Harper House Is the 'Last Word' in Private Supper Club

BY FRANCES E. HAWTHORNE

"Des Moines really has a fine supper club," said an admiring member of the Harper House.

And in a very few words, it couldn't be said better.

Atmosphere, beautiful decor, good live music, superb food prepared by an equally superb chef, an experienced manager and that indescribably quality called "oomph" have been combined successfully by the Harper House proprietors, Melvin and Margaret Harper, to make Des Moines newest private supper club the last word in supper clubs. The net result is—QUALITY—plus.

Located at 5315 S. E. 14th street, the Harper House is a realization of a lifelong dream and plans of the Harpers, who also felt there was a need and desire reflected in the community for such an establishment.

Memberships

Admission is by membership only or as the guest of a member. Membership is \$5.00 (five dollars) per year per person. With that membership the member is entitled to bring three other guests at no additional charge, as often as he likes. For example, a husband, having a membership, could bring his wife and another couple. Or if both the wife and husband have memberships, they are entitled to bring six guests.

However, when the band is playing, which is 9 p.m. and after, there is a

small assessment. Before, there is none.

Large or Small

The club caters to private parties large or small and features carry out service. Family style meals are served with children's portion at half price. For those who enjoy to eat out after church or at the end of hard day's work, or for that special occasion, or special night out, The Harper House is a haven. It is particularly ideal for clubs or large organizations desiring to dine out in a body. However, it is advisable for groups over 20 to call in advance.

Manager Praises Chef

John Williams, who was brought from Kansas City, Mo., to serve as manager for Harper House, claims the club has the "best chef in the nation" in James Bell, who originally held a similar position for years at the Hyperion Golf club in Des Moines.

"I have been all over, out in California, Seattle and around, including operating several places of my own in Kansas City, and I have never seen a better chef," said Williams. "And, I'm not just saying that because I work here," he added.

Fine Foods

Harper House specializes in charcoal steaks, barbecued loin backs, Beloxi shrimp, and Southern fried chicken. There are fish specials on Fridays. The club is open weekdays from 6 p.m. until and on Sundays from 2 p.m. until. It is closed on

Says He Will Not Enroll Next Semester But Plans To Remain in Home State

Oxford, Miss.—At a news conference Monday that he called in his dormitory at Baxter hall, James T. Meredith, the first Negro knowingly admitted at the University of Mississippi, revealed that he will not enroll at the 112-year-old institution next semester.

Meredith, who has been attending Ole Miss classes under guard of U.S. marshals and Army troops, stated, "It should be noted that I have not made a decision to discontinue my effort to receive educational training at the university. Rather, my decision is not to attend the university next semester under the present circumstances.

"When I combined the political and educational reality with my personal possibilities and probabilities, the results lead me to the foregoing decision," he said.

Final Exams

Meredith said he will remain at the university to take final exams. It has been rumored the past few weeks, that his grades were slipping, and that he would quit the school. In addition, his home and the home of his parents in Kosciouko, Miss., have been harrassed by unidentified demonstrators. It was also revealed several days ago that the home of relatives in Chicago, Ill., where he stayed during the Christmas holidays, had been fired upon prior to his coming to that city.

Russell Sees 'Education' as Biggest Need in Community For Negro Youths, Parents

BY FRANCES E. HAWTHORNE

In an interview earlier this week Ernest Russell, who assumed his duties as executive secretary of the Des Moines Commission on Human Rights, less than a month ago, explained the Commission's plans to award certificates to firms, businesses and unions who sign the Merit Employment Agreement.

The plans were revealed at a meeting of the Commission last Wednesday, in addition to two recommendations, one—to have the commission meet with the City Council at least twice a year, (which was approved) and second, to make quarterly written progress reports to the City Council.

Persuasion

"This is more than certificates of awards," Russell emphasized. "It is a persuasion and educational method as against compliance. The law isn't made to pressure; it is made as a guide and is need only for the very few who won't comply."

"We (the commission) like to think of it as a goodwill agreement. We will begin with our labor unions and then our employment groups.

No Quota

"If a Minority youth should see

this certificate displayed, he will then know it is the general policy of that firm, business or union to hire, train, assign or promote without respect to race, religion or color."

"Often a Negro youth will see several Negroes already working at a place, and even though there is a vacancy, will assume that there is a quota of sort for minorities and will not apply. The certificates will eliminate that.

Encourage Youth

Russell emphasized, however, there is a need in the community to "get the Negro parents to encourage their youths to become the best they can and develop their full potential.

"Mainly, they must be encouraged to stay in school. It does no good to break barriers and change things if people don't have the education for entering a particular profession.

Responsibility

"There is a responsibility of parents and all Negro citizens and interested groups to make the transition of the 60s and 70s and take steps to remedy the problems.

"The unskilled worker is a thing of the past. Now, it takes a high

NAACP Wins New Chance For Convicted Fla. Youths

Tallahassee, Fla. — The Florida State Supreme Court this week ordered a new trial for two young Negroes sentenced to death for the alleged rape of a middle-aged white woman.

Two years later, two former Lake County deputy sheriffs charged that the casts were made in Deputy Sheriff Lucius Clark's back yard.

Wounded

Sheriff Clark, and his associate, James Yates, worked with Sheriff Willis McCall, who, in 1962, shot and killed one Negro prisoner and seriously wounded another in the notorious Groveland case.

The Negro youths in the upcoming hearing will be represented by NAACP attorney Francisco Rodriguez of Tampa, who filed motion last August for a new trial for the pair.

Meanwhile, State Attorney Gordon Oldham has been assigned to prosecute the two deputy sheriffs on a conspiracy and perjury charge.

AKAs Elect Leader From Louisiana as Pres. at 40th Boule

Detroit, Mich.—Mrs. Julia B. Purnell, professor of psychology at Southern University, Baton Rouge, La., was elected president of Alpha Kappa Alpha sorority at the organization's 40th convention here.

One Week

The election climaxed a week in which some 900 women delegates took a close look at scholarship aid, community service programs and organizational structure of the 40,000 member AKA sorority.

A keynote of the convention, designated "Changing With The Changing Times—Moving Forward With Our Youth," was set by U. S. Dist. Judge James B. Parsons at a public meeting prior to the first session.

Doctrines of Love

Judge Parsons admonished the group to take a stand against the teachings of the Black Muslim movement, which he said originated in Detroit in 1930. Doctrines of love, rather than doctrines of hate are needed in the world today, he said.

Grants

The convention was given a report on completion of a \$12,000 grant to the pediatric hospital at Howard University for research into sickle cell anemia. The affliction occurs only in Negroes. A report was also made of \$8,000 in contributions to a national scholarship fund for Negroes.

New President

The new president, who was accompanied to the convention by her husband, Clifton, and son, Clifton, Jr., is a graduate of Allen University, and holds a masters degree from Atlanta University. She completed a term as director of the sorority's Southeastern region at the convention. In Baton Rouge, Mrs. Purnell is chairman of her church board of trustees, and church organist. She is active in YWCA work, and is officer in the American Association of University Professors.

See For Yourself!

Mrs. Harper, who was born in Missouri, but was reared in Des Moines, stated simply, "My husband loves this kind of work. We wanted to create a nice place."

To say, it's nice, or fine is really putting it mildly. But, remember, you need not take our word for it. Go out and see for yourself. We are sure you will echo our verdict, "The Harper House does credit to Des Moines and its member clientele."

Kappas Hold 51st Grand Chapter During Holiday in Ohio

WILBERFORCE, OHIO — The fashionable Commodore Perry Hotel in Toledo may never again see such social splendor as that which paraded through its halls during the 51st Grand Chapter meeting of Kappa Alpha Psi fraternity during the Christmas holidays.

Grand Polemarch Richard D. Mills, who was unopposed in his race for a second term, and Kappa men Val Washington, and Atty. William M. Chisholm were returned to the Grand Board of Directors of the fraternity.

Highlight of the conclave was the address by federal judge James R. Parsons, given at the closed Grand Chapter Banquet in the lovely Commodore Ballroom. The Chicagoan (first member of his race to be appointed to the Federal bench on a life-appointment) spoke to more than 500 delegates from the fraternity's chapters, on the subject of the Negro and his progress.

A busy schedule was planned for Quettes, wives of Omegas, including card parties, lunches, breakfast, climaxed by a luncheon for 500 at the Lincoln Sherman hotel with a fashion show by Mme. Walker Beauty school.

Social

Other social events included a formal dance by the Pan-Hellenic council, a closed banquet for Omegas and a huge dance on the Indiana roof closing the conclave.

The next Conclave will be held in Denver, Colo., in August 1964 with the Eighth District, of which Des Moines is a member, as hosts. Mrs. Edwards formerly lived in Indiana, and she and her husband were extended numerous courtesies and free baby sitters, before they returned to the city Dec. 31.

Seeks to Defer Civil Rights Probe in Miss.

WASHINGTON, D. C.—At the request of the U. S. Attorney general, the Federal Civil Rights Commission has postponed for a third time its public hearings in Mississippi on charges of civil rights denials in that state.

In making this disclosure Sunday, the commission indicated it acted reluctantly. But it said it will "press" our current investigation vigorously."

No New Date Set

There was no indication of any new date for the hearings, first set for October, 1962, then re-scheduled for December, 1962, and then set again for late January, 1963.

The commission set back the earlier hearing dates because of tensions resulting from rioting induced by admission of a Negro to the University of Mississippi.

Letter

In a letter to the commission dated Dec. 15, Attorney General Robert F. Kennedy voted the pending criminal contempt of court case against Mississippi's Gov. Ross Barnett and Lt. Paul Johnson, as well as other litigation involving the state against Justice Department and military personnel.

HEALTH FOR ALL

Not So Smart

The mobile X-ray unit set up shop in the town where Mary lived. It offered free chest X-rays to anybody willing to spare a few minutes. "I thought I was smart," says Mary ruefully. "I didn't need an X-ray. There wasn't anything wrong with me. Or so I thought. I wonder how many months in the hospital I might have saved myself if I'd had an X-ray then."

Hard Way

Because seven months after the visit of the X-ray bus, Mary learned she had tuberculosis. She learned the hard way—she had a hemorrhage from a diseased lung. Mary has a long stretch in the TB hospital ahead of her.

Mary doesn't know for sure how she became infected, but she thinks she may have caught TB from a young man she dated for a short

time. At least, he has been admitted to the same hospital Mary is in. He had been treated for TB years ago, before modern anti-tuberculosis drugs were generally used. He had a relapse, not uncommon among people treated in the past without drugs.

Important

Because people with active tuberculosis are infectious, it is very important that they be found and treated thoroughly with modern drugs, both for their own sake and for the safety of others. Today, tuberculosis found in its early stages can be successfully treated.

Be smart. Get a chest X-ray the next time the X-ray bus comes around. Or get a tuberculin test every year to find out if there are any TB germs in your body. If there are, get a regular chest X-ray.

DAISY BATES' BOOK LAUNCHED AT PARTY

New York—Some 300 guests attended the Daisy Bates book autograph party here last week in honor of the release of her historic memoirs, "The Long Shadow of Little Rock." The party, held at the new Americana Hotel, was sponsored by the NAACP national office and the New York Friends of Daisy Bates, under the chairmanship of Mrs. Lillian Sharpe Hunter, noted civic leader. Highlight of the festive affair was the final payment of \$1,000, making a total of \$4,500 for nine NAACP life memberships purchased for the original "Little Rock Nine" by the African Methodist Episcopal Church.

Northwestern Bell Telephone — Record Year Ahead for Improvements, Expansion

The largest construction program in Iowa telephone history highlights Northwestern Bell's plans for 1963. John R. Mulhearn, vice president and general manager of the company said the planned program of \$33,400,000 for 1963 involves improvements and expansion of service in most of the 225 cities and towns which it serves and improved long distance facilities for hundreds of the independent companies of the state.

Accomplishments

The 1963 program in turn follows one of the most significant years of progress—an increase of 21,600 telephones, customer dialing of long distance calls for more than half the state's telephones, 200,000 added miles of wire in stormproof cables, and the introduction of a wide variety of new and improved services for individual customers. Two significant Bell System accomplishments in which the company participated were the launching of Telstar, the experimental communications satellite and nationwide cutover of teletypewriter exchange service to fully automatic switching.

Year End

The Northwestern Bell company provides local telephone service in 225 of Iowa's cities and towns and the territory surrounding each and operates nearly all the intercity long distance lines in the state. At year end the \$275,000,000 plant consisted principally of 814,300 telephones, 3 million miles of wire mostly buried underground, switching or amplifying equipment in 168 company-owned buildings and 1,185 motor vehicles. With the 6,500 telephone men and women, the system handled a daily

Aliens in U. S.

Must Register Now

District Director Robert C. Wilson of the Immigration and Naturalization Service, Omaha, Nebr., stated that aliens in the United States will be required to report their addresses to the Attorney General within the near future.

All aliens, with few exceptions, who are in the United States on Jan. 1, each year, must report their addresses by the end of that month. Only the following classes of aliens are excused from this requirement: (1) Accredited diplomats; (2) Persons accredited to certain international organizations; and (3) Those admitted temporarily as agricultural laborers.

Forms with which to make the report can be obtained from any Post Office or Immigration Office during the month of January.

Wilson said that the law provides severe penalties for failure to comply with the reporting requirement.

average of 3,621,000 telephone calls.

Expansion

The 1963 construction program generally will be an acceleration of the expansion and improvements of 1962. Intercity cables are scheduled to be placed along 311 miles of route. Together with microwave systems on other route, 25 more cities will be connected to the stormproof intercity network. More than 500 miles of new exchange cable and 600 miles of individual buried lines will expand and stormproof customers' service.

Construction

Work on new buildings or building additions is planned to be underway in 40 locations, while call-handling equipment of various types will be added in most of the company's offices. Direct Distance Dialing projects will be completed or underway in dozens more places. Specially designed communications layouts will be available to many customers.

Telephones in service in the Des Moines area have increased from 98,911 ten years ago to 147,838 at the end of 1962. During 1962, 3,852 telephones were added.

Philomathean Debs and Dukes Hold First Annual Holiday Party for 150

The Philomathean Dukes and Debs held their first annual Christmas party Dec. 21, at the YWCA. Presiding as queen and king are Donnetta Clayborn and Marvin Elliston. Their court of honor are from left to right: George Davis, Sloan Taylor, Jr., Jeannye McKee and Paula Walker.

The queen and king honors were achieved by the Debs and Dukes with the highest merits obtained by school grades, disposition, good deeds and participation in club activities.

The Philomatheans entertained over 150 guests. Music was furnished by the Rhythm Kings, with special selections by Ronnie Brewer and George Davis accompanied by Audrey Westly. Punch was served. Each member was presented a gift by their director, Mrs. Lee Gurtha Hughes, of the Philo Debs.

The club has been organized since April, 1962 and now has 12 members. The Philomathean Debs are looking

forward to their coming year of gay activities.

Chaperons were Mmes. Delorous Reeves, Hazel Grant, Juanita Harom, Ellnor Tolson, Carol Clayborn, Miss Maxine Baker.

Pictured from left to right, members of the Philomathean Debs are Marie Harom, Jackie Taylor, Kymm Reeves, Karen Heath, Rennie Semple, Valdenia Wilson, Pam Williams, Jeannye McKee, Paula Walker and Judy King. Seated is Queen Donnetta Clayborn. Not pictured is Dorothy May.

The Philo Dukes joined with the Philo Debs for their annual Christmas party only. The Philomathean Debs is a club consisting of girls ranging from the ages of 14-16 years, and who are in junior and senior high school.

There are five original club members now, because one was dropped. The regular members voted the other club members in gradually. They now have a total of 12.

Phi Chapter of Delta Sigma Theta Sorority Reports Activities During the Holidays

One of the holiday activities of Phi chapter of Delta Sigma Theta sorority was the Christmas party held Dec. 19 in one of the private dining rooms of Noah's Ark restaurant. Husbands and escorts of members were guests.

Following dinner the party concluded at the home of Mr. and Mrs. Marsh Houston, 935 24th street. Miss Carol Kennerly of the Iowa City chapter was among members present. Mrs. Helen Lemme, also one of the Iowa City Deltas was a holiday visitor in Des Moines.

Iowa Association of Club Women to Realize Dream of Clubhouse Purchase in Des Moines

The Iowa Association of Club Women will be the first Negro organization in the state to establish headquarters in Iowa. The dream of many members will be soon realized. That dream is the purchase of suitable property to be used as clubhouse and state headquarters.

Initiated

Negotiations were initiated by the elected chairman of the clubhouse project, Mrs. Helen D. Wimberly. The completion of negotiations for actual purchase of property will be finalized by the Administrative board of which Mrs. A. P. Trotter is chairman.

Mrs. Wimberly served as president of the IACW from 1956 through 1958 and when she went out of office, her recommendation was for the purchase of a clubhouse. She was then appointed chairman of the project committee by incoming president, Mrs. Trotter.

Launched in 1959

Plans were officially but not unanimously launched at the 1959 session in Council Bluffs. Mrs. Wimberly was dedicated to the idea and never lost faith in those women of the Association who desired to leave

a heritage of achievement for club women to come after and were willing to work to that end.

Fund Campaign

Many fund raising campaigns were devised, including Club Women day, Mattie Dameron Award and voluntary personal contributions. There were many frustrating and discouraging moments but they persevered.

Among clubs making outstanding contributions in winning the Mattie Dameron Award were Parliamentary Law and Culture club of Des Moines who won in 1959, 1961 and 1962; Twentieth Century Civic and Art club of Council Bluffs and Young Matrons of Sioux City who shared the award in 1960.

The late Mrs. Sarah E. Jett was most enthusiastic supporter. Mrs. Wimberly stated further details will be announced later.

Guests Omitted

Names of guests unintentionally left out when the story of the Ida Foster-William London wedding was reported to the Bystander were Mr. and Mrs. Jimmy Thomas, Mrs. Sarah Eaton and Mrs. Edna Harris of Des Moines.

Entre Nous Club Makes First Contribution to Clubhouse Fund of Iowa Assn. of Club Women

Mrs. Ruth Moore, a member of the Entre Nous club, was named chairman of the fund raising committee of the Iowa Association of Club Women.

Purpose of the committee is to compile suggestions for raising funds for the clubhouse project, to be channeled to various clubs in the state.

Among suggestions were for a voluntary contribution of \$10 by each member of the IACW, to be paid on the annual Club Women's day.

In an effort to give her 100 per which will be held this year on Sunday, May 26.

cent support, Mrs. Moore's club, Entre Nous, has paid and has on deposit in the bank, \$150 for its 15 members. The club also voted \$5 per month toward maintenance of the

clubhouse. Mrs. Moore hopes that each club will act in the same spirit of dedication to a noble objective.

Her committee members and the clubs they represent are Mesdames Jeanne Morris, Parliamentary Law and Culture; Mollie Beverly, Mary B. Talbert, Marie Kiser, Entre Nous; Laura Warden, Tawasi; Loretta Reeves, Rosa L. Gragg; Faye Waterford, Modernistic; Cortez Wade, Justruhon; Goletha Trotter, Mary Church Terrell; Joyce Fant, Daughters of Des Moines, all of the city.

Mesdames Johnnie Anderson, The Dames; Daisy Smith, Hour of Pleasure and Etta Grider, Young Matrons, all of Sioux City; Bessie Drain Twentieth Century Civic and Art in Council Bluffs; Sophie Atkins, Semper Fidelis, in Davenport; and Emma Turner, Criterion in Cedar Rapids.

Elegant Eight Club Elects New Officers

The Elegant Eight bridge club met Wednesday, Jan. 2 at the home of Mrs. Felice Rhodes, 1417 Goddard court.

Officers elected were Mmes. Helen White, president; Inice Carter, secretary; and Delores Bailey, treasurer. The president appointed committee chairmen.

Bridge prizes were won by Mrs. White, first; Mrs. Carter, second and Mrs. Victoria Parker, third. The next meeting will be Wednesday, Jan. 16 at the home of Mrs. Bailey of 1136 8th street.

Merri Mixers Club Holds Holiday Party

The Merri Mixers club held its annual holiday party on Tuesday, Jan. 1. Each member and guest met at Bishop's cafeteria for 5 p.m. dinner after which they went to the home of Mr. and Mrs. Dell, 1115 10th street for the party. Games were played and gifts exchanged.

Guests sharing the courtesies were Mmes. Ruth Moore and Vera Williams and Messrs. William Miller, Henry Manuel, Irvin Turpin, Sidney Hawkins, Alonzo Potter, Sylvester Parish and Homer Lewis.

From the momentary darkness in the huge Veterans auditorium, there burst forth galaxy of dazzling, beautiful colors, international dancing skating stars of such fluid grace, colorful, elaborate costumes and superb music and stage settings, generously sprinkled with humorous acts. The event spectacular was the 1963 Holiday on Ice.

The viewing of the ice show which pleased both young and old, had been a birthday gift for our oldest offspring, Victor Duane, who celebrated his 11th birthday on Wednesday, Jan. 3. His special request was to attend the show instead of a birthday party, and have the whole family go. We were all so glad we did.

After the dousing of the huge auditorium into total darkness, the first burst of color to the climatic act of the 2½-hour show, transported the viewer to a virtual "Fairyland," and almost literally so in the interpretation of Taichowsky's "Sleeping Beauty."

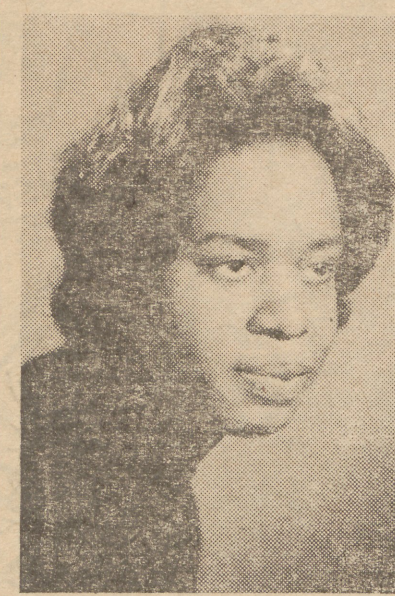

The recent holidays were marred somewhat by illnesses, grave or slight, to some Des Moines residents. Mrs. Alta Herndon, 723 28th street, was released from Iowa Methodist hospital about four days before Christmas, but has been able to get around her home only with the aid of crutches. . . . Also recovering from the effects of a bad cold and laryngitis was Mrs. Mollie Beverly of 1441 E. 19th street. . . . Fighting the effects of a virus earlier this week that seems to be invading the city, was Mrs. Helen B. Stevens, executive director of Willkie House. . . . And of course in our own family our youngest, was beset by a chest cold which confined her indoors for nearly a week.

Friends who were guests at the home of Mrs. Rufus Spates, 1244 13th street during the holidays, had a good laugh on their hostess. After learning that the lovely white cat owned by Mrs. Spates' daughter, Peggy, was named Maggie, they pointed out that the cat was not a "she" but a "he." Since the incident, Peggy has been calling her pet Ben Casey, but the big white cat just disdainfully ignores the name.

It is that time again—mid year graduation for high schools in Des Moines. Earlier, last fall we published a request for aid in identifying students from Des Moines Technical

MEREDITH FALTERS AT MISSISSIPPI UNIVERSITY

In spite of the fact that James Meredith is enrolled in the University of Mississippi, it appears that he remains there with a certain degree of physical safety because U. S. Marshalls are ever present. This is not conducive to reasonable preparation of his class work and indicates that the students determined to embarrass Meredith are getting in their dirty work and the school administration is powerless or refuses to curb them.

Meredith has announced that he does not intend to return to Old Miss unless the climate changes, that the school administration will set and enforce a policy of decent treatment and that unruly students will be brought in line.

Maybe Meredith's announcement is a trial balloon designed to smoke the school administration out and to make the people of Mississippi carry their responsibility to provide an atmosphere conducive to college life.

It is highly desirable that Meredith remains at Mississippi and completes the prescribed course. Already, unprecedented efforts have been made to gain his admission and to keep him on the campus with reasonable safety. To quit now would be a direct let down for those who have fought hard to make his stay a success.

The students at Mississippi may be permitted to drive Meredith away. But the fact remains that academic freedom for students does not prevail when a group of hoodlums are allowed to set the climate for the school.

If the school administration had taken the positive stand that anyone molesting Meredith would be suspended or dismissed from the school, the rabble would not get away with their cowardice. Meredith must not be the last Negro to enter the University of Mississippi and thus the school might as well get accustomed to it now as later.

UNITED NATIONS ON THIN GROUNDS IN THE CONGO

It is regrettable that the Congo has been a headache since gaining its independence. Trouble started in the beginning because many Belgians did not wish to give up their hold on the country; much because little preparation was made to equip the natives to operate the economic, political and educational offices of the country.

Almost uninterrupted conflict has gone on between the central government and the Katanga province. Moise Tshombe, the president, evidently secretly, egged on by outside forces, has attempted to keep it a separate province from the whole country due to its rich deposits in copper and other natural resources.

United Nations made numerous efforts to settle the controversy peacefully but each time Tshombe has not kept faith.

Now U N is using its armed forces to bring Tshombe to time—stepping in the internal affairs of the country. This places UN in a rather awkward position—one that will set a precedent which may be embarrassing at other times.

Apparently, the UN feels that keeping communism out of the Congo is worth taking the chance stretching its charter by devaluing into the internal affairs of a country.

OUSTING SENIOR REPUBLICAN LEADERS

Republican leadership in the lower house of Congress was struck a rather sudden blow when an insurgent group of younger members replaced Rep. Charles Hoen of Iowa by Rep. Gerald Ford of Michigan as head of the Republican caucus.

Hoen has a long record in the house and is ranking minority member of the Agriculture Committee.

It's no secret that many of the younger Republicans are dissatisfied with the present leadership charging them with clinging to antiquated methods and policies and collaborating entirely too much with reactionary southerners.

Many will agree with them especially those interested in the future of the Republican party. This leadership produced Rep. Miller as chairman of the national committee. And although he comes from New York, he be-

lieves that the future of the Republican party lies in the south. This is evidenced by the strong campaign in the south which was made last year.

A few additional Republicans were elected to Congress from the south last year basing their campaign in hate and more race prejudice. If this is the kind of Republicans Miller is hoping to elect to Congress then the sooner he is kicked out the better.

If you went to see the Globetrotters you saw the usual show and flashes of real good basketball. Those guys wouldn't finish last in the N.B.A. and might win the championship at times. They have one of the best ball clubs in the country when they want to go all out.

But they have made their reputation, not to mention a pocketful of dollars, by clowning and they really go to great lengths to put on a full evening's entertainment. As we recall the clowning gag was started to relax the original five man team and people liked it so well that it replaced their regular basketball games.

Nobody cares who won or what the score was, when the Trotters play and Monday night was no exception. If there was any criticism, it might be that the show was too long, but we don't guess anybody left early.

Drake

We can't help but sympathize with the Drake basketball team. They have what is probably the best team they ever had and the other teams are improved also to the point where Drake won't be likely to improve much over the record of last year in the tough Missouri Valley league. That is probably the toughest basketball league in the country. One could scatter the top four Missouri Valley teams around the country and they would probably meet in the semi-finals of the national collegiate meet.

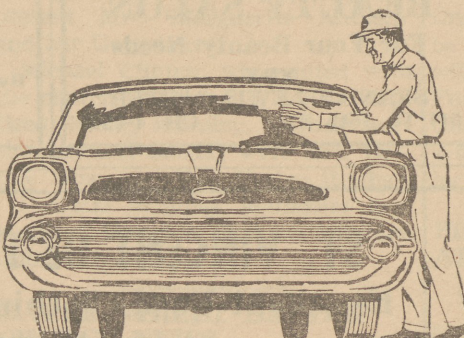

High School

Here at home the high school situation is getting rather odd to say the least. East which hadn't won a game all season ups and dusts off Lincoln who is favored to win the city title. East has a guy named Pete Bell and Tech has a fellow named Carter who are both doing all right on their teams. Wonder just who will win the city series?

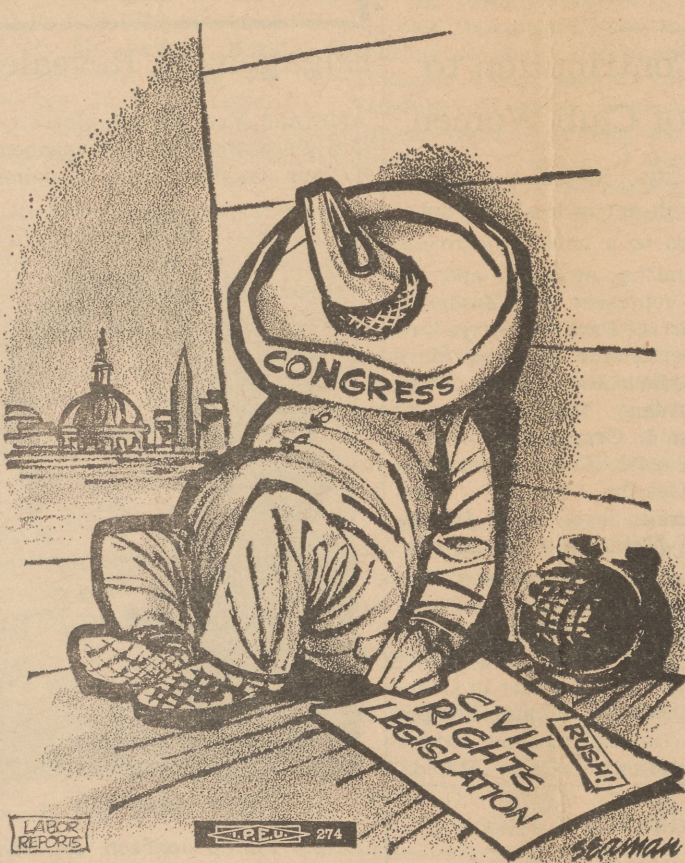

Chicago

We note that the half dozen leading high school teams in the Chicago public school system are all Negro clubs. Coner, Marshall, Dunbar, Phillips, Crane, Tech and Vocational are all Negro teams and out of that bunch will likely come the next Illinois State high school champ. And where will all of these Negroes go to college? Some will go to schools like Bradley, Cincinnati, and the Big Ten schools.

One or two might wander out here to one of our Iowa schools and a number might end up in our Negro colleges. Then some won't ever give college a thought.

He played in 156 games and drove in a total of 109 runs.

CORE Asks Baltimore Colts "Leave Segregated Town"

BALTIMORE — The Baltimore Chapter of the Congress of Racial Equality (CORE) has asked the Baltimore Colts football team not to use pre-training facilities in Westminster, Md. anymore because of racial segregation in the town.

In a letter to the Col's executive vice president, CORE Vice Chairman John Roemer said that because of segregation policies in places of public accommodation, Negro players on the team are often confined to the training site. He said "Westminster can be the difference between gaining and losing a top-flight player." He also noted that Negroes from the Baltimore area who want to watch practice sessions are "deterred by the lack of eating places open to them."

S. African Ship Stalled; Pickets Protest Apartheid

SAN FRANCISCO — A one-day picket line here established by CORE and other organizations effectively held up the Dutch ship Raki, laden with goods from South Africa. Approximately 20 pickets arrived at pier 19 with signs decrying racial discrimination and calling on longshoremen not to unload the cargo of coffee and lobster tails.

The pickets did not return the following day and the Raki was unloaded, but one CORE member said, "We have made our point."

How God Meant It To Be

God made man, the equal to all,
Put on this earth at his beck and call

God made man, black and white
Men of all color to rule just right
God saw fit for no color boundaries
to be
But the white man came and he did see

The black man came bound and tied,
To fight his way and not lose his pride

The earth is for all, It is free,
We're supposed to be brothers and unite with Thee
But because some are black and some are white

God knows His earth is not being ruled right
Color in the Bible had no bearings we know

Why on this earth, should it be so?
Why can't we be, like God meant it to be?

All equal to all, and all to be free.

TO THE NEW YEAR

To leave the old with a burst of song,
To recall the right and forgive the wrong;
To forget the thing that binds you fast
To the vain regrets of the year that's

past;
To have the strength to let go your hold
Of the not worth while of the days grown old,
To dare go forth with a purpose true,
To the unknown task of the year that's new.
To help your brother along the road
To do his work and lift his load;
To add your gift to the world's good cheer
Is to have and to give a Happy New Year.

Contract Holds Liston Says Floyd

Yonkers, N. Y.—Dethroned heavyweight champion Floyd Patterson, who has been in seclusion since losing the title to Sonny Liston in Chicago last Sept. 25, returned here last week to spend the Christmas and New Year's Day holidays with his family expressing confidence he'll get a return title bout with Liston in March or April.

Scuffling at reports that Liston may pass him up to fight either Harold Johnson or Ingemar Johansson, Patterson said:

personal appearances in behalf of Anheuser-Busch, brewers of Budweiser and Busch Bavarian beers. The brewery owns the St. Louis Cardinals team.

Minoso, who looks forward to a greater year this season, was out much of last year with serious injuries sustained on the field. A personable and witty individual, Minnie

proved a real "shot in the arm" to his teammates during spring training.

"In spite of all the stories about my return fight with Sonny, the fact remains that Sonny and I have a solid contract for a return match."

"Sonny wants the return fight—wants to keep his word. And I want it because that's the only way I can win back my championship."

Until recently, Patterson, who has been training secretly, was virtually silent about the return bout.

Atlanta Prep Athletics Integrated Without Incident

Atlanta, Ga.—Quietly and without serious opposition, Negroes have integrated Atlanta's high school athletics.

Three Negro prep stars are now playing on two former all-white high school teams and are generally ac-

cepted both by teammates and opposing teams. Only one team has objected to playing against the Negro prepsters.

The three Negro stars are John Henry Carter and Grady Davis, sophomore transfer students from David T. Howard high school, who are playing on the Grady High basketball B-team, and Clemsey Wood, a sophomore transfer from Washington High. Wood is a member of the B-team at Brown High school in the city's West End.

All three are ineligible for varsity competition this season, but all are definite prospects for the varsity next winter.

The Negro players not only get along with their teammates but they have won the admiration of their coaches. Coach Harry Strickland of Grady said they have been accepted to the extent that they are ribbed and criticized the same as the other players when there is need for it.
