Strengthens Policy for VA Housing Brokers

Must Put 'Non-Bias' Intentions in Writing

Chicago, Ill. — The Veterans Administration will now require in writing that all "approved property management and sales brokers to certify specifically that they will not refuse to sell or rent VA properties to any person because of race, color, creed or national origin."

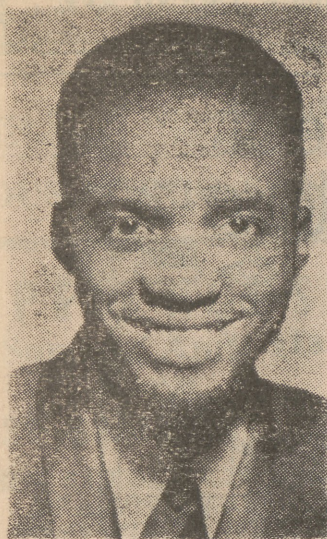

This new VA step to strengthen its policy of non-discrimination was announced by John S. Gleason, Jr., Administrator of Veterans Affairs at a press conference here Mar. 25.

Gleason said the new policy has been ordered on a nationwide basis.

The Des Moines Junior Chamber of Commerce will sponsor the second in a series of Jazz Concerts on Friday and Saturday, Apr. 19 and 20. The concert will be held at the KRNT Theater and feature Ahmad Jamal Trio from 8:30-10:30 p.m.

Tickets will be on sale at the KRNT Theater (by mail or in person)

son) and at the New Utica ticket office. Range will be \$1.50 to \$4.00; all tickets are reserved seats.

The Des Moines JC's are sponsoring this to raise funds for their many civic activities in Des Moines through the year.

Background

Born in Pittsburgh on July 2, 1930, Ahmad began playing piano at the age of 3. He studied with Mary Caldwell Dawson, a noted concert singer and teacher, and later with one of the country's foremost pianist-teachers, James Miller. The evolution was swift and progressive.

Critics Acclaim

From Westinghouse High School, where he gave many concerts and determined to make music his career, Ahmad stepped immediately into the George Hudson Orchestra.

Own Trio

Within a year, the group was attracting nationwide attention and a string of important club dates chiefly in Chicago, New York and other eastern cities.

Married, the father of a daughter, Ahmad is a standout example of how a calm and rational approach to both life and career can result in lasting success and happiness.

Post Office Implements New Management-Labor Relations

The Des Moines Post Office has taken official action to implement the Post Office Department's new program for negotiation and consultation on grievances, working conditions, personnel practices and other related matters, Postmaster John P. McNerney reported today.

The move—developed by the Postal Service under President Kennedy's historic Executive Order 10988 of Jan. 17, 1962—officially recognizes federal employee organizations for the first time. Recognition is based on results of the largest nationwide labor management election, held June 15-July 1, 1962, in which 451,000 postal employees participated. Official results were issued to each post office by the Post Office Department in Washington.

breaking battles in the history of civil rights—is more than silly.

Ancient Enemy

"It is vicious. It takes up our ancient enemy, the one we have been fighting all our lives, the one our fathers fought and the one our children face each day: skin-color prejudice. We, the victims of skin-color prejudice and hatred and violence, are being asked today, in 1963, to use skin-color prejudice against white people!"

Savage Dogs Turned on Crowds in Birmingham; Over 100 Persons Jailed

Birmingham, Ala.—Weeklong demonstrations which erupted in a brief flurry of violence here Sunday, have not slackened their pace as hundreds of sit-in and pray-in demonstrations under the leadership of civil rights leaders have gone to jail in an effort to desegregate public facilities in this southern city.

Snarling Dogs

On Sunday, snarling police dogs were turned on the crowd and violence broke out when a Negro demonstrator allegedly pulled a knife on one of the attacking dogs. The melee was quickly quelled as over two dozen police moved in on the scene, under the verbal urging of die-hard segregationist, Police Commissioner Elgene Connor.

100 Jailed

As the demonstrations which were at their height in Mississippi last week, began in Birmingham, Connor had vowed that he would fill the jails with demonstrators. To date over 100 have been jailed. However, as in Mississippi, noted leaders and entertainers, Dick Gregory who came to Mississippi and Al Hibbler, along with Rev. Martin Luther King, and his younger brother, have been released as soon as their identity were known shortly after their arrest.

Boycott

Civil rights leaders who are aiding local Negroes in their desegregation battle, have vowed to continue the demonstrations and economic boycott of stores. Most of the men here have joined a "Overalls for Easter," in an effort to achieve their goal.

Pray-ins

Most of the demonstrations, which have taken marchers through the heart of the city to City Hall, have ended in pray-in and singings, and then arrests and off to jail.

Negro leaders have also appealed to the federal government for aid in voting registrations attempts, even if a federal officer has "to be placed on every corner."

Services Held for Mrs. Susie L. Evans, 82, Former Teacher, Bystander Staff Member

Memorial services for Mrs. Susie L. Evans, 82, former teacher, civic leader and traveler, were held at 2 p.m. Wednesday, Apr. 10 at Corinthian Baptist church. Interment was in Glendale cemetery.

Rights Group Begins Survey Of Bias in Public Works

A survey to determine the number of persons of minority group status are employed by the city public-works contractors and their level of occupation will be conducted by the Des Moines Commission on Human Rights under the direction of its executive secretary, Ernest Russell.

Enforcement

The announcement was made by Dr. Robert M. Johnson, chairman of the commission at its April meeting, last week.

Dr. Johnson noted that the survey is a "matter of code enforcement," a section which has not been utilized previously.

The city's ordinance on human rights and job discrimination states that contracts between the city and public-works contractors will include a provision obligating the contractor not to commit any "unlawful employment practices."

Ordinance

Unlawful practices as defined in the ordinance include:

Refusal of an employer to hire an individual because of race, religion, color, national origin or ancestry. Exclusion from full membership and discrimination against minority groups by labor organizations.

The ordinance also requires public-works contractors to include similar non-discrimination provisions in sub-contracts.

Authorized

The Human Rights Commission is authorized to investigate complaints of unlawful employment practices. If the investigation shows the complaint is justified, the commission first tries to eliminate the problem by means of conciliation and persuasion.

Rep. Powell Loses Libel Suit; Must Pay \$211,600

New York, N. Y.—Adam Clayton Powell, the beleaguered Congressman from New York, last week suffered another setback in his life, when he lost a libel suit brought against him by Mrs. Esther (Mommy) James, a widow and a domestic. Mrs. James, who had sued Powell for \$1 million was awarded \$211,600 by an all white jury on Thursday, Apr. 4.

Powell was not available for comment but his office in Washington, D. C. says he plans to appeal. Powell had failed to appear during the four-day trial although he had been scheduled to testify.

"Bag Women"

Powell, who currently is feuding with the National Association for the Advancement of Colored People, has represented Harlem in Congress since 1944. Mrs. James sued Powell after he called her a "bag woman" graft collector during a television interview on Mar. 6, 1960. The jury

awarded her \$11,500 for loss of income and damage to her reputation, and assessed Powell an additional \$200,000 in punitive damages for disregarding her rights.

TV Remarks

The defense contended that Powell's television remarks were substantially true and moreover, that they were "an extension of statements he made on the floor of Congress and therefore privileged or exempt."

Harlem Minister

Powell, who is currently advocating the elimination of white persons from high offices in the NAACP, Monday retracted his resignation from Harlem's biggest church, Abyssinian Baptist, and said he would continue to fill the position without pay. He claimed that "a smear campaign is being conducted against him" for his reason to remain as the church's pastor.

New Trial Sought For Preston Cobb

Atlanta — Attorneys for Preston Cobb, Jr., sentenced to death in the slaying of a 70-year-old white farmer, will seek a new trial for the 16-year-old youth at a hearing scheduled for Friday, April 12.

Following the youth's repudiation last month of a forced confession of guilt, Donald L. Hollowell, his NAACP-retained counsel, filed an extraordinary motion for a new trial. Argument on this motion will be heard by Judge George C. Carpenter in the Baldwin County Court at Milledgeville.

Charter

The Presbyterian Interracial Council will charter Tuesday, May 16, at 7:30 a.m. breakfast meeting at the Kirkwood Hotel in Des Moines, Iowa, during the time of the General Assembly, which is the denomination's highest governing body and annual meeting. Charter membership and/or breakfast reservations deadline is May 6, and may be made through the Interim Secretariat for the organization, c/o the First Presbyterian Church, 1112 East 10th Street, Kansas City 6, Mo. Annual membership is \$5.00 and breakfast is \$2.00. Invitation to over 6000 urban Pastors and laymen are going out this week to join the movement. WINNERS OF BRUNSWICK NBA TOURNAMENT

Chicago—The fifth edition of the annual Negro Bowling Association classic in Cleveland, Ohio saw two new faces step into the winner's circle to claim their crowns.

Navy Names Negroes To War College.

Newport, R. I.—The Navy for the first time has picked Negro officers to attend the Naval War College.

They are Cmdr. Samuel L. Gravely Jr., a 40-year-old native of Richmond, Va., and Lt. Cmdr. George I. Thompson, of Los Angeles.

Gravely, the highest ranking Negro in the Regular Navy, was the first of his race to graduate from a Midshipman's school. That was in December, 1944.

The Navy chooses its most promising officers to attend the War College at Newport, R. I. This normally marks them for more responsible duties.

The names of Gravely and Thompson appeared last week on a list of officers tapped for classes convening next fall. They were not listed by race, but inquiry brought out that they are the first Negro officers chosen for the college.

Gravely will attend the senior command and staff course in a class of 135 officers. Thompson will attend a warfare course numbering 100 officers.

In January, 1962, Gravely became the first Negro to command a U. S. warship, the escort vessel Falgout.

Thompson currently is attached to the Bureau of Naval Personnel.

Miss Barbara Garrison in a letter presents information about the Adelorette's Club of which she is the president.

Dear Parents, Neighbors, or Friends:

In whichever category you may be, I certainly hope this letter you will read.

I, Barbara Jean Garrison am the President of the Adelorette's Club. My club is an organization of young adults. Our purpose as a club is to help our youth.

We have only begun. But we need the help of our community heads. We gave a Talent Show which was such a success that by great demand we give another program. It will be held Friday, April 12, 1968. Time—7:00 p.m. to 11:00 p.m. It will be a program of talent and a record hop after for the youth. But, all parents and friends are welcome to remain through the show and dance.

The admission is .75c everyone over 12 years of age. Those under 12 is .35c.

We want you one and all to please help support us in our efforts. This helps us to know what our youth is doing and where they are. Also it gives the youths something to do. This helps to keep them from running the streets.

Our programs are held at the Sportsman Athletic Club. At 643 Mobile Street. We ask you kindly to take interest in our youth and to please come out and support us.

Thank you in advance for your co-operation.

Cordially yours,
(Miss) Barbara Jean Garrison

Here's Way to Mix Paint
AN EASY way to mix paint or enamel in small cans is to use an old egg beater. Simply cut down the revolving vanes so that the center rod remains a little longer. In this way, the vanes will

be kept off the bottom of the can. Wind a piece of wire around the vane stems to hold them. This device will mix the contents more thoroughly than a paddle or stick. (Illustration courtesy Popular Mechanics.)

Cookie Faces

Plump, spicy molasses cookies with raisin faces are popular dessert for children's parties, as well as a good after-school snack.

Children love to raid a cookie jar, and how delighted they'll be to discover chewy molasses cookies with raisin faces. These cookies make honey desserts, good with smooth green apple sauce or other fruit sauces.

Both molasses and enriched flour are good sources of food iron, so cookie faces are nutritious sweets.

The cookie faces in the picture are made with raisins. Currants, gum drops, and bits of citron or candied orange peel may also be used. Tuck a few of these easily made drop cookies into the lunchbox for their rich full flavor. These cookies are packable for shipping and keep remarkably well.

COOKIE FACES

2 1/2 cups sifted enriched flour
1/2 teaspoon soda
1/2 teaspoon salt
1/2 teaspoon ginger
1/2 teaspoon cinnamon

Raisins and currants for faces

Sift together flour, soda, salt and spices. Cream together shortening and sugar until light and fluffy. Combine vinegar, molasses and sour milk. Add flour mixture to creamed mixture alternately with liquid. Drop by teaspoons on greased cookie sheet. Use currants or raisins for "faces." Bake in moderate oven (350 degrees F.) 10 to 15 minutes. Makes about six dozen small cookies.

HOWARD UNIVERSITY MUSIC STUDENT WINS SCHOLARSHIP

Washington, D.C. — The friendly persuasion of Mark Fox, a Howard University music teacher and the somewhat reluctant cooperation of one of his students has resulted in a \$600 scholarship for the student to study music this summer at the Berkshire Music Center, Tanglewood, Mass. The student, Andrew N. White, III, of 1621 Haynes Meade Circle, Nashville, Tenn., had little confidence in his ability to win the full-tuition scholarship in the competition sponsored by a local radio station.

HEALTH FOR ALL

Our Common Malady

What is so common as the common cold?

Well, if you go by the dictionary definition of common, hardly anything! The word "common," it says, means: public, pertaining to the whole community, widespread, or frequent occurrence, notorious, of mediocre or inferior quality, mean, low and coarse.

High Infection

And that just about sums up the common cold!

After such long familiarity, you would imagine we'd know how to handle a cold. Not so, to judge by the high infection rate.

A cold is most catching when it is just beginning — but coughs and sneezes should be covered at any time. Handkerchiefs should be laundered properly and tissues disposed of quickly and adequately.

No Secret Formula

There is seldom a magic, secret

formula for good health (and the absence of colds). High resistance to germs is usually the result of day-to-day habits of good health. Unexciting, run-of-the-mill—but extremely important. These anti-cold axioms include such familiar rules as: get enough sleep, eat a well-balanced diet, and avoid chills and wet feet.

Doctor

Sometimes there is the question: should you call the doctor? The answer is "yes" if your cold appears to be extra bad, if you run a fever, are sick at your stomach, or if your cold hangs on.

The symptoms of other, far more dangerous diseases can masquerade as a cold; and the common cold itself can lead into complications and more serious illness. For this reason, your tuberculosis association says treat your cold with care and concern for others.

Make Magic Maple Fluff in Five Minutes

IT'S AN OLD AMERICAN CUSTOM to have three or four dessert to choose from on the Thanksgiving menu. Here is a delectable nomination for honors at the big feast—Magic Maple Fluff. It is a luscious pudding that can be whipped up in five minutes time with Eagle Brand sweetened condensed milk.

The tartness of orange and lemon juice contrasts nicely with the rich creaminess of the sweetened condensed milk. And the maple flavoring tops off the whole effect with a decided autumnal tang.

As a festive dessert, it looks mighty pretty, too, and no one will ever know it took but a few minutes to prepare—and with no cooking at all for you to do.

MAGIC MAPLE FLUFF

1½ cups (15-oz. can) Eagle Brand sweetened condensed milk
½ cup orange juice
½ cup lemon juice
½ teaspoon maple flavoring
2 egg whites stiffly beaten
½ cup pecan nut meats, chopped

Combine sweetened condensed milk, lemon juice, orange juice and maple flavoring and blend well. Beat egg whites until stiff and fold into milk mixture. Fold in nut meats. Pile into sherbet glasses lightly. Top with custard sauce made with the egg yolks. Serves 8.

Iowa State Council Of Elks Meets in Cedar Rapids Mar. 31

The council comprises representatives from Des Moines, Waterloo, Cedar Rapids, Ottumwa, Fort Dodge, Davenport, and Sioux City. The next meeting will be held in June in Waterloo.

Easter weekend, the most anticipated event since Christmas, is finally here. Residents who will flock to the various churches in their Easter finery, are hoping for another one of Iowa's wonderful weekends as we have had the past several weeks. Many will be greeted by ministers with tongue in cheek quip, "Glad to see all of you here. To those we will not see until next Easter, a Merry Christmas and Happy New Year to you!"

A lot of things happen when spring-time rolls around. Saturday afternoon under warm, sunny, cloudless skies, many took advantage of the unseasonable weather to go hunting for wild greens along Keosauqua way.

We checked up on Mrs. Stanley Proctor, 1111 11th street, who was reported ill at the March meeting of the Postal (Clerks) auxilliary.

She says she is much better now but had been rather confined and prevented from doing much of her house work by a blood clot in her leg. She will require minor surgery on it later this month.

Mrs. Proctor along with a sprinkling of Negro listeners was among a packed audience who heard Dr. W. J. Thurman, religious dean at Boston University who spoke earlier this week during Faith week services at Grace Methodist church. She praised Dr. Thurman as one of "those unforgettable speakers you hear now and then." She says she noticed him autographing a number of books following the services Sunday night.

Occasionally a hostess along with her guests, has to forego the scheduled appearance of an honored guest. Seldom do guests have to get along without their hostess. However such was the case last Wednesday night (Apr. 3) when members of Beta Gamma chapter of Alpha Kappa Alpha sorority, met at the home of Mrs. Billie Jean Morrow, 1701 Carpenter, basileus. Mrs. Morrow, a teacher of Developmental B at Moulton school, had rushed home from her classes, baked five peach pies, and returned to the school for the charter organization of the school's P.T.A. Mean-

while, the sorors had gathered at her home and in a true sisterly manner were busy themselves on one of the groups' projects, folding bandages for the Iowa Cancer society.

An incident last week served to emphasize how easily you can lose track of former friends or neighbors, even when they are located in the same city.

Mrs. Hobart (Evelyn) DePatten, who formerly lived on 14th street, called to tell us her mother had called from Boone, Ia., to tell her a Boone couple were hospitalized there and to put the news in the Bystander.

During the brief conversation we learned to our chagrin the DePatten family had moved to 1435 Maryland avenue, and have been living there since last October.

Those of you who remember Mrs. Marietta Hall, the former Marietta Jones, will want to read the story about her elsewhere in this issue.

Des Moines school youngsters will get one of their longest Easter vacations in recent years. Schools will dismiss Thursday afternoon and will not convene again until Wednesday, Apr. 17. We heartily endorse the idea, discussed during recent years, of a longer Easter vacation. Students and teachers need a vacation from each other, as it's a long time between December and June.

In addition sons and daughters will come home for a breather during Easter vacation from various colleges and universities, before returning to their respective campuses to master that final, difficult leg before graduation or promotion to a higher class.

Family Finances

Are you planning to buy a new car on credit? Before you rush into installment buying, ask yourself, "Do I really need a new car immediately?" Then consider saving until you have enough money to pay cash.

Borrowing is an expensive business these days. For example, say you had \$800 on hand and wanted to buy a \$2,400 car. You'd have to borrow \$1,600. If the interest rate were only 5%, the loan would cost you \$120 over 18 months. The car would actually cost you \$2,520, and you'd have payments of \$95.55 a month.

On the other hand, if you put your \$800 in a savings account, and added a deposit of \$95.55 each month, at the end of 18 months, you'd have the \$2,400 cash you need for the new car, plus over \$220 in accumulated interest.

If you can, put off buying that car until you can pay cash. You'll be money ahead.

LEGISLATURE QUIBBLES
OVER SMALL BILLS

It seems to be the habit of members of most legislatures to spend a large share of their time of the early part of the sessions, leaving to the end important measures. Congress does just personal measures during most considering unimportant and about that also.

The Iowa legislature has been in session since the middle of January. Like most of them, it has passed a few bills of little note leaving to a last minute rush taxation and liquor by the drink, which, prior to the session, were labeled must legislation.

There is a clamor for tax relief—especially on real estate. The rate has become so high that it discourages home ownership while retarding business progress. Each year, taxes go up and up. Citizens wonder why the levying boards cannot pair some of the budget asking so they stay within the present levies.

Few will argue about better schools and of course they cost money. There is talk of raising the sales, corporation and income tax. Nobody wants his taxes raised. It has been said that the sales tax is the most widely paid tax yet devised. This is undoubtedly true; it is easier paid and causes the business man less trouble to separate his from that of the state.

There was much talk before this session about liquor by the drink, both as a means of raising revenue and also one which would provide a more realistic enforcement of the liquor laws. It is true such a measure would raise some tax money but not what many expect.

Taxes and liquor are the two most important measures before the legislature. It looks as if there will not be sufficient time to give each the thorough airing necessary to pass creditable measures. It's the same old story; a walk in the beginning and a dash in the end.

THIS COMMUNITY PROJECT
DESERVES SUPPORT

Des Moines is to undertake a program on May 5 in which white couples will visit in the homes of Negroes and discuss problems the races face. The program is spearheaded by the Human Rights Commission and the National Conference of Christians and Jews.

One drawback, in the attempt to solve the racial problem, is the lack of personal cooperation between the races. Athletes become good friends because they are thrown together on common ground and share similar experiences.

Example of this is the manner in which some white boys, coming from schools where they never played against a Negro "in college", find themselves with them on professional football and basketball teams. Experience shows it has worked well.

Such a program as posed here hurts nobody. However, it must not be confined to people who are already working in the field. It should get among the laboring man; the white collar man; the uppercrust. There are those living on the east side, the south side who are generally left out of programs for human betterment.

And yet one can often find some good examples of Negro and white laboring men, union men who display some fine examples of human brotherhood. These should not pass without some effort to include them.

It is often said that Negroes would do well except for the opposition of the poor white man; some say except for the opposition of the rich white man. With this, we do not agree with either, for among each group may be found some fine good citizens and conversely some dam rascals.

It is hoped that the program is participated in by a goodly number on both sides. And as this angle succeeds the program can be reversed later and Negroes will visit white homes.

The fight for human rights is a continuing one. Gains made one year may be lost unless exercised day in and day out. So any movement which has for its object better understanding and cooperation on an equal basis between and among the races, deserves the support of the community.

It won't be long. The Drake Relays are right around the corner. Already we have been given a preview of things to come. The Texas Relays offered just that. Thrown open to Negroes for the first time last year they really came up with some dandies. If someone doesn't stop the sweep of Texas Southern relay teams, the meet may be closed again.

We think those guys will be back up here and will try to pick up any loose ends they may have missed last year. Of course, there will be the usual host of Negroes from all over. Times have changed. We can recall when just the presence of Negroes in the relays was good for a story. After we had told about the stars there was always some guy who ran a great race to help his team finish tenth.

Reporters

But, now with the usual crowd of Negro reporters and photographers around we don't feel that it is even necessary for us to go down on the field with our little camera.

This is a long march from the day when Brother Bill Ashby wandered around the field trying to figure out where he could get the best shot and nobody had time to help him, because everyone was doing the same thing he was. But, now when the boys get set we hope to be there and at least see what happens.

Baseball

The major leagues got underway and nobody is sure who will win the National league race, but just about everyone thinks the Yanks will win the American race. Sure would like to see some changes in that league. The old guys are going out one by one. Charles Neal of the Mets now is just one of the vets we used to like to watch. There are a lot of others but it would take up too much time and space to talk about them.

Local

Wonder if the Hotentots have started thinking about their softball prospects yet. This could be their year. There is a guy around town who keeps wanting us to write something about him. We told him how he could make the column, but he doesn't seem to want to comply. Our terms? Simple. We promised to write an obituary for him, but he hasn't accepted as yet.

Accuse Houston Fight
Promoters of Color Bias

HOUSTON—Nine Negroes filed a complaint with the Houston City Council recently charging that promoters used a ticket color scheme to racially segregate patrons at the Casius Clay-Doug Jones closed circuit telecast in City Auditorium.

J. W. Robinson Jr., who filed the complaint, signed by nine persons, said brown reserved tickets were sold to Negro patrons, while whites were issued yellow tickets, resulting in segregated seating of the two groups. He complained that he and his wife were seated in a section "in which only Negroes were sitting."

Davey Moore
Leaves Family
In Secure Position

Los Angeles — Ex-featherweight champion Davey Moore, who died here early last week from brain injury suffered in losing his title to Sugar Ramos of Mexico, left his wife and five children in reportedly secure financial condition.

Davey is said to have earned better than half a million dollars in the ring, a good deal of which he invested in real estate. He was not known to be a spendthrift and hoped to eventually retire and become a real estate and insurance broker.

Geo. Washington U.
To Field 1st Negro

Washington, D. C. — (Special) — George Washington University's football coach, students and followers of the team are backing something new — a Negro player on the squad for the next three years.

The player, Norman Overson, 18, and weighing 200 pounds will graduate from Roosevelt High in June and will enter G. W. this fall, as a freshman on the varsity. He is 6-2, and his qualifications: the best looking high school player in nation's capital. He plays either end or the backfield, and creditably.

Most enthusiastic person on G. W. campus, over the signing of Overson, is head coach Jim Camp, who sees the versatile Norman as a standout player over the next three years.

True Thanksgiving

Give thanks to God? How can this human voice
Find words to thank the One who gave it breath?
How can these lips, defiled by sinful choice,
Speak praise to Him who proved His love through death?
Give thanks to God? Mere speech cannot suffice
When love so great a human heart has stirred,
These eyes, in wonder, view redemption's price,
And stricken, trembling lips can forgive no word,

Yet, in His tenderness, He understands
The deep though wordless language of the soul
And finds the very thanks that He demands
In broken hearts which ask to be made whole.
For in each beat of contrite heart He hears
A song of love, superb in word and phrase;
And cries of true repentance reach His ears
As pleasing melodies of thanks and praise.
—Edith A. Everson

Laugh Lines

"Doctor," said the old gentleman as he entered the physician's office. "I've got to have a blood test. I'm going to get married."
The doctor eyed him admiringly. "Married?" he asked. "How old are you anyway?"
"I'm 78."
"And the bride...?"
"Oh, she's only 22."
"22?" cried the doctor. "Why that kind of disparity could be fatal."
"Well," shrugged the old man philosophically, "if she dies, she dies!"

Thoughts for Today

If your foot slips, you may recover your balance, but if your tongue slips, you cannot recall your words.
Honesty is always the best policy... unfortunately too many people think they can't afford the best.

IPALCO Pays Taxes
In 27 Counties

Iowa Power and Light Company is currently making payments in 27 counties of first half real and personal property taxes.

Iowa Power's total first half payments to the state taxing units covering 1962 assessments amount to \$2,716,600. These taxes, plus other local levies and federal and state income taxes, result in the company's paying taxes of 21 cents on every 1962 revenue dollar. A. Paul Thompson, president of Iowa Power, stated that most of the property tax goes for the support of schools and such local government services as police and fire departments, street maintenance and improvement, and other municipal services.

IPALCO Pays 1962
Taxes of \$1,523,935

Tax receipts in Polk County jumped today by \$1,523,935 with Iowa Power's payment of their first half real and personal property taxes for 1962. The Polk County receipts will go largely for the support of schools in the county and to various county and municipal services.

Payments during the year for schools here will be approximately \$1,664,824. Various other government services, such as road, fire, and police protection will receive another \$1,383,047.

Largest Taxpayer

For Iowa Power and Light Company, the largest taxpayer to the state, real and personal property taxes are only the beginning. In 1962, the company's annual report showed that taxes took 21 cents out of every revenue dollar. Real and personal property taxes account for 9.8 cents of this total with federal and state income and other levies accounting for 11.2 cents.

The total company tax bill for 1962 was over \$11,500,000.
