Killer Held in Death of Evers, Mississippi, NAACP Head

Jackson, Miss. — A preliminary hearing was held Tuesday in City Court on the murder charge against Byron de La Beckwith, 42, of Greenwood, accused of assassinating Negro rights leader Medgar Evers.

Following the hearing Beckwith was held without bond until the grand jury, which convenes July 1, hears the charge. The state will seek the death penalty.

Mental Test?

Meanwhile, the New Orleans Times-Picayune, in a dispatch from its correspondent in Jackson, said it had learned that Beckwith would be sent to the state mental hospital at Whitfield for psychiatric tests if he is indicted by the grand jury next week.

Troopers Bring Violence to Alabama City

Gadsden, Ala. — Club swinging state troopers initiated violence to this Northeastern Alabama city on June 19 ninth day of a city-wide nonviolent protest movement. They used electric prod-poles to disperse 300 persons from the county courthouse lawn where they were protesting the arrest earlier in the day of 460 non-violent CORE demonstrators.

"It was brutal as hell," commented a local police officer who asked to remain unidentified. "There was no need to club those people". Local police interceded when a state trooper started clubbing a Negro woman who had fallen to the ground.

Ducks Responsibility

Questioned about the brutality, Albert Lingo, commander of the state troopers, told reporters: "I can't help it if these people (the Negroes) ran into each other". It was Lingo who headed the contingent of state troopers who on May 3 used electric prod-poles in arresting some of the CORE Freedom Walkers as they crossed the Alabama state line.

Following the onslaught by the state troopers, two Negroes were ar-

The paper reported that sources said arrangements already had been made with the hospital in case of indictment, and the mental tests may require as long as two months.

Beckwith was jailed Sunday after the FBI traced a Japanese-made telescopic sight on the rifle to him.

The federal government postponed indefinitely any action on its civil rights violation charge against Beckwith, a (white) Citizens Council member.

Defense Fund

In Greenwood, meanwhile, a legal defense fund was being collected for Beckwith, who is a Marine Corps combat veteran of World War II, a gun fancier and a fertilizer salesman.

Calls Evers' Death Brutal, Deliberate

New York — NAACP Executive Secretary Roy Wilkins termed the assassination of Mississippi Field Secretary Medgar Evers as "a cold, brutal and deliberate killing in a savage, uncivilized state."

At a press conference held here, June 12, on the morning of the murder, Mr. Wilkins recalled the last time he had seen his slain associate and friend and in angry tones described how he and Mr. Evers were arrested together on June 1 in Jackson.

Mississippi Lowest State

Approximately 40 newsmen from radio, television, newspapers and news magazines heard Mr. Wilkins describe Mississippi as the lowest of the 50 states in inhumanity, brutality and racial hatred. "Mississippi is below even Alabama," Mr. Wilkins said.

Mr. Wilkins announced that the NAACP would ask for Federal protection for every Negro plaintiff in Mississippi who is involved in any pending court case involving Constitutional rights.

rested at action headquarters. They are Marvin Robinson and Mary Hamilton.

Justice Department Files Vote Suit in Georgia County

The Department of Justice Tuesday asked for court orders to forbid continued racial segregation of polling places and voting tabulations in Jones County, Georgia.

Attorney General Robert F. Kennedy said the complaint, filed in Macon, Georgia, was brought only after the failure of attempts by the Department to secure voluntary desegregation.

Voluntary Compliance

Mr. Kennedy said a large number of Georgia counties have voluntarily abandoned separate polling places and vote tabulations at the Department's request, following successful suits in two Georgia counties.

The Jones County action like the earlier cases, asserted that such segregation violates the Civil Rights Act of 1957 and 1960.

Named as defendants in the new complaints were the Jones County Democratic Executive Committee, its chairman and nine members; the County's Board of Registrars and its three members; and J. Harris Morton, Ordinary of the County.

Party Conducts Primary

As Ordinary, Morton supervises the conduct of general and special elec-

tions. The Democratic Committee conducts party primary elections, as authorized by state law. The Board of Registrars is responsible for preparing lists of registered voters.

Mr. Kennedy said there is no allegation that Negroes are being deprived of their right to register and vote. The complaint asserted the defendants have required Negro voters to use segregated polling places and have tabulated the Negro vote separately. The defendants have indicated they will continue these practices in future elections.

The Department asked for both preliminary and permanent injunctions. A special election for County Commissioner is scheduled July 10, 1963.

Mrs. Evers Asks NAACP Fund Custodian

New York — Informed of the announcement here of the establishment of a "Medgar Evers Memorial Ball Fund," the widow of the slain NAACP Mississippi leader, asked NAACP Executive Secretary Roy Wilkins to release the following statement in her behalf.

United Negro College Fund Annual Drives Seeks \$15,000 in Ia.

The United Negro College Fund campaign drive for Iowa was officially started on Friday, June 21 at a 7:00 P.M. workers dinner meeting at the Des Moines Club by Dr. Robert M. Johnson, 3838-44th St., Chairman and Harold A. Goldman, 3417 Southern Hills Drive, Co-Chairman.

The guest speaker was Dr. Thomas W. Cole, Sr., President of Wiley College, Marshall, Texas, one of the schools participating in the fund.

Goal 3 Million

The United Negro College Fund is an educational community chest through which a group of 32 Negro college and universities in 11 southern states make a single, annual nationwide appeal for support. This year the national goal is 3 million dollars which constitutes just 10% of their member colleges yearly educational budgets. The other 90% comes from small endowments; alumni gifts; minimal tuition fees and—in the case of 29 colleges—annual grants from their founding churches.

"A goal of \$15,000 has been set for the entire state of Iowa," according to Dr. Johnson. He said, "We are confident this can be raised once the thoughtful people of Iowa realize how important the college trained competence of the Negro population is to increasing America's strength."

Ask Supreme Court To Halt Mississippi NAACP Injunction

Washington — The NAACP has petitioned the U. S. Supreme Court to dissolve or stay execution of an injunction issued by a Jackson, Miss. court barring the Association and its followers from conducting demonstrations in that city.

The injunction was issued, June 6, without the Association being notified or granted a hearing. NAACP attorneys appealed the injunction first in the Chancery Court and then in the Mississippi Supreme Court on the grounds that the city had no power to bar persons from exercising their right of freedom of speech or freedom of association.

Relief Denied by Lower Courts

Both courts denied the NAACP motions. On June 13 NAACP General Counsel Robert L. Carter filed a petition in the U. S. Supreme Court.

The petition stated that the only purpose of the Jackson injunction was to prevent Negro and white citizens from seeking to influence public opinion and force city authorities to discontinue their enforcement of racial segregation and discrimination in the city.

Noting an injunction in Alabama which has barred the NAACP from operation since 1956, the petition emphasized the need for the intervention and protection of the U. S. Supreme Court.

"I know that it would be my husband's wish that any organization set up or funds raised in his name be under the auspices of the National Association for the Advancement of Colored People to which he was totally dedicated and in the service of which he paid the supreme sacrifice. Accordingly, I have not authorized any person or group to use the name of Medgar Evers for any purpose, however praiseworthy the motivation may be. I hope that everyone committed to the civil rights struggle in our country will respect my husband's wishes."

NAACP Asks Federal Guards to Protect Its Mississippi Officials

New York — The National Association for the Advancement of Colored People has called upon Attorney General Robert F. Kennedy to provide Federal protection for all Negro plaintiffs in pending civil rights cases in Mississippi.

In a telegram to the Attorney General, dispatched June 12, NAACP Executive Secretary Roy Wilkins said that such protection was necessary in the light of the cowardly assassination early that morning of Medgar W. Evers, the Association's field secretary for Mississippi.

Mr. Wilkins also asked for protection of NAACP leaders in the state, specifically Aaron Henry and Mrs. Vera Pige.

Some Fired On

They are president of the Association's Mississippi State unit and secretary of the Coahoma County unit, respectively. Both have been fired upon in recent days and Mr. Henry's home and store have been repeatedly bombed.

Mr. Evers' home was also bombed recently.

Mr. Wilkins based his request on the fact that "every plaintiff and NAACP state officer is a challenger of the racial status quo."

He added that "Jackson police have demonstrated that such persons may be murdered with impunity."

O.E.S. and R.E.O.A. Hold Annual Session Ft. Madison

More than 125 delegates and visitors of the eighteen Chapters attended the 54th annual meeting of Electa Grand Chapter, Order of Eastern Star, Prince Hall Affiliation, State of Iowa and Jurisdiction, which convened June 18, 19, 20, 1963 at Ft. Madison, Iowa as guests of Fidelity Chapter No. 30, O.E.S.

Highlights of the opening session included a demonstration of "Queen of the South Degree" by Mrs. Mildred Graves, Grand Lecturer and her officers.

DeEdwin White, P.G.W.P. of Burlington, Iowa held the election and the following officers were elected:

Seeks \$30,000 Fund For Schooling of Evers' Children

New York — Bishop Stephen G. Spottswood, chairman of the Board of Directors of the National Association for the Advancement of Colored People, announced on June 13 the establishment of the NAACP-Evers Scholarship Fund.

A sum of \$30,000 is being sought in public contributions to assure higher education for the slain Mississippi NAACP leader's three children: Darrell K. 10; Reena Denise 8; and James Van Dyke 3. Contributions to this fund may be sent to the NAACP, 20 West 40th Street, New York 18, N. Y.

His Life for Children

"Medgar Evers gave his life that his children and all children might enjoy full freedom in their native land. The extent to which they will be enabled to enjoy that freedom and contribute to the general welfare of our country will be largely determined by the quality and amount of education they are able to secure. This NAACP fund," he said, "is to provide the means for three children tragically deprived of their father's loving guidance and earning capacity."

School Bell Award

Chicago, Ill. — John H. Johnson, editor and publisher of Ebony magazine, 1820 S. Michigan Avenue, Chicago, will be presented with the National School Bell Award for "distinguished interpretation of education" at the annual convention of the National Education Association in Detroit, July 1.

Shot in Back with 22 Rifle: Drags Body From Scene; Hides Money in Envelope

Terry Lee Gilbert, of 1012 Enos Ave., was charged with manslaughter by Des Moines police Sunday in the fatal shooting of a teen-age friend Friday night.

Otis Godfrey

Terry, son of Mr. and Mrs. Philip Gilbert, was bound over to juvenile court shortly before 10 a.m. Sunday. The body of Otis Godfrey, son of Mrs. Gertrude Godfrey, 925 Forest Ave., was found in the back yard of a friend's home Saturday with a bullet wound in the back.

Played With Gun

Police said Terry Lee Gilbert, 14, son of Mr. and Mrs. Philip Gilbert of 1012 Enos Ave., told them he shot Otis Friday night while playing in the Gilbert home.

The gun is a combination .22 caliber rifle and .410 shotgun. Police said Otis was killed by a .22-caliber bullet.

Otis' body was discovered at 4 p.m. Saturday by James Wallace, 13, of 935 Nineteenth st. place, and Howard Clyce, 15, of 1191 Thirteenth st., as the boys walked down the alley behind the Gilbert home.

Chief of Detectives E. J. McCarthy said there was no indication that the boys had been fighting. He said they "had been buddies for a long time." McCarthy said he conferred with county attorneys, judges and the juvenile court before preferring charges against Terry.

In Dining Room

Later Saturday night, Dan Klauzlarich, investigating detective, said Terry told him and Detective Nolan Nichols that he and the Godfrey boy were in the dining room of the Gilbert home and Otis was using the typewriter.

Washington, D.C. — Ambassadors of six African nations delivered stiff protests to the State Department Tuesday over what they called "unjustifiable statements" made recently by Senator Allen J. Ellender (Dem., La.).

New York, N.Y. — The Brotherhood of Sleeping Car Porters announced Monday it will strike the New York Central, Rock Island and Soo Line railroads and the Pullman Co. next Monday.

Chicago, Ill. — Davey Moore's widow does not think boxing should be abolished, she reveals in the July issue of Ebony, now on the newsstands.

Washington, D. C. — President James B. Carey of the International Union of Electrical, Radio and Machine Workers, AFL-CIO, has ordered the complete mobilization of his union's 400,000 members behind President Kennedy's civil rights and economic programs and has called for defeat of those members of Congress who fail to support the legislation.

New York, N.Y. — A task force of New York City teachers, together with recent graduates from Queens College, will create a freedom school lift to aid educationally deprived children in Prince Edward County, Virginia. According to Richard Parrish, Vice President of the American Federation of Teachers (who resides at 2330 Fifth Avenue, New York City) these children have been "locked out" of school since 1959.

Seattle — Churchmen have been asked by the Catholic auxiliary bishop of Seattle to bring home to the public the fact that racial segregation is wrong.

Bishop Thomas E. Gill told a regional follow-up to the National Conference on Religion and Race that such practices deny the sacredness of the human personality.

Davenport Citizens Move on Discrimination on Two Fronts

Davenport, Iowa — Isaiah Allen of Rock Island, a United Auto Workers local Fair Employment Practices chairman, said he is pressing for a public meeting Friday in connection with practices of building crafts with regard to Negroes.

Allen, who is affiliated with UAW Local 434 at John Deere Planter Works, Moline, claims Negroes "can't be qualified because they aren't accepted for apprenticeship training."

Charles F. Wood, Rock Island, secretary of the Tri-City Building & Construction Trades Council, said Negroes have been affiliated with several craft unions which are part of the council.

At a meeting of the federation a week ago, the organization delegates voted to support civil rights declarations of President Kennedy and President George Meany of the AFL-CIO. Allen said he had made an effort to set up a meeting for Wednesday or Thursday, but had not been successful.

Family Finances

Are you planning to buy a new car on credit? Before you rush into installment buying, ask yourself, "Do I really need a new car immediately?" Then consider saving until you have enough money to pay cash.

Borrowing is an expensive business these days. For example, say you had \$800 on hand and wanted to buy a \$2,400 car. You'd have to borrow \$1,600. If the interest rate were only 5%, the loan would cost you \$120 over 18 months. The car would actually cost you \$2,520, and you'd have payments of \$95.55 a month.

On the other hand, if you put your \$800 in a savings account, and added a deposit of \$95.55 each month, at the end of 18 months, you'd have the \$2,400 cash you need for the new car, plus over \$220 in accumulated interest.

If you can, put off buying that car until you can pay cash. You'll be money ahead.

Iowa Power and Light Company Announces New Rate Structure

One of the lowest rates in the nation, 1.3 cents per kilowatt hour for all electricity used in the home over 800 kilowatt hours monthly, was announced Wednesday by Iowa Power and Light Company.

"A new rate structure, which will be filed with the Iowa State Commerce Commission and becomes effective July 4, is designed to allow for greater use of electric servants, including electric heating, in the immediate future," A. Paul Thompson, company president, pointed out.

The downward adjustment will apply throughout the rate structure—from the "first block," the first number of kilowatt hours used monthly, to the "final block," the electricity used in excess of 800 kilowatt hours per month.

Des Moines Rates

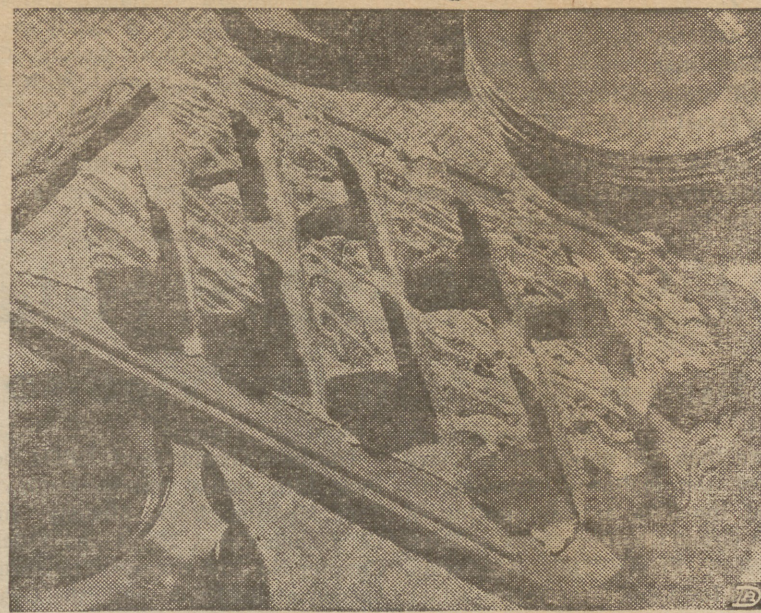

In the Des Moines metropolitan

area the new rates for residential customers will be 3.3 cents per kilowatt hour for the first 200 kilowatt hours used per month, 2.2 cents per kilowatt hour for the next 200 kilowatt hours, 1.7 cents for the next 400 kilowatt hours, and 1.3 cents for all additional kilowatt hours. At present, the first block of 44 kilowatt hours costs 4.55 cents per kilowatt hour; the second block of 46 kilowatt hours costs 3.40 cents per kilowatt hour, the next 110 kilowatt hours costs 2.55 cents per kilowatt hour, and all additional electricity costs 2.25 cents per kilowatt hour.

The new rate structure eliminates special "promotional rates" for customers who use electric ranges and water heaters, but applies a decreasing scale of rates equally to all residential customers.

Molasses Orange Bars

An unusual flavor combination—molasses tang with sparkling orange—makes these bar cookies a delight to eat. They're quick to make, too.

If you like to serve snacks and desserts that are nutritious as well as taste-pleasing, plan to make the molasses orange bars pictured today. Both enriched flour and molasses are excellent sources of food iron, and in addition enriched flour contributes essential B-vitamins, protein and food energy.

A new quick-mix method for making these bar cookies enables the home baker to turn them out with a minimum of time and effort. Sift dry ingredients into a bowl, sprinkle with orange sugar, and then add remaining ingredients. Stir to blend, then beat two minutes. It's as easy as that—your cookies are ready for the pan. These "in-a-bowl" cookies make a saving on dishes, too.

A simple topping of sugar mixed with grated orange rind is spread over the cookies before baking. They may be frosted later, if desired. Molasses orange bars are perfect dessert companions with apricots, apple sauce or other fruits. Or have them with milk, hot chocolate, or coffee.

MOLASSES ORANGE BARS

(Quick-Mix Method)

1 1/2 cups sifted enriched flour
1/2 teaspoon baking powder
1/2 teaspoon soda
1/2 teaspoon salt
1 cup sugar
1 tablespoon grated orange rind

1/2 cup new-type shortening
1/2 cup molasses
2 eggs
1/2 cup milk
1 teaspoon vanilla extract
1/2 cup Orange Sugar

Sift together flour, baking powder, soda, salt, and sugar. Sprinkle orange rind over flour mixture. Add shortening, molasses, eggs, milk and vanilla extract. Stir to combine ingredients.

Orange Sugar

2 teaspoons shredded orange rind

ances people use for their better living, they will receive the same advantages of lower rates with higher consumption," Thompson said. "The more they use, the lower the rate proportionately."

Adjustment Natural Consequence

"The rate adjustment," Thompson said, "not only was a 'natural consequence' of economies stemming from improved and streamlined operations and nearly doubled use of electricity in this area, but also was specifically designed to encourage greater use of more electric appliances in the future. It is expected that electric use will be increased another 100 per cent over the next ten years."

The Council Bluffs rate for the first 200 kilowatt hours used per month will be 3.4 cents per kilowatt hour, compared with a first block rate now of 4.6 cents for the first 50

kilowatt hours, and will drop to 1.3 cents for all used over 800 kilowatt hours. In all other cities and towns served by Iowa Power, the first block rate for the first 200 kilowatt hours will be 3.5 cents per kilowatt hour, compared with 5.5 to 7.0 cents for the first block of 30 kilowatt hours at present, and will also drop to 1.3 cents for all use over 800 kilowatt hours.

New Minimum

In connection with the rate change,

a minimum cost of \$2.00 per month for electricity will be established for urban customers, an increase from present minimums ranging from 70 cents to \$1.00. The minimum bill for rural residential customers will be \$4.00 per month, compared with \$3.00 at present. "This will affect comparatively few customers," Thompson said, "since the average residential customers uses some 300 to 500 kilowatt hours of electricity per month."

IOWA POWER CUTS "FINAL RATE" TO 1.3 CENTS PER KILOWATT HOUR

Effective July 4, Iowa Power and Light Company will inaugurate a new rate structure for all residential users, with one of the lowest "final rates" in the nation—only 1.3 cents per kilowatt hour for all electricity used over 800 kilowatt hours monthly.

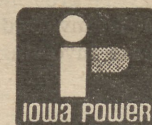

Take a look at how the new rates compare with the old:

IN DES MOINES	
NEW RATES	OLD RATES
3.3¢ per kilowatt hour—first 200 kwh	4.55¢ per kilowatt hour—first 44 kwh
2.2¢ per kilowatt hour—next 200 kwh	3.40¢ per kilowatt hour—next 46 kwh
1.7¢ per kilowatt hour—next 400 kwh	2.55¢ per kilowatt hour—next 110 kwh
1.3¢ per kilowatt hour—all additional kwh	2.25¢ per kilowatt hour—all additional kwh

These new low rates will cut some \$370,000 from customers bills and make possible far greater use of electric appliances—including electric heating—for better and better living electrically in the future. You are already using nearly twice the electricity you used ten years ago—and, with these new rates, you will probably more than double your use in the next ten years.

All electric customers will now have the uniform advantages of "the more use, the less cost." "Special promotional rates" for customers with particular appliances will be discontinued. And, the minimum monthly charges for urban residential customers will be \$2.00.

Thank you for your patronage and interest.

Refreshing Salad Can Double As Dessert

Delicious red apples star in this glamorous jellied salad that's good eating for family or company dinners.

One of the prettiest salads of the season is this molded red apple ring which you can serve for salad or dessert. If you want to be very dressy, top the ring with whipped cream or fill the center with sliced strawberries. For best flavor, select a good eating apple like the crisp, spicy red Delicious variety from Washington State's famous orchards. These popular, broad-shouldered red apples are tender and juicy for fresh fruit eating and in salads and may be used without peeling. Lime or lemon-flavored gelatin will provide good color contrast.

RED APPLE RING SALAD

- | | |
|--|------------------------|
| 2 pkgs. lime or lemon-flavored gelatin | 3 red Delicious apples |
| 3 cups hot water | 1 cup celery, sliced |
| 6 tbsps. lemon juice | 1/2 cup broken walnuts |

Dissolve gelatin in hot water and blend in lemon juice. Chill until syrupy. Cut 1 1/2 apples in wedges but do not peel. Slice remaining apples. Fold apple wedges, celery and walnuts into slightly thickened gelatin and place a few apple slices near the top of the mixture. Turn into 8-inch ring mold and chill in refrigerator until firm. Unmold and garnish with sliced apples and salad greens. Serve with mayonnaise or mayonnaise mixed with an equal amount of sour cream. If served as dessert, top with whipped cream. Serves 6-8.

- (3) Garnish roasted turkey with frosted grapes, and serve.

Oyster-Rice Turkey Stuffing Is Elegant

This Oyster-Rice Stuffing is a "must" for that turkey (or chicken) you're planning to roast. It's easy to make because there's very little chopping to do and no bread crumbs to bother with.

INGREDIENTS:

- 1 cup uncooked white rice
- 2 cups water
- 2 teaspoons salt
- 3 tablespoons butter or margarine
- 1/2 cup chopped onion
- 1 cup chopped celery
- 1/4 teaspoon black pepper
- 1/2 pint oysters
- 1/4 cup water or turkey broth

METHOD: Put the rice, water and salt in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat as low as possible. Cover the saucepan with lid and leave over this low heat 14 minutes. Remove from the heat but leave the lid on 10 minutes.

While the rice is cooking, melt the butter or margarine in a saucepan. Add the onion and celery. Cover and cook over a medium heat until tender, stirring occasionally. Stir in the black pepper. Add the onion and celery to the rice mixture. Add the oysters and water or broth and mix gently.

This stuffing may be prepared ahead of time so long as the liquid is not mixed with the dry ingredients until the turkey is to be stuffed and cooked. The turkey should be stuffed just before it is placed in the oven. It should not be stuffed and refrigerated. Extra stuffing may be baked in a separate pan or made into dressing balls. Allow 1/4

cup of stuffing for each pound of poultry, dressed weight, or 1 cup for each pound ready-to-cook weight. This recipe makes 4 1/2 cups of stuffing.

How to Bake the Turkey: Remove pin feathers from turkey and singe if necessary. Remove any bits of lung, kidney, etc., remaining in turkey. Wash and rinse inside and outside with cold water. Wipe dry. Rub cavity lightly with salt. Put enough stuffing into the neck of the turkey to fill it out nicely. Fasten the neck skin back with a skewer. Stuff cavity well—but do not pack stuffing tightly as it expands during roasting.

Shape wings ("akimbo" style) bringing wing tips on to the back. Place skewers across stuffing opening of turkey and lace shut with cord. Tie legs to tail. Grease skin thoroughly with fat. Place the turkey, breast down, on a rack in a shallow pan. If the bird is very large and difficult to turn, place breast up and leave in this position throughout the roasting. Lay fat-moistened cheese cloth over the turkey. Place in pre-heated 325°F. oven. Do not cover with a lid. Do not add any water. As cloth dries out, moisten with fat from the bottom of the pan. Roast until done, following the timetable below. Garnish turkey with frosted grapes made by dipping grapes first in beaten egg white, then in granulated sugar.

TIMETABLE

Ready to cook weight (lbs.)	Oven temperature	Total cooking (hours)
8 to 12	325°F.	4 to 4 1/2
12 to 16	325°F.	4 1/2 to 5
16 to 20	325°F.	5 1/2 to 7

HEALTH FOR ALL

That Dear (?) Little Cough

People can get sentimental about the oddest things—including the idea of coughing. The English poet, George Herbert, even gave it a romantic association when he wrote: "Love, and a cough, cannot be hid."

Still, that seems to be the way a lot of people regard coughing. We read about a "little cough," a "gentle cough," a "modest cough." If anybody considers the thing a blamed nuisance, or worse, nobody seems willing to clear his throat and bark out the truth of the matter . . . Well, almost nobody.

Symptom

Notable exceptions are the editors of Webster's New Collegiate Dictionary.

ary, where "frequent repetition of coughing" is defined as "a symptom of disease." This homely statement is a lot closer to the facts, though many people still don't know it.

Pepetition

Actually, "frequent repetition of coughing" isn't always a symptom of disease; at least, it may indicate nothing more serious than the incidental effects or after-effects of a common cold. It's the prolonged repetition of coughing that really raises a danger signal. Because a chronic cough—one that hangs around for a month or more—can be a symptom of that group of unpleasant ailments known as RD—Respiratory Disease.

Breathing

Respiratory Diseases include many illnesses that affect the breathing system. Some are short-term but potentially serious; others, like emphysema and tuberculosis, are potentially very grave. RD disables more people in this country than any other group of illnesses, and is fourth among causes of death.

If you have "frequent repetition of coughing" that stops in a reasonable time, chances are you've got nothing to worry about. But when a cough fits the description of "chronic," it's time to hustle around to the doctor's office and find out just where you stand.

MISS ALLEN

Miss Allen was one of ten girls chosen to be presented by the Continental Society of Minnesota; the event was held at the Radisson Hotel in Minneapolis as a sub deb.

Maquita is pictured in gown she wore. The gown is of imported Swiss organza and chantilly lace, the bodice studded with rhinestones, the skirt ending in a ten yard sweep.

Miss Allen is a senior at East High school; member of Antioch Baptist church, past president and member of Junior usher board; member of a modern dance group; Y-Teen; program committee of Junior-Senior

prom; graduate of Gate College Teen Class and of the YWCA Charm school.

At present she is enrolled at West High taking a course in psychology. Upon completing high school, her chosen field will be clinical psychology.

Marquita is the daughter of Mr. and Mrs. Willie Allen, 636 Mobile street, Waterloo, Iowa. She is the niece of Russell Bell of the Bell and 820 14th street, both of Des Moines.

While in Minneapolis the Allens were guests of Mrs. Mary Hyde at buffet supper.

Three Purpose Club Celebrate Anniversary

The Three Purpose Club closed its 1962-63 club year on Sunday, June 23, by celebrating its 32nd anniversary, at the Golden Buffet, Winter set. A beautiful table was arranged for twenty-four in the dining room, and the atmosphere lent itself to the festivities. Beside the club members, those attending were: H. P. Wallace, Ted Martin, Murray Wolder, Paul Wilson, Harold Williams, Fred McCracken, Arthur Prokes, Wm. Weather, Harry Johnson, Melvin Carr, John Winters and Mr. and Mrs. Lowell Williams of Gary, Indiana, the daughter and son-in-law of Mr. and Mrs. Martin. Mr. and Mrs. Stanley Proctor were unable to be present since Mrs. Proctor had just been released from the hospital.

Earlier in the day the members of the club attended a lovely breakfast, as guests of the Winthrop Club.

The last meeting of the year was held recently at the farm home of Mrs. Laura Williams, near Runnells. All unfinished business was completed and the following officers elected for the fall:

Pres., Dorris Wilson; Vice Pres., Julia Proctor; Secy., Mabel Weathers; Asst. Secy., Bertha Wolder; Treas., Edith Webb; Chaplain, Reporter and Critic, Margaret McCracken.

The next meeting will be on Sept. 18, at a place to be announced at a later date.

Mrs. Sylvester W. Harris and three year old daughter, Lisa Evon, spent the past week visiting and vacationing with their sister and aunt, Josie Russell, 955 17th Street. They returned to Kansas City, Missouri Sunday afternoon.

skills such as learning to sew in addition to giving charm classes.

Before leaving for Sioux City early last week Mrs. Gertrude North, 813 13th street, called to tell us she had some information to go along with the story on Jean Johnson, Coe college graduate. As she was waiting for a cab she told us she would mail it from Sioux City, which she did.

Mrs. North wrote, "This June brings to my mind a very young girl who used to come up to Good's swimming pool to swim and who always said she wanted to enter the Elks Oratorical contest so when she graduated from high school she could win the \$1,000 scholarship to go to college. She was just entering high school then. She was determined.

"After graduating from East high school, she entered Coe College on an Elks scholarship on the recommendation by George Lee, Memphis, Tenn., National Educational Director of Elks."

The remaining information was included under Miss Johnson's picture last week.

Mrs. North also had high praise for three honor students of La Crema Dels, including Bille Wade, Des Moines Tech honor graduate, who paid Mrs. North a tribute with a picture and the inscription, "She has made a fine president this year." Billie

The other honor students are Arthurlene Prokes of North and Jennifer (Ginger) Miller. Other graduates of La Crema Dels were Paula Heariold of North and Jesserean Dixon of Des Moines Tech.

Mrs. North said all these girls are enrolling in college next fall and indeed are a fine group of girls. Mrs. North serves as supervisor.

Mrs. North also submitted about Nancy Windsor of Fort Madison that appeared elsewhere last week.

Last week when we wrote about various vacationers and their plans we did not mention Mr. and Mrs. James F. Dixon and daughter, Tracie, who left early last week for Monrovia, Liberia, West Africa.

A last minute phone call came from Mr. Dixon just before they started out by car for New York City. He assured us they would keep in touch with us in our spot here in America mainly through notes through the Bystander.

He also wanted to check to be sure the Bystander had their address in Liberia and that they wanted to continue their subscription to the paper, as this would be their way of keeping in constant touch by reading the news of their hometown for the next three years.

In between all the bon voyage entertainment held in their honor, and trying to get things in readiness for their departure, the Dixons had to get a series of shots, get passports, visas and other things attended to overseas travel.

During our interview with the

Dixons about a month before their departure we learned their daughter's birthday fell on the same date, July 22, as our youngest daughter, Valerie.

We never got a chance to talk to Tracie herself as she was in school at Sabin, where she has been going since kindergarten age, but her parents said she was taking their prospective trip to Africa with "calm and light heartedness." She didn't even mind the fact that she would have to go right back to school, as she "particularly likes school." It is the middle of the school season in Liberia now.

The only thing she didn't like about the trip it seems was the fact that when she returns, most of her friends, particularly her baby sitters, she says will be grown when she gets back.

Early in April Mrs. Dixon, whose birthday isn't until later this month, was treated to a lovely birthday party by her friends. Besides doing volunteer work along the lines of her beatifican profession and supplementing that of her husband, in YWCA work, she also plans to develop new

DON'T BE FOOLED BY GLIB OF SENATOR GOLDWATER

Former Vice President Richard Nixon, in a statement issued as he left for Europe, said Senator Goldwater has moved out in front for the Republican nomination for President.

Richard Wilson of the Register and Tribune Washington Bureau said in an article June 16th that Senator Goldwater was moving ahead toward securing the Republican nomination for President.

The Register and Tribune has compiled a poll of Iowa county Republican chairmen and vice chairmen with the result that a majority favored Senator Goldwater as the Republican nominee. Senator Goldwater is an able man, has a mind of his own and has a unique appeal as a man of action. He flies a jet plane, is a successful business man and holds a commission as a major general in the Reserve Corp.

On the other hand, the Senator is a strong states right advocate in the matter of civil rights, and does not favor the program which either Eisenhower or Kennedy have followed in calling troops to enforce court decisions in school integration insisting that these matters should be left up to the states.

Of course, the trouble today is that the matter has too long been left to the states all of which have not carried out their responsibility.

Republican leaders must remember that there are more registered Democrats than Republicans, that while each party depends upon the stalwarts to vote right, Republicans must appeal to the independent voter to win. These independents are mostly liberals who favor strong action by the federal government; they are those who have been closer to the cause of the Negro.

No candidate can be elected who does not favor strong action by the federal government to ensure equal enjoyment of civil rights of Negroes. Anyone who believes the matter should be left to the states drags his feet and will not attract the Negro vote in the larger centers.

COMPLICATED LAWS

DIFFICULT TO ENFORCE

The Bystander hopes that Iowa Republicans will not bury their heads in the sand at the 1964 convention as they did in 1952 in an effort to nominate a candidate who can't win.

The Iowa Legislature passed a liquor by the drink bill at the 1963 session which goes into effect July 4th. The state has been legally dry or regimented for many years and thus, like a child in new clothes, does not know just how to act.

One thing which aided materially in the passage of the law was the inability to enforce the liquor law as it stood. And in order to please or gain the vote of some who opposed the measure, many restrictions were written into the law which make it difficult to enforce.

The commission is authorized to make additional rules and registration which will have the force of law in its job of enforcement. To date, some regulations have been suggested which, in the long run, will make the job of enforcement more difficult.

It is going to be rather expensive to secure a liquor permit. This, too, may have a bad effect for many who cannot qualify will drop back to the old speak-easies where liquor will be sold illegally.

HE IS MENTALLY ILL IN CRIME

The FBI did an excellent job running down the killer of Medger Evers in Jackson, Mississippi when they traced the crime to an arch-segregationist and member of the White Citizens' Council.

Now that Byron de La Beckwith has been arrested and arraigned, there is talk of psychiatry tests and a possible commitment to a mental institution. This, it is feared, provides a means of escape from punishment for crime. General Walker got by this way and yet he is a true murderer in that he helped agitate the mob on the Mississippi University campus where three people were killed.

Proctor, Drake Football Star, Loses Hand in Plant Accident

Lou Proctor, 21, one Drake's outstanding linemen for three seasons, suffered the loss of his right hand Monday night in an accident at the Firestone Tire and Rubber Co. plant here.

Proctor's hand was caught between two rollers in the plant's rubber mill. He was taken to Iowa Lutheran Hospital, where the hand was amputated.

The 200-pound

guard from Detroit, Mich., has a year of eligibility remaining at Drake.

He was being counted on by Coach Bus Mertes as a starter next season—in the spot he held down in 1962 when Drake won eight of 10 games and matched its all-time victory total for one season.

Linebacker on Defense

Last fall, as a junior, Proctor handled a starting guard position on offense and was an end and linebacker on defense.

Proctor was a varsity letterman at Drake as a freshman, after winning all-city football honors in Detroit.

The CAMERA GUILD

Your photo dealer will be glad to explain anything you don't understand about your camera's operation.

Cameras Respond to Good Treatment

TODAY'S column is one of advice—to new camera owners. But one we feel will also be of value to owners of not-so-new cameras.

When you took that new camera out of the box, there was an instruction book with it, we're sure. It tells you in detail how to operate your camera—and under varying circumstances. It's designed to help you get the best possible pictures. But, of course, it can't do a thing for you if you don't read it carefully. Do that before you take your first pictures. They'll be better pictures. Knowing how your camera operates—and what its limitations are—is a good way to avoid disappointment.

Since all new cameras are carefully inspected before packing, yours should work fine. However, if it is the exception to the rule and shows any inclination to stick, don't force it. Take it to your photo dealer, find out what is wrong and the proper remedy

from someone who understands the mechanism involved.

These days cameras travel far and wide. Inevitably, they are going to suffer a certain number of bumps and shocks. On the whole they are rugged, and will take an amazing amount of punishment. However, it seems foolish to risk damaging a camera when a field case will protect it and are so low in price.

When traveling by car, you face the unfortunate problem of the most convenient places for carrying camera being the very places that aren't good for it—the glove compartment and the back window ledge. In both spots you find heat and dust, the worst enemies of cameras and film. You don't want to pack it away in a suitcase. So, the best idea is to put the camera in a field case and keep it on the seat beside you—ready for picture taking at all times.

As we watched the National A.A.U. track meet last weekend we realized how fast these young men of today can run. We recall that for years the quarter mile record was 27.06. Well that would not have qualified a guy who couldn't run any faster. The old one hundred yard dash mark 9.6 would have gotten the holder not even a place in the finals. So it was with the two twenty mark 21.2. The holder who ran that would have finished eight in a six man 200.

The four minute mile has long been a goal of millions. Well there were four runners in the mile under four minutes and one of them finished fourth. A four minute mile would not have won a medal.

Of course, we think a large part of this tremendous improvement lies in the faster track, the better lighter shoes, fiber glass vaulting poles and such.

Then there are more people running and competing in track meets, better coaching from the grade school level on through college.

Now where will these records end? Really we don't know.

Boxing

Cassius Clay has done it again said the headlines. The brash young man from Louisville stopped the last guy just as he said he would. Now he wants "the big ugly bear," Liston, the heavyweight champ. We would say that Clay is at least a year away from the bout with Liston. He is still growing and if he retains his speed could give the title holder quite a go of it. But this fall we think Mr. Clay will feel a lump in his throat and a dryness in his mouth when he climbs through the ropes and sees the big ugly bear in his corner glaring across the ring at him. Then it will be too late to say he was only kidding.

Local

We made history last week end. We saw the Hoitnots win a game for the first time in our memory. Saturday night we thought they must have been hard pressed for ideas on how to lose that game they gave away. Sunday the boys played the post office team and we were there.

As we gather it there were a lot of golfers in town last week end getting ready for the big meet July 13 and 14 of the Central States. Cleo Johnson was so busy with the pool players that he forgot to make his rounds to see the boys. Would like to see some of that meet.

dramatics—group singing and rhythm—sports and games. Closing program for the first two-week session will be held in the out-door theater at Greenwood Park on Friday afternoon.

Registrations are being taken for the second and third sessions, July 1 and July 15. The fee for each two-week period is \$2.50 which includes trip transportation and milk for lunch each day. Mrs. Helen Stevens is directing the camp group leaders for which are Mrs. Gladys Wagner, Mrs. Charlotte Parks, Mrs. Treanna Logue, Mrs. Judy Smith and Mr. Amos Oteano. What are we doing to our children? Everybody runs to the scene of the crime. We get on the phone to exchange tid-bits of sensation and hang up only to run back to the scene as if it were the state fair. Mothers' voices become sharp and accusing in their instructions to their sons, "be in here before dark, young man." We remember headlines—Child Kills Friend—Child Kills Parent—14 year Old Indicted for Manslaughter. Old heads gossip publicly on every corner about this generation. What are we doing to our children? We are condemning them for being young.

In death, we sit with the bereaved to help cushion the blow. In time of

trouble, we forget the anguish and grief of this 14 year old boy's parents and go rubber-necking as if they were no longer human. We fill our own children with a sense of guilt and anxiety by our total lack of sympathy. We forget the great sorrow of the victim's parents. Our boys and girls are guilty only of the victim's parents. Our boys and girls are guilty only of knowing the 14-year old charged with manslaughter, stared at by friends, interviewed, fingerprinted and in jail. Our children are more human than we are, they see themselves in this young man. A twelve year old cries out in his sleep, a nightmare of confusion, "Help, help!"

What are we doing to our children and to ourselves?

Should we not try to steady both sets of parents in this terrifying moment?

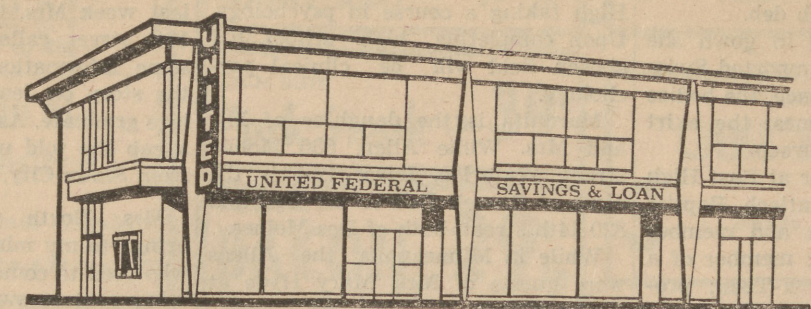

Some of us could help to maintain the household routine. Some could sit with these parents as a reminder that they are not alone. Surely there are friends who could help them talk out their grief and confusion in this terrible nightmare. Perhaps, I, a stranger, should go and do likewise.

Nevertheless, let us not turn away our hearts from this young boy in his hour of trouble. We do in fact share some responsibility for the kind of confusing world our children face daily.

It must not be that a 14 year old is tried in the regular court as if he were an adult. It is fairly clear that this child is seriously ill, emotionally. Let us, therefore, be merciful.
