2 Engage in 'Shoot-Out' in New Year's Party

Holt Injured Critically; Another Charged in Early Morn Gunfight

An argument which erupted between two men at a post-New Year's Eve party, was carried out into the streets where the two engaged in a gunfight which left one critically wounded and the other, with lesser injuries, charged in connection with the shooting.

Harold Holt, 25, of 1040 16th street, reportedly suffered a bullet wound through his liver, diaphragm and left lung and at first was listed in critical condition at Broadlawns Polk County hospital. He received the wound in a gun fight in front of 1138 10th street about 3:30 a.m. Saturday.

A charge of going armed with intent, a felony, was filed against Douglas M. Wilson, 21, of 1549 19th street, in connection with the shooting. He suffered gunshot wounds in the right knee and left ankle, and was listed in fair condition at Broadlawns. Wilson was arraigned by Judge Luther T. Glanton, Jr., at the hospital and released from custody on his own bond for a hearing Jan. 14.

Detective James P. Thompson, who filed the charges, said the two men were attending a post-New Year's Eve party at the home of Lawrence Robinson of 1138 10th street when an argument started.

Thompson said the two men carried their argument into the middle of the street, then began shooting at each other.

Thompson said a number of shots were fired by Holt and Wilson. One hit Holt. Wilson was struck by two shots, in the right knee and left ankle.

Holt was shot with a .38-caliber

NEWS In A Nutshell

Philadelphia—Glamorous and still beautiful Lena Horne, singer turned author, vowed a crowd of 2,000 who attended an author's luncheon hailing her first literary effort, "Lena." The book, written in collaboration with Richard Schickel, grew out of an article in a national magazine.

Portage, Wis.—The publisher of two Twin City papers, Mrs. Alval Stephens, 64, was seriously injured here Friday, Dec. 24, and her son, 37 year old Samuel Stephens, Jr., was fatally injured in a highway accident. Mrs. Stephens and her son, a Minneapolis Snyder Drug pharmacist were enroute to Chicago to spend the Christmas holidays with her husband Samuel Stephens, Sr.

Enid, Okla.—A three-time honor has been conferred on a 592-acre bachelor farmer of Kingfisher county. Clifford King, a resident in the Big Four community of 330 white families and himself, was elected for the third time as chairman of the Agricultural Stabilization and Conservation community committee.

Longview, Tex. — Miss Dianne Shavers was elected recently as the first chairman of the Gregg County 4-H council. Diane was the first Negro to be elected as president of the council. She has served as president of her local club and chairman of the Negro 4-H council.

Washington—Daniel P. Moynihan, former assistant secretary of labor, now a professor at Wesleyan university, said last week that he does not consider his controversial report on the deteriorating Negro family as "a blanket indictment of the Negro family, but of the white society that lets families live in slums." He noted that the slums are filled with poorer Negroes "for whom a cycle of no jobs, bad education and bad housing reproduces itself and plays havoc with the Negro family."

Springfield, Mass. —The mayor, chief of police, and members of the board of police commissioners face trial on a complaint filed by the NAACP, seeking a permanent injunction restraining them from interfering with peaceful civil rights demonstrations. The case stems from the arrest last August of 100 persons participating in demonstrations sponsored by the Council of Organizations for Civil Rights.

Regional Director Gains Govt. Post

Dallas, Tex.—NAACP Southwest Regional Director Clarence Laws resigned from the Association this week to accept a position with the Department of Health, Education and Welfare.

Mr. Laws joined the NAACP staff in 1955 as Louisiana field secretary. In 1961 he was appointed southwest regional secretary.

During his tenure with the Association, Mr. Laws played a crucial role in the NAACP struggle against injunctions in Louisiana and Texas aimed at crippling the Association's activities in those states. He was also active in the famed Little Rock school desegregation case in 1957.

Leading Vote Getter Is First of His Race Elected; Dayton Gets Commissioner

Springfield, Ohio — A 44-year-old funeral director became the first of his race to be mayor of a large Ohio city Monday night. He is Robert C. Henry, who led the ticket for city commission in the November election.

Fellow members of the five-man commission selected him unanimously Monday night for the largely ceremonial office. City Law Director Charles Carter—the first Negro to hold that post here—swore in Henry. The new mayor offered "to do the best I have with renewed vigor for my community."

1st Woman

Almost unnoticed in the excitement, the first woman ever to serve on a Springfield city commission also was officially seated. She is Mrs. Betty Brunk.

Henry said he decided to enter politics on the urging of friends because of a "need to shake the apathy among Negro voters."

"I knew that whether I won or not, I could make some people con-

scious that they had a candidate of their own race," he said.

One of 3

He was one of three Negro contenders for mayor of a major Ohio city last year.

State Representative Carl B. Stokes lost to incumbent mayor Ralph Locher in Cleveland by only 2,000 votes.

In Dayton

In Dayton, Commissioner Don L. Crawford was the No. 2 vote-getter in a system that automatically gives the top job to the candidate who leads the ticket. Crawford won a second term as the city first Negro commissioner.

Henry is a native of Springfield. He grew up here, graduated from high school, and attended Wittenberg University for two years before moving to Cleveland where he graduated from the Cleveland College of Mortuary Science. He also served with the aviation engineers, attached to the Air Corps, during World War II.

Mass. Atty. Gen. Seeks Election to U.S. Senate Seat

Boston, Mass.—Atty. Gen. Edward W. Brooke of Massachusetts, holder of the highest elective office held by a Negro in the land, announced last week he is a candidate seeking the U. S. Senate seat left vacant by Leverett Saltonstall.

The 35th attorney general of the Eastern state is seeking to be the first of his race to sit in the Senate since Reconstruction Days of 1881. Soft spoken and urbane Brooke was born Oct. 26, 1919 in Washington, D.C., where his father was a lawyer with the Veterans Administration.

While asserting that he could not claim to have known the pinch of poverty, Brooke attended segregated schools in Washington and later went on to Howard University. He was inducted into an all-Negro infantry unit in World War II, rising to the rank of captain.

Law Degree

As an intelligence operative behind the enemy lines, Brooke worked with

Italian partisans and was awarded the Bronze Star for his service. In Italy, he met and later married a white Italian, the former Remigia Ferrari-Scacco. They have two teenage daughters.

After the war, Brooke earned a law degree at Boston University, and set up practice here. He lived in the Roxbury district, the local Harlem, until he became attorney general. The Brookes now live in Newton, a predominantly white, gray-flannel suburb.

Nomination

In 1950, Brooke won the Republican nomination for state representative, but lost the election. He tried and lost again two years later.

In 1964, asserting he could not support Barry Goldwater, the Republican presidential candidate, Brooke not only won re-election but he also rolled up 1,543,900 votes for a 797,510 plurality, the largest of any Republican in Massachusetts history.

K. Kaplan Succeeds Spingarn As Nat'l. NAACP President

New York City—After 26 years of being at the helm of the National Association for the Advancement of Colored People, Arthur B. Spingarn, 87, New York lawyer, has stepped down from the post of the oldest

and largest Civil rights organization in the nation. Named to succeed him Monday was Kivie Kaplan, 61, retired Boston industrialist. He was unanimously elected at the annual board meeting being held in New York City.

Air Force Seeks Prior Service Personnel

The world situation has dictated changes in the Air Force procurement program for young men with prior military service. Sergeant Roy J. Sirhal, local aerospace representative, said, "trained personnel with military experience are urgently needed to support the current buildup of the United States Air Force."

This requirement is not limited to men with prior air force experience;

men with Navy, Marine, Army, or Coast Guard experience may qualify for enlistment in the Air Force. Most job specialists are currently open to qualified personnel and those who have been out of military service less than 12 months are normally enlisted in the same pay grade as held at time of discharge.

For complete information, contact Sergeant Roy J. Sirhal, at 108A Old Federal Office Bldg., 5th and Court, Des Moines, Iowa or call 284-4478 for an appointment.

Student Slain on Ala. Campus

Tuskegee, Ala.—A 22-year-old student at Tuskegee Institute and field secretary for the Student Non-Violent Co-ordinating Committee (SNCC) was found shot to death Tuesday and a white man was taken into custody by police. Dead was Samuel Young, Jr., who helped take part last week in erecting tents in Lowndes County for Negroes who said they were evicted by white landowners for voter registration work. He was shot in the face with a pistol. A white man from nearby Shorter, Ala., was held by police for question-

ing. No charges had been placed.

Students March

Hundreds of Tuskegee students marched Tuesday from the campus to the downtown area. They went first to the spot where Young's body was found, and then to the town square facing the courthouse for songs and prayer.

State police said the march was organized by the Tuskegee Institute Student Council.

Young's mother is a school-teacher in Tuskegee. Friends of the family said his father was a former Veter-

ans Administration employee here and now works for the Job Corps in North Carolina.

Fla. Representative Names Negro Page

Jacksonville, Fla.—A Negro boy was appointed page in the U. S. House of Representatives by Rep. Charles Bennett (Dem., Fla.). Bennett said Fred C. King, Jr., is the first Southern Negro to be named to that position. King will serve for the month of January.

Rights Attys. Seek Appeals Court Ruling Against Police Searches Without Warrants

Richmond—Two civil right organizations today asked the Fourth U. S. Circuit Court of Appeals here to overturn a lower court's refusal to enjoin Baltimore police from searching private buildings without first obtaining search warrants.

NAACP Legal Defense Educational Fund lawyers along with attorneys for the Baltimore NAACP branch brought the appeal in behalf of seven Baltimore Negroes.

All Negroes

The suit is a class action in behalf of all Negroes similarly situated. It stems from an intensive police man-hunt a year ago for two Negro brothers suspected of the Christmas Eve holdup of a liquor store and the subsequent shooting of two white policemen.

In the 19 days following the crimes, special police squads, in many cases acting on anonymous "tips," conducted more than 300 searches of Negro homes, churches and businesses for the brothers, Samuel and Earl Veney.

Seaches

Most of the searches were conducted without search warrants, although warrants for the arrest of the

Veney brothers had been issued.

As a result of the raids, Negro residents of Baltimore, through the Legal Defense Fund and the NAACP, asked the U. S. District Court in Baltimore to enjoin Police Commissioner Bearnard C. Schmidt and his subordinates from continuing such searches.

After lengthy hearings last January and February, the court on April 14 declined to issue injunctions.

The Veney brothers were arrested in March.

The district court found that there was not enough evidence to substantiate charges of racial discrimination in the conduct of the searches.

Rejected

It rejected a Legal Defense Fund argument that police are constitutionally bound to obtain a search warrant before entering private buildings to search for a person named in an arrest warrant.

Despite finding that most of the 300-odd searches were made without reasonable grounds to believe the suspects were on the premises, the court refused to enjoin police from conducting searches "based on anonymous tips or otherwise without probable cause or grounds."

TWO NEGRO TEEN-AGERS SPOTLIGHTED IN JANUARY SEVENTEEN

New York—Two Negro teen-agers who are fighting for civil rights on their home territory—one in the North, one in the South—receive national recognition on the pages of a major publication.

Earnestine Evans, of Ashland, Mississippi, and Sherry Turner, of Chicago, are spotlighted in the January "You the Reader" issue of Seventeen Magazine (on newsstands

now), annually devoted to contributions of talented young people in every field. Earnestine, who will be 19 on Jan. 23, reports to the nation's teens about her part in the civil rights movement in Mississippi, while 18-year-old Sherry, who is on the editorial board of Columbia University's "Afro-American Journal," models in the magazine's fashion portfolio.

Cut-off Deadline For Iowa Veterans

A cut-off deadline faces all Iowa veterans over 55 years old who wish to obtain or exchange a Total Disability Income Provision rider (TD-IP) on their GI insurance policies.

They must act before Jan. 1, 1966, according to E. W. Christensen, Director of the Des Moines VA Center. The Total Disability Income Provision provides payment of \$10 per month per each \$1,000 of National Service Life Insurance should the policyholder become disabled before his 65th birthday. The policyholder, who before Jan. 1, 1966 date can be under 60, pays an additional charge for this rider, Mr. Christensen said.

After Jan. 1, 1966, the rider will be sold only to veterans under 55. The previous law required that the disability be in effect before age 60. The present law extends the period

Five Escape Serious Injuries in Collision

Five persons miraculously escaped serious injury here last Thursday night, Dec. 30 in a head-on auto collision at 5th and University avenues.

Timothy J. Watson, 20, of 2330 E. 41st street and Dorothy Halverson, 18, of 1930 Jefferson ave., were taken to Mercy hospital near the accident scene. Both were released after treatment.

Brenda Turner, 16, of 1227 E. 21st street, was treated at College hospital for an arm injury. She was riding with Alfred G. Washington, Jr., 19, of 2516 Maury street. Washington and the girl's brother, Edward, escaped injury.

Plan Testimonial Dinner for Schwengel

A testimonial dinner for Fred Schwengel, who two weeks ago announced his candidacy for a return to congress as representative from the first district of Iowa, will be held at the Blackhawk hotel, Davenport, the evening of Saturday, Jan. 15.

The idea of the dinner was suggested by Senator Thurston B. Morton of Kentucky, one of the Republican party's most dynamic leaders in Washington, and Morton will be one of the principal speakers at the testimonial, it was announced. Other Republican leaders of national stature also are expected to attend and participate in the program.

The Washington car was going west on University and the Watson car east on the curve between 5th and 6th avenues when the cars collided near the center-line.

The Washington car was spun completely around and Watson's car spun across the V-shaped island at the intersection.

Accident investigator Robert Albright charged Washington with failing to have his car under control and Watson with driving without an operator's license.

NAACP Charges Bias in Help Wanted Ad of N.Y. Times

Washington—The National Association for the Advancement of Colored People filed 28 complaints with the Equal Employment Opportunity Commission on Dec. 28 charging several industries and unions with discriminatory employment practices.

Complaints

Included in the complaints was one against The New York Times and Prentice-Hall International, Inc., charging that the newspaper had carried a Prentice-Hall advertisement for a position for which a Negro was not accepted. The position was that of sales representative in South Africa. This is the first time the NAACP has protested bias in job advertising at the Federal level.

Section

The complaint cited a section of the 1964 Civil Rights Act forbidding publication of "any notice indicating any preference, limitation, specification, or discrimination based on race."

Complaints were filed by Herbert Hill, NAACP labor director, against Republic Steel Corp., Canton, Ohio, on behalf of seven workers, and also against P. Lorillard & Co. and Local 317, of the Tobacco Workers International Union, Greensboro, N. C., on behalf of eight employees.

Pattern

Workers at Republic Steel charged that the company had established a pattern of discrimination against

Negroes. Charges against P. Lor-

illard & Co. and the union there included the complaint that Negro employees were limited to menial jobs.

A complaint was also filed against Hayes International Corp., of Birmingham, Ala., charging that a Negro employee there was threatened with discharge because of his voter registration activities.

Minister Fined in False Robbery

The Rev. David Alexander, 48, of 715 Boyd street, pleaded guilty of falsely reporting to police that he was robbed of \$70 at gunpoint on Dec. 7.

Municipal Judge Luther T. Glanton, Jr., fined him \$25 or five days in jail and gave him until Friday to pay his fine. A charge of intoxication which was filed at the time the Rev. Mr. Alexander made the report, was dismissed.

"Poll Tax Sunday" To Be Held on Jan. 9

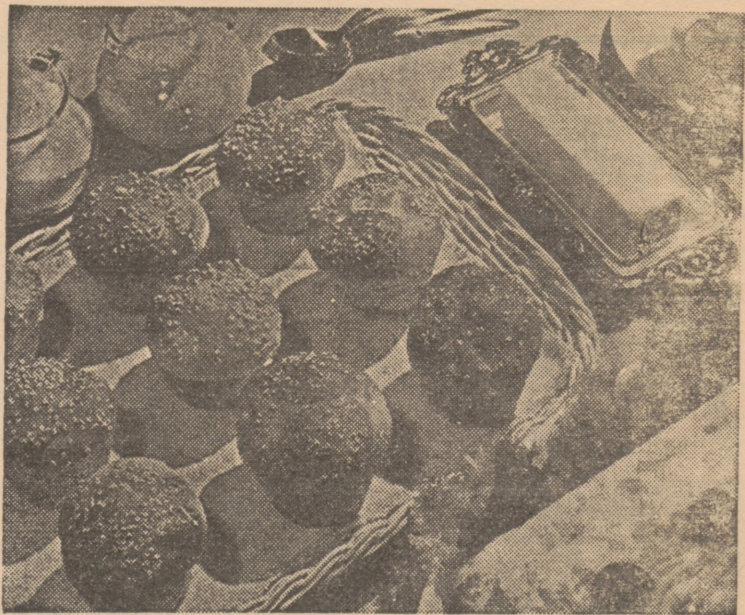

Birmingham, Ala.—As part of its poll tax campaign currently being conducted in Alabama, Mississippi and Texas, the NAACP has organized a "Poll Tax Sunday" to be held in the three states on Jan. 9.

Pastors in these states, which still require a poll tax for state and local elections, have been urged to emphasize the need to pay the tax to their congregations. In addition, the NAACP is also sending speakers to many of the churches.

Hundreds of workers have been recruited in Texas and Alabama to work on the campaign. In Texas, the NAACP has established ten centers throughout the state with salaried coordinators in each center.

During the week of Jan. 9, Twilight Poll Tax marches will be held throughout Texas.

Sesame Puffs Go With Frozen Fruit Salad

Fragrant, warm Sesame Puffs with margarine give appeal to frozen fruit salad.

A frozen fruit salad is at its cool best when a hot bread is served with it.

Bread and margarine are an excellent foundation for summer eating. One leading nutritionist says that menus planned around bread and spread, citrus and milk are tops nutritionally. And, says he, the idea that bread and margarine are fattening is old hat. It might have been true in the days when bread was not enriched and when margarine did not contain vitamin A. But nowadays, with their fine food values, these basic foods ought to be included in every meal, even in the diets of those seeking to lose weight.

To go with a frozen fruit salad and to make the menu a complete meal, it would be hard to find a bread more delicious than Sesame Puffs. They are easy to make and they keep well for several days. Any left over can easily be reheated in the top of a double boiler, or foil-wrapped in the oven.

Sesame Puffs are made from a yeast-leavened batter. It need not be kneaded, only stirred and perhaps beaten a bit to make it extra good. Since the batter contains milk and eggs along with margarine and enriched flour, the puffs are practically a meal in themselves. To make them extra easy to mix, the recipe calls for dry milk. This means there is no bothersome scalding of milk and that extra pan to wash.

If any of the men in the family belong to the "no salad for me" brigade, these cloud-light hot little rolls may help them change their minds.

SESAME PUFFS (about 30 2 1/2-inch puffs)

1 1/4 cup warm water	3 1/2 cups sifted flour
1 package yeast	4 tablespoons dry milk solids
1/2 cup sugar	2 cups melted margarine
1 teaspoon salt	2 eggs
	1/2 cup sesame seeds

Measure warm water (100° F.) into 3-quart bowl, or into large bowl of electric mixer. Sprinkle yeast over water and let stand 5 minutes. Add sugar, salt, 2 cups flour and dry milk solids. Mix smooth. Stir in melted and cooled margarine. Add eggs and beat until smooth and shiny. Add remaining flour and mix well. (Batter should look glossy.) Cover and set in warm place to rise until doubled (about 1 hour). Stir down and drop by tablespoonfuls into well-margarined muffin pans. Fill each muffin cup half full. Sprinkle a teaspoon of sesame seed over batter in each cup. Let rise until doubled (about 45 minutes). Bake in moderately hot oven (400° F.) 20 to 25 minutes, until golden brown. Remove from pans at once. Serve warm or cold with margarine.

2 tablespoons butter
1/4 teaspoon cinnamon
1 box marshmallows

To Lubricate a Lock

IF A LOCK becomes stiff and hard to operate, a temporary cure is available in any home in the form of a soft lead pencil. Simply rub the key until it is heavily coated with the graphite, and then turn it in the lock a few times. This treatment should make the lock work like new. Of course, you can use powdered graphite, which is available in most hardware stores. This lubricant is blown into the lock through the keyhole by squeezing the tube. What is electricity? THE LATE, LATE LUNCH

Electricity is the cold chicken leg that makes that midnight raid so tempting. It's the broiler that turned it golden crisp in the first place. It's probably 30 to 40 household servants in and around your home... five or six times as many as you had just a generation ago. With electricity doing so many useful things for you, it stands to reason that your bill is higher today. But the actual cost per kilowatt-hour of electricity is a full 30% lower than it was a generation ago. Electricity... it's your biggest household bargain, faithfully yours from

Record Year for Northwestern Bell

It was a year of vigorous growth in the use of telephone service, of substantial improvement in quality and of widening choice to customers. Even more is predicted for 1966 as Northwestern Bell announces its largest construction program in history.

229 Communities

Northwestern Bell operates the telephones here and in 228 other Iowa communities which together have two-thirds of the state's telephones. At year end the company had 911,000 telephones in service, an increase of 37,000 during the year. Calling was at an all-time high with almost five calls per day for each telephone in use. During the year \$37.9 million went to expand and improve the system, while plans for 1966 total more than \$40 million—largest in history.

Benefits

Telephone customers here and everywhere benefited. The telephones

Services Held for Andrew Coleman, 83

Andrew Coleman, 83, of 727 S.E. 6th street, died Thursday, Dec. 30 at Broadlawns Polk County Hospital after an illness of a month.

Mr. Coleman was born in Higbee, Mo., and had lived here 22 years. He was a laborer.

Surviving are his wife, Leona H. Coleman; two daughters, Mrs. Eugenia Mae Richardson of Indianapolis, Ind., and Mrs. Joella Brown of Detroit, Mich.; a son, William Coleman of Des Moines; a sister, Mrs. Amelia Brom of Des Moines, eight grandchildren; and five great-grandchildren.

Services were at 10 a.m. Monday, Jan. 2 at the Estes & Son Funeral Home. Burial was at Glendale Cemetery.

Joseph Williams Rites Held Thursday

Services were held at 1 p.m. Thursday, Dec. 30 at the Union Baptist Church for Joseph D. Williams, 82, of Marshalltown, formerly of Des Moines, who died Monday, Dec. 27 at the Marshall County Home. Burial was in Laurel Hill Cemetery.

Mr. Williams had been ill six months. He was born in Marion County, Missouri, and had lived here 50 years before moving to Marshalltown five years ago. He was a member of the Corinthian Baptist Church. He had been a maintenance man for the Des Moines Art Center. Surviving are two daughters, Mrs. Mildred Brown of Marshalltown, and Mrs. Josephine Griffith of Des Moines, four grandchildren and five great-grandchildren.

in the local calling area were at an all-time high of 166,957, up 6,804 from 1964. Users here benefited from the lower long distance rates. One reduction was effective late in 1964, another early in 1965. Together they were estimated to save Iowa users \$1,500,000 during 1965. The principal benefits were to family and social users with lowest rates after 8 p.m. and all day Sunday.

Repairs

The stormproofing of lines and modernization of telephone switching centers make intercity calling faster, easier and more dependable for users everywhere. The choice of telephones themselves and their flexibility to meet changing needs have been expanding year after year. Latest of universal appeal is the Trimline telephone with a smaller dial mounted in the handle between receiver and transmitter, rather than on a fixed base.

HEALTH FOR ALL

THE SEAL OF BETTER HEALTH

Winter birds fluttering around a Christmas tree... weary birds seeking rest and warmth in the outstretched hand of a little child. These gentle images, reproduced in miniature on strips and blocks of Christmas Seals, convey much of the spirit of Christmas and the meaning of the Christmas Seal in action.

56 Years

What they project is a message of hope for better health—this year as in the 56 earlier years this emblem has been with us. Nor has it been an idle hope. Since 1908, when the Christmas Seal made its debut, millions of people have been made

healthier and happier through programs in which the National Tuberculosis Association, the Christmas Seal's sponsor, took part.

Vast Cycle

A whole vast cycle of medical and public health progress has been achieved during that time, with new, more effective drug treatments against TB, better methods of hospital care, better techniques for finding infected persons and bringing them to treatment, improved ways of warding off the germ. All of these achievements were the result of no single organization's efforts, but were arrived at through long, patient effort by public and private voluntary groups in which the Christmas Seal organization played its special part.

Sobering

The sobering fact remains that TB still strikes more than 50,000 Americans each year. Plenty of work remains to be done before it is finally eradicated. And a large group of other respiratory diseases including the increasingly troublesome emphysema and chronic bronchitis, must be brought under control too. Public support of the Christmas Seal Campaign in past years has helped greatly in this work. It is to be hoped that the public will respond this year more generously than ever. Nearly 500 Holiday Guests dressed in formal attire of the Monarch Club filled the Grand Ballroom and its adjoining rooms at the Savery Hotel, Thursday, Dec. 30 to help bring the Holiday Festivities to a near end. A variety of the old and new dances was exhibited as the throngs danced to the delightful dance music of the Rufus Spates Combo.

Richard Henderson, acting as Master of Ceremonies, introduced the Monarch President and his wife, Mr. and Mrs. Ralph Parker and the other 50 members and their wives. Hats, horns, and balloons were distributed to the guest by the Entertainment Chairman and Vice President Frank Burks, Jr. and his committee.

The Annual Grand March was not held this year because of the size of the ballroom.

Well, are you getting back to earth after being in orbit for the Christmas and New Year's holidays festivities. Like us, you probably are glad to be getting a breather, which hopefully will last through the month. This time next month you will have completely recovered and will be looking forward to getting back into the swing of things along about Valentine's Day.

There are always dozens of parties, dances, cocktail parties and other holiday festivities, but the Monarch club formal dance in recent years has been looked upon as 'the dance' of the holidays and even though the dance was moved to smaller quarters at the Hotel Savery ballroom instead of the Val Air ballroom, this year, it was 'the dance' as far as guests and members were concerned. Due to the size of the ballroom there was no Grand March, but it did not detract from the fun and festive air of the evening. The elegant and beautiful colors of the ball gowns worn by the ladies contributed much to the lovely scenery. The gentlemen did their part too. Some added touches of color in the vari-colored cummerbunds, handkerchiefs and bow ties.

The Dilettante Club will meet Tuesday, Jan. 11th at 678 26th Street. Mrs. Pauline Humphrey will be hostess.

Rugs and carpets probably take more of a beating than any of your other home furnishings. However, there are several things you can do to make your carpets stay beautiful and last years longer—and save yourself the money it would cost to replace them.

Use an inexpensive carpet sweeper every day to pick up lint, crumbs and dirt from the surface of your carpet. A few minutes a day will keep dirt from being ground deeply into the carpet. Use a vacuum cleaner once a week. A good vacuum cleaner removes deep-down dirt, as well as surface material. When the carpet begins to look dull, use a rug shampoo to get rid of dirt that your vacuum cleaner can't get to. Modern rug shampoos require little work and are well worth the effort to keep your rugs and carpets beautiful. Once a year is the minimum for shampooing every carpet in the house.

CIVIL DISOBEDIENCE

OTHER THAN CIVIL RIGHTS

Nowadays, whenever a discussion arises concerning civil disobedience, all revolves around civil rights protests. Such was true on a local radio station when every single caller dwelt on civil rights protests.

Most people think they have never favored civil disobedience and yet, when their rights are in jeopardy, they find means of justifying it.

But the trouble with the public is that most people soon forget. In this instance, they think about the unusual which the Negro has carried on but see nothing unusual in their use of the weapon.

Aside from one instance after another since the early thirties, there are groups which think they are law unto themselves. Striking examples are the strikes against powder manufacturers in Alton, Ill. which threatened the orderly flow of gunpowder to the armed forces in Viet Nam and the conduct of Michael Quinn, leader of the street car strike in New York who not only called a strike so as to embarrass and inconvenience most people but also defied the courts by tearing up notices served on him and proceeding with a strike in spite of the injunction forbidding it, had been served on him.

In these instances, leaders of both groups had no respect for the public and vowed to saddle the companies with demands they cannot meet.

The Bystander has not and will not support civil disobedience by any group. But it ill becomes those people who accuse the Negro only of using it.

SPRINGFIELD, OHIO
MOVES AHEAD

The citizens of Springfield, Ohio, have elected a Negro undertaker to the city council and his fellow councilmen have chosen him as mayor. Springfield is a town with a population of 82,500. This is a first in a city of such size. Negroes have voted in the north fairly well using the power as a result of it to secure recognition in public affairs in many places. Once placed in office, generally they have been re-elected.

A Negro candidate missed election as mayor of Cleveland, Ohio, by less than 3000 votes. Had he received the support of organized labor, which he had backed in previous elections, he would have won.

The citizens of Springfield also deserve great credit for refusing to be blinded by racial barriers and elected a candidate they thought could do the job.

There is much in choosing a candidate whom the people will and can support. Much of this can be dealt with by groups that are willing to combine their forces and work for a common cause—not for a candidate simply because he is a Negro but who first has the respect of the people and thus confidence that he will not let them down behind closed doors.

More towns will be following Springfield's example realizing that political action is not voting only but also standing for and being elected to carry on the responsibilities of good citizenship in the community.

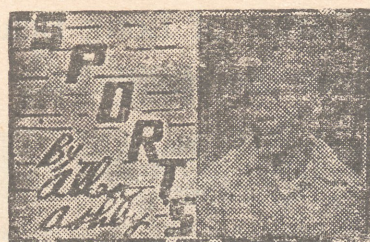

ADDING TO LOSS OF
FAITH IN AUTHORITIES

Some years ago Harry Frase, a member of the Des Moines city council and head of the parks department, was discovered to have misappropriated several thousand dollars from the public treasury. His sister and others close to him were involved. All were found guilty and sentenced to serve time in the penitentiary.

A similar situation arose in Des Moines last fall. The defalcator plead guilty, was endorsed by present and past city officials and private citizens. It was possibly one of the most fantastic cases ever handled in the Polk County court house. The defendant was paroled.

The whole thing is unfortunate both as an example of the high official who gets by after stealing thousands when the devil who steals \$20.00 often goes to the penitentiary. But there is more to the case than meets the eye and its outcome does not ring true.

We hope no such cases arise again and if so they must be handled differently or the public loses faith.

Well, Sir, we watched football games over the weekend, until we went to sleep Sunday night counting footballs instead of sheep. A couple of the Bowl games were so close that nobody left them until the things were over, Missouri and Florida really had it in the Sugar bowl and no one was sure about that one until the last minute. Probably the best running back of that game was Missouri's Charlie Brown. Then of course, Chuck Roland showed why he is considered one of the best in college football. Negroes played a large part in the defeat of Florida. But in the Orange Bowl those Negroes ran into real trouble. Alabama playing in front of their notorious governor just weren't about to let a bunch of Negroes from Nebraska or anywhere else lick them in front of that guy. The Southerners played as if they were engaged in some sort of holy war. We always contend that football is 40 per cent spirit and even on the screen you could see the ferocity of those boys in the Red shirts. They caught passes standing on their heads, sitting down or flying through the air. We thought Nebraska did well to come back and make it a ball game. But we will wonder why the Cornhusker passer didn't try to hit the big end Freeman White who the announcer said was open all night.

Then came the Rose Bowl in which the Uclans were the Christians and the Michigan State, the lions. Well, sir, the Christians ate the lions raw. But, were glad to squeak by. Every minute we kept looking for the Spartans power to assert itself but the California boys just wouldn't give up. That fellow Farr, the U.C.L.A. Negro back, ran as hard as anybody on the field. So we guess that might make the State boys the second best team in the nation but we would like to see them play Alabama.

Then in the pro-game for all the marbles we couldn't get too excited once we saw the condition of the field we knew the Packers would be likely winners. They had everything going for them including the breaks of the game and an ideal muddy field running attack. Jim Brown might have done a lot better had the Cleveland boys got the ball more but as one guy said even Jim Brown can't gain without the football.

And now back to our oft repeated formula—football is 50 per cent breaks, 40 per cent spirit and 10 per cent ability. Get two of those three things going for you and you win that game.

Do you think the formula stood up during this long weekend of football?

Basketball was a welcome change over and we watched the fuss made over the 20,000 points made by Wilt Chamberlain. Everybody seemed more excited about it than the big guy. Oh, yes, we have a picture of him that we took at the Drake Relays and we had to photograph him in sections. We got the middle section, first; then the head and finally the legs. What a picture!

Sayers Denies Six Figure Contract

The Chicago Bears' Gale Sayers denied published reports that he's getting a six-figure salary in an exclusive interview in the upcoming January issue of Ebony.

"The newspapers started that \$100,000 stuff. I didn't," pro football Rookie of the Year told Ebony.

"As a matter of fact, I haven't told anyone outside my family how much I really got. However, I did admit that part of the deal called for a three-year, no-out clause with a 1965 Pontiac Grand Prix automobile thrown in. That's all I've ever revealed to the public."

Sayers "scoffs" at reports that the Bears gave him a six-figure contract, Ebony notes.

Letters from Our Readers

A bit of prose . . . a line or two of poetry . . . a letter now and then to express thoughts in the minds of our many readers.

Send Yours Today

DEAR EDITOR:

Many arguments against Senate passage of the still-surviving "Dirksen amendment" are probably well-known. Equal representation was found to be a fundamental right by the Supreme Court in its June, 1964 decision. This right cannot be given or taken away by State legislative action or popular referendum.

Practically, what is the situation that the legislative apportionment of our States should reflect? The United States of today is a mobile, populous and urbanized nation. No longer are we a scattered constellation of small towns linked by the horse-and-buggy. Our basis of representation ought to accord with this.

As a bulwark of freedom, the Supreme Court deserves our deepest respect. We cannot afford to have it subject to the tides and tactics of "politics-as-usual." But this is the kind of Constitutional Pandora's box that passage of Dirksen's amendment would open.

Finally, in their support of the "Dirksen amendment," the enemies of "one-man, one-vote" have shown a deviousness and lack of candor which is rare even in politicians and lobbyists. This has not increased people's confidence in the rightness of their cause. In fact, the "Dirksen amendment" has been beaten three times already. And still our Senators must spend the time necessary to debate and vote on it in the coming session!

An important reason that the "Dirksen amendment" should be rejected again is that its passage would discriminate against city voters. And since American Negroes have been moving to the cities in great numbers in recent years, State legislatures dominated by "rural interests"

would not help Negroes advance. So for fair representation for all Americans, the "Dirksen amendment" should be defeated by the Senate in January. And this time let us hope that Senators Miller and Hickenlooper will vote for equal rights on this question!

Think It Over

Another calendar year has passed, its records go down in history. Did you do extra well your task; did you lose or win the victory?

Did you burn the bridges that you crossed, causing others to have to detour?

Did you leave a light to guide someone lost and help them cross safely over?

Can you truthfully say, I've done my best in the role I was asked to play? Did my grades stand the test, have I been faithful and honest each day?

Can you look back on a year well spent, or sad regrets and remorse and say "It might have been"—motivated for a worthy cause. And when you'll have come to the end of the day and must face the solemn test

Can you meet the righteous Judge and say,

"Yes, Lord, I've done my best."

Laugh Lines

Two men were dining together in a restaurant. Eventually they got on to politics and their voices rose. The proprietor soon came dashing up.

"Gentlemen," he admonished, "leave politics alone, and eat and drink."

"Nonsense!" snapped one of the diners. "If a man thinks only of eating and drinking, what distinguishes him from cattle?"

"Paying he bill, sir," rejoined the proprietor.

A woman asked to see a Polish dictionary in a bookstore.

After some rummaging, the clerk said, "We don't have a Polish dictionary, but we've got a French dictionary."

"No, I want a Polish one," was the reply.

More rummaging by the clerk, then a smile of triumph. "Here you are!" he cried, producing a book. It was entitled "Polish Up On Your English."

FOLKS ARE FUNNY
THAT WAY

Strangely enough the folks most apt to lend a hand to you

Are those who are already rushed with countless things to do.

And should bad luck befall you and misfortune smack you prone,

The ones who will help you most are those with troubles of their own.

The folks whose sunny slant on life helps heal its smarts and stings

Are often those who know first-hand the seamy side of things;

And he was right, it seems, who said that life is what you make it;

It's not so much what happens, as the way in which you take it.
