Jackson Elected Vice-Chm. of Polk Anti-Poverty

It was exactly a week before Christmas when a Western Union representative delivered a telegram from the Department of Defense in Washington, D.C., to a Des Moines mother telling her that her oldest son, just 19, had made the supreme sacrifice for his country.

is survived by his father, Clemear, who lives in Mississippi, and five brothers and sisters. They are Redell Canada, jr., 15; Martha Ann, 12, Richard Lee, 8, Lisa Pearl, 6, and Dennis Eugene, 4.

According to Mrs. Arthur W. Murphy and Mrs. Hale A. Woodruff, co-chairmen of the 90-member benefit committee, the estimated \$30,000 proceeds from the concert will be used to help meet the Legal Defense Fund budget, which was \$116,000 in 1965.

Surviving are his wife, Madge; a daughter, Mrs. Rose Marie Webster of Des Moines; a brother, Harry Gaiters of Kansas City, Kans., and three grandchildren.

BENEFIT CONCERT

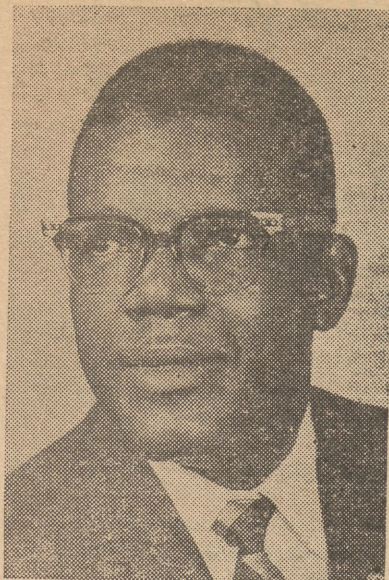

FOR LEGAL DEFENSE FUND

The Legal Defense Fund, often called the legal arm of the entire civil rights movement, is presently defending some 17,500 individuals arrested during peaceful protest demonstrations against segregation and discrimination.

Staff

Founded by the NAACP as a separate corporation in 1939, the Legal Defense Fund has handled an estimated 90 per cent of all court actions to help Negroes gain equal rights in the South.

With a staff of 17 full-time lawyers and 121 cooperating attorneys in various parts of the country, the Legal Defense Fund has represented Negro Americans in 61 cases before the U.S. Supreme Court in the past two years.

New York, N.Y.—Dr. James A. Perkins, President of Cornell University, has been elected chairman of a newly formed Board of Trustees of the United Negro College Fund, it was announced today by William T. Gossett, chairman of the Fund's Board of Directors.

Dr. Perkins' election follows action taken by the Fund's leadership to reconstitute the organization's directive and policy-making structure.

45 Leaders

As chairman of the newly constituted board, the Cornell educator will head a group of 45 distinguished educators and community leaders, including the presidents of the 33 predominantly Negro colleges and universities affiliated with the United Negro College Fund. John D. Rockefeller 3rd, who has been associated with the Fund for many years, will serve as honorary chairman of the new Board of Trustees.

NAACP Texas Poll Tax Goal Set 600,000 Voters

Birmingham, Ala. — An intensive NAACP poll tax campaign during December and January in Texas seeks to qualify 600,000 Negro voters, according to W. C. Patton, NAACP field director for voter registration.

The campaign, which was launched Dec. 5, involves the establishment of 10 centers in strategic spots throughout the state. A coordinator has been designated for each of the centers.

White House

The White House has expressed interest in the campaign. In a telegram to Patton, Lee C. White, special counsel to the President, noted that "the strength of a democracy depends upon the widest possible participation in the voting process."

In addition, Mr. Patton stated that the NAACP has had conferences with labor leaders in the state who have promised their support in the campaign.

One of Four

Texas is one of the four states that still require the poll tax in state and local elections. In order to vote in the primaries and state elections next year, the tax must be paid by Jan. 31, 1966.

Out of a total of 70,900 potential Negro voters, an estimated 375,000 were registered to vote in the 1964 Presidential election, slightly more than 50 per cent of the total potential.

Woodland Area Block Maps Goals for Improvements

The Woodland Area Block Club held an organizational meeting on Friday evening, Dec. 17, at the home of Mrs. Myrtle Myers, 732 27th street to formulate their objectives.

A recreational area, a child-care center and the clean-up of unsightly vacant houses were some of the improvements suggested.

"A recreational area is our most serious problem," said Virgil C. Miller, 705 Twenty-seventh st., chairman of the group.

"We are cut off from Willkie House and Drake Park by the Freeway, and the school grounds have no real playground equipment," he said.

Sub-group

The group is set up as a neighborhood subgroup of the larger Willkie House group which is in the process of organizing.

"It's very important that the people in this area realize that this isn't just a Twenty-seventh street group, but a group to work in this entire area around Woodland avenue," said Miller.

Woodrin E. (Woody) Kee, from the county's paid anti-poverty staff, said that those present shouldn't be disappointed in the small turnout.

Betterment

"You have a good organization started here," he said. "The thing you must try to do now is to get more people involved with your program."

"You must emphasize that yours is not an anti-poverty organization but rather a neighborhood betterment organization, and it's through groups such as this that we hope to get much of our information of the neighborhood needs of the people."

The group tentatively made plans to hold a larger meeting Friday, Jan. 7, at the Macedonia Baptist Church, 2603 Center street.

Firestone Official Named Co-ordinator

Clyde E. Erickson, a member of the labor relations department at Firestone Tire and Rubber Company, has been assigned as coordinator for the business-professional section of the United Cerebral Palsy of Central Iowa 1966 campaign in January. The announcement was made today by Theodore Vieock, plant manager.

Erickson was a loaned executive for this year's United Campaign, is a resident of Des Moines and attended Iowa State College majoring in engineering. He has been employed at Firestone since the plant opened in 1945. He will be working with Randy Duncan, Jr., recently appointed business-professional chairman.

Ask College Be Integrated

Philadelphia, Pa.—The city, state, and mothers of seven Negro boys asked the U. S. District Court Thursday, Dec. 16 to end segregation at Girard College—a school established by Stephen Girard, Revolutionary War era merchant, for poor, white, male orphans of elementary and high school age.

The college's sprawling campus, located in the heart of a North Philadelphia Negro area, has been under attack since last spring by civil rights groups seeking to break down the racial barrier.

The civil suit was filed to test the provisions of the Girard estate, previously upheld by the U. S. Supreme Court.

Says Willkie Tutoring, Scholarship Services Not Used Enough

Students and their parents are not taking advantage and making full use of the tutoring service and scholarship information at Willkie House, 900 17th street, according to John Mapp, Jr., executive director.

"Since we ran the story last fall we have had several to inquire about the scholarship information, but that's all," said Mapp, referring to a Bystander story.

Scholarships

Right now students, ought to be looking into the possibilities of scholarships, deciding first what they want to do, and the college they want to go to, and then check the available scholarship information we have here to see what help they need and can get, he emphasized.

He also noted that the available scholarships are not just for the outstanding academic students, but for various students who need different types of aids, and financial assistance.

Tutoring

About the tutoring service, Mapp said that there are six college students available most of the time at Willkie House from 3 to 5 p.m. and from 7 to 10 p.m. who are there to help junior and senior high school students who are having difficulties in their studies.

"There are four or five students who are using them," he said "but many others need tutoring help and are not taking advantage of it."

New Service

In addition Mapp disclosed that Willkie House has a new service. It is on the mailing list for Federal Housing, which lists houses put back on the market after foreclosures.

Morgan State to Meet Rattlers in "Classic"

Miami, Fla.—Morgan State College of Baltimore has accepted an invitation to meet the Florida A & M University Rattlers in the 33rd annual Orange Blossom Classic football game the night of Dec. 4 in the Orange Bowl, announced A & M Athletic Director Alonzo "Jake" Gaither.

The game attracts thousands of spectators annually from many sections of the nation.

The Morgan State Bears will enter the game with a perfect season's record (8-0). They recently were named Central Intercollegiate Athletic Association champions.

The Rattlers are 7-1 for the season and are the underdogs in a classic contest for the first time in eight years.

New Trimline Phone Has Dial in Handset

America's newest telephone has come to Des Moines and Iowa, according to J. E. Trabert, Northwestern Bell district manager.

Called the Trimline telephone, the new model is designed to make calling easier than ever before. With the receiver, transmitter and dial all in the handset, the caller brings the dial to him. A recall button beside the illuminated dial clears the line between calls so they can be made one after another without reaching to hang up.

When not in use, the handset fits snugly into the base with dial, receiver and transmitter out of sight, giving the set the trim lines of a piece of sculpture. Because there is no need to reach for the base when dialing, the phone can be installed in places where standard telephones cannot.

According to Trabert, the Trimline telephone will be available in two models. A table version will be offered in white, beige, blue, pink and turquoise and a wall model in white, beige, yellow and pink. The telephone will be offered as an optional service for an additional monthly charge.

3500 IN CORE MARCH FOR FAIR HOUSING

Baltimore, Md.—Over 3,500 strong, Baltimore residents marched for fair housing. Led by CORE National Director James Farmer, the march was the kick-off of CORE's national drive for making housing discrimination illegal throughout America.

Farmer addressed the crowd at a rally at Prince Hall Grand Lodge, and hailed the turnout as a demonstration that the administration in Washington, D. C. must go beyond President Kennedy's "stroke of the pen" in 1962 and now must bring all housing under the coverage of either a further presidential executive order or through a national fair housing law.

Step-saving convenience for the whole family... what a beautiful way to say "Merry Christmas"! Choose the spot, choose the color for your handy new telephone—kitchen, bedroom, basement are popular locations. Easy to order, too. Just call the telephone business office, or ask any telephone employee.

ENTERTAINER JAS. BROWN TO LAUNCH 1966 AT LOS ANGELES SPORTS ARENA

Hollywood, Calif. — Super-entertainer James Brown, rounding out the greatest year of his career, will launch 1966 with an all-star revue New Year's Day at the Los Angeles Sports Arena. He will attempt to break the Dec. 5 attendance record set there by the Rolling Stones (15,000 for a gate of \$74,000).

Executives at radio station KGFF, sponsors of the Brown event, predict "Mr. Dynamite" will hit the capacity of 15,500 as well as a new high of \$77,500 at the box-office.

The optimism is based on Brown's phenomenal drawing power all year long and his top success with recordings in 1965. He shattered all at-

tendance records recently at N.Y.'s famed Apollo Theatre, pulling over \$70,000 for the week. Currently, his King recording of "I Got You" is No. 1 on virtually all major pop charts—his top selling disk to date.

While in Los Angeles, the hit-maker will meet with top Hollywood producers to discuss his lift story for the silver screen. He added greatly to his stature in '65 in this medium with rave reviews for his singing-dancing-acting in "The T-A-M-I Show" and American-International's "Ski Party." He literally stopped the show in both.

There's no stopping "Mr. Dynamite" in 1966!

Begin New Project In N.Y.C. Schools

Brooklyn, N. Y.—A new project of the New York school system—Operation Reclaim—moves into action today following a grant of \$135,000 from the U. S. Office of Education to implement the initial phase of the program—a National Defense Education Act institute for the orientation of Negro teachers displaced by school desegregation in the South.

Operation Reclaim was initiated in August 1965 under the direction of Dr. John B. King, Executive Deputy

Superintendent of Schools, to utilize the talents and resources of displaced Negro teachers who desired to come to New York City to teach in the City school system.

Staff

The staff of the Institute is composed of faculty members of public and private colleges and universities in the Metropolitan area which will offer their facilities without charge to applicants who are accepted for the program.

It is expected that approximately 50 teachers will start their studies in the Institute in February. The federal grant provides for payment of \$75 weekly to each person participating in the Institute during the Spring term, plus \$15 weekly for each dependent.

To Straighten Records
SINCE warped phonograph records are useless in that condition, *Popular Mechanics* offers a suggestion for straightening them. Simply immerse the record in hot water, 140 to 160 degrees, in a cake pan or similar shallow, flat-bottom container.

Over the record invert a dinner plate of a diameter permitting its edge to contact only the edge of the record. In other words, don't let the plate touch the grooves of the record.

Place a one-pound weight on the plate, leaving the record under pressure until the water has cooled to room temperature.

One of the most enjoyable events of Christmas, to me, is hearing from friends of long ago—those you expect to hear from and the unexpected. I do hope I get my cards mailed before the next Christmas.

Semper Fidelis Club of Payne A.M. church enjoyed a turkey dinner, with trimmings, at their annual Christmas party at the home of Valetta Fields on Saturday evening, Dec. 18. Carols were sung, games played and gifts were exchanged. Guests were Mrs. Bertha Holt, Mr. Russell Bryant and Mr. Oma Lee Ferguson.

Rev. C. W. Ellison, Presiding Elder, held the second quarterly conference at Payne A.M.E. church on Sunday afternoon. Stewardesses and stewards were installed by him after the business session. Rev. Ellison announced some dates to be remembered: District Conference convenes March 29, 30 and 31 at Bethel A.M.E. Church in Cedar Rapids. Chicago Annual Conference will be meeting Sept. 20-25, 1966, at Payne A.M.E. in Waterloo, Rev. I. V. Tolbert, pastor.

Mr. and Mrs. Homer Franklin left to spend the Christmas holidays in Jackson, Miss. They will visit their daughter and family, the Hughes Claytons.

Mr. Harvey Fullilove, 720 Sumner, is recovering slowly at St. Francis Hospital.

Mrs. LeRoy Sykes and her mother, Mrs. Louella Gaston have returned from a visit in Amory, Miss.

Mr. Frank Spencer, 216 Oliver, is home from the hospital after tonsillectomy. He dreaded having those tonsils out, but it wasn't so terrible.

Bethel A.M.E. Sunday school will have its annual Christmas party today (Dec. 23).

The Missionary Society of Bethel A.M.E. Church distributed their annual fruit baskets to the shut-ins on Dec. 19.

Warrant Officer Jerry P. Clark stationed in Viet Nam and son of Mr. and Mrs. James C. Clark, 207 East 6th street in Davenport, wrote Jaycee President Dave Herrington and asked for assistance.

Clark's unit has adopted an orphanage of 180 children whose parents have been victims of the Viet Cong.

Aliens Must Report

Robert C. Wilson of the United States Immigration and Naturalization Service stated that the period within which aliens must report their addresses is almost at hand.

The month of January has been set for the address reporting period. All aliens in the United States, with few exceptions, must report their addresses to the Government during that period.

Wilson said that forms with which to make the report will be available at all post offices and offices of the Immigration and Naturalization Service during the month of January.

Wilson urges all aliens to comply with the reporting requirements, as willful failure to do so may lead to serious consequences.

CARPENTER'S NEW "ORBIT"

His headline-making exploits have married him literally "out of this world" in both directions—up and down. He was one of the earlier astronauts to explore the mysteries of outer space. Then, as a pioneer aquanaut, he tested man's ability to survive deep under water. Obviously Scott Carpenter is concerned about men's welfare, so it was natural that he should enlist in the campaign to abolish tuberculosis and control other respiratory diseases.

Personal Interest

But he has a direct personal interest in the matter, too. Scott's mother was stricken by TB. She fought gamely against it and for many years was able to resist its advance. While enjoying her recovered health she freely acknowledged her debt to the programs of TB detection and medical research encouraged by tuberculosis associations, and invested many hours of time as a board member of the Christmas Seal association in Boulder County, Colo.

Token

Now Scott Carpenter is serving as

honorary chairman of the 1965 Christmas Seal Campaign. This is no mere token assignment. He will be busy explaining to the nation, through personal appearances, press, radio, television and films, the vital importance of Christmas Seals.

Symbol

"The American people have helped launch me to outer space and assisted me in my trip beneath the sea," Commander Carpenter said. "Now there's another journey to be made, and once again I know the American people will be with me. Christmas Seals stand as a symbol and weapon in the fight against tuberculosis and other respiratory diseases, and I am confident of the help and support of all Americans in this important struggle."

In other words—support your Christmas Seal Campaign. If your Christmas Seals have failed to reach you, write or call your County TB association now.

NWB Begins Project
For Christmas Calling

Northwestern Bell Telephone Company has started its countdown for Project CC-65 (Christmas Calling—1965), according to J. E. Trabert, district manager.

The project's mission: To complete the thousands of long distance telephone calls people make on Christmas Eve and Christmas Day, and to put through as many as possible without delay.

If the experience of previous years holds true, Trabert said, Christmas calling in 1965 will set another new record—some 10 to 12 percent more messages than last Yuletide. On December 24 and 25 of 1964, Northwestern Bell completed 787,942 calls originating in the five-state area, 268,428 of these were in Iowa.

Records

The phone firm's records of Christmas calling show that the pattern of messages shifts somewhat from an

average business day. Distance seems to make the heart grow fonder—calls within states drop off, calls between states increase. Northwestern Bell's countdown for Christmas includes additions of long distance circuits to various cities in anticipation of a similar pattern this year.

So to the extent that it's practical to prepare for the holiday dash to the dials, Trabert said the phone company reports all its communications systems "Go".

CHRISTMAS GIFTS

In Holland, Dutch children fill their wooden shoes with straw—calls St. Nick's white horse, hoping in return to receive candy and toys. In Italy, children set out their shoes for La Befana to fill. Central American children enjoy the fruits of the pinata. An earthenware jug filled with goodies is suspended from the ceiling and each child is given three chances to break the pinata with a bat—thus sending down a shower of gifts for all to share.

Rugs and carpets probably take more of a beating than any of your other home furnishings. However, there are several things you can do to make your carpets stay beautiful and last years longer—and save yourself the money it would cost to replace them.

Use an inexpensive carpet sweeper every day to pick up lint, crumbs and dirt from the surface of your carpet. A few minutes a day will keep dirt from being ground deeply into the carpet. Use a vacuum cleaner once a week. A good vacuum cleaner removes deep-down dirt, as well as surface material. When the carpet begins to look dull, use a rug shampoo to get rid of dirt that your vacuum cleaner can't get to. Modern rug shampoos require little work and are well worth the effort to keep your rugs and carpets beautiful. Once a year is the minimum for shampooing every carpet in the house.

NAACP Registers Over 5,000 in Mississippi

Jackson, Miss.—Efforts by the NAACP have been successful in placing more than 5,000 Negroes on the registration lists in six Mississippi counties in a two-week period from Nov. 10-13, Miss Althea T. L. Simmons, NAACP voter registration coordinator, reported this week.

In Hinds County, Negroes have been registering at the rate of 150 per day since Nov. 15 and in nearby Raymond an average of 50 Negroes are registering daily, she stated. A total of 1,613 Negroes has been registered in the county.

In Jefferson County, where Negroes outnumber whites by three to one, 1,569 Negroes, about half of their voting potential, have registered.

GREETINGS, FRIEND, this Christmas Day,
Christ be your comfort and your stay,
Christ be your friend and give you pleasure,
Riches and health in heaped-up measure!
This be your Christmas gift: to bless
All those you love with happiness!

The long awaited holiday weekend is here and children who thought they couldn't stand the anticipation have found they have survived. For parents and older members of families the greatest joy comes in watching the unadulterated happiness on small children's faces and listening to their gleeful voices, and perhaps holding family reunion. It has been said and justly so, that Thanksgiving is for the parents and Christmas for the children.

If humans had their way they would declare a moratorium on all heartaches, sadness and tragic happenings at Christmas time, but life flows on; and life, as we all so well know, is a mixture of tragedy and ecstasy, happiness and sadness, joy and pain, and they know no holiday or special days.

Most parents enjoy watching their children perform, be it singing, dancing, acting or what have you. Christmas time always offers an opportunity for parents and other family members to attend the children's programs at the various schools.

Moulton school offered no exception last Friday. The only surprise was the large turnout of parents, grandparents and others. In the past several years when we have attended less than a dozen parents have come to the programs. We couldn't believe our eyes when about 75 showed up.

We were speculating as to why the sudden large turnout. In previous years the P.T.A. had sponsored the program. P.T.A. activity was suspended at the school after last

spring because of the desultory support from parents and the strain it was putting on the half dozen active parents.

Several of us, including the principal, Mr. J. Peter Cunningham, wondered if last Friday's large turnout resulted from 'missing' the P.T.A. or because the P.T.A. no longer sponsored the children's event.

New employee at the Bystander is Mrs. Catherine Daniels whose job as secretary-receptionist, is like coming back home, since she was employed with the Bystander in the days of our predecessor, Miss Marie Ross.

She replaces Mrs. Catherine Humphrey, her sister-in-law, who this week joined National Cash Register company.

May you and yours have the best Christmas holiday ever! May it be filled with gladness and contentment and continue through the forthcoming year.

We close with this poem:

CHRIST ABIDES IN ME

By Eleanor Halbrook Zimmerman
Enter, O Child of Bethlehem, for here
We make you welcome to the heart's
wide inn.

Its light is You. The Bread which
doth appear
Is also You. The feast cannot begin
Nor wine of life be poured without
Your hand.

Be present in us. Lift in us the light
For which the far-off heavens once
were scanned

When angels sang upon a holy night.
Lord of the humble stable known of
old

To shepherds, Wise Men, and the
natal star,
No myrrh we offer, and no mead of
gold,
But all we have, and dream to be,
and are.

About Holly

Holly, like mistletoe, had special meaning for ancient Romans. Holly was used prominently in the December Saturnalia festival. Mistletoe was a symbol of peace and good will. For Christmas, there is symbolism where holly is considered—Christ's blood (the red berries) and His crown of thorns.

Firestone Reports Fiscal Earnings

Akron, Ohio—Record sales and earnings were reported today for The Firestone Tire & Rubber Company for the fiscal year ending Oct. 31.

Harvey S. Firestone, Jr., Chairman, and Earl B. Hathaway, President, reported net sales of \$1,609,756,478, and earnings of \$86,667,178.

The Company exceeded last year's sales of \$1,448,830,863 by 11.1 per cent and 1964 earnings of \$79,030,245 by 9.7 per cent.

Net income for 1965 was equal to \$3.01 per share of common stock, compared with \$2.75 per share in 1964.

The Officers reported sales increases occurred in all Divisions of the business. The greatly increased number of vehicles on the road substantially expanded the market for replacement tires, and the new all-time record production of motor vehicles was an important stimulant to our business, enlarging our market for original equipment products.

Directors of the Company declared a dividend of thirty-two and one-half cents (32½ cents) a share on common stock of the Company, payable Jan. 20, 1966, to stockholders of record Jan. 5, 1966.

Pineapple Cereal Cheese Cake

Pineapple Cheese Cake with Crunchy Cereal Crust solves the dilemma of the hostess who wants a dessert for evening refreshments that is filling, satisfying, but not too sweet. The crispy texture of the wheat and barley kernels makes a pleasing combination with the soft, pineapple-flavored filling. Breakfast cereals are excellent for ingredient use in recipes, because they are inexpensive, add flavor and texture, and make important nutritional contributions of protein, the B-complex vitamins, minerals.

PINEAPPLE CEREAL CHEESE CAKE

Wheat and Barley Kernel Crust
2 cups ground wheat and ½ cup cold water
2 beaten eggs
1½ cups sugar
1 cup milk
2 teaspoons vanilla
½ cup pineapple juice

Combine ground wheat and barley kernels, sugar, cinnamon, and melted butter or margarine. Mix thoroughly. Press ¾ of mixture into bottom of 9-inch spring form pan. Reserve remaining crumbs for decorating top of cheese cake.

Filling
1 (8 ounces) package cream cheese
2 teaspoons grated lemon rind, optional
1 cup well-drained crushed canned pineapple
2 cups small-curd dry cottage cheese
1 cup heavy cream

Soften gelatin in cold water. Combine eggs, sugar, salt, and milk in top of double boiler. Cook over hot water, stirring constantly, until mixture coats a metal spoon. Remove from heat. Add gelatin; stir until dissolved. Cool. Add vanilla and pineapple juice to cream cheese; stir until smooth. Blend in lemon rind, pineapple and cottage cheese. Whip cream and fold into mixture. Pour into crumb lined spring form pan. Sprinkle top with reserved crumbs. Chill overnight. Garnish. Yield: 12 servings or fills one 9-inch spring form pan.

Astronaut Seal Chairman

Astronaut Scott Carpenter, after three globe-circling orbits in space, has returned to earth as Honorary Chairman of the 1965 Christmas Seal Campaign. "My mother's own struggle against tuberculosis kept me aware that our progress against this and other respiratory illnesses hasn't been as spectacular as our space efforts. I'm determined to push ahead in both spheres—and the Christmas Seal Campaign is the best way I know to succeed in the TB and respiratory disease fight."

OVER CAUTIOUS
OVER RIGHTS

Last week, several public school students went to their classes wearing black armbands memorializing the soldiers who have died in the Viet war and an expression of approval of truce for Christmas. The students have been orderly and no complaint has been made of their conduct.

Previously, the school administration had voiced disapproval of wearing such armbands. Thus, some of these students have been suspended.

Intelligent people often lose their heads in an effort to show their patriotism. This is what has happened here.

We have discussed protests during the past few years and the readers of the Bystander know our position. As long as protests are orderly they are well within the rights of the participants.

Most Americans back the war in Viet Nam not necessarily because they think the war should be fought but as a matter of support for the government and its foreign policy.

Most people want America to get out honorably as soon as possible because the killing of their sons is not worth what America will accomplish in the end.

The Bystander hopes the school officials will reverse their policy which, to say the least, appears somewhat petty.

MAKING A RACKET OF
SOLICITING FOR CHARITY

Christmas is a beautiful time of the year. The spirit pervades in the average home with most people trying to do something to help an unhappy family or individual have a merry holiday.

America has been blessed this year with reasonable prosperity. Everybody who wants a job has one and thus few people will be left out. Of course, these will be taken care of by some of the hoards of organizations that are soliciting funds for that purpose.

Here in Des Moines, the community chest and county social agency take care of indigent people generally, and very well, while veterans organizations and the Red Cross care for servicemen and their families.

But in spite of this, there is paving pounding and solicitations at every turn. It is difficult to understand why so many people are working in this field.

Some have accused the post card industry of making a racket of Christmas. It would appear that solicitors for charity for the poor and unfortunate are using Christmas in that same manner.

IOWA RECOGNIZES
ABILITY OF ITS GRADUATES

Iowa's new football coach, Ray Nagel, has hired Frank Gilliam as a member of his staff. This is great. Gilliam is one of the three boys (the other two are Calvin Steubenville, Ohio who came to Iowa. They were tops in their positions.

As stated by sports writers and news casters, Gilliam was one of the greatest defense ends ever to play at Iowa.

Last week, the Bystander carried a story that Dr. Phillip Hubbard, a Des Moines product, had been named dean of academic affairs at Iowa University—an other great.

Over the years, Iowa has educated young Negroes who later were forced to go to other states to get a job. The hiring of Negro teachers in several cities and now the addition of professionals on the university staffs are steps that encourage youngsters to pursue their courses diligently because others have been accorded the fruits of their labor.

As Iowa brings in more industry there will be more Negroes holding top level jobs and of course making top level salaries. Iowa has given the schools, and the Big Ten in particular, high targets to shoot at.

The Epiphany

Many times during the holiday season we hear reference to the Epiphany, yet many do not know when it occurs and how it fits into the Christmas calendar. The Epiphany is observed on January 6 and marks three events in the life of Jesus: His baptism, the visit of the Wise Men to Bethlehem, and the miracle at Cana.

The end of the year always makes one wonder what different athletes and coaches would like to recall for a replay. We would guess the Chicago Bears football team would like to start the 1965 gridiron season over again. Iowa University would probably just as soon forget the thing. Oh, yes, they now have Coach Nagel toe dancing on his desire to hire a Negro or at least his reprinted statement comes as no surprise.

Drake would like to have a replay of the 1965 Relays probably the biggest and best in history. The Minnesota Twins would like to get another look at Sandy Koufax and they also would like another Mudcat Jim Grant. The Frisco Giants wish the baseball season had ended two weeks sooner than it did. The Chicago White Sox would probably settle for some wins over the Yankees. Then we would guess the Twins are grateful for Boston being in the league. They beat the Red Sox 17 out of 18 games. Willie Mays would like to have been in a world's series again and Ernie Banks would like to be in one.

Cassius Clay probably keeps hoping for fights like his last two with a gate such as they drew. Sonny Liston and Floyd Patterson maybe would like another start. The Philadelphia pro basketball team would like to get past the Boston Celtics in their showdown meetings.

Jim Brown of the Cleveland Browns would like to have played out the rest of that last game. The Baltimore Colts would like another quarterback, Arthur Ashe perhaps wishes he had got to play Davis Cup tennis against Spain.

The North High football team would like to play its first three games over again. Dowling would like to have than next to last one back.

East High wants to get Mason City down here. We wished we could have moved the dates of the Cedar Rapids and our own Hilltop Tennis meets. Ernie Johnson would like to turn back the calendar a few years and Cleo Johnson would like more time for golf. Red Barber really wants a winning Golden Gloves boxing team.

These are just a few of the boys would like to have and we would like to see that all got their wishes. Wouldn't that scramble up some sports events and league races?

Michigan Places Pair
On Pro Scouts' All-
America Cage Team

New York—Guard Cazzie Russell and forward Oliver Darden, both of the University of Michigan, have been named to the professional basketball scouts' All-America team, according to the selections published in the current issue of SPORT magazine.

Also named to the first team were Clyde Lee of Vanderbilt, Walt Wesley of Kansas, and Matt Guokas, Jr., of St. Joseph's.

Bob Hayes Not
World's Fastest Human

Bob Hayes isn't "the world's fastest human," but only second fastest to burly, offensive line coach Jim Myers of the Dallas Cowboys, asserts an article in the current issue of SPORT magazine.

This top-secret revelation came out during the Cowboys' last preseason game when the "wedge man" on the kickoff team was injured and someone was needed to fill in. (The wedge man's job is to hurl himself at the first wave of blockers protecting the ball-carrier, thus clearing the way for subsequent defenders to make the tackle.)

"Lemme do it, I'll break up the interference," volunteered Hayes racing from the bench and onto the playing field.

Coach Myers, realizing with horror that this 5-11, 185-pound speedster with the \$100,000 contract was about to tangle with a Buffalo stampede, bolted from the sidelines and hauled down Hayes from behind, thus saving his own job and establishing claim to "the world's fastest human" title.

Frank Gilliam Named Iowa
Football Aide; 1st in Big 10

Iowa City, Ia.—Former Iowa football star Frank Gilliam was one of six assistants approved for Coach Ray Nagel's staff here Tuesday, making him the first Negro to be named to coach in the Big Ten.

Gilliam, 31, now a teacher and coach in Vancouver, British Columbia, is former all-American end for the Iowa Hawkeyes. He had previously played professional football in Canada.

Commissioner Bill Reed of the Big Ten confirmed Tuesday that no Negro had ever been a head coach or full-time assistant coach in the 69-year history of the conference.

Iowa's Board in Control of Athletics approved these men for new Head Coach Ray Nagel's staff:

Gilliam, Gordon Lee, Lynn Stiles and Bud Tynes, all members of Nagel's staff at Utah; Richard Mansberger, an assistant scout with the Dallas Cowboys of the National Football League, and Ted Lawrence, Jefferson of Cedar Rapids high school coach.

Gilliam joined Iowa's varsity in 1953 as a member of a famed trio of Hawkeyes from Steubenville, Ohio. The other two were Eddie Vincent and the late Calvin Jones.

He sat out the 1955 season because of a broken leg, then helped Iowa win the Big Ten championship in 1956 and beat Oregon State in the Rose Bowl on Jan. 1, 1957. Gilliam was all-Big Ten in 1956.

INSIDE STORY: NEGRO OLYMPIC COACH

An article in the current issue of SPORT magazine reveals how track coach Ed Hurt of Morgan State College became the first and only Negro named to the U. S. Olympic Track and Field Coaching Staff for the 1964 Games in Tokyo.

According to the story, two former Negro Olympians did a little research and came up with some interesting figures. They discovered that in 1936, Negroes comprised 17.3 percent of our team and accounted for 44.4 percent of our points. The 1948 team was only 11.4 percent Negro, but the Negroes contributed 29.1 percent of our points. In 1952, the Negro manpower percentage was 22.3, their point percentage 30.1. The 1956 figures were 31.5 for 33.6 percent of our points, and in 1960, 31.9 percent of the squad producing 43.3 percent of our points.

Armed with this information, the two former Olympians wrote to the U.S. Olympic Committee citing the statistics and the fact that many of the Negro stars attended all-Negro colleges, indicating that Negro college coaches must have been doing a fairly good job of coaching.

Their politely worded letter suggested that the coaching staff should convey to the world the atmosphere of our democratic composition.

The U.S. Olympic Committee took the hint and named Ed Hurt to its coaching staff in response to this pressure, concludes the article in SPORT magazine.

ELECT NEGRO TO EXECUTIVE
BODY, NAACP URGES AFL-CIO

New York City—The National Association for the Advancement of Colored People has called upon the American Federation of Labor and Congress of Industrial Organizations to include in its "Executive Council more representation of Negro trade union leaders."

In a letter to George Meany, AFL-CIO president, NAACP Executive Di-

rector Roy Wilkins felicitated the labor organization on its 6th Constitutional Convention and recalled that when the labor movement was merged ten years ago there were two Negroes on the Executive Council and now A. Philip Randolph is the sole Negro member of the Council.

Mrs. Daisy Bates' Book
Published in Moscow

New York—"The Long Shadow of Little Rock," by Mrs. Daisy Bates has been translated into Russian and published in Moscow, according to

information received here recently. The book published here in 1962 by the David McKay Company tells the story of the school desegregation crisis in Little Rock in 1957.

Mrs. Bates, then president of the Arkansas State NAACP, was the leader and heroine of that crisis and gave guidance and inspiration to the

LO! THE LIGHT!

Above the manger stood a star,
A star all wondrous white
And all about His lowly bed
There welled a flood of light.
It bathed the stable in its glow,
It shone round Mary's head;
And on the kneeling shepherd's
cloaks
Its radiant beams were shed.
Star of the world! Through time and
space
It flames in glory bright
To make man's pathway through the

years
A pilgrimage of light.
It shines for us; that light still
shines!
No cloud can dim its spark;
Its radiance blossoms bright with
joy,
A beacon in the dark.
The path leads on, the path leads up;
We walk it mile by mile,
And lo! the light His love has lit
Grows brighter all the while.
Oh, never doubt it shines for you!
Though skies seem dark and low,

Keep looking up, keep lifted up;
Somewhere a star will show!
Let not your heart be trouble-filled;
The darkest night must clear
And life be glad and life be sweet;
For lo! the light is here!

Laugh Lines

A doctor addressing a local meeting told reporters he was making the same speech the following week in a nearby town, so he didn't wish to have any of it published.

The next day he was flabbergasted to read in the weekly paper: "Dr. Smith delivered an excellent lecture. He told some wonderful stories. Unfortunately, they cannot be published."

A Georgia telephone operator was attempting to give a number to an Iowa woman.

"You mean R as in rabbit?" inquired the Iowan.

"No, ma'am," replied the Georgian.

"Ah like in iris."
