Mrs. Lucille Boone Bound to Grand Jury On 2nd Degree Murder

Mrs. Lucille Lena Boone, 40, 1512 Center street, was bound over Friday to the Grand Jury on a charge of second-degree murder in connection with the fatal shooting Sunday night, Feb. 24 of her husband, James Lee Lincoln Boone, 47. Police found Boone slumped in a chair in the living room with two bullet wounds in his head.

Mrs. Boone is being held in county jail under \$10,000 bond. She appeared at a preliminary hearing Friday before Municipal Judge Luther T. Glanton, Jr.

Rites For Victim

Services for Mr. Boone were held at 1:30 p.m. Thursday, Feb. 28 at Estes and Son Funeral Home with burial in Glendale cemetery. Born in St. Joseph, Mo., he had lived in Des Moines 25 years.

Also, surviving are two daughters, Mrs. Dorothy Powell, of St. Joseph, and Mrs. Mary Williams of Davenport, Ia.; a sister, Mrs. Louis Mabin of St. Joseph and two brothers, Clarence Boone of Chicago, Ill., and John B. Boone, Jr., of Iola, Kans.

Grant Stay, Preston Cobb, 17, Get Hearing On Mar. 15 in Atlanta

Atlanta—In a continuing effort to save his life, NAACP attorneys have filed for a writ of habeas corpus for Preston Cobb, Jr., 17, who had been scheduled to die on Mar. 1.

Donald L. Hollowell, Atlanta NAACP attorney, filed the application on the grounds that the youth had been improperly detained. A hearing has been set for Mar. 15 at the City Court of Reidsville before Judge R. L. Carr and a stay of execution was granted pending further action by the courts.

Cobb, who was convicted by an all-white Jasper County jury of the slaying of a 70-year-old white farmer, had been originally sentenced for execution in September, 1961. He was 15 years old at the time of his conviction.

Chicago Alderman Shot Gang Land Style After Re-election

Chicago, Ill.—Over 50 crime sleuths using undercover methods began an intensive investigation into the execution style-killing of Alderman Benjamin F. Lewis, who was murdered two days following his re-election to office.

The well-known Democratic leader, was found handcuffed, with four bullet wounds in the back of his head in his office at 3604 W. Roosevelt road Wednesday night, Feb. 27. Lewis, a former city building inspector, was the first Negro to serve as alderman of the 24th Ward, which is estimated to have a population 80 per cent Negro.

Funeral services were held Monday after more than 10,000 paraded by his bier, as he lay in state.

Emphasizes Voting; Asks for Extension of Rights Commission

Washington, D. C.—In a special message Thursday, Feb. 28 President Kennedy appealed to Congress to re-inforce the Negro's right to vote and to attend desegregated schools, in a nation where he said "the cruel disease of discrimination" still exists nearly everywhere.

Rights Commission

In addition President Kennedy asked that the Civil Rights Commission, which expires next November unless Congress acts, be extended four years.

"Harmful Results"

In the century since Lincoln's Emancipation Proclamation, the president's message said, slavery has vanished but progress for the Negro has been blocked and delayed too often.

"Equality before the law," he said, "has not always meant equal treatment and opportunity. And the harmful, wasteful and wrongful results of racial discrimination and segregation still appear in virtually every aspect of national life, in virtually every part of the nation."

3 Separate Bills

The President's request for legislation are expected to be submitted within a week or so as three separate bills. He recommended that priority treatment be granted voting suits in federal courts and proposed that while the suits are pending federal referees be empowered to pass upon qualifications of would-be voters.

Poll Taxes

President Kennedy also urged every remaining State legislature to join the 13 that have ratified the proposed 24th Amendment to the Constitution which would outlaw the payment of poll taxes as a requirement of voting.

12-Week Summer Session at SUI

The State University of Iowa in Iowa City will offer an expanded 12-week summer session this summer for students just out of high school who wish to start their college careers immediately. The program was started in 1962 and makes it possible to earn an undergraduate degree in three calendar years.

Wilkins Assays President Kennedy's Rights Message

In many respects President Kennedy's civil rights message to Congress is an admirable document. It not only recognizes the urgency of the civil rights issue, but also proposes specific, needed and important recommendations for congressional action.

However, it offers no new proposal for dealing with the acute problem of discrimination in housing. Nor does it call for an effective deadline for school systems to achieve desegregation. Also lacking is a recommendation for a Federal FEP law with strong enforcement powers. These

are the weakest aspects of Mr. Kennedy's message.

The proposals in the area of voting would appreciably accelerate the voter registration drive now being conducted in the South by the National Association for the Advancement of Colored People and other organizations. As the President acknowledges, the procedures under present civil rights acts are subject to "judicial delay" and to "administrative abuse." His recommendations, if adopted by the Congress, would help surmount these difficulties.

100 Attend Tea Honoring Legislative Ladies League

BY FRANCES E. HAWTHORNE

Lobbying took a new and more gracious turn when the Ladies of Des Moines (group composed of representatives from all of the Negro women's clubs of Des Moines) entertained more than 100 at a tea honoring the Legislative Ladies League (wives of state legislators) on Wednesday, Feb. 27 from 2 to 4 p.m. at Willkie House, 900 17th street.

Purpose

Purpose of the lovely, colorful affair was to create a feeling of closer fellowship and understanding between the wives of state legislators and members of the Des Moines community who are anxious to see the FEP bill out of the committee and onto the legislative floor for debate.

Distinguished Guests

Distinguished guests attending included Mrs. Harold Hughes, wife of the governor; Mrs. Elder Gunter, wife of Des Moines' City Manager; Mrs. Harry Bradley, Mrs. George Harper, Mrs. Charles Iles, Mrs. Jens Grothe, wives of City Councilmen; Mrs. Arthur H. Downing, president, Mrs. Sam H. Shloss, and Mrs. Leo Subotnik, of the Willkie House Board; Mrs. Harold Goldman and Mrs. Edward Zerlin.

Legislative Ladies

Members of the Legislative Ladies League (and their cities) attending were Mesdames Fred Wright, Vinton; Harley J. Calas, Farmerburg; Harmie

Rasmussen, Des Moines; Quenten Anderson, Des Moines; Roy J. Smith Legislation; Ross Stevenson, Linn Springs; Vern Lisle, Clarinda; George E. O'Malley, Des Moines; M. L. Grace Bumbry Called 'Golden Voice of Era'

New York—Grace Bumbry is acclaimed as "one of the golden voices of her time" in an article in the current LOOK Magazine. The 26-

MISS BUMBRY

year-old Negro Mezzo soprano, who catapulted to international fame in just three years, came home this season for her first American tour.

The "emotional apex" of Miss Bumbry's return to American was a concert in her hometown of St. Louis, which "turned out to hear her sing in Kiel Auditorium." When she finished "3,000 people rose as one, in tribute," according to LOOK.

NEWS In A Nutshell

Kansas City, Mo.—Four top students from the University of Kansas, one of them a Negro, Elbert Hayes, Jr., who served as captain, competed on the CBS "College Bowl" television on Feb. 24 and won against a foursome from the Norwich university, a military school in Northville, Va.

Englewood, N. J.—The Englewood Movement, a co-ordinating group of integrationist leaders, demanded that John H. Perry step down from his seat on the Englewood board of education. Perry is the first Negro ever elected a school board president in New Jersey. The group also called for a student boycott of this troubled city's 98 per cent Negro elementary school.

Tulsa, Okla.—Hubert Hale Bryant, 31-year-old Tulsa attorney, has been named chief prosecutor in the Municipal court, marking a milestone in Tulsa history.

Linden, Ala.—Nine small children were saved by a heroic next door neighbor when fire swept through a frame dwelling here last week. Isadore Doby, broke into the home of Mrs. Ethel Thigpen, and rescued the frightened youngsters shortly after the blaze, started from a 50-gallon oil drum—broke out.

Detroit, Mich.—John Elliot, school teacher, told more than 500 attending a community meeting recently that his white neighbors did not withdraw behind closed blinds but came out and welcomed him cordially when he moved into a former all-white neighborhood in the Northwest region of Detroit.

Cincinnati, Ohio—William A. McClain, a leading candidate for the post of municipal judge and former president of the Cincinnati branch NAACP, has been appointed city solicitor, the first of his race in Cincinnati to head a city department.

St. Louis, Mo.—Negro students will be admitted to the David Ranken Junior school of Mechanical Trades here next month for the first time in the school's founding.

Chicago, Ill.—Rev. Luther B. Hylton, a bishop in the Church of God in Christ, and who admits earning from \$35,000 to \$50,000 per year performing marriages in a skyscraper temple on the 22nd floor of a "Loop" office building was arrested here last week and accused of a \$1,000 bribery charge on a public official.

St. Louis—The estate of Jordan W. Chambers, Negro democratic leader, was valued at \$63,004 in an inventory filed in probate court last week.

Intl. Harvester Donates to Colleges

The International Harvester Foundation has given a gift of \$4,000 to the Iowa College Foundation. This is part of the \$265,000 which International Harvester is distributing to privately-owned colleges and universities in 1963. This year's money will bring to approximately \$2,000,000 the amount of financial aid the International Harvester Foundation has given for educational purposes for the past eight years.

Baltimore, Md.—Archbishop Lawrence J. Shehan, 65, spiritual leader of 430,000 Roman Catholics in Maryland, Friday officially banned and condemned all racial discrimination and prejudice in his arch-diocese, urging his flock to make integration work in their personal relationships.

In a 3,000-word pastoral letter published in the diocesan weekly newspaper, the Catholic Review, Archbishop Shehan banned discrimination based on racial or social origin in all Catholic schools, churches, social organizations and charitable institutions.

Similar Edict

A similar edict by Archbishop Joseph Rummel of New Orleans, in September, 1961, desegregated Catholic

schools of his archdiocese. Catholic schools in the Baltimore archdiocese already are integrated.

Too Slow

"We Catholics must acknowledge," he wrote, "that we have been all too slow in the correction of our shortcomings, although in the light of the experience of many of our forefathers, we should have been particularly sensitive to the unjust inequalities suffered by other groups."

The Baltimore archdiocese embraces Baltimore city and nine of the state's 23 counties in the central and western portions of the state. Southern Maryland Catholics are in the Washington, D. C., archdiocese and those on the eastern shore in the Wilmington, Del., archdiocese.

2 East Side Housing Areas Organize 'Do-It-Yourself' Projects to Improve Homes

Families in two separate areas on the east side of Des Moines have decided on a "do-it-yourself" projects to improve their homes and upgrade their general neighborhoods.

Seventy residents in an 8-square block area organized last Wednesday night (Feb. 27) in a project called "Operation NIP" (for Neighborhood Improvement Project); they elected Thomas Tracy of 1428 E. 16th street as chairman and Franklin Lintz, 1410 E. 16th street, as co-chairman.

Project

The project is to clean-up, fix-up and paint-up campaign to demonstrate what an average community can do on its own to prevent deterioration of homes and property values. The neighborhood is bounded by E. Fourteenth street, Washington avenue, E. Sixteenth street and Garfield avenue. The homeowners met at Hatt Junior High School with members of the Mayor's Housing Action Committee to discuss the project.

On Monday night, Mar. 4 about 50 persons in the Logan school area

met to find out what sort of renewal program would be best to upgrade their housing standards.

P.T.A. Unit

Mrs. William C. Robinson of 1223 Dixon st., is chairman of the Logan school P.T.A. Housing Committee, which called the "informational" meeting.

The Logan School area is bounded by Maple street, E. Sixteenth street, Guthrie avenue and Wayne street.

Mrs. Robinson said the purpose of the meeting was to find out "what we can do to save the area." She added, "we might as well face it; culty in getting home improvement loans."

Frank Price, urban renewal director, said there was a financing problem, but evidence of civic determination to improve the total area would attract private loan money.

Lawrence MacGregor Will Again Head Nation-wide College Fund Campaign

New York — Lawrence J. MacGregor, of Chatham, N. J., will head the United Negro College Fund's 20th annual nation-wide appeal officially opening Mar. 25. Retired board chairman of the Summit Trust Co., Summit, N. J., MacGregor has accepted the national campaign chairmanship for the second successive year.

Appeals

The College Fund began its annual appeals to the American public on behalf of its independent, southern colleges and universities in 1944. Since then it has raised \$45,744,753 for these private, accredited institutions of higher learning; \$28,244,753 toward their annual expenses; \$17,500,000 for new buildings.

1963 Goal

The 1963 goal is \$3 million. This amount will provide 10 percent of the educational budgets of the 32 colleges and universities on the UNCF roster.

More than 4,000 volunteers work-

ed in 150 campaign centers across the country to raise a record \$2,300,003 for the 1962 appeal. "With a plan to enlist an increased number of volunteer campaigners this year, the College Fund expects to achieve its goal in 1963," Mr. MacGregor said.

NAACP OPENS MORE JOBS IN COLUMBUS

Columbus, Ohio—The Green and Yellow cab companies this week advised the NAACP that they will hire Negro drivers in the immediate future. This action followed a continued Association drive to expand employment opportunities of Negro citizens. The Hills Cab company began hiring Negroes several months ago with considerable success.

Rev. L. L. Dickerson, spokesman of the NAACP employment committee, said, "we hope that there will be a number of men who will apply." Meanwhile, Max Glassman, head of the two firms, said Negro applicants will be expected to meet the same requirements as others.

HEALTH FOR ALL

Still A Threat

Deaths from smallpox, typhoid, diphtheria, tetanus—surely these don't happen today. Yet you still hear tragic reports of illness and death from these diseases. Tuberculosis, too which some people wrongly consider under control and no longer a threat, continues to wait silently for the opportune time to strike its next victim. Each year, tuberculosis takes more than 10,000 lives and claims 55,000 new victims.

Number

Today, in the United States alone, there are between 30 and 40 million people with TB germs in their bodies. Over two million of them have actually been ill with the disease. Two million more of them will break down with the disease sometime during their lives.

Contagious

Tuberculosis is caused by a germ that can be easily spread from one person to another. A person with active tuberculosis sneezes or coughs and sends the germs into the air.

MATRON FROM SIERRA LEONE, AFRICA WINS NATIONAL BEAUTY CULTURISTS SCHOLARSHIP

Washington, D. C.—Mrs. Agnes Pratt of Sierra Leone, Africa winner of the National Scholarship of the National Beauty Culturists League of which Dr. Katie Whickman is President, has just completed her work in Advanced Beauty Culture at the Calvinade Beauty Academy here in Washington. While in training Mrs. Pratt resided at the National Home of NBCL at 25 Logan Circle. Said Mrs. Pratt, "After having studied Beauty Culture in two other countries I finally found what I was looking for when I took up my studies here in the United States. And I thank the National Beauty Culturists League for affording me the opportunity to complete my

The germs go everywhere, can infect anyone, at any age. More city people get tuberculosis than country dwellers. Overcrowding, poor housing, improper diet—there are the living conditions under which TB flourishes. But the well-fed and well-housed get TB too. So do suburbanites and country folk. As long as there are people walking around with active TB and not being treated, nobody is safe.

Effective Drug

Today we have an effective drug treatment for TB. The disease could be wiped out if every active case could be found and treated.

The tuberculin test signals the presence of TB germs. But infection doesn't mean active disease. That can be found only through chest X-rays and laboratory tests. Since anyone can have active TB and not know it, it's smart to get a tuberculin test every year, and if the test is positive, a chest X-ray.

Mrs. Pratt returned to her native country following her graduation from the Calvinade Beauty Academy a few weeks ago.

Insurance Executives To Meet In Miami

Chicago—A hundred of the most important Negro business executives in the country will assemble in Miami, March 19-21, in the annual Mid-Year Conference of the National Insurance Association.

The delegates will represent the agency or sales division and the key home office executives of 49 member companies of NIA. Site of the meetings will be the Hampton House Motel and Villas.

Gulf Oil Awards To 34 Negro Colleges, Universities

Pittsburgh, Pa.—The Gulf Oil Corporation will give more than \$17,000 to 34 independent Negro colleges and universities located in 13 states as part of the Company's comprehensive Aid to Education program. The \$17,271 total is more than double the amount given the previous year.

Gulf Marketing Department representatives simultaneously presented the grants to presidents of the 34 institutions Wednesday.

Direct Grants

The direct grants, awarded to the 34 institutions, are given by Gulf in an effort to improve the economic

well-being of privately operated colleges and universities and to assist them in the preservation of the independence and operation.

\$3,000 To Bishop College

Bishop College of South Dallas, Texas, will receive a \$3,000 capital grant to assist in the purchase of plant and equipment for its new campus.

Last month, Morehouse and Spelman colleges, two of the five schools in the Atlanta University complex, shared a similar \$3,000 capital grant as well as equal parts of a direct grant awarded to the five institutions forming the complex.

NAACP Will Take Ala. Case to Supreme Court For Third Time

New York — Robert L. Carter, NAACP general counsel, this week announced that the Association will shortly ask the U.S. Supreme Court to review, for the third time, Alabama's injunction stopping the organization's activities there.

The decision to return to the U.S. Supreme Court followed a judgment handed down, Feb. 27, by the Alabama Supreme Court upholding the permanent injunction imposed on the NAACP in December, 1961, by Montgomery Circuit Court Judge Walter B. Jones.

IMHOTEP PRESSING FOR ANTI-BIAS LEGISLATION

Charlotte, N. C.—The IMHOTEP National Conference on Hospital Integration this week called on physicians across the country to press for the amendment of the Hospital Survey and Construction Act. Amendment of this legislation, which comes up for extension this session, would prevent racial discrimination in any manner whatsoever. It is commonly known as the Hill-Burton Act.

The organization's annual convention will be held this year in Atlanta, Ga., May 17-18.

CORE Team Served At Long-Biased Restaurant

Silver Spring Md.—A test team including Julius Hobson, president of Washington CORE and Henry Thomas, former field secretary of national CORE, were served without incident at Crivella's Wayside Restaurant, the first eating establishment to be prosecuted under Montgomery county's accommodations law. The Negroes were served, even though the restaurant had won dismissal of the case against it on the grounds that the establishment does more business in liquor than in food.

This is for those late callers of news—long past the deadline. Last week we were quite deluged with late calls. Will you kindly return to your former excellent record of calling within the deadline. It is greatly appreciated by us as we want to print all the news we can get, but on time. Thank you.

NAACP IN ADDITIONAL GEORGIA VOTE DRIVE

Augusta, Ga.—The NAACP launched a crash registration drive in Augusta and throughout Richmond county here this week in an attempt to place 20,000 persons on the rolls by April 1st. The drive is under direction of W. C. Patton, NAACP voter registration specialist. Leaders of the coordinating committee are Father P. W. Morris and H. C. Brooks and Rev. L. Postell, The Rev.

SOUTHERN WHITE SCHOOLS SEEK TOP NEGRO GRIDDER

Lancaster, Pa.—The most sought after athlete in the nation last week was a Negro high school football player named Bennie Blocker, who disclosed that he had received offers from a total of 67 schools throughout the United States, including three predominately white Southern colleges.

Wake Forest, the University of Maryland and the University of Miami were the three Southern colleges definitely known to be seeking Blocker, a 6-foot, 215-pound halfback, but Texas Christian university was also trying to sign him.

Anti-Bias Group

A Committee on Human Rights was named at The State University of Iowa in Iowa City in 1963 to provide a mechanism for citizens to participate in eliminating discrimination based on race, creed, color, or national origin.

C. S. Hamilton is president of the branch which is cooperating with two local voters leagues in the current drive.

Reports

The action of the four Southern schools spotlights a reported drive by Deep South and Southwest white colleges to recruit Negro athletes. With integration coming in Clemson in South Carolina, the only state that before the admittance of Harvey Gantt had no form of public school desegregation, administrators and athletic directors are said to feel that the use of Negro athletes in the Deep South is inevitable.

Wake Forest last week appeared to have had the inside track on Blocker, who was scheduled to confer with WF coach Billy Hildebrand concerning the signing of a grant-in-aid to play for the Deacons.

News Deadline

Do you have news of club, group, or any organizational meetings? Church activities? Social news or fraternal activities? Have you entertained visitors recently or made a trip out of town for pleasure, business or due to illness of a relative? Or perhaps, you have news of a wedding, or some special event or honor.

Whatever the news, the Bystander urges you to phone or send in that news to the news desk as promptly as you can. Remember, all news must be into the paper by Tuesday noon of each week. Advertising deadline is Wednesday noon. If you have pictures you would like published phone us or bring them in and we will gladly give you details.

Strawberry Parfait Cake

It looks like a shortcake—It's really a cake, with a strawberry meringue for the filling and topping, and a final garnish of bright berries.

Strawberry parfait cake is a variation on the shortcake theme, and an elegant springtime dessert. Instead of biscuit or sponge base, there's fluffy cake, and strawberries are folded into a frothy meringue for a topping that is beautifully pink and luscious tasting.

The parfait "frosting" makes the most of strawberry flavor, so that a little more than a cup of berries will make a strawberry cake serving eight to ten people generously.

No need to hunt for a four-leaf clover to expect good luck with this cake. Follow accurately this basic, tested recipe for a two-egg cake, using best ingredients, correct utensils, and temperature given. Bake the cake in two greased eight-inch layer pans, dividing batter evenly between the pans. For layer cakes, it is often well worth the time to cut a sheet of plain paper to fit the bottom of pans so that the cake will come out perfectly.

This cake requires only standard ingredients almost always on hand. Use enriched flour to make it for family service because of its extra B-vitamins and iron. The cake is one you'll want to serve throughout the year, with a variety of fillings and toppings.

STRAWBERRY PARFAIT CAKE

Batter

2 cups sifted enriched flour
2 teaspoons baking powder
1 teaspoon salt
½ cup shortening

Sift together flour, baking powder, and salt. Cream together shortening and sugar until light and fluffy. Add eggs, beating well until creamy. Add vanilla extract. Add about one-third flour mixture. Mix. Add one-half of milk, mixing well. Add one-third flour mixture. Mix. Add remaining one-

Quick-Easy Lenten Treat

THIS DELICIOUS LENTEN DISH will become a favorite with both family and you. The family will like it for its fine flavor, you'll love its ease of preparation. That's because it's made with packaged pre-cooked rice. It's truly a hearty meal-in-one-dish, yet a cinch to make and a treat to eat.

TUNA AND GREEN BEANS WITH LEMON RICE
1½ cups (5-ounce package) packaged pre-cooked rice
1½ teaspoons grated lemon rind
½ teaspoon salt
1½ cups boiling water
1½ tablespoons butter
1 can condensed cream of mushroom soup
½ cup milk
1 can (7 ounces) tuna fish, drained and flaked
¾ to 1 cup cooked green beans*
Dash of pepper

Add packaged pre-cooked rice, lemon rind, and salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 13 minutes. Add butter, mixing lightly with a fork.

Meanwhile, combine soup and milk in saucepan. Heat, stirring occasionally. Add tuna fish, green beans, and pepper. Mix and heat thoroughly. Makes 4 or 5 servings.

Serve Over the Rice. Arrange lemon rice in serving dish and top with the tuna and green beans.

*Use leftover or canned green beans. Or cook ½ package quick-frozen French style green beans or quick-frozen cut green beans. (ANS)

Pigeonholes for Hats

A HANDY pigeonhole file for men's and boys' hats and caps, women's small hats, gloves and purses can be placed on the closet shelf. This collection of separate compartments is simply constructed like the dividers in an egg-crate.

Use sheets of long-wearing Masonite one-eighth inch Presdwood that's smooth on both sides. It may be obtained at any lumber yard. Cut slots with a power saw

the thickness of the boards so they will fit together at right angles. A good width for each compartment is 13 inches. The height may be varied, depending on the closet. This pigeonhole storage rack should be made to fit the available space quite snugly, so that it will be steady. Slots for the "legs" may be cut into the wood shelf as an additional brace.

Oyster-Rice Turkey Stuffing Is Elegant

This Oyster-Rice Stuffing is a "must" for that turkey (or chicken) you're planning to roast. It's easy to make because there's very little chopping to do and no bread crumbs to bother with.

INGREDIENTS:

- 1 cup uncooked white rice
- 2 cups water
- 2 teaspoons salt
- 3 tablespoons butter or margarine
- ½ cup chopped onion
- 1 cup chopped celery
- ¼ teaspoon black pepper
- ½ pint oysters
- ¼ cup water or turkey broth

METHOD: Put the rice, water and salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover the saucepan with lid and leave over this low heat 14 minutes. Remove from the heat but leave the lid on 10 minutes.

While the rice is cooking, melt the butter or margarine in a saucepan. Add the onion and celery. Cover and cook over a medium heat until tender, stirring occasionally. Stir in the black pepper. Add the onion and celery to the rice mixture. Add the oysters and water or broth and mix gently.

This stuffing may be prepared ahead of time so long as the liquid is not mixed with the dry ingredients until the turkey is to be stuffed and cooked. The turkey should be stuffed just before it is placed in the oven. It should not be stuffed and refrigerated. Extra stuffing may be baked in a separate pan or made into dressing balls. Allow ¾

cup of stuffing for each pound of poultry, dressed weight, or 1 cup for each pound ready-to-cook weight. This recipe makes 4½ cups of stuffing.

How to Bake the Turkey: Remove pin feathers from turkey and singe if necessary. Remove any bits of lung, kidney, etc., remaining in turkey. Wash and rinse inside and outside with cold water. Wipe dry. Rub cavity lightly with salt. Put enough stuffing into the neck of the turkey to fill it out nicely. Fasten the neck skin back with a skewer. Stuff cavity well—but do not pack stuffing tightly as it expands during roasting. Shape wings ("akimbo" style) bringing wing tips on to the back. Place skewers across stuffing opening of turkey and lace shut with cord. Tie legs to tail. Grease skin thoroughly with fat. Place the turkey, breast down, on a rack in a shallow pan. If the bird is very large and difficult to turn, place breast up and leave in this position throughout the roasting. Lay fat-moistened cheese cloth over the turkey. Place in pre-heated 325°F. oven. Do not cover with a lid. Do not add any water. As cloth dries out, moisten with fat from the bottom of the pan. Roast until done, following the timetable below. Garnish turkey with frosted grapes made by dipping grapes first in beaten egg white, then in granulated sugar.

As we promised you, we will not tax your patience any further and will leave you this week with the following poem which we hope will be of some inspiration to you.

LATE VAGRANT

Oh, Lord, you were so tangible today. I felt the healing impress of your hands,

Your sandaled footsteps were not years away

But here beside me pacing the brown sands.

Tomorrow, Peter-like, I may forget These moments of your comradeship and grace,

And, in my urgent waywardness, might let

Some dark and impious escort take your place.

Yet always I'll remember that you keep

Your door of understanding ajar,

(While all your soul-safe household lies asleep),

For one late vagrant groping for a star.

Since we have gotten so utterly longwinded in a smaller paper the past several weeks, we are going to give you a breather, be capricious and give you just the opposite, a short column in a larger paper. Anyway, we are rather short of breath ourselves after trudging around in our surprise blanket cover of white snow.

Hardly had we published the names and a few pictures of the mid-year graduates (supposedly the last of the mid-year high school commencements) than we received lists of the prospective June graduates. So far Des Moines Tech is leading with 30 students scheduled to walk down the traditional aisle for their traditional parchments.

Negro women club members of Des Moines under a close knit committee headed by Mrs. Norman R. Olphin, did themselves proud last Wednesday with an informal tea for the Legislative Ladies League. It was one of the best turnouts for a mid-week activity and was one of the

largest ventures undertaking here recently by women. There was a good representation from most of the Negro clubs, churches and other organizations.

And the affair was very beautifully arranged, especially the tea table. Adding to the colorfulness of the affair of course was the array of spring and winter hats and costumes of the ladies attending.

In addition, many ladies, especially from out-of-town, who had heard of Willkie House, but had never seen it, had an opportunity, and took advantage of it, to tour the building. There were many sincere comments about the Center, which has long been the pride of staff members, neighborhood residents, members and the community in general.

Several weeks ago the 8 to 10 year group of the Des Moines chapter of Jack and Jill of America held a skating party at the Terrace Roller rink, supervised by Mmes. Willard Cushingberry and Herman Wallace. Afterwards the youngsters were taken to the home of Mrs. Wallace, 2722 Amick avenue, for refreshments.

IOWA ATHLETE WINS
SCHOLARSHIP HONORS

In addition to unusual exploits in athletics, it is especially commendable when these youngsters come up with extraordinary scholastic achievements. An example of this is Andy Hankins, a member of the Iowa University basketball squad.

Hankins was one of the top students among athletes at Iowa during his sophomore year (1961-1962) and this year (1962-1963) he has earned a Niles Kinnick scholarship for 1963-4. Heretofore they have been given freshmen, but the policy has been changed and Hankins receives it during his junior year.

A pre-medical student from Waukegan, Illinois, Hankins has followed such outstanding Negro basketball players as Deacon Davis, Carl Cain and Nolden Gentry, all of whom did a fine job for their teams and have put their training to good use in their chosen fields.

Hankins is to be congratulated for doing a good job getting an education and developing into a fine athlete. He points the way for other youngsters to follow in that he has not allowed his high position as an athlete to curtail his main objective in school—get an education.

COMMUNITY GROUPS
CAN IMPROVE HOMES

There is encouragement where people work together to improve their lot. This is particularly true when neighbors join together to work for better neighborhoods; better communities.

An example of this is the organization of a neighborhood group in the Cleveland Park area for the purpose of improving their neighborhood and thus creating better relations among them. The president happens to be a white man, the vice president a Negro.

Most of these people own their homes. They are not running away in fear of each other. Many have worked together, their children go to the same schools and thus have come to know that they can live side by side in harmony. Here, they are organizing to make the best use of all the facilities the city offers and to make sure that each family has an opportunity to enjoy them.

In addition, they propose to clean up their neighborhoods, a job which may well be done with little outlay in cash and yet adds to general appearance of each property. The committee appointed to help solve the low cost housing situation is helping to make the project a success—one thing which the Bystander feels it has done which is commendable.

This movement should spread to other areas. It would add to the beauty of the city and enable neighbors to know each other and eventually appreciate them.

RACIAL DISCRIMINATION
BY LABOR UNIONS

The civil rights committee of the AFL-CIO has submitted a report to the organization summing up its efforts to eliminate job discrimination based on race or color. The report said that it had been unable to effectuate the non-discrimination policy in the skilled trades—particularly building—and with the exception to the general appearance of each of the carpenters' union practically no progress had been made. The committee further said it had been unable to change the policy of two all Negro labor unions which did not admit white workers.

Neither of these practices can be defended and the former bears out what A. Philip Randolph, vice president of the AFL-CIO said, who consistently accused the local unions of discriminating against Negroes. True, the heads of the national organizations have rendered lip service to a non-discrimination policy but that policy has not reached the local level where it really counts.

The Bystander said at the time labor came to the top under the Roosevelt administration that then was the time the rights of Negro workers should be assured. And in spite of executive orders against it, the unions with the connivance of many employees, have gradually squeezed Negroes out of skilled jobs and now that automation has dis-

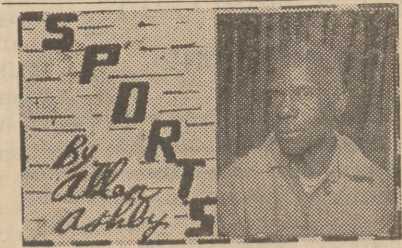

placed many workers, the same thing is happening in unskilled jobs.

This may well be observed here in Des Moines as common labor jobs, heretofore dominated by Negroes, have become less and less for them. The apprenticeship training programs are so manipulated that practically no Negroes are receiving the benefit of them.

Following an interview of several members of the Iowa Legislature, it was rather discouraging to read the comments of many some of whom declared no discrimination existed while others attempted to hide behind their great concern for the rights of the employer.

Very much like school integration, it has taken a decision by the Supreme Court and stern law enforcement in many places to bring it about. Equally, it is going to require more than education and conciliation alone to secure for the Negro equal opportunity in employment.

Negroes have made pretty good union men. They have supported the political leadership of labor almost blindly only to come up with a lopsided proportion of them on the relief rolls. It is not enough to deal out a few top ranking jobs for a small group of Negroes. What is needed is a fair chance for the middle class and the laboring class to earn an honest living. To do otherwise not only has placed an unfortunate number of Negroes on the relief rolls but it has also added materially to the crime rate among them.

How does one determine the best basketball or football team among the colleges? These polls are a mystery to yours truly. The No. 1 team may have held its place for a number of weeks. Then No. 1 loses to No. 3 in a tough game. What happens? The chances are that No. 1 will drop down to about fourth and No. 2 will maybe take over the top spot, and No. 3 might move up to second.

Conclusions

How do the poll makers arrive at their conclusions? What do they base their findings on? We would have to say that basketball probably takes in more schedule differences than football does. We never could see how a team that didn't play any of the big schools around the country could rate as No. 1 football team. They may have had to but the schedule certainly didn't prove it. We never study athletic polls without thinking of the two greatest jokes ever pulled on experts.

Minnesota

A fellow in Minnesota wrote to all of his friends about a virtually unknown school in that state. Week after week he kept telling the boys to watch his team and surely enough this little school got a national rating and an invitation to a couple of tournaments. The school was probably as surprised as anyone.

Mythical Athlete

The other was a longtime account of the weekly doings of a mythical athlete who played football for a team that nobody ever heard of against teams of the same class. Well, when the All-American squads were picked this mythical guy made the list and nearly became an All-American. We think his creators had to deport him in order to keep the fellow from accepting offers to appear on television shows and such. There just wasn't any such fellow.

So now you know what we think of polls and All Star athletic teams. But we still say that basketball does a better job of rating its top team than football does.

High School Tournaments

We may see one or two Negroes in our state meet. East Waterloo had four starting Negroes one year and might have won the thing if one fellow hadn't got hurt. Wonder what happened to those four fellows?

Then there were a lot of familiar names coming up in the wrestling meets, Negroes had a lot to say in the state meet and did all right. There was a fellow named Hoosman from Waterloo. If he is one of the Hoosman we know, he must be the smallest one on record. All the other guys were real heavyweights and this one is a lightweight. Maybe he'll

Miss. State Ignores
Racial Ban; Votes to
Play in Cage Tourney

State College, Miss.—In an unprecedented action here Saturday night Mississippi State decided to toss aside the state's "unwritten law" banning athletic competition with Negroes and enter the National Collegiate basketball tournament.

Dr. D. W. Colbard, president of the university, announced that he had decided "that unless hindered by competent authority, I shall send our basketball team to the N.C.A.A. competition."

Mississippi State had previously rejected bids to the tourney because of the state's racial policy. The chance to go to the N.C.A.A. fulfilled a long-standing ambition of Coach Babe McCarthy, who has become the South Eastern conference's most successful basketball coach in recent years.

Family Finances

Rugs and carpets probably take more of a beating than any of your other home furnishings. However, there are several things you can do to make your carpets stay beautiful and last years longer—and save yourself the money it would cost to replace them.

Use an inexpensive carpet sweeper every day to pick up lint, crumbs and dirt from the surface of your carpet. A few minutes a day will keep dirt from being ground deeply into the carpet. Use a vacuum cleaner once a week. A good vacuum cleaner removes deep-down dirt, as well as surface material. When the carpet begins to look dull, use a rug shampoo to get rid of dirt that your vacuum cleaner can't get to. Modern rug shampoos require little work and are well worth the effort to keep your rugs and carpets beautiful. Once a year is the minimum for shampooing every carpet in the house.

First Instructional
Clinic for Soap Derby

The first of six instructional clinics for Soap Box Derby boys will be held Saturday morning in the boys' department of the Des Moines Y.M.C.A. The clinic will run from 9:30 a.m. until noon.

Purpose of the clinic is to give entrants help in constructing their racers. To date, 56 boys have signed up for the race which is to be run the afternoon of July 14 on East Locust Street. Registration for the Derby is continuing at the three Des Moines Chevrolet dealers.

All Polk County boys, 11 through 15 as of Aug. 1, are eligible to compete in this, the fifth annual Des Moines Derby. The Des Moines winner receives a \$500 U. S. Savings Bond, plus a trip to Akron, Ohio, where he will compete in the 26th annual All American Soap Box Derby.

Co-sponsors of the Des Moines race are the Des Moines Junior Chamber of Commerce and the Des Moines Chevrolet Dealers.

The Board also declared a regular quarterly dividend of \$1.10 per share on the 50,000 issued and outstanding shares of 4.40% Cumulative Preferred Stock of the Company, payable April 1, 1963, to the holders of record as of the close of business March 15, 1963.

HANKINS WINS
KINNICK PRIZE

Iowa City, Ia.—Iowa basketball player Andy Hankins Saturday was named recipient of the Nile C. Kinnick memorial scholarship for 1963-64.

Hankins, 21, a junior from Waukegan, Ill., is an honor student with a grade point average of 3.26 (4 is perfect) in pre-medical subjects.

He is the first to receive a Kinnick scholarship under a new plan to make the award to an outstanding junior rather than to one or more entering freshmen.

Lauds Bystander's
Comments on Powell

DEAR MR. MORRIS:

Not that I feel that my opinion is important but I want you to know that I was very pleased that your (editorial) comments were tucked in with the article announcing that the Negro press of Washington, D. C. backs Congressman Adam Clayton Powell, (Dem., N.Y.). The article and comments referred to appeared in Mar. 3 Sunday Register on the editorial pages.)

I wish I could say that you will receive loud applause but I'm not so optimistic. Whether we admit it or not far too many of us suffer from the hangover: "The white folks do it," and a false sense of loyalty: "My people, right or wrong, my people."

It is not so pleasant at first to stand up and be counted on the unpopular side. But to let one's sense of honor and right dominate his actions is a sure sign of maturity. It would be a great advantage to us when we demonstrate more maturity and less herd instinct.

Editor's Comment: The Bystander welcomes letters to the editor, either with adverse or laudatory comment. All must be properly signed with full name and address. We reserve the right to publish in part or in full.

DEAR MR. MORRIS:

Just a word to commend you on the Editorial you wrote in the Bystander on Adam Clayton Powell, which I read in yesterday's Sunday Register. I think you have handled the situation well and it is too bad that Mr. Powell did not utilize his many good qualities and abilities to make a better name and reputation for the colored people.

Perhaps the attack on him may straighten him out and he still may be able to make a contribution which I am sure he is capable of doing.

TEN COMMANDMENTS
OF GOOD WILL

I. I will respect all men and women regardless of race and religion.

II. I will protect and defend my neighbor and my neighbor's children against the ravages of racial or religious bigotry.

III. I will exemplify in my own life the spirit of good-will and understanding.

IV. I will challenge the philosophy of racial superiority by whomsoever it may be proclaimed, whether they be kings, dictators or demagogues.

V. I will not be misled by the lying propaganda of those who seek to set race against race or nation against nation.

VI. I will refuse to support any organization that has for its purpose the spreading of anti-Semitism, anti-

Catholicism, or anti-Protestantism. VII. I will establish comradeship with those who seek to exalt the spirit of love and reconciliation throughout the world. VIII. I will attribute to those who differ from me the same degree of sincerity that I claim for myself. IX. I will uphold the civil rights and religious liberties of all citizens and groups whether I agree with them or not. X. I will do more than live and let live—I will live and help live.

—Dr. Walter W. VanKirk.

Laugh A Little

Three elderly ladies were stranded in a tough neighborhood at tea time, so they reluctantly stopped in at a local greasy spoon and ordered from the grizzled waiter.

"Till have a cup of strong tea," said one, "and no lemon."

"Some weak tea, and lemon," said the second.

"Tea for me, too," said the third, "but make sure the cup is clean."

The waiter returned in a few minutes with their orders.

"Okay," he grumbled, "who gets the clean cup?"
