placed Iowa on top of the heap of the Big Ten conference race with a 4-0 record and ups the season total to 12-1. The Hawks also rated No. 4 in the nation by the Associated Press, with mighty Ohio State in the number 1 spot, St. Bonaventure No. 2 and Bradley, No. 3.

It was a furious, hard-played first half with the lead changing sides numerous times. Rugged, positioned rebounding and fast break play featured the Illini attack that gave them a 36-35 halftime lead.

## Second Half

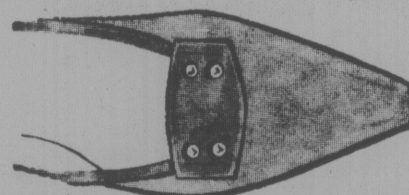

In the second half Iowa returned to the court, reinvigorated, rejuvenated and played more like they wanted to win. Timely outshooting by Iowa

Sports writers in the U. S. had already voted her the same honor.

guards Dave Maher and Ron Zagar, combined with fired up Don Nelson, sent the Hawks ahead to stay. There were many steals in the game, with the Hawks getting their mitts on most of them. Frank Allen played a bang-up game in both floor and board action as well in the all important scoring department, netting 15 tallies. Nelson was high again with 25. Tom Harris contributed 10.
