Selma, Ala.—Three white policemen, including a state officer, were told they were not welcome and asked to leave a voter registration meeting attended by 800 Negroes in the First Baptist church here last week. ### Will Hear Public Views On Proposed Ordinance Banning Discrimination

The city council re-affirmed its decision to hold a public hearing on the proposed housing ordinance banning discrimination on Wednesday, Oct. 23 at 7:30 p.m. The session will begin in City Hall and may be transferred to the auditorium of the city armory if enough persons show up.

Several Negro clubs have indicated that they will attend the public hearing in a body. Many other including civic and fraternal organizations, will be represented. Chief among these will be various civil rights organizations in the city including the Des Moines NAACP, CORE and others.

#### Candidates

The ordinance, which has little support from city council candidates, continues to be the main issue in the council campaign. The 10 candidates, five running for two two-year terms and five for two four-year terms, spoke at a voter rally at North High school Monday and half said they were against the ordinance and half said they had reservations about it. The rally was sponsored by the League of Women Voters. A state-

ment from the Des Moines Chapter of the Congress of Racial Equality was handed out to the 160 persons attending.

The statement calling for passage of the ordinance ended: "The candidates for the Des Moines City Council are, indeed, a sorry lot. Our choices lie between the arrogant or the indifferent."

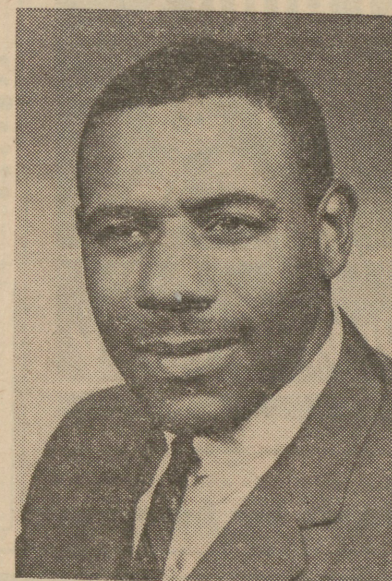

The Board of Directors of the Greater Des Moines Junior Chamber of Commerce Monday also endorsed "in principle" an ordinance to outlaw racial discrimination in housing sales and rentals.

The public hearing will follow the day after the city primary which will be Tuesday, Oct. 22. The general election will be Nov. 5.

## HEALTH FOR ALL

### Scratching The Surface

Everybody knows that the ostrich—strictly speaking—is a bird-brain. Head in the sand, he feels perfectly safe in the notion that what he can't see, can't see him.

Is all that "just for the birds"? Not at all! People sometimes act that way, too. In matters of health, for example, many close their eyes to the lurking danger of disease. Many ignore warnings that a medical checkup may be the only way to catch a killer before it's too late.

### TB

Take tuberculosis, for instance. At least 30 million Americans are infected with the TB germ right now. In the great majority, the germ is inactive. But for at least 120,000 Americans active TB has brought normal life to a halt. As to how many others may be in the same fix, nobody knows—nobody can possibly know without checking. And the best way to check is through a tuberculin skin test—or a chest X-ray.

### Hi-Span Federated Club Inaugurates Two New Programs

Hi-Span federated club met Sunday afternoon with Mrs. Dorothy Cherry, 842 16th street.

Following the business session, two new programs were inaugurated. The first was a series of impromptu three-minute speeches by members with Mesdames Beatrice Washington, Glenda Russell and Jeannette Jennings, selected as speakers for the meeting. This participation is to carry out the club's purpose in cultural and personal development for its members.

The second is a "One Minute for Freedom" program, set-up as a method of participating in the national and local civil rights program. Members will write postcards to congressional members and city council members to be mailed immediately following each meeting.

The club will also attend in a group the public hearing for the proposed housing ordinance on Oct. 23.

### Evangelistic Board Will Meet Friday

The Evangelistic board of the Central district will meet on Friday, Oct. 18 at 8 p.m. at Union Baptist church. All members are urged to attend. Rev. A. W. Patton, pastor of New Bethel Baptist church in Manly, Ia.,

### Resolutions State NAACP

#### SEE FRONT PAGE

local human rights commissions.

Urged youths to finish high school. Resolved that the local branches of the Iowa State Conference of Branches be urged to form committees to study the problem of de-facto school segregation, insofar as this may prevail to any degree in some local communities.

Condemned the housing policy recently announced by the national and state realtor groups;

Resolved that the state NAACP would be in favor of local branch committees being formed to investigate textbooks in history and social studies which still perpetuate derogatory stereotypes of American Negroes and give an unbalanced account of their contributions to the national cultural life.

Commended the city of Burlington. Mayor Abe Burrows and the Hotel Burlington Staff and committee members of the Burlington NAACP for a commendable conference.

Atty. Robert A. Wright, president of the Des Moines branch, was chairman of the resolutions committee. Atty. James B. Morris, Jr., was named legislative chairman by Mr. Nash.

### Test

A tuberculin test does what an ostrich doesn't do. It tries to spot danger instead of ignoring it. A positive reaction to a tuberculin test is a sign that the TB germ has lodged in the body and may (or may not) be causing disease. The way to determine whether disease is present is to get a chest X-ray which will show whether the germ has become active and started on a career of damage.

### Reaction

A negative reaction to the tuberculin test, on the other hand, is an "all clear" signal—no TB germs in the body.

Doctors urge everyone to have a tuberculin test or a chest X-ray. Your doctor or health department can administer it. Don't put it off—don't be an ostrich!

Sojourner Truth

Fear is one of the most difficult emotions we face. We are told by those who study human emotions that it is fear that causes hate. If my greatest fears were known, the experts might have a reasonably good idea what kind of person I am. They would have an even clearer idea if they knew how I handle my fears. Let's take a quick look at a fear that is haunting me as I write this column. I must face some angry people tonight. If you had the opportunity to

talk with each one, individually, you'd soon discover each was angry for a different reason. If there should be one among them who leaves the meeting able to face the real reason for their anger, I shall be both surprised and pleased because it's hard to face the fact that our emotions make fools of us all, at one time or another.

What's going on? One white high churchman is due in the city this week from the south. We are concerned with his presence because he is one of eight who expressed opposition to Dr. Martin Luther King's heroic efforts to do something about segregation. The eight high churchmen together failed to offer a better time or a better method of solving the problem. Furthermore, none of the gentlemen answered Dr. King's reply to their arrogant criticism.

The visit of Bishop Nolan B. Harmon was discussed in a CORE meeting. It was agreed that his stated position was an affront to Christian brotherhood and human dignity. We, who agree with Dr. King in his reply to the criticism of his efforts as "untimely and unwise," propose to give every delegate attending the October 16th meeting a statement of how we feel about the matter.

The test of brotherhood is in time of trouble. Who can resist applauding Dr. King when there are 200,000 people gathered on a beautiful, sunny day when he speaks of his great dream for America.

POLITICAL ADVERTISEMENT

It will take commitment to Dr. King's ideal and real courage to stand and be counted in Iowa as a white Methodist who disagrees with the silence of the power structure of the Methodist Church. The decision to act must be a personal one.

No one has said, "You must." Those seized by fear are behaving as if someone is pushing them. It is their conscience—not CORE.

If it were not for those white people who are determined to stand in Iowa with us who are Negro, I would be shedding an ocean of tears for the great dream of America as she might have been. Watch with sadness the departure of many white liberals. Rejoice in every person who remains when the going gets rough for them and for us. It isn't that Negroes are necessarily more courageous. It's just that we don't have any hidden place left.

but are close and fast friends. The dog, named Pretty Gal, is an affectionate black cocker spaniel and the cat, named Mickey, is a large black church group to compete with the other. It was just an unfortunate oversight by the magazine in creating a little unfair competition in the community. We are sure that members and friends of both local organizations will find a way to be loyal to both groups, and understand the local situation was not of the making of either local organization.

October continues to dish out its delicious concoction of golden sunshine, clear blue skies, warm southerly breezes and comfortable nights. Football whips up enthusiasm of fans around the nation and especially the midwest and Iowa. And local clubs plan and complete their busy calendar for the year.

Had an interesting chat with Mrs. Sylvester Green, 1511 Hutton street, last Saturday morning. They accompanied by their aunt and uncle had made a trip to Freeport, Ill., the weekend before. Mrs. Green and I, who had made a trip to Missouri the same weekend exchanged views and reactions over the glorious weather and the beautiful fall countryside. She reported they dined at a Negro restaurant, Salter's House, and enjoyed the delicious food and relaxing atmosphere.

Mrs. Green's daughter, Kathy, was celebrating her seventh birthday Saturday with a trip to the circus with family and friends. Mrs. Green recalled she usually got into the big production of a birthday party with 30 friends but had "renege" this year.

We were also quite impressed with the neighborhood in which the Greens are resident. The quiet, stillness of the early morning, bathed in the soft sunlight was rather soothing. To the left and right all the homes were in good repair, many with fresh paint and trim, with neat trimmed yards and flowers at almost every house, was indeed gratifying to see. Mrs. Green informed us that their street was in the Neighborhood Improvement Project (NIP) launched at Logan elementary last spring.

What many people forget is that regardless of the income bracket, most of us want to live in a clean neighborhood where all the neighbors are of comparable income and thus able to keep up their homes and yards alike. It does not matter what the family income is, \$5,000 or \$50,000. If the family is able to afford and want to buy in any bracket, they want to be sure their neighbors can do the same.

So long have we accepted what is supposed to be natural enmity between feline and canine members of the animal kingdom that we seldom question the hypothesis until faced with an example. We saw a good example where a dog and cat, both pets of Mrs. Inice Carter, 707 Laurel one almost as big as the dog. And of

course, as is the way of cats, he was in one of his aloof moods but Mrs. Carter assured us he too can get very affectionate on occasions. What struck us most we think was the actions of the pet which remind us of children—when one was singled out for attention, the other became demanding.

We promised Mrs. Clara Bayles a correction on an item published about her New York trip some time ago, but alas to our embarrassment it slipped our mind. When Mr. and Mrs. Clifford Bayles were in New York during the Delta convention, it was Mrs. Bayles' brother, Mr. and Mrs. Elbert Webb, who took them on a day-long trip to Lake Sebago, in Bear mountain. In addition it was Dr. Jean Noble, retiring president of Delta, who requested members of Phi Chapter (Des Moines) to come to the platform to pose for a picture with Atty. Gen. Robert M. Kennedy.

An unfortunate, but not too serious situation has been precipitated locally by Ebony magazine. A local federated club contacted them early last spring about sponsoring Ebony Fashion Fair here this fall. The club was informed that it could present the show but a release from the prior club who sponsored it in Des Moines would have to be secured first, if possible. The summer passed and the club almost forgot the idea thinking the magazine had decided against letting them sponsor the fabulous fashion show. In the meantime a church charitable organization had begun selling subscription with the approval of the magazine, which later informed the social club, that it could sponsor the show. However, the club members are finding it just a teeny difficult to sell tickets for the fashion show which also carries a subscription to the magazine. It was neither the intent of the club or the street, had not only drawn a truce

NEW STEPS IN  
EMPLOYMENT BY  
DES MOINES FIRMS

In keeping with the program to integrate Negroes into business establishments as a part of the awaking of many segments in the city which heretofore have done little about it, two Des Moines firms are announcing this week the addition of Negro employees to their roster in classes of jobs heretofore denied to them.

The Des Moines Savings and Loan Association has employed a man in the data processing department—this is certainly a new thing for most companies have hired women only.

Clark and West, Inc. has added a saleswoman to their real estate and insurance staff.

Both companies realize that good business is to be had among Negroes and while the activities of these employees are not among the Negroes only, they serve to let the public know that in addition to seeking business, they are offering youngsters opportunities to put in the practice for some of the things they learned in school.

Both companies are advertisers in the Bystander.

After all, along with the exercise of civil rights, Negroes must make money in order to enjoy them. And it further evidences a willingness to offer opportunities to those who qualify without regard to race, creed or color.

DEARTH OF ABLE  
CANDIDATES IN CITY  
PRIMARY ELECTION

Next week, the voters of Des Moines go to the polls to select candidates for each of the vacancies on the city council, baliff and clerk of the Municipal Court and judges who aspire for the four places on the Municipal Court bench. Only six have qualified for that race.

The Bystander has criticized the present council rather consistently because many members have been on dead center and thus the city has not moved ahead as it might have.

Judging from the list of candidates whose names appear on the ballot, there seems little hope for improvement.

Monday night, the candidates appeared at a political rally which was attended by 122 people. This is dismal evidence of the lack of interest in the candidates.

As might have been expected, the proposed housing ordinance occupied much of the time of the speakers. Five flatly opposed it while others were noncommittal or staddled to such an extent that nobody was able to find out where they stand.

Des Moines has not been a community where social legislation has fared very well. Too many voters cling to the old theory that a man may use his property in such a manner as to violate the rights of other people not realizing that as the population grows, more restrictions are placed around him and what he owns.

Like most social legislation, too many people become worked up over this ordinance without looking into just what it involves. A good example is the public accommodation law in Iowa which had been on the statute book for three quarters of a century before a real effort was made to enforce it. Today, few establishments worth patronizing attempt to discriminate against Negroes—they enjoy the facilities without fanfare and embarrassment.

Laws are made to punish the guilty and deter the person who plans or thinks of committing a crime. Nobody is punished for murder, theft or other crimes unless he breaks the law. And nobody will be punished for violating the proposed housing ordinance who obeys it.

Public officials are prone to hide until they see which way the wind blows. They cease to lead but insist on following the crowd.

In spite of the dearth of able candidates, voters have a duty and responsibility to go to the polls and cast their ballot, hoping that out of the bucket may eventually come some officials who have the courage and sense of fair play to vote for more social legislation which will help get Des Moines off dead center.

Hawks Aerial Attack Sinks Indiana, 37-26;  
Cyclones Upset Jayhawks; Drake Topples SCI

By Staff Writer

Iowa City, Ia.—Iowa's renowned, potent, razzle-dazzle offense that many fans had begun to think dead, lived again here Saturday before a thrilled homecoming crowd of nearly 57,000.

The Hawks resembled the Hawks of old as they unleashed a potent aerial blast (that set a Big Ten record) mixed in a sprinkling of double-reverses, a whole bag of staunch defense and cooked the Indiana Hoosiers goose, 37-26.

## Alert Defense

It was alert defense that gave the Hawks their impetus as they intercepted two Indiana passes and turned them into a field goal and a touchdown.

## Woodson Injured

Later on it was a stroke of fate, or a benevolent act of Lady Luck because Indiana's highly touted half-back and team leader, Marv Woodson, hurt his knee on his first carry and had to leave the game.

At halftime it was 23-6. Iowa runners collected 125 yards on the ground and the passers 263. Iowa meets Wisconsin at home Saturday in what is forecasted will be their biggest test.

## Cyclones

Lawrence Kans.—Unperturbed by their 13-point underdog status but to the contrary fired up to fever-pitch the Iowa State Cyclones surprised the awesome Kansas Jayhawks with a 17-14 upset, here Saturday.

It was, in the main, the power laden running of fullback Tom Vaughn and a timely defensive play near game's end plus Dick Limerick' 27 yard field goal that capped this sweet victory for the Cyclones.

Iowa State meets Colorado on Saturday.

## Drake Bulldogs

We supposed that being green and inexperienced one doesn't expect much from freshmen, especially in football.

But Drake Coach Bus Mertes certainly must have thought otherwise later in the game after upperclassmen failed to stop the Panthers of State College of Iowa, and in the second half he utilized his freshmen potential who erased a deficit of 6-0, and went on to win a 21-12 victory.

Mainstay in this offense ambush was Cranford Traylor, who scored two touchdowns.

## Little League Football

With just two weekends of play left in Little All American Football League play; the West team is leading the lightweight division while the East and West squads are tied for the top of the heavyweights.

Last weekend's results were: lightweights: West over East 14-13, North over South 12-6; heavyweights: East over West 24-0; North over South 21-7.

In lightweight action, Steve Strobe's extra points won for West after Murray Sauerbrei scored from 44 yards out and Jim Petersen plunged from the three. For the East, Dale Haag plunged from the three and Jeff Turner scored on a 40-yard pass play. North's touchdowns came on a 25-yard run by Ron Davis and Greg Byerly's 62-yard scamper. Bill Barnard returned a punt 75 yards to score for the South.

In heavyweight action, East rammed over three first-quarter touchdowns on runs of 73 yards by Delbert McGuire, 87 yards by Jim Kirby and 76 yards by Vernon Jeter. Howell Dameron added the final score in the fourth quarter on a 14-yard return of a pass interception. West never mounted a serious offensive

drive.

In the North-South game, North's Jerry Jones scored twice, once on a 62-yard run, and later went 92 yards with an intercepted pass. Ron Moen made North's other score on a 24-yard run. Ted Nemmers kicked three extra points. The lone South score came on a 71-yard pass play, Steve Connell to Gary Milligan; Steve Connell booting the conversion.

Next weekend's games are: Saturday, lightweight: South vs. West at 9 a.m.; East vs. North at 10:30 a.m.; Sunday, heavyweight: South vs. West at 1:30 p.m.; East vs. North at 3 p.m. All games are on Firestone Field north of the Firestone plant, admission is free and the public is invited.

Baylor, the Laker's bread-and-butter player, was in top form in the team's final scrimmage here last week. He dominated first-half play and wound up with 38 points to lead his "Whites" teammates to 105-97 victory over the "Blues" in the inter-squad game.

## Wake-up

We who have so many to blame,  
Find it hard to make a claim.  
Searching through the darkened past,  
I have found that we are last.  
Searching not for pride from within,  
We have a tendency toward sin.  
Broken homes and broken hearts,  
We have tended to depart.  
From the rule of God and man,  
We have always made demands.  
Whereupon we should ask,  
What is our given task.  
Fruits of our labour we are to keep,  
Making sure we do not sleep.  
Give to drink, fun and merrimac,  
We have set each other back.

Pool hall, taverns, wicked dens,  
Thus it seems our life depends.  
Part we must, from this man-made  
hell,  
For only the future can fortell.  
Downing others for our lack,  
We should make sure it is not that  
we are black.

Start here as we must,  
Make it now, or our souls will rust.

## TEACHER'S PRAYER

Help me, dear Lord, to unlock each  
small heart  
With keys of kindness and with  
loving care.

With wisdom may I set each child  
apart  
That has some special need. Make  
me aware  
Enough to take the time that I  
might spend  
In idle chatter somewhere through  
the day  
To make some lonely child a better  
friend  
By patient guidance in his work and  
play.  
With faith and understanding  
sympathy,  
I pray to heal where discipline can't  
reach,  
The need to love each child that I  
would teach.

Birmingham Says 'No  
To Negro Policemen;  
Fear Demonstrations

Birmingham, Ala.—Mayor Albert Boutwell Monday rejected demands from Negroes and whites alike that the city immediately add Negroes to its Police Department.

Renewed racial demonstrations are threatened if the demands are not met.

"City action on the question of Negro policemen will not come from deadlines, demands or threats from any source, but will hinge on meeting requirements of established civil service laws governing city hiring of all classified employees," Boutwell said.

Dr. Martin Luther King, Jr., last week gave Birmingham two weeks in which to hire 25 Negroes as policemen. The alternative—resumption of "bigger than ever" demonstrations, he said.

The integration leader and a colleague, the Rev. Fred L. Shuttlesworth of Cincinnati, outlined two conditions in a prepared statement: That a minimum of 25 Negro policemen be hired within the next two weeks, and that a face-to-face meeting be held between the City Council and Negro leaders to discuss how Negroes may be hired as firemen, clerks and in other fields.

Mr. James A. Bailey has saved with us  
since 1923...and he has good reasons, too.

Any person who saves with one association for over 40 years has good reasons. Good enough for his five children to save with us as well.

As Mr. Bailey says: "I like the sincerity of the folks at Des Moines Savings... and the service."  
Mr. Bailey knows all the "oldsters" at Des Moines Savings including Elmer E. Miller, president of Des Moines Savings. And Mr. Miller's door is always open to Mr. Bailey for a little reminiscing. Lots of that to do, too, since Des Moines Savings recently completed modernization and expansion.

You're just as welcome as Mr. Bailey has been for nearly half a century. Come in and open a savings account or talk about a home loan.
