PRINCESS OF INTERNATIONAL COTILLION

Washington, D.C.—Laura Butterfield, a pretty, seventeen-year-old debutante from Panama City, Panama, was named "Miss International Cotillion" of 1962 during the annual debutantes ball of the National Council of Negro Women, held recently at the Waldorf-Astoria Hotel in New York City. Sixty-five lovely young ladies from throughout the United States and fifteen foreign countries were presented by NCNW before almost 3,000 guests who attended the highly praised social event.

In top photo, 2nd from left, Council president, Miss Dorothy I. Height, witnesses crowning of Miss Butterfield by Moss H. Kendrick, The Coca-

Condemns 'Biased' History Text in Detroit Schools

Detroit—In a letter to Detroit Superintendent of Schools Dr. Samuel M. Brownell, the NAACP severely criticized a United States history textbook currently being used in the public schools here as "an insult to every Negro in Detroit and promotes an image of the Negro in the remainder of the community that is not only false, but helps to lay the foundation for future community problems."

"Our United States," by Eibling, King and Harlow, was carefully reviewed by the education committee of the Detroit NAACP and found to contain serious omissions and distortions of the Negro's role in the history of this country.

Negative Image

The NAACP pointed out to Dr. Brownell that the negative image thus presented to the Negro child is extremely self-destructive. Moreover, "its impact on the white student is

even more alarming. Such (distorted and erroneous) impressions are reflected in their adult fears regarding integrated schools and other aspects of community life."

Withdrawal

Immediate withdrawal of the book was requested as well as "an immediate evaluation of other currently approved texts and the procedure by which they gain approval."

In a letter of reply Dr. Brownell stated that the book was under investigation and that the NAACP material would be made available to the investigating committee. However, concerning reviews of other currently approved books and their approval procedure he was less hopeful. The NAACP is still pressing for more effective criteria and has pointed out that the school system has a responsibility to indicate strongly to the publishers of such distorted books that "these . . . standards are totally unacceptable."

Assails NLRB Decision; Says Violations Have Been Concentrated in Ga. Plant

Washington — The NAACP has asked Stuart Rothman, general counsel of the National Labor Relations Board of reverse a ruling of the Board's regional director in Atlanta, Ga., and order that complaints be issued against Local 2401 of the United Steelworkers of America for discriminatory practices against Negro members.

Robert L. Carter, NAACP general counsel, asserted that Negro workers "have a right to a hearing on the merits to determine the validity of their claims."

The NLRB's Atlanta office refused to issue complaints on November 14 on the technical ground that grievances or claims were not filed with the union within six months prior to the NAACP action. The appeal from this ruling was filed with Mr. Rothman on Nov. 28.

Filing

The Association contends that the National Labor Relations Act does not require the filing of such grievances.

Further, Mr. Carter pointed out that "manifestations of discrimina-

tion have an inevitable effect on Negro workers who are denied equal employment opportunities because of their race.

Confidence

"Loss of confidence (by Negro workers) in their union, discouragement and apathy result from the feeling that regardless of diligence and ability, their race will be an insurmountable obstacle to attaining a better or more skilled position.

"This sense of futility," the NAACP continued, "lowers motivation to file formal grievances with a union which has relegated them to a second class position within it."

Continuation

Mr. Carter and his associate, Mrs. Maria Marcus, both of New York City, stated that this case does not involve a single act but a continuing violation occurring on a day-to-day basis.

The NAACP pointed out that "identical jobs are given different titles, classifications and salaries according to the race of the employee performing them."

Johnson Urged to Probe General Motors Job Bias Inside K.C., Kans. Plant

Washington—Vice President Lyndon Johnson has been asked to look into NAACP charges that the General Motors Division in Kansas City, Kansas, is practicing discrimination against Negro workers.

Leonard H. Carter, NAACP field secretary, pointed out that this General Motors unit has conformed to local customs of discrimination, rather than going along with General Motors' national commitment not to discriminate.

General Motors is one of a number of companies which have signed "Plans for Progress Program" pledges with President Kennedy's Committee on Equal Employment Opportunity, headed by Vice President Johnson.

The company, Mr. Carter charges, has used this pledge as grounds for "refusing to furnish the necessary information that would document and substantiate our claim of discrimination in its Kansas City plants."

The NAACP advised Vice President Johnson of the complaint of Robert L. Stovall, Jr., who has charged that the Kansas City firm denied him employment due to his race.

Mr. Carter asked the Vice President to "look into this matter as the consequences of other firms joining the 'Plans for Progress Program' specifically to restrict their reporting of employment records could be tragic to the Negro community."

Three Convicted of Defaming Louisiana Grand Jury

Baton Rouge, La.—The "defamation" cases against three CORE leaders in Baton Rouge resulted in convictions by Judge Fred LeBlanc following a brief trial. Sentence will be imposed at a later date. The maximum sentence is one year.

NAACP Mass Meeting

Rev. B. Elton Cox, CORE field secretary, was accused of "defaming" a judge and district attorney at an NAACP mass meeting. Ronnie Moore, former chairman of Baton Rouge CORE and Patricia Ann Tate, the group's present chairman, were charged with "defaming" a grand jury by offering to testify on Cox's behalf.

Originally Dismissed

Originally, the indictments were dismissed when defense attorneys demonstrated the systematic exclusion of Negroes from local juries.

However, the defendants were promptly rearrested on the same charges. At the start of the trial, Judge LeBlanc ruled against motions to desegregate the parish courtroom. Murphy Bell of Baton Rouge and Nils Douglas of New Orleans were attorneys for the defendants. An appeal is planned.

High Court Reverses

Columbia, S.C.—The South Carolina Supreme Court on Nov. 28 unanimously reversed the conviction of 42 Morris College students who participated in CORE-sponsored sit-ins at Sumter lunch counters. The sit-ins occurred in October, 1960 and February, 1961. Sumter's City Recorder Raymond Schwartz, Jr., a local White Citizens Council leader, had imposed 30-day jail sentences and \$100 fines.

In reversing his decision, the state Supreme Court asserted it could find no evidence to sustain the convictions.

Claims Heart Disease Is No. 1 Killer Among Negroes

Chicago, Ill.—The No. 1 killer of Negro Americans is heart disease, points out the December issue of Ebony in an article exploring heart disease, "one of the major medical riddles of our time."

Negro woman are two and a half times more likely to contract coronary heart disease than white women. Hypertensive disease occurs more frequently among Negroes than among white.

Middle Age

Middle-aged Negro men—like their white counterparts—are more susceptible to heart attacks than women are. American Negroes are more susceptible to heart attacks than women African Negroes.

And "contrary to popular opinion, coronary heart disease is not an affliction of the rich. The toll is as great in the slums as in the suburbs."

Psychological

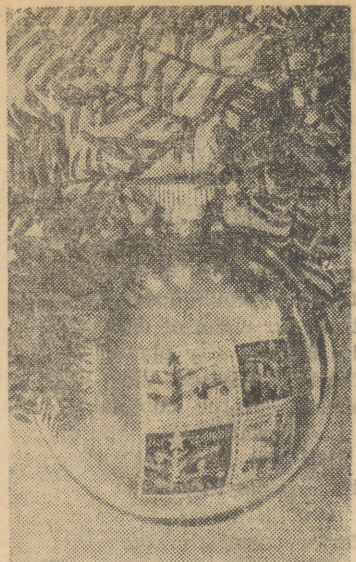

One school of thought blames the higher rate of hypertension among Negroes on the psychological strains of modern city living, and, says Ebony, believes "the twin evils of discrimination and segregation may be the real offenders." But, continues the article in the Negro monthly magazine, "Some cardiologists argue that high blood pressure is found among Negroes in Africa and in the West Indies where there is little urban life." Still other researchers are investigating the difference between Negro and white dietary habits.

Offer Clay \$50,000 To Fight Machen

San Francisco — Promoter Abe Acquistapace offered Cassius Clay a \$50,000 guarantee to fight Eddie Machen in San Francisco.

Acquistapace said he made the offer in a telegram to William Eaversham in Louisville, Ky. Eaversham is the manager of Clay, who knocked out Archie Moore in the fourth round of their fight in Los Angeles recently.

If Clay accepts the offer, Acquistapace said the fight would take place sometime in February.

Theories

And specialists have offered five different theories to explain why Negro women have more heart disease than white women. Ebony lists them: "(1) possible differences between Negro and white women in estrogenic (female hormone) secretion; (2) possible differences in endocrine function; (3) differences in diet; (4) greater hypertension in Negro women; (5) wide difference in socio-economic and cultural conditions and occupational status and income."

Since 1900's

Heart disease has ranked as the No. 1 killer of white Americans since 1912 and of Negro Americans since 1928, Ebony points out.

But Negroes and whites are not necessarily most vulnerable to the same forms of heart disease, the article continues.

Hypertension

Hypertension, overweight and high blood cholesterol levels are "now acknowledged to be the three key factors implicated in the onset of coronary heart disease."

"Every cardiologist who has studied the racial statistics of hypertension and coronary heart disease in America invariably ask the question: Why, if it has been clearly proved that hypertension increases the risk of heart disease, don't Negro men (who have a higher hypertension rate) suffer more heart attacks than white men? Heart specialists are still stumped by this puzzler."

Caught Red-Pawed

Miami, Fla.—Marylin Farber has been credited with capturing a burglar and solving a series of jewel thefts.

Mrs. Farber reported to police the loss of a diamond wrist watch. She told police last week she saw her Siamese cat heading toward the attic with something shiny in its mouth. Mrs. Farber followed. She found the watch—and a diamond brooch she hadn't missed.

Police Shy At Mass Arrest Before U.S.I.A. Camera

Greensboro, N. C.—On November 17 and again on Thanksgiving Day police conducted mass arrests, totaling 117 CORE members sitting-in at the Mayfair and S & W cafeterias. But on Nov. 27, when U.S. Information Agency film makers were on the scene making a portion of a documentary on the status of the American Negro, police declined to arrest 25 Greensboro CORE members sitting-in at one of the cafeterias.

Who Designs The Christmas Seal

A group of people got together last month with an almost impossible task ahead—to recommend one out of some 500 designs for the 1964 Christmas Seal. The call for designs went out last Spring to art schools and art leagues, known artists, and to newspapers and magazines. Designs came in during the following months from art students, hobbyists, professional artists.

Art Experts

Early in October, art experts met with a committee representing TB association workers all over the country, to consider all the designs. As a result of many hours of careful deliberation, one design finally came out on top. It was accepted as the 1964 Christmas Seal. You'll be seeing it two years from now.

The design for the 1962 Christmas Seal was submitted by artist Paul

Dohanos in 1960. Paul Dohanos is the son of artist Steven Dohanos. Paul has a special interest in TB. His famous father fought two bouts with tuberculosis.

Xmas Seals

Christmas Seal artist Paul Dohanos was born in Cleveland, Ohio. He got his art training at Phillips Exeter Academy, the Cranbrook Academy of Art, and the Art Students League.

Mr. Dohanos has exhibited prize paintings at shows throughout New England and in New York City. Now a free-lance commercial designer and illustrator, he lives in Norwalk, Connecticut, with his wife and two small daughters.

The Paul Dohanos Christmas Seals say to everyone—make Christmas Seals a part of your Christmas this year.

Los Angeles 1962 . . .

Believe It Or Not

Los Angeles, Calif.—Two photos by Frank Herzo show graphically that police brutality in the civil rights struggle is not limited to the deep south.

They were taken in Wilmington, Calif., some 30 miles from Los Angeles during the arrest of CORE members protesting housing discrimination at Sun-Ray Estates.

The photo showed police twisting the arm of Ronald LaBostrie, a CORE member and a Freedom Rider. The photo at right shows police hauling away Mari Goldman, chairman of Los Angeles CORE's housing committee. CORE's campaign at Sun-Ray Estates resulted in Superior Court Judge Alfred Gitelson issuing an order paving the way for a Negro couple to buy the home which they had originally been refused.

Registrar Charged with Voter Bias Quits for "Ill-Health"

Iberville, La. — Milton Dardenne, the registrar named in 17 recent voter-bias complaints filed with the U.S. Department of Justice, has resigned because of "ill health." In reporting his resignation TV Station WDSU in New Orleans stated that friends of Dardenne had attributed his "ill-health" to the Negro registration drive in this area which is headed by Ronnie Moore, CORE field secretary. The complaints to the Department of Justice were an outcome of this campaign.

Cherry Filled Coffee Cake

Mid-way through this quick coffee cake is a filling of juicy cherries to lend appetite appeal to a good breakfast.

For a hot bread that features so much good eating, this cherry filled coffee cake is exceptionally easy to make. Into the baking pan goes a crunchy layer of streusel, then a coffee cake batter, then sweetened cherries, finally more batter. This layered cake bakes in 25 minutes. Then it puts in an appearance at the breakfast table to give that meal style and sparkle.

Uses for such a coffee cake need not be limited to breakfast. Because it contains enriched flour, it is rich in B-vitamins, food energy and iron. With this splendid nutritional value, it is a mid-afternoon treat for callers, a supper dessert, a brunch special. Enriched flour products are good menu-balancers, since all their food values add up on the credit side of the meal. This coffee cake is high in the list of such products.

CHERRY FILLED COFFEE CAKE

Topping

1/2 cup sugar 1/2 teaspoon cinnamon
1/2 cup enriched flour 1/2 cup butter or margarine
Mix sugar, flour, and cinnamon. Cut or rub in butter or margarine.

Batter

1 1/2 cups sifted enriched flour 1/2 cup milk
1/2 cup sugar 1/2 teaspoon baking powder
1/2 cup butter or margarine 1/2 teaspoon salt
2 1/2 cans cherries (1 1/2 cups drained)

Sift together flour, sugar, baking powder, and salt. Beat egg. Add milk and melted shortening. Add to flour mixture, stirring until mixture is smooth. Spread half the batter into greased pan, eight by eight inches. Cover with

cherries. Sprinkle half the topping over cherries. Cover with remaining batter, and finally with remaining topping. Bake in moderately hot oven (400 degrees F.) 25 minutes. Yield: 1 coffee cake, eight by eight inches.

Nation's Top Home Economists Applaud New 'Hostess' Costume at Fashion Show

Slim, trim and chic were the words to describe lovely young Sylvia Everett as she modeled this new-it-yourself "hostess" costume before an admiring audience of more than 600 leading home economists attending the recent national convention of the American Home Economics Association in St. Louis. All fashions presented at the show, a feature of the popular pre-convention "brandy brunch," were worn by top Negro models from New York and St. Louis.

This Spanish-inspired matador ensemble, made entirely on a standard home sewing machine, offers dramatic proof of the smart "custom-made" look which the home seamstress can achieve by using inexpensive printed patterns, a bit of imagination and the attachments on her sewing machine.

Combining three different McCall's patterns into a charming "at home" costume, it was made by seamstresses of the Greist Manufacturing Company, world's largest maker of home sewing machine attachments, for easy duplication by fashion-wise young marrieds and career women like Mrs. Everett. The important Spanish designer influence is shown in the tight-fitting slim pants and short bolero of creamy white corduroy, with richly decorated green and gold braid trim in a continuous "doodle" design; the braid "doodling" can readily be applied from any free-hand sketch, by using either the top braider or underbraider on the machine. Perfect Spanish accent appears again in the finely ruffled skirt front, made by using the ruffler on the machine.

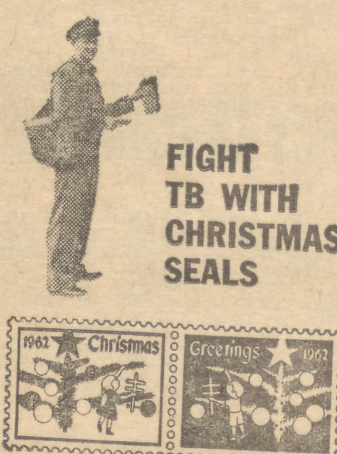

Top stylists point out that smart fashions-to-sew like this ensemble are easy and fun to make—and to wear!

MAKING YOUR OWN scatter rug in any color, size or shape you wish out of squares of washable undyed carpeting is latest idea to emerge from do-it-yourself movement. Black and white checker-board rug in photo was made from 12-inch squares of undyed nylon-viscose carpeting. All-fabric dye was used to dye black squares, while snowy whiteness of alternating squares was attained by simply washing the undyed material. Since the dyes come in 50 colors, any combination of hues may be obtained.

Directions for making a rug of either checker-board or alternate-diamond design have been announced by Tintex Home Economists Bureau. After cutting undyed washable carpeting into foot or yard squares, place half the total into the washing machine and fill with hottest water available. While washer is filling, pour all-fabric dye into quart of hot tap water and stir with wooden spoon until dissolved. Empty dye solution into machine and let it run through regular cycles. Repeat process with balance of squares for second color, first cleaning machine with rinse of water and soap.

After squares have dried, lay them out on reverse side and press strips of hot-iron tape along dividing lines, as shown above. When turned over, you'll have a new rug that meets your own decorating needs perfectly.

If you plan to wash the rug later, apply liquid latex along the borders prior to taping, suggests the Tintex bureau. This will enable you to remove the tape easily and provide skid-proofing while rug is on floor.

EXPLANATION FAIR
BUT STILL SHORT

An editorial on November 22 in the Bystander dealt with the speech of J. Edgar Hoover, head of the FBI, who addressed the American Legion convention at Las Vegas on November 9. In the course of his address, he called attention to the increase in crime in America and the disposition of more citizens to disregard law and order thus giving aid and comfort to the lawless element in the United States. He cited the mob action of a group of students who demonstrated illegal attacks on a congressional committee which was holding hearings on un-American activities in California.

In the editorial, the Bystander chided Hoover because, even though one of the worst demonstrations of disregard for law and order was going on in Mississippi, he said nothing about it.

Hoover's speech was inserted in the Congressional Record by Senator Jack Miller of Iowa at the insistence of Senator Keating of New York. So the Bystander made it a point for Senator Miller to see the editorial.

This week, Senator Miller called the Bystander office and reported that he had sent this apparent omission to Hoover's office. Their explanation was that it is a policy of the FBI not to comment on a matter which was before the Justice Department. The Justice Department was deep in the Mississippi controversy at the time. This is a fair explanation and the Bystander felt that it should be passed on to its readers.

However, other instances of disregard for law and order by public officials and citizens over integration have gone on almost as glaringly which Hoover might well have mentioned because many people act and behave as if law and order need not be observed in dealing with illegal conduct toward Negroes seeking their civil rights.

LEADERS SHOULD SHARE
THEIR RESPONSIBILITY

Ralph McGill, editor of the Atlanta (Ga.) Constitution, said the opposition to integration and law and order as regards it was carried on by irresponsible people in the South because the power structure of the cities and states had abdicated their responsibility to the lawless element. The power structure, he said, are the business men, ministers, lawyers, doctors and other leaders of the community.

Today, the Des Moines Branch, NAACP, is making a special campaign to meet its 1962 membership quota. Altogether too many of the power structures in Des Moines among the Negro group are not carrying their share of the responsibility as leaders of the community because they have not paid their membership to the NAACP, the most valuable organization Negroes have ever had in America.

In order to find just how much leading Negroes are doing for the NAACP and thus for themselves and their children, the Bystander checked with the membership committee to determine how many of the group have paid their memberships. Listed according to professions and business people, the following have paid:

Attorneys: Gertrude E. Rush (deceased), Robert A. Wright, Mrs. Luther T. Glanton, Judge Luther T. Glanton, Jr., James B. Morris, Sr., James B. Morris, Jr., Henry T. McKnight.

Ministers: Reverends Tom Lighon, N. R. Olphin, James K. Brown, Wayland Heath, George Parrish and George A. Singleton (Philadelphia).

Teachers: Marsh Houston, Bill Jean Morrow, Nelsine Munns, Walter Thompson, Harriett Bruce, Nevin Bruce, James Bowman and Irma Estes.

Doctors: Robert M. Johnson, Julius S. Connor, Lewis James, Julian Mason.

Social Workers: Joan Bullock, William Cropp, Marguerite Cothorn, James Dixon, Charles Holmes, Leola Hubbard, Charlene Wharton (now in Atlanta, Ga.), Helen Wimberly, Jessie Hawkins and Clara Bayles.

Police: James L. McGuire.

Business: John Estes, Sr., Claude Fry, Louis Gaither, Morton Graves, Melvin Harper, Frank Holbert, Don Jones, Samuel C. Miller, J. W. Mitchell, F. O. Morrow, Jr., James Morrow, James Morrow, Jr., R. E. Patten, Charles Richardson, George

The college portion of the football season is on its way out except of course for the bowl games.

With basketball coming on, Drake seems to be making a bid for a national rating. And if the Bulldogs keep up with their fine start, may get one. We look for a good team at Iowa State but not one of the best in the Big Eight. Iowa U will likely have just a fair season.

Local

Here at home the big question is who will win the city high school title. Roosevelt has come up with a pretty fair club when they were supposed to have nothing. North and Lincoln along with East have improved clubs. It will be interesting to match this year's cage racer.

We were surprised to learn how many Negroes are wrestling in our high schools. They are in just about every division in all of the schools together and with the barriers crashed in swimming we guess there isn't a sport that Negroes can't get into if they want to.

Billiards

Wells billiard tournament is nearing its end. By the time you read this one of two brothers, Eubanks or Delma Baldrige will have won the thing. Moe beat Paris Spaner in a tough match, and Delmar set down Larry Graces. Delmar, toughest match enroute to the finals was with Buddy Bailey who really sent the champ to the sidelines. Moe had a close shave with J. Grace and Spaner scared Lee Wyatt right out of the game. Already the boys are talking about next year.

With some of the sideline players vowing to get in the next one, Wells plans to have a pocket billiard meet next and now the pool players are getting ready for that one. These things would be nice and should be supported so they could become annual affairs.

SPORTS BRIEFS

New York—Crippled former baseball star Roy Campanella and his estranged wife, Ruth, went back to court in another inning of marital troubles.

Mrs. Campanella petitioned New York supreme court for a separation, \$500 a week in temporary alimony and \$7,500 in counsel fees. She claims her husband abandoned her. She said she needed the money to fight an annulment suit brought by the former star catcher for the Brooklyn Dodgers. Tuesday their 11-room home in Glen Cove, N. Y. was sold for \$47,500 to satisfy mortgage claims.

Chicago, Ill.—Willie Galimore, outstanding Chicago Bears halfback and former star at Florida A&M university, last week was sidelined with a knee injury and scheduled to undergo a knee operation during the off-season.

Philadelphia—Ermer Robinson, one of the all-time greats of the Harlem

Robinson, Willard Saunders, R. D. Tittsworth, G. B. Tucker, Willie Wells, Paul L. Wilson, Turner Bell, William Montgomery, R. Hardaway, Henry Hammit, Marion Williams, Charles Boston, Sammie McCann.

Labor leaders: Robert A. Jackson. Some of these are accounted for among the life membership list who do not pay annual dues but paid in advance.

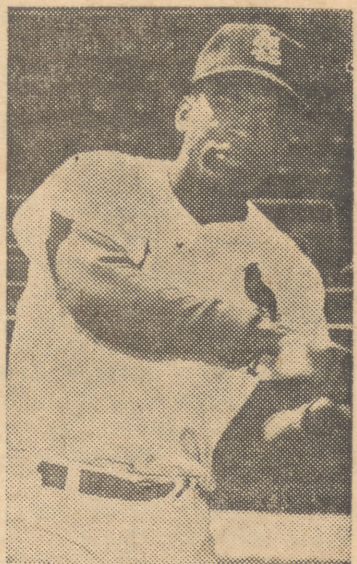

This list was obtained from the membership secretary. If any are omitted or if others pay their membership by December 11, they will be published November 13. On the other hand, those of the power structure who have not paid their memberships should do so without delay.

This, too be sure, is a poor showing and demonstration of leadership for the people of the community.

Maybe some of the delinquents have not been contacted and yet sufficient publicity has been given about the drive as to alert every Negro who is interested in the progress of the race and appreciates the tremendous job the NAACP has done enabling THEM to succeed in their chosen fields. Every citizen should carry his part of the responsibility to move forward in the support of those things that make for progress.

JOINS PUBLIC RELATIONS
OF ANHEUSER-BUSCH

St. Louis—(Special)—Bill White, soft spoken, slugging first baseman with the St. Louis Cardinals Baseball Team, has joined the public relations staff of Anheuser-Busch, Inc.

WHITE

White broke into the major leagues with the then New York Giants in 1952 receiving a small bonus. He played with the Danville, Va., team in Carolina league and actually joined the Giant organization in 1956 making his major league debut in St. Louis on May 7. He also got his first home run on that day. He got 21 more for the Giants before that first season ended.

Globetrotters, last week became the first Negro coach in the American Basketball League when he led the Oakland Oaks against the Kansas City Steers in one game of a twin bill that opened the ABL 1962-63 season in Convention Hall.

Los Angeles—The once termed "story-book" marriage of Los Angeles Dodger star Junior Gilliam and his pretty wife, Edwina, last week floundered on a rocky infield after she filed suit for divorce, charging him with extreme cruelty and asking \$800 monthly alimony and custody of their 21-month-old, Yvette Renee.

The Gilliams were married in St. Louis, April 25, 1959, after what was described as a "whirlwind courtship."

San Francisco—It took Willie Mays the better part of five years to convince San Francisco fans that he was in the same class as Joe DiMaggio.

And it took San Franciscans just about the same amount of time to convince Willie that this is "home." Mays purchased a home for an estimated \$85,000 in a fashionable district of the city the other day—high on a hill where the views are spectacular on a clear day, but where the fog closes it right down to your shoelaces on many nights.

If you can give your service and your money
And never let your patriotism lag;
If you can risk your all to cross the water
To still the Demon War's Satanic cry,
And bring that for which you went, with justice
And foreign praises to the very sky,
If you can stand to see your southern brother
Deprived of half his constitutional rights,
Yet love the Stars and Stripes—none other,
And live and fight for them with all your might,
If you can graduate from schools with honor
And have the qualities that make a man,
Initiative and honesty and manner
That in this present day are in demand;

Sit in the seat that you should occupy,
And live above such ignorant narrow mindedness

Laugh A Little

A man was telling his club friends about the frightening experience he had out West during a vacation trip. "It was harrowing," he said. "Indians to the left of me, Indians to the right, Indians to my rear, Indians in front, Indians everywhere closing in on me."
"Whew," exclaimed a listener, "what did you do?"
"What could I do?" the man said. "I bought a basket."

Ferguson Signed
By Detroit Lions

Detroit, Mich.—Halfback Larry Ferguson, stellar star and workhorse for the State University of Iowa Hawkeyes, was signed by the Detroit Lions of the National Football League to a 1963 contract Monday.

Ferguson, the Hawkeye captain, was recently named the most valuable player for Iowa by his teammates, and was named on the All-American team in 1960. This year he was named on the first All-Big Ten team by one wire service and on the second team of another.

Miami—It will be Jackson State College of Jackson, Miss., against Florida A&M University of Tallahassee in the 30th annual Orange Blossom Classic to be played Saturday night, Dec. 8, in Miami's Orange Bowl.

The rematch of these two grid powers is expected to attract a record crowd of 55,000 for the Classic and should produce another thrilling game for South Florida football fans.
