Des Moines Says 'No' to Public Housing

Unusual, Heavy Vote Defeats Federal Aid to Low-Rent Units

In an unexpected heavy vote Des Moines balloters Monday went to the polls and defeated public housing by 19,711 to 18,359. A 60 per cent yes vote was required. The actual percentages were 48.2 in favor and 51.8. Only 10 of the city's 73 precincts gave the proposal a 60 per cent majority.

Home Builders

The election was to decide whether federally-aided low-rent housing was defeated despite the fact that many major civic and private organizations came out in favor of its passage before Tuesday.

Representatives of the home builders and the real estate men—the two major groups who campaigned against public housing—indicated Tuesday they'll do everything they can to help solve Des Moines' low-rent housing needs.

No Time Limit

There is no time limit when another election could be called. Another one—either called by the council or through petitions by citizens—could be held at anytime.

ALVIN BARBER

A 1960 graduate of Des Moines Tech, he will leave Des Moines Oct. 2 for Long Beach, Calif., where he is stationed on the U.S.S. Hector. Barber is the son of Mrs. Virgil Carr of 1225 12th street.

Geo. W. West Is Candidate For Seat on City Council

George G. West, 6107 Harwood Drive, has announced his candidacy of a city council seat at the primaries in October and the election in November. Six candidates will be named in the primaries and three voted for in the final election.

In announcing his candidacy West said as a native of Des Moines he is thoroughly concerned with its needs for steady growth and ample facilities to serve the people adequately. His training and experience fit him admirably to represent all the people.

West holds the bachelor of arts and juris doctor degrees from Drake University and degree in finance from the University of Pennsylvania. He is a Phi Beta Kappa and has been given several honors in commerce. West is a navy veteran, served as

LOU LU TOUR

Versatile Lou LuTour who has achieved a record number of firsts in the spheres of radio, TV drama and education is among those included in "Who's Who's Who Among American Women", in its second edition just off the presses from its Chicago offices.

The monologist and radio personality, among other attributes, has considerable space devoted to her prowess.

A native of St. Louis, Mo., Miss LuTour has traveled widely. She has toured all over the continental

United States, Hawaii, the Caribbean and throughout Europe.

This summer, following public relations chores in Chicago, Miss LuTour was presented in her debut recital before the renowned International Platform Artists of the World at their Annual Convention, held in Lakeside, Ohio. Her stage presence

and acting ability won Miss LuTour honors from this noted body.

This fall the colorful star will resume her radio series, spotlighting "Youth In Action", over New York's Station-WHBI. This series received several citations and awards last season.

Asks Supreme Court to Ban Virginia Anti-NAACP Law

Washington — The United States Supreme Court has been asked to strike down a Virginia statute which would bar the National Association for the Advancement of Colored People from sponsoring law suits designed to secure constitutional rights for Negro citizens.

Set Aside

In a petition filed with the court here Monday by NAACP General Counsel Robert L. Carter, his as-

sistant, Mrs. Maria Marcus, both of New York City, and Frank D. Reeves of Washington, the Association asks the Court to set the Virginia statute aside as an unconstitutional abridgement of the "due process" and "equal protection of the laws" clauses of the Fourteenth Amendment.

Unchallenged

The challenged law, passed in 1956 by the General Assembly of Virginia as part of the state's "massive resistance" program, would bar the NAACP and all its local and state units from underwriting the costs and providing counsel in litigation instituted to test the validity of state-imposed racial discrimination. Such activity, the statute holds, constitutes "unlawful fomenting and solicitation of legal business" and makes lawyers participating in such cases guilty of malpractice and unprofessional conduct.

State and Federal

The NAACP filed suit in both the state and federal courts seeking an injunction restraining the state from enforcing the statute on the grounds that it violates the Fourteenth Amendment and abrogates "the constitutionally-secured rights of all persons in the United States to free access to the courts."

Tavern Operator Sues 2 D.M. Policemen for \$10,000 Damages

LeRoy Toogood, manager of the Lark tavern of 1102 Center street, sued two Des Moines policemen in Polk County district court for \$10,000 for allegedly assaulting him. Named as defendants were Police-men George Schinkel and Jack Nash.

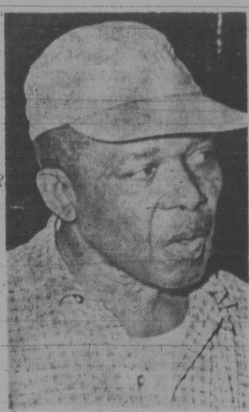

In his petition Toogood claimed that Schinkel and Nash struck him with "deadly weapons and beat him about the head and body with malice and with intent to inflict great bodily harm." Aug. 11, Toogood's attorney, Paul Moser, Jr., said the alleged assault occurred at the plain-tiff's tavern.

Subsequently, Toogood was arrested and later convicted by Municipal Judge Ray Harrison on a charge of interfering with a police officer in the performance of his duty and fined \$15. The case has been appealed to district court.

Wheels Gets 75 Yrs., 2nd Degree Murder

Oscar Wheels, 64, who pleaded guilty to a second degree murder charge in the fatal shooting of his neighbor, was sentenced Friday by Polk County District Judge, Edwin C. Moore to 75 years in the state penitentiary at Fort Madison.

Wheels, who gave his address as 1611 Buchanan street, was accused of shooting his neighbor of 23 years,

WHEELS

Sherman Lee Phipps, 62, of 1613 Buchanan street, with a .45-caliber pistol last Aug. 8 near the fence separating their properties.

In sentencing Wheels, Judge Moore said he had been advised that Wheels and Phipps had been having "Some difficulty for a good many years" and that "things piled up" until Wheels shot him. Wheels corrected Judge Moore, contending Phipps was killed because "he took my money" on the day of the shooting.

Florida Job Agency To Drop Jim Crow

Tampa, Fla. — Sustained NAACP pressure this week bore results when State Employment offices announced that Negroes would no longer be discriminated against in state offices.

John Boyles, administrative assistant to the State Industrial Commissioner, released word of the decision following a state-wide meeting of State Employment office managers.

"Color" Signs

Managers and supervisors were told that "they must drop the designation of color."

NEWS In A Nutshell

Lagos, Nigeria — The Federation of Nigeria will celebrate its first anniversary of independence on Oct. 1 and according to Prime Minister Alhaji Sir Abubakar Tafawa Balewa, the observance will be "quiet and dignified," on a local scale and not on an international scale.

Louisville, Ky. — A Louisville white man, David F. Bennett, whose employment terminated because of his wife's activities in CORE plans to file a formal complaint with the President's committee on Equal Employment. It may be the first case of a white person, who discriminated against as a result of pro-integration stands, asking the protection of the committee.

Los Angeles, Calif. — California Negro teamsters are planning to seek jobs as drivers of Greyhound busses operating in the United States, Canada and Mexico in the near future.

Dover, Del. — A white pupil enrolled in the previously all-Negro William W. M. Henry comprehensive high school here last week without incident.

Kansas City, Mo. — One of the first moves which the National Baptist convention made following the recent re-election of Dr. J. H. Jackson as president, was to oust the Rev. Martin Luther King from his post as vice president of the Sunday School and B.T.U. Congress. The action resulted in a wave of protest from Baptist leaders across the country.

Atlanta, Ga. — Three graduates of this city's high schools were the first Negroes to be admitted to Georgia Tech. Ford Greer, son of the basketball coach at Morris Brown college; Ralph A. Long, Jr., whose father is principal of a Negro elementary school and a chauffeur's son, Lawrence Williams, began their education there last Monday.

Indianapolis, Ind. — Delegates to the 40 and 8 national convention failed to officially erase the name "Legion" from its title or to eliminate "its white only" clause from its constitution.

Boston, Mass. — The Boston Globe in a Washington dispatch last week said Atty. Gen. Robert F. Kennedy has resigned from the capital's elegant Metropolitan club, which the paper said refuses to welcome Negro guests.

New York City — Joseph N. Mayer and Ernest L. Brooks, prominent Negro bank officials, have been named manager and assistant manager respectively, of the Harlem branch of the Chase National bank.

Washington, D. C. — Daniel E. Day, of Chicago, Ill., retired army lieutenant colonel and veteran newspaperman and public relations specialist, on Sept. 11 was appointed chief of the Washington Bureau, National Negro Press association, succeeding Louis R. Lautier.

Marshall, Famed NAACP Legal Counsel, Nominated To U.S. Circuit Bench

McCREE

A former Des Moines native, whose family is well known to residents in Iowa, and who has been appointed to fill a newly created Eastern Michigan district judgeship in Eastern Michigan, was praised Friday as an able and respected jurist at a hearing on his nomination. He is Circuit Judge, Wade H. McCree, Jr., son of Mr. and Mrs. Wade McCree, Sr., of Boston, Mass., who formerly lived in Des Moines.

Harvard Grad

McCree, Jr., was born July 3, 1920 in Des Moines. In his early childhood his parents moved to Boston, Mass., where the family home still stands. He received his bachelor of arts degree from Fisk university in 1941 and his law degree from Harvard in 1942. He then entered the army and later after his discharge went to Detroit, Mich., where he practiced law until his appointment to the Wayne County circuit court bench seven years ago by then Gov. G. Mennen Williams. He later made national headlines when he ran and was elected to the office by a large majority. He is married and has three children.

Operated Drugstore

Many residents in Des Moines recall when Mr. and Mrs. W. H. McCree, Sr., lived here on 12th street. Mr. McCree, Sr., who came to Iowa from Fisk university to enter the State University of Iowa. After graduation (receiving a degree in pharmacy) he married his wife, a native of Boston and who also graduated from Fisk. The couple lived in Des Moines. Mr. McCree, Sr., operated a drugstore at 11th and Center street.

To Hawaii

Three children were born in Des Moines. The family left Des Moines when Mr. McCree, Sr., was named a U. S. Narcotics inspector and sent to Hawaii. When they left the Islands, they went to Chicago, Ill., and from there to Boston. A fourth child was born to the couple there.

Three Children

McCree, Jr., recently had a housing development named for him in Detroit. At the brief senate judiciary subcommittee hearing Friday no opposition to the nomination by President Kennedy was raised.

Souvenir Program for 21st Conference of State NAACP Meet

Rev. E. J. Odom, church secretary of the national office of the National Association for the Advancement of Colored People, will be banquet speaker for the 21st annual Iowa State Fall Conference of Branches which convenes in Keokuk, Oct. 7-8. Rev. Mr. Odom is also the speaker for the public mass meeting on Sunday afternoon. Mrs. Rose B. Johnson, Four F. Chairman, is in charge of the Four F. program.

Souvenir Program

There will be a souvenir program to be obtained with the history of the various branches. Members of the over-state branches will preside over the workshops with the assistance of Leonard J. Carter, Region IV executive secretary, Kansas City, Mo.

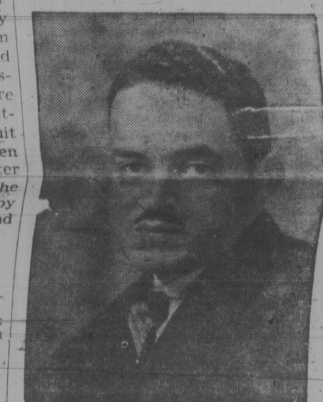

Reports from committee chairmen and business sessions will be held Saturday. George J. Cooper, state president, Council Bluffs, will appoint special committees to work for the two day conference.

MARSHALL

Hyannis Port, Mass. — White House rumor became fact last Saturday when President Kennedy nominated Atty. Thurgood Marshall, one of the world's foremost legal masterminds, as a judge in the second circuit court of appeals.

Marshall, who has become known as "Mr. Civil Rights" since his historic arguing of the 1954 school desegregation case before the U. S. appointed to a federal circuit court of appeals. His first, Judge William Hastie now sits on the appellate bench in Philadelphia.

Marshall has been chief counsel and director for the NAACP legal defense fund for many years and has

ATTY MARSHALL

argued some 30 cases before the U.S. Supreme Court and only three of them could not be considered vicariously a yearly salary of \$25,000.

Opposition Expected

Since Marshall's nomination must go before the Senate Judiciary committee head by Sen. James O. Eastland (D. Miss.) who is an outspoken foe of Marshall's fight for equal rights for Negroes, it is expected that a battle will erupt in that body.

Support

However, Marshall reportedly has the support of the two New York senators, the Judicial Selection committee of the American Bar association and Harlem Representative Adam Clayton Powell.

If the nomination is not confirmed by the senate in the closing hours of the 1961 session, Marshall will get an interim appointment. The nomination then will carry over to the 1962 session. It was the last of 19 circuit appointments to be filled by President Kennedy.

Civic Breakfast Club Gives \$25 to IACW Club House Fund

The Civic Breakfast club presented \$25 to the clubhouse project of the Iowa Association of Club Women on Friday, Sept. 22, in the memory of Mrs. Fannie Danforth.

The presentation was made by Mrs. Maybelle Jefferson, president, at a meeting of the Des Moines Association of Club Women. Mrs. Helen D. Wimberly, chairman of the clubhouse project, accepted the memorial gift.

Mrs. Danforth was an active and enthusiastic supporter of the project and financial effort in the club for benefit of the project was carried on by Mrs. Ruth Moore and other members in Mrs. Danforth's memory.

Two Virginia Integration Hearings Set for October

Charlottesville, Va.—Federal District Judge John Paul will hold a full hearing here Oct. 23 and 24 on the case of 10 Negro youngsters who sought entry to white schools here last year. The judge set the date at a preliminary hearing on Sept. 13.

S. W. Tucker, vice chairman of the NAACP Virginia State Conference of branches, argued in a lower court that the students "had been unlawfully excluded from the schools of their choice."

Enjoined

In another action, Judge Paul entered an order permanently enjoining the Warren County School Board from denying young John W. Kilby the right to attend the local

all-white high school. The school board based its dismissal on grounds that charges are pending against Kilby in Warren County Juvenile Court for being "involved" in an incident with his older brother.

Rock Throwing

This "incident" consisted of the alleged throwing of rocks at white boys by the older Kilby brother. The Court has not yet proved that young Kilby was at the scene of the "incident." The youngster has been attending integrated classes since Sept. 6 under a temporary restraining order.

His hearing comes up Oct. 25. He will be represented by NAACP attorneys S. W. and Otto Tucker.

Notes Unusual Element Of Negro Struggle Against Segregation

There is an historically unique element in the Negro's struggle against segregation that has been largely unnoted, says Ralph McGill in the current (September 30) issue of The Saturday Evening Post.

Airing his views in the magazine's new feature, "Speaking Out," McGill identifies this unnoted aspect of the segregation struggle as the fact that the Negro has been trying to become more American, not less.

Not Apart

He was not, like some of the minorities of Europe, seeking to be set apart, to be recognized as a separate race with special privileges and status," says the Pulitzer prize-winning Southern newspaperman.

In time the South, which has been deceived by its local politicians into damning and tearing the NAACP and Dr. Rev. Martin Luther King, will come to appreciate the beneficial Americanism of this Negro leadership, McGill predicts.

According to the author, it makes its premiere of the 1961 fall

season on NBC television network Friday evening at 8:30 p.m. CST. Because of his illness and hospitalization earlier this week he will appear by tape recording.

Magic Chocolate Sauce Over Pound Cake

THE MAGIC OF SHORT-CUT DESSERTS is a boon to the home-maker on her busiest days, be it laundry day or bridge-club day. A quickly made, delicious chocolate sauce poured over a piece of pound cake gives you a dessert for dinner that night which will bring you nothing but compliments. Chocolate is, far and away, the most popular flavor with families so this sauce is bound to become a favorite for ice cream and puddings as well.

It's a quick and easy assignment for the chief cook, when she takes advantage of this magic recipe featuring sweetened condensed milk. Don't confuse this milk with evaporated milk. The difference is that evaporated is milk alone while sweetened condensed is milk with sugar added. This gives you a thick, heavy and rich milk for mixing with chocolate squares and three other ingredients.

MAGIC CHOCOLATE SAUCE

(Makes 2 to 2½ cups)

1½ cups (15-oz. can) sweetened condensed milk
2 squares (2 oz.) unsweetened chocolate
¾ teaspoon salt
½ to 1 cup hot water
½ teaspoon vanilla extract

Put sweetened condensed milk, chocolate and salt in top of double boiler. Cook over rapidly boiling water, stirring often, until thick (about 10 minutes). Remove from heat. Slowly stir in water, amount depending on consistency desired. Cool. Stir in vanilla. Serve with ice cream, cake or pudding. (ANS)

the Camera Guild

Mirror pictures are easy to make, nice to have, and fun to show and impress your friends.

It's Almost Like Seeing Double

Yes, when you picture your subject reflected in a mirror, it's almost like seeing double—but it also can give you a very striking and effective snapshot.

Mirror pictures are for the most amateur snapshooters—using the simplest of equipment, as well as for the professionals who are well aware of the effectiveness of this technique.

A simple camera with flash attachment enables you to take these pictures. There are only two things which you have to keep in mind that don't apply to other pictures.

First of all, be sure that neither your camera nor the flash is reflected in the mirror. Secondly,

when you figure the distance, you add that between camera and mirror to that between subject and mirror.

This means that if you have a camera that won't let you shoot a picture closer than six feet—and your subject looks best posed a foot from the mirror, you will keep the camera five feet from the mirror. That's all there is to it.

Find a pretty mirror, a good subject, and take camera in hand to make some snapshots that are "different" and make a terrific impression on people who aren't "in the know."

HEALTH FOR ALL

So Tired!

Tired all the time? Wake up worn out? Hardly able to drag yourself through the day? No, this isn't a commercial for Uncle Peter's Nevada-Fail Pep Pills.

Chronic fatigue is a symptom from which many people suffer. And it shouldn't be ignored. However, since it is a symptom, and not an illness in itself, you shouldn't treat it with something you read about in the paper or hear about over TV. It's something you should take to your doctor.

Symptom

That "always tired" feeling can be a symptom of many things amiss. It can result from overwork or not

enough work. It can be a sign of anemia, not enough sleep, tuberculosis, thyroid disease, low blood pressure, malnutrition, boredom, lack of exercise, infection of almost any kind.

Not Normal

Tiredness all the time, or even most of the time, is not normal, not something to resign yourself to. Your doctor can find out what the basic trouble is and treat that. If you try to treat it yourself, you probably won't do any good. And you may delay diagnosis of a condition which should receive medical care.

So stop just dragging yourself around. Drag yourself to the doctor.

nation "colored" from the places where separate headquarters have been maintained for Negro job-seekers.

The State Commission reminded its administrative staff that its program involved use of federal funds. Robert W. Saunders, NAACP field secretary for Florida, pointed out that the association had filed complaints charging that segregated hiring offices resulted in Negroes being the last hired.

He added that NAACP investigation disclosed that the Commission was used a "screening agency" for employers or industries moving to Florida.

These practices tended to eliminate Negroes from jobs and strengthen

Fancy Salmon Sauce on Rice

Red pimientos and sweet pickle relish are the flavor boosters in this salmon main dish. The quickly made salmon sauce looks so tasty over tender white rice. The hard-cooked egg garnish is an easy trick, and with colorful paprika you have a magnificent main dish beautiful enough for a real fancy meal.

INGREDIENTS:

2 hard-cooked eggs
2 cups water
1 cup uncooked white rice
1 teaspoon salt
1 lb. can salmon, flaked
Milk
1 10½ oz. can condensed cream of mushroom soup
½ teaspoon salt
¼ teaspoon black pepper
2 tablespoons chopped whole canned pimientos
2 tablespoons sweet pickle relish
Paprika

METHOD: Put the eggs on to cook. After eggs are hard-cooked, cool quickly in cold running water.

Put the water, rice and 1 teaspoon salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid and simmer over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes. Drain the salmon juice into a measuring cup. Add milk to make ½ cup liquid. Put the mushroom soup in a 2-quart saucepan. Stir in the milk mixture, ½ teaspoon salt, pepper, pimientos, pickle relish and the salmon. Place over a low heat until very hot. Stir occasionally. Separate the hard-cooked egg yolks from the whites. Cut the whites into thin pieces. Just before serving, mound the rice around the edge of a large platter. Spoon the salmon sauce into the center and over some of the rice. Press the egg yolk through a strainer and cover the center of the salmon sauce with the sieved egg yolks. Sprinkle some paprika on the egg yolks and the white rice. Place the egg whites around the edge of the salmon sauce. Serve immediately. This recipe makes 8 servings.

Plan Free Vision Screening For Pre-Schoolers

Free vision screening to discover if a child's vision is as good as it should be will be conducted for all preschool children, ages 4-6 of Des Moines and Polk County at the new downtown YMCA building, 101 Locust, Des Moines, Tuesday, and Wednesday, Oct. 3 and 4.

Sponsored by the Iowa Society for the Prevention of Blindness, screening will be done from 9:30 a.m. to 12 noon and 1 p.m. to 3:30 p.m. October 3 and 4.

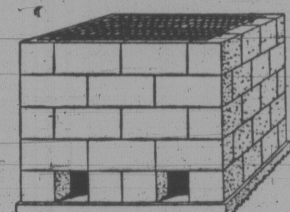

Not Eye Exam

This screening is not an eye examination and no diagnosis can be made, but if the screening indicates that the child's vision is not what it should be at his age level, the child's parents are advised. Standards for "passing" the test were set up by ophthalmologists and pediatricians. Trained volunteers from the Delta Gamma alumnae, Polk County Medical Auxiliary and Junior League will do the screening.

Handy Incinerator

FOR burning household rubbish, an incinerator built of concrete blocks on a concrete foundation is excellent. The base is 4 by 5 feet, and the concrete should be reinforced with chicken wire, according to Family Handyman.

Use standard size building blocks, setting the first course on a thin layer of mortar and leaving two 8"x8" spaces at the front to provide ample draft for complete incineration.

The cover is turkey wire, 1 1/2 mesh, with welded joints. The wires won't separate due to the heat. Eye-bolts may be inserted in the joints between two of the top building blocks, if you want to hinge the mesh cover by looping down two pieces of the wire into the metal eyes.

The Missionary Circle of St. John's A.M.E. Church will sponsor a Bake Sale and Bazaar on Saturday, Oct. 14 at Ewinger Appliance Co., 214 No. Main St. from 9:30 a.m. Mrs. Lola Eaves, Chairman. Watch this column for date of Pre-Thanksgiving dinner to be served by the Missionary Circle in November.

The Trip Around The World, a project of the Rally Committee, has been postponed until a later date. The Street Carnival, spearheaded by the Youth Council of the NAACP was rained out Sat., Sept. 23. Permission from the city council will be obtained for a later date to be announced here.

Mr. Cecil Rideout, Municipal Court Bailiff for the past 13 years, is soliciting signers for a petition for his re-election in November. All readers who are not registered at City Hall please do so as it is most important that we be recorded as legally registered citizens.

Mrs. Mattie Foster of Omaha, Nebr., is the house guest of Mrs. Verla Lewis for an indefinite stay.

Word has been received here of the serious illness of Mrs. Dollie Washington, a former resident who has lived in Des Moines for the past several years. We remember Mrs. Washington for her many contributions to the community and as one of the lead singers in St. John's A.M.E. choir for many years.

Mrs. Charlotte Buckner, a teacher at St. John's and District Superintendent of the Des Moines-Quincy District of the A.M.E. church Sunday school, was honored last Sunday with a presentation for her constant and efficient work. Seven members of the Sunday school were also promoted at this time.

Mrs. Geraldine Brown has organized committees for observance of Family Night to be held in the social room of St. John's A.M.E. Church the 2nd Saturday night of each month from 6:30 to 8:30 p.m. Families and friends of the Church are urged to attend these monthly meetings as interesting programs appropriate for each month have been planned which will interest young and old alike. Each family will bring its own table service and covered dish—dish to be announced by the menu planning committee in keeping with the season.

the Camera Guild

Be sure that everything is in order for projecting your film before the meeting opens. That's the secret of a good smooth showing.

Films Give Variety to Club Programs

Many clubs and organizations have heard their first "meeting come to order" for the season, and program chairmen are looking for good material.

That's why we feel it's a good time to talk about the vast fund of program material that's currently available in professionally-made movies—and at prices well within the budget of even the smallest club group. We think you'll be pleasantly surprised to learn that it's possible to provide an interesting program for as small a rental fee as \$1.25 to \$2 per film!

Movies are really hard to beat as program material. For they not only offer fine fare for a tiny price, but present a wide enough choice of subject matter to fit any type of program you may be planning.

General interest, pure entertainment, special interest, educational—dramatic or documentary—you can have what you want strictly a la carte! If yours is a literary group, look into the classics of literature available on film. A Mothers' Club and the Parent-Teachers Association will be interested in films on child care and development. The garden club

will be pleased with films on flower growing and arrangement. An internationally-minded group would probably be attracted by films about distant lands or perhaps a visit to the United Nations. For farm groups, a film program devoted to specific agricultural problems might well be your best choice.

If you're not familiar with the sources from which rentals may be made, just go to the public library for information. In some cases, you'll find that the library itself has a film-rental department. If not, you will be given a direct lead to a convenient source.

You might also like to know that the Government Printing Office publishes a little fifty-cent handbook, called "A Directory of 2,600 16mm. Film Libraries." If you order a copy, you'll discover an extensive list of film sources in your area—including your state film library—along with a description of the type of film carried by each source.

So we say, never underestimate the power of a movie—it may turn out to be the best program material your club ever had! —John Van Guilder

BY MRS. M. TURNER
638 So. Adams Street
Phone GA. 4-3639

The St. John Baptist Sunday School was held at 9:45. Mrs. Willie Turner Supt. in charge. At the eleven o'clock hour Rev. Lester Jefferson preached on "Looking Back". Mrs. Lewis Kipper sang a solo entitled "Sinner Like Me". Visitors were Mr. and Mrs. Joseph Wamherly of Des Moines.

At the three o'clock services the women of St. John Baptist church held a Woman's Day program. Mrs. Wimberly, probation officer of Polk County, was guest speaker. Her topic was: "What Every Christian Woman Should Know".

Mrs. Lester Jefferson was Mistress of ceremony. Devotion was led by Mrs. Claude Stalling and Mrs. John Page of Mahan, Iowa, of the New Bethel Baptist Church. Mrs. Virgil Stephens read a paper on "Women in the Church". Miss Janice Burrier introduced the speaker, Deborah Turner presented her with a corsage.

Mrs. Arthur Moore, Mrs. John Rhem, Mrs. L. Jefferson "Grace Is Sufficient". Rev. Jefferson gave the invitation. Mrs. William Lyghtner, Mrs. Earl Davis were ushers and hostess at the tea.

Mrs. Jefferson was also program chairman. Mrs. Calvin Dufrenoy was in charge of publicity and Mrs. Willie Turner was in charge of the tea.

An Unusual Entrance

IN SOME settings, a valance can dress up an otherwise drab doorway between rooms. Typical locations are a recreation room, a nursery or an enclosed porch.

A pattern for this improvement may be laid out on wrapping paper and then transferred with carbon paper to pieces of Masonite 1/4" Tempered Preswood. This material because of its smoothness, durability and paintability is well used for valances and similar installations in homes and commerce.

Width of the pieces should be approximately twice that of the door framing, depending on individual taste and the size of the doorway. Mitered joints between the two side panels and the top should be planned. The curved lines forming the outline may be cut with a coping saw.

After making certain that the parts fit, by laying them out on the floor, the craftsman should lightly level the exposed edges with a file, beveler or sandblock. They should be fastened directly to the door frame with finishing nails. If there is a molding around the outer edge of the frame, shims of Preswood should be attached first to bring about a level nailing plane.

ARRIVING AT "LIMITS" FOR YOUR CHILDREN

Setting limits for our children is often a tough problem for parents. It is a problem that presents itself in ever new forms—daily, monthly, yearly. And what puzzles us is that we often aren't sure whose limits are being set.

When we insist that Johnny always ask permission before leaving the yard to play, for instance, we may be doing so for his own protection against hazards he isn't yet able to deal with. Or, we may do so because we are frightened if we do not know where he is every minute. We may even be afraid that he will reflect on his upbringing by imposing on a neighbor.

Own Limits

And when we insist that Mary clear out and clean up her room at least once a week, the truth may be

that while Mary has yet to learn the advantages of reasonable order and cleanliness, we ourselves simply cannot stand a messy, dirty room. This may mean that what we tell ourselves is helping Mary learn is mainly trying to force Mary to satisfy our need for cleanliness.

Age Difference

It is sometimes easier to feel sure about limits with a 2-year-old than with a 10-year-old. The toddler clearly needs to be limited as a protection against consequences which he cannot foresee. The 10-year-old is at an age where he needs to be working out some limits for himself.

It would seem that as parents we might as well accept the fact that our motives in setting limits are often mixed. But we need to recognize that both parent and child should have a stake in setting limits.

Acceptance

The child's problem is to accept adult-made limits where he cannot set them himself. The problem of the parent is to learn how to strike a balance between setting limits necessary in reality for his own well-being and those necessary for the well-being of the child.

How to Sharpen Shears

A SIMPLE method of sharpening an old pair of scissors is illustrated. Drive a 6-penny nail into a wall, as shown. Draw the jaws of the scissors their full length over the nail, as though you were cutting it. A mod-

erate, even pressure is required during the several strokes needed to put an edge on the blades. Cutting into a piece of sandpaper or emery paper is another commonly used method of sharpening a shears.

Personally Yours by Frances Mulhorne.

As summer steps out of the season's arena, bowing to the beautifully arrayed fall matron, the local social calendar accelerates as many clubs and organizations resumes activities. Dates to mark on your forthcoming calendar are the First annual charity ball and fashion show to be sponsored by the Des Moines Federated clubs . . . also the annual beauticians educational clinic and benefit dance and style show, sponsored by the Crescent School of Beauty Culture. It may be a little too early to say yet, but local residents may have an opportunity to view the famed Ebony Fashion Fair, introduced to Des Moines by local sponsors, the Olympian club.

While we are speaking of dates to mark on your calendar, be sure to mark Saturday, Oct. 14 when the first bazaar will be given at St. Paul A.M.E. Church, sponsored by the Woman's clubs. A variety of booths—such as flower, beauty salon, Home cooking, Home Show, Fashion and Know your Church. These women are going all out to make this affair something to see and worthwhile attending. Members of the club are also responsible for such annual affairs as the annual tea and lawn social. See church page for pictures of two of these ladies who are in charge of booths for the occasion.

Do you want a place to study in quietness or do you want help in locating materials for themes, current event speeches? Are you uncertain about what courses to take, or procedures in making application to colleges and universities? Do you know what scholarships are available. Let the Willkie House staff help you. They are located at 900 17th street or you may call CH 3-4634.

Willkie House is also introducing something new—in the way of a parents' coffee break. All parents interested in a morning coffee get-together from 10 to 11:30 or an afternoon coffee get-together from 1:30 to 3 p.m. are invited to phone Willkie House for the best day.

The W. H. Staff feels that "mothers should have coffee breaks after the morning rush for school." Fathers who have walked the "floor all night with Junior" are also welcomed.

Recently we published some of the names of students who were returning to college campuses or going for the first time. We also had some

names of young ladies who are returning to the school rooms as teachers are perhaps starting their first assignments.

Among these are Miss Colleen Martin, who returned to her fourth grade class in the Gary, Ind., public school system. She is the daughter of Mr. and Mrs. Theodore R. Martin, of 3500 27th street. She spent her summer vacationing in Des Moines and part of it in Gary, Ind.

Miss Charlotte Jones, daughter of Dr. and Mrs. Leon S. Jones, Sr., of 1929 Buffalo road, began her first teaching assignment with a second grade class at Bird elementary school in Des Moines. She is a 1960 graduate of Drake university.

Miss Shirley Carter returned for her second year of teaching the fourth grade at Hawthorne school in Kansas City, Kans. She spent the summer working on her master's degree at Drake university. She is the daughter of Mrs. Dorothy Turner of 1432 Dixon street.

Miss Barbara Oliver who spent part of the summer vacationing with her parents, Atty. and Mrs. W. L. Oliver of 5975 N.W. 73rd place, returned to her classroom as teacher in the Detroit, Mich., public school system.

While we are reminding you of dates to mark on your calendar, those of you who are in the Nash school district, don't forget the "Fun Night" at the school on Friday, Oct. 13. Forget about your favorite TV program or those superstitions, and come out and have a lot of fun.

Earlier this week we received a communication from a faithful Bystander reader, Mrs. Agnes D. Snow, of Emporia, Kans., who has been ill during the past few months. She wrote:

"I have enjoyed reading the Bystander for some years and knew it was widely read. To prove it my sister-in-law in Pasadena, Calif., heard of my latest illness by two of the Bystanders subscribers, Mrs. Clara Miller and Mrs. Doris Jenkins, who are ushers with her at Friendship Baptist church in Pasadena.

"These ladies are former residents of Des Moines. Please print this as I want them to know how I appreciate the interest shown.

"Read with sorrow of the passing of Mr. Frank R. Jett and Mrs. Olive Redmond. I sure enjoy the Bystander and give it to a friend, who just likes to read it, but has never been to Iowa."

FAR REACHING RULES BY INTERSTATE COMMERCE COMMISSION

When freedom riders began traveling through the South, southern officials arrested them promptly on the theory that even interstate passengers must obey local segregation laws. And this in spite of the fact that the Supreme Court had held that these local laws did not govern interstate passengers.

In order to further clarify the apparent conflict and to provide machinery to enforce the law, Attorney General Kennedy asked the Interstate Commerce Commission. It has jurisdiction over interstate travel to issue a set of regulations governing the rights of passengers.

Last week the commission issued sweeping regulations requiring in no uncertain terms that there should be no segregation in transportation and/or terminal facilities, providing a fine and requiring that the rules be posted in the waiting rooms.

It has always appeared ridiculous that freight traveling in interstate transportation should be regulated by the Interstate Commerce Commission while passenger service was not. At least, order has come out of this apparent mixup of regulations.

Unlike the supreme court decisions, these rulings not only say what the law is but also provide enforcement machinery and penalties. These rules point up and are analogous to the necessity of national civil rights laws which would implement the supreme court decisions. Or, in other words, as the constitution provides that congress has the power to pass laws to enforce the 14th amendment, the one upon which most supreme court civil rights cases are based.

LOW RENT HOUSING ELECTION DISAPPOINTING

Low cost rent housing was defeated in the election Monday but the problem of providing decent homes for those unable to obtain them by their own means prevails. Frankly the vote was a blow to those people who want slum clearance and adequate housing.

The majority of the citizens of Des Moines voted against low-rent housing Monday—a decision which disappointed a lot of people and left the urban renewal program just where it stood before.

It is interesting that in spite of the fact that most of the outstanding organizations in the city endorsed low rent housing, there appeared an undercurrent of dissenters which eventually was not known and therefore not reckoned with.

Then too, some people supposedly supporting the program, dragged their feet or left a lot of voters uncertain where they stood.

Those who led the charge to defeat low-rent housing have had twenty years in which to solve the problem, but the best they have done is create more slums.

But name calling gets nothing done. However the opponents of low-rent have a mandate from the votes to solve the problem not in a makeshift manner but by providing adequate homes at reasonable prices.

SUPPORT UNITED CAMPAIGN DRIVE

Des Moines, along with hundreds of other cities over the country, is engaged in its annual United Fund campaign. The United fund, which combines gifts for the support of many social agencies, is designed to and has saved time, money and energy for raising and spending the funds.

Over the years, the citizens of Des Moines have responded to their appeals generously and in a manner which has encouraged the board of workers who organize and carry on the campaign.

This campaign should succeed. True, employment has not been up to par and this same who heretofore have made contributions cannot. This means that some others must dig a bit deeper in order to fill the gap.

United Campaign operations have built a reputation for efficient clean administration. Des Moines is proud of its organization.

Still A Wonder Drug

One of the oldest of the wonder drugs is plain old ordinary aspirin. Although nobody yet understands quite how it works, aspirin is an effective pain reliever. Patients with arthritis take it for long periods of time with considerable relief and no ill effects. There's some reason to doubt that the fancy types of aspirin sold for a lot more than the ordinary kind are really any better, so if you need aspirin here's no need to pinch your pocketbook.

Hawks Ready for California

12 Negroes on SUI Squad with Co-capt. Hollis Leading Pack

Iowa City—Twelve Negro players are on the 1961 University of Iowa football team. At present, six of these players are on the Hawkeyes' first team. They are: left end Felton Rogers, right tackle Al Hinton, quarterback Wilburn Hollis, left halfback Larry Ferguson, right halfback Sammie Harris and fullback Joe Williams. Four others are on the second team. They will play in the season's opener here Saturday against the University of California.

Player Sketches

LARRY FERGUSON—An all-American last season, Fergie runs at his left halfback position weighing 193 pounds. He's 5-10, and a senior from Madison, Ill. powerful

Larry Ferguson
Left Halfback

runner and good blocker. He won a letter as a fullback when a sophomore. He had runs of 70, 85 and 91 last year and scored 6 TDs. He averaged 7.3 yards a carry. His 6.7 average led the Big Ten. A former high school football all-American.

Co-Captain

WILBURN HOLLIS Co-captains the Hawkeye squad. Quarterback more mature and polished after

Wilburn Hollis
Iowa Quarterback

season in which he led Iowa to 8-1 record and tie for Big Ten title. He scored 11 touchdowns last season. An orphan, Hollis came to Iowa from Boys Town. The original home is Pontiac (called "Possum Trot"). Miss. passing and running talents especially suited to the Winged-T offense. He may be used some on defense. Also a high school all-American. He worked as counselor at Boys Town camp at Lake Okoboji during summer. 206 pounds at 6-2.

Real Competitor

ALFRED HINTON Starting right tackle, he's one of the veterans in Iowa's line. A real competitor with plenty of fire. Two-letter man. A vicious tackler and blocker. His hobby is art. One of the more popular linemen from Saginaw, Mich. He's 6-1 and 231.

Fastest Hawk

SAMMIE HARRIS Running at No. 1 right halfback. Probably the fastest hawk. He was shifted from left halfback because Coach Jerry Burns thought he was too valuable to be used solely as a spot player. Looked good in spring practice, and continued over in the fall season. Nicknamed "Mercury."

LIGHT HAULING
Lester Henry
1706 GILLETTE STREET
Ph. CH 3-7053

Because of his speed, 178 pounds, 6 feet-3-junior

JOE WILLIAMS Workhorse of the Iowa backfield. Averaged 5.6 yards a carry last season. Steady and dependable, he's an outstanding blocker. 201 pounds, 5-10 and 201 scored 5 TDs from his fullback spot last year. Started as a sophomore. Shifted last year to fullback from halfback. A prep all-American in football.

Pass Catcher

FELTON ROGERS Started at end as sophomore last season. Caught the most passes of anyone on the squad. Figured to be an outstanding receiver after year of varsity experience. Nickname is "Wako." 6-4 and 195, he's also a good high jumper (best mark 6-9 1/4). Married. Physically major who wants to coach.

Studies Language

BILL PERKINS Lettered at end last year as sophomore. Shifted this fall to fullback behind Joe Williams. 6-2 and 204 tremendously strong and with a great deal of desire. Coaches have been pleased with his work at fullback. A good student, he is studying foreign languages. Tough ball player when the pressure is on. Improved steadily last year.

Discus Thrower

CLOYD WEBB Real fine pass-catcher and who caught the eye of coaches in spring drills. Loping cut is deceptively fast. A second semester sophomore, Webb is 6-3 and 197. Threw the discus 162 ft. 3 in. for a new Iowa record and was second in the Big Ten. The way he catches passes, it appears he has hooks for hands. He's been running at second string right end.

Tough Center

DAYTON PERRY A real tough center, could start at most schools. A high school tackle, he worked hard to learn the center position. Picked off fumble and went 80 yards for TD against Purdue last year. A physical education major. 6-1 and 214 from East St. Louis, Ill. Good speed for his size.

Lot of Potential

JIM WINSTON Lettered as a sophomore, but still had only fair season. Has a lot of potential but didn't show it all last year. Running on third string at end. He started at end last year, but Rogers beat him out. Plenty of speed and good hands. 209 pounds, 6-4 from Morristown, N.J.

Resembles Fleming

MIKE McDONALD Another boy with plenty of ability, but who has not produced to the utmost. Good runner who resembles Willie Fleming. Still working hard to break into the first or second unit. Could do it with work. A junior from Port Huron, Mich. He's 5-8 and 178.

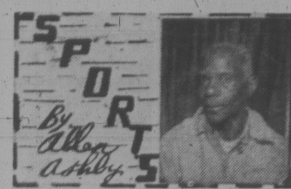

No. 2 Fullback

BOBBY GRIER Tabbed as the No. 2 fullback in spring drills, but an ankle injury slowed him down. Needs blocking work. Now shifted to left halfback. 6-0 and 183 from Detroit, Mich. Still a sophomore. He could develop rapidly and play plenty of football before the season is over.

FOR WANT
OF VACCINE...

...A CHILD
WAS LOST
GET YOUR
POLIO SHOTS NOW!

This is the week we get a look at the Hawkeyes under their new coach. Several fellows have wondered if Jerry Burns will be as fair to use Negroes as was Forest Evans. We always reply that we don't see why he wouldn't. He has the former coach in the drivers seat and it is from the office of athletics director that policies are often made for a coach, who isn't big enough to stand on his own feet. From what we hear that starting backfield could be all Negro. Wouldn't that be something?

Iowa State got by one but had to have a break to make it. The Cyclones miss Tom Watkins who is doing all right in the pre-league with the Cleveland Browns. The trip to Oklahoma will give us a better line on him. Maybe the boys are better but the rest of the Big Eight conference sounds awfully rough.

Drake seems headed for its best season in a long time. The Bulldogs, barring injuries the Bulldogs should have quite a year and pull some real crowds. Let's hope they do. We would still like to see Bill Harper out there.

High Schools

North had a close one against the Knoxville. We didn't think those guys were that tough. The Polar Bears have some fine running backs in Ron Jackson and Bob White, but they will have trouble against a big pass catcher such as those guys at Roosevelt. The boys play their defense tight by trying to knock the receiver loose from the ball but that doesn't always work. Tech just isn't as strong as they were last year, but the guys aren't pushovers and are getting tougher all the time.

Larry Welch

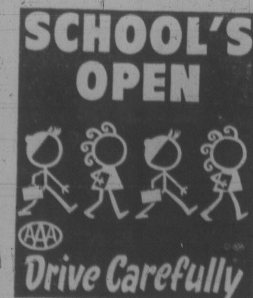

The score of the East-Lincoln game was Larry Welch 19, Lincoln 0. If this guy can keep up his present pace it is going to be hard to keep him off some all star team. Fast backs up that offense with a rugged defense. I would like to see Welch used more as a decoy and then he would probably be rougher than he is.

Disputed Play

Wonder if they ever got it straight about whether Welch or McGuire scored that marker in the palsy game? The two boys are friends and we don't think they gave the matter much thought. But after listening to corrections on the air and then reading the papers, we wonder just what did happen.

Tennis

Phyllis Sharp is playing her second year of tennis at Tech. And Armiller Bell is starting her first year. Good luck, kids.

IN EMBRYO

In embryo are miracles that wait their time and place, each unborn masterpiece shall sleep until its day and hour of grace. Marvels of an age to come quiescent in times' womb, will wait, and come into astounding life to meet their long-planned, vital, date.

So do not try to judge this day tomorrow they may let you know, of many wonders, stored away that wait their time, in embryo.

RAPPORT

Even during long periods of silence there exists—between couples who are rich in their love and understanding, a tenuous, yet clearly definable rapport.

There must be deeply woven ties between two people before they can completely absorb themselves in any endeavor, such as reading, writing or creative work; the presence of one not embarrassing or distracting the other but even supporting him or her, while between them there is a definite current of tenderness and trust, and continues to be obscurely felt.

Thoughts for Today

Progress always involves risks—you can't steal second base with one foot on first.

Taxes never die—they just stick and grow, and all the old ones remain with us.

The way money goes these days it would be easy to convince people that it is printed on fly paper.

A man wouldn't mind having his income taxed if he wasn't already taxed to stay within his income.

Patterson Must Fight England's Cooper Or Forfeit Heavyweight Title—Says NBA

Pittsburgh The National Boxing Association pointed its finger at Floyd Patterson again last week. The NBA notified the heavyweight champion he must defend his heavyweight championship by next March 13 or forfeit NBA recognition.

Under an amendment adopted earlier this month by the NBA, the period within which the World Heavyweight championship must be defended was extended to one year.

Paul G. Sullivan, chairman of the NBA World Championship Committee, informed Patterson of the change in a letter.

The letter said the championship must be defended against the No. 1 challenger rated by the NBA. The current top contender is Henry Cooper of England.

"If it is appropriate to point out to you that, unless the foregoing regulation is complied with by you,

often mixed. But we need to recognize that both parent and child should have a stake in setting limits. The National Boxing Association will necessarily withdraw recognition of you as world heavyweight champion," Sullivan's letter said.

Under the previous regulation, Patterson would have had to defend his title by six months after his victory over former champion Ingemar Johansson last March 13.

The champions in other classes, from flyweight through light heavyweight must defend their titles within six months after acquisition. The champion must select from the six highest ranked boxers in his weight class.

The committee made the exception in the heavyweight class "because of circumstances inherent in and peculiar to promotion of major contests" in that division.

To Our Readers

News from out-of-town correspondents should reach the Bystander no later than Wednesday morning. If you can possibly get your news in earlier the staff would greatly appreciate it.

CRANBERRY DIXIE

To give your meals holiday flavor throughout the year, try adding color and flavor with this tempting sauce. Your guests will forever appreciate the festivity and glamour this dish will bring to the occasion. Your family will thrill to the flavorful goodness of fresh cranberries blended with a popular beverage food (Dr. Pepper).

1 pound raw cranberries
1 1/2 cups sugar
3 bottles Dr. Pepper

Wash and pick over cranberries, then combine in 1 large kettle with sugar and Dr. Pepper. Cook over moderate heat until all the berries have popped. To make Dixie Cranberry Jelly from this same recipe, just use the same process, doubling the amount of sugar and putting the sauce through a sieve before allowing to set.
