Judge Marshall Okayed by Senate, 54-16

Comes Nearly Year After Appointment To 2nd Circuit Court

Washington, D. C.—Despite a last ditch stand of opposition by southern Democrats, the nomination of Thurgood Marshall to the Second U. S. Circuit Court of Appeals was confirmed by an overwhelming vote, 54-16 Tuesday by the Senate.

The confirmation came a year after his appointment to the position by President John F. Kennedy. In between there had been a half dozen scattered but grueling sessions with the Senate Judiciary subcommittee.

NAACP

Marshall became internationally famous as a civil rights lawyer for the National Association for the Advancement of Colored People, for which he served as chief counsel for nearly a quarter century. He achieved a seeming knack for shunning cases that might have led to big money for his personal bank account. Instead he chose to be a champion for the rights of his people. In the role of a civil rights lawyer, he had made 32 trips to the cloistered halls of the U. S. Supreme Court, and had come away, the victor in 29 of the cases.

1954 Decision

His best known victory was the now famed U. S. Supreme Court decision of 1954, which ruled that seg-

regation in public was unconstitutional, attesting to the successful quiet but airtight argument and presentation of the case by Marshall.

In the voting Tuesday both senators from Iowa, Tom Miller and Bourke Hickenlooper, were in the yes column.

Marshall's appointment will be for life. He is married and has two sons.

ABC Hires First Negro Newscaster

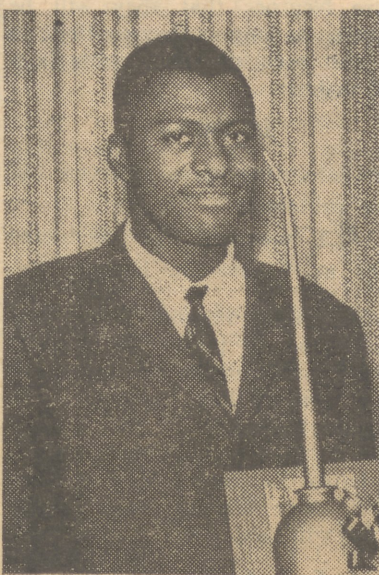

New York—The American Broadcasting Co. last week made good an earlier promise to hire its first Negro newscaster by appointing Malvin R. Goode of Pittsburgh, Pa., veteran Pittsburgh Courier reporter, to its news department staff with assignment at the United Nations, effective Sept. 10.

The announcement was made by James C. Hagerty, former press secretary in the Eisenhower Administration and now ABC vice president in charge of news special events and public affairs.

In a telegram to the Associated Negro Press, Hagerty praised Goode

22 Integrate Arkansas School Near Air Base

Blytheville, Ark. — NAACP staff teamwork secured entrance of 22 Negro children into the previously all-white Gosnell school here this week, without aid of lawyers. There were no incidents.

The pupils, with one exception, live with their parents at Blytheville Air Force Base, where their fathers are stationed.

Excluded

Staff Sgt. Nathan Hurd, president of the Association's air force branch here, contacted Arkansas field secretary L. C. Bates and reported that Negro children were being excluded from the federally-aided Gosnell school.

Bates contacted Clarence Mitchell, director of the NAACP's Washington Bureau who made vigorous representations to the Department of Defense, the Justice Department, Department of Health Education and Welfare and the House Committee on Education and Labor.

As a result, the Gosnell school opened on an integrated basis in Arkansas.

Gov't. Needs to Assist in Conducting Racial Research

Minneapolis, Minn. — The NAACP needs "certain racial data which can most efficiently be compiled by a governmental agency," a high official of the Association said here this week.

Henry Lee Moon, director of public relations for the 400,000 member organization said the information is needed "to help us strike a mortal blow at the whole structure of Jim Crow."

Host of Facts

He addressed the 122nd annual meeting of the American Statistical Association on Sept. 9 and called for "a host of facts revealing the socioeconomic status of the Negro."

"How many Negroes there are in the country and in each of the states and subdivisions thereof; their age and sex distribution; the range of their income and what occupations they follow.

Employment

Also, "what industries and companies employ them, in what positions and how many; how they spend their money; what kind of housing is available to them; in what positions and how many," and the like.

"To forego the collection and use of such valuable information would be to handicap immeasurably the struggle to rid the nation of racial segregation," he added.

Moon also gave considerable stress to the misuse of racial statistics and identification as well as unobjective data gathering.

Crime

He noted that crime and out-of-wedlock births "have been used, with devastating effect by segregationists. "The NAACP opposes the compila-

tion and publication of racially classified data on crime and illegitimate births because such information sheds no significant light on the causes.

"It also serves no useful purpose in curbing these offenses, because it is subject to distortion and misrepresentation."

He cited the fact that 1,500,000 illegal operations are performed annually in this country, at a high cost, and added that "it may safely be assumed that relatively few Negroes can afford them."

Heads Negro Auxiliary To Republican Unit

A reception for Republicans and friends was held Sunday afternoon at

the Governor's Mansion with more than 100 attending.

Plans were also announced for the formation of a Negro auxiliary of the Republican State Central Committee, by George Nagle, state chairman. Atty. William W. Parker, Waterloo, and member of the Iowa State Board of Parole, was named chairman with Mrs. Vivian Pruitt of Des Moines as vice-chairman.

HONORS OF THE BEAUTY CULTURISTS

An African student and a beautician were among top honorees saluted by the National Beauty Culturists League during its 43rd annual convention at Cleveland. Dr. Katie E. Whickam, center left, NBCL na-

tional president, gives \$1,000 scholarship to Legson Kayira, British Rhodesia, whom the League flew in from Washington state, where he is enrolled in college.

Mrs. Cordelia Jennings, right, read citation covering Mr. Kayira's efforts to come to America to continue his education. The young man walked hundreds of miles to reach a port of

embarkation to the USA. Dr. Zelma George, concert and opera star, center photo, was the honors night speaker. Mrs. Ruth Valentine, Norfolk, Va., center right, received "Car-

nation Cup" donated by Carnation Company, Los Angeles, from Dr. Whickam, as Carnation PRman Moss H. Kendrick also honoree, looks on. Mrs. Valentine was named "Beautician of the Year."

Five Nations Quit Lily-White All Nations Day

Baltimore, Md.—Five nations with drew their exhibits from the whites-only "All Nations Day" at segregated Gwynn Oak Amusement Park as Baltimore CORE picketed the event for the eighth successive year. They include India, Indonesia, Norway, Greece and the Philippines.

Brotherhood

At the same time, Leon Podolak, chairman of All Nations Day, agreed to hold the event elsewhere next year provided that CORE finds a suitable place. However, John Roemer, vice-chairman of Baltimore CORE asserted such a move is "incumbent" on the All Nations Day committee "since they are the ones who are supposedly upholding brotherhood."

Marched in Rain

The afternoon of the event, the

Sunday before Labor Day, some 40 CORE pickets marched in front of the Park in a drizzling rain. They were counter-picketed by less than 10 segregationists from two different organizations. Five CORE members entered the Park and remained until the trespass law was read to them.

NAACP STORY
SELLING FAST

New York — NAACP branches across the nation report enthusiastic response to Langston Hughes' "Fight for Freedom: the Story of the NAACP," a paper back pocket edition that sells for 50c.

The Delano, Calif., branch said: "sold all our copies the same day, didn't get a chance to keep any for ourselves." From Madera, Calif., came the response, "we think 'Fight for Freedom' is the best and should be read by everyone." Meanwhile, W. W. Law, president of the Savannah, Ga., branch received his first copy and immediately ordered 500 more. The Emporia, Kans., branch "sold out our supply in 10 minutes" and the Philadelphia branch ordered 5,000 after an office secretary sold 150 copies in a day and a half. The Montgomery County, Md. branch ordered 1,000 copies, and so the story goes.

Chattanooga Group Protests
Evening Classes for Children

Chattanooga, Tenn.—The Chattanooga branch of the NAACP has vigorously protested a decision of the city's board of education, which requires approximately 800 Negro students to attend classes between 2:30 in the afternoon and 7:30 in the evening.

The Board's action was based on the failure of a new junior high school to be completed in time for the fall term. However, these same students were housed in two schools last year. One of the schools was arbitrarily closed and now stands vacant.

Hazards

In a letter to the Superintendent of Schools and the Board of Education the NAACP stated that "it is unthinkable that anyone concerned with the welfare of youth would sub-

ject them, especially the girls, to the hazards and pitfalls that will be encountered on the streets after 7:30 at night."

Many of the children's parents also voiced strong objection to the Board's action and expressed open resentment to the apparent disregard of Negro desires regarding school placement, closing of schools and lack of representation in policy decisions.

Conditions

Numerous protests throughout the entire Negro community were made this spring concerning school conditions. The NAACP was requested by the parents to help them secure "quality education" for their children and to prevent the continued impairment of their rights.

NAACP SECURES LUNCH COUNTER
BREAKTHROUGH IN BATON ROUGE

Baton Rouge, La.—Three NAACP youths integrated lunch counter facilities at the Montgomery Ward department store here this week.

Their action prompted this city's police chief inspector, Lt. Trigg, to attend an NAACP mass meeting and assure Negroes that they will be protected as long as they continue to go about securing their rights in a legal manner.

Protection

To date, they have received full police protection.

NAACP members also conducted sit-ins at Woolworth, Kresge, Mc-

Crory and Kress department stores. Kresge closed its lunch counter while Woolworth and McCrory closed their entire stores.

Denied Admission

Meanwhile, Rev. Arthur L. Jelks, NAACP president here, reported that seven Negro children, including his 14-year-old daughter Patricia, were denied admission to this city's all-white junior and senior high schools.

Rev. Jelks, who accompanied the parents and children to the schools, said the principals referred the matter to their Board of Education.

The Association has a school integration case pending in Baton Rouge.

in writing in their respective areas.

One was with the Ebinger Bakery chain in Brooklyn, N.Y., whose stores had been picketed by CORE for 10 months. The other was the Denver Dry Goods Company in Denver, Colo., which CORE had picketed for 2 months.

MARK OF THE HAWK
85 minutes—L. D. A-1
In Technicolor

With Sidney Poitier, Juano Hernandez,
John McIntire and Eartha Kitt

Here is one of the finest films ever produced for church as well as all non-theatrical showings. Highly acclaimed in leading church publications as a "must show" film. Filmed in Technicolor on actual location in Africa. The gripping story of faith clashing with fantastic witchcraft in modern Africa. A pastor's insistence on peace, and peaceful means to gain equality for his people, wins out in this dramatic adventure.

SUGGESTED USES:

All church programs emphasizing the work and needs of foreign missions. Motivating increased efforts in stewardship. Recruiting workers for full-time Christian service. Fostering a deeper understanding of the work of the church.

Excerpts from a sermon

Ours is the task of proclaiming far and wide to all men everywhere, the glorious news of their redemption—through the life and death of Jesus Christ our Lord... How much are we doing to fulfill the Savior's purpose here on earth? How much are we giving of our time, our talents, our possessions, of ourselves, in order that the unfinished task which he has placed before us may be carried forward? ... If only, like Him, we would hear that inner voice at the dawn of each new day, which says: "I must work the works of Him that sent Me." For He is saying to you and me today, "As my Father hath sent Me, even so send I you."

Service is as important as the product you buy.

Save money by making sure . . . before you buy . . . that reliable repair service is available locally.

Six rules of buying a product that will need maintenance or repair:

1. Expect good sales service. If you don't get it you're likely to have trouble when you need repairs.
 2. A guarantee is only as good as the organization behind it. Read it carefully.
 3. Think of the product in terms of need for maintenance and availability of parts and service.
 4. A good product name is essential but not enough if facilities for service are lacking.
 5. Utility companies may be able to tell you where to obtain good service.
 6. A dealer with adequate service facilities may have to charge a slightly higher price for the product.

Indian summer days are nigh and another not too hot summer has gone into the annals. Some residents are getting in some last minute vacation trips coupled with treks to college campuses to deposit sons and daughters . . . Others are flocking back to the city replete with the wonders of the country and some of the world . . . California and the far northwest seems to be the favorite spot for tourists and vacationers this year, and all return verbally bursting at the seams with the marvels of the Sunshine state and others . . . To those of us who have not been, it whets our desire to also go and see for ourselves in addition to storing up a mental catalogue of the sites and things to see.

Among those who just returned is Mrs. Ethel Jeffers of 1120 17th street, after spending five weeks in Los Angeles, and around.

"The (Joseph) Wimberlys were out there while I was there, and we kept missing each other," she said. "I read her lovely account of their trip and I, too, saw many of the places they mentioned."

Mrs. Jeffers brought a lovely painting of a former Des Moines girl, Mrs. Mabel Mann Coleman, an art student and real estate agent. Mrs. Coleman painted a portrait, of a girl with long hair sitting at her dressing table, brushing her long raven tresses. She presented it to Mrs. Jeffers because she has long admired Mrs. Jeffers' long hair.

Another note about the Wimberly trip they received a call from Judge Fred (Duke) Slater, Chicago, Ill., and former Iowa famed football player, who was vacationing in Los Angeles at the same time.

The Wimberlys and Mrs. Jeffers had high praise and admiration for a huge painting of the crucifixion in Forest Lawn Memorial park. The painting is made of small pieces of stained glass and the figures are life size; Also the Last Supper window; Mrs. Jeffers stopped in earlier this week with many beautiful picture cards and folders of the sites of interest that she visited.

An avid Dodger fan, Mrs. Jeffers also took in two games of her favorite team at Chavez-Ravine.

If you have a son or daughter who returned to out-of-city colleges or are entering college in Des Moines or elsewhere for the first time, please call us and let us know.

We had an interesting note from Mrs. Theresa Simmons, Fort Dodge correspondent. She wrote: "... here in an address of a colored lady in Africa and she is doing a wonderful work there; she said she feeds 213 people three times a day and has a small hospital and school. Mrs. Elin M. Hoppins said she is always grateful for any help she can get. I wrote and asked her if I could be of any help to her; I would like to get some ladies to help in anyway.

"She can use skirts (black) in any size, shirts in any size; yellow blouses any size."

Mrs. Simmons gave Mrs. Hoppins' address as "Mrs. Elin M. Hoppins, Box 12, Harbel, Liberia, West Central Africa. Her establishment is known

as "The House That Saves Lives."

We were pleased to learn that at least that people are reading the paper. Sometimes we can't help but wonder. We got a lot of responses on our story on Des Moines teachers. We learned that we had omitted (unintentionally) many names. Please overlook our omissions because we do not know every one.

However, we will be glad to add their names to the list. Our first call set us straight on the fact that Mrs. Barbara Williams is not the first of her race to be music teacher in Des Moines. It seems the first was Mrs. Bernice Gaines, now deceased, who taught music in the late 50's. She also has two surviving sons living in the city.

Other teachers are Mrs. Eleanor P. Archer who began her third year as home economics and science teacher at Amos Hiatt junior high. Before her marriage she taught at Summer high school in Kansas City, Kans. Another junior high teacher is Mr. William P. Mason, a foreign language teacher at Franklin junior high; also at Callanan Junior high is Betty Evans. Interim teachers in Des Moines schools are Mrs. Shirley Parker at Nash school and Mrs. Charlotte Jones Parks at Bird school. Robert Hyde is also teaching at Elmwood school.

Perhaps, many of you saw the picture of Linda Griffin, daughter of Dr. and Mrs. Stanley Griffin, 1608 44th street, that appeared in the daily paper. Linda is active in plays and other productions at the Playhouse.

We would also like to welcome a new correspondent from Oscaloosa, Ia., for her news this week. Hopes she kept it up. Mrs. Simmons of Fort Dodge did not mention in her letter if she was taking over the news again, so we presumed she sent along the news with her letter to us. If she cannot keep it up, we would welcome a correspondent from there.

Would like to reiterate our plea for no calls before 9 a.m. on school days, as we are having a rather hectic time trying to take news and also get our off springs off to school. Remember, if we were at the office, we could not take news until it opened. We will gladly take any calls on Monday evenings from 4 p.m. until 10 p.m. We have had to take this procedure each year when school begins. During the summer months we can take them as early as you like.

Judging from the numbers of early calls we got this week we doubt if many read this column last week, when we mentioned the same plan.

Dr. LeRoy Anderson, Family Return to South Carolina

Having received his Ph.D. degree this summer from the University of Kentucky, Dr. LeRoy F. Anderson, son-in-law of Rev. and Mrs. N. R. Olphin returned with his wife, Mrs. Melicent Olphin Anderson and their three children, to Orangeburg, S.C., where he will teach this fall in South Carolina State College.

FORTY YEARS AS EDITOR

In November, I will have been editor and publisher of the Bystander for forty years. That's a long time and I often wonder how I have been able to continue so long.

In that time I've been interested in raising the level of the Negro in Iowa. Certainly, forty years ago it was not at a high level.

But during that time, I have been in the midst of the many changes which have come to pass much because the Bystander has stood solidly for those changes. For instance, forty years ago only one Negro woman was employed in an office either public or private. In fact, for years practically every Negro girl started her career at the Bystander office. No longer is this necessary.

It just occurred to me, and I have decided to publish my 40th years anniversary edition on November 8 which will include sponsors in a two page ad. Clubs, lodges and churches will not be solicited to participate as most of them do a pretty good job in other areas. However they will not be excluded. On the other hand individuals will be asked to participate.

Many an individual has remarked what a fine job the Bystander has done. Here is an opportunity to repeat that by participating in this my 40th anniversary—call the office AT-8-1904 for details.

AMERICA'S LINEN
IS PRETTY DIRTY

In the old days, when poultrymen depended upon hens to hatch the chickens, the bigger the flock the busier old mother hen was required to be to rear them. In years gone by, like the hen, America could borders, but in recent years it has confined, but in recent years it has spread its wings pretty well over the world and thus finds itself meeting crises every day which keep it busy looking after the big flock.

With the touchy situations in Germany, Cuba, Communist China and South East Asia, the administration finds itself walking a tight rope maintaining America's integrity and top position among world powers. In fact, we seem to be the protector of all the world except Russia.

There is an old saying that charity begins at home. There is also a saying that an individual should clean his own house before attempting to clean that of another. If a man cannot control his own house, he is in a poor position to tell another how to control his. Certainly the disgraceful episodes going on in the South today negative our claim of equality of all citizens. The ability to police our own.

In many of the southern states, Negroes are being mistreated and intimidated. People are burning churches—a most despicable act of cowardice. And in spite of laws designed to protect them, authorities seem unwilling to do.

It makes little impression on Negroes that the U. S. is sticking its neck out to help Poland, Austria, Nationalist China, Laos or other people were Russia is putting on pressure when their mothers, fathers and other relatives are being mistreated in this country day in and out.

Appeals to President Kennedy have brought little help. Surely, he should feel rather guilty having said in his campaign speeches that President Eisenhower could cure many evils Negroes suffer by the stroke of the pen, but since his election there seems to be no pens in the White House.

GERTRUDE RUSH'S PASSING
A DISTINCT LOSS

One by one, Des Moines is losing some of its old and respected citizens: This week Attorney Gertrude E. Rush. Born in Texas, Mrs. Rush came to Iowa and lost no time completing her education. She graduated from old Des Moines University, got a law degree from Drake and was admitted to the bar in 1918.

Interested in civic and religious affairs, Mrs. Rush served as general counsel for the Women's Department of the National Baptist Convention, headed Negro Club Women in Iowa and traveled extensively in Europe and Africa.

Mrs. Rush was an example of Negro women who are determined to use their talent for the advance-

ment of her race. She was well regarded by the bench and bar in Iowa and demonstrated that a Negro woman could take her place in fields heretofore almost foreign to them and make good.

Gertrude Rush came along the hard way when while highly regarded, accomplished not too much for herself. She was a dedicated servant and was happy to help the other fellow get along, fee or no fee.

Few people like Attorney Rush are in public life today. Few are satisfied to do good for others and little for themselves, because times have changed; values are different. More and more men are honored for what they can get for themselves. Maybe it is not the most important but without that course the unselfish are penalized.

Des Moines has lost a valuable citizen. She proved that one so situated could build a world of friends who honored her in life and in death.

In just a few days now the question of who is the better man between Floyd Patterson and Sonny Liston will be settled. A lot of people don't think Patterson can win but wish he would. As one guy put it, Liston would make a poor representative for Negroes.

We disagree with that line of thinking. We can think of a lot of would be famous athletes, baseball, football, basketball players, boxers, wrestlers and what not, who were anything but models of deportment away from their chosen profession. In fact, the only reason some of them didn't serve time was because they were famous athletes. If Liston can win the title in the ring we would have to be in his corner. And who knows maybe a year or two of mingling with the right thinking people may bring out the best in the fellow.

Record?

We hold no briefs with those who point to the man's record and say he is a bad egg. Brought up under the same circumstances, faced with the same difficulties, how many of us would come out unmarked? The thinker who saw some prisoner being led away and exclaimed, "There but for the grace of God, go I." really said a mouthful.

Bitter Talk

But you see there has been so much bitter talk from Liston's camp and so much is credited to the guy that we have to wonder if the challenge is really as good as we are to believe. Too much hasn't been said of his boxing ability. Only his hate filled bitter jibes at the champion.

Surely, Mr. Liston must know that come Sept. 25 he will have to toss more than words at Mr. Patterson, if he is to emerge as the winner and new champion.

Not Easy

We can't believe it will be easy for either man, Patterson is tremen-

HEALTH FOR ALL

No Cure In Sight

There is, as yet, no wonder drug to cure the common cold. In fact there's reason to doubt that the wonder drugs can even prevent complications from developing.

Three doctors at a Portsmouth, England naval base tested the theory that if you give an antibiotic wonder drug for a cold, you can at least prevent complications. Of 295 sailors reporting to sick bay with colds, 95 were given aspirin, 96 penicillin, and 104 terramycin. Fewer aspirin users developed complications than did the men receiving penicillin or terramycin. All spent the same average five days in the hospital. Fewer of the aspirin users suffered fever than did the other two groups.

Doctor

If you catch cold, don't pester your doctor for an antibiotic. It won't do any good. Ask your doctor about nose-

drops, aspirin and cough syrup. Do cover your coughs and sneezes. A cough or sneeze shoots out germladen droplets at a rate of 150 feet a second. And some of the smallest droplets can hang around in the air of the room for hours.

Stay Home

It's usually best to stay home the first day of a cold. The rest will help you fight the infection and get well sooner. Don't try to make yourself perspire. It doesn't do anything for your cold and it may make you feel weak. Try to avoid hopping back and forth from cold to hot temperatures. That can make the symptoms worse.

If fever lasts more than three days, or you have a persistent cough, or are short of breath, or if your cold hangs on beyond two weeks, go see your doctor.

Gaines Wins Hilltop
Grudge Tournament

Wallis Gaines, former Grand View college basketball player and junior at Drake university this fall, won the Hilltop Grudge Tournament recently completed at Good park. Vernon Johnson, sophomore at Northeast Missouri Teachers college at Kirksville, Mo., was runner-up.

This was a round robin tournament limited to players at Good park in the beginners, novice class. Cecil Brewton, Jr., was indirectly responsible for the tournament because he taught some of the boys and convinced all of them of the value of learning a sport that could be played after college days.

Billy Harper is a junior Drake quarterback; Howard Baker is a sophomore football player at Eldorado College, Kans. Ken Cherry is a sophomore track man at Drake. Esther Myers is president of the Hilltop Tennis club.

Little League Football
Season Begins Sunday

East and west renew old rivalries Sunday, when Des Moines junior gridders have at it.

The Little All American Football League of Des Moines will begin play Sunday, Sept. 16, 1:30 p.m. with two exhibition games at Sec Taylor

dously fast and can hit. Liston has never met a man of Patterson's speed and probably has never been hit as he will be hit that night. That makes Sonny a sort of question mark in our mind.

Then Floyd wants to keep that title, wants to prove that he is a great champion, and you can't discount pride like that.

Whatever happens it should be a jim dandy of a battle while it lasts.

Baseball

Just an after thought. If Maury Wills breaks the great Ty Cobb's record of stolen bases, that Georgia peach will probably make a great try at reincarnation and come back to break either Will's record or his neck.

Althea Happy But Not
Satisfied With Victory

Rochester, N. Y.—Althea Gibson, former Wimbledon and U. S. women's tennis champion, said she was happy but not "satisfied" after her winning debut in the Women's National Amateur golf championship last week.

The tennis queen turned golfer defeated Jeanie Butler of Harlingen, Texas, 2 to 1, in a first-round match of the championship.

Miss Gibson explained her position this way:

"You can always do better, I feel."

Stadium. All eight teams in the league will participate, with the East lightweight teams pitted against the West lightweights, and the East heavyweights against the West heavyweights.

The regular season of Little League play begins on Sept. 22 at Sec Taylor Stadium, with each team playing a double round-robin schedule in its weight division. Defending 1961 champions in the league are the lightweight Northeast Giants and the heavyweight Southeast Bears, coached by John Estes, Jr.

Fading Joe Brown
Loses to Swinger

San Jose, Calif.—When a fighter starts slipping he really tumbles downhill.

Four, or even two years ago, ex-lightweight champion Joe Brown would have made short work of Luis Molina, a wild swinging Californian who could boast of little by way of boxing skills.

But last week, Molina found in Brown to be only a shell of his old self and hammered out a unanimous 10-round decision over the former champion in their featured bout here.

The fight was Brown's first since he lost the lightweight title to Carlos Ortiz of New York in a poor showing four months ago. Brown also looked bad against Molina, all the more so because the hard-punching Californian lacks both the class and speed of Ortiz.

A STUDENT'S PRAYER

Lord, grant me an open mind.
Receptive, eager, quick to learn
The truths my teacher would impart;
Give me the wisdom to discern
The right from the wrong; give me the power
To concentrate; give me Your sure,
Strong light of Truth to guide my way
Through passages that seem obscure;
And let me know that You are near
When I must go to face a test;
Erase my every thought of fear;

Help me, Lord, to do my best.
Bless my teachers. Speak through them
In clear and loving words and give
Them the selfless joy that comes
From having helped a soul to live.
Help me retain what I have learned
And use the wisdom I possess
To reach my goal, to build a life
Of service and of happiness.

—James E. Sweaney

kind.

A Difference

The trouble with many of us is that we would rather be ruined by praise than saved by criticism.
