Phi Chapter Attends Delta Presentation of 'Negro Books' To Public Library in Omaha

A delegation from Phi chapter of Delta Sigma Theta Sorority in Des Moines went to Omaha, Nebr., Saturday where they were guests at the presentation of the Delta Sigma Theta Collection of books by and about Negroes to the Omaha Public Library.

Heading the local delegation was Mrs. Marguerite Cothorn, executive director of the Council of Social Agencies and president of the local chapter. Other members attending were Sorors Catherine Williams, Mae Olphin, Carole Kennerly, Mabel Spencer, Haley O. Houston, Betty Jones, Clara Bayles, Dorothy Simms, and Barbara Williams, all of Des Moines and Helen Lemme of Iowa City, Ia. Other Des Moines guests accompanying them were Mary Holmes and James Spencer.

Mrs. Cothorn told the Bystander that the presentation was made in a cash sum of \$2,567.00 plus some \$600 forthcoming later. Making the presentation was the National president of Deltas, Dr. Geraldine P. Woods of Los Angeles, Calif.

Dignitaries present included Omaha Mayor A. B. Sorenson, Omaha Public Library Board members, and other Deltas from surrounding cities. Hosts for the event was Gamma Xi chapter of Omaha, who also provided dinner for guests at a member's home.

The program was held at the West Clarke Swanson library. The Negro Books collection is a national project of Deltas. The Omaha library will buy the books with the monies presented and house them in their facilities.

NAACP Urges School Board To Eliminate 'Segregation In-Fact' In D.M. Classrooms

The Des Moines branch of the National Association for the Advancement of Colored People last week called on "school officials to, and the governing body of Des Moines, to exercise the professional leadership demanded to correct segregation-in-fact."

"The position of the NAACP was made known in a letter from the branch president, Robert A. Wright who also called on school board members "to adopt as policy their commitment to desegregation as an integral part of good education for all children."

"Progress"

In a letter to Des Moines Schools Superintendent Dwight M. Davis, Wright said his organization recognizes that the Des Moines system "has made some progress in removing some of the inequities which have existed in the schools with respect to equal educational opportunities."

"We are not, however, satisfied with the entire program," Wright asserted.

Rights Commission

Wright said the N. A. A. C. P. supported the basic position "recently taken by the Des Moines Human Rights Commission with respect to de facto school segregation in Des Moines."

Staff members of the commission presently are studying the question of de facto segregation here.

Neighborhood School

No specific schools were named by Wright in his letter, but he contended the concept of the neighborhood school "has been misused and distorted to justify the status quo of school segregation in the north."

"The neighborhood school concept itself is not sacrosanct or incapable of change," he said, "nor was it ever intended to mask segregation."

"The neighborhood school must be opposed and changed through effective desegregation plans whenever its use or misuse results in segregation and no longer fulfills the obligations of democratic education."

"Bussing"

Wright said that "bussing" also has become "another myth to serve the status quo."

He said the N. A. A. C. P. does not propose "that Negro and white

children be distributed from one end of a city to another to achieve a fixed proportion of white and Negro children in every now-segregated white or Negro school."

"We do firmly insist," he added, "upon adoption of meaningful plans, which may or may not call for pupil transportation, to change the basic pattern of extensive and rigid segregation-in-fact."

Opposed

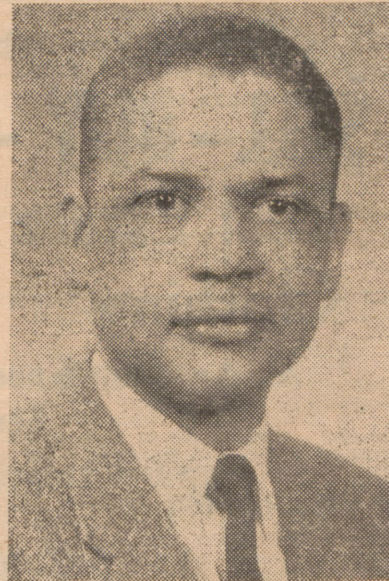

"We are vigorously opposed to plans of voluntary open enrollment or free-choice transfers whenever far more effective desegregation plans can be implemented," Wright said.

He said the N. A. A. C. P. suggests that the following points, SEE PAGE TWO

Walnut Hill Area Will Meet Friday To Hear Dr. Hubbard

The Walnut Hill Improvement Association, an Assembly Group of the Polk County Community Action Council of the Economic Opportunity Act of 1964, will meet from 7:30 to 9 p.m. Friday, Apr. 1 at Washington Irving Junior High School. Paul Wilson is Chairman.

Dr. Phillip Hubbard, Dean of Academic Affairs, State University

DR. HUBBARD

of Iowa, will speak on "Educational Opportunities."

There will be a question and answer period following the speaker.

NEWS In A Nutshell

New York — Two cab drivers turned down Negro passengers the other day. It was nothing new, but these two were sorry they did not pick up the would-be riders. Their action was observed by William H. Booth, chairman, City Commission on Human Rights, who had gone out to catch a cab and instead caught the cab drivers discriminating. Booth, a Negro, said he would press action against the drivers, either through the Hack License Bureau, which can suspend licenses after a hearing, or through the commission.

Washington — A selective buying campaign supporting businessmen who back home rule for the nation's capital has been approved by the Interreligious Committee on Race Relations. The committee would not, however, say whether this amounted to support for a boycott against opponents of home rule.

Lynchburg, Va.—Participation of a formerly all-white local hospital in the Medicare program has induced it to accept Negro patients. Memorial hospital officials have signed a compliance form asserting that it will not discriminate. Virginia Baptist hospital is said to be considering such a move.

Brighton, England— Multi-honored Dr. Ralph J. Bunche, UN undersecretary, will receive yet another award when he is given an honorary degree by the University of Sussex in a ceremony slated to be held at the school on July 13. Co-honorees will be Yehudi Menuhin, internationally-known concert violinist; and Walter Hallstein, president, Common Market executive commission.

St. Louis — Governor Warren E. Hearnes was urged Saturday to name a Negro member to the St. Louis Board of Police Commissioners. A vacancy exists on the board, and representatives of church and civil rights groups sent a letter to the governor who was asked to "keep within the temper of the times" by naming a Negro to the police board.

Miami, Fla.—Bobby Reid has become the first Negro to be elected president of the student body at Miami-Dade Junior College. Reid, 18, of Madison, Ga., collected 1,430 votes Saturday to 1,101 for his nearest opponent, Jack Norris.

New York, N.Y. — Twenty-seven Negro Ministers of the predominantly white United Church of Christ set up a new organization Wednesday to deal with problems of race relations within the denomination.

Washington, D.C. — The Internal Revenue Service has announced the appointment of Elliot H. Gray, as assistant district director in Albuquerque, N.M. This is the first time that a Negro has been named to such an executive position in an IRS field office.

Betty Lou Lee Wins Fight To Walk Again; Lands Job

Waterloo, Ia.—The story of Miss Elizabeth Louise (Betty Lou) Lee, who was critically injured in an automobile accident a year and nine months ago, has had a happy ending.

"I can walk again," was the good news that Betty Lou was able to announce last week.

This will be especially gratifying to the Junior Chamber of Commerce and to the other groups and individuals who made arrangements to fly Betty back to her home in Waterloo after the accident, which happened in Rhode Island.

Multiple Injuries

She was taken to a hospital in Fall River, Mass., at that time, suffering from a fractured pelvis, back injuries, multiple fractures of the left thigh, compound fracture of both bones in her right leg and bone damage in one ankle.

After her physician at Fall River said that being isolated in a far-away town was inhibiting her recovery, the Waterloo Junior Chamber of Commerce started a fund drive, which succeeded in raising approximately \$2,000 to return her home and help with medical expenses.

Expresses Gratitude

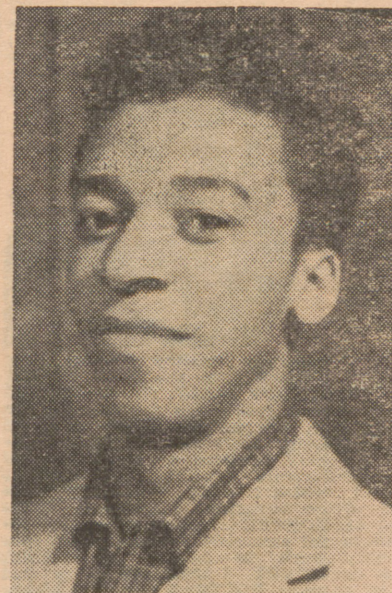

She expressed her gratitude in the following words last week:

"I want to say to the Waterloo Junior Chamber of Commerce, medical donors, Youth Achievement League, John Deere Waterloo Tractor Co. and all the wonderful people, it has been one year and nine months since my accident. It has been one year and nine months of wondering will I ever be able to walk again, but it's all over now."

"I rid myself first of my cast, my brace, my pin in my leg and last of all my crutches. I walk and dance with no pain. Yes, it's a miracle and I owe my life to God, but I owe you,

the people, my gratitude for the will of determination, which kept me going. You gave me the will power to walk again. Without your help I don't think I could have done it. My heart is filled with warmth and gratitude. Thank you again and again—Betty Lee."

Betty, the youngest of Mr. and Mrs. William Lee's eight children, had left her home at 332 Webster St., Waterloo on Oct. 3, 1963 to go to Providence, R.I. to help her sister care for a new baby.

Education

She was graduated from Columbus High School in Waterloo just four months prior to her departure for Rhode Island. Two weeks after she had obtained a job as an elevator operator, Betty was riding in a car with a friend when the car jumped a dividing island on a four lane bridge over the Sakonnet River in

McKinney Thomas, Hotel Bellman, Injured Fatally Early Last Sun. Morning

An Iowa state legislator was arrested Tuesday in connection with a hit-and-run accident here early Sunday morning which took the life of McKinney Thomas, 65, of 1342 University avenue. State Representative William P. Wilson, 28, (Dem., Cedar Falls) was arrested in Cedar Falls and charged with failure to give aid to the injured.

Posted Bond

Wilson was arrested on a warrant issued by Des Moines Municipal Judge Luther T. Glanton, Jr., and was taken before Cedar Falls Municipal Judge Forest Eastman, who approved the \$1,000 bond asked by the Des Moines Court. Wilson, serving his first term in the Legislature, posted bond and was released, with arraignment and preliminary hearing scheduled for Apr. 12 in Des Moines.

Mr. Thomas was found about 3:40 a.m. Sunday near Fourth and Locust streets after he apparently was struck by a car. He died about 1 1/2 hours later of head and internal injuries at Broadlawn Polk County Hospital.

Hood Ornament

Police found a hood ornament from a Rambler Marlin and Thomas' watch and glasses several feet north of where he was found. The car hood ornament elicited an intensive two-day statewide search for the car and driver. Des Moines police officers went to Cedar Falls Tuesday after a call from Cedar Falls Detective Chief Earl L. Immer, who said he located Wilson's car parked in front of a friend's house.

To Cedar Falls

Des Moines police investigated the car at the Wilson home, where it had been taken, and then arrested Wilson, who was at home. Police impounded Wilson's car

and took it to Des Moines Tuesday night.

Police said the ornament piece found near Thomas matched the broken piece on Wilson's car.

The officers said there is a small dent in the grill of the car. They said there are traces of what appear to be hair and blood, and laboratory tests will be made on them.

They added that the damage, beyond the broken hood ornament, was probably so slight that a quick examination would fail to reveal it.

In Des Moines

The officers said Wilson told them he was in Des Moines and got home about 7 a.m. Sunday.

They said their investigation has indicated Wilson travels to Des Moines frequently.

Wilson is single and lives with his parents in Cedar Falls. He told detectives he is now attending college on a grant.

Services

Services for Thomas were held at 11 a.m. Wednesday at Caldwell-Brien Funeral Home with burial at Glendale Cemetery. He was employed as a bellman at the Martin Hotel, 803 Locust street. He was born in Emmetsburg, Kans. and was a World War I veteran serving in the Canadian Army.

Mr. Thomas is survived by his widow, Ruth, and a brother, Burl.

U. of Chicago Professor Slain Mysteriously; Seek Killer; Missing Car Found in Iowa

Chicago, Ill. — Authorities were still searching for the killer and motive in the fatal shooting of a distinguished University of Chicago art professor here Friday. Victim of the mysterious shooting was Paul Moses, 36, who was last seen by his wife as he left to take a babysitter home.

\$28 in His Wallet

Police ruled out robbery as a motive for the killing because Moses' wallet, containing \$28 and identification papers, was found in his pocket.

Investigators said he may have been slain by someone he knew well enough to offer a ride. Mrs. Moses, who is a teacher at the University of Chicago laboratory high school, said she did not believe her husband would have stopped his car for a stranger at that time of night.

Distinguished

Moses, who had a distinguished background as a scholar and art critic, was an assistant professor of art at the University of Chicago, where he joined the faculty in 1962 as an instructor.

Distinguished Student

Moses was born and grew up in Pennsylvania, where he was graduated magna cum laude from Haverford college in 1951. He was a member of Phi Beta Kappa scholastic fraternity.

At Haverford he majored in French, Latin, and Spanish, and spent his junior year in France with the Sweet Briar college program. He took courses at the Institute,

Next Sunday is Palm Sunday—April 3rd. There will be Music everywhere. Mr. James Tanner will be tenor soloist in "My Heart is Glad" a cantata by Thornton, to be presented at Morning worship of First Congregational Church. "Everlasting Life" by Mrs. R. R. Torman will be rendered by massed choirs of Antioch Baptist on Sunday evening at 7:30. Mr. Tanner again will be guest soloist and Mrs. Albert McGee is directing. All are invited to attend these services.

On Saturday evening at Waterloo Recreation Center, Mr. Herbert Cox received an award of a life membership plaque from Black Hawk County Branch NAACP. Mr. Cox, the first fully paid life member of the Branch, accepted the plaque which was presented by Mr. Louis Garland, Jr. of Sioux City. Mr. Garland is president of State Conference of Branches. In his address which preceded the presentation, Mr. Garland explained the structure of NAACP; national, regional and state. Some state problems under consideration are housing and employment. An informal time followed the meeting, which was also a kick-off for membership drive. Miss Carol Dunn and Mrs. Paula Schwartz presided at tea table.

Seen at the NAACP meeting was Miss Virginia Harper of Fort Madison Branch NAACP. Miss Harper serves on state and national Youth Work Committees.

Mrs. Willard Moore of Minneapolis, Minn., was visiting her mother, Mrs. Bertha Holt, 816 Summer, over the weekend. The Rock Island train, due to arrive here at 8:40 p.m., reached here at 2:00 a.m. the next morning. She and other passengers were greatly inconvenienced by the delay which was caused by a wreck of freight and passenger trains near Manly. While in the city Mrs. Moore and her mother were guests at dinner at Clayton House. They were entertained by Mr. and Mrs. Eugene Holt.

Easter Sunrise Service at Payne A.M.E. Church at 6:00 a.m. April 10. Cantata will be rendered.

Cook & Freeze—Then Travel!

SPRING IS IN THE AIR—and many of us here have been bitten by the wanderlust bug! When the budding beauty of all outdoors lures us away from home it's fun just to study road maps! BUT—after the first exciting thought of far away places—we are abruptly reminded of those in our family who will be staying home—and they must eat!

One answer for them has been expertly answered for many households by the freezer. So here is a cake to make, to freeze and later to be enjoyed to the last delicious crumb. If to be frozen for longer storage than the recipe indicates, then wrap cake carefully in aluminum foil after the initial freezing period. It takes but a moment to decorate with whipped cream and coconut at the time of serving.

COCONUT RIBBON CAKE

3 slices loaf cake, 7x3-1/2x3/4 inches
1 cup (1/2 pint) chocolate ice cream, softened
1 cup (1/2 pint) coffee ice cream, softened
1/2 cup shredded coconut, cut

Spread one slice of cake with chocolate ice cream. Top with second slice of cake. Spread this with coffee ice cream. Top with remaining slice of cake. Spread top and sides of loaf with thin layer of whipped cream, using only part of the cream. Place loaf in freezing compartment of refrigerator about 3 or 4 hours, or until ready to serve.

Just before serving, spread loaf with remaining whipped cream. Sprinkle with coconut. Slice and serve immediately. Makes 5 servings.

Lids on Cabinet Door

ROUND-KNOBBED lids of cooking utensils may be neatly stored inside a cabinet door where they will be both accessible and occupying otherwise waste space. Here are directions for making this handy storage unit:

Measure the door and obtain a piece of Masonite 1/4" Tempered Presdwood which covers the interi-

or excepting for one-half inch on all sides. If the door is paneled, there will be room between the cabinet door and the Presdwood for the knobs to fit into openings the shape of large keyholes. If the interior is one plane from one side to another, it will be necessary to install a strip of lumber about one inch thick as a perimeter.

Lay out the round-knobbed lids on the Presdwood so that their positions may be marked. With a bit and brace, bore holes about one-quarter inch larger than the knobs. Underneath each, with a keyhole saw, complete the oversized keyhole, forming a slot into which the neck of the knob will fit. The final step is to fasten the panel to the interior of the door with finishing nails. The panel may be left unfinished or painted.

Happily for the modern homemaker, party cakes are speedily made with modern cake mixes. Speaking for itself is this special birthday cake accompanied by party cupcakes—all made with two packages of cake mix: one yellow and one devil's food. Top each frosted cupcake with a colorful candle to light the way to many, many more Happy Birthdays.

Marble Cake with Candle Cupcakes
1 package Swans Down Yellow Cake Mix
1 package Swans Down Devil's Food Mix
Chocolate Frosting
Butter Almond Frosting

Prepare cake mixes as directed on packages. Spoon half of the yellow batter into paper baking cups set in muffin pans. Use half of the devil's food batter in the same way.

Put large spoonfuls of the remaining yellow and chocolate batters alternately into two round 9-inch layer pans, which have been lined on bottoms with paper. With a knife, cut through batter in a wide zigzag course to marble. Bake in moderate oven (350°F.) 20 to 25 minutes for cupcakes and 25 to 30 minutes for layers. Cool cakes.

Spread Chocolate Frosting between layers, over top and sides of cake, and over tops of yellow cupcakes. Prepare Butter Almond Frosting. Put a little of this in a paper cornucopia to write "Happy Birthday" across top of cake. (If frosting is too soft to use in tube, add a little confectioners' sugar.) Spread rest of Butter Almond Frosting on chocolate cupcakes. Insert a candle in each cupcake. Chocolate Frosting. Measure 6 cups sifted confectioners' sugar.

Witchcraft Paves Way To Wonder Drug Era

From the mumbo jumbo days of witch doctors, to present-day feats of space medicine, the history of medicine is filled with the breath-taking action of a mystery thriller!

An account of medicine begins with amazing stories of weird sorcerers, potion makers, odd medicine men and shocking practices of magic and superstition. We witness wonderful progress by brilliant scientists and learned physicians bringing medical knowledge to the patient's bedside. And now—while masked and rubber-gloved white figures perform life-saving operations with routine regularity—the story unfolds to new heights of exciting drama.

In our humble way we'd like to trace some memorable moments from this story... so we are going to appear in this corner each week... and we hope you will enjoy this brief chat with us.

90% of the prescriptions filled today could not have been filled a few years ago, because many of the wonder drugs were unknown. But now the latest of medical supplies are available at Williams Pharmacy awaiting your doctor's prescription. For fast attention on all your drug store needs visit Williams Pharmacy, 1108 University Ave. or PHONE: 243-1253.

BUNNIES ON PARADE

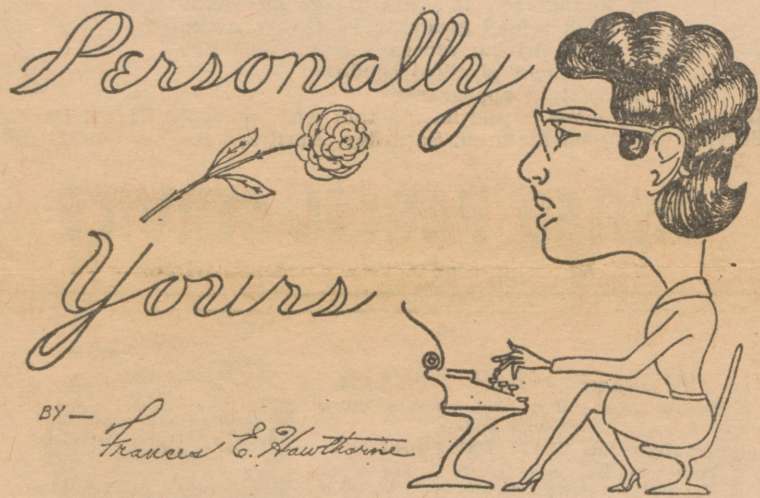

EASTER TIME so often means party time, especially for the youngsters. And, of course, a party always means a cake—a very special cake such as the one pictured here. The children will love the deep golden yellow layers, so generously covered with chocolate frosting and gayly decorated with cunning marshmallow bunnies. And best of all it can be cut to serve 16 hungry kiddies! Here's how: With a sharp pointed knife cut an inside circle of about 3 1/4 inches. Then from around this circle cut cake in about 2-inch wedge pieces—you should be able to get 12 wedges. Then cut the inner circle into 4 pieces. Fun to make—and downy tender to eat—is this special Easter cake!

1 package Swans Down Yellow Cake Mix
Chocolate Wonder Frosting

Prepare cake mix according to package directions, baking in two round 8-inch layer pans which have been lined on bottoms with paper. When cool, frost with Chocolate Wonder Frosting. Place marshmallow bunnies around top of cake and letter "Happy Easter" in center of cake.

Chocolate Wonder Frosting. Combine 2 packages (6 ounces) cream cheese with 1/4 cup milk and blend. Add 4 cups sifted confectioners' sugar, 1 cup at time, blending after each addition. Add 4 squares unsweetened chocolate, melted, and 1/2 teaspoon salt and beat until smooth. (Add additional milk, if necessary.) Makes enough frosting to cover tops and sides of two 8-inch layers (generously).

We go into the final week of the Lenten season which climaxes the days from Palm Sunday to Easter Sunday. Easter Sunday the churches will be packed as they have not been since a year ago, with most families decked out in all their brand new spring finery. It is getting so that Easter is almost rivaling Christmas on a Commercial basis. There are still some churches that frown on this practice that is getting to be more of a tradition each year. Many a minister will say to his congregation on Easter morning, "Merry Christmas and a Happy New Year!"

Convalescing at home after a bout of double lobar pneumonia is Mrs. Theodore Martin, Jr., 3500 27th street. She was released from Iowa Methodist hospital.

Mrs. Hary (Lilla) Camp, 1159 18th street, who recently was made a regular at the main post office gave us a rundown on her family when we chatted with her last week.

Her oldest son, Airman 2/C Claude (Gene) Williams is in security work with the Air Force. She says he is returning on Apr. 21 to take a Des Moines girl as his bride.

Her daughter, Muriel (Jons) will graduate from St. John Catholic school and will enter St. Joseph's Academy next fall. Her youngest, Harry Jr., who is better known as (Stinky) and he doesn't mind the nickname at all, was confirmed on Mar. 22 at St. John's.

Mrs. Camp has been doing pretty good herself in her postal job. She was promoted last November and of course became a regular last month, which virtually assures a federal employee a lifetime job if she or he wants it.

Human nature being what it is, similar things mean different things to different people. We heard an interesting corollary recently in which the speaker expounded upon the fact that some people are great on the mountains, (doing the great or big things in life) but falter in the valleys (the little things); he pointed out that there are more of the little things in life and that many big

things come from a lot of little things.

This reminded us of one of the mothers who is a member of the "Know Your Neighbor Panel". The group had traveled to a small town in Iowa on one of their numerous appearances. The audience had seemed a little unresponsive, and someone remarked that the trip and program had been almost a loss. But this particular mother said that as she was telling how discrimination had affected her small toddler child, she had noticed a woman in the audience crying. Because of this she said she felt that the program had been worthwhile because it had touched at least one heart. It was a little thing and maybe few people saw it but at least that was one more good thing added to this life.

We had a letter on a portion of our column last week about the two young ladies who are preparing themselves for good jobs. The letter came from John F. Mapp, Jr., executive director of Willkie House. We are reprinting his letter here for the inspiration that it may have to someone who reads it. And in passing we would like to reiterate that if you want to know anything about the various scholarships offered to college students nowadays, all you need do is go to Willkie House and spend a couple of hours looking over the various materials that Mr. Mapp has compiled and you will find out that college, if your child de-

sires and needs it, is not impossible. Here is his letter: "I have just completed the reading of your column 'Personally Yours.' I was especially interested in the portion in which you referred to those two young ladies who saw the need of self-preparedness. I think this question of being prepared is so important it cannot be mentioned enough. During this period of apparent lethargy and lack of incentive on the part of many of our youth, it seems as though more of these 'success stories' are needed to show these disillusioned young people that there is room at the top—if only they will prepare themselves. There have been so many examples of failures that it now appears we need to direct attention to the ones who have made it—in spite of similar disadvantages some are using as a rationale for their own failures. "I hope you can continue to do this for it is my personal opinion this may help to deter some of the prevailing attitudes. My very best wishes to you."

Connie Evans Hired by the U.S. Justice Dept.

It was a "dream come true" for Connie Evans, former North High graduate who also attended Drake university, when she was selected to fill a vacancy in the U.S. Department of Justice in Washington, D.C.

Miss Evans reports that "faith in God" along with a stenographic course pertaining to automation, data processing, key punch among other things prepared her for the stiff civil service exams that brought about her placement at the nation's capitol.

Her job as statistical secretary is challenging when she is abruptly called in an immense conference room to jot down the entire proceedings of that day for future reference. She is in her third month at the Justice Department and the thrill of being a government worker is over-shadowing the degree of home-sickness, that a typical Iowan is so often confronted with, while they are adapting themselves to the unique and incomparable Washington, D.C.

Her weekends are highlighted by

AMERICAN GIFTS CONTINUE
TO FLOW ABROAD

The Johnson administration seems bent on giving every foreign nation, every representative of a foreign nation a hand out of the American people's money. Vice President Humphrey took the money bag on his trip and doled out American money where ever he met a few dignitaries.

India's prime minister, Indira Gandhi, is in America too at the invitation of President Johnson. It is nice to have her here for as the leader of the second most populated country in the world, she can help develop understanding and accord between the nations.

But as profitable as this may be there was little sense in furnishing a jet plane from Paris at America's expense that more may enjoy more hospitality—more gifts.

Again this sets a bad precedent, for other dignitaries coming to America may expect the same treatment and become disgruntled because this or other administrations won't comply.

LITTLE MONEY IN
EUROPE FOR CIVIL RIGHTS

Dr. Martin Luther King, Jr. is in Europe for the purpose of raising money to carry on his civil rights campaign in the North. Since America has been sending aid to most of these countries, some since World War I, to maintain themselves, it may not be easy to get much help in Europe.

It is somewhat a puzzle to understand why we must beg the people of Europe to help finance our civil rights program.

When Dr. King led the voter registration march in Alabama, he drew thousands of people from all over the country who joined in the march. Among them were people who represented groups in many walks of life. It is generally known that liberal contributions came his way to finance projects. Just why the need of money to finance the civil rights campaign in the North is somewhat of a mystery. Americans, white and black, will finance their civil rights program.

While Dr. King and many others have been doing a good job in the civil rights field, somebody has not given enough attention to the responsibility of men as citizens. As a result, there have been riots in which participants caused the civil rights movement to lose a lot of friends—or at least many who had passively supported the cause. These rioters have embarrassed their leaders and friends causing them to spend time and energy which could have been well spent fighting their opponents.

Maybe Dr. King can gather moral support, of course, which is needed, but the cash, we doubt it.

AUTO INSPECTION STILL
MUCH DESIRABLE

Representatives of automobile manufacturers, speaking before the Iowa automobile dealers association in Des Moines, urged the passage of a uniform auto inspection system. With this, we fully agree.

Des Moines maintained an inspection center for 31 years only to be closed up last year by a shortsighted decision based in part on the fact that the system was not statewide. Of course, this is desirable but had nothing to do with Des Moines.

It is hoped that the next legislature will take prompt steps to provide a statewide inspection system of autos. It will save a lot of lives.

United Campaign

Bernard W. Irwin has been named administrative assistant of the Greater Des Moines United Community Services (U.C.S.), Robert A. Mabie, executive director, announced Monday.

Irwin will supervise office methods and procedures, and will manage the Hawley Welfare Building, 700 Sixth Avenue, which houses the U.C.S. administrative offices and eight of the 43 United Campaign-supported agencies. He will work also with solicitation divisions of the United Campaign.

Everybody is saying that this may be the end of the road for boxing.

Boring Thin Material
AMERICAN BUILDER, leading magazine for builders, recently disclosed a fool-proof method of boring holes in thin material. Simply place a block of wood on each side, holding the blocks together with a "C" clamp and then boring through the blocks. This method provides a clean, smooth cut with no raveling or splinters.

They made very few gift fouls. That is, fouls just for the heck of it. We got a kick out of the team lineups. There was Kentucky with one native son. The rest were from Illinois, Pennsylvania and Indiana. Then the Texas team was also made up of boys from northern states. And here they were playing for two southern schools, a real small world. A PRAYER
FOR LENT

Lord, make me kind!
The world is full enough of needless tears
And hungry hearts are full enough of nameless fears,
To these no vision of Thy humanness appears.
Lord, make me kind!
Lord, make me think!
For thoughtlessness has caused so much needless woe,
For thoughtless words of mine may grow and grow
Until, like torrents mad, no thing can stay their flow,
Lord, let me love!
And place love's sign up the face of me
That loveless man may pause and turn and see
A little of that love that comes from Thee.
Lord, make me love!

Laugh Lines

A prisoner in a state penitentiary wrote a crime story and sent it to a magazine editor with this note: "The facts in this story are true. Only the names have been changed to protect the guilty."

"You know," said a man as he reached for his second helping of dessert, "I've got to watch my waistline."

"You're lucky," replied his companion, "to have it right out there where you can."
