Deltas Celebrate 50th Year Of National Organization at Founder's Day Luncheon

Phi chapter of Delta Sigma Theta sorority celebrated the Golden Anniversary of its national organization at its annual Founder's day luncheon and program on Saturday at Willkie House. More than 150 attended including many civic and fraternal leaders of the city.

Guest Speaker

Guest speaker was Miss Alice Meyers, executive director of the YWCA, who spoke on the Are of Becoming. During her speech she cited how various people including the late Mary McCleod Bethune and Mrs. Lillian Edmonds, had in some way influenced her life. Setting the stage for this trend of thought of introspection, Miss Meyers began her speech beautifully with "Let's Journey Into Ourselves."

Introducing the guest speaker was Mrs. Chrystal Peavy, Founder's day committee chairman. Mistress of ceremonies was Mrs. Catherine Atkinson. Mrs. Mae Olphin, president, gave the welcome. Mrs. Ada Johnson, founder of Phi chapter in December, 1923 was presented with a lovely red and white corsage by Mrs. Delores Brewer. The Golden Anniversary story was given by Mrs. Atkinson.

Other Guests

Other guests introduced guests at the speaker's table, (which was adorned with huge centerpiece of red roses and white mums), were Ernest Russell, executive secretary of the Des Moines Commission on Human Rights; Mrs. Gwendolyn Semple, president of the Des Moines Improvement Association; Matthew Johnson, oldest member of Kappa Alpha Psi fraternity and Valerie Sanders, representative of Beta Gamma chapter of Alpha Kappa Alpha sorority. In the audience was Marsh Houston, president of the Omega Psi Phi fraternity, Judge Luther T. Glanton, Mrs. Helen B. Stevens, Willkie House director and Mrs. A. Louise Mays, and members of the Patroness club. Members of the Pyramid pledge club of Deltas, were hostesses. Also at the guest table was Edward Miller of Kappa's undergraduate chapter.

The Delta Sigma Theta sorority first came to Iowa when the now defunct Delta chapter was established on the campus of the State University of Iowa. Mrs. Helen D. Wimberly, Iowa's oldest living Delta, was a charter member when it was established in April 1919. Later two SUI graduates in 1920, Mrs. Adah Johnson (one of the first two SUI Negro women grads, and Mrs. Valetta Fields of Waterloo, Ia., became affiliated with the Iowa City chapter, which at that time was only the fourth Delta chapter to be established in the nation.

BROTHERHOOD

Gov. Harold Hughes Thursday signed a proclamation designating Feb. 17-24 as Brotherhood Week and asked Iowans to take part in programs sponsored by the National Conference of Christians and Jews.

"If we are to reach our greatest potential as a nation and as a state," the proclamation said, "we must create an environment wherein no talent will be lost for reasons of religious or racial bias."

"We must dedicate ourselves to removing all barriers of religious and racial discrimination so that we may move forward into an era of unity, responsibility, opportunity and prosperity for all our citizens."

Phi chapter in Des Moines after the Iowa City chapter became defunct. Delta Sigma Theta now boasts some 25,000 college women in over 270 chapters of International scope. Such notables who have been or are members include Mary M. Bethune, Mary C. Terrell, Dorothy Maynor, Lena Horne and Wilma Rudolph.

Cedar Rapids Mother Drops Assault Case, Says School Took Over

Cedar Rapids—An assault case, in which the mother of the victim charged she was given the "run-around" when she attempted to file charges, ended here Monday when an assault and battery charge was dropped in Municipal court. The

charge had been filed by Mrs. Albert Carr, mother of Albert Carr, Jr., who was beaten by Warren McCray, following a basketball game at Washington High school, where both boys are students.

Attorneys in the case told Judge L. M. Hullinger, Jr., that an agreement had been reached in the case and that the school had stepped into the situation to assure that a similar incident will not occur.

It was agreed that Albert's medical bills would be paid; also court costs were charged to McCray.

Mrs. Carr told the court school authorities had warned both boys against another such incident. She said McCray had been told he could not be graduated and her son that he could not compete in sports if there were any further trouble.

Sit-In At Education Board Wins Family's

Brooklyn, N. Y.—For eight days and nights Mrs. Jerome Bibul sat in along with members of Brooklyn CORE headquarters of the Board of Education here. The effort was worthwhile, because it proved the winning move in a 2-month-old campaign to get her three children—Douglas, Carrington and Melanie—into a non-segregated and non-inferior school.

NEWS In A Nutshell

New York—"To Kill A Mockingbird," the Pulitzer Prize winning novel, recognized as an American folk classic, has been transformed from a best-selling book into a heart-warming motion picture, starring Gregory Peck, with Mary Badham, Phillip Alford and Brock Peters in featured roles. Peters, portrays a Negro farmworker falsely accused of attack on a backwoods girl.

Chicago, Ill.—Milton Preves, conductor of the Oak-Park River Forest (Ill.) Symphony Orchestra, resigned after a dispute over his insisting a Negro violinist, Carol Anderson, 23, be allowed to play in the orchestra. Miss Anderson is a graduate of Boston Conservatory of Music, is a Cook County public aid case worker.

New York—Lambda Kappa Mu, national business and professional sorority, recently launched a "Centennial Salute" to the NAACP through the latter's life membership program. Lambda Kappa Mu will enroll each of its remaining chapters as paid-in-full NAACP members.

Clarksdale, Miss.—The first shipment of foodstuffs for destitute Mississippi Negroes brought from Chicago by Negro comedian Dick Gregory arrived in Clarksdale, Miss. The 14,000 pound food cargo was flown by chartered jet to Memphis, Tenn., and trucked to Clarksdale. Gregory, who paid the shipping bill, said the food was collected for Negroes he said had been cut off from federal surplus food because they were pushing voter registration drives.

Oklahoma City, Okla. — John E. Green, 33, was sworn in recently as the state's first colored assistant federal district attorney. He is now one of seven assistants to U.S. District Attorney Andrew Potter.

Chicago — Mayor Richard Daley, following a closed meeting with 14 members of the Co-ordinating Council of Community Organizations, a group which seeks more Negro representation on the Chicago School Board, said he was considering suggestions made by the group which will lead to their objective.

Urbana, Ill.—A 75-year-old former school teacher is the University of Illinois' oldest student. She is Mrs. Annie Lester Byrd, of East St. Louis, who is taking an evening course in education offered through the U. of I. Division of University Extension.

Shreveport, La.—A Negro family of 10 was put on a bus in Shreveport, La., and sent to Trenton, N. J. and told to look up relatives of Nicholas Katzenbach, U.S. attorney general; Katzenbach commanded U. S. Marshals during the integration crisis at the University of Mississippi last fall. The Louisiana White Citizens Council paid \$198 in bus fares for Alan Gilmore, 34, and his family, gave them \$75 in cash and a dozen cans of sardines. Their luggage was marked "Remember Mississippi."

Few Landlords Balk As CIA Threatens to Move If Policy Is Not Enforced

Washington, D.C.—The man from the Central Intelligence Agency was adamant. New orders from CIA headquarters, he said, would be carried out—or else.

The scene, in just about those terms, took place recently in Boston. The cloak-and-dagger Government operative was informing his landlord that unless he inserted no-racial-discrimination, no-segregation clauses into leases with all his tenants at a downtown Boston office building, the CIA would simply move out of its good-sized quarters there.

Similar Scenes

Similar scenes are being enacted without fanfare in cities across the nation, including a few Southern cities. Involved, besides the CIA, are the Internal Revenue Service, the Federal Trade Commission, the Labor Department, the Small Business Administration and every other Federal agency renting any block of office space in commercial buildings at \$10,000 or more a year. All told, Federal agencies have such leases in about 1,400 buildings around the country with a total annual rental of \$80 million.

Negro Employees

The idea is to prevent segregation or other discrimination in eating places, stores, rest rooms and other public facilities in buildings where any Government's many thousands of Negro employees work.

Since the program began late last summer, officials say, it has scored faster-than-expected progress. Non-discrimination clauses have been written into about 250 new or renewed office leases, including some in Atlanta, Savannah, Ga., and Dallas. Other landlords in Fort Worth, Dallas, Atlanta and Winston-Salem, N. C., have voluntarily notified existing leases.

Some Landlords Balk

Some landlords are balking—and not always in the South or because of opposition to desegregation. The Boston building, in which the CIA is the largest tenant, also houses two eating places, neither of which discriminates against customers because of race. The landlord refuses to serve as a "policing agent for the Government." And he is not alone. Another Boston landlord is about to lose some Labor Department customers because of his refusal to sign.

Ia. Hosts Beauticians from 6 States at 3-Day Regional

"This was the one of the best conventions ever and we were royally entertained by the host beauticians."

These were the words of Dr. Katie E. Whickam, Washington, D.C., president of the National Beauty Culturists League, Inc., spoken of the three-day session of the 12th convention of the Western Central Beauticians Regional held Sunday through Tuesday at Hotel Fort Des Moines. Dr. Whickam's words were echoed by some 150 delegates from seven states.

Dr. Whickam also gave verbal commendation to Mrs. Theresa Granger, Minneapolis, Minn., who as acting supervisor, completed the unexpired term of the late Mrs. A. Louise Chapman, St. Louis, Mo., and was presiding at her first regional convention.

Fashion Show

Following registration Sunday a luncheon was held Sunday followed by a memorial service for Mrs. Chapman conducted by Mrs. Pauline Thompson, St. Joseph, Mo. That evening a fabulous fashion revue (see separate story) and dance was held

in the Grand Ballroom of the hotel.

Queen Contest

During intermission the Queen contest was held with Dr. Whickam announcing the winners. First place trophy and a \$75 check was awarded to Mrs. Rose Hollingsworth of Omaha, Neb. She also was awarded a scholarship to the National Beauty Institute of the NBCL in August. Second place and a \$25 check went to Mrs. Lynelle Childress of Wichita, Kans.; third to Mrs. Beatrice Hall of Minneapolis and fourth to Mrs. Cora Hughes of Des Moines.

Guest Artist

YOU'VE GOT TO BE TAUGHT TO HATE

Courtesy Oakland Cal., Tribune

Have you ever felt the bitter anguish of rejection?
Have you ever been the cause of such pain?

Herein lie the seeds of destruction. Hate, ignorance and bigotry sap the strength of our country and stunt the growth of all Americans.

Help To Stamp Out Prejudice

Give our country a chance to grow through Brotherhood, to fulfill our Democratic heritage — "One nation, under God, indivisible, with liberty and justice for all."

Brotherhood--Its Meaning and Value

Human brotherhood is not just a goal. It is a condition on which our way of life depends. The question for our time is not whether all men are brothers. That question has been answered by the God who placed us on this earth together. The question is whether we have the strength and the will to make the brotherhood of man the guiding principle of our daily lives. Can we match our actions to our words?

We look for support and brotherhood to millions, hundreds of millions of Americans of different creeds, of different colors, who share our aspirations but sometimes are not convinced that we believe strongly in the doctrines that we preach. I believe as a nation we must be committed to these goals.

The Brotherhood of Man under the Fatherhood of God is a basic principle which has directed this nation through many years and I am confident will direct it with increasing vigor in the years to come. I urge all Americans to join a nationwide observance of Brotherhood Week.

JOHN F. KENNEDY, Honorary Chairman, Brotherhood Week

Brotherhood Week February 17-24 - Theme: Believe It, Live It, Support It.

Since 1934 all Presidents of the United States have served as Honorary Chairmen for Brotherhood Week.

Expressions of Some Prominent Americans About Brotherhood

1. "... Happily the Government of the United States, which gives to bigotry no sanction, to persecution no assistance, requires only that they who live under its protection should demean themselves as good citizens."

—George Washington

2. "As I would not be a slave, so I would not be a master. This expresses my idea of Democracy. Whatever differs from this, to the extent of the difference, is no Democracy."

—Abraham Lincoln

3. "Our answer, and the only answer there is in a democratic society, is to exert every possible effort to eliminate undemocratic practices and undemocratic attitudes, to do all that we can to close the gap between our professions of democracy and our practice of it."

—Ralph Bunche

4. "We have a Bill of Rights in America, and it is the Magna Carta of our privileges. We have no comparable Bill of Responsibilities, for such cannot be written into our laws. It can only be

written in the conscience of each one of us."

—Nelson D. Rockefeller

5. "Human Brotherhood is not just a goal. It is a condition on which our way of life depends."

—President John F. Kennedy

6. "The achievement of Brotherhood is the crowning objective of our society."

—Dwight D. Eisenhower

7. "Brotherhood is not only a generous impulse but also a divine command."

—Harry S. Truman

8. "Our inescapable choice is Brotherhood or chaos."

—Franklin D. Roosevelt

9. "Brotherhood is something YOU can do for your country—by believing in it and practicing it."

—Lee H. Bristol

10. "Failure to practice Brotherhood created the news behind all too many headlines."

—Ralph McGill

11. "Brotherhood is no laughing matter."

—Bob Hope

12. "Though man has come to understand the complexities of the electron and the atom, he is still far from understanding his fellow man."

—David Sarnoff

13. "Freedom is not the absence of discipline but the use of disciplines which will enable us to enter into our inheritance and accomplish our destiny."

—J. Edgar Hoover

14. "Every man is diminished by any man's bias. One reason we do not truly love our neighbor is that we make no effort to know or understand him."

15. The American Trade Union Movement founded as it was on the principle that all men are brothers, has worked throughout its history to eliminate all aspects of discrimination and prejudice based on the accidents of race, color, religion or national origin. It is an obvious con-

clusion to make that economic gains which provide for a higher standard of living become considerably less meaningful to the recipients unless accompanied by the right to move freely and with dignity, without artificial restriction, in the achievement of their highest potential.

DAVID J. McDONALD, President, United Steelworkers of America

16. The word brotherhood has been used so often and so long, and usually so glibly, that its true and noble significance has been effaced almost from our minds. We may say that all men are brothers and we may think we mean it but how often do our real thoughts and actions support this worthy ideal?

The answer to that question, I fear, will be "all too seldom." This is true because the spirit of brotherhood is something not so easily achieved as our easy lip service would indicate. For thousands of years philosophers and religious leaders have preached its virtues but mankind has made only halting progress toward such a goal.

DONALD W. DOUGLAS, JR., President, Douglas Aircraft Co., Inc.

17. In a nation conceived in terms of human justice, brotherhood cannot remain merely an ideal to be professed, but must be fundamental to our national existence.

JAMES P. MITCHELL, National Chairman, Brotherhood Week

18. Let us face the hard fact that the promise of our Pledge of Allegiance of "one nation under God with liberty and justice for all," is still but a hope and an aspiration for too many millions of our fellow Americans. Let us recognize the hard truth that we have failed, to date, to provide equal opportunities for all our citizens.

LEWIS WEBSTER JONES, President, National Conference of Christians and Jews

—Faith Baldwin

"When man succeeds in carrying on through his life the perfect democracy of childhood, the brightest era in human history will have dawned."

—Fannie Hurst

Student of the Week

(SEVENTH IN A SERIES)
Candidates for "Student of the Week" honors this week are two brothers, who received their God and Country awards in Boy Scout ceremonies on Sunday, Feb. 10.

The youths are William Robinson, 14, Eagle Scout and his brother,

at Amos Hiatt where he plays basson in the band and orchestra. James also plays trumpet in both and is a seventh grade pupil.

Both are members of the Order of the Arrow, another Boy Scout honor. William is a member of Explorer Post V and James of Troop

JAMES ROBINSON

James M. Robinson, 12, Star Scout. They are the sons of Mr. and Mrs. William Robinson, Sr., 1223 Dixon Street. Both are students at Amos-Hiatt junior high school. They received their awards at morning services at their church, Pilgrim Missionary Baptist of which the Rev. Wayland Heath is pastor. Again at the special joint Boy Scout Sunday program at Maple Street Baptist church in the afternoon, the brothers were presented the honor. The program was presented by Pack 70 of Maple Street, Troop 12 of Scott School P.T.A. and Troop V of AMVETS Post No. 7. All groups were presented their charter by Atty. George Cook. Only two other adults, appeared on the program.

William, who previously appeared in these pages when he won his Eagle Scout award, is a 9th grader

V. sponsored by AMVETS Post No. 7, of which their father is scoutmaster.

Last week during Boy Scout celebrations, four scouts, including William and James Robinson, Robert Cooley and Michael Booker, accompanied by their scoutmasters, presented a demonstration before the East Des Moines Kiwanis club, telling how a Boy Scout wins his God and Country award, which is a religious honor bestowed on Boy Scouts who have won enough merits through church work and activities. The youths presented the demonstration in Catholic (using Latin words), Jewish, (Hebrew words), Lutheran and English. Their presentation was such a success that they have received several invitations to give the same before other organizations including the Elks club.

MAKE BROTHERHOOD A DAILY PRACTICE

The month of February is designated and generally observed as Brotherhood Month; the week nearest Lincoln's birthday as Brotherhood Week. Originally spearheaded by the human relations department of the Council of Churches, the National Conference of Christians and Jews has taken over the leadership and, in many respects, has done a pretty good job.

Essentially, much of the activities have been among the churches. During its early history numerous white and Negro churches and synagogues exchanged speakers and in some instances congregations. Ministers were urged to give some part of a service on brotherhood on a Sunday during the month.

In recent years, this program has not been carried out. However, this year there seems to be some revival of the practice.

Individuals are too proud to admit that they harbor racial or religious prejudice but in most cases, particularly in the North, such people have not been faced with making a decision involving it. The orchestra leader in Oak Park, Illinois, hired a Negro woman violinist in the symphony but was balked by the chairman of the board who said that they were not crusading. It is not "crusading" to hire a person on his merits.

A Des Moines Greek landlord, planning a vacation in Florida last month, placed the rental of his apartment in the hands of a Negro who had done considerable work on the building. Detailed instructions were given just how everything was to be done. But the final admonition was "Don't rent to a Jew."

There are hundreds of examples just like these indicating the strains of racial and religious prejudice which prevails in America and about which we must do more about it if this country is not to destroy the guarantees which the constitution and decent moral conduct offer each citizen. There are less race riots and mobs simply because they have been driven underground. It takes continued vigilance to keep them down.

If displays of sneaky racial and religious prejudice are to be reduced, if more men are to treat all men as brothers, then we must be on the job not only during Brotherhood Month but also throughout the year teaching by example and word that all men are created equal and endowed with certain human rights.

However, these periods of emphasis do help.

ROOFS OVER CARS; NONE OVER PEOPLE

The Des Moines Sunday Register of February 10 carried an excellent story demonstrating the urgency of low cost housing in Des Moines. It cited instances involving Negro and white families where the husband was employed, but that the income was insufficient to pay the high rent charged for apartments and houses with the barest necessities.

This situation is well known to those people who have been trying to secure federal low cost housing in Des Moines. It is well known to the real estate interest of the city of Des Moines who have fought low cost housing in Des Moines in order to peddle their broken down delapidated real estate; it is well known to the city council which has dodged and ducked the issue seeking to soothe those who favor low cost housing while at the same time appeasing those who oppose it.

These opponents of low cost housing do the community a great disservice; they drive people out of town; they are unwilling to help beautify the city and add to the health and uplift of its citizens.

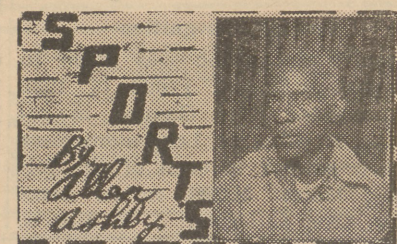

The council plans to offer the citizens an opportunity to vote a bond issue for the purpose of constructing a garage. They claim they don't know how to finance the second urban renewal program to put roofs over the heads of some of its needy citizens but can find a method of putting a roof over cars. And a lot of people will oppose the bond issue for just that reason.

WHAT CAN BARNETT BRING TO HARVARD

Governor Ross Barnett of Mississippi was invited and spoke to the law students of Harvard University. Just what value the lawless governor who defies the courts and causes mob violence, could bring to the students of one of America's finest law schools is difficult to conceive.

Harvard may well invite some of the racketeers or other lawless element to address its students. There is no difference.

Here is another instance where a famous institution takes on its bosom a citizen who is a poor example for youngsters to follow. And in so doing Harvard coddles a rascal such as to make a hero of him. Conduct of this type adds to the difficulty of solving the race problem in America; the type of thing hurts and cuts the dirt out from under the feet of those who labor in the field of human rights.

We were talking to a fellow who follows boxing and thinks he is a student of the game. We asked him about Cassius Clay's chances with Sonny Liston. He told us not to sell Clay too short. That young man was awfully fast with his hands and feet. If he could move in on the champion and not give him room or time enough to swing those hams he carries around for hands, then Clay could produce what might be called an upset. And it isn't our improbable happening either said our boxing student.

Patterson

Patterson? Well, Floyd will likely come out this time determined to end it one way or the other. If Floyd can get in a few good licks, it might be another Dempsey-Turpin fight while it lasts. That one we recalled had nine knockdowns in two rounds with the champ belted clean out of the ring once. Our friend also wished Ray Robinson would retire and so do we.

Golden Gloves

With Golden Gloves time here we wonder how many local boys will make the trip to Chicago? We would like to be there again to see the action and color just once more.

We were jumped by a young fellow who told us that we had two lead leagues of about 90 bowlers going Tuesday and Thursday nights at the Grand alleys. The guy wanted to know why we hadn't written something about bowling. We suggested that he bring us in some dope. High singles games, high team games, high series, leading averages and such. He said he would; so beginning next week we will expect to have some bowling news; next year when the leagues organize they ought to elect a reporter to see that their news gets published. Any paper including the local dealers will print bowling news but it must be brought in.

Soap Box Derby Registration Sat.

Registration for the fifth annual Des Moines Soap Box Derby will begin Feb. 15 at the Des Moines Chevrolet dealers.

Boys 11 through 15 can register at any one of the three dealerships anytime during the day, Monday through Saturday, until July.

This year's Derby race will be run July 14 on East Locust Street, just west of the State Capitol Building.

Boys are urged to sign up as soon as possible, since it takes several weeks for a boy to build his own car to meet Derby specifications. Later in the year, there will be a series of instructional clinics to guide the boys in building their cars.

Winner in the Des Moines Derby will receive a \$50 U.S. Savings Bond, plus a trip to Akron, Ohio, where he will compete August 3 in the 26th annual All American Soap Box Derby.

Here are the places to register for the Soap Box Derby:

Bob Brown Chevrolet, 11th and Locust; Howlett Chevrolet, 623 E. Grand; Crescent Chevrolet, 536 5th Avenue.

Miss. Negroes Terrorized; Cruel Reprisals for Vote Drive

Jackson, Miss.—In the Delta area of Mississippi Negroes who have tried to exercise their voting rights are enduring bitter hardships. A campaign of harassment and reprisal has been organized in an all-out effort to stop Negro voters from registering.

20,000 Dropped

According to Dave Dennis, field secretary of the Committee on Racial Equality (CORE), some 20,000 who were active in the voter registration drive have been dropped by local of-

ficials from lists of those eligible to buy surplus food from the Government. Others have been driven off the land, denied credit, fired from their jobs, shot at and jailed on trumped-up charges.

Although conditions in the Delta are desperate, few people outside the area are aware of this because Mississippi newspapers have not been reporting the situation with the result that news services have not had the story to send to other parts of the country.

HEALTH FOR ALL

"Neither Snow Nor Rain..." "Neither snow nor rain nor heat nor gloom of night stays these couriers from the swift completion of their appointed rounds."

These famous words honor our hard-working postmen. The tribute might just as well refer to the little group of dedicated men and women who—against very difficult odds—fight tuberculosis in an isolated, mountain, bound area of New Mexico with an alarmingly high rate of the disease.

Chest Clinic

For instance, their once-a-month chest clinic—supported by the Health Department and money raised from the New Mexico Tuberculosis Association's annual Christmas Seal campaign—operates because a well-known Albuquerque chest specialist refuses to let time, distance and inaccessibility stop him.

He makes the trip to Park View by plane.

ing the rooftops, and the local doctor drives out to pick up the visitor. The two speed back to town (population: 500) where they set up shop in a mobile chest X-ray van. There, with the help of a technician, the doctors reassess, diagnose and prescribe treatment for people who have come in by every known conveyance from miles around to see the flying doctor about their "chest trouble."

Clockwork

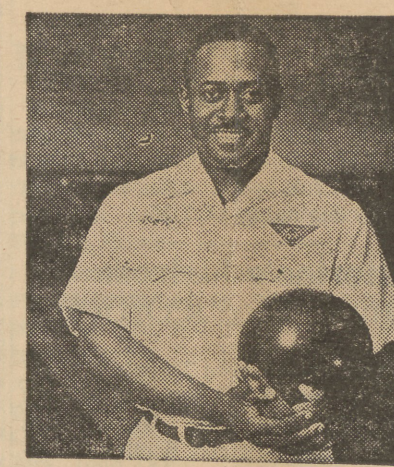

Everything works like clockwork: X-rays are taken, the two doctors go to work before the viewing screen examining the pictures. The visiting chest specialist diagnoses each case, speaking into a microphone connected to a portable tape recorder. Later a typist transcribes the tapes into neat reports.

Before the day's work is done, well over 100 people, some of them already suffering from severe illness, others fortunately whose discomfort turns out to be minor, will have been examined and started on the road back to good health.

In New Mexico, overcoming the odds has become a prelude to overcoming tuberculosis.—By Information Service of Polk County Tuberculosis and Health Association.

THIS NEW YEAR

What will we do with this precious year,
The year that lies ahead,
To merit this rich gift of life,
We have inherited?
The countless silent days go by
Into eternity,
And one by one the eras close
Into past history.
And none may stop the pace of time,
And none may see it go.
A month, a year, a century gone
In an eternal flow.
Too soon tomorrow is today,
Today is yesterday,
As cumulative time asserts
Into a memory.
What will we do with this precious year,
The year that lies ahead,
To merit this rich gift of life,
We have inherited?
