Justice Black Rules No Delay of Rights Law

In Atlanta Restaurant Case

Justice Hugo Black of the Supreme Court ruled last week that the southern populace has no out in their desire and efforts to get around the recently passed Civil Rights Bill.

Justice Black refused to block enforcement of the public accommodations section of the new civil rights act.

The jurist turned down a request by a motel and a restaurant in Atlanta, Ga. for an order staying effectiveness of a lower court decision that the section is constitutional.

The two firms said in a petition to Black that they would be irreparably injured if they were not granted a stay pending final action by the full Supreme Court on appeals to be filed later.

The validity of the section was upheld earlier by a special three-judge tribunal in Atlanta.

This decision by Black looms as a precedent in future rulings relative to the public accommodations section of the historic civil rights act.

Owner Defiant, Furious

In Atlanta the restaurant owner, Lester Maddox, who during earlier efforts to integrate his facilities had threatened demonstrators with a gun and clubs and poured purifier in the swimming pool that Negro demonstrators were swimming in, said after the ruling that his establishment would never integrate. He further stated emphatically:

"I was shocked to hear others extending the opinion that I must as an American forego my rights under the Constitution and become subservient to those who demand that I must surrender my rights as an American to my property," said Maddox. "Pickrick will never integrate." Asked if he would close his restaurant, Maddox said, "I think the federal government will close my establishment."

"We are just really hurt that our

government will tell us that we no longer can be free as Americans and no longer can we select our customers," he said. "It's involuntary servitude; it's slavery of the first order, it shows complete, utter disregard for the United States Constitution."

He declared that if the request for a stay of the law is not granted and his establishment is forced to accept Negroes his corporation, The Heart of Atlanta Motel, would "suffer severe economic consequences and irreparable damages." But, Maddox said that "we will obey the court order."

Broad Power

"Without specifically addressing myself, as a single justice to the validity of the particular provisions of the civil rights law under attack here, either as written or as applied, I believe that the broad grants of power to Congress in the commerce clause and the Fourteenth Amendment are enough to show that Congress does have at least general constitutional authority to control commerce among the states and to enforce the Fourteenth Amendment's policy against racial discrimination."

Arrest Near of Rights Slayers President Johnson Says

Philadelphia, Miss.—The gruesome, inhuman slayers of three civil rights workers in Mississippi are about to be brought before Lady Justice as arrest of a group of suspects appears imminent.

In Austin, Tex., last week, President Lyndon Johnson said "substantive results can be expected in a very short time" in the case.

He said that "perpetrators of these crimes and law violations are being apprehended and will be brought to justice."

Reliable sources said the FBI is busy trying to locate the weapon matching five bullets removed from the bodies of the men during autopsies in Jackson.

"Murder in any state," the President said, "whether in Mississippi or Georgia or New York, and Civil disorder in any region—North or South, East or West—cannot and will not be condoned in this country."

The civil rights workers Andrew Goodman and Michael Schwerner both Caucasian and Negro James Chaney were found after an intensive six-week search buried deeply in an improvised dam.

Howard U. Awards Nearly \$400,000 In Competitive Scholarships

Washington, D. C.—Howard University officials today announced the awarding of scholarships to undergraduate freshmen as a result of the University's National Competitive Scholarship Examination during the past school year.

In all, 101 freshmen will enter Howard's four undergraduate colleges in September on scholarships which could total \$378,000 over a period of four years. Awards of \$1,100 per year, designed to cover

the entire cost of tuition and fees, books, and living expenses, have been made to 71 students. Thirty others received grants of \$550 per year for four years.

Visits 50 States

High school students in most of the 50 states and the District of Columbia were tested by Howard examiners during a three-month period last year. The examiners visited schools ranging from Massachusetts to Florida on the East Coast, as far west as California, and north to Michigan. They included all states within these boundaries.

DEADLINES SET FOR 1964 DEER APPLICATIONS

Iowa deer hunters do not have to hurry their applications for 1964 gun permits.

The State Conservation Commission announced today that it will not accept any application for a gun permit before 8:00 a.m. CDT or 7:00 a.m. CST, August 28, 1964. Beginning on this date the Conservation Commission Office will accept all applications received through 4:30 p.m. CDT or 3:30 p.m. CST on Sep-

NEWS In A Nutshell

New York—America is well on the road toward establishing the first bi-racial democracy in history, declare Eli Ginzberg and Alfred S. Eichner in The Troublesome Presence, to be published on September 14 by The Free Press of Glencoe, a division of The MacMillan Company. In this new study of American democracy and the Negro, the authors search nearly 350 years of history.

Washington, D. C.—"There shall be no delay in eliminating discrimination in the operation of any program carried out by the Department . . . the time to put his legislation into effect is now, not tomorrow—or next week—or soon—but today," said Secretary of Agriculture Orville L. Freeman Monday in opening a series of one-day conferences here on implementing the Civil Rights Act in the U. S. Department of Agriculture.

New York—Contrary to popular belief, the vast majority of America's poor are neither black nor living in depressed areas like Harlem or Appalachia. These "forgotten" poor are the five million invisible white families who live hidden in city slums.

Fort Worth, Tex.—The NAACP has asked complete integration of all Fort Worth public schools, the school board president, Atwood McDonald, said last week.

New Orleans, La.—Five white youths were arrested in connection with the shooting of an 8-year-old girl in Algiers. The girl, Vonelle Jackson, suffered a superficial gunshot wound on the right thigh.

Atlanta (NPI)—At least a half-million Negroes have been added to voter registration rolls in the South this year—but white voters in Dixie still outnumber Negroes about 6 to 1. However, a steady increase in the number of Negroes registering in the South is expected up until the November elections, the Southern Regional council reported last week.

Los Angeles (NPI)—A group described as Catholics who are disenchanted with his lack of leadership against racial discrimination, demonstrated at the chancery office against Francis Cardinal McIntyre, archbishop of Los Angeles last week, as the prelate was offering a Requiem Mass for a distinguished Negro churchwoman.

Tallahassee, Fla. (NPI)—A bullet was fired into the home of Dr. L. Gilbert Porter, president, all-Negro Florida State Teachers association, here last week. Dr. Porter, at home at the time, said the bullet travelled through a window to the living room, passed into the dining room and became imbedded in a buffet drawer.

September 11, 1964. Any applications received before or after these times and dates will be returned and not included in the drawing. Application forms are now available from Conservation Officers and County Recorders.

Youth Vocational Training Program Available For Drop-Outs

All persons interested in the Youth Vocational Training for School Drop-outs may enroll by making application to the Youth Project Office, 700 6th Avenue, Hawley Building. Call for appointments, CH 4-1181 during office hours 9:00 a.m. to 4:30 p.m. A staff person will also be available for evening appointments.

All Drop Outs

The Job Training program is open to all Polk County boys who are school drop-outs ages 17-22 years, single or married, who have been out of school for at least a year. Training in several vocations will be offered, and youth with assistance of vocational counselors will have an opportunity to select the area of training in which they are interested and have ability. Cash allowances

will be provided each trainee to take care of personal expenses while in training.

The Project is financed by a grant from the Department of Labor; Office of Manpower Automation and Training; Department of Health Education and Welfare. Locally the sponsoring agencies are the Council of Social Agencies, State Department of Instruction-Vocational Education, Des Moines Public Schools, Polk County Schools, Iowa State Employment Security Commission-Manpower Development Training, and the Des Moines Office, Iowa State Employment Service.

Apply Now

Interested youths are requested to apply immediately as recruitment will be closed when 100 youths are selected.

Telephone Company Reduces Long Distance Rates

Reduced rates for long distance telephone calls within Iowa were today filed with the Iowa State Commerce Commission by the Northwestern Bell Telephone Company. The lower rates are expected to save Iowa phone users \$1,130,000 a year.

As filed, the new long distance rates will become effective Sept. 13. According to T. S. Nurnberger, Northwestern Bell Vice President and General Manager, the proposed rate reductions result in part from the Commission's request that public service companies review their operating costs in terms of savings from the recent changes in federal tax laws. "In addition," he says, "the lower rates reflect economies from the Company's increased use of new equipment and new techniques which are helping to lower the cost of handling intercity calls over longer distances."

Expansion

Nurnberger stated, "Northwestern Bell has a program of expansion and improvement for Iowa in 1964 amounting to \$38.2 million—up \$6.7 million over last year. It has the dual purpose of accelerating use of

George Schuyler Backs Goldwater

St. Louis, Mo.—The associate editor of the Pittsburgh Courier, the largest Negro newspaper in the country, said Tuesday he will support Senator Barry Goldwater for the presidency. George Schuyler, who is the Republican candidate against incumbent Representative Adam Clayton Powell in Powell's New York Harlem district, said Goldwater recognizes we've been getting away from constitutional government."

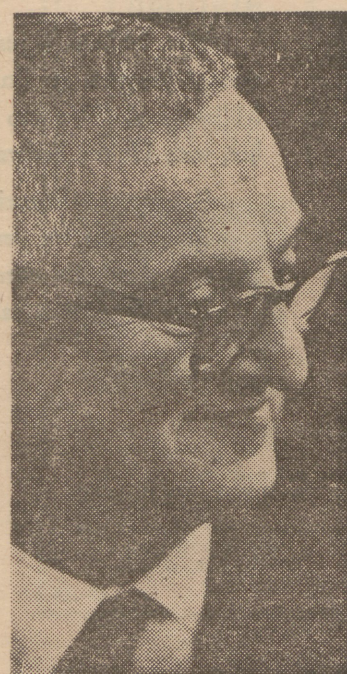

The new equipment and techniques of stimulating Iowa's economy." Both conform to the objectives of the federal tax reduction legislation, he added.

The proposed reductions in long distance rates range from 5c to 40c on a three-minute call, depending upon the type of call, distance and time of day. Lower rates would apply for all calls over 87 miles and for many calls of shorter distances. The changes include the establishment of a substantially lower schedule of rates for "after 9 p.m." station-to-station calls. The lower "after 9" rates begin at 47 miles and provide a maximum rate of 60c for a three-minute call over the longer distance in Iowa, a reduction of 40 per cent.

Golden, Liberal Publisher, to Receive Elks Lovejoy Award

Harry Golden, famous liberal editor, publisher, public speaker, and outstanding advocate of civil rights, has been selected as recipient of the Elijah P. Lovejoy Award for 1964, according to an announcement this week by Hobson R. Reynolds, Grand Exalted Ruler of the Improved, Benevolent, Protective Order of Elks of the World.

The Lovejoy Award, named in honor of the famous Illinois martyr who gave his life in the cause of freedom back in slavery days, is the highest honor bestowed by the Elks and is "presented to that person, regardless of race or color, judged for most distinguished services rendered humanity during the previous year." Golden will receive the award on Monday, August 24, 1964 at the city auditorium, Miami, Florida, during the 65th annual grand lodge session and convention of the Elks.

Bobby Washington, Ex-SUI Cage Star, Accused After Argument, Scuffle

Iowa City, Ia.—An argument stemming from bad feeling between two former State University of Iowa students erupted into a shooting incident here Saturday night resulting in the death of one. Police officers did not reveal the reason for the slaying but emphasized that it was not race.

Accused in the shooting is Robert Lee (Bobby) Washington, 27, former SUI basketball player. He waived preliminary hearing when he was arraigned Monday morning in Iowa City Police Court. He was charged with first-degree murder. He made no statement at his court appearance. He is accused of slaying John W. Cavanaugh, 34, father of four children and also a former SUI student. The shooting took place at 1 p.m. inside Lil Bill's Pizza House in downtown Iowa City.

Admitted Shooting

Authorities said that Washington has admitted the shooting. They said Washington told this story of the incident: Washington and Cavanaugh met at a downtown union hall. After an argument they scuffled until a union official and a bystander separated the two. Washington left the hall, went to his room, which is located over the Pizza

parlor, and there obtained a .25-caliber automatic pistol which officers said was owned by his roommate, Willie Bowers, 36.

Ammo

Washington said he then went to a sporting goods store and purchased ammunition for the gun. Then he returned to the union hall, but Cavanaugh was gone. Washington then went to Lil Bill's where he was a regular customer. Cavanaugh entered while Washington was seated at the bar. The argument began all over again.

Need Help?

Bartender David A. Clark told police he tried to get Cavanaugh to leave and witnesses reported that Washington offered Clark help. Clark refused help then Washington reportedly said, "I'll give you some

U.S. To Give Rights Workers Medical Aid

New York—The White House has notified Roy Wilkins, executive secretary of the NAACP, that emergency first aid and medical services in Federal hospital and health facilities in Mississippi will be made available to civil rights workers in that state.

This assurance came in a letter signed by an aide to President Johnson, Lee C. White.

Mr. White said that the President had asked him to look into the matter following receipt of a telegram from Mr. Wilkins, Dr. Kenneth W. Clement, president, National Medical Association; and Dr. Alonzo Yerby, president, New York City Public Health Association.

\$3,000,000 Grant Largest Received by Hampton Inst.

Hampton, Virginia, August 6—Dr. Jerome H. Holland, President of Hampton Institute, today called a \$3,000,000 grant of the James Foundation of New York to Hampton "a benchmark in American philanthropy, unquestionably one of the most generous gifts ever made to a Negro college, and the largest ever received by Hampton Institute."

"The impact of this grant on Hampton Institute's \$18,000,000 development program is of immeasurable significance."

In General Purpose

\$1,500,000 of the \$3,000,000 grant is for "general corporate purposes." The other \$1,500,000 is to be used for "building renovations."

Hampton Institute was named a beneficiary in the will of Arthur Curtiss James, a railroad industrialist who died in 1941. James had been a member of Hampton's board for 48 years, its Chairman from 1930 to 1935, and he had made numerous gifts to the college during his lifetime. A frequent visitor to the campus, he took an active part in Hampton's growth.

Both Washington and Cavanaugh attended school at the university and worked part time. Washington was called a "defensive standout" guard while on SUI basketball teams. He lettered in the 1957-58 and 1958-59 seasons, his sophomore and junior years, but played only 14 of the 24 games during the 1959-60 season. Photo courtesy of Des Moines Register-Tribune.

WILKINS ISSUES CALL FOR RIGHTS LEADERS TO MEET

New York—Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People, today released the text of a telegram which he sent to the five other major civil rights leaders Wednesday, July 22, proposing that they meet to discuss how they may present a united front opposing the election of Sen. Goldwater to the presidency.

The wire was sent to the Rev. Martin Luther King, Jr., president of the Southern Christian Leadership Conference; James L. Farmer, nation director of the Congress of Racial Equality; Whitney M. Young, Jr., executive director of the National Urban League; A. Philip Randolph, chairman of the Negro American Labor Council; and John Lewis, chairman of the Student Nonviolent Coordinating Committee.

Defense Fund Attorneys Win Victory

Jacksonville, Fla.—A federal judge has ordered 17 St. Augustine, Fla. motels and restaurants to start serving Negroes this weekend and enjoined segregationists from interfering with either the white owners or their Negro patrons.

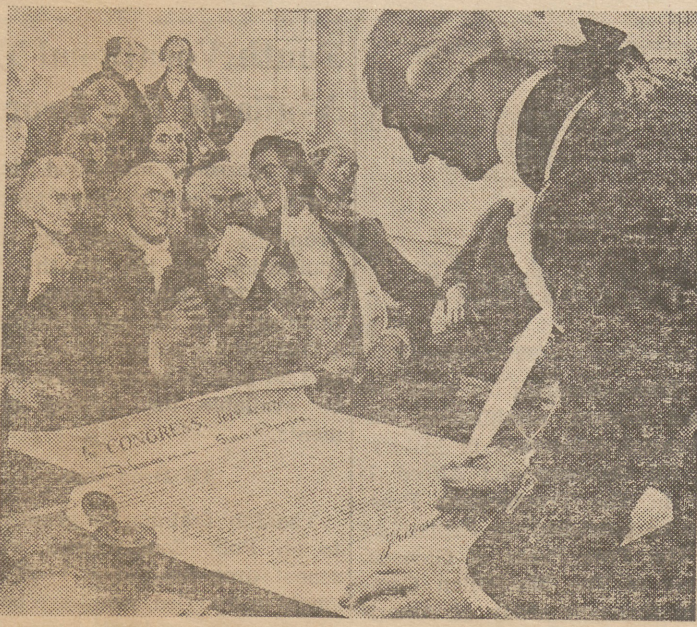

Acting on behalf of the Southern Christian Leadership Conference and local Negroes, attorneys of the NAACP Legal Defense Fund won their second test of the 1964 Civil Rights Act. The lawyers challenged the new pattern of resistance to the historic law.

This pattern crops up when white segregationists have attacked Negro customers, and sometimes the white owners, when the stores, motels and other public facilities have peacefully integrated.

Something To Sneeze At!

Hay fever is a favorite subject with the comics; but there are some eight or nine million Americans for whom the subject isn't funny at all. For most, fortunately, the agony is only temporary. Sneezing spasms, runny, swollen nasal passages, itchy tear-filled eyes plague the victim for a few weeks every summer and then it's all over for another year.

Sneeze

But others suffer regardless of the season. Their misery can be set off by a host of sneeze-producing substances—dust particles, feathers, pets, even certain foods. In addition,

Cambridge, Md.—Charles Cornish was elected president of the Cambridge City Council Monday night. He is the first Negro to hold such a post in Maryland.

Cornish, the senior member of the council, has represented the all-Negro Second Ward for 18 years.

one out of three hay fever victims develops asthma. And that can become serious indeed if it isn't treated promptly and properly.

Hay fever is one of the allergic diseases; its victims are sensitive to substances that don't bother most people. Actually, the term "hay fever" is a misnomer. Its medical name is allergic rhinitis, and it's seldom caused by hay, rarely accompanied by fever.

Victims

For all hay fever victims, rule number one is the same: See your doctor. Not every case is alike, not every treatment equally effective. The doctor may run a series of allergy tests to determine precisely what it is that makes you sneeze. Antihistamines and hormones (such as the well-known drug, cortisone) are sometimes prescribed—but these should never be used except on medical advice.

The doctor may suggest using an air conditioner. Or—in unusually severe cases—he may advise you to move out of any locality where there is a high incidence of pollen in the air during the summer.

Whether you call it hay fever, allergic rhinitis, or something more graphic but less irritable, for one out of 20 Americans it is something to sneeze at!

good ways to measure your telephone service

Measure the pleasure. Take a generous cupful of happiness for each friendly visit you make by phone. Add heaping tablespoons of fun for the parties, the dinners, the good times that start with phone calls...

Measure the convenience. Tote up the hours of errands your telephone runs—to grandma's, the grocer's, the cleaner's, the office. (Don't forget the minutes and steps you saved with a kitchen, bedroom or basement extension)...

Measure the cost. Count the few pennies you pay for dependable, 24-hour service. Add it all up and you'll know why your telephone service is worth more than it costs.

Dorothy K. Jones

CARD OF THANKS

To the many relatives, friends, neighbors, ministers, and various club organizations, we wish to thank you for your many acts of kindness and comforting expression of sympathy shown to us at the time of the death of our beloved wife and mother, Zula Turner. Your deeds will always be deeply appreciated and gratefully remembered.

Mr. Arthur Turner and family

CARD OF THANKS

I wish to thank everyone, including the Maple St. Deacons Board and Rev. and Mrs. James Harris, for their kindness, cards, and flowers extended to me during my stay in the hospital. May God Bless You All.

Good taste and good nutrition are two reasons why American consumers like milk and other dairy foods. Increased public knowledge of nutrition and its importance in human health account for remarkable recent gains in the per capita consumption of fluid whole milk, and record use of cheese and other dairy products.

We Welcome Letters

Simple Meal for Saturdays!

WE'RE FOR WORKING WIVES who, when Saturday rolls around, like to forget about work... and have fun! However, we like good food, and we don't choose to deny ourselves that pleasure... so we plan ahead to make Saturday's meals EASY and QUICK. Here's one menu we'd like to share: Meat loaf... mix it the night before and refrigerate; bake it on Saturday while you play! Poppy seed rolls... wrap in foil and pop into the oven during the last few minutes of baking the meat. A big green salad... wash greens and leave them in crispier during day; add dressing at the last minute. And for a delectable dessert—these maple peaches, that can be baked with the meat loaf, too, and served warm. If you like, pass a pitcher of thick cream to top the fruit.

MAPLE PEACHES
(using fresh peaches)
5 whole fresh peaches, peeled 2 teaspoons lemon juice
1 tablespoon butter 1/4 teaspoon cinnamon
1/4 cup Log Cabin Syrup 1/4 teaspoon mace
1/4 teaspoon salt
Place peaches in greased baking dish. Combine remaining ingredients and pour over peaches. Cover and bake in moderate oven (375°F.) 15 minutes. Uncover and bake 15 minutes longer, basting occasionally. Serve warm. Makes 5 servings.

Jelly Making—Easy and Rewarding

—Photo courtesy Ball Bros. Co.
Spend a little time during the summer making jelly to be used on breakfast toast, hot biscuits, between-meal sandwiches for the children, and a sizeable food expense item from your next winter's grocery bill! Excellent jelly is easily made from the juice of tart apples, grapes, currants, blackberries and several other fruits and berries. They contain enough pectin, the substance in fruits which makes jelly "set." But, some fruits are low in pectin, notably cherries, peaches, strawberries and sweet apples, and the amount of pectin in a fruit may vary from season to season. It is also influenced by the degree of ripeness. You may mix fruit juices known to be low in pectin cup for cup with those known to contain a great deal of pectin, but it is usually better to add pectin—the kind you buy in liquid or powdered form—when making jelly of low-pectin fruits. It is also faster. A one-minute boil is enough for jelly-making when you use either Certo or Sure-Jell, well known brands of natural fruit pectin. You may even make jelly from canned or frozen juices and fruits by using pectin. This is one of the easiest ways of making jelly because it eliminates preparation of the fruit and permits you to make jelly any day of the year in about 15 minutes time. Pectin may be bought at the food store in either liquid or powdered form. Be sure to follow the directions which come with the bottle or package when you make your jelly.

New Go-Guide to Pleasant Motoring Now Available

Washington, D.C.—GO-GUIDE TO PLEASANT MOTORING, a travel directory served as a resource for information to point up the need for the Public Accommodations Bill. "GO" was used as a reference by the Justice Department, Civil Rights Commission, Department of Commerce, Congressmen and Senators in the preparation of testimony for hearings in support of the Public

Accommodations section of the Civil Rights Act.

Continual Service

Now that the Civil Rights Act has become law, the publishers will continue to be of service to the traveling public in assisting them to find adequate accommodations without being confronted with incidents of discrimination.

This travel directory has within its covers essential information regard-

ing accommodations for the minority traveler. It lists hundreds of hotels and motels in all 50 states which are complying with the new law.

Welcome

In the preparation of the 1965 issue, according to the editors, efforts will be made to include hundreds of additional listings where ALL travelers will find a warm welcome.

Copies of the directory sell for one dollar and may be obtained from GO-GUIDE TO PLEASANT MOTORING, 207 Florida Avenue, N.W., Washington, D. C.

LINKS NAME COORDINATOR OF LEGAL DEFENSE DRIVE

New York, N. Y.—The appointment of Mrs. Eula Trigg of Washington, D. C. along with Mrs. Oneida Cockrell of Chicago, Ill. will serve as Coordinators of The Links' Fund for Legal Defense and Education was announced here today (July 22, 1964) by Mrs. Vivian J. Beamon of The Links, Inc.

The announcement came at a briefing seminar in the New York offices of the NAACP Legal Defense and Educational Fund, the legal arm of the entire civil rights movement, which is slated to receive \$75,000 under the new program in the next three years.

Collar the Clock!

PUTTING a collar on the average kitchen timepiece will brighten up the clock wall and make it both attractive and more useful.

Lay the clock on a piece of paper and trace its outline. Transfer the drawing, by means of carbon paper, to a panel of Masonite Tempered Plywood one-eighth inch thick. The material should be large enough to allow for the sawing of a "collar" to fit around the clock.

The center of the "collar" may be cut out with a coping or similar-type saw. To get the blade started, insert it in a hole bored near and inside the line marking the outline of the clock.

Shape of the clock will determine whether the outer edge of the "collar" is round, square or hexagonal. The distance between the clock and the outer edge of the Plywood should range from four to six inches, depending on the size of the clock and the amount of wall space available.

Friction ordinarily will keep the "collar" in position, flat against the wall at the back of the clock, but if the sawing has been irregular and the border is loose, insert small pieces of wood to take up the slack.

Arranged in clockwise order around the clock's new border may be glued the leaves from a small calendar.

The ingenious homemaker can decorate the clock in various ways.

The Textured Rug. New Look for Home

FREE DIRECTIONS are available for crocheting the Textured Rug. You'll find it an attractive addition to your home.

News on the home front is the trend toward texture. A striking example of this "new look" is the Textured Rug, designed by Kentucky Yarns. The soft high pile and interesting pattern add beauty to polished wood or linoleum floors.

Its uses are varied. Teen-agers will find it a perfect "camping spot", small children will love a bright-colored version by their bed. Use it, too, as a color accent in a living room, hallway, or den.

Easy to crochet, the rug can be made in any size you wish. It works up quickly in rounds done in a fast loop stitch, set off by squares in contrasting colors. Shown here in fluffy loops of white Soft Spun, with squares in black and red, the

rug is equally handsome crocheted in a single color—Kentucky's rosy new coral, for instance. Or, choose among the wide range of colors available in Soft Spun yarn for the combination that fits your decorating scheme.

Economy-minded homemakers will applaud the news that, in these days of rising prices, Soft Spun is still sold for 29¢ a skein at leading variety stores. Washable, color-fast and shrink resistant, the yarn is guaranteed to give lots of wear.

To obtain a free, illustrated instruction leaflet for crocheting the rug, send a stamped, self-addressed envelope to the women's editor of this newspaper. The leaflet will be mailed to you promptly.

Ford of Albany, N.Y., president of the National Association of Girl's Conference was present. Miss Hawkins served on several Committees of the Girl's Conference. On their Program was listed the name of the National Statistician Miss Paula Herold of Iowa. Mrs. Mame Reese of Georgia was elected National Pres. of the National Association of Colored Women. She was formerly a teacher at Tech High School in Des Moines.

Miss Hawkins' supervisor was Mrs. Gertrude North State Supervisor.

FAIL TO ACT

Law abiding citizens have complained that even though public lynchings have just about ceased in the South, Negroes are being murdered in silence that seldom comes to light.

The recent slayings of three civil rights workers in Mississippi and the army colonel in Georgia are instances but were known only because of the prominence of the victims.

And the solution of these crimes would never have come about had not the FBI stepped in and wrapped up the job. Those people who constantly complain of states rights and federal interference of local governments are given examples that not only does the federal government do for the people what they can't do for themselves but also does for the people what they should but won't do for themselves.

INTEGRATED

BASEBALL TEAMS

Saturday night, the Indianapolis Clowns and the Brooklyn Stars made another of their unique appearance at Sec Taylor Stadium in Des Moines. As usual, they drew a good crowd (always better than was done in the declining years of the Des Moines team) most of whom were white people. Interestingly, Negro teams have always drawn good crowds in Des Moines.

Undoubtedly much of the Clowns' drawing power is due to the rather ridiculous side shows they put on. And while some acts are somewhat ridiculous at times, they are not of the "Uncle Tom" type and serve to give a fellow a good laugh.

These shows are the type of entertainment Negroes have been trying to shake off. Yet, this is those fellows' way of selling their product. They seem to reason that others have done it on themselves and made money. Why not they?

Aside from the clowning, these fellows play pretty good baseball coming up with plays that drew applause from the audience on many occasions.

But as one watches these teams which travel from place to place, he can see that there is little money to be had in that type of operation. As Jackie Robinson said in his book "Baseball has done it", they play under difficult conditions jumping from town to town, almost daily, often without sleep, training and little money for their effort.

And as one watched the New York Yankees and Baltimore Orioles baseball game on television Sunday when Al Downing pitched and Elston Howard caught a superb game with the rewards of big salaries for their services which enabled them to enjoy all the things the Indianapolis Clowns and Brooklyn Stars don't have; to be shown on the big TV networks as stars of the game—it is a glaring difference in segregation and integration.

Had integrating never come in baseball, Negro players would be traveling over the country eeking out a livelihood with little glory besides. It only goes to show that if Negroes are to make money—also as other do—they must get where money is, and enjoy the blessings it will bring.

CONGRATULATIONS TO SENATOR RUSSELL

Senator Russell of Georgia, lead the fight against the Civil Rights bill and voted against it. He made a long hard struggle but his position finally was forced to give way to the demands for passage of the measure.

Recently, Senator Russell made a speech in his home state in which he told the people that now that the measure had become a law they should obey it. If they are still opposed to the law, they should challenge it in an orderly manner through the courts and not by mob violence and other types of lawlessness.

The senator is certainly to be congratulated upon this high type of statesmanship. It is the type

of advice, coming from southern leaders like Senator Russell, which will go a long way in helping to make the law succeed in curing the evils at which it is aimed. And it is the type of advice too many have refused or failed to give that has encouraged the rabble-rouser to take the law in their own hands and destroy the foundation of democratic government.

Quick Dessert For Fall

By Betty Barclay

SOMETHING new, delicious and easy to make for Fall appetites is this "Apple Top Tapioca". At family or company meals, it's bound to be a sure success... especially when made with quick-cooking tapioca.

Apple Top Tapioca

1 egg white; 2 tablespoons sugar; 1 egg yolk; 2 cups milk; 3 tablespoons quick-cooking tapioca; 1/4 teaspoon salt; 2 tablespoons sugar; 1/4 teaspoon vanilla; Cooked sweetened apple sections.

Beat the egg white until foamy. Add 2 tablespoons sugar and continue beating with egg beater until meringue stands in soft peaks. Set aside.

Mix egg yolk, milk, quick-cooking tapioca, salt, and 2 tablespoons sugar in saucepan. Cook and stir over medium heat until mixture comes to a full boil (5 to 8 minutes). Pour a small amount of hot mixture gradually into meringue, blending well. Quickly stir in remaining tapioca mixture. Add vanilla. Let stand 15 to 20 minutes; stir. Place tapioca cream in serving dishes. Top with cooked sweetened apple sections. Serve warm or cold. Makes 4 or 5 servings.

Looks as if the Yankee pennant hopes are going to have to depend a great deal on the left arm of Al Downing. Most of the baseball fans saw the great game pitched by Downing. The fireballing southpaw has finally arrived. You will recall that in last year's world's series against the Dodgers, Downing pitched well enough to win, but lost one of the four games his team dropped. But then the big man was Whitey Ford, still a great pitcher. But Ford must move over to make room for the youngsters. Who do we favor? Well we guessed the Yanks and Dodgers and we would like to gain an even break in our prediction. Those blank Dodgers can't get above 500 ball. They have the same ball club but not the same number of wins.

Football

We read an article in a sports magazine about Jimmy Brown, of the Cleveland Indians. The writer conceded that Brown is the greatest as a runner, but says the Brown's star can't or won't block. Yet in watching Brown games as we see them on television we have seen Jimmy flatten an occasional opponent when a teammate had the ball. The writer pinpoints his area by restricting it to the pass protecting area.

But last year the big fullback was either carrying the ball or running out to either catch a pass or serve

as a decoy for some other pass catcher. So how many times would he have to block for a passer? Not very many. Certainly not enough to form an opinion.

Reminds us of a former star ball carrier of whom it was said that his weakness was on defense. But they forgot to mention that the star ball carrier was a line backer before he became a ball carrier and line backer are not weak on defense.

Hotentots

We thought the has been hot shots with about three Negroes had a great season. But they got into the various softball tournaments and reached back to get some of the older Hotentots. Well, they got right up to the door of the sub state meet and had the door shut in their face. Some of the curbstone managers said the team had too many of the old Hotentots who had outlived their best days as ball players. Oh, well!

Patterson Moves Up In Heavy Ratings

New York—Floyd Patterson was boosted from seventh to second among heavyweight contenders and named "fighter of the month" in The Ring magazine's ratings.

The former two-time champion was doubly honored because of his lopsided 12-round decision over contender Eddie Machen of Los Angeles at Stockholm, Sweden, last Sunday. Only ex-champ Sonny Liston now ranks above Patterson in The Ring's ratings.

A wide variety of advertisers are using the columns of the Bystander to acquaint the public with what they have to sell. They are looking for business and believe that this medium is a good avenue to carry their message.

LAYS BLAME

Provocation

"No responsible community leadership condones the rioting, the reckless provocation of police officers, the destruction of property, and the looting," said Hildebrand, addressing the rioters. "We condemn such actions and we sternly warn those guilty of such acts that they are betraying their own people and the cause of racial justice everywhere."

Clubbing

Then hitting at the indiscriminate clubbing of innocent people who were not involved in the mayhem, by the predominately white police contingent, Hildebrand said, there is an "urgent need to curb the reckless and panicky violence which characterized so much of the police activity during the disorders."

"Bluntly stated," he declared, "there has been a loss of confidence in the Police Department from the Commissioner down to the officer on the beat."

Blames Mayor

Hildebrand also struck out at Mayor Robert Wagner's continued support of Police Commissioner Michael Murphy and a nine-point program which the Mayor says he will institute to head off further racial incidents.

It will take more than police action or the Mayor's "pious promises," Hildebrand asserted, "to quell the resentments fostered by contemptuous disregard of basic human needs."
