No One Willing to 'Dig' Into Garden Hose Case

Chicago—No one will "dig" into the mystery of Mrs. Julia King's vanishing garden hose so she's just going to sit tight and see what happens.

Nearly 100 feet of the hose disappeared into the ground when her 13-year-old son, Larry, went to the basement of the building to turn off the water. When he got back, only a few feet remained above the ground.

Water department officials, theorizing the hose was stuck in quicksand, said "No" to her pleas for help. She, her son and neighbors have tried, but no amount of pulling will budge the hose.

Police called to the scene peered wisely at the few remaining feet and said they'd send someone to "dig" into the mystery but no one showed up.

"I'll just sit tight. Something's got to give," said Mrs. King. "I'm just puzzled, I'm not afraid."

1,000 Attend Mass Meeting Protesting Restaurant Bias

Durham—Motorists traveling on Chapel Hill Boulevard here last Sunday witnessed a mammoth protest meeting in front of the Howard Johnson restaurant, which served "white only."

Nearly 1,000 persons, led by NAACP Executive Secretary Roy Wilkins and James Farmer, national director of CORE, participated in the

demonstration ceremony on the lawn of the restaurant.

They sang and listened to speeches by the integration leaders. The en-

MISS WILLIAMS

MISS HUNTER

They are Verda Williams, June honor graduate at Roosevelt high; Shirley Ann Johnson, June graduate of East high who received several Superior scholastic awards for maintaining high averages; and Mary Alice Hunter, January graduate of North high school.

Miss Williams, who won \$400, has been working this summer at the Baltimore Afro-American weekly

newspaper in Baltimore, Md., and plans to enter Morgan State College there this fall. She was the only Negro to graduate in the top 3 percent of her class in Des Moines in June. She is the daughter of Mrs. Virginia Williams of 1062 38th st.

Miss Hunter won \$300 and since graduating has been employed as an IBM operator at Meredith Publishing company and attending night classes at Drake university. She plans to enter the University of Kansas at Lawrence, Kans., in September. She is the daughter of Mr. and Mrs. William Sharp of 1718

Crocker street.

Miss Johnson won \$200 and plans to enter Grand View college this fall. She has been employed by the Public Library since May, 1961, where she is a switchboard operator and typist. She is the daughter of Mr. and Mrs. Everett A. Johnson of 1108 Scott avenue.

Mr. James Bowman, chairman of the scholarship committee, reported "applicants were particularly outstanding this year; we would like to emphasize that the scholarship is open to any Negro girl in Iowa who may apply in the spring.

Tragedy Hits Sunday School Picnic in Fla.; 17 Children, 1 Adult Drown as Boat Sink

Quincy, Fla.—Tragedy struck a Sunday school picnic outing last Saturday when 18 persons—17 of them children ranging in age from 5 to 14—drowned when their small boat filled and sank in a deep lake.

The adult victim, Joseph Bouie, 25, Sunday school teacher, had been operating the outboard motor boat when it sank about 300 feet from shore while another teacher, Mrs. Alzora Green, looked on in horror. There was only one survivor, a 11-year-old boy who clung to the sides of the overturned wooden craft.

Witness

The picnic group was from the Blessed Hope Church near Quincy, a northwest Florida town about 20 miles northwest of Tallahassee.

Mrs. Alzora Green, who was preparing the picnic lunch, said she saw the disaster from shore.

"All of a sudden, the boat started sinking," she said. "It went down so fast they didn't have time to say anything. They just reached up their hands, and went down. And there I was, just standing helpless."

CORE Stand-In

Durham, N.C.—Members of the Congress of Racial Equality's Freedom Highways program are shown here attempting to gain entrance to Howard Johnson's Restaurant while police and Howard Johnson employees look on. After this photograph was taken, four CORE mem-

bers were jailed on charges of trespassing and fined \$25 each. They refused to pay the fines and are now serving 30-day sentences in the County Workhouse. In Charlotte, N.C., five CORE members were arrested on the same charges at a Howard Johnson Restaurant there.

NEWS In A Nutshell

Los Angeles, Cal. — Atty. Loren Miller and Earl C. Broady, in a move to quash indictments against nine Black Muslims arrested in an April 27 riot, last week accused the Los Angeles grand jury system of systematically excluding Negroes.

Chicago, Ill. — Arthur Holmes, a bindery worker, who last week became the first Negro to have a severed member rejoined to his body when surgeons sewed back his right hand in a delicate 4-hour operation, was reported to be improving satisfactorily more than 24 hours after the surgery.

Atlanta, Ga.—A bus driver and a policeman, both white, received a jolt last week when they learned they were being sued for \$40,600 by Miss Gladys Pearl Bell of Cleveland; she accused the two of forcibly removing her from a Greyhound bus because she refused to sit in the rear.

Arlington, Va.—Lutrell F. Parker, a young lawyer-civil engineer, now holds the highest county office held by a Negro in northern Virginia. Last week he was named chairman of the Arlington County Planning Commission.

Montreal, Canada — Atty. Fred Phillips, whose parents were born in Barbados, is reportedly the first Negro to practice before the Montreal bar.

Atlanta—The Fulton County Medical Society has voted by mail ballot to drop racial bars and admit Negroes to membership.

Chicago, Ill. — Craig Wood, 15-year-old high school youth, who was apparently playing the role of a kept lover, killed his 21-year-old lover, a pregnant mother of two children, after she broke her promise to take him night clubbing.

Washington—The government gave a preliminary approval last week to the Riverdale National Bank of Houston—the first national bank organized by Negroes in 40 years.

Detroit, Mich.—Police here had a problem when they found William (Tiny Little) Rice unconscious on the sidewalk; Rice, who weighs 475 pounds could not fit into their station wagon and it took quite a few men to lift him into an ambulance. Rice had been hit on the head with a two-by-four during an argument over money.

Houston — Jack Bradley, native Donoverite who is now assistant professor of music at Texas Southern University, was one of the first two Negroes to be elected to the board of the Houston Friends of Music.

Albany Has Produced Outstanding Negroes

Albany, Ga.—Though Negroes here are locked in a bitter struggle against this city's racial policies, they can point with pride to an illustrious list of Negro native sons it has produced.

They include:

Congressman William L. Dawson; former U.S. Ambassador to Liberia, Richard Jones; Dr. Jeanne Noble, national president of Delta Sigma Theta sorority and professor at a New York university; Sam W. Solomon, boss of the longshoremen from Charleston, S.C. to New Orleans; singer-pianist Ray Charles and Roy Hamilton, popular vocalist.

Leaders Voice Fears of Creating 'Ghetto' on East Side Area; Named Changed

While most of the community slept Monday night, Des Moines leaders who are vitally concerned with the progress and direction of the urban renewal project as it affects the minorities, appeared before the Des Moines City Council and voiced their views.

Negroes Leaders

Among Negro leaders who appeared before the city council were

Atty. James B. Morris, Jr., president of the Des Moines branch of the NAACP; Mrs. Luther T. Glanton, Jr., member of the Urban Renewal board; Robert D. Jackson, business representative of Local 177 of the Laborers Union; Dr. Robert S. Johnson, chairman of the Des Moines Commission on Human Rights.

Mrs. Glanton

Speaking on the side of housing development were Edward C. Harris, president of Interstate Build-

ers; O. G. Powell, Des Moines real estate man representing the Des Moines Housing corporation.

Negro Ghetto

Leetown Court, an urban renewal area between E. 16th and E. 17th streets from Washington avenue to Cleveland avenue, was the area under discussion. Negro leaders expressed their fear that the redevelopment under question does not become an all-Negro undertaking.

Morris pointed out that the area would inevitably have mostly Negro families in it, under present plans, because virtually all families to be relocated in the near future are Negro.

Iowa Senators Pledge Support to Confirm Thurgood Marshall

Both U. S. Senators from Iowa have assured the Des Moines branch of the National Association for the Advancement of Colored People, that they will do what they can to insure the earliest confirmation of Thurgood Marshall as U. S. Circuit court justice.

A senate judiciary committee, headed by Sen. Olin Johnson (Dem.,

JUDGE MARSHALL

S.C.) has held several hearings on Judge Marshall's appointment but nothing definite has been decided.

Hickenlooper

Sen. B. B. Hickenlooper, in a telegram to Atty. James B. Morris, Jr., branch president, said, "I have already on several occasions urged action on Marshall matter and have been told that action will be taken in the near future. The exact time is not specified but I will continue to urge early action."

Miller

Senator Jack Miller in a letter wrote, "... I have been deeply concerned over the delay in the Judiciary committee on Judge Marshall's appointment. As you know, I am not on the committee which is considering his. However, if a discharge petition is presented on the floor of the Senate as Senator Keating proposes to do, I intend to support it."

FEPC Satellite Rider Urged after Historic Cloture-But Defeated

Washington — An amendment to the communications satellite bill calling for fair employment practices, which had been strongly endorsed by the NAACP, was defeated 54 to 35 in the Senate on Aug. 16.

Historic Cloture

The FEPC amendment was proposed after an historic cloture vote on Aug. 14 limiting debate on the bill. The following day NAACP Executive Secretary Roy Wilkins telegraphed 44 Senators who had voted for cloture, urging them to do the same on the civil rights amendment.

5th Time

This was only the fifth time in the entire history of the Senate that a vote of cloture had been successful. Twice before in the 1962 session of the 87th Congress attempts have been made to shut off debate and bring civil rights bills to a vote. Both failed even to gain a majority of the Senators. Many who voted on the satellite bill for cloture have refused to do so on civil rights legislation.

Trains at Great Lakes

Great Lakes, Ill. (FHTNC)—David M. Irvin, son of Mr. and Mrs. Charles W. Irvin of 1530 East 19th st., Des Moines, Iowa, began recruit training July 25 at the Naval Training Center, Great Lakes, Ill.

The nine-week basic training includes training in drill, military etiquette, physical conditioning, swimming and survival, first aid, shipboard safety precautions and security duty.

Throughout the training, recruits receive specialized counseling which assists them in selecting a rating in which to work from more than 65 available job specialties.

The senators responses came in reply to letters sent by the Des Moines as part of a nationwide campaign urged by leaders at the recent national convention of the NAACP in Atlanta.

Says Many Negroes Can Afford Better Housing

SEE FRONT PAGE

because it compounds the same tensions we already have," he said.

Jackson stated he was strongly against changing the name of Leetown to Cleveland court, saying, "The name will have no effect on development. Those who will buy in the areas still will buy regardless of the name." However, he lost out, because the council voted 4 to 1 to change the name to Cleveland Park.

Harris of Interstate Builders had argued for the name change. He said "... Leetown is not a name conducive to sales."

Harris and Powell appeared before the council to request approval to buy land in the areas for their firms to build houses.

Housing Area

Powell voiced a request by Des Moines Housing Corp., for 16 building lots in the area as a site for 48-unit, low-rent housing project; Harris made a request for Interstate Builders, Inc., for options to buy building lots in the area for new houses.

Mrs. Glanton told the council that as a private citizen she feels that the developer of the project must agree "to sell these houses to all persons with no discrimination whatsoever ... not just to Negro families."

Open Occupancy

Dr. Johnson, supporting Jackson's contention that open occupancy will not solve the entire problem, but will do much to alleviate it. Many Negro families can afford better housing than they can buy, he said.

"A number of people do not want to move to Leetown," he said, but they are unable to buy elsewhere.

THE PEACE CORPS NEEDS ATHLETES

Washington, D. C. — The Peace Corps is looking for boxers, wrestlers and Judo experts.

It also wants swimmers, basketball players and track and field athletes.

In all, the Peace Corps in seeking about 50 athletes, both men and women who have participated in college sports, for projects in Morocco, Senegal and the Ivory Coast.

College Unnecessary

The athletes, who need not be college graduates, have been invited by newly independent African nations to coach and assist in the training of regional and national teams.

The African governments are keenly interested in sponsoring and fostering the tremendous interest in sports in their countries.

Training for those selected will begin about mid-October in an American university. Applicants should therefore submit applications immediately and notify their references to respond to questions as soon as they are contacted.

Another Winner from the Herman Kennels

A Des Moines doctor and his son indirectly took more bows for their dog breeding last week. They are Dr. Joseph O. Herman and his son, Joseph, Jr., 19, well known German Shepherd breeders in Des Moines.

Last week two German Shepherds took first and third place, respectively in their class at the Kennel Club dog show at the Jewish Community center. The top winner, Sean, was shown by the nurses at Mercy hospital. His picture along with Sister Mary Tomothea appeared in Elizabeth Clarkson Zwart's

column in the daily paper several days later.

Sean's brother, Tomy, shown by Father Ryan of Dowling high, came in third. Sean was one of 11 puppies bred by Joseph Jr. All but three have been sold.

Joseph, Jr., who plans to pursue pre-law studies at Drake university this fall, has bred 22 puppies altogether and has won prizes in Omaha, Nebr., Minneapolis, Minn., as well as Des Moines. Joseph, Jr., breeds show dogs while his father, Des Moines osteopath, breeds for obedience.

Shriners, Eastern Star Back President on Health Case; G. Washington Is Potentate

Minneapolis—Two of the nation's largest Negro fraternal organizations have endorsed President Kennedy's program for Medical Care to the Aged Under Social Security.

At their annual conventions held last week here, delegates to the Ancient Egyptian Arabic Order of Nobles and Daughters of the Mystic Shrine and the Order of Eastern Stars unanimously approved resolutions calling upon Congress to speedily enact legislation health

benefits to be administered through the Social Security System.

Gain Most

Both resolutions noted that retired Negro workers will stand to gain the most benefits with assurance of adequate medical care and freedom from the fear of insecurity of old age.

Imperial Potentate Booker T. Alexander of Detroit and Grand

Worthy Matron, Mrs. Lavonia Brown of Chicago voiced the sentiments of the bodies when they praised the Kennedy sponsored legislation as a "giant step forward in the humanitarian efforts not only to prolong life but to make the golden years happy and useful years."

Mr. Alexander hailed the modifications in the King-Anderson measure to include all persons 65 years and older in the Medicare plan. The Shriners and the Eastern Stars represent a total of more than 30,000 members in the 50 states of the Union.

Rowan Cited

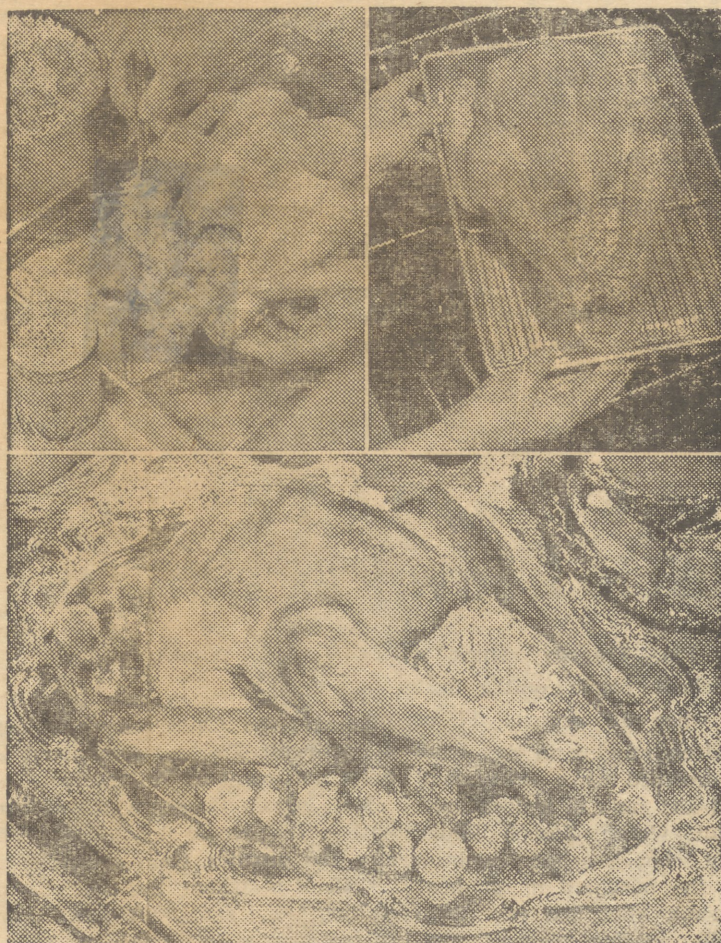

Assistant Secretary of State Carl T. Rowan, who addressed the Shriners received an engraved plaque citing him for his outstanding performance in the fields of journalism and government. Rowan told the delegates: "Negroes in America are not only fighting for their rights, but to

help white Americans to be free too."

A delegation from the Shriners met with Sen. Hubert Humphrey

- (1) Stuff turkey and neck cavity.
- (2) Place turkey, breast up, in a pre-heated 325°F. oven.
- (3) Garnish roasted turkey with frosted grapes, and serve.

Oyster-Rice Turkey Stuffing Is Elegant

This Oyster-Rice Stuffing is a "must" for that turkey (or chicken) you're planning to roast. It's easy to make because there's very little chopping to do and no bread crumbs to bother with.

INGREDIENTS:

- 1 cup uncooked white rice
- 2 cups water
- 2 teaspoons salt
- 3 tablespoons butter or margarine
- ½ cup chopped onion
- 1 cup chopped celery
- ¼ teaspoon black pepper
- ½ pint oysters
- ¼ cup water or turkey broth

METHOD: Put the rice, water and salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover the saucepan with lid and leave over this low heat 14 minutes. Remove from the heat but leave the lid on 10 minutes.

While the rice is cooking, melt the butter or margarine in a saucepan. Add the onion and celery. Cover and cook over a medium heat until tender, stirring occasionally. Stir in the black pepper. Add the onion and celery to the rice mixture. Add the oysters and water or broth and mix gently.

This stuffing may be prepared ahead of time so long as the liquid is not mixed with the dry ingredients until the turkey is to be stuffed and cooked. The turkey should be stuffed just before it is placed in the oven. It should not be stuffed and refrigerated. Extra stuffing may be baked in a separate pan or made into dressing balls. Allow ¼

cup of stuffing for each pound of poultry, dressed weight, or 1 cup for each pound ready-to-cook weight. This recipe makes 4½ cups of stuffing.

How to Bake the Turkey: Remove pin feathers from turkey and singe if necessary. Remove any bits of lung, kidney, etc., remaining in turkey. Wash and rinse inside and outside with cold water. Wipe dry. Rub cavity lightly with salt. Put enough stuffing into the neck of the turkey to fill it out nicely. Fasten the neck skin back with a skewer. Stuff cavity well—but do not pack stuffing tightly as it expands during roasting. Shape wings ("akimbo" style) bringing wing tips on to the back. Place skewers across stuffing opening of turkey and lace shut with cord. Tie legs to tail. Grease skin thoroughly with fat. Place the turkey, breast down, on a rack in a shallow pan. If the bird is very large and difficult to turn, place breast up and leave in this position throughout the roasting. Lay fat-moistened cheese cloth over the turkey. Place in pre-heated 325°F. oven. Do not cover with a lid. Do not add any water. As cloth dries out, moisten with fat from the bottom of the pan. Roast until done, following the timetable below. Garnish turkey with frosted grapes made by dipping grapes first in beaten egg white, then in granulated sugar.

Asks U.S. Justice to Vacate Injunction in Meredith Case

New York — NAACP Legal Defense Fund attorneys asked Supreme Court Justice Hugo L. Black today to vacate the stay order of a Mississippi district judge so that James Howard Meredith can enter the University of Mississippi in September, 1962.

Meredith won his case to become the first Negro to enter the University this summer before the U.S. Court of Appeals for the Fifth Circuit, but orders to admit him have been repeatedly contravened by Mississippi judge, Ben F. Cameron.

Today's motion asked Justice Black to "remove the cloud which (Judge Cameron's) stays cast upon the obligation of the University of Mississippi to obey the rulings of the U.S. Court of Appeals for the Fifth Circuit."

Denied Admission

Meredith was denied admission to

the University of Mississippi in May, 1961. He sued to enter the University in June, 1961, alleging that his denial was for racial reasons. After numerous long drawn-out hearings, Meredith lost before District Judge Sidney Mize in December, 1961, but won his case on a 2-1 decision before the Appeals Court in June, 1962. A July 18 mandate from the Appeals Court ordering Meredith's admission to the University was stayed on July 19 by Judge Cameron, who did not hear the case. Three successive Appeals Court orders were stayed on July 28, July 31 and August 6. Today's motion to Justice Black asks him to vacate the August 6 stay.

Meredith is a 29-year-old Air Force veteran who lives in Jackson, Miss., and is now attending Jackson State College for Negroes.

Reapportionment

Prior to addressing the rally, Mr. Wilkins told reporters that there is an increasing possibility of the election of Negroes to public office as a result of the Supreme Court's reapportionment ruling. He pointed out that the ruling compels better representation for urban areas where Negro voters are concentrated.

No Comparison

Wilkins said that there is a world of difference between Albany, Ga., and Durham, N.C., when asked to make a comparison. In North Carolina he said, there is more of a disposition to accept at least the demand for change.

"In Albany, Ga., there seems to be a disposition to maintain the patterns of 50 years ago," he added.

How to Sharpen Shears

A SIMPLE method of sharpening an
old pair of scissors is illustrated.
Drive a 6-penny nail into a wall, as
shown. Draw the jaws of the scissors
their full length over the nail, as
though you were cutting it. A mod-

erate, even pressure is required during
the several strokes needed to put an
edge on the blades. Cutting into a
piece of sandpaper or emery paper is
another commonly used method of
sharpening a shears.

TO THE ABOVE NAMED DEFENDANTS: You and each of you are hereby notified
that the petition of the plaintiff in the
above entitled cause is now on file in the
office of the clerk of the District Court of
Polk County, Iowa, claiming that the
plaintiff is the absolute and unqualified
owner in fee simple of the following de-
scribed property to-wit:

Lots 55, 56 and 57 in East Capital
Park, now included in and forming a
part of the City of Des Moines, Iowa,
and that the plaintiff is credibly informed
and believes that the defendants make
some claim to the said property and that
the plaintiff in said property and that the
said unknown claimants to said premises
claim some interest in or to the said real
estate as the plaintiff is informed and
believes, but that the plaintiff has no
knowledge or information and does not
know how said interest as claimed by
said unknown claimants was derived or
claimed to have been derived or the meth-
ods obtaining the same and the plaintiff
avers therein that the names and resi-
dences and mailing addresses of the un-
known persons are unknown to plaintiff
and that plaintiff has sought diligently to
learn the same and the plaintiff in said
petition sets out certain instruments of
record which cloud the title of this
plaintiff to said real estate and to the
pretended claims or questions which have
arisen with reference to said title and
you are referred to said petition for a
more particular statement thereof. The
plaintiff in said petition states that none
of the said defendants or unknown claim-

interest in or to the above described prop-
erty or any part thereof or any color of
right, title or interest therein and that
the plaintiff and its immediate grantors
have been in the sole, complete, open,
notorious, actual and undisputed adverse
possession of the said premises for more
than ten years last past under claim of
title and ownership thereof and have
been the undisputed and unqualified own-
ers thereof for over ten years, and that
by reason thereof and of the lapse of
time and the laches of the defendants in
failing to assert any pretended claim
thereto and in permitting valuable im-
provements to be made thereon relying
upon such possession and ownership the
defendants are estopped from asserting
any right, title, claim or interest therein
adverse to the plaintiff. The plaintiff in
said petition prays for the establishment
of its estate and title against the adverse
claims of the defendants and that each
and all of them and all unknown claim-
ants and all persons unknown having or
claiming any right, title or interest in or
to said premises and all persons claiming
by, through, or under them, be barred
and forever estopped from ever having
asserting or claiming any right, title, or
interest in or to the said premises or any
part thereof adverse to the plaintiff and
that the plaintiff's title therein and that the
plaintiff's title to the said premises be quieted,
established and confirmed and that the
plaintiff have all such other and further
equitable relief as to the court may seem
just.

You are further notified that unless
you appear and defend before said court
at 9:00 o'clock A.M. in Polk County,

Service is as important as the product you buy.

Save money by making sure . . . before you buy . . . that reliable repair service is available locally. Six rules of buying a product that will need maintenance or repair:

1. Expect good sales service. If you don't get it you're likely to have trouble when you need repairs.
2. A guarantee is only as good as the organization behind it. Read it carefully.
3. Think of the product in terms of need for maintenance and availability of parts and service.
4. A good product name is essential but not enough if facilities for service are lacking.
5. Utility companies may be able to tell you where to obtain good service.
6. A dealer with adequate service facilities may have to charge a slightly higher price for the product.

You save in the long run with those who have facilities for good service.

Handy Jim's FIX-UPS For Farm and Home
Lids on Cabinet Door
ROUND-KNOBBED lids of cooking utensils may be neatly stored inside a cabinet door where they will be both accessible and occupying otherwise waste space. Here are directions for making this handy storage unit:
Measure the door and obtain a piece of Masonite 1/4" Tempered Presdwood which covers the interi-

or excepting for one-half inch on all sides. If the door is paneled, there will be room between the cabinet door and the Presdwood for the knobs to fit into openings the shape of large keyholes. If the interior is one plane from one side to another, it will be necessary to install a strip of lumber about one inch thick as a perimeter.

Lay out the round-knobbed lids on the Presdwood so that their positions may be marked. With a bit and brace, bore holes about one-quarter inch larger than the knobs, forming a slot into which the neck of the knob will fit. The final step is to fasten the panel to the interior of the door with finishing nails. The panel may be left unfinished or painted.

Chicken Italiano With Olive-Cheese Gravy

Your family and guests will rave about their favorite food—fried chicken, when it's served with this different gravy.

INGREDIENTS:
1 ready-to-cook young chicken
2½ to 3½ lbs., cut up
½ cup all-purpose flour
2 teaspoons salt
¼ teaspoon black pepper
Fat for frying chicken
1 cup uncooked white rice
2 cups water
1 teaspoon salt
¼ cup all-purpose flour
3 cups milk
½ cup grated American cheese
¼ teaspoon nutmeg
1 teaspoon salt
½ cup sliced stuffed green olives

METHOD: Wash the chicken. Pat dry. Place the ½ cup flour, 2 teaspoons salt and the ¼ teaspoon black pepper in a paper bag. Add pieces of chicken and shake to coat with the flour. Heat ½ inch of fat in a skillet. Brown the chicken on all sides. When browned, reduce heat, cover tightly and cook until tender

(about 40 minutes). Turn as necessary to brown evenly. Uncover the last 10 minutes for a crispier crust.

About 14 minutes before chicken is done, put the rice, 2 cups of water and 1 teaspoon salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid. Leave over this low heat 14 minutes. Remove the saucepan from heat but leave lid on 10 minutes, or until ready to serve.

Drain cooked chicken on absorbent paper. Keep hot in a slow oven. Pour off fat in the skillet. Measure 3 tablespoons of fat back into the skillet. Place ¼ cup of flour to one side in the skillet. Blend fat into the flour. Cook, stirring, several minutes.

Slowly blend in the milk. Stir in cheese, nutmeg and 1 teaspoon of salt. Cook, stirring, until gravy thickens. Add the olives. Add more milk for a thinner gravy. Place the rice on a hot platter. Arrange chicken over rice. Serve with gravy.

This recipe makes 6 servings.

SILLY OBJECTIONS TO
MARSHALL CONFIRMATION

Judge Thurgood Marshall's appointment to the Court of Appeals has not been confirmed by the Senate although his nomination was sent to Congress by President Kennedy almost a year ago.

In fact, the nomination has not been voted out by the sub-committee named to investigate his qualifications for the post. All kinds of foolish questions have been raised by Senator Johnson of South Carolina, chairman of the Senate committee and the general counsel for the committee.

Senator Johnson questions Marshall's fitness because he has specialized in civil rights law, that he had defended cases when he had not been invited and now a silly quote attributed to Marshall that Negroes would destroy the white race.

Fortunately, Marshall is an able lawyer and the fact that he specialized in civil rights law is no more bar to confirmation than that of many corporation lawyers—like the late Justice Harold Fiske Stone, who was an able corporation lawyer and served on the bench.

While not members of the judiciary committee headed by Senator Eastland of Mississippi, both Iowa senators, Hickenlooper and Miller, have pledged their vote and efforts in behalf of Marshall's confirmation. The same attitude is taken by many Democratic senators. Should this nomination fail, it will be a blot on the record of Congress and an example of intimidating Negroes who dare stand up for their rights. Much of this goes on here in Iowa under our noses.

WHY THE URBAN
RENEWAL MUDDLE

No project attempted in Des Moines has caused more difficulty than the Urban Renewal. Professionals have been brought in to advise the council as to what should be done, the Urban Renewal board has visited other communities to study how their programs have been made to succeed, ample rules and regulations issued by the National Administration have been available. But to date, the program is in a mess.

Of course, much of the difficulty stems from the powerful influence of sinister interests who are satisfied to make Des Moines a second class city, much to the indecision of the council some of whose members have joined up with those opposing the projects thus keeping residents in some of the affected areas in a state of uncertainty as to whether any improvements should be made on their houses or to buy a new home in case the projects went through.

Then too, the administration has failed or refused to recognize that minorities have a vital interest in the Urban Renewal program and that they should be given recognition by the administration. And this it has not done in spite of constant appeals by minorities to the council for such recognition.

Heads of government in many communities are offering and Negroes are securing splendid recognition. They deserve it. That attitude is lacking in some communities—entirely too much so in Des Moines. After all, Negroes are a part of the community and should be given full opportunity to demonstrate that they can live up to the full responsibility of a citizen.

SELFISH INTERESTS
IMPEDE PROGRESS

Russia has shown the world that it does have the know how in space development when for the first time two men were in orbit at the same time. And while some people are prone to minimize their accomplishment, it is well to applaud anybody who does a good job.

For many reasons, America has not been able to develop its program as fast as the Russians—certainly as fast as most people desire. There are drawbacks to our efforts some of which are mere selfishness.

Among these drawbacks have been strikes in some of the missile centers, the latest occurring in Alabama. It is sometimes difficult to understand how American citizens could do anything which hinders our progress in an effort to keep abreast with any country with which strained relations exist. An official says that this strike was cost-

ing the missile program a million dollars per day and yet this is not important to a few men who refuse to work with a man because he does not belong to a union.

Of course, this attitude has been built up on the theory that the public has no paramount interest in producing civilian or government projects. And this attitude is due further to the failure to provide adequate means of settling labor-management difficulties.

There comes a time when individuals must give up some things in the interest of the nation. This disagreement which holds up our space program is a case in point.

It was quite a week-end, Softball, Missouri Valley Tennis, Pro football at Cedar Rapids and baseball at Sec Taylor Stadium. When a few of the boys took a week-end jaunt to Kansas City to see the Yanks and the As play. Our number one Yankee fan, Jumbo Crowder, took a group of guys along and they all requested a lot of fun and at least two good ball games. Eddie Hawkins, Willie Wells and another guy, whose name we didn't get, went with Crowder.

Now the boys are getting set for a revival of the softball game between the old timers and present day Hotentots. The game will be played Labor day at Good Park at 3 p.m. Any old timers who think they can still cut the mustard are asked to contact Jumbo Crowder.

While all this was going on and Esther Myers was getting herself eliminated in the Missouri Valley tennis meet, we went to Cedar Rapids to see the Bears and the Eagles play a pro-football game. We read the accounts of the game in various papers the next day and wondered if we really had been there. Then we checked our pockets, yep! program, ticket stub. Guess we were there but maybe we slept. If we did in all that noise were were pretty good or awfully tired.

The Eagles won the game but most of the Cedar Rapids fan were Bear fans and didn't like it a bit when their team lost.

Sifford, the cigar smoking blaster, is showing steady improvement in his game as was indicated in his second place finish in the Canadian tourney. He has won something like \$5,000 in money for his several participations in tourneys about the country and abroad.

HEALTH FOR ALL

Pleurisy

Pleurisy is a bewildering ailment. There's wet pleurisy and dry pleurisy. Sometimes it hurts and sometimes it doesn't. It may be an illness in itself or a complication of some other chest disease.

Pleurisy is an inflammation of the pleura. The pleura is a two-ply membrane, one layer enclosing the lung and the other lining the chest wall. There's no space between the two layers. A very thin film of fluid lubricates the inner and outer linings. This fluid gives the lung free movement within the chest for normal breathing.

Inflammation

"Primary" pleurisy is an inflammation of the pleural tissues either as the result of a germ attack or perhaps from an injury or a growth.

"Secondary" pleurisy is an added effect of some other chest disease, such as pneumonia, tuberculosis, lung abscess.

Dry pleurisy is an inflammation that has not formed fluid. It can be very painful, especially when the

two layers, perhaps stiffened and swollen, rub against each other.

Effusion

Wet pleurisy, or as the doctors call it, "pleurisy with effusion," is inflammation with the accumulation of extra fluid in the pleural space. The fluid may be blood, lymph (supplementary body fluid), or pus. In wet pleurisy, the fluid may expand the pleural space enough to restrict the movement of the lungs and hamper breathing.

Symptoms

In addition to knife-like pain with breathing, the symptoms of pleurisy may be shallow or difficult breathing, dry cough, weakness, headache, loss of appetite, as well as chills and fever.

Anyone who has the symptoms of pleurisy should consult a doctor without delay. The discomfort of primary pleurisy can be relieved. And it is important that the doctor find and treat the underlying cause of secondary pleurisy.

A SEARCH FOR EQUALITY

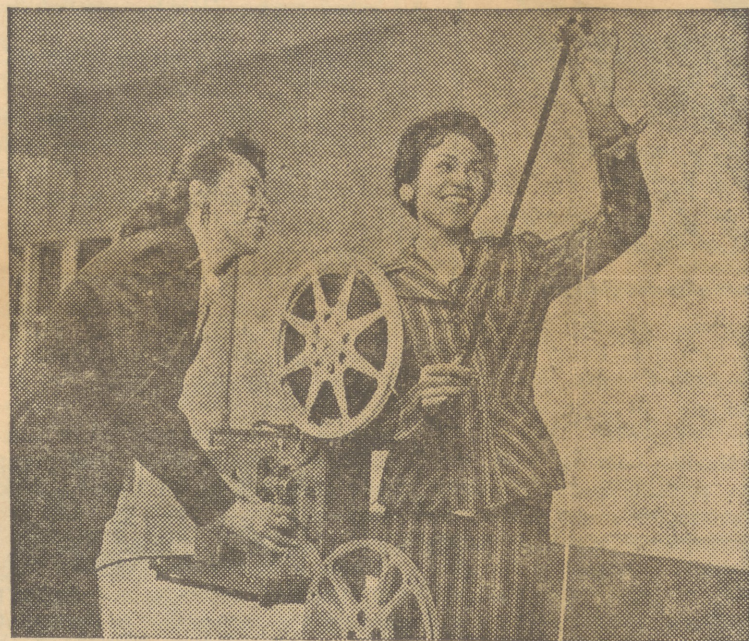

By Earl C. Woods

I have often wondered why the Negro search for equality had lasted so long. I am puzzled when I think of Lincoln's Gettysburg Address, "Fourscore and seven years ago, our Father's brought forth on this continent a new nation, conceived in

the Camera Guild

Be sure that everything is in order for projecting your film before the meeting opens. That's the secret of a good smooth showing.

Films Give Variety to Club Programs

Many clubs and organizations have heard their first "meeting come to order" for the season, and program chairmen are looking for good material.

That's why we feel it's a good time to talk about the vast fund of program material that's currently available in professionally-made movies—and at prices well within the budget of even the smallest club group. We think you'll be pleasantly surprised to learn that it's possible to provide an interesting program for as small a rental fee as \$1.25 to \$2 per film!

Movies are really hard to beat as program material. For they not only offer fine fare for a tiny price, but present a wide enough choice of subject matter to fit any type of program you may be planning.

General interest, pure entertainment, special interest, educational—dramatic or documentary—you can have what you want strictly at a la carte! If yours is a literary group, look into the classics of literature available on film. A Mothers' Club and the Parent-Teachers Association will be interested in films on child care and development. The garden club

will be pleased with films on flower growing and arrangement. An internationally-minded group would probably be attracted by films about distant lands or perhaps a visit to the United Nations. For farm groups, a film program devoted to specific agricultural problems might well be your best choice.

If you're not familiar with the sources from which rentals may be made, just go to the public library for information. In some cases, you'll find that the library itself has a film-rental department. If not, you will be given a direct lead to a convenient source.

You might also like to know that the Government Printing Office publishes a little fifty-cent handbook, called "A Directory of 2,600 16mm. Film Libraries." If you order a copy, you'll discover an extensive list of film sources in your area—including your state film library—along with a description of the type of film carried by each source.

So we say, never underestimate the power of a movie—it may turn out to be the best program material your club ever had!

in the hiring of Negro football players, and last week signed the seventh tan player for the 1962 season.

He is Jim Pace, former Michigan and San Francisco 49ers' star half-back, on whom the 'Skins took a big gamble.

Pace, who has been sidelined for the past three years with a knee injury, was signed to a \$12,000 contract by the 'Skins.

Since injuring his knee while playing with San Francisco in 1959, Pace has undergone three knee operations. However, he has been conditioning himself for a comeback and last week was pronounced fit by Dr. George A. Resta, 'Skins' team physician.

Liberty, and dedicated to the proposition that all men are created equal."

If all men are created equal, why is it today, men are still judging his brother of black skin as being inferior?

Maybe Lincoln's Gettysburg Address has been meaningless to the world. But still, deeply within me I can't forget those unforgettable words of Lincoln. "I believe this Government cannot endure permanently half slave and half free."

It is rather hard to believe that here in 1962, we are still on great search for equality. Somehow we are still hoping tomorrow will be the end of our great search. While we may wait patiently for tomorrow to bring a change in our relation with our white fellow Americans. I believe we could take heed to the example of Mahatma Gandhi has set before us.

Gandhi once said, "To reform

those who loved me," and he added, "you cannot fast against a tyrant, for tyrant is incapable of love, therefore inaccessible to a weapon of love like fasting."

I should not like to say when our great search for equality will end. But I have this to say: Before we dare think of equality, we must be brave enough to love one another, to tolerate one another, this requires faith in oneself. And faith in oneself is faith in God.

When all men have that faith, we shall cease to search for equality.

DON'T WAIT
FOR TOMORROW

He was going to be all that a mortal could be tomorrow. No one should be kinder or braver than he tomorrow.

A friend who was troubled and

weary he knew
Who'd be glad of a lift—and who needed it, too;

On him he would call and see what he could do tomorrow. Each morning he stacked up the letters he would write tomorrow. And thought of the folk he would fill with delight tomorrow.

It was too bad, indeed, he was busy today. And hadn't a minute to stop on his way;

"More time I will have to give others," he'd say, "tomorrow." The greatest of workers this man would have been tomorrow.

The world would have known him had he never seen tomorrow. But the fact is, he died and he faded from view,

And all that he left here, when living was through, Was a mountain of things he intended to do tomorrow!
