U. S. Sues to Halt Raids on Negro Votes Rallies

Cites Loss of Jobs, Threats; Defendants Given 20 Days to Act

Columbus, Ga.—Sixteen persons, mostly law enforcement officers, accused of disrupting Negro voting rallies in Terrell County, Ga., were given 20 days to answer a suit filed by the U. S. Justice Department Monday. The suit asked the U. S. District Court for a temporary injunction to prohibit police officials from threatening and intimidating prospective Negro voters.

Broke Up Rallies

The government said various defendants, including Sheriff Zeke Mathews and Deputy Sheriff Royce Dunaway, disrupted two voter registration meetings in Sasser churches on July 18 and July 25.

Thirteen of the defendants, the government charged, were among a group of white men who entered the July 25 meeting place, questioned Negroes there, directed Terrell County Negroes to stand, took the names of those present, and copied license numbers of automobiles outside.

Physical Threat

Dunaway used threats of physical violence to turn away other Negroes arriving later, the court was told. The government said those inside the meeting place were told county law enforcement officials could not protect them.

Prosecution

The court was asked specifically to prohibit the prosecution of Ralph Allen, 22, and Charles Sherrod, 25, officials of the Student Non-Violent Co-ordinating Committee, which has been organizing the Terrell County voter-registration campaign. Allen, of Melrose, Mass., is white; Sherrod, of Petersburg, Va., is a Negro. They were arrested on vagrancy charges

Seek 65,000 Petitioners in Mississippi; Negroes Try New Way to Congress Seats

Clarksdale, Miss.—Negroes denied the right to vote in the Second Congressional District are trying a new way to win representation in the Congress of the United States.

They are signing petitions stating that if they had been permitted to vote in the June primary election they would have cast ballots for the Rev. Merrill W. Lindsey.

Seek Petitioners

Lindsey, a Negro, got 1,478 votes in the Democratic Congressional primary while two white opponents obtained a total of 66,443. Jamie Whitten won with 42,876 votes.

Integration leaders seek over 65,000 names on their petition, which will be more than the difference between Lindsey's vote and that of his two opponents.

Null and Void

The petitions will then be presented

to the Speaker of the U.S. House with a request that Whitten's election be declared null and void and Lindsey be seated as the winner.

If this is refused, the petitioners will have grounds for asking that Mississippi's representation in Congress be reduced until the situation is remedied. This request would be based on the 14th Amendment to the U. S. Constitution.

Intense Campaign

This amendment says that when the right to vote is denied, the basis of representation in Congress shall be reduced in proportion to the number of citizens denied the vote.

The petition drive is tied in with an intense campaign to register Negroes to vote in the 24 counties of the Second District, which is in northwestern Mississippi.

Judge Orders Transfer Of 10 Negro Students

Richmond, Va.—The Pupil Placement Act of Virginia sustained another setback when United States District Judge John D. Butzner ordered the transfer of 10 previously rejected Negro pupils to white schools in Richmond.

Judge Butzner's decree restrained the Richmond school board and the Virginia State pupil placement board from denying nine colored children admission to the Chandler Junior High School and one teenager to the John Marshall High School.

Additional

The decree was issued in response to a suit filed on behalf of the Negro students by S. W. Tucker, Virginia State NAACP counsel. The complaint further asked that the school board be "enjoined from operating racially segregated schools and . . . be required to submit to the Court a plan

of desegregation."

Judge Butzner found that the Pupil Placement Act had been administered in a way discriminatory to the plaintiffs in that they were required to meet criteria for transfers not required of white students. Part of this, he said, stemmed from the system of "feeder schools" which automatically assigned students from elementary to junior high schools and to high schools on a racial basis.

Enrollment

However, the judge refused to declare the act unconstitutional or to require the submission of a desegregation plan. Pointing to the enrollment of 127 Negro pupils in white schools for the 1962-63 school term, he concluded that the school board "should be allowed discretion to fashion within a reasonable time the changes necessary to eliminate the

of her "untiring efforts in the interest of womanhood" as NACWC president. Dr. Gragg was elected to a third two-year term of the organization.

There Are 2 of Them . . .

Justina Whiteside, 20-year-old graduate of North High school, will be starting at Drake university in September and is now attending the Art Institute of Minneapolis, Minn., a correspondence school.

She is a member of the Valenettes, a singing group, which is very popular and recently made a recording.

Miss Whiteside wants to clear up a matter which has caused her much concern. It seems she has a "twin."

MISS WHITESIDE

Coming back from Omaha, Neb., recently she found she was "very popular."

Miss Whiteside says, "There's a young lady there who has been getting in somewhat of a mess for the past year and she has the same name I do. It's been in the paper and everyone seems to think it's me. It's just a thing that happens to everyone, a coincidence."

"I would like everyone to know there are two of me," she said.

remaining objectionable features of the system of 'feeder schools.'"

27 Negro Pupils

The decree was entered on July 25. The original complaint was filed on Sept. 5, 1961, in behalf of 27 Negro pupils and their parents. Assisting Mr. Tucker in preparing and arguing the case were Henry L. Marsh, III, and Roland B. Haley, both of Richmond.

Judge Butzner retained the case on the docket "for such further relief as may be necessary."

Move Was Imperative for City to Get U.S. Fund for River Hills Redeveloping

At Monday's meeting the City Council appointed two Negroes to the Mayor's Special Housing Action Committee, one of the units to facilitate Urban Renewal programs here.

Appointed were Mrs. Marguerite Corthorn of 1423 Center street and Arthur L. Proper of 1180 17th street. Mrs. Corthorn is secretary of the recreational division of the council of social agencies, a position she has held for a number of years, and one of several in which she blazed the trailways for members of her race. Mr. Proper is president of the Board of Directors of Willkie House, having been named to that position less than a year ago. He was formerly employed with Solar plant before it moved from Des Moines.

The City Council's action came only a few days after it learned last week that the city's urban renewal program for River Hills was not approved by the federal urban renewal district office in Chicago because of the lack of minority representation on city committees and boards involved in urban renewal.

Recertification

Failure to get a recertification of the city's workable program for urban renewal would mean that potential redevelopers of River Hills urban renewal project would have been unable to get Federal Housing Administration (FHA) mortgage financing.

River Hills is the city's first renewal project and is located just north of the central business district along both sides of the Des Moines River. A second area, Oakridge, located north west of the business district has been postponed for several years, because of the expected drain on city funds.

NAACP Legal Defense Atty. To Consolidate Albany Cases

New York—An NAACP Legal Defense Fund motion to consolidate the three federal court actions growing out of the Albany, Ga. protest movement was filed today in Albany by attorney C. B. King before the Federal District Court for the Middle District of Georgia.

Mrs. Constance Baker Motley, chief counsel for the Negro defendants, said that today's consolidation motion was brought because the same issues were present in all the cases.

City Officials

District Judge J. Robert Elliot of Albany is now hearing a motion brought by city officials to enjoin the Negro citizens from demonstrating against segregation. No hearings have been held on two pending Legal Defense Fund suits to desegregate Albany public facilities and to stop Albany officials from interfering with peaceful picketing.

Injunction

Judge Elliot on July 20 enjoined Rev. Martin Luther King and other

Public Facility

The pending omnibus public facility suit asks for desegregation of Albany libraries, auditoriums, parks, playgrounds and other recreational facilities and buses, bus terminals, taxis, theaters and other places of public amusement.

700 Citizens

Since the Albany arrests of more than 700 Negro citizens began last December, the Fund has spent approximately \$10,000 in legal costs it was estimated by Director-Counsel Jack Greenberg this week. Mr. Greenberg said that the real legal work is just beginning, as most of the convictions and the desegregation suit will probably have to be appealed to higher courts.

Lloyd Robinson Denies Breaking, Entering Tuesday

Lloyd U. Robinson, 19, of 1352 Dixon street, pleaded innocent Tuesday on charge of breaking and entering. Municipal Judge Harry Grund set his bond at \$1,000, which he had failed to post at this writing.

Robinson is accused of breaking into the Dairy Queen, 2222 University, early Tuesday. Police arrested him outside the place which had been broken into a few minutes earlier. A passerby hearing the sound of broken glass called police.

Acting Detective Chief E. Dale Allen said Robinson signed a statement in which he admitted breaking into the store and rifling cash drawers. Police seized \$2.58 they said was found on Robinson.

USDA Negro Ag Economist Joins FAO Staff in Rome

Washington, D. C.—Dr. Walter G. Miller, who had been an agricultural economist of the U. S. Department of Agriculture since 1956, left last week for Rome where he will serve on the staff of the world-wide Food and Agriculture Organization of the United Nations.

Dr. Miller, a specialist in land tenure economics, says he will travel among FAO member nations helping them analyze the tenure aspects of their land and water development projects. Born in Jamaica, Dr. Miller became interested in land-tenure problems while working there in the Land Department, assisting in the resettlement of Jamaican farm families.

Local white officials continue to harass Negro leaders in the community who are speaking out for justice and equality, including judgments of \$40,000 libel damages against Aaron Henry, president of the Mississippi State NAACP, and the firing of his wife from her position as a public school teacher, a post she has held for 10 years.

All-Night Sit-In Follows School Board Meeting

San Francisco, Calif.—Twenty-five CORE members conducted an all-night sit-in at Nourse Auditorium on Aug. 7 following a Board of Education meeting at which that body voted to approve the racial imbalance at Central Junior High School. The Board so voted although Mayor George Christopher, following negotiations with a CORE committee, had recommended redrawing the school's boundary lines so as to eliminate the proposed pattern. As planned, Central's enrollment is 60% Negro although the city's racial composition is only 20% Negro.

Worthy Convicted; First Case Like It in U. S. Immigration

New York, N. Y.—Top Negro leaders from Boston to Miami were shocked to note in the New York Times of Aug. 9, the decision of Federal Judge Emmett C. Choate to convict Newsman William Worthy on criminal charges of re-entering the country of his birth without a valid passport and thereby cause him to face a possible 5 years prison sentence and \$5,000 fine.

First in U.S.

That this judicial act, the first in the immigration history of this country, should be made without due consideration to Worthy's basic constitutional rights is almost unbelievable. As a result of this ill-considered move one must conclude that the right of an American reporter to travel, the right for him to seek the truth as he finds it, without government intervention, still remain in doubt in the United States, not only to ourselves as fellow citizens, but also to the people of Latin America, Asia and Africa who may still regard our Bill of Rights as a criteria for democracy. These were the sentiments of leading Negroes as summed

up by A. Phillip Randolph, noted labor leader.

Unwarranted

Although disappointed with this unwarranted decision, Negro Americans will continue to maintain a constant interest in Mr. Worthy's appeal and will join him in his efforts to challenge those questionable aspects of the McCarran Immigration Act of 1952 which place in jeopardy the elementary right of a citizen to seek domicile and security in his own country, Randolph continued.

Increasing Support

Negro opinion throughout the nation indicates increasing support of Worthy because Negroes, after 400 years of living, working and fighting for the United States, have no intention of accepting the notion that an Afro-American reporter can travel in Red China, Hungary and Cuba without penalty, and then must face criminal charges, prison and fines in the America for returning to his native land, he concluded.

HEALTH FOR ALL

Thousands of Des Moines-Polk County residents will agree that hay fever is nothing to be sneezed at, especially at this time of the year when ragweed pollens bring them the miseries of hay fever. The campaign against this sneezing, coughing, itching and wheezing must go forward on two fronts, advises the City-County Health Department:

Attack on Plant

There must be an attack on the plant itself before it can broadcast its irritating pollen into the air; and a scientific attack on the allergy, which has made considerable progress in preventing and relieving symptoms.

There are several types of hay fever: Perennial hay fever may occur at any time of the year. It is caused by sensitivity to house dust, animal hair, feathers, certain foods or other substances.

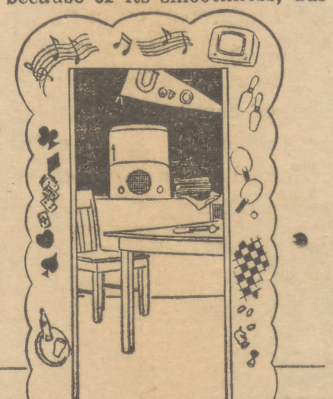

Seasonal hay fever is the most common type. It is due to certain pollens in the air, and occurs only at the time of the year when the plant which causes it is in bloom.

An Unusual Entrance

IN SOME settings, a valance can dress up an otherwise drab doorway between rooms. Typical locations are a recreation room, a nursery or an enclosed porch.

A pattern for this improvement may be laid out on wrapping paper and then transferred with carbon paper to pieces of Masonite 1/4" Tempered Preswood. This material because of its smoothness, dur-

ability and paintability is widely used for valances and similar installations in homes and commerce. Width of the pieces should be approximately twice that of the door framing, depending on individual taste and the size of the doorway. Mitered joints between the two side panels and the top should be planned. The curved lines forming the outline may be cut with a coping saw.

After making certain that the parts fit, by laying them out on the floor, the craftsman should lightly bevel the exposed edges with a file, beveler or sandblock. They should be fastened directly to the door frame with finishing nails. If there is a molding around the outer edge of the frame, shims of Preswood should be attached first to bring about a level nailing plane.

The artistic homemaker can decorate the door valance in some ingenious manner.

Coconut Ice Cream

RECIPE OF THE MONTH

By BETTY BARCLAY

In this day of "easy-to-fix foods" even busy homemakers find it fun, once in a while, to prepare something "from scratch." Usually, the idea presents itself when some special occasion is being planned . . . and for such times this Banana Toasted Coconut Ice Cream is our favorite. We'd like to share it with you . . . and also several interesting ways of serving it. For example: (1) scoop out balls of ice cream and roll quickly in flaked coconut to make "snowballs"; (2) make a banana split using two or three scoops of ice cream and your favorite maple-blended syrup, plus a topping of fluffy flaked coconut.

Banana Toasted Coconut Ice Cream

- 1 cup mashed bananas (2 to 3 ripe bananas)
- 2 teaspoons lemon juice
- 1/4 cup sugar
- 1/4 teaspoon salt
- 1/2 cup milk
- 1 cup whipping cream
- 2 egg whites, stiffly beaten
- 2 egg yolks, well beaten
- 1 teaspoon vanilla
- 1/2 cup Baker's Angel Flake coconut, toasted

Mix together bananas and lemon juice. Add sugar, salt, and milk, stirring until blended. Whip cream until thickened but not stiff. Fold egg whites, yolks, cream, and vanilla into banana mixture. Turn into freezing trays of automatic refrigerator, setting control at coldest freezing temperature. Freeze until mixture holds its shape, stirring every 30 minutes and adding toasted coconut during final stirring. Freeze until firm. Makes 1 1/2 quarts.

You Can Make Meringue Cookies

By Betty Barclay

"MAKE 'EM Yourself!" You can. These glamorous meringue cookies that you used to have to buy from a fancy bakery, you can now make yourself in less than half an hour! Three dozen of them, too; enough to serve with elegance at an evening card party.

Chocolate Meringue Cookies
1 cup chocolate chips; 3 egg whites; 2 cups sifted confectioners' sugar; ¼ cup saltine cracker crumbs; ½ cup chopped pecans; 1 teaspoon vanilla. Melt chocolate over hot water. Cool. Beat egg whites until stiff. Add sugar gradually, beating after each addition until blended. Then fold in cracker crumbs, nuts, vanilla, and melted chips. Drop from teaspoon on lightly greased baking sheet and spread slightly. Bake in moderate oven (375°F.) about 10 minutes. Makes about 3 dozen 2-inch cookies. Store in tightly covered container.

Indonesian Chicken — Shrimp Superb

The Asian countries are masters at combining unusual food combinations for sensational flavor. This combination of shrimp, chicken, ham, crab meat, peanut butter and seasonings sounds too different! But it is a delicious, subtle blending of complementary flavors.

INGREDIENTS:

1½ cups uncooked white rice
4 cups chicken broth (use bouillon cubes if desired)
1½ teaspoons salt
½ cup cooking fat
1½ cups chopped onions
1 clove garlic, minced
1 teaspoon whole cumin seed
1 pound frozen green shrimp or 2, 4½ oz. cans
1 teaspoon ground coriander
½ teaspoon mace
½ teaspoon chili powder
¼ cup peanut butter
1 cup cooked crab meat, cut up (about a 6 oz. can)
1 cup cubed cooked ham or luncheon meat
1 cup cut up cooked chicken (about 2, 5 oz. cans)
About 1 cup chopped peanuts
About 1 cup shredded coconut
About 3 bananas, sliced

METHOD: Put the rice, 3 cups of the chicken broth and 1½ teaspoons salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid and simmer

over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on until ready to use, at least 10 minutes. While the rice cooks, heat the cooking fat in a large skillet or Dutch oven. Add the onions, garlic and cumin seed. Cook, stirring occasionally, 10 minutes or until the onions turn yellow and are tender. While the onions cook, if green shrimp are used peel and clean. To clean, run a knife along the back of the shrimp from head to tail to remove the sand vein. Wash in water. After the onions cook stir in the green uncooked shrimp. If shrimp are very large coarsely chop them but save several whole shrimp for garnish. Cook, stirring occasionally, about 10 minutes or until the shrimp are pink all over. Stir in the coriander, mace, chili powder and peanut butter. Mix well. Add the shrimp if canned shrimp are used, crab meat, ham, chicken and the remaining 1 cup chicken broth. Heat until very hot. Gently stir in the hot rice. Serve in a large dish garnished with the whole shrimp. Serve the peanuts, coconut and bananas in side dishes. Servings of the chicken-shrimp mixture should be topped with helpings of peanuts, coconut and bananas. This recipe makes 12 servings.

It's that time again . . . that magic that all Iowans look forward to . . . State Fair time. For many youngsters besides their vacation trip, this is the highlight of the summer vacation. Especially since it usually comes just before school's opening. However, this year there will be a week of reprieve in between as the fair is being held a week early to enable a lot of youngsters whose schools start the last week in August, to be able to attend the annual open air event.

Say what you will it is only a matter of weeks, nay days, now before our youngsters will flock back to school by the thousands and again bend over desks to add to their textbook knowledge.

Among the dozens of youngsters who will ply the shoe shine trade will be Dan Law, Jr., of 1235 10th street. He purchased his shoe shine kit this week and got in a few hours of experience by doing his "stuff" for shoes of his neighborhood friends.

Mrs. Pauline Wilson of 674 26th, was suffering from hoarseness for several days this week and at times she could hardly talk above a whisper. But she was able to give us details for the Dilettante club trip to Amana.

Out of Iowa Methodist hospital and back at her home convalescing is Mrs. G. B. Tucker of 2708 Amick avenue. This time she was confined in the hospital for nearly a month.

One of the proudest persons in town these days is Mr. Hubert D. Jones of 1312 Laurel street, who was the subject for the new "People" series in the Des Moines Tribune. He reports that many more people—many strangers—stop him now and call him by name when they stop for a brief chat.

My husband and I celebrated our doventh anniversary last week and celebrated the occasion Sunday after-

noon with dinner at Bishop's Buffet in the Merle Hay Plaza. That evening, accompanied by our four children, we attended "El Cid" at the cool, luxurious Capri theatre.

Newest pseudonym for a typewriter when it's being used by a personage not proficient at the skills is a "peckergraph."

WOMEN IGNORE THEIR OWN PROBLEMS

It happens all too often that the heads of some of our national organizations carry their members lock, stock and barrel into political organizations in order to further their own selfish ends.

Recently, the National Association of Colored Women met in Washington. Among the programs in which they are interested is a measure pending in Congress which would authorize the federal government to erect a monument of Fred Douglass. It is a commendable idea.

However, in the process of the meeting—some local members do not agree that it was authorized—much of President Kennedy's program was endorsed and a committee went to the White House not only to get the President's support of the Douglass movement, but also to inform him of the fact that his program in other fields had been endorsed. The Democratic National Committee issued a news release glorifying the deed.

Here is an organization composed of women of all political faiths. It is not clear whether a resolution approving the endorsement of Mr. Kennedy's program was discussed on the floor. But composed of Democrats, Republicans and other political members, to have done this was a clever job of selling them all down the river.

There are many important things concerning the welfare of Negro women that should have received their attention. To name a few are the great civil rights campaign going on in the South, excessive crime rate among Negroes right under their noses in Washington and elsewhere, the abuse of ADC which involves too many Negroes, better kept homes and other surroundings, lack of jobs for Negroes brought on by automation and their almost total exclusion from apprenticeship training which is deplorable in every community; character building among Negro youth which seems to be forgotten in many homes just as these women did.

It is difficult to understand if these pressing problems were ignored. Certainly they were placed in the background in order to enhance the partisan political fortunes of some of the big wheels.

WORTHY PROGRAM FOR YOUNG PEOPLE

Among the measures before Congress which President Kennedy urged passage in his speech Monday night was to appropriate funds to provide employment for a million young people just out of schools and with no jobs. Many of these youngsters are discouraged and easily drift into unwholesome conduct for lack of money or anything to do.

These jobs would entail work in forests, public parks and other places which need care and which would make America more beautiful and the cities and towns more desirable places in which to live.

In view of the vast unemployment which prevails throughout the country, such a program would fill a great want not only for the youngsters but also for the communities from which they come.

Take the situation in Des Moines—and it is not much different than that of many other cities—witness weeds and grass growing in vacant lots, some streets, on the river bank and other places that are a disgrace. And while the county maintains a weed cutting department, it does not scratch the surface.

Such a program would be a welcome addition to any community. And if handled properly so as to get the job done rather than simply put a lot of people on the program, the whole country would profit.

TAKING RESPONSIBILITY IN HOME MAINTAINANCE

Tremendous strides have been made in providing adequate housing for Negroes in Des Moines. By and large, they are buying houses all over town, far beyond the expectations many had in mind years ago.

And in most instances, very little opposition has developed among the neighbors with the result that good relations prevail.

Living in the former all white neighborhoods brought fear among some people that these new arrivals would not keep their homes up, thus reducing the value of the homes of white neighbors. This has not

been true for these people realize that they could either demonstrate that there are different classes of Negroes, many of whom take great pride in their lawns and other surroundings.

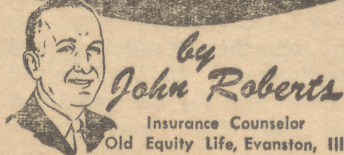

In fact, they feel this is a situation in their own hands; that they not only have the opportunity to live in better neighborhoods but also to carry out the responsibility of a good neighbor in every sense of the word.

Thus it is an encouraging demonstration of that responsibility when Attorney and Mrs. Robert A. Wright's yard won second place for maintaining the best yard in Wakonda Manor. Congratulations to them. It only goes to show that Negroes can measure up when given an opportunity and are just as interested in maintaining fine homes as they are in buying them.

We sat and watched the finals of our Hilltop Open tennis meet last week and we wondered what happened to all of our young tennis players. Where were all the 12 to 18 year old kids who ought to be playing? What will become of the Hilltop club when players like Mrs. Esther Myers, Leon T. Mann, Sr., Chet Williamson and Cecil Brewton finally call it quits?

Family Finances

Service is as important as the product you buy.

Save money by making sure... before you buy... that reliable repair service is available locally.

Six rules of buying a product that will need maintenance or repair:

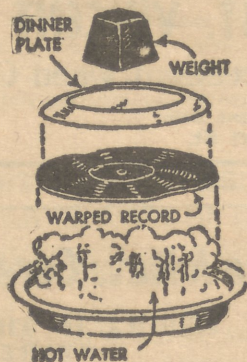

1. Expect good sales service. If you don't get it you're likely to have trouble when you need repairs.
2. A guarantee is only as good as the organization behind it. Read it carefully.
3. Think of the product in terms of need for maintenance and availability of parts and service.
4. A good product name is essential but not enough if facilities for service are lacking.
5. Utility companies may be able to tell you where to obtain good service.
6. A dealer with adequate service facilities may have to charge a slightly higher price for the product.

You save in the long run with those who have facilities for good service.

To Straighten Records

SINCE warped phonograph records are useless in that condition, Popular Mechanics offers a suggestion for straightening them. Simply immerse the record in hot water, 140 to 160 degrees, in a cake pan or similar shallow, flat-bottom container.

Over the record invert a dinner plate of a diameter permitting its edge to contact only the edge of the record. In other words, don't let the plate touch the grooves of the record.

Place a one-pound weight on the plate, leaving the record under pressure until the water has cooled to room temperature.

Brown, Chamberlain, Mays and Patterson Named In First Popular Sports Election

New York — A voluntary health agency is sponsoring the nation's first popular vote to elect the outstanding professional athlete of the year.

The 1962 Champion of Champions Contest, which began here on Wednesday, Aug. 1, will also give voters a chance to win donated prize offerings and help support medical research to find treatments and cures for crippling nerve and muscle disorders through their charitable contributions.

The combined sports election and contest is being sponsored by the MEND FUND of the National Foundation for Neuromuscular Diseases, with the support of its Honorary Committee of Champions and the Greyhound Corporation, through its more than 5,000 bus terminals and agencies where the balloting will be held for a six-week period ending Sept. 15.

How could we interest the group that we should have so they will take an active part in the game and club management? In all the players novices from 12 and other groups from 12 to 18 brackets there was just one Negro Cecil Brewton III in the 12 year old bracket.

In the Men's singles there was one player under 30 years, Marshall Knox and tennis isn't his main interest although he does like the game a lot.

The main purpose of the meet was that we could interest enough youngsters in the game and by holding the finals at Goode park, perhaps inspire them to want to be good enough to win the thing some day. It may happen yet, but we aren't sure.

And yet when one stops to think about it how many people over the years have really been as interested in and or dedicated to the game as Mrs. Myers and Chet Williamson. Everett Mays carried the club along for some time but he didn't start with the original gang although he has been in there pitching since he got in. But the club has kept going our meet has kept going because a few people actually lived the game and made it their main business aside from making a living. Where will we find any more? Maybe, we are looking too soon. Maybe when the time is at hand someone will show up and keep the things going.

Wonder if golf and softball have

Honorary

The honorary committee of famous athletes is headed by Kyle Rote, and includes such other all-time sports stars as Joe DiMaggio, Jack Dempsey and Mickey Mantle. As spokesman for the committee, Rote urged the public "to join in the fight to help mend America's muscles and end the crippling diseases which afflict an estimated 5,000,000 children and adults in the United States alone."

Voters will cast their ballots for the 1962 Champion of Champions from a slate of top professional athletes nominated by the Honorary Committee of the MEND FUND. The nominees, representing seven major sports categories, are Andy Bathgate, Jimmy Brown, Wilt Chamberlain, Bob Cousy, Pancho Gonzalez, Paul Hornung, Bobby Hull, Roger Maris, Willie Mays, Arnold Palmer and Floyd Patterson.

the same problem? The Hottentots won't be in the state meet this year. This is one of the few years when they got ousted in the local meet here. Their trouble began in early season practice games. Clubs they had been training began beating the Tots by close scores and got their confidence up.

They felt they could beat those guys and did just that. The Tots' crying need is for a young strong armed pitcher that Bud Colliers could teach.

Desegregate, NAACP Tells Baton Rouge School Board

Baton Rouge, La. — Resolutions adopted by the Baton Rouge branch of the NAACP calling for the desegregation of the junior high school in East Baton Rouge Parish in September have been submitted to Superintendent of Schools Lloyd Lindsey. Although the school board has been ordered by the Federal courts to draw up a plan for desegregation of the schools in East Baton Rouge Parish, no action has yet been taken. The resolutions, presented by the Rev. Arthur L. Jelks, branch president, censured the school board "for its hostility toward the court decision and for its continuance to deny Negro school children equal educational opportunity."

SILENT PRAYER

When your heart is heavy laden
weary of your load of care,
Step into that restful haven
that you have in silent prayer.
Friends forsake, and woes o'ertake
you,
when there's trouble everywhere.
There is one who ne'er forsakes you,
talk with Him, . . . in silent prayer.

When the worldly lures beguile you,
there's temptation everywhere;
If they seek to claim, . . . despoil
you,
find your strength in silent prayer.
Matters not the throng about you,

Thoughts for Today

He is with you everywhere.
So . . . when evil seeks, besets you,
talk with Him, . . . in silent prayer.

Man comes into this world without his consent and goes out against his will, and the trip is exceedingly rocky. The rule of the contraries is one of the important features of the trip.

When he is little, the big girls kiss him; when he is big, the little girls kiss him.

If he is poor, he is a bad manager; if he is rich, he is dishonest.
