Says Families Not Required to Move for Months in Oakridge

A survey of families is underway in the Oakridge Urban Renewal area, which is predominantly Negro, the Bystander was notified this week.

In a letter, John W. Caswell, relocation director, stated, "We want to assure everyone living there (Oak Ridge) that no one will be required to move for months, if the project is approved. If the project is not approved by the Federal government no one will need to move.

A mass meeting of families and interested citizens living in the Oak Ridge area was called off due to bad weather Sunday afternoon at Willkie House.

Information, being secured by a six-man survey team, includes number of families, and whether they are buying or renting, who owns the dwelling, number of families in apartment-units.

Students paid a small fee for meals and registration. The group planned their own menu, cooked, cleaned up and slept on army cots provided by the American Friends Service.

Each brought his own bedding.

Federal Job Exams Schedules Slated

Urges Concerted Drives For Increase in Funds And Iowa Memberships

Davenport, Ia.—A special emergency meeting of NAACP branches was called by Leonard Carter, Region IV executive secretary, Kansas City, Mo., at the public library Saturday. Four branches were represented.

Mr. Carter reported an overall loss of memberships and funds for Fight Fund for Freedom in 1961 from the 1960 total. This he said was largely due to the "irregularities in the operation at Waterloo, who reported 199 members in 1960 and no members in 1961 and a \$200 F.F.F. in 1960 and \$5.00 in 1961.

Heavy Losses

Several other branches reported losses in 1961, but the majority reported gains; however, not enough to offset the heavy losses of other branches in the state, so the overall state report shows a loss for 1961, according to Carter.

Attending

Branches represented were Mr. and Mrs. De Edwin White of Burlington; Mrs. Emma Turner, Mrs. Viola Gibson, and Mrs. Russell Nash, of Cedar Rapids; George J. Cooper, state president from Council Bluffs; and Powell Owens and six other officers and members from Davenport.

Carter stressed the urgent need for stepped up activities in the membership and F.F.F. departments and asked for immediate campaign plans, to alleviate the matters.

State Branch

Cooper reminded members that since the State NAACP depends almost entirely on increase of memberships and the per capita tax is the main source of income. He warned that any decline in both will

Progressive Bapt. Convention Says 2 Million Joined Them

Chicago—More than two million Negro Baptists have broken away from the National Baptist Convention, U.S.A., Inc., and have confirmed membership with the new Progressive Baptist Convention of America, according to spokesmen for the new group.

The announcement came after the close of a three-day session held here at the Tabernacle church where some 1,200 ministers and representatives from 22 states attacked the policies of their former organization, led by the Rev. Dr. Joseph H. Jackson of Chicago.

Dr. T. M. Chambers, newly-elected president, of Los Angeles, declared that the insistence of the former group upon dictatorship "lifetime tenures" for its president despite bitter convention contests and the need for "a more dynamic Christian approach to the principles of democracy," forced the ministers to form a new convention.

Convention

Chambers announced that the Progressive Baptist convention will hold its first session in Philadelphia in September and that President John F. Kennedy and New York's Gov. Nelson Rockefeller will be invited as guest speakers.

A board meeting was scheduled for May 9-10, at Richmond, Va., at which time other office heads will

"naturally cause the State NAACP to become insolvent and soon go out of existence."

He said that a meeting of branch presidents will be held in the near future.

Meany Asked To Intervene for Apprentices

St. Louis, Mo. — The NAACP has asked AFL-CIO President George Meany to intervene in behalf of two Negro apprentices being denied use of a training manual by Local 562, Plumbers and Pipefitters Union, here.

The young men, Olive Parker and Ronald Leonard, are the first Negro apprentices to attend O'Fallon Technical High School.

Objection

They were admitted into the Plumbers and Pipefitters apprenticeship training program "over vigorous and sustained objection of the union," NAACP Executive Secretary Roy Wilkins said in his wire to Mr. Meany.

The NAACP request was sent Feb. 14 but released to the public Feb. 16. Wilkins asserted that the union "in a bitter and vindictive action, now denies the Negro students use of training material at the school, claiming to be the property of Local 562."

Declined

Dr. Martin Luther King, Jr., Roy A. Wilkins, NAACP executive secretary, New York, and Dr. Benjamin E. Mays, president of Morehouse college, Atlanta, were scheduled to address the Chicago meeting but sent messages that previous commitments prevented their attending.

Detroit NAACP Is Top Branch In The Nation

Detroit, Michigan — The Detroit Branch NAACP continued to hold its national leadership in both fundraising and membership in 1961, according to an announcement made last week by M. Kelly Fritz, treasurer of the Detroit branch.

Secretary of Labor Arthur Goldberg on ways and means of making meaningful the Government's non-discrimination policy in employment under federal contracts.

This policy, the NAACP spokesman pointed out to Mr. Goldberg, cannot be fully realized merely by employment of a few Negro engineers and technicians while excluding colored workers from the bulk of skilled jobs and office work. Such window dressing, they said, fails to meet the real problem.

They expressed the hope that the non-discrimination pledges signed by large corporations having government contracts would be implemented on a mass basis and that token employment would not be considered fulfillment of the pledges.

appear in the April issue of Sepia Magazine, Ronald J. Rousseve, PhD, acting director of the Counseling Center at Prairie View A&M College, Prairie View, Texas, states that in order for the American Negro to achieve his full constitutional rights, he must combat any feeling of inferiority in relation to whites.

Question Worth

"Many of us, because we have been victims of prejudice and discrimination, have learned to question our worth as human beings," he writes. "As Negro Americans who have been made fun of in books, on the movie screen, and in countless other ways—we sometimes tend to become passive to withdraw, and to content ourselves with things that are less than what we are as human beings," Dr. Rousseve explains.

Efforts

Dr. Rousseve advocates that a conscientious effort be made by the Negro to "transform our undesirable patterns of behavior into more positive types of conduct."

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN IOWA, our famous civil war governor, Samuel J. Kirkwood, for whom many streets and public buildings are now named, was inaugurated for a second term. Throughout the state, the event was toasted with foaming steins of beer.

For then, as now, beer was the traditional beverage of moderation . . . light, sparkling refreshment that adds a touch of old-fashioned Iowa hospitality. Iowans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

Winter stepped out for intermission and spring danced in with a week's audition of dancing warm sunlight, and blue skies. However, Old Man Winter abruptly upstaged Milady spring, with a chilling dash of snow, high winds and sleet, and a few other strange mixtures thrown in. To immediately catch that breath of spring, you have only to enter the basement doors of Veterans auditorium and step into glorious Japanese gardens and into the wonderful land of flowers, at the Des Moines Flower and Home show.

Before we write about anything else this week, we have a correction to make, about our paragraph on the national Association of Social Workers. It was quite a "boo-boo" but we hope we caused no hard feeling, for that is never our intention.

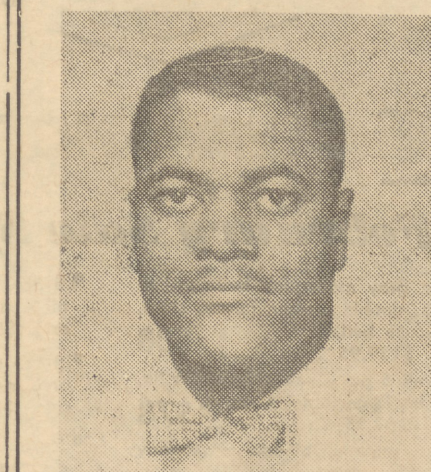

Correctly, our information should have read that there are six Negroes who are listed in the 1961 directory of the Central Iowa chapter of NASW as having met requirements for the Academy of Certified Social Workers. The initials, A.C.S.W., can be used following the person's name, like M.D., follows a doctor or R.N., follows the name of a registered nurse.

These six and their professional positions are Mrs. Marguerite Cothorn, secretary of the recreational division of the Council of Social Agencies; Mrs. A. Louise Mays, psychiatric social worker at the Des Moines Child Guidance Center; Charles Holmes, clinical social worker for the Veterans Administration in the out patients service department; William Cropp, psychiatric social worker working with the Clarinda Mental Health Staff; Edward C. Harris, supervisor of foster care at the Iowa Children's Home Society; and Miss Charlene Wharton, executive director of Willkie House.

Making his television debut early in his life was Donald C. Bland, III, son of Mr. and Mrs. Donald C. Bland, II, of St. Louis, Mo. Donald III was on the Mary Jane Chinn show on Friday, Feb. 16. He is the grandson of Mr. and Mrs. Clinton of 725 S.E. 26th Court.

Art lovers or those who are interested in the artistic productions of other lands, will want to find an opportunity to visit the Des Moines Art Center and view the exhibit of African art.

KEEP UNFAIR PEOPLE OFF BOARDS

When Mrs. Wilma Heftl was placed on the Commission on Human Rights, the Bystander complained to the mayor that the appointment was unfortunate because she is not in harmony with complete equality for the Negro. It argued that nobody who is opposed to full equality for the Negro should be permitted to serve.

That objection was borne out last week when she along with Chaplain DeLoss Marken, exploded against what the Commission was trying to do. In fact, they made all kinds of scurrilous remarks against the program and singled out Ed Shelton, executive secretary, for saying, in effect, that he bullying carried on by members of the council made it difficult to secure members of the board other than those who had no intention of doing other than sabotage the program or sit as a knot on a log without carrying anything constructive to the group.

Members of boards, who have differences, should have sense and loyalty enough to air their troubles among themselves. But last week Chaplain Marken—he spent a lot of time fighting for democracy for people abroad but none at home—and Mrs. Heftl displayed absolute lack of qualifications as members of the Commission. They should quit now as their usefulness has been spent.

AMERICA MUST BE PROUD

Every American should be proud of an outstanding accomplishment by a fellow American. And this is true in the services, in athletics, in literature, art, government, or industry. Whatever accomplishment compliments one American does so for the nation.

It must be admitted that many Americans began to get discouraged over the continued postponement of Col. John Glenn's flight into orbit. But those in charge of the project knew pretty well what would make the flight click—and they did the job Tuesday.

Generally speaking, the right man arrives on the scene to do a job. Certainly the selection of Col. Glenn was sound for during all the waiting his conduct was such as to command the respect of his fellow Americans.

The producers as well as the performers of this big show command the highest praise of their fellow Americans.

FOOLISH POLITICIANS FOOL THE PEOPLE

The U. S. Supreme Court has again looked through the crude network of attempts to discriminate against Negroes and struck down a law veiled as harmless but designed to deprive Negroes of their rights in Louisiana.

Just how long must innocent people be required to defend their rights in a society which boasts of democracy for all of its citizens? How long will southern states elect men to their legislature and other places high in government who spend the taxpayers' money passing and enforcing laws which they know are unconstitutional?

America is trying from the top down to solve its race problem but a lot of people from the bottom up are attempting to throw monkey wrenches into the machinery and at times the operation looks pretty silly.

Welcome Davidson Stores As Advertisers.

The Bystander wishes to call the attention of its readers to the return of Davidson's Furniture Store to its list of advertisers. No newspaper, unless subsidized, can operate without advertisers. So when a company sees fit to invite customers in, these columns they say publically "your trade is appreciated."

As our readers are in the market for the fine merchandise such as that offered by Davidson in Des Moines, Waterloo and Mason City, drop in and see them. It's business with them, it's a must with us.

We watched Sugar Ray Robinson try to turn back the clock one more time, and wished we hadn't. The veteran just didn't have that fine co-ordination that made him one of the best punchers. The kid (Danny Moyer) threw punches from so far back that we wondered why Robinson didn't step inside them and let the guy have it. Well, when one gets over the hill, he sees the openings but just can't do anything about it in time. The chance comes and goes before you're ready.

Strategy

One of the hardest things for a veteran to do is to make himself believe that he doesn't have the stuff he used to have, and act accordingly. Archie Moore, and Jersey Joe Walcott, both realized that they had passed their prime and fought typical veteran fights. The strategy is to set your trap and lure your opponent into it. When he gets there you are ready. Walcott did this to Rocky Marciano, but the guy was just too tough and survived the bombing he got.

Patterson

In Floyd Patterson's case with Moore, Floyd was just too fast. He was in and out of Archie's trap before Archie could spring it. That sometimes happens. A youngster would be too cautious to get into a trap or too fast to get caught in it. Then sometimes youth will have been warned and will stay away until the old gent is tired.

But that is the only way any athlete in sports, like boxing, or wrestling, can survive, after he has become an old man, whether it be at 30 or 45 years. Or when the vet tries to react and plays like a youngster, he just looks bad and falls for tricks that would have gotten the opponent's ears knocked off earlier. No one likes to see a grand old vet patted around by a guy who would never have been much more than a sparring partner in the old days.

But this is how far boxing has dropped. It needs Robinson to draw crowds.

Los Angeles Proclaims Archie Moore Day

Los Angeles, Calif.—By vote of the city council it was "Archie Moore day" here Friday. A motorcade went down Central avenue, heart of the Negro district, and onto city hall where he was greeted by the mayor Samuel Yorty and Mayor Charles Dall of San Diego, where Moore, co-holder of the light heavyweight title, has made his home for many years.

Moore was presented with two honorary scrolls. Later that evening he was presented the George Washington Carver trophy for humanitarian deeds at a dinner.

Moore is scheduled to meet Argentina's Alejandro Lavorante here on Mar. 30. Lavorante is managed by Des Moines boxing promoter, Pinkie George.

Wilbert Hunt Bowls In A.B.C. Opening

Bowling the opening night of the A.B.C. bowling tournament was Wilbert D. Hunt. He was the only Negro member of a team from the postoffice league. Saturday night his high game was 211.

He and Mrs. Hunt are parents of five children and live at 1283 DeWolf street.

Larry Boone, Joe Brown Win In Golden Gloves

Moines employee, defeated Morris Claytor, by a TKO. Both will be on the team of seven open champions who will represent Central Iowa in the regional tournament in Chicago, Ill.

Letters from Our Readers

A bit of prose... a line or two of poetry... a letter now and then to express thoughts in the minds of our many readers.

Send Yours Today

DEAR EDITOR:

Congratulations on the excellent job being done to keep pressure on the Des Moines City Council. Negroes should be represented on Urban Renewal housing committees, city boards and commissions and all agencies directing urban life.

The attitude of some of your elected officials indicates all too clearly that biased thinking and discriminatory policies are not confined to the southern states.

The problem of relocating minority group families displaced by urban renewal programs must continue to be of major concern to our NAACP branches and the first step by city agencies should be the appointment of qualified Negroes to the governing boards and commissions.

The entire Negro community of Des Moines, Iowa should join in your legal and proper protest. Best wishes.

Thoughts for Today

With the cost of living so high today, a great many people find they can't afford to work for what they're worth.

Progress always involves risks—you can't steal second base with one foot on first.

People who have no money to speak of just have to do their own talking.

Job Applicant

The hirings followed two months of negotiations with CORE, after an incident of alleged discrimination against a Negro job applicant. The girl had been told there was "nothing available" when in fact a number of positions for which she was apparently qualified were open.
